Dear Fellow Stockholders,

You are cordially invited to attend our 2013 Annual Meeting of Stockholders, which will be held on Friday, June 28, 2013 at 10:30 a.m. Pacific Time, at our corporate headquarters located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052. In the following pages, you will find the Notice of Annual Meeting of Stockholders and Proxy Statement describing the business to be conducted at the meeting.

During 2012, we continued to position Spectrum Pharmaceuticals to be a diversified, biotechnology company with a primary focus in oncology and hematology. Our total revenues grew 39%, from \$193.0 million in 2011 to \$267.7 million in 2012, and our net income grew 95%, from \$48.5 million in 2011 to \$94.5 million in 2012. As we announced in mid-March 2013, there was a change in ordering patterns for FUSILEV, which caused us to reduce our revenue projections for 2013. Because such challenges are ever present in our business, we have followed a diversification strategy so that our future growth and success is not dependent on any one product.

During 2012, we made three acquisitions that will help grow our base business going forward:

worldwide rights to FOLOTYN[®], an approved chemotherapy drug used to treat relapsed or refractory peripheral T-cell lymphoma, through our acquisition of Allos Therapeutics, Inc.;

ex-U.S. rights to ZEVALIN[®], an approved chemotherapy drug used to treat non-Hodgkin's lymphoma, which gave us worldwide rights; and

worldwide rights to SPI-2012, a drug candidate in Phase 2 trials to treat neutropenia (loss of white blood cells), a serious and common chemotherapy side-effect.

In addition, we have completed multiple pivotal trials of our mid-stage oncology drugs, advancing them to key decision points. Further, we expanded and realigned our sales team, adding more feet in the field and implementing a structure of six geographic regions that allows our commercial team to be more customer-facing. We made key senior hires, adding Joseph (Ken) Keller as Executive Vice President and Chief Operating Officer, and Joe Turgeon as Senior Vice President and Chief Commercial Officer. Before joining Spectrum, both Ken and Joe had more than 20 years each in key operational roles at major biopharmaceutical companies. In addition, well over a dozen other experienced managers of drug development and sales operations were added to our team.

We are continuing to work hard in 2013 to further commercialize our marketed drugs and develop our clinical drugs, including looking for new drug acquisition candidates. As a company with a productive history of product acquisitions, we intend to continue our business-building activities going forward. This, along with advancing our pipeline, and improving our internal capabilities, creates an exciting time for patients, employees and our stockholders. These efforts are the backbone of our core mission: to meet the needs of the oncology community and build long-term value for our stockholders.

At our 2013 Annual Meeting of Stockholders, we are asking you to elect our board of director nominees for the coming year and vote on the other matters described in the accompanying notice. We believe that our director nominees will continue to add value through their strategic guidance and experience to help us move forward with the commercialization of our marketed drugs and development of our clinical drugs.

Your vote is important. Whether or not you attend the meeting, I encourage you to access the proxy materials and cast your vote using the instructions provided, so that your shares are represented at the meeting. If you have any questions, please contact our Acting Chief Financial Officer, Brett L. Scott, at (702) 835-6300 or (949) 788-6700. We thank you for your support, and hope to see you at the meeting.

Sincerely,

RAJESH C. SHROTRIYA, M.D.

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 28, 2013

PROXY STATEMENT

GENERAL INFORMATION

The enclosed Proxy Statement is solicited on behalf of the Board of Directors of Spectrum Pharmaceuticals, Inc., which we refer to as the Company, we, us, or our, for use at the 2013 Annual Meeting of Stockholders to be held on June 28, 2013 at 10:30 a.m. Pacific Time, or the Annual Meeting, or at any postponements or adjournments thereof. The Annual Meeting is being held for the purposes described in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

*The following questions and answers are intended to briefly address potential questions that our stockholders may have regarding this Proxy Statement and the Annual Meeting. They are also intended to provide our stockholders with certain information that is required to be provided under the rules and regulations of the Securities and Exchange Commission, or the SEC. These questions and answers may not address all of the questions that are important to you as a stockholder. If you have additional questions about the Proxy Statement or the Annual Meeting, please see **Whom should I contact with other questions?***

1. What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will be asked to consider and vote upon the matters described in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders, and any other matters that properly come before the Annual Meeting.

2. When and where will the Annual Meeting be held?

You are invited to attend the Annual Meeting on Friday, June 28, 2013 at 10:30 a.m. Pacific Time at our corporate headquarters located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052.

3. Why am I receiving these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of the Company, or the Board, of proxies to be voted at the Annual Meeting, and at any adjournment or postponement thereof. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. You are invited to attend the Annual Meeting in

Edgar Filing: SPECTRUM PHARMACEUTICALS INC - Form DEF 14A

person to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Whether or not you expect to attend the Annual Meeting, please vote your shares as soon as possible in order to ensure your representation at the Annual Meeting and to minimize the cost to the Company of proxy solicitation.

4. Why did I receive a notice in the mail regarding the Internet availability of proxy materials?

Instead of mailing printed copies to each of our stockholders, we have elected to provide access to our proxy materials over the Internet under the SEC's notice and access rules. These rules allow us to make our stockholders aware of the Annual Meeting and the availability of our proxy materials by sending a Notice of Internet Availability of Proxy Materials, or a Notice, which provides instructions for how to access the full set of proxy materials through the Internet or make a request to have printed proxy materials delivered by mail. Accordingly, on or about May 10, 2013, we mailed a Notice to each of our stockholders who held shares as of April 29, 2013. The Notice contains instructions on how to access our proxy materials, including our Proxy Statement and our Annual Report. The Notice also provides instructions on how to vote your shares.

5. What is the purpose of complying with the SEC's notice and access rules?

We believe compliance with the SEC's notice and access rules will allow us to provide our stockholders with the materials they need to make informed decisions about the matters to be voted upon at the Annual Meeting, while lowering the costs of printing and delivering those materials and reducing the environmental impact of our Annual Meeting. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

6. What am I being asked to vote upon at the Annual Meeting?

At the Annual Meeting, you will be asked to:

Vote on the election of seven director nominees to serve until the Annual Meeting of Stockholders to be held in 2014, or until their successors are elected and duly qualified (Proposal 1);

Ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year ending December 31, 2013 (Proposal 2);

Vote on a proposal to approve, on a non-binding advisory basis, the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section of this Proxy Statement (Proposal 3); and

Consider and act upon such other matters as may properly come before the Annual Meeting or any postponements or adjournments thereof.

7. How does the Board recommend that I vote?

Our Board recommends that you vote your shares:

FOR the election of each of the seven director nominees named in this Proxy Statement to serve until the Annual Meeting of Stockholders to be held in 2014, or until their successors are elected and duly qualified (Proposal 1);

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year ending December 31, 2013 (Proposal 2); and

Edgar Filing: SPECTRUM PHARMACEUTICALS INC - Form DEF 14A

FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section of this Proxy Statement (Proposal 3).

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card, who are persons designated by the Board and are officers of Spectrum, will vote in accordance with the recommendations of the Board. Management does not know of any matters which will be brought before the Annual Meeting other than those specifically set forth in this Proxy Statement. However, if any other business properly comes before the Annual Meeting, the proxy holders or their substitutes will vote as recommended by our Board or, if no recommendation is given, in their own discretion.

Table of Contents

8. Who can vote at the Annual Meeting?

If you were a holder of Spectrum's common stock or Series E Convertible Voting Preferred Stock, or Series E Preferred Stock, as a stockholder of record, or if you are the beneficial owner of Spectrum's common stock held in street name, as of the close of business on April 29, 2013, the Record Date for the Annual Meeting, you may vote your shares at the Annual Meeting, and at any postponements or adjournments of the Annual Meeting. As of the Record Date, there were 60,026,805 shares of our common stock outstanding and 20 shares of our Series E Preferred Stock outstanding. Each stockholder has one vote for each share of common stock held as of the Record Date. Holders of our Series E Preferred Stock as of the Record Date are entitled to vote on any matter on which holders of our common stock have the right to vote, voting together with the holders of common stock as one class. Each holder of our Series E Preferred Stock is entitled to the number of votes equal to the number of shares of common stock into which such shares of Series E Preferred Stock could be converted on the Record Date, as determined pursuant to the Certificate of Designations, Rights and Preferences of the Series E Preferred Stock, or the Certificate of Designations. As of the Record Date, each share of Series E Preferred Stock was entitled to 2,000 votes on each matter to be voted upon at the Annual Meeting. Consequently, the holders of our Series E Preferred Stock have a total of 40,000 votes on each matter at the Annual Meeting. Including both the outstanding common stock and the Series E Preferred Stock, voting together as one class, a total of 60,066,805 votes may be cast at the Annual Meeting. A list of our stockholders will be available for examination by any stockholder at the Annual Meeting and at our corporate headquarters, located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052, for a period of ten days prior to the Annual Meeting.

9. What does it mean to be a stockholder of record ?

If, on the Record Date, your shares were registered directly in your name with our transfer agent, Computershare, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares using one of the voting methods described in this Proxy Statement and the Notice.

10. What does it mean to beneficially own shares in street name ?

If, on the Record Date, your shares were held in an account at a broker, bank, or other financial institution (we refer to each of those organizations collectively as a broker), then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that broker. The broker holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct your broker on how to vote the shares in your account. As a beneficial owner, you are invited to attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker giving you the legal right to vote the shares at the Annual Meeting. You must also satisfy the Annual Meeting admission criteria set out below.

Under the rules that govern brokers, your broker is not permitted to vote on your behalf on any matter to be considered at the Annual Meeting (other than the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2013) unless you provide specific instructions to the broker as to how to vote. As a result, we encourage you to communicate your voting decisions to your broker before the date of the Annual Meeting to ensure that your vote will be counted.

