Recent Developments

Announced Transaction

On March 1, 2014, CEC entered into a Transaction Agreement (the Transaction Agreement) by and among CEC, CEOC, Caesars License Company, LLC (CLC), Harrah's New Orleans Management Company (HNOMC), Corner Investment Company, LLC (CIC), 3535 LV Corp. (3535 LV), Parball Corporation (Parball), JCC Holding Company II, LLC (JCC Holding), Caesars Acquisition Company (CAC) and Caesars Growth Partners. The Transaction Agreement was fully negotiated by and between a Special Committee of CEC's Board of Directors (the CEC Special

Committee) and a Special Committee of CAC s Board of

S-1

Table of Contents

Directors (the CAC Special Committee), each comprised solely of independent directors, and was recommended by both committees and approved by the Boards of Directors of CEC and CAC. The CEC Special Committee and the CAC Special Committee each was advised by its own legal and financial advisors. The CEC Special Committee, the CAC Special Committee and the Boards of Directors of CEC and CAC each received fairness opinions from firms with experience in valuation matters, which stated that, based upon and subject to (and in reliance on) the assumptions made, matters considered and limits of such review, in each case as set forth in the opinions, the Purchase Price (as defined below) was fair from a financial point of view to CEC and Caesars Growth Partners, respectively.

Pursuant to the terms of the Transaction Agreement, Caesars Growth Partners (or one or more of its designated direct or indirect subsidiaries) agreed to acquire from CEOC or one or more of its affiliates, (i) The Cromwell (f/k/a Bill s Gamblin Hall & Saloon), The Quad Resort & Casino (The Quad), Bally s Las Vegas and Harrah s New Orleans (each a Property and collectively, the Properties), (ii) 50% of the ongoing management fees and any termination fees payable under the Property Management Agreements to be entered between a Property Manager (as defined below) and the owners of each of the Properties (the Property Management Agreements); and (iii) certain intellectual property that is specific to each of the Properties (together with the transactions described in (i) and (ii) above, the Transaction) for an aggregate purchase price of US \$2.0 billion (the Purchase Price), less outstanding debt to be assumed in the Transaction, and also subject to various pre-closing and post-closing adjustments in accordance with the terms of the Transaction Agreement.

The Transaction is subject to certain closing conditions, including the receipt of gaming and other required governmental approvals, accuracy of representations and warranties, compliance with covenants and receipt by CEC and the CEC Special Committee of certain opinions with respect to CEOC. In addition, the consummation of the Transaction by CAC is subject to CAC s receipt of financing on terms and conditions satisfactory to CAC and Caesars Growth Partners. See the Current Report on Form 8-K filed with the SEC on March 3, 2014 for further details.

On March 21, 2014, CEC, CEOC, CERP, CAC and Caesars Growth Partners received a letter (the Letter) from a law firm acting on behalf of unnamed clients who claim to hold Second-Priority Secured Notes of CEOC, alleging, among other things, that CEOC is insolvent and that CEOC s owners improperly transferred or seek to transfer valuable assets of CEOC to affiliated entities in connection with: (a) the transaction agreement dated October 21, 2013 by and among CEC, certain subsidiaries of CEC and CEOC, CAC and Caesars Growth Partners), which, among other things, provide for the asset transfers from subsidiaries of CEOC to Caesars Growth Partners of the Planet Hollywood casino and interests in Horseshoe Baltimore that was consummated in 2013; (b) the transfer by CEOC to CERP of Octavius Tower and Project Linq that was consummated in 2013 ((a) and (b) collectively, the 2013 Transactions); and (c) the contemplated transfers by CEOC to Caesars Growth Partners of The Cromwell, The Quad, Bally s Las Vegas and Harrah s New Orleans (the Contemplated Transaction). The Letter does not identify the holders or specify the amount of Second-Priority Secured Notes or other securities that they may hold. The Letter includes allegations that these transactions constitute or will constitute voidable fraudulent transfers and represent breaches of alleged fiduciary duties owed to CEOC creditors and that certain disclosures concerning the transactions were inadequate. The Letter demands, among other things, that the transactions be rescinded or terminated, as would be applicable.

CEC strongly believes there is no merit to the Letter s allegations and will defend itself vigorously and seek appropriate relief should any action be brought. If a court were to order rescission of the 2013 Transactions or enjoin consummation of the Contemplated Transaction that could cause CEOC, CERP and Planet Hollywood to default under existing debt agreements, and there can be no assurance that CEOC s, CERP s or Planet Hollywood s assets would be sufficient to repay the applicable debt. In addition, if the Contemplated Transaction were consummated and a court were to find that those transfers were improper, that could trigger a default under

S-2

the debt that Caesars Growth Partners is contemplating raising to finance such transfers. These consequences could have a material adverse effect on CEC's business, financial condition, results of operations and prospects.

First Quarter 2014

For CEC, first quarter of 2014 consolidated revenue and Property EBITDA are expected to be consistent with the fourth quarter of 2013. As previously disclosed in our fourth quarter earnings release and associated conference call, poor weather conditions, especially during the first two months of the quarter, and reduced customer demand impacted results in our mid-west and north east operations in the quarter. Las Vegas results have remained positive, with strong room rate increases driven by an increase in group demand relative to the fourth quarter of 2013.

- (1) As discussed in Note 21, Employee Benefit Plans, to our consolidated financial statements included in our 2013 Annual Report, which is incorporated by reference herein, we elected to change our method of accounting for actuarial gains and losses for our pension plan in the United Kingdom to a more preferable method permitted under accounting principles generally accepted in the United States (GAAP). We applied this accounting change retrospectively to all periods presented on the noted line items.
- (2) For purposes of computing the ratio of earnings to fixed charges, earnings consist of income before income taxes plus fixed charges and minority interests, excluding equity in undistributed earnings of less-than-50%-owned investments. Fixed charges include interest, amortization of debt expense, discount or premium related to indebtedness and such portion of rental expense we deem to be representative of interest. The method for calculating fixed charges for purposes of the ratio disclosed herein may differ from the method of calculating fixed charges under CEOC s debt agreements. Our earnings were insufficient to cover our fixed charges by \$1,268.4 million, \$2,262.4 million and \$4,456.4 million for the years ended December 31, 2011, 2012 and 2013, respectively.

RISK FACTORS

Investing in our common stock involves risk. You should carefully consider the risk factors set forth below, as well as the other information contained in this prospectus supplement and the accompanying prospectus. In addition to those listed below and elsewhere in this prospectus supplement and the accompanying prospectus, you should also consider the risks, uncertainties and assumptions discussed under the caption "Item 1A. Risk Factors" included in our 2013 Annual Report, which is incorporated by reference herein. Any of these risks could materially and adversely affect our business, financial condition or results of operations. In such a case, you may lose all or a part of your original investment.

Risks Related to Our Common Stock and this Offering

Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock.

Future sales or the availability for sale of substantial amounts of our common stock in the public market could adversely affect the prevailing market price of our common stock and could impair our ability to raise capital through future sales of equity securities.

After giving effect to this offering, as of March 1, 2014, there would have been 144,161,183 shares of our common stock outstanding (or 145,211,183 shares if the underwriter's option to purchase additional shares is exercised in full), all of which will be the same class of voting common stock. All of the outstanding shares of our common stock will be eligible for resale under Rule 144 or Rule 701 of the Securities Act of 1933, as amended (the "Securities Act"), subject to volume limitations, applicable holding period requirements and the lockup agreements described below or other contractual restrictions. The Sponsors have the ability to cause us to register the resale of its shares, and our management members who hold shares will have the ability to include their shares in such registration.

In connection with this offering, both we and the Sponsors have agreed not to offer or sell, dispose of or hedge, directly or indirectly any common stock without the permission of Citigroup Global Markets Inc. for a period of 60 days from the date of this prospectus, subject to certain exceptions and automatic extension in certain circumstances.

In October 2013, we sold 10,340,418 shares of our common stock in a public offering at a price of \$19.40 per share. Additionally, in 2013, we sold 1,070,493 shares of our common stock in at-the-market offerings. We may issue shares of common stock or other securities from time to time as consideration for future acquisitions and investments or for any other reason that our board of directors deems advisable. If any such acquisition or investment is significant, the number of shares of our common stock, or the number or aggregate principal amount, as the case may be, of other securities that we may issue may in turn be substantial. We may also grant registration rights covering those shares of common stock or other securities in connection with any such acquisitions and investments. As of March 1, 2014, there were outstanding options for approximately 8,089,761 shares and outstanding warrants for approximately 324,566 shares of our common stock. Exercise of the options and warrants that are in the money will result in dilution to existing stockholders in an amount equal to the difference in the market and exercise prices multiplied by the number of shares exercised. In addition, prior to their exercise, these options and warrants may depress the market price for our common stock. Furthermore, following this offering, the restrictions on the ability of management securityholders to transfer shares of our common stock pursuant to the Amended and Restated Management Investors Rights Agreement, dated November 22, 2010, as amended, will be terminated.

