Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On February 26, 2014, the Compensation Committee of the Board of Directors of SYNEX Corporation (SYNEX) granted the following performance-based restricted stock units (RSUs) to the following named executive officers (each, an Officer) under SYNEX long-term incentive program.

Officer	Number of Shares Underlying RSU
Kevin Murai	15,732
Peter Larocque	9,125
Dennis Polk	9,125
Marshall Witt	4,457
Simon Leung	2,569

These RSUs relate to SYNEX performance based, long-term equity incentives (LTI) program and are in lieu of a portion of each Officer s cash compensation. This rebalancing of annual, variable compensation to 3-year, variable compensation further mitigates the potential for undue risk assumption. The LTI program is designed to provide long-term retention incentives for each Officer, and also to create an alignment between the interests of each Officer and those of SYNEX stockholders.

The RSUs will vest on the third anniversary of the grant date based upon (1) the achievement, on a cumulative basis, of minimum threshold earnings per share (EPS) target performance and (2) the achievement of an average return on invested capital (ROIC) target performance, with both performance metrics measured over a 3-year period ending November 30, 2016. The minimum threshold EPS target performance percentage is 75% and the maximum target performance percentage is 166.7% for each Officer. The actual number of RSUs, if the applicable minimum threshold EPS percentage is met, will vest on a sliding scale of the target EPS performance percentage actually achieved. The resulting number of shares that will vest based on the EPS metric will then be adjusted by a percentage increase or decrease corresponding with SYNEX performance as measured by the ROIC performance percentages, but in no event will an Officer be entitled to receive more than the number of shares set forth in the table above (the Maximum Amount). If the minimum threshold EPS target performance is not achieved, no RSUs will vest, regardless of the achievement of the ROIC performance.

At 100% target EPS and ROIC performance, the Officers RSUs will vest as to 50% of the Maximum Amount. Any unvested shares underlying the RSUs will not vest and will be canceled. In addition, the vesting of the RSUs is contingent upon the Officer still being employed by SYNEX on the date of vesting. In the event of an Officer s death prior to the third anniversary of the grant date, SYNEX will transfer to such Officer s estate the number of shares that would have vested on or prior to such Officer s death.

On February 26, 2014, the Compensation Committee also determined, due to the acquisition during fiscal 2014 of the IBM CRM business by SYNEX global business services (GBS) business, for fiscal year 2014 only SYNEX Profit Sharing Plan bonuses to the Officers will be based upon a combination of (1) the achievement of certain net income target performance for the SYNEX distribution business, with adjustments based upon achievement of certain ROIC performance, and (2) the achievement of certain threshold EBITDA target performance for the GBS business. For all Officers other than Mr. Larocque, the distribution target performance metric accounts for 67% of the Officer bonus measurement, and the GBS target performance metric accounts for 33%. For Mr. Larocque, as President US

Distribution, the distribution target performance metric accounts for 80% of the bonus measurement, and the GBS target performance metric accounts for 20%. For the distribution business, the net income target for fiscal year 2014 was increased from fiscal year 2013, and the GBS target performance metric is new for fiscal year 2014. Officers will not be eligible for bonuses unless SYNEX meets or exceeds the target performance percentages of the internally established net income and EBITDA goals. The minimum threshold target performance percentage is 75% and the maximum target performance percentage is 133.3% for all Officers.

The actual bonus payable, if the applicable minimum threshold percentages are met, will be paid on a sliding scale of the target performance actually achieved and dollar limits pre-established by the Compensation Committee for each Officer. Bonuses granted to Officers under the Profit Sharing Plan are determined by the Compensation Committee based upon both qualitative and quantitative considerations. In addition, SYNEX President and Chief Executive Officer has discretion to recommend to the Compensation Committee that it decrease bonuses for all other executive officers whose compensation is subject to Section 162(m) of the Internal Revenue Code.