11. How many shares must be present or represented to conduct business at the Annual Meeting?

The presence at the Annual Meeting of the holders of a majority of the outstanding shares, as of our Record Date, of our common stock and our Series E Preferred Stock, considered together as a single class (and counting the preferred stock as if converted into common stock), in person or by proxy and entitled to vote, will constitute

Table of Contents

a quorum, permitting us to conduct our business at the Annual Meeting. Proxies marked "withhold authority" as to any director nominee, abstentions and broker non-votes are counted as present at the Annual Meeting for purposes of determining the existence of a quorum at the Annual Meeting for the transaction of business. Broker non-votes are shares that are not voted by the broker who is the record holder of the shares because the broker is not instructed to vote on such matter by the beneficial owner and the broker does not have discretionary authority to vote on such matter. For further discussion on broker non-votes, please refer to **What are the voting requirements to approve the proposals?** below. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

12. How can I vote my shares of Spectrum stock?

Stockholders of record can vote by proxy or by attending the Annual Meeting and voting in person. The persons named as proxies on the proxy card were designated by the Board and are officers of Spectrum. If you vote by proxy, you can vote by Internet, by telephone, or by mail as described below. If you are the beneficial owner of shares held in street name, please refer to the information forwarded by your broker to see which voting options are available to you and to see what steps you must follow if you choose to attend the Annual Meeting to vote your shares.

Vote by Internet: You can vote by proxy over the Internet by following the instructions provided in the Notice or the voting instruction card provided to you by your broker, if applicable. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 27, 2013. Our Internet voting procedures are designed to authenticate stockholders by using individual control numbers, which are located on the Notice. If you vote by Internet, you do not need to return your proxy card.

Vote by Telephone: If you receive only the Notice, you may follow the procedures outlined in the Notice to request a proxy card. If you requested to receive printed proxy materials, you can vote by telephone pursuant to the instructions provided on the proxy card. If you hold shares beneficially in street name and requested to receive printed proxy materials, you can vote by telephone following the voting instruction card provided to you by your broker. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 27, 2013. If you vote by telephone, you do not need to return your proxy card.

Vote by Mail: If you receive only the Notice, you may follow the procedures outlined in the Notice to request a proxy card to submit your vote by mail. If you requested to receive printed proxy materials, you can vote by mail pursuant to the instructions provided on the proxy card. If you hold shares beneficially in street name and requested to receive printed proxy materials, you can vote by mail by following the voting instruction card provided to you by your broker. In order to be effective, completed proxy cards must be received by 11:59 p.m. Eastern Time on June 27, 2013. If you choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-prepaid envelope. If you do not have the postage-prepaid envelope, please mail your completed proxy card to the following address: Spectrum Pharmaceuticals, Inc., c/o Computershare, Post Office Box 43070, Providence, Rhode Island 02940-3070.

Vote in Person at the Annual Meeting: If you satisfy the admission requirements to the Annual Meeting, as described in the Notice, you may vote your shares in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet, telephone or mail so that your vote will be counted in the event you later decide not to attend the Annual Meeting. The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. If you hold shares beneficially in street name, you must obtain a proxy, executed in your favor by your broker, to be able to vote at the Annual Meeting. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board.

Table of Contents

YOUR VOTE IS VERY IMPORTANT. You should submit your proxy even if you plan to attend the Annual Meeting. If you properly give your proxy and submit it to us in time to vote, the individuals named as your proxy holders will vote your shares as you have directed. Whether or not you plan to attend the Annual Meeting, and regardless of the number of shares of Spectrum stock you own, it is important that your shares be represented at the Annual Meeting.

13. How may I attend the Annual Meeting?

You are entitled to attend the Annual Meeting only if you were a stockholder as of the Record Date or hold a valid proxy for the Annual Meeting. Registration will begin at 9:30 a.m. Pacific Time and seating will begin immediately after. Since seating is limited, admission to the Annual Meeting will be on a first-come, first-served basis. If you attend, please note that you should be prepared to present government-issued photo identification for admittance, such as a passport or driver's license. If your shares are held in street name, you will also need proof of ownership as of the Record Date, such as your most recent account statement prior to the Record Date, a copy of the voting instruction card provided by your broker, or similar evidence of ownership. If you do not have proof of ownership of Spectrum stock and a valid picture identification, you may be denied admission to the Annual Meeting. Please note that for security reasons, you and your bags may be subject to search prior to your admittance to the Annual Meeting. If you do not comply with each of the foregoing requirements, you may not be admitted to the Annual Meeting.

14. Can I change my vote after I return my proxy card?

Yes. You may change your vote at any time before your proxy is voted at the Annual Meeting. If you are a stockholder of record, you may change your vote by (i) providing written notice of revocation to the Secretary of the Company at our corporate headquarters located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052, (ii) by executing a subsequent proxy using any of the voting methods discussed above, or (iii) by attending the Annual Meeting and voting in person. However, simply attending the Annual Meeting will not, by itself, revoke your proxy. If you hold your shares in street name and have previously instructed your broker to vote your shares, you must follow directions received from your broker to change those instructions. Subject to any such revocation, all shares represented by properly executed proxies will be voted in accordance with the specifications on the enclosed proxy.

15. What are the voting requirements to approve the proposals?

If you are a stockholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the Annual Meeting. Therefore, it is important that you cast your vote. The voting requirements to approve each of the proposals to be voted upon at the Annual Meeting are as follows, assuming a quorum is present:

Election of Directors (Proposal 1) Directors will be elected by a plurality of the votes cast at the Annual Meeting, in person or by proxy. This means that the director nominees who receive the most affirmative, or "FOR," votes will be elected. In a contested election, where there are more nominees than open board positions—for example, if there were nine nominees for seven open positions—then the seven nominees who received the most "FOR" votes would be elected (and the two nominees who received the fewest "FOR" votes would not be elected). In an uncontested election, where the number of nominees is equal to the number of open board positions—as is the case for our 2013 Annual Meeting—then nominees who receive *any* votes will be elected. A properly executed proxy marked "WITHHOLD AUTHORITY" or "FOR ALL EXCEPT" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The election of directors is a non-discretionary item, meaning, if you hold your shares in street name and do not instruct your broker how to vote with respect to the election of directors, your broker is not permitted to vote with respect to this Proposal and your votes will be counted as broker non-votes. Broker non-votes will have no effect in determining which directors receive the highest number of affirmative votes cast.

Table of Contents

Ratification of Selection of Accounting Firm (Proposal 2) Ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter. A properly executed proxy marked ABSTAIN with respect to such matter will not be voted. Accordingly, an abstention will have the same effect as a vote against this Proposal. The ratification of Ernst & Young LLP is a discretionary item, meaning if you hold your shares in street name and do not instruct your broker how to vote with respect to the ratification of Ernst & Young LLP, your broker may use its discretion to vote your uninstructed shares on this Proposal.

Advisory Vote on Executive Compensation (Proposal 3) Approval of the non-binding advisory resolution regarding the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section of this Proxy Statement, will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter. Abstentions will have the same effect as votes against the Proposal. The advisory vote on compensation is a non-discretionary item, meaning if you hold your shares in street name and do not instruct your broker how to vote with respect to the advisory vote on compensation, your broker is not permitted to vote with respect to this Proposal and your votes will be counted as broker non-votes. Broker non-votes will have no effect on the outcome of the Proposal.

16. Could other matters be decided at the Annual Meeting?

As of the date this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. However, if any other matters are presented for consideration at the Annual Meeting including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place in order to solicit additional proxies in favor of one or more of the proposals, the persons named as proxy holders and acting thereunder will have discretion to vote on these matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote.

17. Who is paying for the cost of this proxy solicitation?

The proxies being solicited hereby are being solicited by us, and the cost of soliciting proxies in the enclosed form will be borne by us. We have also retained Eagle Rock Proxy Advisors, to aid in the solicitation. For these services, we will pay Eagle Rock Proxy Advisors a fee of approximately \$6,000 and reimburse them for certain out-of-pocket disbursements and expenses. Our officers and other employees may, without compensation other than their regular compensation, solicit proxies by further mailings, personal conversations, telephone, facsimile or other electronic means. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

18. What is the deadline to submit stockholder proposals for the 2014 Annual Meeting?

Under Rule 14a-8 of the Securities Exchange Act of 1934 (the Exchange Act), any stockholder desiring to include a proposal in our Proxy Statement with respect to the 2014 Annual Meeting of Stockholders should arrange for such proposal to be delivered to us at our corporate headquarters no later than January 10, 2014, in order to be considered for inclusion in our Proxy Statement relating to such annual meeting. Matters pertaining to such proposals, and the eligibility of persons entitled to have such proposals included, are regulated by the Exchange Act and the rules of the SEC.

In addition, pursuant to our bylaws, any stockholder desiring to submit a proposal for action or nominate one or more persons for election as directors at the 2014 Annual Meeting of Stockholders must submit a notice of

Table of Contents

the proposal or nomination including the information required by our bylaws to us between February 28, 2014 and March 30, 2014, or else it will be considered untimely and ineligible to be properly brought before the Annual Meeting. However, if our 2014 Annual Meeting of Stockholders is not held between May 29, 2014 and September 6, 2014 under our bylaws, this notice must be provided not earlier than the ninetieth day prior to the 2014 Annual Meeting of Stockholders and not later than the close of business on the later of (a) the sixtieth day prior to the 2014 Annual Meeting or (b) the tenth day following the date on which notice of the date of the 2014 Annual Meeting is first mailed to stockholders or otherwise publicly disclosed, whichever first occurs.

All such notices should be directed to our Secretary at our corporate headquarters located at Spectrum Pharmaceuticals, Inc., 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052.