We cannot predict the size of future issuances of our common stock or other securities or the effect, if any, that future issuances and sales of our common stock or other securities, including future sales by the Sponsors, will have on the

market price of our common stock. Sales of substantial amounts of common stock (including shares of common stock issued in connection with an acquisition), or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock.

S-7

Table of Contents

The price and trading volume of our common stock may fluctuate significantly, and you could lose all or part of your investment.

The market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume of our common stock may fluctuate and cause significant price variations to occur. Volatility in the market price of our common stock may prevent you from being able to sell your shares of common stock. The market price for our common stock could fluctuate significantly for various reasons, including:

our operating and financial performance and prospects, along with that of Caesars Growth Partners;

our quarterly or annual earnings, together with those of Caesars Growth Partners, or those of other companies in our industry;

conditions that impact demand for our products and services;

the public's reaction to our press releases, other public announcements and filings with the SEC;

changes in earnings estimates or recommendations by securities analysts who track our common stock;

market and industry perception of our success, or lack thereof, in pursuing our growth strategy;

strategic actions by us or our competitors, such as acquisitions or restructurings;

changes in government and environmental regulation, including gaming taxes;

changes in accounting standards, policies, guidance, interpretations or principles;

arrival and departure of key personnel;

changes in our capital structure;

sales of common stock by us or members of our management team;

the expiration of contractual lockup agreements; and

changes in general market, economic and political conditions in the United States and global economies or financial markets, including those resulting from natural disasters, terrorist attacks, acts of war and responses to such events.

In addition, in recent years, the stock market has experienced significant price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in the gaming, lodging, hospitality and entertainment industries. The changes frequently appear to occur without regard to the operating performance of the affected companies. Hence, the price of our common stock could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce our share price.

We are controlled by the Sponsors, whose interests may not be aligned with ours.

Hamlet Holdings LLC, a Delaware limited liability company (Hamlet Holdings), the members of which are comprised of individuals affiliated with each of the Sponsors, as of December 31, 2013, controls approximately 63.9% of our common stock, and controls us, pursuant to an irrevocable proxy providing Hamlet Holdings with sole voting and sole dispositive power over those shares. As a result, the Sponsors have the power to elect all of our directors. Moreover, Hamlet Holdings has the ability to vote on any transaction that requires the approval of our board of directors or our stockholders, including the approval of significant corporate transactions such as mergers and the sale of all or substantially all of our assets. As a result, Hamlet Holdings is in a position to exert significant influence over us and the direction of our business and results of operations. The interests of the Sponsors could conflict with or differ from the interests of other holders of our securities. For example, the concentration of ownership held by the Sponsors could delay, defer or prevent a change of control

Table of Contents

of us or impede a merger, takeover or other business combination, which another stockholder may otherwise view favorably. Additionally, the Sponsors are in the business of making or advising on investments in companies they hold, and may from time to time in the future acquire interests in or provide advice to businesses that directly or indirectly compete with certain portions of our business or are suppliers or customers of ours. One or both of the Sponsors may also pursue acquisitions that may be complementary to our business, and, as a result, those acquisition opportunities may not be available to us. A sale of a substantial number of shares of stock in the future by funds affiliated with the Sponsors or their co-investors could cause our stock price to decline. So long as Hamlet Holdings continues to hold the irrevocable proxy, they will continue to be able to strongly influence or effectively control our decisions.

In addition, we have an executive committee that serves at the discretion of our board of directors and is authorized to take such actions as it reasonably determines appropriate. Currently, the executive committee may act by a majority of its members, provided that at least one member affiliated with TPG and Apollo must approve any action of the executive committee.

Our stockholders are subject to extensive governmental regulation and if a stockholder is found unsuitable by the gaming authority, that stockholder would not be able to beneficially own our common stock directly or indirectly.

In many jurisdictions, gaming laws can require any of our stockholders to file an application, be investigated, and qualify or have his, her or its suitability determined by gaming authorities. Gaming authorities have very broad discretion in determining whether an applicant should be deemed suitable. Subject to certain administrative proceeding requirements, the gaming regulators have the authority to deny any application or limit, condition, restrict, revoke or suspend any license, registration, finding of suitability or approval, or fine any person licensed, registered or found suitable or approved, for any cause deemed reasonable by the gaming authorities. For additional information on the criteria used in making determinations regarding suitability, see Item 1. Business Governmental Regulation in our 2013 Annual Report.

For example, under Nevada gaming laws, each person who acquires, directly or indirectly, beneficial ownership of any voting security, or beneficial or record ownership of any non-voting security or any debt security, in a public corporation which is registered with the Nevada Gaming Commission, or the Gaming Commission, may be required to be found suitable if the Gaming Commission has reason to believe that his or her acquisition of that ownership, or his or her continued ownership in general, would be inconsistent with the declared public policy of Nevada, in the sole discretion of the Gaming Commission. Any person required by the Gaming Commission to be found suitable shall apply for a finding of suitability within 30 days after the Gaming Commission's request that he or she should do so and, together with his or her application for suitability, deposit with the Nevada Gaming Control Board, or the Control Board, a sum of money which, in the sole discretion of the Control Board, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of that application for suitability, and deposit such additional sums as are required by the Control Board to pay final costs and charges. Additionally, under Ohio law, an institutional investor, which is broadly defined and includes any corporation that holds any amount of our stock, will be required to apply for and obtain a waiver of suitability determination.

Furthermore, any person required by a gaming authority to be found suitable, who is found unsuitable by the gaming authority, may not hold directly or indirectly the beneficial ownership of any voting security or the beneficial or record ownership of any nonvoting security or any debt security of any public corporation which is registered with the gaming authority beyond the time prescribed by the gaming authority. A violation of the foregoing may constitute a criminal offense. A finding of unsuitability by a particular gaming authority impacts that person's ability to associate or affiliate with gaming licensees in that particular jurisdiction and could impact the person's ability to associate or affiliate with gaming licensees in other jurisdictions.

Many jurisdictions also require any person who acquires beneficial ownership of more than a certain percentage of voting securities of a gaming company and, in some jurisdictions, non-voting securities, typically 5%, to report the acquisition to gaming authorities, and gaming authorities may require such holders to apply for qualification or a finding of suitability, subject to limited exceptions for institutional investors that hold a company's voting securities for investment purposes only. Under Maryland gaming laws, we may not sell or otherwise transfer more than 5% of the legal or beneficial interest in Horseshoe Baltimore without the approval of the Maryland Lottery and Gaming Control Commission, or the Maryland Commission, after the Maryland Commission determines that the transferee is qualified or grants the transferee an institutional investor waiver.

Some jurisdictions may also limit the number of gaming licenses in which a person may hold an ownership or a controlling interest. In Indiana, for example, a person may not have an ownership interest in more than two Indiana riverboat owners' licenses, and in Maryland an individual or business entity may not own an interest in more than one video lottery facility.

Because we have not paid cash dividends since the Acquisition and do not anticipate paying dividends on our common stock in the foreseeable future, you should not expect to receive dividends on shares of our common stock.

We have no present plans to pay cash dividends to our stockholders and, for the foreseeable future, intend to retain all of our earnings for use in our business. The declaration of any future dividends by us is within the discretion of our board of directors and will be dependent on our earnings, financial condition and capital requirements, as well as any other factors deemed relevant by our board of directors.

We are a controlled company within the meaning of the NASDAQ rules and, as a result, qualify for, and rely on, exemptions from certain corporate governance requirements.

Hamlet Holdings controls a majority of our voting common stock. As a result, we are a controlled company within the meaning of NASDAQ corporate governance standards. Under the NASDAQ rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a controlled company and we have elected not to comply with certain NASDAQ corporate governance requirements, including:

the requirement that a majority of the board of directors consists of independent directors;

the requirement that we have a nominating/corporate governance committee that is composed entirely of independent directors;

the requirement that we have a compensation committee that is composed entirely of independent directors; and

the requirement for an annual performance evaluation of the nominating/corporate governance and compensation committees.

As a result of these exemptions, we do not have a majority of independent directors nor do our nominating/corporate governance and compensation committees consist entirely of independent directors and we are not required to have an annual performance evaluation of the nominating/ corporate governance and compensation committees. Accordingly,

you will not have the same protections afforded to stockholders of companies that are subject to all of the NASDAQ corporate governance requirements.

Our bylaws and certificate of incorporation contain provisions that could discourage another company from acquiring us and may prevent attempts by our stockholders to replace or remove our current management.

Provisions of our bylaws and our certificate of incorporation may delay or prevent a merger or acquisition that stockholders may consider favorable, including transactions in which you might otherwise receive a

S-10

Table of Contents

premium for your shares. In addition, these provisions may frustrate or prevent any attempts by our stockholders to replace or remove our current management by making it more difficult for stockholders to replace or remove our directors. These provisions include:

establishing a classified board of directors;

establishing limitations on the removal of directors;

permitting only an affirmative vote of at least two-thirds of our board of directors to fix the number of directors;

prohibiting cumulative voting in the election of directors;

empowering only the board of directors to fill any vacancy on the board of directors, whether such vacancy occurs as a result of an increase in the number of directors or otherwise;

authorizing the issuance of blank check preferred stock without any need for action by stockholders;

eliminating the ability of stockholders to call special meetings of stockholders;

prohibiting stockholders from acting by written consent if less than 50.1% of our outstanding common stock is controlled by the Sponsors;

prohibiting amendments to the bylaws without the affirmative vote of at least two-thirds of the board of directors or the affirmative vote of at least two-thirds of the total voting power of the outstanding shares entitled to vote;

prohibiting amendments to the certificate of incorporation relating to stockholder meetings, amendments to the bylaws or certificate of incorporation, or the election or classification of the board of directors without the affirmative vote of two-thirds of the shares entitled to vote on any matter; and

establishing advance notice requirements for nominations for election to the board of directors or for proposing matters that can be acted on by stockholders at stockholder meetings.

