PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS

To Be Held on April 30, 2015

INTRODUCTION

The Board of Directors of Cullen/Frost Bankers, Inc. (Cullen/Frost or the Company) is soliciting proxies to be used at the Annual Meeting of Shareholders and any adjournment or postponement thereof. The meeting will be held in the Commanders Room at Frost Bank, 100 West Houston Street, San Antonio, Texas 78205, on Thursday, April 30, 2015 at 11:00 a.m., San Antonio time. This Proxy Statement and the accompanying proxy card will be mailed to shareholders beginning on or about March 23, 2015.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2015 ANNUAL MEETING OF SHAREHOLDERS:

This Proxy Statement for the 2015 Annual Meeting of Shareholders and our 2014 Annual Report to Shareholders are available at cfvoteproxy.com.

We are pleased to provide access to our proxy materials on the Internet. We have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a proxy card, and by notifying you of the availability of our proxy materials on the Internet. This Proxy Statement for the 2015 Annual Meeting of Shareholders and our 2014 Annual Report to Shareholders are available at our proxy materials website at cfvoteproxy.com. This website does not use any functions that identify you as a visitor to the website, and thus protects your privacy.

You have the option to vote and submit your proxy by the Internet. If you have Internet access, we encourage you to record your vote by the Internet. We believe it will be convenient for you, and it saves postage and processing costs. In addition, when you vote by the Internet, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted. If you do not vote by the Internet, please vote by telephone or by completing and returning the enclosed proxy card in the postage prepaid envelope provided. Submitting your proxy by either Internet, telephone or proxy card will not affect your right to vote in person if you decide to attend the Annual Meeting.

Record Date and Voting Rights

The close of business on March 6, 2015 has been fixed as the record date for the determination of shareholders entitled to vote at the Annual Meeting. The only class of securities of Cullen/Frost outstanding and entitled to vote at the Annual Meeting is our Common Stock, par value \$0.01 per share. On March 6, 2015, there were 63,158,298 shares of Common Stock outstanding, with each share entitled to one vote.

Proxies

All shares of Cullen/Frost Common Stock represented by properly executed proxies, if timely returned and not subsequently revoked, will be voted at the Annual Meeting in the manner directed in the proxy. If a properly executed proxy does not specify a choice on a matter, the shares will be voted for the fourteen nominees to serve

as Directors for a one-year term that will expire at the 2016 Annual Meeting of Shareholders, for the approval of the 2015 Omnibus Incentive Plan, for the ratification of Ernst & Young LLP to act as our independent auditors for the 2015 fiscal year, for the non-binding approval of executive compensation, and in the discretion of the persons named as proxies with respect to any other business that may properly come before the meeting.

A shareholder may revoke a proxy at any time before it is voted by delivering a written revocation notice to the Corporate Secretary of Cullen/Frost Bankers, Inc., 100 West Houston Street, San Antonio, Texas 78205. A shareholder who attends the Annual Meeting may, if desired, vote by ballot at the meeting, and such vote will revoke any proxy previously given.

Quorum and Voting Requirements

A quorum of shareholders is required to hold a valid meeting. If the holders of a majority of the issued and outstanding shares of Cullen/Frost Common Stock entitled to vote are present at the Annual Meeting in person or represented by proxy, a quorum will exist. Shares for which votes are withheld, as well as abstentions and broker non-votes, are counted as present for establishing a quorum.

Directors are elected by a plurality of the votes cast at the Annual Meeting. Accordingly, the nominees receiving the highest number of votes will be elected. In the election of Directors, votes may be cast for or withhold authority with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote. Broker non-votes (as further discussed below) will have no effect on the outcome of this vote.

With respect to the approval of the 2015 Omnibus Incentive Plan, the affirmative vote of the holders of a majority of the shares of Cullen/Frost's Common Stock entitled to vote on, and who vote for, against or expressly abstain with respect to this proposal, will be the act of the shareholders. In voting for this matter, shares may be voted for, against or abstain. An abstention will have the effect of a vote against this matter. Broker non-votes (as further discussed below) will have no effect on the outcome of this vote.

With respect to the ratification of Ernst & Young LLP to act as our independent auditors for the 2015 fiscal year, the affirmative vote of the holders of a majority of the shares of Cullen/Frost's Common Stock entitled to vote on, and who vote for, against or expressly abstain with respect to this proposal, will be the act of the shareholders. In voting for this matter, shares may be voted for, against or abstain. An abstention will have the effect of a vote against this matter.

With respect to the resolution to provide nonbinding approval of executive compensation, the affirmative vote of the holders of a majority of the shares of Cullen/Frost's Common Stock entitled to vote on, and who vote for, against or expressly abstain with respect to this proposal, will be the act of the shareholders. In voting for this matter, shares may be voted for, against or abstain. An abstention will have the effect of a vote against this matter. Broker non-votes (as further discussed below) will have no effect on the outcome of this vote. This resolution is advisory only and will not be binding upon Cullen/Frost or the Board of Directors.

Under the rules of the Financial Industry Regulatory Authority, Inc., member brokers generally may not vote shares held by them in street name for customers who do not provide voting instructions, and instead must submit a so-called broker non-vote unless they are permitted to vote the shares in their discretion under the rules of any national securities exchange of which they are members. Under the rules of the New York Stock Exchange, Inc. (NYSE), a member broker that holds shares in street name for customers has authority to vote on certain routine items if it has transmitted proxy-soliciting materials to the beneficial owner but has not received instructions from that owner. The proposal to ratify the selection of Ernst & Young LLP to act as Cullen/Frost's independent auditors is a routine item, and the NYSE rules permit member brokers that do not receive instructions to vote on this item. However, the NYSE rules do not permit member brokers that do not receive instructions to vote on the election of Directors, on the approval of the 2015 Omnibus Incentive Plan, or on the shareholder advisory vote relating to executive compensation. Thus, it is very important that you cast your vote regarding all items of business proposed in the proxy.

Table of Contents

Expenses of Solicitation

Cullen/Frost will pay the expenses of the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, Directors, officers, and employees of Cullen/Frost may solicit proxies by telephone, facsimile, in person or by other means of communication. Cullen/Frost also has retained Okapi Partners LLC ("Okapi") to assist with the solicitation of proxies. Directors, officers, and employees of Cullen/Frost will receive no additional compensation for the solicitation of proxies, and Okapi will receive a fee not to exceed \$8,000.00, plus reimbursement for out-of-pocket expenses. Cullen/Frost has requested that brokers, nominees, fiduciaries and other custodians forward proxy-soliciting material to the beneficial owners of Cullen/Frost Common Stock. Cullen/Frost will reimburse these persons for out-of-pocket expenses they incur in connection with its request.

The Board has adopted written charters of the Audit Committee, the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee. All of these charters are available at frostbank.com or in print to any shareholder making a request by contacting the Corporate Secretary, Stan McCormick at 100 West Houston Street, San Antonio, Texas 78205. The Board intends to adopt a written charter for the Risk Committee and it will be made available online and in print as specified in the immediately preceding sentence once available. As described in more detail below under "Certain Corporate Governance Matters Director Independence," the Board has determined that each member of the Audit Committee, the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee is independent within the meaning of the rules of the NYSE. The Board has also determined that a majority of the members of the Risk Committee are independent within the meaning of the rules of the NYSE. The Board has also determined that each member of the Audit Committee is independent within the meaning of the rules of the SEC. In addition, the Board has determined that each member of the Audit Committee is financially literate and that at least one member of the Audit Committee has accounting or related financial management expertise, in each case within the meaning of the NYSE's rules. The Board has also determined that Mr. Ruben M. Escobedo is an audit committee financial expert within the meaning of the SEC's rules.

Leadership Structure

As provided in our Corporate Governance Guidelines, our Board selects its Chairman, Lead Director and CEO in a way that it considers to be in the best interests of Cullen/Frost. The Board does not have a policy on whether the role of Chairman and CEO should be separate or combined, but believes that the most effective leadership structure for Cullen/Frost is to combine these responsibilities. This structure avoids the potential confusion and conflict over who is leading the Company, both within the Company and when dealing with investors, customers and counterparties, and the duplication of efforts that can result from the roles being separated. The Board also believes that combining these roles in one person enhances accountability for the performance of Cullen/Frost. Furthermore, as Cullen/Frost has traditionally combined these roles (for some 30+ years now), separating them could cause significant disruption in oversight and lines of reporting. Nevertheless, depending upon the circumstances, the Board could choose to separate the roles of Chairman and CEO in the future.

Edgar Filing: CULLEN/FROST BANKERS, INC. - Form DEF 14A

- ¹ Prior to January 2015, the Risk Committee existed as the Risk Committee of the Frost Bank Board. In January 2015, the Board of Directors approved the establishment of the Risk Committee as a joint Committee of the Boards of Directors of Cullen/Frost and Frost Bank. Accordingly, these 12 meetings were held when the Committee existed as the Risk Committee of Frost Bank.

Table of Contents

To help ensure strong oversight by our non-management directors, our Audit Committee, Corporate Governance and Nominating Committee and Compensation and Benefits Committee are composed only of independent directors, and our Risk Committee is composed of a majority of independent directors. In accordance with our Corporate Governance Guidelines, the Chair of the Corporate Governance and Nominating Committee acts as the Lead Director and presides at executive sessions of non-management directors and presents to the full Board any matters that may need to be considered by the full Board. Mr. Royce S. Caldwell, the current Lead Director, also is the Chair of the Compensation and Benefits Committee and is a member of several other Board committees. As a result, the Lead Director is fully informed of all activities of the Board and all of its committees. In addition to presiding at the executive sessions of the non-management directors, the Lead Director also reviews the agenda, schedule and materials for each Board Meeting and Board committee meeting and executive session, and facilitates communication between the non-management directors and the Chairman and CEO.

The Board is responsible for overseeing all aspects of management of Cullen/Frost, including risk oversight, which is effected primarily through the Audit and Risk Committees. The Risk Committee assists the Board in fulfilling its responsibilities for oversight of the Company's enterprise-wide risk management framework, including reviewing the Company's overall risk appetite, risk management strategy and the policies and practices established by the Company's management to identify and manage risk to the Company. The Audit Committee receives reports on, and reviews, Frost Bank's principal risk exposure, including financial reporting, credit, and liquidity risk. Cullen/Frost management regularly discusses macro-and business-specific economic factors with the Audit Committee and the Risk Committee, as well as the potential impact of these factors on the risk profile (including the financial situation) of the Company. Cullen/Frost management also periodically reviews with the Board specific risk analyses, such as sensitivity and scenario analyses. In addition, the Audit Committee and the Risk Committee receive written packages and detailed oral postings on various types of risk and other matters (which come from a combination of the Company's CEO, CFO, and Chief Risk Officer/Chief Credit Officer) at regularly scheduled meetings. The Board also interacts on a regular basis with executive officers, from both the control and line of business sides of Cullen/Frost. Furthermore, members of the Board of Cullen/Frost also serve as members of the Board of Directors of Frost Bank, and as such receive regular reports on the operations of Frost Bank. The Board of Directors of Frost Bank has additional committees that are not committees of the Board of Cullen/Frost. These Frost Bank Board committees have a majority of independent directors and review risks and approve policy exceptions in lending and trust services. Each standing committee of the Boards of Cullen/Frost and Frost Bank has oversight responsibility for risks inherent within its area of oversight. It is through these various channels that the Board seeks the necessary information to oversee the Company's risk management.

