Dear Fellow Callon Employees,

Earlier today, we issued a press release (attached) confirming that Lone Star Value Management, a recent shareholder to the Company, intends to nominate two candidates to stand for election to the Callon Board of Directors at the 2014 Annual Meeting. In addition, Lone Star has requested some changes to the Company's corporate governance policies and practices.

We welcome the opinions of our shareholders and are always open to constructive input towards the goal of enhancing shareholder value. To that end, we have had discussions with Lone Star about its views, and the Board will consider Lone Star's nominations and suggestions in due course.

You should know that today's news has no impact on your responsibilities or our focus on growing our asset base. It remains business as usual at Callon. Together, with your hard work, we have successfully transformed our company and are now well positioned to execute our strategy as an onshore operator. Infrastructure is in place to accelerate our drilling activity in the Permian Basin, where we expect our production to ramp up significantly in the near-term.

Today's news may generate interest in Callon from the media or other outside parties. Consistent with our company policy, should you receive any inquiries from the media, investors or any other third parties, please direct them to Joe Gatto.

Our Board and management team have great confidence in Callon's future. Especially at this time of year, we want to share our gratitude for your hard work and dedication to this great company. Your commitment has been and will continue to be the cornerstone of our success.

Thank you and Happy Holidays,

Fred L. Callon

Chairman & Chief Executive Officer

CALLON PETROLEUM COMPANY ISSUES STATEMENT REGARDING

LONE STAR VALUE MANAGEMENT

Natchez, MS (December 23, 2013) - Callon Petroleum Company (NYSE: CPE) (Callon or the Company) today confirmed that Lone Star Value Management (Lone Star) has filed notice to nominate two candidates to stand for election to Callon's Board of Directors at the 2014 Annual Meeting.

The Company issued the following statement:

Callon's Board of Directors and management team are fully committed to creating value for all Callon shareholders and welcome shareholder input regarding this objective. We have had conversations with Lone Star and will consider its suggestions, just as the Company does for all Callon shareholders.

Callon's Board and management deliver on the promises we make. Through focused execution, we have sold noncore assets in the Gulf of Mexico and successfully completed Callon's transformation to an onshore operator. As a result, we have optimized and de-risked the Company's asset base, lowered its cost of capital, and established a solid track record of both production and reserve growth. Our record of achievement has led to a 74% increase in Callon's stock price since April when we announced our intention to exit the Gulf of Mexico and become an onshore operator, and a 29% increase in Callon's stock price over the past year, outperforming the SIG Oil Exploration & Production Index as well as the S&P 500 in both periods.

Importantly, we are well-positioned to build on this strong momentum. Infrastructure is in place to accelerate our drilling activity in the Permian Basin, where we expect our production to ramp up significantly in the near-term. Indeed, we expect more than 60 % growth in production over the next year, with 25 new horizontal wells scheduled to come online during this timeframe. This growth, together with additional actions we are taking to further expand our drilling inventory, is expected to drive even greater value creation for Callon shareholders.

Callon's Board is composed of highly qualified directors who are active, engaged and have the expertise and experience needed to support the Company's continued growth and success. Callon's Board and management are committed to sound corporate governance policies and practices that best serve the interest of all Callon shareholders.

Callon notes that Lone Star has stated that it is open to continuing discussions, and the Company will seek to maintain an open dialogue with Lone Star. The Callon Board will consider Lone Star's nominations in due course and will present details regarding the Board's recommended slate of director nominees in the Company's definitive proxy statement and other materials, to be filed with the Securities and Exchange Commission and mailed to all stockholders eligible to vote at the 2014 Annual Meeting, which has yet to be scheduled.

J.P. Morgan is serving as the Company's financial advisor, and Wachtell, Lipton, Rosen & Katz and Haynes & Boone are serving as legal advisors.
