Proposal 2. The ratification of the appointment of Grant Thornton LLP as Westwood's independent auditors for the year ending December 31, 2012.

In addition, we will consider the transaction of such other business as may properly come before the meeting or at any adjournments or postponements.

The foregoing items of business are more fully described in the attached proxy statement.

All of our stockholders are invited to attend the annual meeting. Whether or not you expect to attend the annual meeting, we urge you to complete, sign, date and promptly return the accompanying proxy card in the enclosed postage-paid envelope to assure your representation at the meeting. PROXY STATEMENT FOR

2012 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 19, 2012

GENERAL QUESTIONS AND ANSWERS

The following questions and answers are intended to provide brief answers to frequently asked questions concerning the proposals described in this proxy statement and the proxy solicitation process. These questions and answers do not, and are not intended to, address all the questions that may be important to you. You should carefully read the remainder of this proxy statement. This proxy statement and the accompanying proxy card are being mailed to the stockholders of Westwood Holdings Group, Inc. (Westwood, the Company, we, us or our) on or about March 20, 2012.

The Annual Meeting

Q: When and where is the annual meeting?

A: The annual meeting will be held on Thursday, April 19, 2012, at 10:00 a.m., Central time, at The Crescent Club at 200 Crescent Court, Suite 1700, Dallas, Texas 75201.

Q: What am I being asked to vote on?

A: Our stockholders are being asked to vote on the following proposals at the annual meeting:

To elect eight directors to hold office until the next annual meeting of Westwood's stockholders and until their respective successors shall have been duly elected and qualified.

To ratify the appointment of Grant Thornton LLP as Westwood's independent auditors for the year ending December 31, 2012.

Q: How does the Board of Directors recommend that I vote?

A: The Board of Directors recommends that you vote your shares (i) FOR each of the eight director nominees for election to the Board of Directors and (ii) FOR the ratification of the appointment of Grant Thornton LLP as Westwood's independent auditors for the year ending December 31, 2012.

If you submit your properly executed proxy without voting instructions, your shares represented by that proxy will be voted as recommended by the Board of Directors.

Q: Who is entitled to vote at the annual meeting?

A: Stockholders of record at the close of business on March 2, 2012 (the record date) are entitled to notice of, and to vote at, the annual meeting and any adjournments or postponements thereof. A holder of shares of our common stock as of the record date is entitled to one vote in person or by proxy for each share of common stock owned by such holder on all matters properly brought before the annual meeting or at any adjournments or postponements thereof. As of March 2, 2012, there were 8,023,728 shares of common stock outstanding and entitled to vote on each of the proposals.

Q: What constitutes a quorum?

A: In order to carry on the business of the annual meeting, we must have a quorum. This means at least a majority of the shares of common stock outstanding as of the record date must be represented at the annual meeting, either by proxy or in person. Abstentions and broker non-votes, which are described in more detail below, are counted as shares present at the annual meeting for purposes of determining whether a quorum exists.

Table of Contents

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner ?

A: Stockholder of Record: A stockholder of record holds shares registered directly in his or her name with our transfer agent. As a stockholder of record, you have the right to grant your voting proxy directly to us in accordance with the procedures described below or to vote in person at the annual meeting.

Beneficial Owners: If your shares are held through a bank, broker or other nominee, you are the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your bank, broker or other nominee, which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your bank, broker or other nominee on how to vote by completing the instructions provided to you by your bank, broker or other nominee. However, since you are not a stockholder of record, you may not vote these shares in person at the annual meeting unless you obtain a valid proxy from your bank, broker or other nominee (who must be the stockholder of record) giving you the right to vote the shares.

Q: What is a broker non-vote?

A: Generally, a broker non-vote occurs when a bank, broker or other nominee that holds shares in street name for customers is precluded from exercising voting discretion on a particular proposal because (1) the beneficial owner has not instructed the bank, broker or other nominee how to vote, and (2) the bank, broker or other nominee lacks discretionary voting power to vote such shares. A bank, broker or other nominee does not have discretionary voting power with respect to the approval of non-routine matters absent specific voting instructions from the beneficial owners of such shares.

Under applicable rules, Proposal 1 is considered a non-routine matter, on which banks, brokers and other nominees are not allowed to vote unless they have received voting instructions from the beneficial owners of such shares. The proposal to ratify the appointment of Grant Thornton LLP as Westwood's independent auditor for the year ending December 31, 2012 (Proposal No. 2) is considered a routine matter on which banks, brokers and other nominees may vote in their discretion on behalf of beneficial owners who have not provided voting instructions. Your bank, broker or other nominee will send you instructions on how you can instruct them to vote on Proposal No. 2. If you do not provide voting instructions, your bank, broker or other nominee will have discretionary authority to vote your shares with respect to Proposal No. 2.

Q: What vote is required to approve each proposal?

A: Proposal No. 1: The election of directors requires the affirmative FOR vote of a plurality of the shares represented in person or by proxy at the annual meeting and entitled to vote. This means that the eight director nominees who receive the most votes will be elected. You may vote FOR or WITHHOLD with respect to the election of each director. As the election of directors is a non-routine matter under applicable rules, your bank, broker or other nominee cannot vote without instructions from you. Therefore, although there may be broker non-votes on this proposal, only FOR votes will be counted in determining whether a plurality has been cast in favor of a director. Broker non-votes and WITHHOLD votes will not affect the outcome on the election of directors.

Proposal No. 2: The ratification of the appointment of Grant Thornton LLP as Westwood's independent auditors for the year ending December 31, 2012 requires the affirmative FOR vote of a majority of the votes cast at the annual meeting. Abstentions will have no effect on the outcome of this proposal.

Procedures for Voting

Q: Who is entitled to vote?

A: Only stockholders of record as of the close of business on March 2, 2012, the record date, will be entitled to vote on the proposals at the annual meeting. Each share of common stock is entitled to one vote.

Table of Contents

Q: How do I vote?

A: If you are the record holder of your shares, you can vote by attending the annual meeting in person or by completing, signing and returning your proxy card in the enclosed postage-paid envelope.

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If your shares are held in street name, your proxy card may contain instructions from your broker that allow you to vote your shares using the Internet or telephone. Please consult with your broker if you have any questions regarding the electronic voting of shares held in street name.

Q: Is my proxy revocable and can I change my vote?

A: If you are a stockholder of record you may revoke your proxy at any time before it is voted by doing one of the following:

Sending a written notice revoking your proxy to Brian O. Casey, our Secretary, at 200 Crescent Court, Suite 1200, Dallas, Texas 75201.

Signing and mailing to us a proxy bearing a later date.

Attending our annual meeting and voting in person.

If you are not a stockholder of record, but instead hold your shares in street name through a bank, broker or other nominee, the above-described options for revoking your proxy do not apply. Instead, you will need to follow the instructions provided to you by your bank, broker or other nominee in order to revoke your proxy and submit new voting instructions.

Q: Is my vote confidential?

A: Yes. Only the inspector of votes and certain of our employees will have access to your proxy card. All comments will remain confidential, unless you ask that your name be disclosed.

Our Current Stock Ownership

Q: What percentage of stock do the directors and executive officers own?

A: Collectively, our executive officers and directors beneficially owned approximately 1,374,704 shares, or approximately 17.1 percent, of our outstanding common stock as of March 2, 2012.

We believe that our executive officers and directors intend to vote their shares of our common stock on each of the proposals presented in this proxy statement as recommended by the Board of Directors.

Q: Who are the largest principal stockholders?

A: Based on our review of Schedule 13G, Schedule 13D and Form 4 filings, as of March 2, 2012, our ten largest institutional stockholders were GAMCO Investors, Inc. (11.2% ownership of our outstanding common stock), Royce & Associates (7.7%), Third Avenue Management LLC (6.6%), BlackRock (4.8%), Conestoga Capital (4.5%), Vanguard Group (3.0%), Wells Fargo & Co. (2.8%), Dimensional Fund Advisors, Inc. (2.0%), State Street Corp. (1.4%) and Bank of New York Mellon (1.3%). Susan M. Byrne, our Chairman, owned 8.2%, and Brian O. Casey, our President and Chief Executive Officer, owned 4.9% of our outstanding common stock as of March 2, 2012. Our employees and directors, including Ms. Byrne and Mr. Casey, collectively owned approximately 33.6% of our outstanding common stock as of March 2, 2012.