Director Nomination Process

The Corporate Governance and Nominating Committee is responsible for identifying individuals qualified to become members of the Board of Directors and for recommending to the Board the nominees to stand for election as Directors.

In identifying Director candidates, the Corporate Governance and Nominating Committee may seek input from Cullen/Frost's management and from current members of the Board. In addition, it may use the services of an outside consultant, although it has not done so in the past. The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders. Shareholders who wish to recommend candidates may do so by writing to the Corporate Governance and Nominating Committee of Cullen/Frost Bankers, Inc., c/o Corporate Secretary, 100 West Houston Street, San Antonio, Texas 78205. Recommendations may be submitted at any time. The written recommendation must include the name of the candidate, the number of shares of Cullen/Frost Common Stock owned by the candidate and the information regarding the candidate that would be included in a proxy statement for the election of Directors pursuant to paragraphs (a), (e) and (f) of Item 401 of Regulation S-K adopted by the SEC.

Table of Contents

In evaluating Director candidates, the Corporate Governance and Nominating Committee initially considers the Board's need for additional or replacement Directors. It also considers the criteria approved by the Board and set forth in Cullen/Frost's Corporate Governance Guidelines, which include, among other things, the candidate's personal qualities (in light of Cullen/Frost's core values and mission statement), accomplishments and reputation in the business community, the fit of the candidate's skills and personality with those of other Directors and candidates and the ability of the candidate to commit adequate time to Board and committee matters. The objective is to build a Board that is effective, collegial and responsive to the needs of Cullen/Frost and that includes a diversity of viewpoints, background, experience and other demographics. In addition, considerable emphasis is given to Cullen/Frost's mission statement and core values, statutory and regulatory requirements, and the Board's goal of having a substantial majority of independent directors.

The Corporate Governance and Nominating Committee evaluates all Director candidates in the same manner, including candidates recommended by shareholders. In considering whether candidates satisfy the criteria described above, the Committee will initially utilize the information it receives with the recommendation and other information it otherwise possesses. If it determines, in consultation with other Board members, including the Chairman, that more information is needed, it may, among other things, conduct interviews.

CERTAIN CORPORATE GOVERNANCE MATTERS

Cullen/Frost believes that it has operated over the years with sound corporate governance practices that exemplify its commitment to integrity and to protect both the interests of its shareholders and the other constituencies that it serves. These practices include a substantially independent Board of Directors, periodic meetings of non-management Directors, and a sound and comprehensive code of conduct, which obligates Directors and all employees to adhere to the highest legal and ethical business practices. A review of some of Cullen/Frost's corporate governance measures is set forth below.

Director Independence

The Board of Directors believes that a substantial majority of its members should be independent within the meaning of the NYSE's rules. To this end, the Board reviews annually the relevant facts and circumstances regarding relationships between Directors and Cullen/Frost. The purpose of the Board's review is to determine whether any Director has a material relationship with Cullen/Frost (either directly or as a partner, shareholder or officer of an organization that has a relationship with Cullen/Frost).

In connection with the Board's latest review, the Board determined that the following Directors, who compose 85% of the Board, are independent within the meaning of the NYSE's rules: Mr. R. Denny Alexander, Mr. Carlos Alvarez, Mr. Royce S. Caldwell, Mr. Crawford H. Edwards, Mr. Ruben M. Escobedo, Mr. David J. Haemisegger, Ms. Karen E. Jennings, Mr. Richard M. Kleberg, III, Mr. Charles W. Matthews, Ms. Ida Clement Steen, Mr. Horace Wilkins, Jr. and Mr. Jack Wood. Mr. Richard W. Evans, Jr. and Mr. Patrick B. Frost are not independent because they are executive officers of Cullen/Frost.

In making its independence determinations, the Board considers the NYSE's rules, as well as the standards set forth below. The Board adopted these standards pursuant to the NYSE's rules to assist in making independence determinations. For purposes of the standards, the term Cullen/Frost Entity means, collectively, Cullen/Frost and each of its subsidiaries.

Credit Relationships. A proposed or outstanding relationship that consists of an extension of credit by a Cullen/Frost Entity to a Director or a person or entity that is affiliated, associated or related to a Director should not be deemed to be a material relationship if it satisfies each of the following criteria:

It is not categorized as classified by the Cullen/Frost Entity or any regulatory authority that supervises the Cullen/Frost Entity.

It is made on terms and under circumstances, including credit standards, that are substantially similar to those prevailing at the time for comparable relationships with other unrelated persons or entities and, if subject to the Federal Reserve Board's Regulation O (12 C.F.R. Part 215), is made in accordance with Regulation O.

In the event that it was not made, in the case of a proposed extension of credit, or it was terminated in the normal course of the Cullen/Frost Entity's business, in the case of an outstanding extension of credit, the action would not reasonably be expected to have a material adverse effect on the Director or the business, results of operations or financial condition of any person or entity related to such Director.

The Board of Directors determined that credit relationships with each of our independent Directors satisfied these criteria.

Non-Credit Banking or Financial Products or Services Relationships. A proposed or outstanding relationship in which a Director or a person or entity that is affiliated, associated or related to a Director procures non-credit banking or financial products or services from a Cullen/Frost Entity should not be deemed to be a material relationship if it (i) has been or will be offered in the ordinary course of the Cullen/

Table of Contents

Frost Entity's business and (ii) has been or will be offered on terms and under circumstances that were or are substantially similar to those prevailing at the time for comparable non-credit banking or financial products or services provided by the Cullen/Frost Entity to other unrelated persons or entities. The Board of Directors determined that non-credit banking or financial products or services relationships with each of our independent Directors satisfied these criteria.

Property or Services Relationships. A proposed or outstanding relationship in which a Director or a person or Entity that is affiliated, associated or related to a Director provides property or services to a Cullen/Frost Entity should not be deemed to be a material relationship if the property or services (i) have been or will be procured in the ordinary course of the Cullen/Frost Entity's business and (ii) have been or will be procured on terms and under circumstances that were or are substantially similar to those that the Cullen/Frost Entity would expect in procuring comparable property or services from other unrelated persons or entities. The Board of Directors determined that the lease arrangements involving companies in which Mr. R. Denny Alexander, Mr. Crawford H. Edwards and Mr. Jack Wood have interests, as further described under Certain Transactions and Relationships on page 44, below, satisfied these criteria.

Meetings of Non-Management Directors

Cullen/Frost's non-management Directors meet in executive sessions without members of management present at each regularly scheduled meeting of the Board. The Lead Director and Chairman of the Board's Corporate Governance and Nominating Committee, who is currently Mr. Royce S. Caldwell, presides at the executive sessions.

Table of Contents

Role of executive officers. After consulting with the Committee's compensation consultant, the CEO recommends to the Committee base salary, target bonus levels, actual bonus payments and long-term incentive grants for Company officers. The Committee considers, discusses and modifies the CEO's recommendations, as appropriate, and takes action on such proposals. The CEO does not make recommendations to the Committee on his own pay levels. The Committee, in executive session and without members of Company management present, determines the pay levels for the CEO to be ratified by the Board of Directors.

Role of compensation consultants. The Committee retains Meridian Compensation Partners, LLC (Meridian) to serve as its outside compensation consultant.

The role of the Committee's independent consultant, Meridian, is to serve and assist the Committee in its review and oversight of executive and director compensation practices and to assist the CEO and company management in reviewing, assessing, and developing recommendations for the Company's executive compensation programs.

The nature and scope of services rendered by Meridian on the Committee's behalf is described below:

Review of competitive market pay analyses, as needed, including executive compensation benchmarking services, proxy data studies, Board of Director pay studies, dilution analyses, and market trends;

Ongoing support with regard to the latest relevant regulatory, technical, and/or accounting considerations impacting compensation and benefit programs;

Assistance with the redesign of any compensation or benefit programs, if desired/needed;

Preparation for and attendance at selected management, committee, or Board of Director meetings; and

Other miscellaneous requests that occur throughout the year.

The Committee did not direct Meridian to perform the above services in any particular manner or under any particular method. The Committee has the final authority to hire and terminate its consultant, and the Committee evaluates the consultant annually.

Meridian did not provide any services for the Committee or the Company outside of the compensation consulting services outlined above.

In its January 2015 meeting, the Committee reviewed the independence of Meridian as its consultant. Specifically, the Committee took into account the six independence factors as adopted by the SEC in Rule 10C-1 under the Exchange Act and applicable NYSE rules. The Committee determined that Meridian is an independent adviser to the Committee.

The Committee's consultant from Meridian attended all of the Committee meetings in 2014 and assisted the Committee with the market data and an assessment of executive compensation levels and program design, CEO compensation, and support on various regulatory and technical issues.

Compensation Discussion and Analysis

Executive Summary

We are a financial holding company, headquartered in San Antonio, Texas, with well over 120 financial centers throughout Texas. We provide a wide range of banking, investment and insurance services to businesses and individuals in the Austin, Corpus Christi, Dallas, Fort Worth, Houston, Permian Basin, Rio Grande Valley and San Antonio regions. Founded in 1868, we have helped clients with their financial needs during three centuries. Over the years, we've grown significantly, but what hasn't changed is our commitment to our values and to the relationships we've forged. Those relationships include our employees. We believe a key factor in our success is consistency—consistency in culture, philosophy and management and consistency in executive pay philosophy and practices.

At Cullen/Frost, we enjoy a strong history of sound and profitable performance. We believe everyone is significant at our Company and successful performance occurs when everyone works together as a team with common goals. As a result, our executive compensation programs generally focus on total company success. At Cullen/Frost, we believe in providing a square deal for our shareholders, customers and employees. Therefore, we generally target our executive compensation, at target, at approximately the 50th percentile of the external market while taking into account various other factors, including market conditions, company performance, internal equity, and individual experience levels, among other things. Because we believe our Company to be a safe and sound place to do business, we strive to avoid excessive risk, and do not offer executive compensation programs that would encourage the taking of such risks. Further, we believe that the consistency and continuity of our management team serves to enhance our conservative risk profile. The average tenure with the Company of the five Named Executive Officers included in this proxy statement is in excess of 35 years. Finally, we structure our executive compensation programs to align management and shareholder interests.