Our issuance of shares of preferred stock could delay or prevent a change of control of us. Our board of directors has the authority to cause us to issue, without any further vote or action by the stockholders, shares of preferred stock, par value \$0.01 per share, in one or more series, to designate the number of shares constituting any series, and to fix the

rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders, even where stockholders are offered a premium for their shares.

Together, these charter and statutory provisions could make the removal of management more difficult and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our common stock. Furthermore, the existence of the foregoing provisions, as well as the significant common stock controlled by Hamlet Holdings, could limit the price that investors might be willing to pay in the future for shares of our common stock. They could also deter potential acquirers of our company, thereby reducing the likelihood that you could receive a premium for your common stock in an acquisition.

CAUTIONARY STATEMENTS CONCERNING FORWARD LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and any documents incorporated by reference into this prospectus and the accompanying prospectus include forward looking statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. You can identify these statements by the fact that they do not relate strictly to historical or current facts. These statements contain words such as believes, project, might, expects, may, could, would, will, should, seeks, approximately, in, continues, presents, preserves, pursues, or anticipates or the negative or other variations thereof or comparable terminology. In particular, they include statements relating to, among other things, future actions, new projects, strategies, future performance, the outcomes of contingencies, and future financial results of Caesars. These forward-looking statements are based on current expectations and projections about future events. All statements we make relating to our estimated and projected earnings, margins, costs, expenditures, cash flows, growth rates and financial results are forward looking statements. In addition, we, through our senior management, from time to time make forward looking public statements concerning our expected future operations and performance and other developments. These forward looking statements are subject to risks and uncertainties that may change at any time, and, therefore, our actual results may differ materially from those that we expected. We derive many of our forward looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results.

We disclose important factors that could cause actual results to differ materially from our expectations under Risk Factors in the accompanying prospectus and under Item 1A. Risk Factors in our 2013 Annual Report, which is incorporated by reference in this prospectus, and elsewhere in this prospectus supplement, including, without limitation, in conjunction with the forward looking statements included in this prospectus. All subsequent written and oral forward looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements. Some of the factors that we believe could materially affect our results include:

the impact of our substantial indebtedness and the restrictions in our debt agreements;

the effects of local and national economic, credit and capital market conditions on the economy in general, and on the gaming industry in particular;

the ability to realize the expense reductions from our cost savings programs, including the program to increase our working capital and excess cash by \$500 million;

the previously disclosed sale of four of our casino properties to Caesars Growth Partners may not be consummated on the terms contemplated or at all;

the financial results of Caesars Growth Partners business;

access to available and reasonable financing on a timely basis;

the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;

changes in laws, including increased tax rates, smoking bans, regulations or accounting standards, third-party relations and approvals, and decisions, disciplines and fines of courts, regulators and governmental bodies;

our ability to recoup costs of capital investments through higher revenues;

abnormal gaming holds (gaming hold is the amount of money that is retained by the casino from wagers by customers);

the effects of competition, including locations of competitors, competition for new licenses and operating and market competition;

the ability to timely and cost-effectively integrate companies that we acquire into our operations;

the potential difficulties in employee retention and recruitment as a result of our substantial indebtedness, the ongoing downturn in the gaming industry, or any other factor;

construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues;

severe weather conditions or natural disasters, including losses therefrom, including losses in revenues and damage to property, and the impact of severe weather conditions on our ability to attract customers to certain of its facilities, such as the amount of losses and disruption to us as a result of Hurricane Sandy in late October 2012;

litigation outcomes and judicial and governmental body actions, including gaming legislative action, referenda, regulatory disciplinary actions and fines and taxation;

acts of war or terrorist incidents or uprisings, including losses therefrom, including losses in revenues and damage to property;

the effects of environmental and structural building conditions relating to our properties;

access to insurance on reasonable terms for our assets;

the impact, if any, of unfunded pension benefits under multi-employer pension plans; and

the other factors set forth under **Risk Factors** in this prospectus and under **Item 1A. Risk Factors** in our 2013 Annual Report, which is incorporated by reference herein.

We caution you that the foregoing list of important factors may not contain all of the material factors that are important to you. In addition, in light of these risks and uncertainties, the matters referred to in the forward looking statements contained in this prospectus supplement, which speak only as of the date of this prospectus supplement, may not in fact occur. We undertake no obligation to publicly update or revise any forward looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of certain U.S. federal income tax considerations with respect to the ownership and disposition of our common stock applicable to Non-U.S. Holders (as defined below). This discussion is based on current provisions of the Internal Revenue Code of 1986, as amended, or the Code, existing and proposed U.S. Treasury regulations promulgated thereunder, and administrative rulings and court decisions in effect as of the date hereof, all of which are subject to change at any time, possibly with retroactive effect. No opinion of counsel has been obtained, and we do not intend to seek a ruling from the Internal Revenue Service (the IRS) as to any of the tax considerations described below. There can be no assurance that the IRS will not challenge one or more of the tax considerations described below.

This discussion only addresses beneficial owners of our common stock, and it is assumed for purposes of this discussion that Non-U.S. Holders (as defined below) hold shares of our common stock as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all aspects of U.S. federal income taxation that may be important to a Non-U.S. Holder in light of such Non-U.S. Holder's particular circumstances or that may be applicable to Non-U.S. Holders subject to special treatment under U.S. federal income tax law (including, for example, financial institutions, dealers in securities, traders in securities that elect mark-to-market treatment, insurance companies, tax-exempt entities, Non-U.S. Holders who acquire our common stock pursuant to the exercise of employee stock options or otherwise as compensation, entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein), Non-U.S. Holders liable for the alternative minimum tax, controlled foreign corporations, passive foreign investment companies, former citizens or former long-term residents of the United States, and Non-U.S. Holders who hold our common stock as part of a hedge, straddle, constructive sale or conversion transaction). In addition, this discussion does not address U.S. federal tax laws other than those pertaining to the U.S. federal income tax (such as U.S. federal estate tax or the Medicare contribution tax on certain net investment income), nor does it address any aspects of U.S. state, local or non-U.S. taxes. Non-U.S. Holder should consult with their own tax advisors regarding the possible application of these taxes.

For the purposes of this discussion, the term Non-U.S. Holder means a beneficial owner of our common stock that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust, other than:

an individual who is a citizen or resident of the United States;

a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or

a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons (as defined in the Code) have the authority to control all substantial decisions of the trust, or (2) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a domestic trust.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds shares of our common stock, the tax treatment of a person treated as a partner generally will depend on the status of the partner and the activities of the partnership. Persons that, for U.S. federal income tax purposes, are treated as a partner in a partnership holding shares of our common stock should consult their own tax advisors.

This summary is for general information only and is not intended to constitute a complete description of all tax consequences relating to the ownership and disposition of our common stock. Holders of our common stock should consult with their own tax advisors regarding the tax consequences to them (including the application and effect of other U.S. federal tax laws and any state, local, non-U.S. income and other tax laws) of the ownership and disposition of our common stock.

Dividends

Although we do not anticipate that we will pay any dividends on our common stock, if dividends are paid to Non-U.S. Holders, such dividends, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles) will be subject to U.S. federal income tax withholding at a rate of 30% (or lower rate provided by an applicable income tax treaty). To obtain a reduced rate of withholding under an applicable income tax treaty, a Non-U.S. Holder generally will be required to provide us or our paying agent with a properly completed IRS Form W-8BEN certifying the Non-U.S. Holder's entitlement to benefits under that treaty. In certain cases, additional requirements may need to be satisfied to avoid the imposition of U.S. withholding tax. See *Recently Enacted Federal Tax Legislation* below for further details.

Because it will generally not be known, at the time a Non-U.S. Holder receives any distribution, whether the distribution will be paid out of our current or accumulated earnings and profits, we expect that a withholding agent will deduct and withhold U.S. tax at the applicable rate on all distributions that you receive on our common stock. If it is later determined that a distribution was not a dividend in whole or in part, you may be entitled to claim a refund of the U.S. federal income tax withheld with respect to that portion of the distribution, provided that the required information is timely furnished to the IRS.

If the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States, withholding should not apply, so long as the appropriate certifications are made by such Non-U.S. Holder. See *Effectively Connected Income* below for additional information on the U.S. federal income tax considerations applicable with respect to such effectively connected dividends.