19. I share an address with another stockholder, and we received only one copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

The SEC rules permit brokers to participate in a practice known as householding, which means that only one copy of the Notice and, if applicable, our Proxy Statement and Annual Report will be sent to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. Householding is designed to reduce printing and postage costs, and results in cost savings for Spectrum. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. If you receive a householding mailing this year and would like to have additional copies of our Notice and, if applicable, our Proxy Statement and/or Annual Report mailed to you, or if you would like to opt out of this practice for future mailings, please contact your broker or submit your request to our Secretary, c/o Spectrum Pharmaceuticals, Inc., 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052. Upon receipt of any such request, we agree to promptly deliver a copy of the Notice and, if applicable, our Proxy Statement and/or Annual Report to you. In addition, if you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future proxy materials for your household, please contact us using the contact information set forth above. This Proxy Statement and the Annual Report for the fiscal year ended December 31, 2012 are also available at <http://www.spirx.com>.

20. Where can I find voting results of the Annual Meeting?

We will announce preliminary voting results with respect to each proposal at the Annual Meeting. Table of Contents**PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The Audit Committee has selected Ernst & Young LLP, or E&Y, as our independent registered public accounting firm for fiscal year 2013 and has further directed that management submit the selection of the independent registered public accounting firm for ratification by our stockholders at the Annual Meeting.

Although ratification by our stockholders is not a prerequisite to the Audit Committee's ability to select our independent registered public accounting firm, the Audit Committee believes that asking our stockholders to ratify the selection is advisable and in the best interests of our stockholders, and represents an important corporate governance practice. Accordingly, stockholders are being asked to ratify, confirm and approve the selection of E&Y as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements and our internal controls over financial reporting for fiscal year 2013. If the stockholders do not ratify the selection of E&Y, the selection of our independent registered public accounting firm will be reconsidered by the Audit Committee; provided, however, the Audit Committee may select E&Y even if our stockholders do not ratify E&Y's selection. If the appointment of E&Y is ratified, the Audit Committee will continue to conduct an ongoing review of E&Y's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace E&Y at any time. There will be representatives from E&Y present at the Annual Meeting. They may make a statement if they desire to do so and will be available to answer appropriate questions from stockholders.

Proxies received in response to this solicitation will be voted **FOR** the approval of Ernst & Young LLP unless otherwise specified in the proxy.

PROPOSAL 3 ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (SAY-ON-PAY)

In compliance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, we are providing our stockholders the opportunity to cast a non-binding advisory vote regarding the compensation of our named executive officers identified in the Compensation Discussion and Analysis section of this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the compensation philosophy and objectives described in this Proxy Statement. The compensation of our named executive officers is disclosed in the Compensation Discussion and Analysis section of this Proxy Statement, as well as the compensation tables and related narrative disclosure contained in this Proxy Statement.

Compensation Philosophy and Objectives

The Compensation Committee's executive compensation philosophy is to attract and retain professionals of the highest caliber, who are capable of leading Spectrum to fulfill our ambitious business objectives. The Committee seeks to implement its compensation philosophy by offering competitive compensation opportunities that reward executives for advancing long and short-term financial and strategic goals. When reviewing and approving our executive compensation program, the Committee is guided by the following four key principles:

Attract executives with the proper experience and skills required to achieve our business objectives

Condition a significant portion of potential total compensation on the achievement of Company and individual performance targets, which are designed to create long-term stockholder value

Provide a significant portion of total compensation through the grant of restricted shares and options to align the interests of our executive officers with those of our stockholders

Provide for time-based vesting of stock and option awards to encourage executive officers to remain with the Company over a meaningful period of time (generally at least three years)

Highlights of 2012 Performance

Below is a brief summary of the financial and strategic developments that we believe made 2012 a successful year:

We achieved revenue growth in each quarter during 2012. Our total revenues grew 39%, from \$193.0 million in 2011 to \$267.7 million in 2012, our net income grew 95%, from \$48.5 million in 2011 to \$94.5 million in 2012, and our net cash flow from operations grew from \$43.3 million in 2011 to \$72.0 million in 2012.

We expanded our products and commercial footprint with the addition of FOLOTYN® through our acquisition of Allos Therapeutics. FOLOTYN complements our two oncology products that are already on the market, FUSILEV® and ZEVALIN®.

We acquired ex-U.S. rights to market ZEVALIN, which combined with our existing rights gave us worldwide rights.

We also gained worldwide rights to develop and market SPI-2012, our mid-stage conjugated granulocyte colony-stimulating factor for neutropenia (loss of white blood cells) after chemotherapy.

Edgar Filing: SPECTRUM PHARMACEUTICALS INC - Form DEF 14A

At the end of 2012, we had approximately \$143 million in cash, cash equivalents and investments. In addition, in December 2012, we paid a special cash dividend of \$0.15 per share of common stock, the first dividend we have ever paid on common stock. For 2012, the Committee established aggressive financial and strategic goals for the Chief Executive Officer and our other named executive officers, the achievement of which the Committee believed to be of paramount importance to the continued success of the Company and the accrual of long-term value to our stockholders.

Table of Contents

Although the goals established by the Committee at the beginning of 2012 were aggressive, the Committee determined that they were all met or exceeded. The total compensation paid to our named executive officers in 2012, as determined by the Committee, was ultimately strongly correlated with the achievement of these financial and strategic goals.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses in detail our 2012 compensation program and decisions made by the Committee with respect to the compensation of our executive officers.

Say-on-Pay Vote

This non-binding advisory stockholder vote, commonly referred to as a "Say-on-Pay" vote, gives you as a stockholder the opportunity to approve or not approve the compensation of the named executive officers that is disclosed in this Proxy Statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby **APPROVED**.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Because your vote is advisory, it will not be binding on the Board of Directors, the Committee or Spectrum. However, the Board of Directors and the Committee will, in their discretion, consider your vote when making future executive compensation decisions.

Proxies received in response to this solicitation will be voted **FOR** the approval, on an advisory basis, of the compensation of our named executive officers disclosed in this Proxy Statement unless otherwise specified in the proxy.

Board Recommendation

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION OF THIS PROXY STATEMENT.

Table of Contents**CORPORATE GOVERNANCE****Board Independence**

In determining whether members of our Board of Directors are independent, the Board reviews a summary of the relationships of each director with Spectrum and other facts relevant to the analysis of whether the directors qualify as independent directors under the NASDAQ Listing Rules.

The Board of Directors has affirmatively determined that Drs. Krassner, Maida and Vyas, and Mr. Cohen, are independent directors pursuant to the NASDAQ Listing Rules. All members of the Audit, Compensation, and Nominating and Corporate Governance Committees are independent pursuant to the NASDAQ Listing Rules and the rules promulgated by the SEC.

Board Meeting Attendance

Our Board of Directors met 13 times and acted by unanimous written consent six times during 2012. During the year, overall attendance by directors was 99% at Board meetings and 98% at committee meetings, and each director attended 75% or more of the aggregate meetings of our Board of Directors and the committees on which such director served. Our policy is that every director is expected to attend the annual meeting of our stockholders in-person. If a director is unable to attend a meeting, he or she must notify the Board and attempt to participate in the meeting telephonically, if possible. All of our Board members attended the 2012 Annual Stockholder Meeting. Our Board of Directors met in executive sessions without management 13 times during 2012.

Board Committees

Our Board of Directors has standing Audit, Compensation, Placement, Product Acquisition and Nominating and Corporate Governance Committees. Our Audit, Compensation and Nominating and Corporate Governance Committees each act pursuant to a written charter. Copies of the Audit, Compensation and Nominating and Corporate Governance Committee charters are posted on our website at <http://www.sppirx.com>. Table of Contents

Principal responsibilities of the Audit Committee include but are not limited to:

Appointing, compensating, retaining and overseeing the work of the independent registered public accounting firm;

Overseeing and monitoring internal controls, procedures, the audit function, accounting procedures and financial reporting process; and

Reading and discussing with management and the independent registered public accounting firm the annual audited, and quarterly unaudited, financial statements.

Compensation Committee. In 2012, the Compensation Committee was comprised of Drs. Krassner (Chair), Arora and Maida. The Compensation Committee held two meetings and acted by unanimous written consent one time during 2012. Our Board of Directors determined that each of the members was independent within the meaning of the NASDAQ Listing Rules and a non-employee director within the meaning of Rule 16b-3 under the Exchange Act.

For additional information about the role and responsibilities of the Compensation Committee, as well as the role that compensation consultants play in the executive compensation process, see the discussions under the headings Role of Compensation Committee and Peer Group Data in the Compensation Discussion and Analysis portion of this Proxy Statement.

Placement Committee. In 2012, the Placement Committee was comprised of Drs. Shrotriya (Chair), Krassner, Maida and Arora, and Mr. Gueth. The Placement Committee has the authority to act on behalf of the Board for approving and evaluating all issuances of our securities (other than stock options, restricted stock and other grants for compensation purposes, which is handled by the Compensation Committee or the Board), including the authority to set the terms of each security being issued, including, without limitation, common stock, warrants, preferred stock or other securities convertible into common stock. The Placement Committee did not meet during 2012.

Nominating and Corporate Governance Committee. In 2012, the Nominating and Corporate Governance Committee was comprised of Drs. Maida (Chair), Arora and Krassner, and Mr. Gueth. Our Board of Directors determined that each of the members was independent under the NASDAQ Listing Rules. The Nominating and Corporate Governance Committee's responsibilities include, but are not limited to: the identification and recommendation of nominees for election as directors by the stockholders; the identification and recommendation of candidates to fill any vacancies on our board; and the recommendation of policies and standards of corporate governance. The Nominating and Corporate Governance Committee met one time in 2012.

In selecting and making recommendations to the Board for director nominees, the Nominating and Corporate Governance Committee may consider suggestions from many sources, including our stockholders. Any such director nominations, together with appropriate biographical information and qualifications, should be submitted by the stockholder(s) to the Chairman of the Nominating and Corporate Governance Committee of our Board of Directors, c/o Spectrum Pharmaceuticals, Inc., 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052. Director nominees submitted by stockholders are subject to the same review process as director nominees submitted from other sources, such as other Board members or senior management. No director nominations by stockholders have been received as of the filing of this Proxy Statement.