Other Information

Q: What is the deadline to propose actions for consideration at the 2013 annual meeting of stockholders?

A: To be included in the proxy statement for the 2013 annual meeting, stockholder proposals must be in writing and must be received by Westwood at our principal executive office at the following address: 200

Table of Contents

Crescent Court, Suite 1200, Dallas, Texas 75201, Attn: Secretary, no later than November 20, 2012. In addition, all proposals will need to comply with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the 1934 Act), which lists the requirements for the inclusion of shareholder proposals in company-sponsored proxy materials.

Q: How may I recommend or nominate individuals to serve as directors, and what is the deadline to propose or nominate individuals to serve as directors?

A: You may propose director candidates for consideration by the Governance/Nominating Committee of our Board of Directors. Any such recommendations must be in writing to our Corporate Secretary at our principal executive office and received not less than 120 calendar days before the one-year anniversary of the date that the proxy statement for the previous year's annual meeting was released to stockholders. However, if we did not hold an annual meeting during the previous year, or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's annual meeting, then the deadline is a reasonable time before we begin to print and mail our proxy materials. For the 2013 annual meeting, the deadline is November 20, 2012. Director candidates recommended by stockholders are evaluated by the Governance/Nominating Committee based on the same criteria applied by the Governance/Nominating Committee to director candidates identified by that committee. To be valid, a stockholder's notice to the Corporate Secretary must set forth certain information, as further described in Corporate Governance Information Director Nominees.

Q: Who is soliciting my proxy and who will pay the solicitation expenses?

A: We are soliciting your proxy by and on behalf of our Board of Directors, and we will pay the cost of preparing and distributing this proxy statement and the cost of soliciting votes. We will reimburse stockbrokers and other custodians, nominees and fiduciaries for forwarding proxy and solicitation material to the owners of our common stock.

Q: Who can help answer my additional questions?

A: Stockholders who would like additional copies, without charge, of this proxy statement or have additional questions about this proxy statement, including the procedures for voting their shares, should contact:
William R. Hardcastle, Jr., Chief Financial Officer

Westwood Holdings Group, Inc.

200 Crescent Court, Suite 1200

You are strongly urged to read this proxy statement, including Appendix A hereto, in its entirety. Table of Contents**PROPOSAL 1:****Election of Directors**

Our bylaws provide that the Board of Directors of the Company (the Board) will consist of between three and eleven directors, as determined from time to time by resolution of the Board. The Board of Directors has set the number of directors at eight, all of whose terms expire as of the 2012 Annual Meeting. Each director elected at the 2012 Annual Meeting will serve until the 2013 Annual Meeting and thereafter until his or her successor has been elected and qualified or until the director's earlier death, resignation or removal. The Board of Directors, upon the recommendation of the Governance/Nominating Committee, has nominated the nominees listed below. Each nominee has consented to being named in this proxy statement and to serve if elected.

We have no reason to believe that any of the nominees will not serve if elected, but if any of them should become unavailable to serve as a director, and if the Board of Directors designates a substitute nominee, the persons named in the accompanying proxy will vote for the substitute nominee designated by the Board of Directors, unless a contrary instruction is given in the proxy.

Each stockholder is entitled to cast one vote for each director nominee per share of common stock held by them at the close of business on March 2, 2012. A plurality of the shares represented in person or by proxy at the annual meeting and entitled to vote is required for the election of directors. This means that the eight director nominees who receive the most votes will be elected. Votes may be cast in favor of a director nominee or withheld. Stockholders may withhold authority to vote for any nominee by striking a line through the name of such nominee in the space provided for such purpose on the proxy card. Broker non-votes and votes that are withheld will be excluded entirely from the vote and will have no effect. Votes that are withheld for a particular nominee will be excluded from the vote for that nominee only.

In addition, a copy of the charter is available upon written request to our Corporate Secretary at our principal executive office (200 Crescent Court, Suite 1200, Dallas, Texas 75201). The Audit Committee is responsible for reviewing reports from our management relating to our financial condition and other matters that may have a material impact on our financial statements and compliance policies. The Audit Committee is also responsible for inquiring of our management and independent auditors regarding the appropriateness of the accounting principles we follow, as well as reviewing changes in accounting principles and their impact on our financial statements in terms of scope of audits conducted or scheduled to be conducted. The Audit Committee is further responsible for preparing a report stating, among other things, whether our audited financial statements should be included in our Annual Report. The Audit Committee met five times during 2011. All of the members of the Audit Committee attended at least seventy-five percent of the meetings held in 2011.

compensation, retirement and benefit plans, approves the performance-based compensation of individuals pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (Code Section 162(m)), and administers other matters relating to compensation or benefits. The Compensation Committee met six times during 2011. All of the members of the Compensation Committee attended at least seventy-five percent of the meetings held in 2011.

Governance/Nominating Committee. The Governance/Nominating Committee operates pursuant to a charter approved by our Board of Directors, a copy of which is posted on our website at www.westwoodgroup.com. In addition, a copy of the charter is available upon written request to our Corporate Secretary at our principal executive office. The primary function of the Governance/Nominating Committee is to develop and oversee the application of corporate governance principles to Westwood, to identify and evaluate qualified candidates for Board membership and recommend to the Board director nominees to be voted on at the annual meeting of stockholders, and communicate with members of the Board regarding Board and committee meeting format and procedures. The Governance/Nominating Committee met four times during 2011. All of the members of the Governance/Nominating Committee attended at least seventy-five percent of the meetings held in 2011.

Director Independence

Our Board of Directors has adopted Corporate Governance Guidelines, which concern director independence, among other matters. The full text of our Corporate Governance Guidelines is available on our website at www.westwoodgroup.com. In addition, a copy of our Corporate Governance Guidelines is available upon written request to our Corporate Secretary at our principal executive office.

Pursuant to our Corporate Governance Guidelines, a majority of the members of our Board of Directors, as well as all members of each committee of the Board, must be non-management directors who meet the independence requirements of the NYSE Corporate Governance Listing Standards and other governing laws and regulations. In addition, all members of the Audit Committee must meet additional independence standards required under the 1934 Act. Our Board of Directors annually reviews director independence. In the 2011 review, the Board of Directors reviewed directors' responses to a questionnaire asking about their relationships, and the relationships of their family members, with us, and other potential conflicts of interest. In connection with this review, our Board of Directors specifically considered that Mr. Wooldridge has a former relationship with SWS Group, Inc., the company from which we were spun-off in 2002. In addition, our Board of Directors was aware that certain of our directors and individuals or entities affiliated with such directors have asset management accounts that are held by one of our subsidiaries and managed by us. After noting such items, and based upon its review, the Board of Directors unanimously decided that none of these relationships constituted a material relationship with us that would affect the independence of any such director under the NYSE rules.

As a result, the Board affirmatively determined that Messrs. Davis, Frank, McTeer, Norman, Weiland and Wooldridge are all independent as defined under SEC and NYSE rules. Ms. Byrne and Mr. Casey (each of whom is an executive officer of the Company) are not independent directors.

Board Leadership Structure

Our Board of Directors currently separates the roles of Chief Executive Officer and Chairman of the Board, however the Board does not have a policy in place that requires these two roles to remain separate. Brian O. Casey serves as our President, Chief Executive Officer and director, and Susan M. Byrne serves as our Chairman of the Board. As President and Chief Executive Officer, Mr. Casey has primary responsibility for the day-to-day operations of the Company and provides leadership on the Company's key strategic objectives. As Chairman of the Board, Ms. Byrne provides leadership to the Board and chairs its meetings.

Pursuant to our Corporate Governance Guidelines, if the Chairman of the Board is an employee of the Company, the Board will designate a non-management director as Lead Director. Since Ms. Byrne, the Chairman of the Board, is an executive officer of the Company, the Board has appointed Mr. Wooldridge to serve as Lead Director. As such, he (i) chairs executive sessions of the non-management directors, (ii) serves as the principal liaison between the Chairman of the Board and the independent directors, and (iii) advises the Chairman of the Board with respect to agenda items. In accordance with our Corporate Governance Guidelines, our non-management directors meet in executive session without the presence of management on a regular basis.