Gain on Disposition of our Common Stock

Subject to the discussion below under *Information Reporting and Backup Withholding* and *FATCA*, a Non-U.S. Holder generally will not be subject to U.S. federal income tax or withholding tax on any gain realized upon the sale or other taxable disposition of our common stock unless:

the gain is effectively connected with the conduct, by such Non-U.S. Holder, of a trade or business in the United States, in which case the gain will be subject to tax in the manner described below under *Effectively Connected Income*;

the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the sale or disposition occurs and certain other conditions are met, in which case the gain (reduced by any U.S.-source capital losses) will be subject to 30% (or a lower applicable treaty rate) tax; or

we are, or have been, a United States real property holding corporation for U.S. federal income tax purposes, at any time during the shorter of the five-year period preceding such disposition and the Non-U.S. Holder's holding period in our common stock; provided, that so long as our common stock is regularly traded on an established securities market, a non-U.S. holder generally would be subject to taxation with respect to a taxable disposition of our common stock, only if at any time during that five-year or shorter period it owned more than 5% directly or by attribution, of our common stock.

It is unclear whether we are, or will be, a U.S. real property holding corporation during the relevant period described in the third bullet point above. Under U.S. federal income tax laws, we will be a United States real property holding corporation if at least 50% of the fair market value of our assets has consisted of United States real property interests. If we were treated as a U.S. real property holding corporation during the relevant period described in the third bullet point above, any taxable gains recognized by a Non-U.S. Holder on the sale or other taxable disposition of our common stock would be subject to tax as if the gain were effectively connected with the conduct of the Non-U.S. Holder's trade or business in the United States except the branch profits tax would not apply. See *Effectively Connected Income*. In addition, if our common stock ceases to be traded on an

Table of Contents

established securities market the transferee of our common stock would generally be required to withhold tax, under U.S. federal income tax laws, in an amount equal to 10% of the amount realized by the Non-U.S. Holder on the sale or other taxable disposition of our common stock. The rules regarding U.S. real property interests are complex, and Non-U.S. Holders are urged to consult with their own tax advisors on the application of these rules based on their particular circumstances.

Effectively Connected Income

If a dividend received on our common stock, or gain from a sale or other taxable disposition of our common stock, is treated as effectively connected with a Non-U.S. Holder's conduct of a trade or business in the United States, such Non-U.S. Holder will generally be exempt from withholding tax on any such dividend and any gain realized on such a disposition, provided such Non-U.S. Holder complies with certain certification requirements (generally on IRS Form W-8ECI). Instead such non-U.S. holder will generally be subject to U.S. federal income tax on a net income basis on any such gains or dividends in the same manner as if such holder were a U.S. person (as defined in the Code) unless an applicable income tax treaty provides otherwise. In addition, a non-U.S. holder that is a foreign corporation may be subject to a branch profits tax at a rate of 30% (or a lower rate provided by an applicable income tax treaty) on such holder's earnings and profits for the taxable year that are effectively connected with such holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, are attributable to such holder's U.S. permanent establishment), subject to adjustments.

Information Reporting and Backup Withholding

Generally, we must report to our Non-U.S. Holders and the IRS the amount of dividends paid during each calendar year, if any, and the amount of any tax withheld. This information reporting requirements apply even if no withholding is required (e.g., because the distributions are effectively connected with the Non-U.S. Holder's conduct of a United States trade or business, or withholding is eliminated by an applicable income tax treaty). This information also may be made available under a specific treaty or agreement with the tax authorities in the country in which the Non-U.S. Holder resides or is established.

Backup withholding, however, generally will not apply to distributions payable to a Non-U.S. Holder of shares of our common stock provided the Non-U.S. Holder furnishes to us or our paying agent the required certification as to its non-U.S. status, such as by providing a valid IRS Form W-8BEN or IRS Form W-8ECI, or certain other requirements are met. Notwithstanding the foregoing, backup withholding may apply if either we or our paying agent has actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person (as defined in the Code) that is not an exempt recipient.

Payments on the sale or other taxable disposition of our common stock made to or through a foreign office of a foreign broker generally will not be subject to backup withholding or information reporting. However, if such broker is for U.S. federal income tax purposes: a U.S. person, a controlled foreign corporation, a foreign person 50% or more of whose gross income is effectively connected with a U.S. trade or business for a specified three-year period, or a foreign partnership with certain connections to the United States, then information reporting will be required unless the broker has in its records documentary evidence that the Non-U.S. Holder is not a U.S. person (as defined in the Code) and certain other conditions are met or the Non-U.S. Holder otherwise establishes an exemption. Backup withholding may apply to any payment that such broker is required to report if the broker has actual knowledge or reason to know that the payee is a U.S. person. Payments to or through the U.S. office of a broker will be subject to backup withholding and information reporting unless the Non-U.S. Holder certifies, under penalties of perjury, that it is not a U.S. person, or otherwise establishes an exemption.

Backup withholding is not an additional tax but merely an advance payment, which may be refunded to the extent it results in an overpayment of tax and the appropriate information is timely supplied by the Non-U.S. Holder to the IRS.

FATCA

Pursuant to the Foreign Account Tax Compliance Act, or FATCA, foreign financial institutions (which include most foreign hedge funds, private equity funds, mutual funds, securitization vehicles and any other investment vehicles) and certain other foreign entities must comply with new information reporting rules with respect to their U.S. account holders and investors or confront a new withholding tax on U.S. source payments made to them (whether received as a beneficial owner or as an intermediary for another party). More specifically, a foreign financial institution or other foreign entity that does not comply with the FATCA reporting requirements will generally be subject to a new 30% withholding tax with respect to any withholdable payments. For this purpose, withholdable payments include generally U.S.-source payments otherwise subject to nonresident withholding tax (e.g., U.S.-source dividends) and also include the entire gross proceeds from the sale or other disposition of any equity or debt instruments of U.S. issuers. The new FATCA withholding tax will apply even if the payment would otherwise not be subject to U.S. nonresident withholding tax (e.g., because it is capital gain). Administrative guidance from the IRS defers this withholding obligation until July 1, 2014 for payments of dividends on U.S. common stock and until January 1, 2017 for gross proceeds from dispositions of U.S. common stock.

Non-U.S. Holders are urged to consult with their own tax advisors regarding the effect, if any, of the FATCA provisions to them based on their particular circumstances.

UNDERWRITING

Citigroup Global Markets Inc. is acting as underwriter of the offering. Subject to the terms and conditions set forth in an underwriting agreement between us and the underwriter, we have agreed to sell to the underwriter, and the underwriter has agreed to purchase from us 7,000,000 shares of our common stock.

Subject to the terms and conditions set forth in the underwriting agreement, the underwriter has agreed to purchase all of the shares sold under the underwriting agreement if any of these shares are purchased.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriter may be required to make in respect of those liabilities.

The underwriter is offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriter of officer's certificates and legal opinions. The underwriter reserves the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriter is purchasing the shares of common stock from us at \$ _____ per share (representing approximately \$ _____ aggregate proceeds to us, before we deduct our out-of-pocket expenses of approximately \$ _____, or approximately \$ _____ if the underwriter's option to purchase additional shares described below is exercised in full). The underwriter may offer the shares of common stock from time to time for sale in one or more transactions on NASDAQ, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by the underwriter and subject to the underwriter's right to reject any order in whole or in part. The underwriter may effect such transactions by selling shares of common stock to or through dealers and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriter and/or purchaser of shares of common stock for whom they may act as agents or to whom they may sell as principal. The underwriter is committed to purchase all the common shares offered by the selling stockholders if they purchase any shares.

Option to Purchase Additional Shares

We have granted an option to the underwriter, exercisable for 30 days after the date of this prospectus, subject to the conditions contained in the underwriting agreement, to purchase up to 1,050,000 additional shares at the price per share set forth on the cover page of this prospectus supplement.

No Sales of Similar Securities

In connection with this offering, both we have agreed not to offer or sell, dispose of or hedge, directly or indirectly any common stock without the permission of Citigroup Global Markets Inc. for a period of 60 days from the date of this prospectus, subject to certain exceptions and automatic extension in certain circumstances; provided that, after 30 days from the date of this prospectus, we will be permitted to issue and sell common stock under our at-the-market offering program, to retire existing indebtedness and/or for debt for equity exchange transactions. In addition, the Sponsors, have agreed not to offer or sell, dispose of or hedge, directly or indirectly, any common stock without the permission of Citigroup Global Markets Inc. for a period of 60 days from the date of this prospectus, subject to certain exceptions and automatic extension in certain circumstances.

Nasdaq Global Select Market Listing

The shares are listed on NASDAQ under the symbol CZR.

Price Stabilization, Short Positions

Until the distribution of the shares is completed, SEC rules may limit the underwriter and selling group members from bidding for and purchasing our common stock. However, the representatives may engage in transactions that stabilize the price of the common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriter may purchase and sell our common stock in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriter of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriter's option to purchase additional shares described above. The underwriter may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriter will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option granted to them. Naked short sales are sales in excess of such option. The underwriter must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of our common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of common stock made by the underwriter in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriter's purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. The underwriter may conduct these transactions on NASDAQ, in the over-the-counter market or otherwise.