The Nominating and Corporate Governance Committee considers a number of factors when reviewing potential nominees for the Board. The factors which are considered by the Nominating and Corporate Governance Committee include the following: the candidate's ability and willingness to commit adequate time to

Table of Contents

Board and committee matters; the fit of the candidate's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to our needs; the candidate's personal and professional integrity, ethics and values; the candidate's experience in corporate management, such as serving as an officer or former officer of a publicly-held company; the candidate's experience in our industry and with relevant social policy concerns; the candidate's experience as a Board member of another publicly-held company; whether the candidate would be independent under applicable standards; whether the candidate has practical and mature business judgment; and the candidate's academic expertise in an area of our operations. In addition to the factors set forth above, the Nominating and Corporate Governance Committee also strives to create diversity in perspective, background and experience in the Board as a whole.

In identifying, evaluating and selecting future potential director nominees for election at each Annual Meeting of Stockholders and nominees for directors to be elected by the Board to fill vacancies and newly created directorships, the Nominating and Corporate Governance Committee engages in a selection process. In identifying potential nominees, the Nominating and Corporate Governance Committee will consider as potential director nominees candidates recommended by various sources, including any member of the Board, any of our stockholders or senior management. In appropriate circumstances, the Nominating and Corporate Governance Committee may also hire a search firm to help locate qualified candidates. Once potential nominees are identified, they are initially reviewed by the Chairman of the Nominating and Corporate Governance Committee, or in the Chairman's absence, any other member of the Nominating and Corporate Governance Committee delegated to initially review director candidates. The reviewing member of the Nominating and Corporate Governance Committee will make an initial determination in his or her own independent business judgment as to the qualifications and fit of such director candidates based on the criteria set forth above. If the reviewing member determines that it is appropriate to proceed, the Chief Executive Officer and at least one member of the Nominating and Corporate Governance Committee will interview the prospective director candidate(s). The full Nominating and Corporate Governance Committee may interview the candidates as well. The Nominating and Corporate Governance Committee will provide informal progress updates to the Board and will meet to consider and recommend final director candidates to the entire Board of Directors. Our Board of Directors determines which candidates are nominated or elected to fill a vacancy.

Product Acquisition Committee. In 2012, the Product Acquisition Committee was comprised of Drs. Shrotriya (Chair), Lenaz and Maida, and Mr. Gagnon. The Product Acquisition Committee is responsible for evaluating our product acquisition opportunities. The Product Acquisition Committee did not meet during 2012. Instead, the full Board previously considered and approved the 2012 investments and activities related to product acquisitions.

Board Leadership Structure

Currently, our Chief Executive Officer, Dr. Rajesh C. Shrotriya, serves as Chairman of our Board of Directors. The Board believes that Dr. Shrotriya is the director best situated to identify strategic opportunities for our Company and to focus the activities of the Board due to his full-time commitment to the business and his long tenure with our Company. The Board also believes that Dr. Shrotriya's dual roles as Chairman of the Board and Chief Executive Officer promotes effective execution of our business strategy and facilitates information flow between management and the Board. Our Board has determined that maintaining the independence of a majority of our directors helps maintain the Board's independent oversight of management and ensures that the appropriate level of independence is applied to all Board decisions. In addition, our Audit, Compensation and Nominating and Corporate Governance Committees, which oversee critical matters such as our accounting principles, financial reporting processes and system of disclosure controls and internal controls over financial reporting, our executive compensation program and the selection and evaluation of our directors and director nominees, each consist entirely of independent directors.

Risk Oversight

Management is responsible for identifying our risk exposures and communicating such exposures to our Board. Our Board is responsible for implementing our risk oversight responsibilities. The Board does not have a

Table of Contents

standing risk management committee, but administers this function directly through the Board as a whole, as well as through committees of the Board. For example, the Audit Committee assists the Board in its risk oversight function by reviewing and discussing with management our accounting principles and procedures, financial reporting processes and system of disclosure controls and internal controls over financial reporting. The Nominating and Corporate Governance Committee assists the Board in its risk oversight function by periodically reviewing and discussing with management important corporate governance principles and practices and by considering risks related to our director nominee evaluation process. The Compensation Committee assists the Board in its risk oversight function by overseeing compliance with our executive compensation programs and considering risks relating to the design of our executive compensation programs and arrangements. In addition, our compliance officer monitors our corporate compliance program and our compliance with applicable laws, rules and regulations and provides reports to our Board with respect to compliance matters and any related issues. The full Board considers strategic risks and opportunities and receives reports from the committees regarding risk oversight in their areas of responsibility as necessary. We believe our Board leadership structure facilitates the division of risk management oversight responsibilities among the Board committees and enhances the Board's effectiveness in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

Communications with the Board of Directors

Stockholders who wish to contact members of our Board of Directors may send email correspondence to: *ir@sppirx.com*. If stockholders would like to write to the Board of Directors, they may also send written correspondence to the following address: Spectrum Pharmaceuticals, Inc., Board of Directors, 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052. All other correspondence will be referred to the chairperson of the Nominating and Corporate Governance Committee. To the extent correspondence is addressed to a specific director or requires a specific director's attention, it will be directed to that director.

Executive Summary

We are encouraged by Spectrum's achievements in 2012, which we believe put us in a good position in 2013 to continue to work towards our long-term goals. Below is a brief summary of the financial and strategic developments that we believe made 2012 a successful year:

We achieved revenue growth in each quarter during 2012. Our total revenues grew 39%, from \$193.0 million in 2011 to \$267.7 million in 2012, our net income grew 95%, from \$48.5 million in 2011 to \$94.5 million in 2012, and our net cash flow from operations grew from \$43.3 million in 2011 to \$72.0 million in 2012. See the chart below for an illustration of our performance with respect to these financial metrics over the past three years.

- (1) For this purpose, Cash Flow is defined as net cash from operating activities as determined by reference to our Annual Reports on Form 10-K for the fiscal years ended December 31, 2012, December 31, 2011 and December 31, 2010.

We expanded our products and commercial footprint with the addition of FOLOTYN® through our acquisition of Allos Therapeutics. FOLOTYN is an approved chemotherapy drug used to treat relapsed or refractory peripheral T-cell lymphoma, which complements our two oncology products that are already on the market, FUSILEV® and ZEVALIN®.

We acquired ex-U.S. rights to market ZEVALIN, an approved chemotherapy drug used to treat non-Hodgkin's lymphoma, which gave us worldwide rights.

We gained worldwide rights to develop and market SPI-2012, our mid-stage conjugated granulocyte colony-stimulating factor for neutropenia (loss of white blood cells) after chemotherapy.

We made key senior hires, adding Joseph (Ken) Keller as Executive Vice President and Chief Operating Officer, and Joe Turgeon as Senior Vice President and Chief Commercial Officer. Before joining Spectrum, both Ken and Joe had more than 20 years in key operational roles at major biopharmaceutical companies.

At the end of 2012, we had approximately \$143 million in cash, cash equivalents and investments. In addition, in December 2012, we paid a special cash dividend of \$0.15 per share of common stock, the first dividend we have ever paid on common stock. For 2012, the Committee established aggressive financial and strategic goals for the Chief Executive Officer and our other named executive officers the achievement of which the Committee believed to be of paramount importance to the continued success of the Company and the accrual of long-term value to our stockholders. These goals included financial goals relating to revenue growth, increasing profitability, and managing our cash

Table of Contents

and cash equivalents. They also included strategic goals relating to acquiring commercial products, maintaining strategic alliances, managing our product pipeline, advancing clinical studies, and hiring key members of our management team.

Although the goals established by the Committee at the beginning of 2012 were aggressive, the Committee determined that they were all met or exceeded. The total compensation paid to our named executive officers in 2012, as determined by the Committee, was ultimately strongly correlated with the achievement of our 2012 financial and strategic goals, as described in greater detail below.

Of course, we will always face challenges in our business. As previously announced, the most significant recent challenge was a change in ordering patterns for FUSILEV, which caused us to reduce our revenue projections for 2013. Because such challenges are ever present in our business, we have followed a diversification strategy so that our future growth and success is not dependent on any one product.

Compensation Philosophy and Objectives

The Committee's executive compensation philosophy is to attract and retain professionals of the highest caliber, who are capable of leading Spectrum to fulfill our ambitious business objectives. The Committee understands that competition for attracting the talent in the pharmaceutical industry is very intense, and that such competition is international in scope. The Committee also understands that, notwithstanding the Company's strong financial performance over the past two years, it is still in the process of positioning itself to be a significant player in the market for specialty oncology and hematology treatments. As a result, our executive compensation packages must be designed to encourage exceptional candidates to make a decision to join Spectrum over other potential employers, including biotechnology and pharmaceutical companies that are much larger and better known than Spectrum. The Committee seeks to implement its compensation philosophy by offering competitive compensation opportunities that reward executives for advancing long and short-term financial and strategic goals.

When reviewing and approving our executive compensation program, the Committee is guided by the following four key principles:

Attract executives with the proper experience and skills required to achieve our business objectives

Condition a significant portion of potential total compensation on the achievement of Company and individual performance targets, which are designed to create long-term stockholder value

Provide a significant portion of total compensation through the grant of restricted shares and options to align the interests of our executive officers with those of our stockholders

Provide for time-based vesting of restricted share and option awards to encourage executive officers to remain with the Company over a meaningful period of time (generally at least three years)

The Committee takes into account various qualitative and quantitative indicators of Company and individual performance in determining the level and structure of compensation for the named executive officers. The Committee generally considers Company financial performance measures such as total revenue and profitability. The Committee also appreciates the importance of achievements that may be difficult to quantify, and accordingly recognizes qualitative factors such as the completion of the acquisition of commercial products, the advancement of product candidates, obtaining regulatory approvals, success in clinical trials, and demonstrated leadership ability.