Table of Contents

With a supermajority of independent directors, an Audit Committee, a Compensation Committee and a Governance/Nominating Committee each comprised entirely of independent directors, a Lead Director to chair all executive sessions of the non-management directors, and a Chairman of the Board with extensive experience as a leader in the asset management industry and intimate knowledge of the Company's strategy and daily operations, the Board of Directors believes that its existing leadership structure provides an appropriate balance that best serves the Company and its stockholders.

Board's Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic risks. The Audit Committee is responsible for oversight of risks relating to the Company's accounting matters, financial reporting and legal and regulatory compliance. To satisfy these oversight responsibilities, the Audit Committee meets regularly with management, the Company's internal auditor and Grant Thornton LLP, the Company's independent auditor. The Compensation Committee is responsible for overseeing risks relating to employment policies and the Company's compensation and benefits programs. To satisfy these oversight responsibilities, the Compensation Committee meets regularly with management to better understand the implications of compensation decisions, particularly the risks the Company's compensation policies pose to the Company's financial condition, human resources and stockholders. The Governance/Nominating Committee is responsible for overseeing risks relating to overall corporate governance and Board succession planning. To satisfy these oversight responsibilities, the Governance/Nominating Committee annually reviews Board composition and Board and committee performance and periodically reports to the Board on corporate governance matters.

Additionally, the Board's risk oversight function is supported by the directorships of Mr. Casey and Ms. Byrne, whose industry knowledge and experience provide the Board with a deep understanding of the risks that the Company faces. Accordingly, the Board of Directors believes that having Mr. Casey and Ms. Byrne both serve on the Board, together with a supermajority of independent directors, three independent Board committees and a Lead Director, provide the appropriate leadership structure to assist in effective risk oversight by the Board.

Risks Related to Compensation Policies and Practices

As part of its oversight of the Company's executive and non-executive compensation programs, the Compensation Committee considers the impact of the Company's compensation programs, and the incentives created by the compensation awards that it administers, on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk-taking, to determine whether they present a material risk to the Company. The Compensation Committee also considers the following risk mitigating factors:

Overall compensation levels that are competitive with the market

Limits on annual cash incentive awards

The Compensation Committee's discretionary authority to reduce annual cash incentive awards

Use of long-term equity incentive awards to reward executives and other key employees for driving sustainable, profitable growth for stockholders and clients

Vesting periods for long-term equity incentive awards that encourage executives and other key employees to focus on sustained stock price appreciation

The Company's internal control over financial reporting and other financial, operational and compliance policies and practices currently in place that are intended to prevent manipulation of performance.

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

Based on this review, the Company has concluded that its compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Director Nominees

The Board of Directors has delegated to the Governance/Nominating Committee specified responsibilities relating to selection of directors to serve on the Board. The Governance/Nominating Committee of the Board has the responsibility for identifying potential candidates for Board membership and for making a recommendation to

Table of Contents

the Board of a slate of director candidates to stand for election at the annual meeting of our stockholders. The Governance/Nominating Committee seeks to identify, and the Board selects, director candidates who (i) have significant business experience that is relevant and beneficial to the Board and Westwood, (ii) are willing and able to make a sufficient time commitment to the affairs of Westwood in order to perform effectively the duties of a director, including regular attendance of Board meetings and committee meetings, (iii) are committed to the long-term growth and profitability of Westwood, (iv) are individuals of character and integrity, (v) are individuals with inquiring minds who are willing to speak their minds and challenge and stimulate management and (vi) represent the interests of Westwood as a whole and not just the interests of a particular stockholder or group. The Governance/Nominating Committee does not have a specific policy considering diversity in identifying director candidates, but rather uses the criteria listed above. The Governance/Nominating Committee believes these criteria are the key factors in identifying qualified director candidates.

The Governance/Nominating Committee has a policy for considering new director candidates recommended by our stockholders if such recommendations are made in compliance with the following procedures. A stockholder wishing to recommend a candidate for inclusion as a director nominee in the proxy statement for our annual meeting must submit a written notice of the recommendation to our Corporate Secretary at our principal executive office. The submission must be received at our principal executive office not less than 120 calendar days before the one-year anniversary of the date that the proxy statement for the previous year's annual meeting was released to stockholders. However, if we did not hold an annual meeting during the previous year, or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before we begin to print and mail our proxy materials. For the 2013 annual meeting, the deadline is November 20, 2012. Director candidates recommended by stockholders are evaluated by the Governance/Nominating Committee based on the same criteria applied by the Governance/Nominating Committee to director candidates identified by that committee, as described in the previous paragraph.

To be valid, a stockholder's notice to the Corporate Secretary must set forth (i) the name and address of the stockholder recommending such candidate, as such information appears on our books (if the stockholder is a record holder), (ii) the class and number of shares of Westwood stock that are beneficially owned by the stockholder, (iii) the name, age, business address and residence address of each candidate proposed in the notice, (iv) each candidate's biographical data and qualifications, (v) the class and number of shares of Westwood stock beneficially owned by the candidate, if any, (vi) a description of all arrangements or understandings between the stockholder (or between any person(s) at whose request the stockholder is making the recommendation) and each candidate and (vii) any other information required to be disclosed in solicitations of proxies for election of directors or otherwise required pursuant to Regulation 14A under the 1934 Act. The foregoing information must be provided with respect to any person that the stockholder proposes to recommend for election or re-election as a director. The candidate's signed written consent to being named in the proxy statement as a nominee and to serving as a director if elected must also be provided.

For the 2012 Annual Meeting, our Governance/Nominating Committee has not received a candidate recommendation from any stockholder (or group of stockholders), including any stockholder (or group of stockholders) that beneficially owns more than five percent of our common stock.

Communications with the Board

Stockholders or other interested parties may communicate with the Board of Directors or particular Board members (including our Lead Director or non-management directors as a group) by mailing a written communication to our Corporate Compliance Officer at 200 Crescent Court, Suite 1200, Dallas, Texas 75201, by email to compliance@westwoodgroup.com or by telephone to 214-756-6900. All communications are received and processed by the Corporate Compliance Officer before being referred to the appropriate Board member(s). Complaints relating to our accounting, internal accounting controls or auditing matters, and concerns regarding questionable accounting or auditing matters, are referred to the Chairman of the Audit Committee. Other communications intended for the Board of Directors at large are referred to our Lead Director, while communications intended for specific Board members are referred to those Board members. Advertisements, solicitations for periodical or other subscriptions, and similar communications are not forwarded to Board members. In the event that a complaint or concern appears to involve the Corporate Compliance Officer, then the stockholder or other interested party is encouraged to contact directly the Chairman of the Audit Committee, Raymond E. Wooldridge, at rwooldridge@westwoodgroup.com.

Stockholders may also communicate directly with Board members at the annual meetings of stockholders, as it is our policy that Board members should attend such meetings and make themselves available to address any matters properly brought before the meetings. All of our Board members attended the 2011 annual meeting of stockholders.

Code of Ethics

All of our employees, including our principal executive officer, principal financial officer and principal accounting officer, and our directors are required by our Code of Business Conduct and Ethics (the Code of Ethics) to conduct our business in the highest legal and ethical manner. The full text of the Code of Ethics is available on our website at www.westwoodgroup.com. In addition, a copy of the Code of Ethics is available upon written request to our Corporate Secretary at our principal executive office. We intend to post amendments to or waivers from the Code of Ethics as required by applicable rules on our website.

Our employees are required to report any conduct that they believe could in any way be construed as a fraudulent or illegal act or otherwise in violation of the Code of Ethics. The Audit Committee has established procedures to receive, retain and address complaints regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of related concerns.