2014 was another great year for Cullen/Frost. Our Company achieved a strong net income of \$278 million exceeding budgeted expectations and representing a 17% increase in earnings over the prior year.

During 2014, in light of our continued strong financial performance, the following decisions were made concerning compensation of the Named Executive Officers:

Increases to base pay approximating 5.6% on average, effective January 1, 2015;

Annual bonus payments for 2014 performance paid in 2015 at target due to the strong financial performance of our Company with net income that exceeded budgeted expectations; and

Long-term incentive award grants consisting of stock options and restricted stock with an equal grant value weighting consistent with our historical practice.

Table of Contents

Additionally, and partially in response to our 2014 Say on Pay vote which is described further below, the Committee approved the following actions with regard to our change-in-control severance arrangements:

Removed the excise tax gross-up provision from all change-in control agreements, including the CEO and the Named Executive Officers; and

Added a double-trigger vesting provision in our 2015 Omnibus Incentive Plan for a change-in-control.

We believe that our executive compensation programs successfully balance elements of fixed compensation, short- and long-term incentives and benefit programs consistent with our core values of integrity, caring and excellence.

2014 Say On Pay Vote

The 2014 Annual Shareholders Meeting was held on April 24th. This marked the fourth annual Say on Pay vote by shareholders of Cullen/Frost. The shareholders showed their approval of the Company's executive pay programs with 77% of all votes cast being in favor of approval of the executive pay programs. The Compensation and Benefits Committee (the Committee) and the Board were very appreciative of the positive vote and the strong message it delivered. The strong shareholder support has reaffirmed the Committee's approach to executive compensation philosophy and programs. Accordingly, for 2014, the Committee has continued to administer the same conservative reward programs and to demonstrate the same consistent pay philosophies that have been in place historically. Additionally, and partially due to feedback we received as part of our 2014 Say on Pay vote, the Committee approved changes to our change-in-control severance arrangements as described in the Executive Summary above.

Named Executive Officers

This Compensation Discussion and Analysis is included to provide the material information necessary for our shareholders to understand the objectives and policies of Cullen/Frost's compensation program for the CEO, the CFO and the other three most highly compensated executive officers of Cullen/Frost (collectively, the Named Executive Officers) and to describe how these policies were implemented for 2014 performance. Effectively retain Cullen/Frost's executive management team; and

Increase shareholder value by strategically aligning executive management and shareholder interests.

Design of the Total Compensation Program and Overview of Compensation Decisions made in 2014

Pay Philosophy

In general, it is Cullen/Frost's compensation philosophy to generally target aggregate executive compensation at target for each of our executives at the 50th percentile of the external market (as described below). Actual compensation paid to executives reflects the Company's performance versus market and therefore may fall above or below the 50th percentile in a given year. In addition to external competitiveness, the Committee evaluates the following factors when making compensation decisions for executive officers:

Performance (Company, segment and individual);

Internal equity;

Experience;

Strategic importance;

Technical implications such as tax, accounting, and shareholder dilution; and

Advice from the independent compensation consultants.

The Committee does not assign a specific weighting to these factors and may exercise its discretion when making compensation decisions for Named Executive Officers.

When reviewing the components of the compensation program, the Committee, together with Mr. Evans and the Director of Human Resources, works to ensure the total package is competitive with the external marketplace and remains balanced from an internal equity standpoint. However, the Committee believes that it is the total package that should be competitive, and not necessarily the individual elements.

Mr. Evans makes recommendations to the Committee on the pay levels of his direct reports (including the other Named Executive Officers) for the Committee's review and approval. The Committee reviews a total compensation tally sheet for Mr. Evans annually. Cullen/Frost uses the tally sheet to inform the Committee on Mr. Evans' total compensation and accumulated wealth from the Company's equity and retirement benefit plans. Mr. Evans does not make recommendations to the Committee on his own pay levels. The Committee, in executive session and without members of Company management present, determines the pay levels for Mr. Evans to be ratified by the Board of Directors.

The Committee does not maintain a stated policy with regard to cash versus non-cash compensation. However, the allocation of cash and non-cash compensation for each of the Named Executive Officers is reviewed by the Committee annually.

Table of Contents

In general, the Committee does not take into account amounts realizable from prior compensation when making future pay decisions. However, previous grant date amounts and values are considered, particularly when establishing long-term incentive award grants.

In light of the volatility in the U.S. financial markets in the last several years and the concern over executive compensation among financial institutions, the Committee has taken the additional measure of meeting annually with senior officers, including the Chief Risk Officer, as well as the Committee's compensation consultant, to discuss the risk profile of our total executive compensation program for Named Executive Officers. For 2014, the Committee determined that the total compensation program, which balances fixed compensation (base pay and retirement benefits) and various forms of shorter- and longer-term incentive pay (annual cash bonus and equity compensation), did not encourage excessive or unnecessary risks.

Benchmarking and Peer Companies

Under the direction of the Committee, Cullen/Frost, together with Meridian Compensation Partners, LLC (Meridian) the Committee's independent external compensation consultant conducts annual targeting of base pay, annual incentive pay, and long-term incentive pay. The competitiveness of other forms of pay is reviewed on a periodic basis, as determined by the Committee.

External market data is provided by Meridian. For purposes of benchmarking executive compensation, the Committee has determined that the external market should be defined as peer companies in the banking industry of a similar asset size to Cullen/Frost. For 2014, Meridian provided market data collected from public filings for the following 19 peer companies:

Associated Banc-Corp	First Horizon National	Signature Bank*
BOK Financial Corp*	First Niagara Financial*	SVB Financial Group
City National Corporation	First Republic Bank*	Synovus Financial Corporation
Comerica*	FirstMerit Corporation	Umpqua Holdings*
Commerce Bancshares	Popular*	Webster Financial
East West Bancorp*	Prosperity Bancshares*	Zions Bancorporation*

First Citizens BancShares*

The peer group used in 2014 represents a change from prior years. Due to the growth of the company over time, the decision was made to alter the peer group to better reflect peers of Cullen/Frost. Companies in the table above with * were added to the group for 2014. In addition, BancorpSouth, Inc., Bank of Hawaii Corporation, Cathay General Bancorp, Fulton Financial Corporation, Susquehanna Bancshares, Inc., TCF Financial Corporation, and Valley National Bancorp were removed from the peer group.

The 2014 peer group was developed based on the following criteria:

Size Companies with assets comparable to Cullen/Frost. The median asset size of the peer group listed above is \$26.6 billion as of December 31, 2013 as compared to Cullen/Frost's asset size of \$24.3 billion as of that same date.

Industry Companies in the commercial banking industry sector.

Edgar Filing: CULLEN/FROST BANKERS, INC. - Form DEF 14A

Locality Commercial banks headquartered across the United States.

Sample Size A peer group with 15-20 companies.

Additionally, market data was collected by Meridian from multiple published survey sources representing national financial institutions of a similar asset size to Cullen/Frost. The Committee believes that the combination of peer company data and survey data reflects Cullen/Frost's external market for business and executive talent. Accordingly, the Committee uses both of these sources when targeting Cullen/Frost's executive target aggregate compensation at the 50th percentile of the external market. The Committee does not utilize any stated weighting of external market data relative to other factors to determine compensation levels of the Named

-21-

Table of Contents

Executive Officers. Instead, the Committee, in consultation with Meridian evaluates the market data, along with the other factors listed previously to determine the appropriate compensation levels of the Named Executive Officers on an individual basis.

Relation of Pay Practices to Risk Management

Key elements of Cullen/Frost's mission are to build long-term relationships based on safe, sound assets. In support of its mission, our Company has long adhered to compensation policies and practices, described below, that are designed to support strong risk management.

We pay base salaries to our employees that are competitive and that represent a significant portion of their compensation and, therefore, do not encourage excessive risk taking to increase compensation.

Cash annual incentive compensation, which represents a small percentage of the Company's total revenue, is awarded to many employees within Cullen/Frost to encourage excellence in delivering value to our customers and sustained superior financial performance to our shareholders.

As our Company is dedicated to relationship banking, incentives for business line employees typically emphasize such factors as the level of client contact and success in meeting clients' overall needs, as well as production volume.

Our employees as a group, through long-term equity-based awards and investment in Company stock under the 401(k) Plan (described below) for employees of Cullen/Frost and other holdings, are significant holders of Cullen/Frost stock.

Based on the points above, the Committee therefore does not believe that our compensation policies and practices encourage taking excessive or unnecessary risk. We regularly review all plans identified by Human Resources Officers as potentially creating risk, regardless of magnitude, particularly with respect to executive officers. Based on the structure of our Company's longstanding compensation policies and practices, the Committee believes that those compensation policies and practices are not reasonably likely to have a material adverse effect on Cullen/Frost.

Elements of the Compensation Program

To ensure achievement of our executive compensation program objectives, compensation is provided to the Named Executive Officers in the following elements:

Base Pay;

Annual Incentive Pay;

Long-Term Incentive Pay;

Benefits;

Perquisites; and

Post-Termination Pay.

The purpose, design, determination of amounts, and 2014 pay decisions are described below.

Base Pay

Base pay is an important element of executive compensation because it provides executives with a base level of monthly income. As discussed in the Pay Philosophy section, internal and external equity, performance, experience, and other factors are considered when establishing base salaries. The Committee does not assign a

-22-

Table of Contents

specific weighting to these factors when making compensation decisions. Base salary changes are generally approved in October of each year and are effective January 1st of the following year. No specific weighting is targeted for base salaries as a percentage of total compensation.

During its Fall 2014 meeting in October, the Committee approved base pay increases for Mr. Evans and the other Named Executive Officers. The increases were based on external market data, internal equity, and each individual's performance. The Committee observed that prior to the increases,

the base pay of Mr. Evans was in alignment with the 50th percentile of the external market;

the base pay of Mr. Green, Mr. Beck and Mr. Kardys was in alignment with the 60th percentile of the external market; and

the base pay levels for Mr. Frost was approximately equal to the 55th percentile of the external market.

The base pay increases approved by the Committee became effective January 1, 2015 and approximated an average of 5.6% of existing base pay, ranging from 0 % to 9.7%. There was no base pay increase awarded to Mr. Beck for 2015 due to his planned retirement from the company in 2015. Base pay levels for 2014 can be seen in the Summary Compensation Table.

Annual Incentive Pay

Annual incentive pay is provided to Named Executive Officers to recognize achievement of annual financial targets and is paid in accordance with the quantitative and qualitative terms of the Bonus Plan for the Chief Executive Officer and the Executive Management Bonus Plan, which covers the other Named Executive Officers. This award is paid in the form of a cash incentive payment.

The Bonus Plan for the Chief Executive Officer differs from that of the other Named Executive Officers. Both bonus plans are described in the sections that follow.