The Committee generally believes that using a combination of three principal compensation elements—base salary, annual cash bonus, and equity awards—effectively supports our executive compensation objectives. The Committee also uses other compensation elements, including appropriate benefits and perquisites, which it views as a necessary portion of an effective executive compensation program. However, since Spectrum is a rapidly

Table of Contents

growing company, the Committee believes it is difficult to pinpoint specific competitive market levels to target for each element of compensation. Instead, the Committee strives to position the potential total compensation delivered to the named executive officers at the top end of a pre-identified peer group in order to recruit and retain top talent, compensate the named executive officers for exceptional Company performance, and encourage outstanding future performance. In particular, in establishing total compensation for the named executive officers for 2012, the Committee recognized the Company's exceptional financial performance in 2012.

In determining the value or amount paid with respect to each compensation element, the Committee generally seeks to weight the compensation mix heavily towards performance-based compensation, which we refer to as at risk compensation, and seeks to limit the level of guaranteed compensation (especially guaranteed cash compensation). In doing so, the Committee is mindful of the appropriate mix between guaranteed pay and at risk pay so as to mitigate compensation-related risk. The Committee also strives to provide a larger proportion of the total compensation opportunity in the form of non-cash components (such as restricted shares and options) rather than cash components (such as base salary and annual cash bonuses). The Committee does so to allow the named executive officers to be financially rewarded for exceptional Company performance and to further align the interests of the named executive officers with those of our stockholders. However, notwithstanding the foregoing general principles, the Committee has not established any formal policies or guidelines for allocating between long-term and currently paid compensation, cash and non-cash compensation, or at risk and guaranteed compensation.

Table of Contents

Cash vs. Non-Cash Compensation

The following chart illustrates the various elements of the compensation package paid to the Chief Executive Officer in 2012. The cash components (base salary, annual cash bonuses, and all other compensation) of the Chief Executive Officer's compensation package represented only 27% of his potential 2012 compensation and approximately 73% was in the form of non-cash components (restricted shares and options). These amounts are based on the amounts set forth in the Summary Compensation Table for base salary, bonus, stock awards, option awards, and all other compensation.

As is evident from the chart above, the majority of the Chief Executive Officer's 2012 compensation was in the form of non-cash equity incentive opportunities. This is consistent with the Committee's philosophy of providing a significant portion of total compensation through the grant of equity incentive awards (restricted shares and options) in order to weight compensation more heavily towards non-cash compensation and to align the interests of the Chief Executive Officer with those of our stockholders.

Table of Contents

At Risk vs. Guaranteed Compensation

The following chart illustrates that the guaranteed pay (base salary and all other compensation) of the Chief Executive Officer was only 11% of his potential 2012 compensation and approximately 89% was at risk pay (annual cash bonuses and equity incentive awards) that was dependent on Company or individual performance (including performance of the Company's stock price). These amounts are based on the amounts set forth in the Summary Compensation Table for base salary, bonus, stock awards, option awards, and all other compensation.

As is evident from the chart above, the vast majority of the Chief Executive Officer's 2012 compensation was in the form of pay which was at risk, and therefore not guaranteed to be earned by the Chief Executive Officer. This is consistent with the Committee's philosophy of providing a significant portion of potential total compensation based on the achievement of Company and individual performance targets, which are designed to be tied to the creation of long-term stockholder value.

The Committee believes that its overall executive compensation philosophy is effective at achieving its objectives of attracting and retaining top executives with the skills necessary to achieve our business objectives, aligning the interests of the executives with those of our stockholders, encouraging the achievement of short-term and long-term financial and strategic objectives, and properly allocating between at risk and guaranteed compensation.

Role of Compensation Committee

The Committee was appointed by the Board of Directors, and consists entirely of directors who are independent directors under the applicable NASDAQ Listing Rules, outside directors for purposes of Section 162(m) of the Code, and non-employee directors for purposes of Rule 16b-3 under the Exchange Act.

Table of Contents

The Committee is responsible for, among other things, reviewing compensation information from peer group companies and other companies within our industry to generally consider our compensation plans in light of current market practices; reviewing and recommending to the full Board the compensation of the Chief Executive Officer and our other named executive officers, including the various elements of compensation; reviewing and recommending to the full Board offer letters, employment agreements, severance agreements and other arrangements with our named executive officers, and analyzing individual and Company achievements with respect to performance targets. The Committee also administers the Company's equity-based compensation plans, and provides recommendations to the full Board regarding the grant of equity awards to the Chief Executive Officer and other named executive officers pursuant to those plans. In addition, the Committee prepared and approved the Report of the Compensation Committee for inclusion in this Proxy Statement. In performing its duties, the Committee, in its discretion, may retain or replace any independent counsel, compensation and benefits consultants or other outside expert or advisor that the Committee believes to be necessary or advisable, and the Committee has the sole authority to approve the compensation of such persons. The Committee met twice during 2012 and acted once by unanimous written consent.

Role of Executive Officers

The Committee generally solicits input from the Chief Executive Officer in determining the amount and elements of compensation payable to the named executive officers. The Chief Executive Officer also generally assists the Committee in establishing specific Company financial and strategic goals that are ultimately used to determine whether certain compensation elements (such as annual cash bonuses) have been earned. However, while the Chief Executive Officer discusses his recommendations with the Committee, he does not participate in deliberation or determination with respect to his own compensation.

The Committee relies on the recommendations of the Chief Executive Officer when assessing the individual performance of the other named executive officers. However, the ultimate determination of the amount of any cash or equity incentive awards is in the discretion of the full Board relying upon recommendations of the Committee.

The other members of management are not present at meetings of the Committee and such other persons do not participate in Committee discussions regarding executive compensation decisions.

Peer Group Data

In 2012, the Committee retained Radford, an Aon Hewitt company, to conduct a competitive review of our executive compensation program. Radford is a leading global provider of compensation services to life sciences companies. The Committee tasked Radford with compiling data on executive compensation at selected peer group companies, and with providing guidance on the Company's compensation practices. Radford's work also included analyzing the Company's historical pay practices and presenting recommendations regarding the Company's current pay practices, including with respect to our executive compensation philosophy, the amount of cash compensation (salary and annual cash bonuses), and the amount and mix of equity compensation. Radford presented a report to the Committee in September 2012, which the Committee reviewed and discussed with Radford.

The peer group that Radford selected, which the Committee approved, consisted of the following publicly traded pharmaceutical companies: Acorda Therapeutics, Alkermes, Amarin, Auxillium Pharmaceuticals, BioMarin Pharmaceutical, Cubist Pharmaceuticals, Dendreon, Halozyme Therapeutics, Idenix Pharmaceuticals, Incyte, Isis Pharmaceuticals, Jazz Pharmaceuticals, Momenta Pharmaceuticals, NPS Pharmaceuticals, Onyx Pharmaceuticals, Optimer Pharmaceuticals, Questcor Pharmaceuticals, Salix Pharmaceuticals, Santarus, SciClone Pharmaceuticals, The Medicines Company, Theravance, Vertex Pharmaceuticals, and ViroPharma (collectively, the Peer Group). In general, the Peer Group was selected based on companies the Committee

Table of Contents

perceived to be operating in the same industry, at a similar stage of development, and with a similar scale of operations. In particular, the Committee considered biotechnology/pharmaceutical companies that have at least one commercial product on the market, companies with revenues of between \$100 million and \$1 billion, and companies with market capitalization of between approximately \$500 million and \$3 billion.

The Radford report was used by the Committee to review and understand the level of total compensation, and the level and mix of base salaries, annual cash bonuses, annual and long-term equity incentive awards and other benefits and perquisites provided to executives of companies within the Peer Group. However, the Committee did not benchmark total compensation, or any particular component of executive compensation, to that of other companies. Instead, the Committee reviewed compensation data from other companies, including information from the Radford report and additional third-party compensation survey data, in an effort to obtain a general understanding of current compensation practices and as one of several components in making its executive compensation decisions. Additionally, the Committee took into consideration the achievements of performance goals. The goals are described in greater detail under the heading Annual Cash Bonuses.

Key Elements of Executive Compensation

In light of our executive compensation philosophy and objectives, the Committee has determined that the principal elements of compensation for our named executive officers shall be:

Base Salary

Annual Cash Bonus

Equity Incentive Awards (Restricted Shares and Options)

Benefits and Perquisites

Payments upon Termination of Employment or Change-in-Control

Information regarding each of these elements is provided in the following chart and then each element is discussed individually in greater detail below.

Type	Form	Purpose	Performance Criteria
Cash	Base Salary	Fixed annual compensation to attract and retain key executives; guaranteed base amount of compensation	Guaranteed pay; not performance-based
Cash	Annual Cash Bonuses	Incentive for executives to achieve Company and individual goals; encourage performance that leads to achievement of Company goals that are designed to create long-term stockholder value	At risk pay; Company and individual performance goals (both quantitative and qualitative) approved by the Committee in advance; goals for 2012 included revenue growth, increased profitability, cash management, commercial product acquisitions, product pipeline development, etc. (see Annual Cash Bonuses below)

Table of Contents

Type	Form	Purpose	Performance Criteria
Equity	Equity Incentive Awards (Restricted Shares and Options)	Incentive to work towards achieving exceptional Company stock performance; encourage retention of key executives through time-based vesting; align interests of executives with those of stockholders	At risk pay; value accrues to executives through increases in Company stock price (see Equity Incentive Awards below)
Benefits and Perquisites	401(k) contributions; Deferred Compensation Plan; health and welfare benefits; long-term disability insurance; life insurance	Provide competitive, broad-based employee benefits structure necessary to attract and retain executives; benefits are generally offered to all full-time employees (with exception of Deferred Compensation Plan)	Guaranteed pay; not performance-based
Severance/Change of Control Payments	Employment Agreement for Chief Executive Officer; provisions of equity incentive plan awards	To recruit and retain key executives; maintain a stable and effective management team in the event of a change of control or other significant Company event	Not performance-based

Base Salary

We provide base salaries to attract and retain executives with the proper experiences and skill sets required to assist us in achieving our business objectives. Base salaries provide a guaranteed base level of compensation that comprises a standard element of executive compensation packages within our industry.