Director Compensation

We pay each non-employee member of our Board of Directors a \$20,000 annual retainer, \$5,000 for each regularly scheduled quarterly meeting of the Board of Directors attended by the member and \$5,000 per Board or committee meeting attended other than regularly scheduled quarterly meetings. The Chairman of the Audit Committee receives an additional \$5,000 annual retainer. Additionally, upon election or re-election as a member of our Board of Directors, each non-employee director is awarded 1,500 restricted shares of our common stock, which generally vest 12 months from the date of grant. The Compensation Committee reviews our compensation arrangements for directors from time to time. Brian O. Casey, our President and Chief Executive Officer, and Susan M. Byrne, our Chairman of the Board and a Co-Chief Investment Officer during 2011, are not included in this table as they are Company employees and receive no compensation for their service as directors. The Company's executive officers do not make recommendations regarding the non-employee directors' compensation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides information regarding our executive compensation program in 2011 for the following executive officers of the Company (collectively, the named executive officers):

Brian O. Casey, our President and Chief Executive Officer;

William R. Hardcastle, Jr., our Vice President and Chief Financial Officer;

Susan M. Byrne, our Chairman of the Board and Co-Chief Investment Officer; and

Mark R. Freeman, our Executive Vice President and Co-Chief Investment Officer
During 2011, the Company had only four executive officers, all of whom are set forth above.

Overview of our Executive Compensation Program

The intellectual capital of our employees is collectively the most important asset to our firm. As an asset manager, our financial results are primarily based upon the amount of assets we manage, which is dependent on our ability to generate competitive long-term investment performance, build strong relationships with clients, investment consulting firms and other financial intermediaries, provide attentive client service and develop new client relationships, all of which is directly dependent upon our intellectual capital.

We believe that the quality, expertise and commitment of our named executive officers are critical to enhancing the long-term value of the Company. To this end, a core objective in designing our executive compensation program is to deliver competitive total direct compensation (i.e. base salary, annual cash incentive award and annual equity incentive award) upon the achievement of financial and individual performance and contributions that will attract, motivate and retain executives critical to our long-term success. The compensation awarded to our named executive officers is substantially dependent on our financial performance, as well as individual performance and contributions, which drives the creation of sustainable long-term stockholder value.

In 2011, our named executive officers demonstrated their capacity to perform well in an ongoing climate of economic uncertainty. Key highlights of the Company's 2011 performance include the following:

20% year-over-year growth in quarterly average assets under management to \$12.9 billion and 5% year-over-year growth in assets under management to \$13.1 billion

25% year-over-year growth in total revenues to a record \$68.9 million

29% year-over-year growth in adjusted pre-tax income to a record \$37.3 million

30% year-over-year growth in net income to a record \$14.7 million

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

Integration of the business, clients and personnel of McCarthy Group Advisors, LLC acquired in November 2010

Continued strong organic growth of the Westwood Funds, which reached a record \$1.3 billion at December 31, 2011, an increase of 33% compared to \$970 million at December 31, 2010

The launch of three additional mutual funds, bringing the Westwood Funds family of mutual funds to eight funds.

Table of Contents

The Compensation Committee (the Committee) believes that our executive compensation program has played a significant role in our ability to drive strong financial results and the creation of stockholder value, which is demonstrated by the accomplishments of our named executive officers in 2011. The Committee took the following key actions with respect to the compensation of the named executive officers in 2011:

Mr. Casey's and Ms. Byrne's base salary remained flat at 2010 levels; Mr. Hardcastle's base salary increased 6%, his first base salary increase in approximately three years; and Mr. Freeman's base salary increased 38% in recognition of, among other things, his new role and responsibilities as Co-Chief Investment Officer of the Company effective January 2011;

Mr. Casey and Ms. Byrne each earned an annual cash incentive award of \$1,119,833 and \$2,986,220, respectively, which was based upon a formula approved by our stockholders in 2006 as further discussed below; Mr. Hardcastle's annual cash incentive award was \$150,000, which was flat with his 2010 cash incentive award; and Mr. Freeman's annual cash incentive award was \$656,000, which was a 64% increase over his 2010 cash incentive award in recognition of, among other things, his individual performance as further discussed below;

The 2011 tranche of Mr. Casey's and Ms. Byrne's performance-based restricted stock award vested in 2011 due to the Company's financial performance in 2011; Mr. Hardcastle's time-based restricted stock award decreased by 500 restricted shares of the Company's common stock; and Mr. Freeman's time-based restricted stock award increased by 500 restricted shares of the Company's common stock due to, among other things, his individual performance as further discussed below;

A significant portion of each named executive officer's total direct compensation (i.e., base salary, annual cash incentive award and annual equity incentive award) approximately 63% to 83% was at risk compensation, delivered in the form of an annual cash incentive award and an annual equity incentive award; and

Over the past four years, the named executive officers have not received significant perquisites.

The Committee annually reviews and approves our executive compensation strategy and principles to ascertain whether they are aligned with our business strategy and objectives, stockholder interests, desired behaviors, and corporate culture. The Committee aims to set our named executive officers' total direct compensation at a level that is fair, reasonable and competitive.

2011 Stockholders Advisory Vote on Executive Compensation

We conducted our first advisory vote on executive compensation last year at our 2011 Annual Meeting of Stockholders. While this vote was not binding on the Committee, the Board of Directors or the Company, the Committee values the opinions of the Company's stockholders on executive compensation matters. Based upon the Inspector of Election's report, the advisory vote on executive compensation received the favorable support of 97.6% of the votes cast thereon. The Committee reviewed these final vote results and determined that, given the significant level of support, no changes to our executive compensation program were necessary at this time based on the voting results.

Additionally, in response to the majority of the votes cast for an advisory vote on executive compensation every three years at our 2011 Annual Meeting of Stockholders, we have determined that the advisory vote on executive compensation will be conducted every three years, until we hold the next advisory vote on the frequency of advisory votes on executive compensation.

Compensation Philosophy and Objectives

As an asset management firm, one of our greatest resources is the collective skill, experience and efforts of all of our employees, including our named executive officers. Our long-term success depends on our ability to

Table of Contents

provide superior investment returns and attentive service to our clients. To achieve these goals, it is critical that we are able to attract, retain and motivate talented professionals within all levels of our Company who are committed to our core values of integrity, honesty and excellence as well as to properly align their incentives with our stockholders and clients. The Committee believes that compensation paid to the named executive officers should:

Closely align incentives for executives with our performance on both a short-term and long-term basis; and

Enable us to attract, retain and motivate executives critical to our long-term success.

The Committee evaluates both performance and compensation relative to other peer companies to ensure that we maintain our ability to attract and retain superior employees in key positions. Our compensation program seeks to compensate the named executive officers at a level competitive with similar firms in the asset management industry (without targeting or setting compensation at specific benchmark percentiles) and to align executives' incentives with stockholders and clients. The compensation program is designed to reward individual and company-wide performance as well as recognize the executives' contribution to serving our clients and creating value for our stockholders. Accordingly, the compensation program for the named executive officers generally consists of a combination of base salary, an annual cash incentive award, an annual equity incentive award, and employee and post-retirement benefits.

Role of Executive Officers in Compensation Decisions

The Committee receives a joint recommendation from Mr. Casey and Ms. Byrne on the level and form of Messrs. Hardcastle's and Freeman's compensation. The recommendation of Mr. Casey and Ms. Byrne is based upon their annual review of Messrs. Hardcastle's and Freeman's performance. The Committee has complete discretion to accept, reject, or modify this recommendation. In 2011, the Committee accepted, without modification, Mr. Casey's and Ms. Byrne's joint recommendation regarding Messrs. Hardcastle's and Freeman's base salary adjustment, annual cash incentive award and long-term equity incentive award.

Mr. Casey and Ms. Byrne do not make recommendations regarding their compensation to the Committee.

Setting Executive Compensation

Based on the foregoing philosophy and objectives, the Committee has structured our executive compensation program to motivate the named executive officers to achieve the business strategies and goals set by us and to reward the executives for achieving such results. In establishing total direct compensation (i.e., base salary, annual cash incentive award and annual equity incentive award) for the named executive officers, the Committee performs the following reviews:

Assessment of Company Performance. Company performance has an impact on the compensation of all Company employees, including the named executive officers. In establishing the compensation levels of the named executive officers, the Committee considered each of the following measures of Company performance: adjusted pre-tax income (as defined below), growth in assets under management, and investment performance of the portfolios managed by the Company.

