**Item 1.01 Entry into a Material Definitive Agreement**

On March 12, 2014, Lam Research Corporation (the "Company"), a Delaware corporation, entered into an unsecured credit agreement (the "Credit Agreement"), with the lenders party thereto, JPMorgan Chase Bank, N.A., as administrative agent, Bank of America, N.A., as syndication agent, BNP Paribas, Barclays Bank PLC, Citibank, N.A. and Deutsche Bank Securities Inc., as co-documentation agents, and J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as joint bookrunners and joint lead arrangers. The Credit Agreement provides for a \$300 million revolving unsecured credit facility. The facility provides for a sublimit for borrowing in certain foreign currencies, and a sublimit for the issuance of letters of credit on the Company's or its subsidiaries' behalf. The facility provides for an expansion option that will allow the Company to, subject to certain requirements, request an increase in the facility of up to an additional \$200 million, for a potential total commitment of \$500 million. The facility matures on March 12, 2019 (the "Maturity Date"). The proceeds of the loans may be used by the Company for general corporate purposes. As of March 12, 2014, no amount was outstanding under this facility.

The loans bear interest, at the Company's option, at (x) a base rate determined in accordance with the Credit Agreement, plus a spread of 0.0% to 0.50%, or (y) a LIBOR rate plus a spread of 0.90% to 1.50%, in each case with such spread determined based on the rating of the Company's non-credit enhanced, senior unsecured long-term debt. Principal, together with all accrued and unpaid interest, is due and payable on the Maturity Date. Additionally, the Company has agreed to pay the lenders a commitment fee at a quarterly rate that varies depending on the Company's rating as described above.

The Credit Agreement contains customary affirmative and negative covenants. Affirmative covenants include, among other things, delivery of financial statements, compliance certificates and notices; maintenance of properties and insurance; preservation of existence; and compliance with applicable laws and regulations. Negative covenants include, among other things, limitations on liens; limitations on subsidiary indebtedness; limitations on mergers, consolidations and sales of assets; changes in the nature of the business; and limitations on affiliate transactions. The Credit Agreement also requires the Company to maintain a consolidated debt to capitalization ratio of no more than 0.50 to 1.00, and liquidity of no less than \$1.0 billion, in each case determined in accordance with the Credit Agreement.

The Credit Agreement also contains customary events of default including, among other things, payment defaults, breaches of covenants or representations and warranties, cross-defaults with certain other indebtedness, bankruptcy and insolvency events and change in control of the Company, subject to grace periods in certain instances. Upon an event of default, the lenders may declare all or a portion of the outstanding obligations payable by the Company to be immediately due and payable and exercise other rights and remedies provided for under the Credit Agreement.

Certain of the lenders and their respective affiliates are currently performing, have performed, and may in the future perform, various commercial banking, investment banking, and other financial advisory services for the Company and its subsidiaries, for which they have received, and will receive, customary fees and expenses.

The foregoing description of the Credit Agreement is qualified in its entirety by reference to the complete terms and conditions of the Credit Agreement, a copy of which is filed as Exhibit 10.1 hereto and is incorporated herein by reference.