The base salaries of our named executive officers are established as part of an annual compensation review undertaken by the Committee. Base salaries for a particular fiscal year are generally established either at the end of the prior year or the beginning of the current year (in which case they are generally retroactive to the beginning of the year). The base salaries for 2012 were set by the Committee at the end of 2011.

In establishing the base salaries for 2012, the Committee considered each named executive officer's role and level of responsibility at the Company, recent individual performance, perceived impact on Company results, and overall Company performance. The Committee also considered information regarding salary levels paid to executives with similar titles and levels of responsibility within the Peer Group, as provided in the Radford report.

In light of the consideration of these factors, the base salaries approved by the Committee for the named executive officers in 2011 and 2012 were as follows:

Executive	2011	2012
	Base Salary	
Rajesh C. Shrotriya, M.D. ⁽¹⁾	\$ 700,000	\$ 800,000
Joseph K. Keller ⁽²⁾		\$ 525,000
Brett L. Scott ⁽¹⁾	\$ 240,000	\$ 250,000

Table of Contents

(1) Base salary changes for Dr. Shrotriya and Mr. Scott were effective on January 1, 2012.

(2) Mr. Keller's base salary was effective September 1, 2012, the date on which he was hired.

Annual Cash Bonuses

As discussed above, the Committee believes it is important to tie a meaningful portion of the total compensation potential for the named executive officers to the achievement of Company financial and strategic performance targets, as well as to the achievement of individual performance targets, that will result in the creation of long-term stockholder value. The Committee also seeks to limit guaranteed pay in favor of pay that is at risk. One compensation component that has historically been utilized to address these objectives is annual cash bonuses that are earned based on the achievement of pre-established Company and individual performance goals.

Chief Executive Officer. At the beginning of each year (or at the end of the prior year), the Committee, together with input from the Chief Executive Officer, reviews our financial and strategic objectives for the current (or the next) year and then establishes specific Company financial and strategic goals for the Chief Executive Officer. By establishing these goals in advance, the Committee sets appropriate Company and individual performance expectations for the Chief Executive Officer and makes him primarily accountable for the achievement of the goals, which the Committee believes will lead to our continued growth and success and result in the creation of long-term value for our stockholders. In general, the Chief Executive Officer will only receive payment with respect to achievement of the performance goals if he and the Company meet or exceed the various performance targets. The Committee typically awards annual cash bonuses to executives towards the end of the year (or at the beginning of the next year). Annual cash bonuses for 2012 were recommended by the Committee, approved by the Board, and paid in December 2012.

While the Committee generally does set Company and individual performance targets that must be met in order for the Chief Executive Officer to be eligible to receive an annual cash bonus (which targets are communicated to and reviewed by the Chief Executive Officer in advance), the Committee generally does not establish an actual targeted cash bonus amount for the Chief Executive Officer during the year. Instead, the actual cash bonus awarded to the Chief Executive Officer, if any, with respect to a particular fiscal year is ultimately determined by the Committee at the end of the year (or the beginning of the following year) based on an assessment of numerous factors, including the Company's achievement with respect to the pre-established Company financial and strategic objectives, and the Chief Executive Officer's achievement with respect to the pre-established individual performance targets, as well as a comprehensive review of overall Company performance, an assessment of the likely future performance of the Company, and a review of the information from the Peer Group, as set forth in the Radford report, about the level of annual cash bonus amounts (and total cash amounts) paid to similarly situated executive officers. Notably, while the annual cash bonuses paid by the Company have components of a performance-based incentive plan award, they also have a discretionary component to them. For this reason, the annual cash bonus amounts are generally disclosed as bonuses in the Summary Compensation Table (rather than as non-equity incentive plan awards).

Table of Contents

For 2012, the Committee, together with input from the Chief Executive Officer, established the following key financial and strategic performance goals for the Company and the Chief Executive Officer:

Key Financial Goals

Table of Contents

As summarized in the table above, the Committee determined that the Company and the Chief Executive Officer accomplished all of the major financial and strategic goals established by the Committee at the beginning of 2012. In doing so, the Company was able to substantially exceed its financial performance in 2011 and met or exceeded important strategic objectives that the Committee believed were critical to the Company's continued success. Importantly, the Company also performed well as compared to the companies within the Peer Group, and within the NASDAQ Biotechnology Index, with respect to important financial metrics such as total revenue growth. In determining the amount of the annual cash bonus amount to award to the Chief Executive Officer, the Committee took into account these factors as well as the fact that the Chief Executive Officer had the principal authority and executive decision-making ability required to execute our various financial and strategic goals and objectives. In particular with respect to the latter point, the Committee noted that the Chief Executive Officer has been instrumental in our transformation from a small drug development company to a much larger biotechnology company with multiple commercial products and fully integrated commercial and drug development operations. The Committee believed that these accomplishments, in the aggregate, merited a significant annual cash bonus award in line with the prior year. In addition, in light of the Company's performance relative to the Peer Group (and to the companies within the NASDAQ Biotechnology Index generally), the Committee felt the annual cash bonus award should be at or above the top end of annual cash bonuses for similarly situated officers in the Peer Group, as provided in the Radford report. The amount of the annual cash bonus paid to the Chief Executive Officer was recommended by the Committee and subsequently approved by the full Board (with the Chief Executive Officer abstaining from the decision).

Based on this assessment, and in light of the factors discussed above, the Committee approved a 2012 annual cash bonus award for the Chief Executive Officer in the amount set forth in the table below:

Name	2012 Annual Cash
	Bonus (\$)
Rajesh C. Shrotriya, M.D.	1,600,000 ⁽¹⁾

⁽¹⁾ As is evident from the Summary Compensation Table, notwithstanding the Company's exceptional 2012 performance with respect to important quantitative and qualitative performance metrics, the 2012 annual cash bonus amount was approximately 16% lower than in 2011.

Other Named Executive Officers. The process for determining the annual cash bonus awards for our other named executive officers (besides the Chief Executive Officer), is generally similar to what is described above. For 2012, the Committee took into account the Company's performance with respect to the financial and strategic performance goals already discussed above, as well as the individual performance of the other named executive officers. The Committee assessed the individual performances of the other named executive officers and also considered the recommendations of the Chief Executive Officer. The other named executive officers reported directly to the Chief Executive Officer throughout the year and so, the Committee believes, he was in a position to provide a meaningful assessment of their capabilities and contributions to the Company. However, the amount of the annual cash bonus paid to our other named executive officers was ultimately recommended by the Committee and subsequently approved by the full Board.

Based on this assessment, and in light of the factors discussed above, the Committee approved 2012 annual cash bonus awards for the other named executive officers in the amounts set forth in the table below:

Name	2012 Annual Cash
	Bonus (\$)
Joseph K. Keller ⁽¹⁾	213,000
Brett L. Scott	50,000

⁽¹⁾ Mr. Keller's bonus was pro-rated for 2012 as his employment began on September 1, 2012.

Table of Contents

Equity Incentive Awards

As discussed above, the Committee believes that it is important to provide a significant portion of the named executive officers' total compensation through the grant of equity incentive awards in order to align the interests of our named executive officers with those of our stockholders. This also represents an additional way in which the Committee seeks to limit guaranteed pay in favor of pay that is at risk. Furthermore, the Committee believes that granting equity incentive awards that vest over time encourages executives to remain with the Company over a meaningful period of time. In order to accomplish these objectives, the Committee has historically granted the named executive officers a combination of options and restricted shares. While these types of awards are different in some respects, they are similar in that their respective values are directly tied to the price of our common stock.

During the past several years, we have granted options pursuant to the 2009 Plan, which was previously approved by our Board and stockholders. In accordance with the terms of the 2009 Plan, the exercise price of options granted pursuant to the 2009 Plan is set at the closing price of our common stock on the date of grant. We believe that options are an important element of total named executive officer compensation because options:

Are consistent with our philosophy of aligning the interests of our named executive officers with those of our stockholders, because value is created for the executives only if the share price of our common stock increases during the option term

Help to retain executives through the use of time-based vesting provisions that provide for vesting over a multi-year period. During the past several years, we have also granted restricted shares pursuant to the 2009 Plan. Recipients are generally not required to pay for the shares of restricted stock, as they are granted for compensation purposes, although they are required to pay applicable taxes on the fair value of such grants as they vest. We believe restricted shares are an important element of total named executive officer compensation because restricted shares:

Result in immediate value to the recipients (unlike options which require an increase in stock price following the date of grant to create value), which allows us to immediately compensate the named executive officers for individual and Company performance (subject to the vesting of the restricted shares in accordance with their terms)

Are consistent with our philosophy of aligning the interests of our named executive officers with those of our stockholders, because additional value is created for the executives only if the share price of our common stock increases while the executive continues to hold the shares

Help to retain executives through the use of time-based vesting provisions that provide for vesting over a multi-year period

Annual Awards. The Committee generally approves the grant of restricted shares and options annually, or as circumstances warrant, in amounts determined by the Committee in its discretion. The Committee may recommend grants of restricted shares and/or options to our named executive officers as well as to other employees, which are subsequently approved by the full Board. In determining the number of restricted shares and/or options to grant to a particular named executive officer, the Committee takes into account numerous factors, including: the executive's role and level of responsibility within the Company, the Company's performance with respect to the pre-established financial and strategic objectives discussed above, the Company's overall financial performance and performance relative to the Peer Group and the NASDAQ Biotechnology Index, the Committee's assessment of the named executive officer's past performance and perceived impact on Company performance, and the named executive officer's stock and option holdings at the time of grant. The Committee also considers information regarding equity grants made to, and the aggregate equity holdings of, executives with similar titles and levels of responsibility within the Peer Group and the NASDAQ Biotechnology Index generally, including information provided in the Radford report. The Committee

Table of Contents

typically grants annual restricted share and option awards towards the end of the year (or at the beginning of the next year). Annual awards for 2012 were determined by the Committee and granted in December 2012 for the Chief Executive Officer, and in September 2012 for our other named executive officers.