With respect to approving the (i) annual base salary of each of the named executive officers and (ii) annual cash incentive award and equity incentive award of Messrs. Hardcastle and Freeman, the Committee did not assess the above performance measures based upon predetermined goals, formulas or weighted factors, but rather considered all of these measures subjectively and collectively; provided that (as further discussed below) the starting point for determining the Company cash bonus pool in which Messrs. Hardcastle and Freeman participated was based upon the Company's annual adjusted pre-tax income.

Table of Contents

With respect to determining the size of the annual cash incentive award and equity incentive award of Mr. Casey and Ms. Byrne, the Committee established a formula based on the Company's adjusted pre-tax income. The Committee retains discretion to reduce (but not increase) the formula amounts of the annual cash incentive award payable to Mr. Casey and Ms. Byrne as further discussed below.

The Committee chose the above performance measures because it believes that such measures are meaningful indicators of the Company's profitability and performance and align executive compensation with the interests of the Company's stockholders and clients. As further described below, Company performance was only one of many factors considered by the Committee in approving executive compensation.

Assessment of Individual Performance. Individual performance has an impact on the compensation of all Company employees, including the named executive officers. The assessment of the named executive officers' performance is a subjective evaluation of accomplishment and contribution to the Company and is not based on the achievement of specific quantitative goals. Annually, the Committee reviews the performance of both Mr. Casey and Ms. Byrne for the prior year. As discussed above, Mr. Casey and Ms. Byrne review the annual performance of Messrs. Hardcastle and Freeman and a full report of the results of the reviews is provided to the Committee.

In approving the compensation of the named executive officers in 2011, the Committee considered the following subjective individual accomplishments and contributions:

Brian O. Casey. In assessing Mr. Casey's base salary and assessing whether the Committee should exercise any discretion to reduce Mr. Casey's annual cash incentive award, the Committee considered Mr. Casey's:

Comprehensive oversight and management responsibilities across the entire organization

Effective leadership in integrating the McCarthy Group Advisors, LLC acquisition throughout 2011

Role in the exploration of opportunities to broaden our investment strategies to include international, global and emerging markets portfolio management, one of our primary strategic and corporate development initiatives in 2011

Development and implementation, in conjunction with the Committee, of incentive compensation programs for institutional sales, Westwood Trust and investment management personnel

Effective leadership through the ongoing climate of economic uncertainty during the past several years

Continued representation of the Company to clients, prospects, consultants and stockholders.

William R. Hardcastle, Jr. In assessing Mr. Hardcastle's base salary, annual cash incentive award and equity incentive award, the Committee considered Mr. Hardcastle's:

Financial leadership in the Company by maintaining a strong balance sheet and managing the Company's financial position during an ongoing climate of economic uncertainty

Table of Contents

Role in overseeing the Company's financial reporting process and internal control over financial reporting.

Susan M. Byrne. In assessing Ms. Byrne's base salary and assessing whether the Committee should exercise any discretion to reduce Ms. Byrne's annual cash incentive award, the Committee considered Ms. Byrne's:

Role in the development of new investment strategies over the past couple of years, including the launch of the Global Strategic Diversification strategy in 2010, a diversifying investment strategy, which seeks to provide investors protection against inflation and a declining dollar

Oversight of the Company's investment strategy, including the Global Strategic Diversification strategy, and investment function

Contributions to the Company's ongoing strategic and corporate development initiatives

Role in setting portfolio-level risk controls and monitoring portfolio risk on an ongoing basis.

Mark R. Freeman. In assessing Mr. Freeman's base salary, annual cash incentive award and equity incentive award, the Committee considered Mr. Freeman's:

Substantial involvement in the ongoing development of the Company's investment management and research capabilities, including the hiring of a Director of Research as well as several Senior Research Analysts and Research Associates

Table of Contents

The Committee did not assign individual weights to any of the above considerations but used them collectively to make its compensation determinations. As further described below, individual performance was only one of many factors considered by the Committee in approving executive compensation.

Market Compensation Data. The Committee derived and reviewed market compensation data from the McLagan Asset Management Compensation/Business Planning Study that surveys asset management firms with assets under management up to \$15 billion (the McLagan Survey) and a custom peer group of publicly traded asset management companies (collectively, the Custom Peer Group). The McLagan Survey is a widely used and definitive source of market compensation data for a significant number of public and private investment management and advisory firms. It provides detailed analyses of compensation for a greater depth of investment management employees than is available for our public peers and is specifically focused on the asset management industry. The McLagan Survey provides market compensation data for approximately 56 public and private investment management firms. However, the compensation analysis for a particular officer position in the McLagan Survey does not provide the identities of the individual investment management and advisory firms. Instead, the market compensation data is presented in several different groupings, including by the firms' headquarters location, range of assets under management and job function. Confidentiality obligations to McLagan Partners and to its survey participants prevent us from disclosing the firms included in the survey.

The Custom Peer Group, which is periodically reviewed and updated by the Committee, consists of companies against which the Committee believes the Company competes for executive talent. For 2011, the companies comprising the Custom Peer Group were:

- | | |
|---------------------------------|-------------------------------|
| Affiliated Managers Group, Inc. | GAMCO Investors, Inc. |
| Calamos Asset Management, Inc. | T. Rowe Price Group, Inc. |
| Cohen & Steers, Inc. | Waddell & Reed Financial Inc. |
| Epoch Holding Corporation | |

Most of the companies that comprise the Custom Peer Group are much larger companies than the Company in terms of assets under management and revenues and have greater resources than the Company. The Committee realizes this size disparity and takes it into account when looking at the market compensation data derived from the Custom Peer Group in the context of evaluating and approving compensation for the named executive officers. There were no changes in the composition of the Custom Peer Group from 2010 to 2011.

The Committee considers the market compensation data derived from the McLagan Survey and the Custom Peer Group equally relevant and important, with neither source of information being a determining factor in setting executive compensation levels. The Committee uses both sources of information as a market check to ensure, in its subjective judgment, that individual pay components remain competitive. The Committee does not target any individual pay component of the named executive officers to fall within a specific range or percentile of the market compensation data derived from the McLagan Survey or the Custom Peer Group.

There is no pre-established target for the allocation between (i) cash and equity-based compensation and (ii) short-term and long-term incentive compensation. Rather, the Committee considers, among other things, Company performance, individual performance, and the market compensation data derived from the McLagan Survey and Custom Peer Group, as well as its own subjective judgment to determine the appropriate level and mix of each component of the executive compensation program.

Table of Contents

2011 Executive Compensation Components

For 2011, the principal components of compensation for the named executive officers were:

Base salary

Cash incentive award

Equity incentive award

Employee and post-retirement benefits.

Base Salary

Base salary is the fixed component of the named executive officer's annual cash compensation. We provide named executive officers with a base salary to compensate them for services rendered during the fiscal year and in recognition of their expertise, skills, knowledge and experience.

Salary levels are typically considered annually as part of our performance review process, as well as upon a promotion, change in job responsibilities, or in connection with the renegotiation of an employment agreement.

In 2011, Mr. Casey and Ms. Byrne did not receive an increase in their base salaries as a result of the Committee's desire to place a greater emphasis on their cash and equity incentive awards to further align their interests with the long-term interests of our stockholders and clients. Mr. Casey's base salary is \$500,000, which is the minimum base salary stipulated in his employment agreement. Ms. Byrne's base salary is \$750,000, which is the minimum base salary stipulated in her employment agreement. Ms. Byrne has not had a base salary increase in approximately five years.

In 2011, Mr. Hardcastle received a merit increase in his base salary of 6% from \$175,000 to \$185,000, primarily due to the fact that he had not received a base salary increase in approximately three years. In determining Mr. Hardcastle's base salary increase, the Committee also subjectively considered the Company performance factors discussed above, his individual performance factors discussed above, and the market compensation data derived from the McLagan Survey or the Custom Peer Group.