Neither we nor the underwriter makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor the underwriter make any representation that the underwriter will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Passive Market Making

In connection with this offering, the underwriter may engage in passive market making transactions in the common stock on NASDAQ in accordance with Rule 103 of Regulation M under the Exchange Act during a

S-24

Table of Contents

period before the commencement of offers or sales of common stock and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker's bid that bid must then be lowered when specified purchase limits are exceeded. Passive market making may cause the price of our common stock to be higher than the price that otherwise would exist in the open market in the absence of those transactions. The underwriter is not required to engage in passive market making and may end passive market making activities at any time.

Electronic Distribution

In connection with the offering, the underwriter may distribute prospectuses by electronic means, such as e-mail.

Other Relationships

The underwriter and its affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. The underwriter has received, or may in the future receive, customary fees and commissions for these transactions. The underwriter has acted in the past as initial purchaser of offerings of our debt securities. In addition, certain affiliates of the underwriter are lenders and/or agents under our or our subsidiaries' credit facilities. Certain affiliates of the underwriter may also own our debt securities from time to time and de minimis amounts of our equity.

In addition, in the ordinary course of its business activities, the underwriter and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriter and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area (each, a "Relevant Member State"), no offer of shares may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the underwriter; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of shares shall require the Company or the underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed that it is a qualified investor within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive. In the case of any shares being offered to a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, each such financial intermediary will be deemed to have represented, acknowledged and agreed that

the shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any shares to the public other than their offer or resale in a Relevant Member State to qualified investors as so defined or in circumstances in which the prior consent of the underwriter has been obtained to each such proposed offer or resale.

The Company, the underwriter and their respective affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgements and agreements.

This prospectus has been prepared on the basis that any offer of shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. Accordingly any person making or intending to make an offer in that Relevant Member State of shares which are the subject of the offering contemplated in this prospectus may only do so in circumstances in which no obligation arises for the Company or the underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the Company nor the underwriter has authorized, nor do they authorize, the making of any offer of shares in circumstances in which an obligation arises for the Company or the underwriter to publish a prospectus for such offer.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission (the SEC) using a shelf registration process. Under the shelf registration process, we may offer and sell pursuant to one or more prospectus supplements, from time to time, shares of our common stock, in one or more underwritten or other public offerings and at prices and on terms that will be determined at the time of the offering, up to a maximum aggregate offering price of \$500,000,000.

This prospectus describes the general terms of these securities and the general manner in which these securities will be offered. We will provide the amounts, prices and specific terms of these securities in supplements to this prospectus. The prospectus supplements will also describe the specific manner in which these securities will be offered and may also supplement, update or amend information contained in this prospectus. Information filed with the SEC subsequent to the date of this prospectus and prior to the termination of the particular offering referred to in the applicable prospectus supplement will automatically be deemed to update and supersede inconsistent information contained in this prospectus. You should read this prospectus and any applicable prospectus supplement, together with the additional information described under the section entitled *Where You Can Find Additional Information*, before you invest.

The securities may be sold directly to you, through agents, or through underwriters and dealers. If agents, underwriters or dealers are used to sell the securities, we will name them and describe their compensation in a prospectus supplement. We may offer the shares as we may determine through public or private transactions or through other means described in the section entitled *Plan of Distribution* at prevailing market prices, at prices different than prevailing market prices or at privately negotiated prices. The prices at which we may sell the shares may be determined by the prevailing market price for the shares at the time of sale, may be different than such prevailing market prices or may be determined through negotiated transactions with third parties.

The prospectus supplement may also contain information about any material U.S. federal income tax considerations relating to the securities covered by the prospectus supplement.

PROSPECTUS SUMMARY

The following summary contains information about Caesars Entertainment Corporation and its common stock. It does not contain all of the information that may be important to you in making a decision to participate in the offering. For a more complete understanding of Caesars Entertainment Corporation, we urge you to read this prospectus and the applicable prospectus supplement carefully, including the sections entitled Risk Factors, Cautionary Statements Concerning Forward Looking Statements and Where You Can Find Additional Information. In connection with the reclassification of our common stock in 2010, we changed our name from Harrah's Entertainment, Inc. to Caesars Entertainment Corporation, and the name of our operating company, Harrah's Operating Company, Inc., to Caesars Entertainment Operating Company, Inc. Unless otherwise noted or indicated by the context, the term Caesars refers to Caesars Entertainment Corporation, we, us and our refer to Caesars and its consolidated subsidiaries, and CEOC refers to Caesars Entertainment Operating Company, Inc.

Our Company

We are the world's most diversified casino-entertainment provider and the most geographically diverse U.S. casino-entertainment company. Our business is primarily conducted through a wholly-owned subsidiary, CEOC, although certain material properties are not owned by CEOC. As of December 31, 2011, we owned, operated or managed, through various subsidiaries, 52 casinos in 12 U.S. states and seven countries. The majority of these casinos operate in the United States and England. Our casino entertainment facilities operate primarily under the Harrah's, Caesars, and Horseshoe brand names in the United States. Our casino entertainment facilities include 33 land-based casinos, 12 riverboat or dockside casinos, three managed casinos on Indian lands in the United States, one managed casino in Canada, one casino combined with a greyhound racetrack, one casino combined with a thoroughbred racetrack, and one casino combined with a harness racetrack. Our land-based casinos include one in Uruguay, nine in England, one in Scotland, two in Egypt, and one in South Africa. As of December 31, 2011, our facilities had an aggregate of approximately three million square feet of gaming space and approximately 43,000 hotel rooms. Our industry-leading customer loyalty program, Total Rewards, has over 40 million members. We use the Total Rewards System to market promotions and to generate customer play across our network of properties. In addition, we own an online gaming business, providing for real money casino, bingo and poker in the United Kingdom, alliances with online gaming providers in Italy and France, social games on Facebook and other social media websites, and mobile application platforms. We also own and operate the World Series of Poker tournament and brand.

We were incorporated on November 2, 1989 in Delaware and operated under predecessor companies prior to such date.

On January 28, 2008, Caesars was acquired by affiliates of Apollo Global Management, LLC (Apollo) and affiliates of TPG Capital, LP (together with such affiliates, TPG and, together with Apollo, the Sponsors) in an all-cash transaction, hereinafter referred to as the Acquisition, valued at approximately \$30.7 billion, including the assumption of \$12.4 billion of debt, and the incurrence of approximately \$1.0 billion of acquisition costs. Subsequent to the Acquisition, our stock was no longer publicly traded.

Effective February 8, 2012, as the result of our public offering (the Public Offering), our common stock trades on the NASDAQ Global Select Market under the symbol CZR.

RISK FACTORS

*Investing in our common stock involves risk. You should carefully consider the risk factors set forth below, as well as the other information contained in this prospectus or the applicable prospectus supplement, or incorporated by reference in this prospectus or the applicable prospectus supplement. In addition to those listed below and elsewhere in this prospectus or the applicable prospectus supplement, you should also consider the risks, uncertainties and assumptions discussed under the caption *Item 1A. Risk Factors* included in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus or the applicable prospectus supplement. Any of these risks could materially and adversely affect our business, financial condition or results of operations. In such a case, you may lose all or a part of your original investment. These risk factors may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future and any prospectus supplement related to a particular offering.*

Risks Related to this Offering

An active trading market for our common stock may not develop.

Prior to the Public Offering, which closed on February 13, 2012, there was not a public market for our common stock. We cannot predict the extent to which investor interest in us will lead to the development of an active trading market or how liquid that market might become. Our shares may be less liquid than the shares of other newly public companies and there may be imbalances between supply and demand for our shares. As a result our share price may experience significant volatility and may not necessarily reflect the value of our expected performance. If an active trading market does not develop, you may have difficulty selling any of our common stock that you buy.

Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock.

Future sales or the availability for sale of substantial amounts of our common stock in the public market could adversely affect the prevailing market price of our common stock and could impair our ability to raise capital through future sales of equity securities.

There are 125,297,197 shares of our common stock outstanding as of March 9, 2012. All of the outstanding shares of our common stock are eligible for resale under Rule 144 or Rule 701 of the Securities Act, subject to volume limitations, applicable holding period requirements and the lockup agreements described below or other contractual restrictions. The Sponsors have the ability to cause us to register the resale of its shares, and our management members who hold shares will have the ability to include their shares in such registration.

In connection with the Public Offering, we have agreed not to offer or sell, dispose of or hedge, directly or indirectly any common stock without the permission of Credit Suisse Securities (USA) LLC and Citigroup Global Markets Inc. for a period of 180 days from the pricing of the Public Offering, subject to certain exceptions and automatic extension in certain circumstances; provided that, after 30 days from the pricing of the Public Offering, we will be permitted to issue and sell common stock to retire existing indebtedness and/or for debt for equity exchange transactions. In addition, our named executive officers and certain holders of our outstanding common stock and options to purchase our common stock, including the Sponsors, have agreed not to offer or sell, dispose of or hedge, directly or indirectly, any common stock without the permission of Credit Suisse Securities (USA) LLC and Citigroup Global Markets Inc. for a period of 180 days and 270 days, respectively, from the pricing of the Public Offering, subject to certain exceptions and automatic extension in certain circumstances. Certain of our stockholders have agreed not to offer or sell, dispose of or hedge, directly or indirectly 50% of their shares that are being registered for resale pursuant

to a shelf registration without the permission of Credit Suisse Securities (USA) LLC and Citigroup Global Markets Inc. for a period of 180 days from the pricing of the Public Offering, subject to certain exceptions and automatic extension in certain circumstances.