Bonus Plan for the Chief Executive Officer

Annually, during its first-quarter meeting, the Committee establishes a cap tied to net income for the Chief Executive Officer's bonus, thereby directly relating the Chief Executive Officer's annual incentive to the performance of Cullen/Frost. This measurement has historically been 0.8% of net income and, after the close of the fiscal year, the Committee then exercises only downward discretion to arrive at a bonus payment amount to Mr. Evans. Traditionally, the Committee has not paid a bonus at the full 0.8% of fiscal year net income, but closer to a target of 100% of his base salary earnings depending on the performance of the Company and Mr. Evans.

Table of Contents

For 2014, the Committee again approved a cap of 0.8% of fiscal year net income for Mr. Evans' bonus and a target bonus of 100% of his base salary earnings. To determine his annual incentive payment amount, the Committee exercised downward discretion based on the following qualitative measures approved by the Committee.

Performance Measures	Description
Operating Results	<i>Provides direction to ensure that Cullen/Frost meets its financial goals, both in terms of achieving budgetary results and in its commitment to performance compared to its peers.</i>
Leadership	<i>Leads Cullen/Frost, setting a philosophy based on the corporate culture that is well understood, widely supported, consistently applied, and effectively implemented.</i>
Strategic Planning	<i>Establishes clear objectives and develops strategic policies to ensure growth in Cullen/Frost's core business and expansion through appropriate acquisitions. Is committed to the utilization of advanced technology applications to support these growth goals, and maintains the long-term interest of Cullen/Frost in all actions.</i>
Human Capital Management and Development	<i>Ensures the effective recruitment of a diverse workforce, consistent retention of key employees and the ongoing motivation of all staff. Offers personal involvement in the recruiting process and provides feedback.</i>
Communications	<i>Serves as chief spokesperson for Cullen/Frost, communicating effectively with all of its stakeholders.</i>
External Relations	<i>Establishes and maintains relationships with the investment community to keep them informed on Cullen/Frost's progress. Serves in a leadership role in civic, professional and community organizations. Reinforces key customer relationships through regular market visits and customer contacts.</i>
Board Relations	<i>Works closely with the Board of Directors to keep them fully informed on all important aspects of the status and development of Cullen/Frost. Facilitates the Board's composition and committee structure, as well as its governance and any regulatory agency relations.</i>

The Board must ratify the bonus payment amount determined and certified by the Committee for Mr. Evans.

Cullen/Frost's budget for a given year typically represents a meaningful increase in earnings per share over the previous year. In finalizing a budget, the current economic, regulatory and interest rate environments are considered as well as market expectations. The budget must be ratified by the Board of Directors. For 2014, the Company's budgeted expectations for net income were \$264 million. Actual performance for 2014 exceeded these expectations, as the Company realized actual net income of \$278 million.

For 2014, Cullen/Frost's financial performance was strong and surpassed budgeted expectations as referenced above. Additionally, net income for 2014 represented a 17% increase over the prior year. In light of these factors, and taking into account the qualitative measures shown above, the Committee exercised downward discretion from the initial cap of 0.8% of net income. The Committee elected to pay a bonus to Mr. Evans at target of \$920,000, or 100% of his base salary earnings, which was his target bonus. This was ratified by the Board of Directors on January 29, 2015, and can be seen in the Summary Compensation Table.

Table of Contents

The table below shows a 3-year history of bonuses paid to Mr. Evans and Company Net Income Performance relative to budget target:

Performance Year	Target Bonus Opportunity	Actual Bonus	Actual Bonus	Company Net
		Earned	Relative to Target Bonus	Income Relative to Target
2012	\$774,000	\$812,700	5% Over Target	Above Budget
2013	\$895,000	\$895,000	At Target	At Budget
2014	\$920,000	\$920,000	At Target	Above Budget

For 2015, the Committee has again approved a cap for Mr. Evans of 0.8% of fiscal year net income.

At its October 2014 meeting, the Committee reviewed the competitiveness of the Chief Executive Officer's bonus target. The target level appeared to be consistent with prevailing target levels in the external market. Therefore, the Committee chose to maintain a 100% bonus target for the Chief Executive Officer for 2015.

Bonus Plan for the Other Named Executives

The remaining Named Executive Officers participate in the Executive Management Bonus Plan. Annually, an incentive pool is generated based on the financial performance of Cullen/Frost versus the budgeted expectations for the year. The incentive pool is funded at target if Cullen/Frost's financial performance meets budget and is funded below target if Cullen/Frost's financial performance falls below budget. A minimum percentage of budget must be achieved before the bonus pool is funded, and no bonus payments are made unless Cullen/Frost attains this minimum threshold. The incentive pool may be funded above target if Cullen/Frost achieves financial performance above budget. The Committee approves the corporate and individual objectives as well as the payment targets, which are expressed as a percentage of the executives' base salary for the year. There is not a stated cap on this plan. However, over the past decade, the most paid to any Named Executive Officer was 20% above the executive's pre-established bonus target for the applicable year.

For 2014, Cullen/Frost established the following individual targets as a percentage of 2014 base salary for the Named Executive Officers in the Executive Management Bonus Plan:

Phillip D. Green	60%
David W. Beck, Jr.	60%
Richard Kardys	60%
Patrick B. Frost	60%

The individual targets are not formula driven. For all of the Named Executive Officers in the Management Bonus Plan, the targets are set at the discretion of the Chief Executive Officer and must be approved by the Committee. The incentive targets are based on external market data provided by Meridian, internal equity considerations, and strategic objectives for corporate performance. The targets are reviewed annually at the Fall meeting of the Committee and altered as deemed appropriate.

Payment amounts for the Named Executive Officers, with the exception of the Chief Executive Officer, are made based on recommendations of the Chief Executive Officer and approval of the Committee. Bonus amounts in excess of, or below target may be paid at the discretion of the Chief Executive Officer with the approval of the Committee. Before the Chief Executive Officer makes recommendations to the Committee regarding annual bonus payments for the other Named Executives, the Chief Executive Officer discusses these issues with Meridian. The Committee has the discretion to approve, disapprove or alter the Chief Executive Officer's recommendations.

The primary criterion for annual incentive payments for the Named Executive Officers (other than the Chief Executive Officer) is the measurement of financial performance vs. budgeted net income for Cullen/Frost.

-25-

Table of Contents

As previously stated, Cullen/Frost's actual performance exceeded budgeted expectations for 2014. As a result, the Chief Executive Officer recommended to the Committee that bonus payments be paid to Mr. Green, Mr. Beck, Mr. Kardys and Mr. Frost at target for 2014. The Committee approved this recommendation. The 2014 bonuses were paid in February of 2015 and can be seen in the Summary Compensation Table.

In October 2014, the Committee reviewed the competitiveness of each Named Executive Officer's incentive target level and determined that the targets for Mr. Green, Mr. Beck, Mr. Kardys and Mr. Frost were below the 50th percentile of the external market. The Committee elected to increase the annual incentive target levels to the 50th percentile of the peer group for the Named Executive Officers for 2015 as shown in the table below. The target level of Mr. Beck was not increased due to his pending retirement in 2015. As previously stated, the target represents a percentage of base earnings.

Executive	2014 Target	2015 Target
Phillip D. Green	60%	80%
David W. Beck, Jr	60%	60%
Richard Kardys	60%	70%
Patrick B. Frost	60%	70%

No specific weighting is targeted for annual incentive pay as a percentage of total compensation.

Long-Term Incentive Pay

Long-term incentives are awarded to the Named Executive Officers in an effort to align management and shareholder interests, ensure future performance of Cullen/Frost, enhance ownership opportunities, and increase shareholder value. Cullen/Frost maintains the 2005 Omnibus Incentive Plan which was approved by shareholders and authorizes the granting of the following types of awards for executives:

Stock Options;

Stock Appreciation Rights;

Restricted Stock and Restricted Stock Units;

Performance Unit and Performance Share Awards;

Cash-Based Awards; and

Other Stock-Based Awards.

As shown in the Summary Compensation Table, long-term incentives are awarded to the Named Executive Officers in the form of stock options, restricted stock, and when appropriate, restricted stock units. The size of the grant is determined by the Committee, taking into account a variety of factors including the value of prior year grants when made, external market data, internal equity considerations, individual and company performance, overall share usage, shareholder dilution and cost. It has generally been the Committee's practice to award long-term incentives in a combined package of approximately half stock options and half restricted stock or restricted stock units, based on the estimated economic value of awards on the date of grant. The weighting between stock options and restricted stock/restricted stock units allows Cullen/Frost to strike a balance between performance and retention and minimizes the impact to shareholder dilution.

Stock Options

Stock options are utilized to align management and shareholder interests and to reward executives with shareholder value creation. In 2014, stock options were granted at \$78.92, the closing price on the date of grant, October 28, 2014. The options granted in 2014 vest 25% per year beginning on the first anniversary of the date of grant and have a term of ten years. Should the Named Executive Officer retire from the Company the options would continue to become exercisable on the original vesting schedule, but the expiration date of

Table of Contents

the grant would become the earlier of the original expiration or five years from the date of retirement. The vesting schedule and option term were strategically chosen to be competitive, enhance our retention efforts and help to manage shareholder dilution.

Restricted Stock/Restricted Stock Units

Historically, the Committee has granted shares of restricted stock to the Named Executive Officers. In 2010, the Committee made the decision to begin granting restricted stock units in place of restricted stock to those Named Executive Officers who are 60 years of age or older at the time of grant, because these awards vest on retirement on or after age 65. This decision was made to prevent premature taxation of restricted shares at age 65. Shares of restricted stock continue to be granted to the Named Executive Officers under the age of 60.

Restricted stock/restricted stock units are granted to create an immediate link to shareholder interests, enhance ownership opportunities and maintain a stable executive team. The awards granted in 2014 vest 100% four years from the date of the grant. This vesting schedule is both competitive and consistent with our traditional practice and encourages long-term value creation.

While the Committee believes a significant portion of Named Executive Officers' total compensation should be linked to Cullen/Frost's stock price, no specific weighting is targeted for long-term incentive pay as a percentage of total compensation.

In its October 2014 meeting, the Committee reviewed the competitiveness of the long-term incentive program for the Named Executive Officers. External market data was provided by Meridian. In reviewing peer data, the Committee observed that Cullen/Frost was slightly below the competitive median. The Committee strongly believes that the use of stock options at Cullen/Frost has historically been a performance based award and continues to be so today. The Committee believes that the Company's use of stock options, restricted stock and restricted stock units continues to create a strong alignment of executive team and shareholder interests.

The Committee strongly considered these external factors, along with internal factors such as equity, performance, share usage, dilution and cost to determine the 2014 long-term incentive grants.