The Committee has not adopted any formal policies or guidelines for determining the allocation of restricted shares versus options to a particular named executive officer. However, in general, the Committee will recommend the grant of a greater number of options than shares of restricted stock to any given named executive officer. This is principally because the Committee recognizes that restricted shares provide immediate value to recipients upon vesting and therefore involve less risk than options. Nonetheless, the Committee retains discretion to recommend grants in amounts it deems appropriate.

In determining the appropriate grant of restricted shares and options to be made to the Chief Executive Officer in 2012, the Committee relied on the framework described above. In doing so, the Committee recognized that:

the Company and the Chief Executive Officer accomplished all of the major financial and strategic goals established by the Committee at the beginning of 2012 (see Annual Cash Bonuses above)

the Company was able to substantially exceed its 2011 financial performance and met or exceeded important strategic objectives that the Committee believes are critical to the Company's continued success

the Company performed well as compared to the companies within the Peer Group, and within the NASDAQ Biotechnology Index, with respect to important financial metrics such as total revenue growth

the Chief Executive Officer had the principal authority and executive decision-making ability required to execute our various financial and strategic goals and objectives

The Committee believed that these accomplishments, in the aggregate, merited a significant grant of restricted share and option awards.

The Committee approved a 2012 grant of restricted shares and options to the Chief Executive Officer in the amounts set forth in the table below:

Name	Restricted Shares (#) ⁽¹⁾⁽²⁾	Options (#) ⁽¹⁾⁽²⁾
Rajesh C. Shrotriya, M.D.	163,139	964,665

- (1) These awards vest as to 25% of the shares on the date of grant, and the balance of the shares vest in three equal annual installments on each of the first three anniversaries of the date of grant.
- (2) As is evident from the Summary Compensation Table, notwithstanding the Company's exceptional 2012 performance with respect to important quantitative and qualitative performance metrics, the grant date fair value of the restricted shares and options granted to the Chief Executive Officer in 2012 was approximately 67% lower than in 2011. This was principally due to the issuance in 2011 of shares of our common stock pursuant to the Management Incentive Plan in response to the achievement by the Company of a \$750 million market capitalization target (see Management Incentive Plan below). No shares were issued pursuant to the Management Incentive Plan in 2012. The process for determining the annual restricted share and option grants made to our other named executive officers (besides the Chief Executive Officer), is generally similar to what is described above. For 2012, the Committee took into account the Company's performance with respect to the financial and strategic performance goals already discussed above, as well as the individual performance of the other named executive officers. The Committee's assessment of individual performance also considered the recommendations of the Chief Executive Officer. However, the amount of the restricted share and option award grants made to our other named executive officers was ultimately recommended

by the Committee and subsequently approved by the full Board.

Table of Contents

The Committee approved 2012 grants of restricted shares and options for the other named executive officers in the amounts set forth in the table below:

Name	Restricted Shares (#) ⁽¹⁾	Options (#) ⁽¹⁾
Joseph K. Keller	120,000	300,000
Brett L. Scott		25,000

(1) These awards vest as to 25% of the shares on the date of grant, and the balance of the shares vest in three equal annual installments on each of the first three anniversaries of the date of grant.

Management Incentive Plan. With the goal of further encouraging long-term Company performance and further aligning the interests of the named executive officers with those of our stockholders, on April 22, 2011, the Board adopted a Long-Term Retention and Management Incentive Plan, or the Management Incentive Plan. The Management Incentive Plan provides that, upon the achievement by the Company of a \$750 million market capitalization (as defined in the Management Incentive Plan) target for at least 20 consecutive business days, referred to as the Initial Capitalization Target, and upon the achievement by the Company of a \$1 billion market capitalization target for at least 20 consecutive business days, referred to as the Subsequent Capitalization Target, the named executive officers are entitled to receive additional shares of common stock pursuant to the 2009 Plan. Shares granted pursuant to the Management Incentive Plan are immediately vested. The Management Incentive Plan will terminate on April 22, 2016, the fifth anniversary of its effective date.

On December 23, 2011, the Initial Capitalization Target was achieved and shares of our common stock were issued under the Management Incentive Plan to each of the named executive officers. The Chief Executive Officer received 520,000 shares upon the achievement of the Initial Capitalization Target and Mr. Scott received 86,500 shares. Such shares were immediately vested. No shares were issued pursuant to the Management Incentive Plan in 2012.

In the event that the Subsequent Capitalization Target is achieved, the Chief Executive Officer will be entitled to receive an additional 260,000 shares pursuant to the Management Incentive Plan and Mr. Scott will be entitled to receive 43,250 shares. Such shares shall be immediately vested.

Benefits and Perquisites

The named executive officers are eligible to receive benefits that are generally available to all Spectrum employees, including health insurance, long-term disability insurance, life insurance and vacation pay. As with other employees, the named executive officers are required to make contributions to the Company to offset a portion of the cost of certain benefit plans.

We also maintain a 401(k) Plan and an Employee Stock Purchase Plan, each of which are generally available to all employees. The 401(k) Plan provides matching employee contributions in shares of our common stock up to applicable limits. The Employee Stock Purchase Plan provides employees with the opportunity to purchase our common stock through accumulated payroll deductions, at a 15% discount to the lesser of (i) the market price of the stock at the beginning of the period, and (ii) the market price of the stock at the end of the period. These Plans are designed to encourage employees to save for retirement and to encourage ownership of shares of our common stock. We believe they provide an additional incentive for our employees to contribute towards our continued success and align the interests of our employees with those of our stockholders.

In addition, in 2011, in an effort to continue to enhance our ability to attract and retain talented employees, our Board approved the Deferred Compensation Plan. The Plan is administered by the Committee and is intended to be an unfunded plan. The Plan is maintained primarily to provide deferred compensation benefits for a select group of our employees, including our named executive officers. Under the Plan, we provide participants with

the opportunity to make annual elections to defer up to a specified amount or percentage of their eligible cash compensation, as established by the Committee. In addition, we have the option, but not the obligation, to make discretionary or matching cash contributions to employees under the Plan. Additional detail regarding the Plan is set forth below under the heading Nonqualified Deferred Compensation.

Payments upon Termination of Employment or Change-in-Control

The Chief Executive Officer has an employment agreement that provides for the payment of certain benefits upon separation from Spectrum under specified circumstances. The benefits provided are designed to protect earned benefits in the case that the Chief Executive Officer is terminated without cause or as a result of a change in control of Spectrum, and to encourage the Chief Executive Officer to act in the best interests of the stockholders at all times during the course of a change in control transaction or other significant event involving Spectrum. The level of benefits provided under the agreement reflects the Committee's assessment of market conditions and are designed to provide a competitive level of compensation if the Chief Executive Officer is impacted by a termination without cause or in connection with a change in control of Spectrum, as well as recognition of the results achieved by the Chief Executive Officer over his years of service to the Company.

Under the employment agreement, the Chief Executive Officer will receive certain severance benefits, which differ depending on the circumstance, if he is terminated by Spectrum at the expiration of the term of the agreement (if not renewed), if his employment is terminated by us without cause, if his employment is terminated as a result of a change in control or his position is adversely affected due to a change in control and he resigns, or if he voluntarily terminates from Spectrum. The benefits are described in greater detail under the heading Employment Agreements, Termination of Employment and Change-in-Control Arrangements.

As of December 31, 2012, we did not provide any severance benefits to the other named executive officers, other than would be provided under general policies that apply to all of our other employees, except that the named executive officers are entitled to an acceleration of vesting of our matching contribution pursuant to the Deferred Compensation Plan.

Impact of Accounting and Tax Considerations on Compensation

Equity-Based Compensation

The fair value of equity-based compensation, which includes options and restricted shares, is measured in accordance with authoritative accounting guidance. We measure compensation cost for all equity-based awards at fair value on the date of grant and recognize compensation expense over the service period over which the awards are expected to vest.

Section 162(m)

Section 162(m) of the Internal Revenue Code limits our ability to deduct compensation paid in any given year to a named executive officer in excess of \$1.0 million. Performance-based compensation plans are not subject to this restriction. In the event the proposed compensation for any of our named executive officers is expected to exceed the \$1.0 million limitation, the Committee will, in making a decision, balance the benefits of tax deductibility with its responsibility to hire, retain and motivate executive officers with competitive compensation programs. Section 162(m) will be considered as a factor in executive officer compensation decisions.

Section 280G and Section 4999

Sections 280G and 4999 of the Internal Revenue Code relate to a 20% excise tax that may be levied on a payment made to an executive as a result of a change-in-control if the payment exceeds 2.99 times the

Table of Contents

executive's base earnings (as defined by the applicable section). The Chief Executive Officer's employment agreement provides that we will compensate him for any excise taxes that might arise upon a change-in-control of Spectrum. The decision to provide the Chief Executive Officer with this tax gross-up reflects the relatively low cash compensation he received in prior years (which increases his potential 280G tax liability should a change in control occur), and to encourage him to hold the options and restricted shares awarded in prior years for an extended period. We do not currently provide similar tax protection to our other named executive officers.

Risk Assessment of Compensation Policies and Practices

The Committee has considered the concept of risk as it relates to our executive compensation program. The Committee believes that, for the reasons set forth below, although the majority of compensation provided to our named executive officers is performance-based (at risk), our executive compensation programs do not encourage excessive risk taking and encourage our executive officers to remain focused on appropriate short-term and long-term financial and strategic goals that are tied to the creation of long-term value for our stockholders.