Table of Contents

We may elect to sell additional shares of our common stock in one or more future primary offerings pursuant to this prospectus. We may issue shares of common stock or other securities from time to time as consideration for future acquisitions and investments or for any other reason that our board of directors, or Board, deems advisable. If any such acquisition or investment is significant, the number of shares of our common stock, or the number or aggregate principal amount, as the case may be, of other securities that we may issue may in turn be substantial. We may also grant registration rights covering those shares of common stock or other securities in connection with any such acquisitions and investments. As of March 9, 2012, options to purchase 8,076,890 shares of common stock are outstanding under our Management Equity Incentive Plan, assuming no changes to the plan, and warrants to purchase 382,129 shares of our common stock are outstanding. We intend to file with the SEC a registration statement on Form S-8 covering the shares issuable under awards we have already granted under our Management Equity Incentive Plan and the shares reserved for issuance under our 2012 Performance Incentive Plan. Assuming effectiveness of the registration statement on Form S-8, such shares will be freely tradable though they will be subject to the lock-up arrangements and the transfer restrictions pursuant to the Management Investor Rights Agreement described in Item 13. Certain Relationships and Related Party Transactions, and Director Independence Management Investor Rights Agreement in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus.

We cannot predict the size of future issuances of our common stock or other securities or the effect, if any, that future issuances and sales of our common stock or other securities, including future sales by the Sponsors, will have on the market price of our common stock. Sales of substantial amounts of common stock (including shares of common stock issued in connection with an acquisition), or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock.

The price and trading volume of our common stock may fluctuate significantly, and you could lose all or part of your investment.

Even if an active trading market develops, the market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume of our common stock may fluctuate and cause significant price variations to occur. Volatility in the market price of our common stock may prevent you from being able to sell your shares at or above the price you paid for your shares of common stock. The market price for our common stock could fluctuate significantly for various reasons, including:

our operating and financial performance and prospects;

our quarterly or annual earnings or those of other companies in our industry;

conditions that impact demand for our products and services;

the public's reaction to our press releases, other public announcements and filings with the SEC;

changes in earnings estimates or recommendations by securities analysts who track our common stock;

market and industry perception of our success, or lack thereof, in pursuing our growth strategy;

strategic actions by us or our competitors, such as acquisitions or restructurings;

changes in government and environmental regulation, including gaming taxes;

changes in accounting standards, policies, guidance, interpretations or principles;

arrival and departure of key personnel;

the small percentage of shares to be publicly traded after the Public Offering;

changes in our capital structure;

sales of common stock by us or members of our management team;

the expiration of contractual lockup agreements; and

Table of Contents

changes in general market, economic and political conditions in the United States and global economies or financial markets, including those resulting from natural disasters, terrorist attacks, acts of war and responses to such events.

In addition, in recent years, the stock market has experienced significant price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in the gaming, lodging, hospitality and entertainment industries. The changes frequently appear to occur without regard to the operating performance of the affected companies. Hence, the price of our common stock could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce our share price.

Apollo and TPG control us, and their interests may conflict with or differ from your interests as a stockholder.

Hamlet Holdings LLC, a Delaware limited liability company (Hamlet Holdings), the members of which are comprised of an equal number of individuals affiliated with each of the Sponsors, beneficially owns 69.9% of our common stock pursuant to an irrevocable proxy providing Hamlet Holdings with sole voting and sole dispositive power over those shares. The members of Hamlet Holdings have the power to elect all of our directors. Hamlet Holdings has the ability to vote on any transaction that requires the approval of our Board or our stockholders, including the approval of significant corporate transactions such as mergers and the sale of substantially all of our assets.

The interests of the members of Hamlet Holdings could conflict with or differ from the interests of holders of our common stock. The Sponsors are in the business of making or advising on investments in companies it holds, and may from time to time in the future acquire interests in or provide advice to businesses that directly or indirectly compete with certain portions of our business or are suppliers or customers of ours. One or both of the Sponsors may also pursue acquisitions that may be complementary to our business, and, as a result, those acquisition opportunities may not be available to us.

The concentration of ownership held by the Sponsors and their co-investors could delay, defer or prevent a change of control of us or impede a merger, takeover or other business combination which another stockholder may otherwise view favorably. In addition, a sale of a substantial number of shares of stock in the future by funds affiliated with the Sponsors or their co-investors could cause our stock price to decline.

So long as affiliates of the Sponsors continue to own a significant amount of the outstanding shares of our common stock, they will continue to be able to strongly influence or effectively control our decisions.

In addition, we have an executive committee that serves at the discretion of our Board and is authorized to take such actions as it reasonably determines appropriate. Currently, the executive committee may act by a majority of its members, provided that at least one member designated by Apollo Members (as defined under Item 13. Certain Relationships and Related Party Transactions, and Director Independence Hamlet Holdings Operating Agreement in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus) and one member designated by TPG Members (as defined under Item 13. Certain Relationships and Related Party Transactions, and Director Independence Hamlet Holdings Operating Agreement in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus) must approve any action of the executive committee. See Item 10. Directors, Executive Officers and Corporate Governance Committees of Our Board of Directors Executive Committee in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus, for a further discussion.

Table of Contents

Our stockholders are subject to extensive governmental regulation and if a stockholder is found unsuitable by the gaming authority, that stockholder would not be able to beneficially own our common stock directly or indirectly.

In many jurisdictions, gaming laws can require any of our stockholders to file an application, be investigated, and qualify or have his, her or its suitability determined by gaming authorities. Gaming authorities have very broad discretion in determining whether an applicant should be deemed suitable. Subject to certain administrative proceeding requirements, the gaming regulators have the authority to deny any application or limit, condition, restrict, revoke or suspend any license, registration, finding of suitability or approval, or fine any person licensed, registered or found suitable or approved, for any cause deemed reasonable by the gaming authorities. For additional information on the criteria used in making determinations regarding suitability, see Exhibit 99.3 (Gaming and Regulatory Overview) to our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus.

For example, under Nevada gaming laws, each person who acquires, directly or indirectly, beneficial ownership of any voting security, or beneficial or record ownership of any non-voting security or any debt security, in a public corporation which is registered with the Nevada Gaming Commission, or the Gaming Commission, may be required to be found suitable if the Gaming Commission has reason to believe that his or her acquisition of that ownership, or his or her continued ownership in general, would be inconsistent with the declared public policy of Nevada, in the sole discretion of the Gaming Commission. Any person required by the Gaming Commission to be found suitable shall apply for a finding of suitability within 30 days after the Gaming Commission's request that he or she should do so and, together with his or her application for suitability, deposit with the Nevada Gaming Control Board, or the Control Board, a sum of money which, in the sole discretion of the Control Board, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of that application for suitability, and deposit such additional sums as are required by the Control Board to pay final costs and charges. Additionally, under Ohio law, an institutional investor, which is broadly defined and includes any corporation, that holds any amount of our stock will be required to apply for and obtain a waiver of suitability determination.

Furthermore, any person required by a gaming authority to be found suitable, who is found unsuitable by the gaming authority, may not hold directly or indirectly the beneficial ownership of any voting security or the beneficial or record ownership of any nonvoting security or any debt security of any public corporation which is registered with the gaming authority beyond the time prescribed by the gaming authority. A violation of the foregoing may constitute a criminal offense. A finding of unsuitability by a particular gaming authority impacts that person's ability to associate or affiliate with gaming licensees in that particular jurisdiction and could impact the person's ability to associate or affiliate with gaming licensees in other jurisdictions.

Many jurisdictions also require any person who acquires beneficial ownership of more than a certain percentage of voting securities of a gaming company and, in some jurisdictions, non-voting securities, typically 5%, to report the acquisition to gaming authorities, and gaming authorities may require such holders to apply for qualification or a finding of suitability, subject to limited exceptions for institutional investors that hold a company's voting securities for investment purposes only.

Some jurisdictions may also limit the number of gaming licenses in which a person may hold an ownership or a controlling interest. In Indiana, for example, a person may not have an ownership interest in more than two Indiana riverboat owner's licenses.

Because we have not paid dividends since the Acquisition and do not anticipate paying dividends on our common stock in the foreseeable future, you should not expect to receive dividends on shares of our common stock.

We have no present plans to pay cash dividends to our stockholders and, for the foreseeable future, intend to retain all of our earnings for use in our business. The declaration of any future dividends by us is within the discretion of our Board and will be dependent on our earnings, financial condition and capital requirements, as well as any other factors deemed relevant by our Board.

Table of Contents

We are a controlled company within the meaning of the NASDAQ rules and, as a result, qualify for, and rely on, exemptions from certain corporate governance requirements.