In 2011, Mr. Freeman's base salary was increased 38% from \$200,000 to \$275,000, primarily as a result of his assumption of additional duties and responsibilities associated with his promotion to Co-Chief Investment Officer in January 2011. In determining Mr. Freeman's base salary increase, the Committee also subjectively considered the Company performance factors and his individual performance factors discussed above, and the market compensation data derived from the McLagan Survey or the Custom Peer Group.

While the Committee reviewed the market compensation data derived from the McLagan Survey and the Custom Peer Group when setting Messrs. Hardcastle's and Freeman's base salary in 2011, the Committee did not target their respective base salary to fall within a specific range or percentile of the market compensation data.

The material terms of the employment agreements of Mr. Casey and Ms. Byrne are summarized below.

Annual Cash Incentive Awards

The Committee believes that cash incentive awards promote high performance and achievement of corporate strategy and objectives by our named executive officers, encourage growth of stockholder value, and allow our named executive officers to participate in our growth and profitability.

The Company maintains a Company bonus pool in which every employee of the Company is eligible to participate, including Messrs. Hardcastle and Freeman, but excluding Mr. Casey and Ms. Byrne. In 2011, the total amount of the Company bonus pool was approximately

\$7,781,000, which was based on a guideline of

Table of Contents

approximately 20% of the Company's 2011 adjusted pre-tax income (as defined below). The Committee annually reviews the 20% guideline to ensure, in its subjective judgment, such threshold reflects industry standards, will adequately fund potential bonuses, and provide sufficient capacity to reward extraordinary performance, when and if earned. While the 20% guideline did not change from 2010 to 2011, the amount and calculation of the bonus pool are subject to change at any time at the discretion of the Committee.

In 2011, the Committee granted Mr. Hardcastle an annual cash incentive award of \$150,000 from the Company bonus pool, the same amount as his 2010 award. In determining Mr. Hardcastle's 2011 cash incentive award, the Committee subjectively considered the Company performance factors discussed above, his individual performance factors discussed above and the market compensation data compiled from the McLagan Survey and the Custom Peer Group.

In 2011, Mr. Freeman received an annual cash incentive award of \$656,000 from the Company bonus pool, representing a 64% increase from his award in 2010. The Committee significantly increased Mr. Freeman's award primarily to increase the competitiveness of his annual cash incentive award in light of his increased roles and responsibilities within the Company as Co-Chief Investment Officer. In determining Mr. Freeman's 2011 cash incentive award, the Committee also subjectively considered the Company performance factors discussed above, his individual performance factors discussed above and the market compensation data compiled from the McLagan Survey and the Custom Peer Group.

The Committee determined that Messrs. Hardcastle's and Freeman's 2011 cash incentive award was reasonable based upon its subjective judgment after reviewing the market compensation data derived from the McLagan Survey and the Custom Peer Group. Notwithstanding the Committee's review of the market compensation data, the Committee did not target their respective cash incentive award to fall within a specific range or percentile of the market compensation data. Messrs. Hardcastle's and Freeman's annual cash incentive awards earned in 2011 and paid in February 2012 and July 2011 are listed in column (d) in the 2011 Summary Compensation Table below.

The maximum annual cash incentive award for Mr. Casey and Ms. Byrne is determined based on the formula described below, which is subject to the Committee's oversight and reduction. On April 27, 2006, the Company's stockholders approved the formula for the annual cash incentive award that may be earned by Mr. Casey and Ms. Byrne. For Mr. Casey, the annual cash incentive award is a maximum of 3% of our adjusted pre-tax income. For Ms. Byrne, the annual cash incentive award is a maximum of 8% of our adjusted pre-tax income. The Committee has discretion to reduce (but not to increase) the amount determined by these formulas for any year. The Committee did not exercise its discretion to reduce Mr. Casey's or Ms. Byrne's award for 2011.

The Committee chose adjusted pre-tax income as the basis for the company bonus pool and the performance formula for Mr. Casey and Ms. Byrne because it believes that such performance measure is a meaningful indicator of our performance and profitability and also believes that structuring the annual cash incentive award in this way closely aligns the interests of these executives with our stockholders. The Committee chose the 3% and 8% levels based on its review of the market compensation data as well as its subjective judgment of the proper allocation of the annual cash incentive award to total direct compensation of these executives.

Our adjusted pre-tax income is determined based on our audited financial statements and is equal to our income before income taxes increased by the expenses incurred for the year for (i) the annual cash incentive awards earned by Mr. Casey and Ms. Byrne, (ii) incentive compensation for all other Company employees, and (iii) performance-based restricted stock awards to Mr. Casey and Ms. Byrne. The Company's adjusted pre-tax income for 2011 was \$37,327,753. Mr. Casey's and Ms. Byrne's annual cash incentive awards earned in 2011 and paid in February 2012 are listed in column (f) in the 2011 Summary Compensation Table below.

The Committee may also grant discretionary bonus awards of stock, cash or any combination of stock and cash to our officers and key employees in such amounts and subject to such terms and conditions as the Committee may determine. The Committee currently intends to continue to utilize annual cash incentive awards similar to the above as the primary means of granting cash incentive bonus awards to our named executive officers. The Committee did not grant any discretionary bonus awards in 2011.

Table of Contents

Long-Term Equity Incentive Awards

Long-term equity incentive awards are designed to align the interests of our named executive officers, as well as our other employees, with the interests of our clients and stockholders. Equity awards also encourage our named executive officers and other employees to focus on long-term performance. While the Third Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan (the "Stock Incentive Plan") authorizes the grant of several types of long-term equity incentive awards, the Committee currently expects that its equity awards will be limited to time-vested restricted stock awards and performance-based restricted stock awards. Long-term equity incentive awards are a key component of our overall compensation program, which we believe has enabled us to attract, retain and motivate talented professionals. The Committee also believes that restricted stock is the most effective equity award to accomplish these objectives, as it best conveys the concept of ownership to grantees and, subject to Committee discretion, allows them to vote the shares and receive dividends on their unvested shares.

The vesting of restricted shares of our common stock may be conditioned upon the lapse of time and/or the satisfaction of performance and other conditions determined by the Committee. Unless the Committee determines otherwise, the recipient of restricted shares will generally have the right to vote the restricted shares. The Committee may also determine whether dividends will be payable with respect to restricted shares (at the same rate that is paid to all our stockholders generally) and, if so, may impose vesting and repayment conditions with respect to such dividends. Historically, we paid dividends on shares of restricted stock as and when dividends were paid to our stockholders. Beginning with the 2011 restricted stock grant, dividends on unvested restricted stock are accrued and payable to the recipient only when the underlying shares of restricted stock vest. None of the restricted shares may be sold, transferred, or pledged during the restricted period.

The Committee has utilized restricted stock awards as a meaningful component of total direct compensation paid to the named executive officers as well as to other employees. These awards also allow all employees to participate in any growth in the Company's value to which they contribute.

Time-Vested Restricted Stock Awards

The Committee may grant time-vested restricted stock awards. Since 2006, Mr. Casey and Ms. Byrne have not received time-vested restricted stock awards, but instead have received performance-based restricted stock awards, as described below. For Messrs. Hardcastle and Freeman, as well as all other eligible employees, time-vested restricted stock awards are generally made annually.

In 2011, Mr. Hardcastle received a time-vested restricted stock award of 5,500 shares, which was 500 shares fewer than he received in 2010 and Mr. Freeman received a time-vested restricted stock award of 9,500 shares, which was 500 shares more than he received in 2010. The Committee approved Messrs. Hardcastle's and Freeman's 2011 restricted stock award based upon their respective individual performance factors discussed above and the Company performance factors discussed above. The 2011 restricted stock award vests as follows: 50% after two years, 75% after three years and 100% after four years, subject, in most cases, to Messrs. Hardcastle's and Freeman's continuing employment.

Performance-Based Restricted Stock Awards

The Committee believes that granting performance-based restricted stock awards to Mr. Casey and Ms. Byrne strongly aligns their interests with our stockholders and clients. These awards also allow them to participate in any growth in the Company's value to which they contribute.