First, our executive compensation program consists of an appropriate mix of guaranteed pay (salary and all other compensation) and at-risk pay (annual cash bonuses and equity incentive awards) and the Committee reviews this mix annually. The guaranteed portion is designed, in part, to provide meaningful income to the executives regardless of stock price performance so that executives do not feel pressured to focus exclusively on stock price performance and other financial performance targets to the detriment of other important business metrics. Second, our program establishes appropriate financial and strategic performance goals that are designed to encourage the creation of long-term value for our stockholders (as opposed to just short-term increases in our stock price). These performance goals reflect a mix of Company financial goals, Company strategic goals, and individual performance goals, so as not to place too much emphasis on any particular type of objective at the expense of others. Third, our program encourages executive retention through the time-based vesting provisions of our equity incentive awards. Our equity incentive awards generally vest over three years after their initial grant. Fourth, a significant portion of our equity incentive awards are granted in the form of stock options, which are only valuable if our stock price increases over time. This serves to align the interests of our executives with those of our stockholders. Fifth, the Committee retains ultimate oversight over the compensation of our named executive officers and maintains the ability to use discretion where appropriate. Finally, our internal controls and procedures, as well as our code of ethics, also help mitigate risks associated with our executive compensation program.

Based on the foregoing, the Committee has concluded that any risks arising from our executive compensation program are not reasonably likely to have a material adverse effect on us and do not encourage or incentivize excessive or inappropriate risk-taking by our named executive officers or other employees.

Nonqualified Deferred Compensation

In order to enhance our ability to attract and retain qualified employees, during 2011, our Board approved the Deferred Compensation Plan, which is intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended. The Plan is administered by our Compensation Committee, and is intended to be an unfunded plan which is maintained primarily to provide deferred compensation benefits for a select group of our employees including the named executive officers. Under the Plan, we will provide the participants with the opportunity to make annual elections to defer up to a specified amount or percentage of their eligible cash compensation, as established by the administrator, and we have the option, but not the obligation, to make discretionary or matching cash contributions.

In 2012, we matched participants' deferrals up to 10% of eligible compensation. The Company match generally vests three years after the date of deferral. However, contributions become 100% vested upon the occurrence of the earliest of: (i) retirement; (ii) death of the participant; (iii) disability of the participant; and

Executive Employment Agreements, Termination of Employment and Change-in-Control Arrangements

We have entered into employment agreements with Dr. Rajesh C. Shrotriya, our President and Chief Executive Officer, and Joseph K. Keller, our Executive Vice President and Chief Operating Officer. The terms of the agreements are discussed below.

Dr. Shrotriya's Employment Agreement

Spectrum entered into an employment agreement with Dr. Shrotriya on January 2, 2008, which expires on January 2, 2014. The employment agreement automatically renews for subsequent one-year calendar terms unless either party gives written notice of such party's intent not to renew the agreement at least 90 days prior to the commencement of the new term. The employment agreement requires Dr. Shrotriya to devote his full working time and effort to our business and affairs during the term of the agreement. The employment agreement provides for a minimum annual base salary, periodic bonuses and equity grants each in amounts to be recommended by the Compensation Committee.

Compensation and Benefits

Pursuant to the terms of the employment agreement, Dr. Shrotriya shall receive an annual base salary of \$600,000, as adjusted annually as determined by the Compensation Committee. The Compensation Committee has set Dr. Shrotriya's annual base salary at \$900,000 for 2013.

Dr. Shrotriya shall also be paid an annual performance bonus in cash and/or equity based awards, no later than January 31 of the year following, each in amounts to be recommended by the Compensation Committee.

Under the agreement, Dr. Shrotriya is entitled to receive additional employment benefits, including the right to participate in certain incentive plans, life, medical and dental benefits, the right to certain estate planning services, a leased vehicle and reimbursements for automobile related expenses, and other benefits.

For additional information about the compensation paid to the Chief Executive Officer in 2012, see the discussion under the heading "Key Elements of Executive Compensation" in the Compensation Discussion and Analysis portion of this Proxy Statement.

Table of Contents

Termination

Dr. Shrotriya's employment may be terminated due to non-renewal of the agreement by us, by mutual agreement of the parties, by us for cause (as that term is defined in the agreement) or without cause, on grounds of disability or death of Dr. Shrotriya, by Dr. Shrotriya for no reason or for good reason (as those terms are defined in the agreement), or by Dr. Shrotriya's non-renewal of the agreement.

If (i) the agreement is not renewed by us, (ii) Dr. Shrotriya is terminated without cause, or (iii) Dr. Shrotriya resigns for good reason, then Dr. Shrotriya's guaranteed severance payments include the right to receive (a) a lump sum payment equivalent to the aggregate of two years' cash compensation; (b) Company-paid continued coverage for Dr. Shrotriya and his eligible dependents under our existing health and benefit plans for two years; and (c) immediate vesting of all options, restricted shares and other equity-based awards granted to Dr. Shrotriya. Dr. Shrotriya shall have three years to exercise all vested equity based awards. Since options issued to Dr. Shrotriya pursuant to our 1997 Plan can only be exercised for ninety days after termination, a replacement option shall be granted to Dr. Shrotriya at termination to allow for three years' of exercisability.

In the event Dr. Shrotriya voluntarily resigns for good reason, or is terminated by us without cause, we will pay or reimburse Dr. Shrotriya for reasonable relocation expenses up to a certain amount.

If the agreement is terminated due to death or disability of Dr. Shrotriya, a lump sum equal to three months of base salary, at the time of his termination, shall be paid to Dr. Shrotriya, or his legal representative or estate, as applicable. All equity based awards, such as options and restricted shares, shall immediately vest and shall remain exercisable in accordance with the terms of the respective equity plan(s) and individual agreement(s) governing such options and restricted shares.

If Dr. Shrotriya voluntarily resigns his employment for no reason, any stock options or other equity based awards (except for restricted shares) shall immediately become fully vested upon the effective date of Dr. Shrotriya's resignation, and he shall have three years to exercise all such vested equity based awards. Dr. Shrotriya shall receive the same benefits for any unexpired options issued pursuant to our 1997 Plan as if he had been terminated without cause by us.

If during the term of the agreement, Dr. Shrotriya resigns for good reason (as defined in the agreement) other than pursuant to the circumstances of a change in control and our Board has not cured the condition(s) that constitute good reason, then Dr. Shrotriya shall receive all of the severance benefits he would receive if he had been terminated without cause by us.

Upon a change of control of Spectrum, if (i) Dr. Shrotriya's employment is terminated (other than by Dr. Shrotriya) without cause within twelve months thereafter; or (ii) Dr. Shrotriya is adversely affected in certain terms outlined in the agreement, and Dr. Shrotriya, within twelve months after an event constituting a change of control, elects to resign his employment with us, then in either case, Dr. Shrotriya shall be provided with Company-paid senior executive outplacement and shall receive the same severance benefits as he would receive if he was terminated by us without cause. However, instead of two years' cash compensation, Dr. Shrotriya shall receive three years cash compensation. In addition, upon a change of control, we shall pay Dr. Shrotriya a one-time payment of \$600,000 in recognition of his contributions to the development of the Company.

If the agreement is terminated due to mutual agreement, Dr. Shrotriya's non-renewal of the agreement, or by us for cause, Dr. Shrotriya shall not be entitled to any severance.

Other

If any payment or distribution by us to or for the benefit of Dr. Shrotriya is subject to the excise tax imposed by Section 4999 of the IRC or any interest or penalties are incurred by the Dr. Shrotriya with respect to such

excise tax, then Dr. Shrotriya shall be entitled to receive an additional payment in an amount such that after payment by Dr. Shrotriya of all taxes (including any interest and penalties imposed with respect thereto) and excise tax imposed upon such payment, Dr. Shrotriya retains an amount of the payment equal to the excise tax imposed upon the payment.

If we determine that any payments to Dr. Shrotriya under the agreement fail to satisfy the distribution requirement of Section 409A(a)(2)(A) of the Internal Revenue Code of 1986, as amended, the payment schedule of that benefit shall be revised to the extent necessary so that the benefit is not subject to the provisions of Section 409A(a)(1) of the Code. We may attach conditions to or adjust the amounts so paid to preserve, as closely as possible, the economic consequences that would have applied in the absence of this adjustment; provided, however, that no such condition or adjustment shall result in the payments being subject to Section 409A(a)(1) of the Code.

Mr. Keller's Employment Agreement

Spectrum entered into an employment agreement with Joseph K. Keller on August 28, 2012. - (1) We have three stock incentive plans: the 1997 Stock Incentive Plan, or the 1997 Plan, the 2003 Amended and Restated Incentive Award Plan, or the 2003 Plan, and the 2009 Incentive Award Plan, or the 2009 Plan, each of which have been approved by our Board and stockholders. Subsequent to the adoption of the 2009 Plan, no new options have been granted pursuant the 2003 Plan or 1997 Plan. The Board and the stockholders initially approved 10,000,000 shares of common stock available for issuance under the 2009 Plan. Beginning on January 1, 2010, and each January 1st thereafter, the number of shares of common stock available for issuance under the 2009 Plan shall increase by the greater of (i) 2,500,000 and (ii) a number of shares such that the total number of shares of common stock available for issuance under the 2009 Plan shall equal 30% of the then number of shares of common stock issued and outstanding. Thus, the authorized and available shares under the 2009 Plan may fluctuate over time. As of December 31, 2012, incentive awards for up to approximately 7,000,000 shares of common stock were available for grant under the 2009 Plan. The amount in column (c) includes 346,500 shares of our common stock issuable to certain officers under the 2009 Plan upon the Company's achievement of a specified market capitalization target pursuant to the Long-Term Retention and Management Incentive Plan approved by our Board of Directors in April 2011.
- (2) The amount in column (a) reflects the number of shares of our common stock issuable upon exercise of warrants issued to certain non-employees under plans approved by our Board of Directors that we believe are not required to be approved by our stockholders pursuant to the rules of the NASDAQ Stock Market. These warrants were issued as compensation for consulting services in circumstances where we determined it was appropriate to conserve our cash resources for operating activities.