Hamlet Holdings controls a majority of our voting common stock. As a result, we are a controlled company within the meaning of the New York Stock Exchange or NASDAQ corporate governance standards. Under the NASDAQ rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a controlled company and may elect not to comply with certain NASDAQ corporate governance requirements, including:

the requirement that a majority of the Board consists of independent directors;

the requirement that we have a nominating/corporate governance committee that is composed entirely of independent directors;

the requirement that we have a compensation committee that is composed entirely of independent directors; and

the requirement for an annual performance evaluation of the nominating/corporate governance and compensation committees.

As a result of these exemptions, we do not have a majority of independent directors nor do our nominating/corporate governance and compensation committees consist entirely of independent directors and we are not required to have an annual performance evaluation of the nominating/corporate governance and compensation committees. See Item 13. Certain Relationships and Related Transactions, and Director Independence in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus. Accordingly, you will not have the same protections afforded to stockholders of companies that are subject to all of the NASDAQ corporate governance requirements.

Our bylaws and certificate of incorporation contain provisions that could discourage another company from acquiring us and may prevent attempts by our stockholders to replace or remove our current management.

Provisions of our bylaws and our certificate of incorporation may delay or prevent a merger or acquisition that stockholders may consider favorable, including transactions in which you might otherwise receive a premium for your shares. In addition, these provisions may frustrate or prevent any attempts by our stockholders to replace or remove our current management by making it more difficult for stockholders to replace or remove our directors. These provisions include:

establishing a classified board of directors;

establishing limitations on the removal of directors;

permitting only an affirmative vote of at least two-thirds of the Board to fix the number of directors;

prohibiting cumulative voting in the election of directors;

empowering only the Board to fill any vacancy on the Board, whether such vacancy occurs as a result of an increase in the number of directors or otherwise;

authorizing the issuance of blank check preferred stock without any need for action by stockholders;

eliminating the ability of stockholders to call special meetings of stockholders;

prohibiting stockholders from acting by written consent if less than 50.1% of our outstanding common stock is controlled by the Sponsors;

prohibiting amendments to the bylaws without the affirmative vote of at least two-thirds of the Board or the affirmative vote of at least two-thirds of the total voting power of the outstanding shares entitled to vote;

Table of Contents

prohibiting amendments to the certificate of incorporation relating to stockholder meetings, amendments to the bylaws or certificate of incorporation, or the election or classification of the Board without the affirmative vote of two-thirds of the shares entitled to vote on any matter; and

establishing advance notice requirements for nominations for election to the Board or for proposing matters that can be acted on by stockholders at stockholder meetings.

Our issuance of shares of preferred stock could delay or prevent a change of control of us. Our Board has the authority to cause us to issue, without any further vote or action by the stockholders, shares of preferred stock, par value \$0.01 per share, in one or more series, to designate the number of shares constituting any series, and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders, even where stockholders are offered a premium for their shares.

Together, these charter and statutory provisions could make the removal of management more difficult and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our common stock. Furthermore, the existence of the foregoing provisions, as well as the significant common stock controlled by Hamlet Holdings, could limit the price that investors might be willing to pay in the future for shares of our common stock. They could also deter potential acquirers of our company, thereby reducing the likelihood that you could receive a premium for your common stock in an acquisition.

You can identify forward looking statements because they contain words such as believes, project, might, expects, may, will, should, seeks, approximately, intends, plans, estimates, or expressions that concern our strategy, plans or intentions. All statements we make relating to our estimated and projected earnings, margins, costs, expenditures, cash flows, growth rates and financial results are forward looking statements. In addition, we, through our senior management, from time to time make forward looking public statements concerning our expected future operations and performance and other developments. These forward looking statements are subject to risks and uncertainties that may change at any time, and, therefore, our actual results may differ materially from those that we expected. We derive many of our forward looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results.

We disclose important factors that could cause actual results to differ materially from our expectations under Risk Factors herein and under Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus, and elsewhere in this prospectus, including, without limitation, in conjunction with the forward looking statements included in this prospectus. All subsequent written and oral forward looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements. Some of the factors that we believe could materially affect our results include:

the impact of our substantial indebtedness;

the impact, if any, of unfunded pension benefits under multi-employer pension plans;

the effects of local and national economic, credit and capital market conditions on the economy in general, and on the gaming industry in particular;

construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues;

our ability to timely and cost-effectively integrate companies that we acquire into our operations;

our ability to realize the expense reductions from our cost savings programs;

access to available and reasonable financing on a timely basis;

the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;

our ability to recoup costs of capital investments through higher revenues;

acts of war or terrorist incidents, severe weather conditions, uprisings or natural disasters;

access to insurance on reasonable terms for our assets;

abnormal gaming holds (gaming hold is the amount of money that is retained by the casino from wagers by customers);

Table of Contents

the potential difficulties in employee retention and recruitment as a result of our substantial indebtedness, the ongoing downturn in the gaming industry, or any other factor;

the effects of competition, including locations of competitors and operating and market competition; and

the other factors set forth under **Risk Factors** herein and under **Item 1A. Risk Factors** in our Annual Report on Form 10-K for the year ended December 31, 2011, which is incorporated by reference in this prospectus.

We caution you that the foregoing list of important factors may not contain all of the material factors that are important to you. In addition, in light of these risks and uncertainties, the matters referred to in the forward looking statements contained in this prospectus, which speak only as of the date of this prospectus, may not in fact occur. We undertake no obligation to publicly update or revise any forward looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

The rights, preferences and privileges of holders of our common stock are subject to the terms of any series of preferred stock that may be issued in the future.

Preferred Stock

Our Board, without further stockholder approval, will be able to issue, from time to time, up to an aggregate of 125,000,000 shares of preferred stock in one or more series and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each such series thereof, including the dividend rights, dividend rates, conversion rights, voting rights, terms of redemption (including sinking fund provisions), redemption prices or prices, liquidation preferences and the number of shares constituting any series or designations of such series. Notwithstanding the foregoing, the rights of each holder of preferred stock will be subject at all times to compliance with all gaming and other statutes, laws, rules and regulations applicable to us or such holder at that time. Upon closing of the Public Offering, there were no shares of preferred stock outstanding. Our Board may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of common stock. The issuance of preferred stock, while providing flexibility in connection with possible future financings and acquisitions and other corporate purposes could, under certain circumstances, have the

effect of delaying, deferring or preventing a change in control of us might harm the market price of our common stock. See Certain Anti-Takeover, Limited Liability and Indemnification Provisions.

Certain Redemption Provisions

Caesars' certificate of incorporation contains provisions establishing the right to redeem the securities of disqualified holders if necessary to avoid any regulatory sanctions, to prevent the loss or to secure the reinstatement of any license or franchise, or if such holder is determined by any gaming regulatory agency to be unsuitable, has an application for a license or permit denied or rejected, or has a previously issued license or permit rescinded, suspended, revoked or not renewed. The certificate of incorporation will also contain provisions defining the redemption price and the rights of a disqualified security holder.

Registration Rights

The Sponsors each have demand registration rights with respect to the Caesars stock they currently own and both Sponsors and the co-investors can participate in any demand registration initiated by either Sponsor. To the extent the number of securities offered in any such offering has to be limited based upon the opinion of the underwriter or underwriters of such offering, the securities to be offered shall include (i) first, securities to be allocated pro rata among the Sponsors and their co-investors and (ii) second, only if all the securities referred to in clause (i) have been included, securities that Caesars proposes to include in such demand registration.

The Sponsors and their co-investors also have piggyback registration rights for any other offering not covered by a demand registration, provided that the co-investors can only participate if a Sponsor is participating in such offering as a selling stockholder. To the extent the number of securities offered in any such offering has to be limited based upon the opinion of the underwriter or underwriters of such offering, the securities to be offered shall include (i) first, all of the securities proposed to be sold in such offering by Caesars or any person exercising a contractual right to a demand registration, (ii) second, only if all the securities referred to in clause (i) have been included, securities to be allocated pro rata among the Sponsors and their co-investors, and (iii) third, only if all of the securities referred to in clause (ii) have been included, any other securities eligible for inclusion in such registration.

Caesars' management stockholders also have piggyback registration rights in connection with any registered offering of Caesars stock. To the extent the number of securities offered in any such offering has to be limited based upon the opinion of the underwriter or underwriters of such offering, the securities to be offered shall include (i) first, all of the securities proposed to be sold in such offering by Caesars or any person exercising a contractual right to a demand registration, (ii) second, only if all the securities referred to in clause (i) have been included, securities to be allocated pro rata among the Sponsors and their co-investors, and (iii) third, only if all of the securities referred to in clause (ii) have been included, the securities held by management together with any other securities eligible for inclusion in such registration.

Certain Anti-Takeover, Limited Liability and Indemnification Provisions

We are governed by the Delaware General Corporation Law. Caesars' certificate of incorporation and bylaws contain provisions that could make more difficult the acquisition of us by means of a tender offer, a proxy contest or otherwise, or to remove or place our current management.