In its review, the Committee determined that it was critical to continue to place a strong emphasis on future financial performance and increasing shareholder value, while offering a competitive total compensation package overall. In 2014, the Committee took into account the change in the market value of Company stock as compared to the prior year, along with the Committee's desire to maintain competitive posture as it relates to award value, and, in its discretion, awarded long-term incentives to the Named Executive Officers of slightly higher economic value as compared to the prior year's grant. The Committee elected to increase the long-term incentive award granted to Mr. Evans on a slightly larger scale than the increase to the other Named Executive Officers in recognition of his outstanding leadership in guiding the executive team and in further recognition of the Company's strong financial performance. The desired mix of half stock options and half restricted stock/units, based on the estimated economic value of the awards at the time of grant was maintained. The awards granted in 2014 can be seen in the Summary Compensation Table and the Grants of Plan-Based Awards Table.

Historically, the Committee has generally approved and granted long-term incentive awards to the Named Executive Officers and any other designated employees at the Fall meeting or at the hire date of new designated employees, as applicable. While Cullen/Frost maintains no policy, whether official or unofficial, for timing the granting of stock options or other equity-based awards in advance of the release of material nonpublic information, our practice has been to grant long-term incentive awards on the date of the Fall Committee meeting.

We have traditionally limited our grants to time-vested equity awards and continue to believe that practice has served the company well as evidenced by our strong history of excellent financial performance and the stability of our well tenured executive team.

Perquisites

Cullen/Frost uses perquisites for Named Executive Officers to provide a competitive offering and conveniences. Below is a brief summary of the perquisites provided and the rationale for their use:

Physical Examinations

In order to ensure the continued health of our executive team, the Named Executive Officers were given the opportunity to undergo a thorough physical examination with the physician of their choice with the cost to be underwritten by Cullen/Frost.

Personal Financial Planning Services

To ensure the continued financial stability of our executive team, and to help maximize the amount executives realize from our compensation programs, the Named Executive Officers were given the opportunity to engage a financial advisor of their choice to provide personal financial planning services with the cost to be underwritten by Cullen/Frost subject to a cap.

Home Security Services

To ensure the safety of our executive team, home security services are provided in certain instances.

Club Memberships

Club memberships are provided to all the Named Executive Officers to be used at their discretion for both personal and business purposes. This provides the Named Executive Officers with the ongoing opportunity to network with other community leaders.

Use of Jet Aircraft

Through a provider in the fractional aircraft industry, Cullen/Frost has acquired use of jet aircraft hours. Use of these aircraft hours is provided to the Named Executive Officers in connection with their extensive business travel requirements. This service is afforded to the Named Executive Officers to reduce travel time and related disruptions and to provide additional security, thereby increasing their availability, efficiency, and productivity. Mr. Evans has been authorized to use a portion of the aircraft hours for non-business purposes, which should generally not exceed ten percent of the available hours annually. Mr. Evans did use the jet aircraft hours for non-business purposes during 2014. Mr. Evans, along with Mr. Green and Mr. Beck, did incur imputed income in connection with family members accompanying them on business related travel. Imputed income rates are determined using the Standard Industry Fare Level (SIFL).

Life Insurance

Group life insurance is provided to the Named Executive Officers with a death benefit equal to three times base salary earnings for the most recent year, not to exceed \$2,000,000. In addition, an Executive Life Insurance Policy is maintained for Mr. Evans with a death benefit of \$1,000,000. See the All Other Compensation Table for more detail.

We do not pay tax reimbursements on perquisites.

The aggregate perquisite value received by each Named Executive Officer can be seen in the All Other Compensation Table.

Table of Contents

Post-Termination Pay

Cullen/Frost has change-in-control agreements with all the Named Executive Officers as well as other key employees of the Company. The primary intent of these agreements is to:

help executives evaluate objectively whether a potential change in control is in the best interests of shareholders;

help protect against the departure of executives, thus assuring continuity of management, in the event of an actual or threatened merger or change in control; and

provide compensation and benefit protection following a change in control that is comparable to the protections available from competing employers.

Under the agreements, the Named Executive Officers could receive severance payments of three times base salary and target bonus, if their positions were terminated by Cullen/Frost within two years following a Change in Control and their employment was terminated, for reasons other than Cause, death, disability or retirement. Cause is generally defined in the agreements as an executive's (1) willful and continued failure to substantially perform his duties after delivery of a written demand for substantial performance; (2) willful engagement in conduct materially injurious to Cullen/Frost; or (3) conviction of a felony. The Committee established the change-in-control benefits at their current level to be competitive and to provide executives with a level of pay and benefits comparable to what they had immediately prior to a change in control.

Change in Control is generally considered in the agreements to be:

an acquisition of beneficial ownership of 20% or more of Cullen/Frost Common Stock by an individual, corporation, partnership, group, association, or other person;

certain changes in the composition of a majority of the Board of Directors; or

certain other events involving a merger or consolidation of Cullen/Frost or a sale of substantially all of its assets.

Further, the change-in-control agreements provide that the Named Executive Officers would receive the severance payments described above if they terminate their employment for Good Reason within two years following a change-in-control. Good Reason is generally considered in the agreements as one or more of the following:

a significant change or reduction in the executive's responsibilities;

an involuntary transfer of the executive to a location that is 50 miles farther than the distance between the executive's current residence and Cullen/Frost's headquarters;

a significant reduction in the executive's current compensation;

the failure of any successor to Cullen/Frost to assume the executive's change-in-control agreement; or

any termination of the executive's employment that is not effected pursuant to a written notice which indicates the reasons for the termination.

The change-in-control agreements also provide for a continuation of the welfare benefits of health care, life and accidental death and dismemberment, and disability insurance coverage for three years for each of the Named Executive Officers following termination of employment without Cause or for Good Reason, as well as a tax gross-up payment in an amount necessary to make the executive whole for any excise taxes paid as a result of the severance payments. At its January 2015 meeting, the Committee determined to remove the tax gross-up payment from the existing change-in-control arrangements. The Committee replaced the tax gross-up payment from the existing change-in-control arrangements with a "net-better" benefit provision meaning that to the extent that an executive would have a higher net benefit if the executive avoided excise taxes due to an excess parachute payment, the change-in-control agreement provides for an automatic downward adjustment to prevent an excess parachute payment.

Table of Contents

Under the change-in-control agreements, if the executive becomes entitled to the severance benefits described above, all stock options that did not otherwise vest in conjunction with the change in control would become immediately exercisable and all the vesting restrictions would lapse on all outstanding restricted shares and restricted stock units. At its January 2015 meeting, the Committee decided to add a double-trigger vesting provision to our proposed 2015 Omnibus Incentive Plan for change-in-control to eliminate the immediate vesting of stock options and lapsing of restrictions of restricted shares/units upon a change-in-control.

Under the change-in-control agreements, a change in control would have no impact on benefits available to Named Executive Officers under the frozen retirement and retirement restoration plans.

The Committee believes that the change-in-control agreements are consistent with our objective to remain competitive, as compared to the external marketplace, with our executive compensation program. The change-in-control agreements do not affect decisions to be made regarding other elements of compensation and with the removal of the potential tax gross-up payment and the change to double-trigger equity vesting under these agreements, we believe we have strengthened our commitment to our originally stated objectives.

For detailed estimated payments upon a change in control, please see the Change-in-Control Payments Table.

Cullen/Frost does not maintain any other severance policies or employment contracts in place for its Named Executive Officers.

Policy on 162(m)

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction to \$1,000,000 in a taxable year for compensation paid to each Covered Employee of Cullen/Frost, which under Section 162(m), includes all the Named Executive Officers (other than our Chief Financial Officer), unless the compensation is performance based (within the meaning of Section 162(m)).

In order to help preserve Cullen/Frost's tax deduction, the Committee approved the Cullen/Frost Bankers, Inc. Deferred Compensation Plan For Covered Employees. In the event that a Covered Employee's total compensation would exceed the amount deductible under Section 162(m), this plan allows the Committee, in its discretion, to defer cash components of the Covered Employee's compensation until the plan year after he or she ceases to be a Covered Employee or upon his or her death or disability. Currently, Mr. Evans is the only Covered Employee participating in the plan.

For 2014, non-deductible compensation for Mr. Evans totaled approximately \$144,000. As the only cash component of Mr. Evans' compensation subject to 162(m) is his base salary, the Committee did not in its discretion defer any of Mr. Evans' 2014 compensation.

Other Policies

Stock Ownership Guidelines

The Committee maintains Stock Ownership Guidelines for Executive Officers and Directors. The guidelines approved by the Committee are:

Participant	Target Ownership Level
Chairman and Chief Executive Officer	Five times Base Salary
All Other Executive Officers	Three times Base Salary
Outside Directors	Five times Annual Cash Retainer

Table of Contents

For purposes of determining stock ownership levels, the following forms of equity interests are included in stock ownership calculations:

Stock owned outright or under direct ownership control;

Unvested Restricted Stock and Unvested Restricted Stock Units;

Deferred Stock Units; and

Shares owned through Company retirement plans.

Participants are given up to five years from the date of initial approval of this policy to reach the guideline. Any new participants are given five years from the date they become an eligible participant to reach the guideline.

Participants' actual ownership levels are compared to the stated guidelines by the Chairman of the Board and reviewed by the Committee annually. All Named Executive Officers have satisfied the guidelines.

Anti-Hedging Policy

The Committee maintains an Anti-Hedging Policy for Directors and Executives. The policy states that it is inappropriate for any Executive Officer or Director to enter into any financial transaction that reduces the monetary risk associated with owning Cullen/Frost stock.

Policy on Recovery of Awards

Cullen/Frost currently has no written policy with respect to recovery of awards when financial statements are restated. However, in the event of a restatement Cullen/Frost would recover any awards as required by applicable law.

Conclusion

The Committee strongly believes that our 2014 Compensation Program was competitive from an external standpoint and equitable from an internal standpoint. In addition, we are satisfied that our objectives were met by the program. We fully anticipate continuing to administer an executive compensation program that is conservative, remaining consistent with our corporate philosophy.

2. Because both the Retirement Plan and the Retirement Restoration Plan were frozen as of December 31, 2001, the number of years of credited service shown above for each Named Executive Officer is also as of that date. At the time these plans were frozen, Cullen/Frost adopted the defined contribution Profit Sharing Plan and the accompanying nonqualified Profit Sharing Restoration Plan.
3. See Note 12 to the Consolidated Financial Statements in Cullen/Frost's Annual Report on Form 10-K for the year ended December 31, 2014 for a discussion of the associated assumptions used in the calculation of the present value of the accumulated benefits.
4. Under the terms of the Retirement Plan and the Retirement Restoration Plan (and, with respect to Mr. Evans only, the Supplemental Executive Retirement Plan) all of the Named Executive Officers are eligible for early retirement with the exception of Mr. Frost. Eligibility for early retirement is defined as age 55 or older with five years of service.

