### Item 1.01 Conflict Minerals Disclosure and Report

#### Conflict Minerals Disclosure

For the reporting period from January 1, 2013 to December 31, 2013, Fluidigm Corporation, referred to in this Form SD as the company, determined that certain conflict minerals, as defined in Section 1, Item 1.01(d)(3) of Form SD, are necessary to the functionality or production of products manufactured by the Company, which are referred to in this Form SD as necessary conflict minerals. Accordingly, the company conducted a reasonable country of origin inquiry to determine whether during 2013 its necessary conflict minerals originated in the Democratic Republic of the Congo or certain adjoining countries, which are referred to in this Form SD collectively as the covered countries. The company then conducted due diligence designed to conform to the Organisation for Economic Co-operation and Development, or OECD, Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas in order to determine whether any of the company's necessary conflict minerals originated from any of the covered countries and whether these conflict minerals benefitted, directly or indirectly, armed groups in any of the covered countries.

In accordance with Rule 13p-1 promulgated under the Securities Exchange Act of 1934, as amended, and this Specialized Disclosure Report on Form SD, the company has filed a Conflict Minerals Report, which is attached as Exhibit 1.02 hereto.