In 2010, the Committee granted a restricted stock award to Mr. Casey for 175,000 shares of restricted common stock, which vests over a period of five years, 35,000 shares per year; provided that, with respect to each fiscal year the performance goal for such period has been met. For 2011, the performance goal was adjusted pre-tax income (as defined below) of not less than \$19,330,265 representing a five-year compound annual growth rate of 10% over 2006 adjusted pre-tax income of \$12,002,574. In each subsequent vesting year, the performance goal for further vesting of the restricted stock will be determined by the Committee and established in writing no later than 90 days after the commencement of such fiscal year. If the performance goal is not met in any year, the

Table of Contents

Committee may establish a goal for a subsequent year which, if achieved or exceeded, may result in full or partial vesting of the shares that did not otherwise become vested in a prior year. Performance goals will in all events be based upon criteria set forth in the Stock Incentive Plan.

In 2006, the Committee granted a restricted stock award to Ms. Byrne for 300,000 shares of restricted common stock, which vests over a period of six years, 50,000 shares per year; provided that, with respect to each fiscal year, the performance goal for such period has been met. For 2011, the performance goal was adjusted pre-tax income (as defined below) of not less than \$19,330,265 representing a five-year compound annual growth rate of 10% over 2006 adjusted pre-tax income of \$12,002,574. In each subsequent vesting year, the performance goal for further vesting of the restricted stock will be determined by the Committee and established no later than 90 days after the commencement of such fiscal year. If, in any year, the performance goal is not met, the Committee may establish a goal for a subsequent year that, if achieved or exceeded, may result in full or partial vesting of the shares that did not otherwise become vested in a prior year. Performance goals will in all events be based upon the Company's adjusted pre-tax income.

Adjusted pre-tax income is determined based on our audited financial statements and is equal to our income before income taxes increased by the expenses incurred for the year for (i) the annual cash incentive awards earned by Mr. Casey and Ms. Byrne, (ii) incentive compensation for all other Company employees, and (iii) performance-based restricted stock awards to Mr. Casey and Ms. Byrne. The Committee chose adjusted pre-tax income as the basis for the performance-based vesting formula because it believes that such financial measure is a meaningful indicator of our performance and profitability and also believes that structuring the performance-based annual incentive awards in this way closely aligns the interests of these executives with our stockholders.

On February 23, 2012, the Committee certified that the performance goal for 2011 was achieved and Mr. Casey vested in 35,000 shares and Ms. Byrne vested in 50,000 shares. As allowed under the Stock Incentive Plan and approved by the Committee, Mr. Casey surrendered 12,757 and Ms. Byrne surrendered 18,000 of these shares in order to partially satisfy tax withholding requirements due to the vesting of these shares.

It is anticipated that performance-based restricted stock awards for Mr. Casey and Ms. Byrne will qualify for the performance-based compensation exemption from the deduction limitation provisions of 162(m) of the Internal Revenue Code (Section 162(m)). The specific performance goal for which Mr. Casey's and Ms. Byrne's performance-based restricted stock awards vest for the year is established within 90 days after the beginning of the vesting year, as required by Section 162(m).

The Company does not have a formal policy on timing equity compensation grants in connection with the release of material non-public information to affect the value of compensation. In the event that material non-public information becomes known to the Committee prior to granting equity awards, the Committee will take the existence of such information under advisement and make an assessment in its business judgment whether to delay the grant of the equity award in order to avoid any impropriety or any appearance of impropriety.

Employee and Post-Retirement Benefits

We offer employee and post-retirement benefits to all Company employees, including the named executive officers, in order to provide them with a reasonable level of financial support in the event of injury, illness, or disability and to help them accumulate retirement savings on a tax-favored basis. All Company employees are eligible to participate in all benefit programs including medical, dental and vision insurance coverage, disability insurance and life insurance. In addition, all employees are eligible to participate in the Westwood Holdings Group, Inc. Savings Plan (the Savings Plan). The cost of health insurance and the Savings Plan is partially borne by employees, including the named executive officers. We bear the cost of disability insurance and a set amount of term life insurance for all employees.

Savings Plan and Matching Contributions

Under the Savings Plan, all Company employees are eligible to make 401(k) contributions to their plan accounts, subject to the annual IRS limits. We fully match employee contributions up to 6% of their eligible compensation (subject to IRS limits). Employees are vested immediately in their 401(k) contribution as well as the Company match.

Table of Contents

Profit Sharing Contributions

The Savings Plan also authorizes us to make discretionary annual contributions to employees' Savings Plan accounts based on our profitability and performance. The profit sharing component of the Savings Plan is meant to be broad-based and all employees are eligible for discretionary profit sharing contributions. Profit sharing contributions are subject to a six-year graded vesting schedule based on an employee's years of service. For 2011, we made a discretionary contribution for all employees equal to 5% of their eligible compensation.

For 2011, the Company made 401(k) Company matching contributions and Company profit sharing contributions totaling \$26,950 for each of our named executive officers.

Perquisites

We do not provide significant perquisites or personal benefits to the named executive officers.

Tax and Accounting Implications

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) disallows a federal income tax deduction to publicly-held companies for certain compensation paid to the chief executive officer and certain other highly-compensated officers to the extent that compensation exceeds \$1 million per executive officer covered by Section 162(m) in any fiscal year. However, performance-based compensation that meets certain requirements is excluded from this \$1 million limitation.

In designing our compensation program, the Committee considers the effect of Section 162(m) together with other factors relevant to our business needs. We have historically taken, and intend to continue taking, appropriate actions, to the extent we believe desirable, to preserve the deductibility of executive compensation. The Committee considers it important to preserve the tax deductibility of compensation for its named executive officers, consistent with achieving its goal of retaining its executive management team; however, the Committee has not adopted a policy that all compensation paid must be tax-deductible and qualified under Section 162(m).

2012 Compensation Arrangements

Effective February 7, 2012, Mr. Freeman was named Chief Investment Officer of the Company. In connection with his promotion, Mr. Freeman entered into an employment agreement with the Company.

Under the terms of Mr. Freeman's employment agreement, (i) his base salary was increased to \$500,000, (ii) he is eligible to receive performance-based and discretionary bonuses under the Stock Incentive Plan, (iii) he is eligible to earn a mutual fund share bonus award pursuant to the terms of the Mutual Fund Share Incentive Agreement that he entered into in connection with his employment agreement, and (iv) he received a performance-based restricted stock award for 100,000 shares of restricted common stock that vests over five years, 20,000 shares per year; provided that the annual performance goal for such period is met.

Under the terms of the Stock Incentive Plan, Mr. Freeman will receive, at a minimum, annual performance-based and discretionary bonuses equal to at least 1.5% of the Company's adjusted pre-tax income. For 2012, adjusted pre-tax income shall be determined based on the Company's audited financial statements and shall be equal to income before income taxes increased by the expenses incurred for the year for (i) incentive compensation for all officers and employees and (ii) performance-based restricted stock awards. The calculation will exclude revenues and expenses associated with subsidiaries acquired or newly launched in 2012. Mr. Freeman must be employed by the Company to receive payment of this award.

Table of Contents

Under the terms of the Mutual Fund Share Incentive Agreement, Mr. Freeman is eligible to receive mutual fund share bonus awards based on the performance of the Westwood Income Opportunity Fund during the 2012 calendar year. In general, mutual fund share bonus awards may be granted from time to time by the Board of Directors of the Company or the Compensation Committee of the Board of Directors and subject to meeting Company performance goals, as established by the Compensation Committee during the first quarter of each year, and in accordance with the terms of the Stock Incentive Plan. Each year, Mr. Freeman and the Company will enter into a mutual fund share incentive agreement that establishes (1) a target bonus amount that is no less than the amount of Mr. Freeman's base salary and (2) Morningstar Ratings and Applicable Percentages that provide Mr. Freeman an equal or better opportunity to receive a performance bonus as under the previous year's mutual fund share incentive agreement between Mr. Freeman and the Company.

Stock Incentive Plan

All equity-based incentive awards are governed by the Third Amended and Restated Westwood Holdings Group, Inc. Stock Incentive Plan, which currently permits the award of 3,398,100 shares of our common stock under the Stock Incentive Plan.