Profit Sharing Plan

On January 1, 2002, Cullen/Frost adopted a qualified profit sharing plan that replaced its defined benefit plan. The Profit Sharing Plan is a tax-qualified defined contribution retirement plan that covers all employees, including the Named Executive Officers, who have completed at least one year of service, are age 21 or older, and are otherwise eligible for benefits. All contributions to the plan are made at the discretion of the Chief Executive Officer based upon Cullen/Frost's fiscal year profitability, and are not formula driven. Contributions are allocated to eligible participants uniformly, based upon compensation, age and other factors. Historically, contributions, subject to IRS limits, have approximated 2% of eligible salaries, which is generally defined as base salary plus cash incentives plus additional percentage adjustments for certain age levels. In addition, for those employees who attained the age of 45 prior to January 1, 2002 and who were participants in the now frozen Retirement Plan, an additional contribution, subject to IRS limits, is made based on age and years of service. Plan participants self-direct the investment of allocated contributions by choosing from a menu of investment options. Account assets are subject to withdrawal restrictions and participants vest in their accounts after three years of service. There were no distributions made during 2014 to the Named Executive Officers from the Profit Sharing Plan.

Profit Sharing Restoration Plan

Cullen/Frost maintains a separate nonqualified profit sharing plan for certain employees, including the Named Executive Officers, whose participation in the tax-qualified Profit Sharing Plan is limited by IRS rules. Contributions to the Profit Sharing Restoration Plan are made using the same approach as contributions to the Profit Sharing Plan but for eligible compensation dollars earned in excess of IRS limits. Distributions under this plan are made at the same time and in the same form as under the Profit Sharing Plan. There were no distributions made during 2014 to the Named Executive Officers from the Profit Sharing Restoration Plan.

Retirement Plan

The tax-qualified Retirement Plan for employees of Cullen/Frost Bankers, Inc. and its Affiliates (as amended and restated), is a defined benefit plan that was frozen on December 31, 2001. This frozen plan provides, subject to IRS limits, a monthly benefit based on a formula-driven percentage of an eligible employee's final average compensation, based on the highest three years of compensation in the last ten years of service prior to January 1, 2002, and years of credited service as of that date. Participants in this plan are fully vested in their accrued benefits upon attaining age 65 or after five years of service, whichever occurs first. Richard Kardys is the only Named Executive Officer who received payments under this plan and the accompanying Retirement Restoration Plan in 2014. Mr. Kardys commenced his benefits under this plan upon attaining the age of 65 during 2011.

Table of Contents

Retirement Restoration Plan

The nonqualified Restoration of Retirement Income Plan for Participants in the Retirement Plan for employees of Cullen/Frost Bankers, Inc. and its Affiliates (as amended and restated), which was also frozen on December 31, 2001, exists to provide benefits comparable to the Retirement Plan for those employees, including the Named Executive Officers whose participation in the Retirement Plan is limited by IRS rules.

SERP

Cullen/Frost maintains a nonqualified Supplemental Executive Retirement Plan (SERP) to provide target retirement benefits, as a percentage of annual cash compensation, defined as base salary earnings plus bonus earnings, beginning at age 55 for Mr. Evans. The target percentage is 45% of annual cash compensation at age 55, increasing to 60% at age 60 and later. Benefits under the SERP are reduced dollar-for-dollar by benefits received under the Retirement Plan, the Retirement Restoration Plan, and any Social Security benefits. SERP benefits will also be reduced by the annuity equivalent of any account balance in the Profit Sharing Plan and the Profit Sharing Restoration Plan at retirement.

401(k) Plan

Cullen/Frost maintains a 401(k) plan (the 401(k) Plan) that permits each participant to make before- or after-tax contributions in an amount not less than 2% of eligible compensation and not exceeding 20% of eligible compensation and subject to dollar limits from IRS rules. Cullen/Frost matches 100% of the employee's contributions to the plan based on the amount of each participant's contributions up to a maximum of 6% of eligible compensation. Eligible employees must complete 90 days of service in order to enroll and vest in Cullen/Frost's matching contributions immediately. Cullen/Frost's matching contribution is initially invested in Cullen/Frost Common Stock. However, employees may immediately reallocate Cullen/Frost's matching portion, as well as invest their individual contribution in a variety of investment alternatives offered under the 401(k) Plan.

Thrift Incentive Plan

Cullen/Frost maintains a nonqualified thrift incentive plan (the Thrift Incentive Plan) for certain employees, including the Named Executive Officers, whose participation in the 401(k) Plan is limited by IRS rules as an alternative means of receiving comparable benefits. Cullen/Frost uses a similar approach to contributions to the Thrift Incentive Plan as used in the 401(k) Plan, matching 100% of the employee's contributions to the plan based on the amount of each participant's contributions up to a maximum of 6% of base salary only. Amounts are distributed to participants at the end of each calendar year.

Table of Contents***Nonqualified Deferred Compensation Plan***

In order to help preserve Cullen/Frost's tax deduction under Section 162(m) of the Internal Revenue Code, the Committee has approved a nonqualified Deferred Compensation Plan for the Chief Executive Officer and the next three highest paid executive officers, other than the Chief Financial Officer, of Cullen/Frost (the "Covered Employees"). This plan requires that certain components of the compensation of a Covered Employee that would exceed the deductible amount under Section 162(m) of \$1,000,000 be deferred until the plan year after he or she ceases to be a Covered Employee or until his or her death or disability. Interest is accrued for account balances in this plan at prime rate. Mr. Evans is the only Covered Employee participating in the plan. Payments made to Mr. Evans under the Bonus Plan for the Chief Executive Officer are excluded from the provisions of Section 162(m). Therefore, during 2014, there were no deferrals made on Mr. Evans's behalf. Details regarding Mr. Evans's participation in the plan are set forth in the following table:

2014 Nonqualified Deferred Compensation Plan

Potential Payments Upon Termination or Change in Control

As discussed in the Compensation Discussion and Analysis section of this proxy statement, under the existing change-in-control agreements, each Named Executive Officer could receive severance payments representing a multiple of base salary and target bonus plus a prorated bonus payment for the year of termination if his position were terminated by Cullen/Frost without "Cause" or by the Named Executive Officer for "Good Reason" within two years following a change in control. Multiples are shown below:

Richard W. Evans, Jr.	Three Times
Phillip D. Green	Three Times
David W. Beck, Jr.	Three Times
Richard Kardys	Three Times
Patrick B. Frost	Three Times

The severance payment would be made in a lump sum. In addition, the plan calls for a continuation of welfare benefits for three years as discussed in the Compensation Discussion and Analysis. Where applicable, any potential payments under the change-in-control agreements would be made in compliance with Section 409A of the Internal Revenue Code, which may require certain payments made on separation of service to be deferred for six months. The existing agreements also provide for a tax gross-up payment in an amount necessary to make the executive whole for any excise taxes paid as a result of the severance payments and benefits and any accelerated vesting of equity-based awards in connection with a change in control. As shown in the table below, Mr. Frost is the only Named Executive Officers that would have incurred excise tax and therefore received a related tax gross-up payment had their employment been terminated upon a change in control on December 31, 2014. As previously discussed, the Committee at its January 2015 meeting elected to remove the potential tax gross-up payment from the change-in-control arrangements.

Table of Contents

There are no other severance policies or employment contracts in place for the Named Executive Officers and, generally, vesting of unvested stock options and restricted stock/restricted stock unit awards will not accelerate upon termination of employment other than in certain circumstances following retirement of the Named Executive Officer after attaining the age of 65 (i.e. retirement-eligibility).

Under the terms of the Company's 2005 Omnibus Incentive Plan, as amended and restated, equity-based awards generally vest upon the occurrence of a change in control. As previously discussed, the new 2015 Omnibus Plan includes a provision for "double-trigger" vesting for equity awards in a change-in-control.

For calculation purposes, the change in control and termination of employment are assumed to have occurred on December 31, 2014, the last business day of the year. The closing price of the stock on December 31, 2014, \$70.64, was used to calculate the value of the Unvested Stock Option Spread and the value of the Unvested Restricted Stock Awards and Unvested Restricted Stock Units.

In the event of retirement of a Named Executive Officer, potential payments would consist of:

Stock Options that would continue to vest on their original schedule;

Restricted Stock Units that would vest on the sooner of their original schedule of four years from grant date or three years from date of retirement;

Any retirement benefits commenced by the Named Executive Officer under the

Retirement Plan for Employees of Cullen/Frost Bankers, Inc. and its Affiliates;

Restoration of Retirement Income Plan for Participants in the Retirement Plan for Employees of Cullen/Frost Bankers, Inc. and its Affiliates;

Profit Sharing Plan;

Profit Sharing Restoration Plan; and

Supplemental Executive Retirement Plan (applies only to Mr. Evans).

For more detail concerning these potential payments at the time of retirement, see the 2014 Grants of Plan-Based Awards Table, the Outstanding Equity Awards at Fiscal Year-End Table, the Pension Benefits Table and the 2014 Post-Employment Benefits discussion above.

1. The amounts shown above as cash severance the Named Executive Officers represent severance equal to the base salary and target bonus multiplied by three plus the prorated target bonus.
2. The amounts shown above represent the difference between the grant price and the closing market price on December 31, 2014 on the shares underlying unvested stock options along with the value of all unvested restricted stock and restricted stock units as of December 31, 2013 using the closing market price on December 31, 2014 of \$70.64.

Table of Contents

3. The amounts shown above represent the value of three years' health and welfare benefits for each of the Named Executive Officers.
4. Based on the assumptions described above, the payments and benefits that would have been payable to the Named Executive Officers under the change-in-control agreements or other plans would have exceeded the safe harbor limit for payments contingent on a change in control set forth in Internal Revenue Code Section 280G for Mr. Frost only. As a result, the payments and benefits described above would have been subject to an excise tax under Internal Revenue Code Section 4999 for Mr. Frost only. Accordingly, an excise tax gross-up payment is shown for Mr. Frost. No excise tax gross-up payments would have been payable under the change-in-control agreements for the remaining Named Executive Officers.
5. As discussed in the preceding narrative, all elements of severance pay and benefits available to the Named Executive Officers under the change-in-control agreements are attributable to double trigger arrangements with the exception of equity awards, which are subject to single trigger vesting on the occurrence of a change-in-control. As previously discussed, the 2015 Omnibus Plan includes a provision for double trigger vesting of equity awards in a change-in-control scenario.