Requirements for Advance Notification of Stockholder Nominations and Proposals. Caesars' bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the Board or one of its committees.

Delaware Anti-Takeover Law. Caesars is a Delaware corporation subject to Section 203 of the Delaware General Corporation Law. Under Section 203, certain business combinations between a Delaware corporation whose stock

generally is publicly traded and an interested stockholder are prohibited for a three-year period following the date that such stockholder became an interested stockholder, unless:

the corporation has elected in its certificate of incorporation not to be governed by Section 203, which we have elected;

Table of Contents

the business combination or the transaction which resulted in the stockholder becoming an interested stockholder was approved by the board of directors of the corporation before such stockholder became an interested stockholder;

upon consummation of the transaction that made such stockholder an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the commencement of the transaction excluding voting stock owned by directors who are also officers or held in employee benefit plans in which the employees do not have a confidential right to tender stock held by the plan in a tender or exchange offer; or

the business combination is approved by the board of directors of the corporation and authorized at a meeting by two-thirds of the voting stock which the interested stockholder did not own.

The three-year prohibition also does not apply to some business combinations proposed by an interested stockholder following the announcement or notification of an extraordinary transaction involving the corporation and a person who had not been an interested stockholder during the previous three years or who became an interested stockholder with the approval of a majority of the corporation's directors. The term "business combination" is defined generally to include mergers or consolidations between a Delaware corporation and an interested stockholder, transactions with an interested stockholder involving the assets or stock of the corporation or its majority-owned subsidiaries, and transactions which increase an interested stockholder's percentage ownership of stock. The term "interested stockholder" is defined generally as those stockholders who become beneficial owners of 15% or more of a Delaware corporation's voting stock, together with the affiliates or associates of that stockholder.

Classified Board and Cumulative Voting. Our certificate of incorporation and bylaws provide for a classified board of directors, pursuant to which the board of directors is divided into three classes whose members serve three-year staggered terms. Our certificate of incorporation also prohibits cumulative voting by stockholders in connection with the election of directors, which would otherwise allow less than a majority of stockholders to elect director candidates.

Removal of Directors. Our certificate of incorporation and bylaws provide that a director may be removed from office at any time, but only for cause and only by affirmative vote of at least two-thirds of the shares entitled to vote generally in the election of directors.

Number of Directors and Vacancies. Our bylaws permit the number of directors to be fixed only by an affirmative vote of at least two-thirds of the members of the board, and any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may only be filled by vote of a majority of our directors then in office, whether such vacancy occurs as a result of an increase in the number of directors or otherwise.

Blank Check Preferred Stock. Our certificate of incorporation authorizes the issuance of "blank check" preferred stock that could be issued by our board of directors to increase the number of outstanding shares or establish a stockholders rights plan making a takeover more difficult and expensive.

Amendments to Certificate of Incorporation and Bylaws. Our certification of incorporation provides that any amendment to its bylaws will require the affirmative vote of two-thirds of the shares entitled to vote on any matter or the board of directors. Our certificate of incorporation also provides that any amendment to the certificate of incorporation relating to stockholder meetings, amendments to our bylaws or certificate of incorporation and the election or classification of our board of directors will require the affirmative vote of two-thirds of the shares entitled to vote on any matter.

Special Meetings of Stockholders. Our bylaws provide that, except as otherwise required by law, special meetings of stockholders can only be called by our board of directors.

Table of Contents

Actions by Written Consent. Our bylaws prohibit stockholders from acting by written consent if less than 50.1% of our outstanding common stock is owned by the Sponsors.

Limitation of Officer and Director Liability and Indemnification Arrangements. Caesars' certificate of incorporation limits the liability of our officers and directors to the maximum extent permitted by Delaware law. Delaware law provides that directors will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except liability for:

any breach of their duty of loyalty to the corporation or its stockholders;

acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions; or

any transaction from which the director derived an improper personal benefit.

This charter provision has no effect on any non-monetary remedies that may be available to Caesars or its stockholders, nor does it relieve Caesars or its officers or directors from compliance with federal or state securities laws. The certificate also generally provides that Caesars shall indemnify, to the fullest extent permitted by law, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, investigation, administrative hearing or any other proceeding by reason of the fact that he is or was a director or officer of Caesars, or is or was serving at our request as a director, officer, employee or agent of another entity, against expenses incurred by him in connection with such proceeding. An officer or director shall not be entitled to indemnification by Caesars if:

the officer or director did not act in good faith and in a manner reasonably believed to be in, or not opposed to, Caesars' best interests; or

with respect to any criminal action or proceeding, the officer or director had reasonable cause to believe his conduct was unlawful.

These charter and bylaw provisions and provisions of Delaware law may have the effect of delaying, deterring or preventing a change of control of Caesars.

Amendments to Certificate of Incorporation or Bylaws

Our certification of incorporation provides that any amendment to its bylaws will require the affirmative vote of two-thirds of the shares entitled to vote on any matter. Our certificate of incorporation also provides that any amendment to the certificate of incorporation relating to stockholder meetings, amendments to our bylaws or certificate of incorporation and the election or classification of our board of directors will require the affirmative vote of two-thirds of the shares entitled to vote on any matter.

PLAN OF DISTRIBUTION

We currently intend to offer and sell pursuant to one or more prospectus supplements, from time to time, our common stock offered by this prospectus, in one or more underwritten or other public offerings and at prices and on terms that will be determined at the time of the offering. We may sell our common stock:

through underwriters;

through dealers;

through agents;

directly to purchasers; or

through a combination of any of these methods of sale.

We may directly solicit offers to purchase our common stock, or agents may be designated to solicit such offers. We will, in the applicable prospectus supplement relating to such offering, name any agent that could be viewed as an underwriter under the Securities Act, and describe any commissions that we must pay. Any such agent will be acting on a best efforts basis for the period of its appointment or, if indicated in the applicable prospectus supplement, on a firm commitment basis. This prospectus may be used in connection with any offering of our common stock through any of these methods or other methods described in the applicable prospectus supplement.

The distribution of the common stock may be effected from time to time in one or more transactions:

at a fixed price, or prices, which may be changed from time to time;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at privately negotiated prices.

We may also issue our common stock to holders of certain of our outstanding debt, including but not limited to, debt under our credit facilities, notes issued by CEOC and/or debt under our commercial mortgage-backed securities financing as consideration for the retirement of such debt.

Each prospectus supplement will describe the method of distribution of our common stock and any applicable restrictions. The prospectus supplement will describe the terms of the offering of our common stock, including the

following:

the name of the agent or any underwriters;

the public offering or purchase price;

any discounts and commissions to be allowed or paid to the agent or underwriters;

all other items constituting underwriting compensation;

any discounts and commissions to be allowed or paid to dealers; and

the exchange on which the securities will be listed.

If any underwriters or agents are utilized in the sale of our common stock in respect of which this prospectus is delivered, we will enter into an underwriting agreement or other agreement with them at the time of sale to them, and we will set forth in the prospectus supplement relating to such offering the names of the underwriters or agents and the terms of the related agreement with them.

If a dealer is utilized in the sale of our common stock in respect of which this prospectus is delivered, we will sell such common stock to the dealer, as principal. The dealer may then resell such common stock to the public at varying prices to be determined by such dealer at the time of resale.

Agents, underwriters, dealers and other persons may be entitled under agreements which they may enter into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act.

If so indicated in the applicable prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase our common stock from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of our common stock old pursuant to such contracts shall not be less nor more than, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that:

the purchase by an institution of our common stock covered under that contract shall not at the time of delivery be prohibited under the laws of the jurisdiction to which that institution is subject; and

if our common stock is also being sold to underwriters acting as principals for their own account, the underwriters shall have purchased such common stock not sold for delayed delivery. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of delayed delivery contracts.

Certain agents, underwriters and dealers, and their associates and affiliates may be customers of, have borrowing relationships with, engage in other transactions with, and/or perform services, including investment banking services, for us or one or more of our respective affiliates in the ordinary course of business.

In order to facilitate the offering of our common stock, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of our common stock the prices of which may be used to determine payments on such common stock. Specifically, any underwriters may over allot in connection with the offering, creating a short position for their own accounts. In addition, to cover over allotments or to stabilize the price of our common stock, the underwriters may bid for, and purchase, our common stock in the open market. Finally, in any offering of our common stock through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing our common stock in the offering if the syndicate repurchases previously distributed common stock in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of our common stock above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. The applicable prospectus supplement may provide that the original issue date for a holder's securities may be more than three scheduled business days after the trade date for such holder's securities. Accordingly, in such a case, if such holder wishes to trade securities on any date prior to the third business day before the original issue date for such holder's securities, such holder will be required, by virtue of the fact that such holder's securities initially are expected to settle in more than three scheduled business days after the trade date for such holder's securities, to make alternative settlement arrangements to prevent a failed settlement.

Our common stock is listed on the NASDAQ Global Select Market under the symbol CZR. However, we can give no assurances as to the development of liquidity or trading market for the shares.

In compliance with the guidelines of the Financial Industry Regulatory Authority, or FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the proceeds from any offering pursuant to this prospectus and any applicable prospectus supplement.