In 2011, awards under the Stock Incentive Plan consisted of our authorized restricted common stock. Awards under the Stock Incentive Plan may be made to employees, including officers and directors who may be employees, non-employee directors, and consultants. Any shares issued under the Stock Incentive Plan may consist of authorized but unissued shares or reacquired shares or a combination thereof.

The Stock Incentive Plan authorizes the grant of several types of equity-based awards, including incentive stock options (ISOs), nonstatutory stock options (NSOs), restricted stock, stock purchase rights and performance shares (in the form of deferred stock awards). The Stock Incentive Plan also authorizes cash awards in the form of annual incentive awards, performance-based awards, and discretionary bonus awards. The various types of awards authorized under the Stock Incentive Plan may be utilized in the future if determined to be appropriate by the Committee. To date the Committee has limited its equity-based awards under the Stock Incentive Plan to NSOs and restricted stock and the Committee currently expects that its future equity-based awards will likely be limited to restricted stock. The Committee believes that restricted stock is the most effective vehicle to align the interests of employees with stockholders and clients. Unless the Committee determines otherwise, the recipient of restricted shares will generally have the right to vote the restricted shares. The Committee may also determine whether dividends will be payable with respect to restricted shares (at the same rate that is paid to all our stockholders generally) and, if so, may impose vesting and repayment conditions with respect to such dividends. Historically, we paid dividends on shares of restricted stock as and when dividends were paid to our stockholders. Beginning with the 2011 restricted stock grant, dividends payable on unvested restricted stock are accrued, subject to forfeiture conditions and payable to the recipient only when the underlying shares of restricted stock vest. The Committee believes that the terms and conditions for restricted stock awards offer the best balance of providing value to the employee if we are successful as a company as well as providing a mechanism to retain key employees over the long-term as they build a meaningful portion of their wealth in the form of equity in us.

The Board or the Committee administers the Stock Incentive Plan with respect to all eligible individuals. Cash incentive awards earned in a given year are typically communicated to employees and paid in the first quarter of the following year to coincide with year-end performance reviews. In 2009, 2010 and 2011, a portion of certain employees' cash incentive bonus was paid at mid-year to coincide with the personal tax liability resulting from restricted stock vesting. Prior to 2008, restricted stock grants were generally awarded annually by the Committee at its July meeting, which coincided with the timing of the first annual equity grants that were awarded shortly after our spin-off in July 2002. Since 2008, annual time-vested restricted stock awards have generally been awarded in the first quarter of the year in order to better synchronize the payment of cash incentive bonus awards with the withholding tax liability resulting from restricted stock vesting.

Time-vested restricted stock awards are subject to the following four-year vesting schedule: 50% after two years, 75% after three years and 100% after four years. The Committee believes that this long-term vesting schedule is effective in acting as a retention tool for Messrs. Hardcastle and Freeman and other non-executive employees. All employees are eligible to receive time-vested restricted stock awards.

The Committee makes all determinations involving awards that are exempt from the deduction limitations of Section 162(m). Determinations of the Committee are final, conclusive, and binding upon all persons having an interest in the Stock Incentive Plan. However, any action or determination by the Committee specifically affecting or relating to an award to a non-employee director will be approved and ratified by the Board of Directors.

Executive Employment Agreements

The Committee believes that the retention of our named executive officers and other key employees is critical to our opportunity for future success. In order to formalize a long-term commitment with the top three executive officers, we executed employment agreements with our Chief Executive Officer, Brian O. Casey, in April 2010, our Co-Chief Investment Officer, Susan M. Byrne, in 2006 and our Co-Chief Investment Officer, Mark Freeman, in February 2012. The agreements broadly address the terms of their employment with the Company, including, among other things, duties, compensation and benefits, termination, and the effect of termination. In addition, the employment agreements include non-solicitation covenants and non-competition covenants that apply in specified circumstances for a period of one year following the date of termination.

The Committee determined that Mr. Casey is critical to our future success, due to his significant responsibilities and contributions to the ongoing day-to-day operation of the business, his involvement in marketing our products, his development and direction of strategic initiatives and corporate development, as well as his participation in the development of new products. As a result, the Committee determined that it was in our best interests to enter into an employment agreement with Mr. Casey that is effective through April 30, 2015.

The Committee determined that Ms. Byrne is critical to our future success, due to her significant responsibilities and contributions to the development and oversight of our investment strategy, her day-to-day operation and oversight of our investment function (including risk management), her integral importance to the ongoing success of our investment performance as well as her involvement in product development, strategic initiatives and marketing our products. As a result, the Committee determined that it was in our best interests to enter into an employment agreement with Ms. Byrne that is effective through April 30, 2012.

The Committee determined that Mr. Freeman is critical to our future success, due to his significant responsibilities and contributions to the development and oversight of our investment policy, the development of the Company's macroeconomic and investment outlook, his day-to-day operation and oversight of our investment department, his monitoring of absolute risk and consistency of quality across all investment strategies, his integral importance to the ongoing success of our investment performance as well as his involvement in product development, strategic initiatives and marketing our products. As a result, the Committee determined that it was in our best interests to enter into an employment agreement with Mr. Freeman that is effective through January 1, 2017.

Each year during the applicable vesting period, the Compensation Committee will establish a specific goal for that year's vesting of the restricted shares. For Mr. Casey, the performance goal will be based upon criteria set forth in the Stock Incentive Plan. The specific performance goal for each year will be established no later than March 31 of the vesting year, as required by Section 162(m). If in any year during the vesting period the performance goal is not met, the Committee may establish a goal for a subsequent vesting period that, if achieved or exceeded, may result in full or partial vesting of the shares that did not otherwise become vested in a prior year. Potential Payments Upon Termination or Change in Control

Set forth below is a summary of the compensation and benefits payable to Mr. Casey, Ms. Byrne, Mr. Hardcastle and Mr. Freeman in the event their employment is terminated. For purposes of this disclosure, we have calculated benefits assuming a December 31, 2011 termination date. As of December 31, 2011, we had executive employment agreements with Mr. Casey and Ms. Byrne, and as of February 7, 2012, we had an employment agreement with Mr. Freeman. For further information on the employment agreements, see Executive Employment Agreements above.

Under the terms of our Stock Incentive Plan, in the event of their death or a change in control of the Company, Messrs. Hardcastle's and Freeman's unvested restricted stock awards would vest. These shares had a value of \$598,506 for Mr. Hardcastle and \$941,163 for Mr. Freeman as of December 31, 2011. Other than the acceleration of Mr. Hardcastle's restricted stock awards upon his death or a change in control, Mr. Hardcastle is not contractually entitled to any other severance payments upon his termination or a change in control of the Company.

Edgar Filing: WESTWOOD HOLDINGS GROUP INC - Form DEF 14A

Under the employment agreements in place, the payments to Mr. Casey and Ms. Byrne could vary depending on the cause of termination and whether or not the Board of Directors elects to enforce a non-compete agreement. Under the employment agreement in place for Mr. Freeman, the payments to Mr. Freeman could vary depending upon the cause of termination and whether or not the Board of Directors elects to enforce a Mandatory Inactivity Period. For the purposes hereof, a Mandatory Inactivity Period shall mean the three-month period of time immediately following Mr. Freeman's termination during which he may not (a) in any capacity provide investment advisory services or investment management services in competition with the Company or (b) establish, join, participate in,

acquire or maintain ownership in, or provide investment advisory services to, any U.S.-based entity that offers services and/or products that compete with the Company. Additionally, these agreements contain a single trigger change in control provision pursuant to which Mr. Casey, Ms. Byrne and Mr. Freeman are entitled to certain payments and benefits in the event they voluntarily terminate their employment with the Company within the ninety-day period, or in the case of Mr. Freeman, the thirty-day period, immediately following the date that is three (3) months following change in control of the Company. The Committee believes that a single trigger change in control provision (1) provides a powerful retention device during change in control discussions, and (2) ensures Mr. Casey, Ms. Byrne and Mr. Freeman are not deprived of the benefits that they earned or reasonably should expect to receive if there was no change in control. The various payment scenarios for Mr. Casey and Ms. Byrne are described immediately below, and the various payment scenarios for Mr. Freeman are described thereafter.