CERTAIN TRANSACTIONS AND RELATIONSHIPS

Edgar Filing: CULLEN/FROST BANKERS, INC. - Form DEF 14A

Some of the Directors and executive officers of Cullen/Frost, and some of their associates, are current or past customers of one or more of Cullen/Frost's subsidiaries. Since January 1, 2014, certain transactions, including borrowings, between these persons and such subsidiaries have occurred. In particular, the offices of the Hulen Financial Center of Frost Bank in Fort Worth, Texas are leased on a long-term basis from 4200 S. Hulen Partners, L.P. of which Mr. R. Denny Alexander, a Director of Cullen/Frost, owns a 13.33% interest and is the managing general partner. These offices were the headquarters of Overton Bancshares, Inc., which Cullen/Frost acquired in 1998. Cullen/Frost assumed this lease in the acquisition and has maintained it since. During 2014, lease payments of \$925,004 were made by Frost Bank and Frost Insurance Agency, Inc. to 4200 S. Hulen Partners, L.P. The lease payments payable in the future through the end of lease term are \$1,449,515. Also, the offices of the North Hulen Motor Bank of Frost Bank in Fort Worth, Texas are leased on a long-term basis from EG FNB, LLC, of which Mr. Crawford H. Edwards, a Director of Cullen/Frost, is a partner and general manager with a 0.593% interest. During 2014, lease payments of \$34,667 were made by Frost Bank to EG FNB, LLC. The lease payments payable in the future through the end of lease term are \$181,250. In connection with

Table of Contents

Cullen/Frost's acquisition of WNB Bancshares, Inc. in May 2014, Frost Bank executed a letter agreement with Southwest Energy Distributors, Inc. of which Mr. Jack Wood, a Director of Cullen/Frost, is also a Vice President and shareholder with a 29.50% interest. Under the terms of the letter agreement, Frost Bank agreed to provide office space at the Frost Bank Faudree Road location as well as other incidental services in exchange for consulting services to be provided by Southwest Energy Distributors, Inc. to Frost Bank. The letter agreement provides for a lease term of one year with unlimited automatic renewals and a thirty day termination upon prior written notice by either party. Additionally, two siblings of Mr. Patrick B. Frost serve in non-executive officer positions of Frost Bank and received cash compensation in 2014 in an aggregate amount of approximately \$603,000. In addition, they received stock option grants with an aggregate grant date fair value of approximately \$192,000. The compensation of Mr. Frost's siblings is in accordance with the Company's employment and compensation practices applicable to employees with equivalent qualifications and responsibilities and holding similar positions. Mr. Frost does not have a material interest in the employment relationships of his siblings nor do any of them share a household with Mr. Frost. In the opinion of management, all of the foregoing transactions, including borrowings, have been in the ordinary course of business, have had substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the lender, and did not involve more than the normal risk of collectability or present other unfavorable features. Additional transactions may take place in the future.

Policies and Procedures for Review, Approval or Ratification of Related Person Transactions

The Board of Directors has adopted a written related-party transaction policy. Cullen/Frost regularly monitors its business dealings and those of its Directors and executive officers to determine whether any existing or proposed transactions would constitute a related-party transaction requiring approval under this policy. In addition, our Code of Business Conduct and Ethics requires Directors and executive officers to notify Cullen/Frost of any relationships or transactions that may present a conflict of interest, including those involving family members. Our Directors and executive officers are also required to complete a questionnaire on an annual basis designed to elicit information regarding any such related-party transactions.

When Cullen/Frost becomes aware of a proposed or existing transaction with a related party, Cullen/Frost's Corporate Counsel/Corporate Secretary, in consultation with management and external counsel, as appropriate, determines whether the transaction would constitute a related-party transaction requiring approval under this policy. If such a determination is made, management and Cullen/Frost's Corporate Counsel/Corporate Secretary, in consultation with external counsel, determine whether, in their view, the transaction should be permitted, whether it should be modified to avoid any potential conflict of interest, whether it should be terminated, or whether some other action should be taken. Such action is then referred to Cullen/Frost's Corporate Governance and Nominating Committee at its next meeting (or earlier, if appropriate), for review and final determination as it deems appropriate.

In determining whether to approve a related-party transaction, the Corporate Governance and Nominating Committee will consider, among other factors, the following:

whether the terms of the transaction are fair to Cullen/Frost and on the same basis as would apply if the transaction did not involve a related party;

whether there are business reasons for Cullen/Frost to enter into the transaction;

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any related party of Cullen/Frost, taking into account the size of the transaction, the overall financial position of the related party, the direct or indirect nature of the related party's interest in the transaction, and the ongoing nature of any proposed relationship.

Table of Contents

Any member of the Corporate Governance and Nominating Committee who has an interest in the transaction under discussion will abstain from voting on the approval of the transaction, but may, if so requested by the Chairman of the Committee, participate in some or all of the Committee's discussions of the transaction.

APPROVAL OF 2015 OMNIBUS INCENTIVE PLAN

(Item 2 On Proxy Card)

The Board of Directors has adopted the Plan, subject to shareholder approval. The Plan permits grants of incentive stock options (ISOs), nonqualified stock options (NQSOs), stock appreciation rights (SARs), restricted stock, restricted stock units, performance share units, performance units, cash-based awards, other stock-based awards and substitute awards. The purpose of the Plan is to foster and promote the long-term financial success of the Company by (a) motivating superior performance by means of performance-related incentives, (b) encouraging and providing for the acquisition of an ownership interest in the Company by Employees, Nonemployee Directors and Third-Party Service Providers (each, as defined in the Plan, and collectively, the Participants), and (c) enabling the Company to attract and retain qualified and competent persons as employees of the Company and to serve as members of the Board of Directors of the Company and whose judgment, interest and performance are required for the successful operations of the Company.

If the Plan is approved by shareholders, it will become effective as of April 30, 2015 and will expire on April 30, 2025. In addition, if the Plan is approved by shareholders, the Company will not, as of the Plan's effective date, grant any future awards under the Cullen/Frost Bankers, Inc. 2005 Omnibus Incentive Plan (the 2005 Plan) or the 2007 Outside Directors Incentive Plan (the 2007 Plan). In general, the Plan permits certain awards to be considered qualifying performance-based compensation under Section 162(m) of the Internal Revenue Code. Section 162(m) limits the deductibility of remuneration in excess of \$1,000,000 paid by a public corporation to certain Covered Employees unless it is qualifying performance-based compensation. Under regulations promulgated pursuant to Section 162(m), at least three conditions must be satisfied in order for compensation to qualify as performance-based: (i) the compensation must be payable on account of the attainment of one or more pre-established, objective performance goals, (ii) the material terms of the compensation and the performance goals must be disclosed to and approved by shareholders before payment and (iii) a committee of the board of directors that is comprised solely of two or more outside directors must certify that the performance goals have been satisfied before payment. Notwithstanding the adoption of the Plan and its submission to shareholders, the Company reserves the right to pay its employees, including participants in the Plan, other amounts which may or may not be deductible under Section 162(m) or other provisions of the Internal Revenue Code.

The Plan is summarized below. The summary is subject, in all respects, to the terms of the Plan, which is attached as Annex A to this Proxy Statement.

Administration of the Plan

The Compensation and Benefits Committee of the Board (the Committee) is generally responsible for administering the Plan and has the discretionary power to:

interpret the terms and intent of the Plan and any Plan-related documentation;

determine eligibility for awards and the terms and conditions of awards; and

adopt Plan-related rules, regulations, forms, instruments, and guidelines.

Determinations of the Committee made under the Plan will be final and binding. The Committee may delegate its administrative duties and powers under the Plan to one or more of its members or to one or more

Table of Contents

officers, agents or advisors of the Company and its subsidiaries and affiliates. The Committee may also delegate to one or more officers the power to designate other employees (other than executive officers) to be recipients of awards.

Eligibility and Participation

Individuals eligible to participate in this Plan include all Employees, Nonemployee Directors and Third Party Service Providers. Participants who are selected by the Committee will be eligible to participate in the Plan. As of record date, the Company has approximately 4,210 Employees and 12 Nonemployee Directors. In the last equity grant award cycle, approximately 225 employees and 12 Nonemployee Directors received grants.

Shares Available for Awards

The maximum number of shares available under the Plan will be 515,000 shares of the Company's Common Stock plus the number of authorized shares of the Company's Common Stock that remain available under the Company's 2005 Omnibus Incentive Plan, as Amended and Restated, and the Company's 2007 Outside Directors Incentive Plan as of the effective date of the 2015 Plan.

Shares covered by an award will be counted against the shares available under the Plan only to the extent that such shares are issued. However, any shares that are withheld to pay the exercise price of an option, to reflect the grant price of a SAR or to satisfy tax withholding obligations associated with an award granted under the Plan will not, in each case, be available again for grant under the Plan. Shares related to awards that are (i) terminated by expiration, forfeiture, cancellation or otherwise without the issuance of such shares, (ii) settled for cash in lieu of shares or (iii) exchanged with the Compensation and Benefits Committee's permission, prior to the issuance of shares, for awards not involving shares, will, in each case, be available again for grant under the Plan.

The table below shows our historic burn rate over the past three years for both the 2005 Omnibus Plan and the 2007 Outside Directors Incentive Plan, and finally with two plans combined:

	2012	2013	2014	Weighted Average
2005 Plan				
Shares/Units Granted	819,910	629,860	949,800	
Weighted Average Shares Outstanding for Period	61,298,041	60,350,552	62,072,080	
Burn Rate	1.34%	1.04%	1.53%	
2007 Plan				
Shares/Units Granted	5,632	5,500	5,643	
Weighted Average Shares Outstanding for Period	61,298,041	60,350,552	62,072,080	
Burn Rate	0.01%	0.01%	0.01%	
2005 Plan and 2007 Plan Combined				
Shares/Units Granted	825,542	635,360	955,443	
Weighted Average Shares Outstanding for Period	61,298,041	60,350,552	62,072,080	
Burn Rate	1.35%	1.05%	1.54%	1.35%
As commonly calculated, the total potential dilution or overhang from the adoption of the new Plan would be 12.44%.				

Limits on Awards

The Plan imposes annual per-participant award limits, as follows:

The maximum number of shares for which options and SARs may be granted to a participant in a calendar year is 400,000 for each type of award.

-47-

Table of Contents

The maximum number of shares of restricted stock, restricted stock units, performance share units or other stock-based awards, in each case that are Performance Based Compensation (as defined in the Plan), that may be paid to a participant in any calendar year is 150,000 for each type of award.

The maximum amount that may be paid to a participant in any calendar year under an award of performance units, cash-based awards or any other award that is payable in cash, and in each case that are Performance Based Compensation (as defined in the Plan), is \$3,000,000 for each type of award.

The maximum number of shares for which awards under the Plan may be granted to any Nonemployee Director in any calendar year shall be 10,000.

The number and kind of shares that may be issued, the number and kind of shares subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual per-participant award limits, and other value determinations are subject to adjustment by the Committee to reflect stock dividends, stock splits, reverse stock splits, and other corporate events or transactions, other than normal cash dividends.

Types of Awards

Under the Plan, the Compensation and Benefits Committee may grant various types of awards. A description of each of the types of awards is set forth below.

Stock Options

The Plan permits the Committee to grant options to purchase the Company's Common Stock. Stock options can be both ISOs and NQSOs. The exercise price for stock options cannot be less than the fair market value of the Company's Common Stock on the date of grant. Fair market value under the Plan may be determined by reference to market prices on a particular trading day or on an average of trading days. The exercise price may be paid with cash or its equivalent or, subject to the sole discretion of the Committee, with previously acquired shares of Company Common Stock, by means of a broker-assisted exercise or by other means approved by the Committee. The expiration date for stock options cannot be later than the tenth anniversary of the date of grant.

Stock Appreciation Rights

The Committee may grant SARs under the Plan. The grant price of a SAR cannot be less than the fair market value of the Company's Common Stock on the date of grant. SARs cannot be exercised later than the tenth anniversary of the date of grant.

SARs may be exercised on such terms as the Committee determines. Upon exercise of a SAR, the holder will receive payment from the Company in an amount equal to the product of (a) the excess of the fair market value of the Company's Common Stock subject to the SAR and (b) the number of shares of Company Common Stock with respect to which the SAR is exercised. Such payment shall be made in cash, shares of Company Common Stock or a combination thereof.

Restricted Stock and Restricted Stock Units

Under the Plan, the Committee may award shares of restricted stock and restricted stock units. Restricted stock awards consist of shares of Company Common Stock that are transferred to the participant subject to restrictions that may result in forfeiture if specified conditions are not satisfied. Restricted stock units are awards

Table of Contents

that result in a transfer of shares of Company Common Stock, cash or a combination thereof to the participant only after specified conditions are satisfied. A holder of restricted stock is treated as a current shareholder of the Company and is entitled to dividend and voting rights, whereas a holder of restricted stock units is treated as a shareholder only to the extent that shares of Company Common Stock are delivered in the future. The Committee will determine the restrictions and conditions applicable to each award of restricted stock or restricted stock units.

Performance Share Units and Performance Units

The Committee may grant performance share units and performance units under the Plan. Performance share units will have an initial value that is based on the fair market value of the Company's Common Stock on the date of grant and shall generally be paid in the form of shares of Company Common Stock unless otherwise specified in the applicable award agreement. Performance units will have an initial value that is determined by the Committee and shall be paid in the form of shares of Company Common Stock, cash or a combination thereof as specified in the applicable award agreement.

Performance share units and performance units will be earned only if performance goals are met over performance periods established by or under the direction of the Committee. The performance goals may vary from participant to participant, group to group and period to period. The performance goals for performance share units and performance units and any other awards granted under the Plan that are intended to constitute qualified performance-based compensation will be based upon one or more of the following:

book value;

cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);

customer satisfaction;

earnings (either in aggregate or on a per-share basis);

earnings before or after, or any combination of, interest, taxes, depreciation or amortization (EBITDA);

economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital);

expenses/costs;

gross or net income;

gross or net operating margins;

gross or net operating profits;

gross or net revenue/sales;

margins;

market share;

net income;

operating efficiency;

operating income;

operational performance measures;

pre-tax income;

productivity ratios and measures;

profitability ratios;

return measures (including, but not limited to, return on assets, equity, capital, invested capital, sales or revenues);

share price (including, but not limited to, growth in share price and total shareholder return);

strategic business objectives (including objective project milestones);

transactions relating to acquisitions or divestitures; or

working capital.

The Committee will determine whether the performance targets or goals that have been chosen for a particular performance award have been met. The Committee may provide in an award that any evaluation of performance may include or exclude any of the following events that occur during the applicable performance period:

asset write-downs;

litigation, claims, judgments or settlements;

changes in tax laws, accounting principles or other laws or provisions;

reorganization and restructuring programs;

acquisitions or divestitures;

foreign exchange gains and losses; and

Gains and losses that are treated as extraordinary items under Accounting Standards Codification Topic 225.

Awards that are designed to qualify as performance-based compensation may not be adjusted upward. However, the Committee has the discretion to adjust such awards downward. In addition, the Committee has the discretion to make awards that do not qualify as performance-based compensation. The Company has also reserved the ability to pay compensation that is not deductible.

Cash-Based Awards

The Plan permits the Compensation and Benefits Committee to grant cash-based awards. The terms and conditions of the awards, including whether vesting is dependent upon the achievement of specific performance goals, will be determined by the Committee. Payment under any cash-based award will be made in Company Common Stock or cash, as determined by the Committee.

Other Stock-Based Awards

Under the Plan, the Committee may grant equity-based or equity-related awards, referred to as other stock-based awards, other than stock options, SARs, restricted stock, restricted stock units or performance shares. The terms and conditions of each other stock-based award will be determined by the Committee. Payment under any other stock-based awards will be made in Company Common Stock or cash, as determined by the Committee.

Substitute Awards

Edgar Filing: CULLEN/FROST BANKERS, INC. - Form DEF 14A

If the Company or a subsidiary acquires or combines with another company, the Compensation and Benefits Committee may grant substitute awards in assumption of, or in substitution or exchange for, awards previously granted, or the right or obligation to make future awards. The terms and conditions of each substitute award will be determined by the Compensation and Benefits Committee. Payment under any substitute award will be made in Company Common Stock or cash, as determined by the Compensation and Benefits Committee.

Table of Contents

Minimum Vesting Period

All Awards shall be subject to a minimum one-year vesting period, except in the case of Awards granted upon the assumption of, or in substitution or exchange for, outstanding awards granted by a company or other entity acquired by the Company, an Affiliate or Subsidiary. In addition, the Committee may grant Awards covering no more than five percent of the total number of shares of Common Stock authorized under the Plan that are not subject to the minimum one-year vesting period.

Transferability and Other Terms of Awards

The Plan provides that awards shall not be transferable other than by will or the laws of descent and distribution, except as the Committee otherwise expressly determines or consents.

To comply with applicable law in other countries in which the Company and its subsidiaries and affiliates operate or may operate or have employees, the Committee may modify the terms of awards made to such participants or establish a subplan for such participants.

Amendment of Awards or Plan

The Committee may at any time alter, amend, modify, suspend, or terminate an outstanding award or the Plan or in whole or in part. No amendment of an outstanding award may adversely affect the rights of a participant under the award without his or her consent, unless specifically provided for in the Plan. No amendment of the Plan will be made without shareholder approval if shareholder approval is required by applicable law.

Termination of Employment

The Committee will determine how each award will be treated following termination of the participant's employment with or service for the Company, including the extent to which unvested portions of the award will be forfeited and the extent to which options, SARs, or other awards requiring exercise will remain exercisable.

Change in Control of the Company

The Plan provides for double trigger vesting of awards in connection with a change in control of the Company. This means that awards granted under the Plan will vest if (i) a change in control of the Company occurs and (ii) the participant's employment with the Company is terminated by the Company without Cause (as defined in the Plan) or by the participant for good reason (based on the definition of that term, if any, under the applicable award agreement). To the extent an award is subject to performance-based vesting, the performance goals will be deemed to have been earned based on the greater of targeted performance and actual performance attained as of the effective date of the change in control and the awards will remain subject to time-based vesting for the remainder of the applicable performance period (subject to accelerated vesting as described above).

The Company may also determine that all outstanding awards will be cancelled upon a change in control, and the value of those awards, as determined by the Committee in accordance with the terms of the Plan and the applicable award agreement, will be paid out in cash, shares of the Company's Common Stock or other property within a reasonable time subsequent to the change in control. Further, in the event of a change in control of the Company, the Committee may, in its sole discretion, terminate stock options or stock appreciation rights for which the exercise price or grant price is equal to or exceeds the per share value of the consideration to be paid in the change in control transaction without payment of consideration.

Table of Contents

Under the Plan, a change in control may be triggered if:

a person becomes the beneficial owner of 20% or more of the Company's then-outstanding securities eligible to vote for the election of the Board of Directors;

a merger, consolidation, statutory share exchange or other similar form of corporate transaction involving the Company or one of its subsidiaries that requires approval of the Company's shareholders is consummated, unless, immediately following such transaction, (1) the Company's shareholders own more than 60% of the surviving corporation's securities eligible to elect the directors of the surviving corporation, (2) no person beneficially owns 20% or more of the surviving corporation's securities eligible to elect the directors of the surviving corporation and (3) at least 50% of the directors of the surviving corporation were members of the Board of Directors of the Company prior to the transaction.

during a period of two consecutive years, Directors serving on the Board of Directors of the Company at the beginning of such period cease to constitute a majority of the Board; or

a liquidation, dissolution or sale of all or substantially all of the Company's assets is approved.

Certain Federal Income Tax Consequences

Set forth below is a summary of certain federal income tax consequences of the issuance and receipt of stock options under the Plan under the law as in effect on the date of this Proxy Statement. The summary does not purport to cover all federal employment tax or other federal tax consequences that may be associated with the Plan, nor does it cover state, local, or non-U.S. taxes.

Incentive Stock Options

A participant will not be subject to tax upon the grant of an ISO or upon the exercise of an ISO. However, the excess of the fair market value of the shares of Company Common Stock on the date of exercise over the exercise price paid will be included in a participant's alternative minimum taxable income. Whether a participant is subject to the alternative minimum tax will depend on the participant's particular circumstances. The participant's basis in the shares received will be equal to the exercise price paid, and the participant's holding period in the shares will begin on the day following the date of exercise.

If a participant disposes of the shares of Company Common Stock on or after the later of (1) the second anniversary of the grant date of the ISO and (2) the first anniversary of the exercise date of the ISO (the statutory holding period), the participant will recognize capital gain or loss in an amount equal to the difference between the amount realized on such disposition and the participant's basis in the shares. If a participant disposes of the shares before the end of the statutory holding period, the participant will have engaged in a disqualifying disposition. As a result, the participant will be subject to tax:

on the excess of the fair market value of the shares on the exercise date (or the amount realized on the disqualifying disposition, if less) over the exercise price paid, as ordinary income; and

on the excess, if any, of the amount realized on the disqualifying disposition over the fair market value of the shares on the exercise date, as capital gain.

If the amount a participant realizes from a disqualifying disposition is less than the exercise price paid (*i.e.*, the participant's basis) and the loss sustained upon such disposition would otherwise be recognized, a participant will not recognize any ordinary income from such disqualifying disposition and instead the participant will recognize a capital loss. In the event of a disqualifying disposition, the Company or one of its

subsidiaries can generally deduct the amount recognized as ordinary income by the participant.

-52-

Table of Contents

The current position of the Internal Revenue Service is that income tax withholding and FICA and FUTA taxes (employment taxes) do not apply upon the exercise of an ISO or upon any subsequent disposition, including a disqualifying disposition, of shares acquired pursuant to the exercise of the ISO.

Nonqualified Stock Options

A participant will not be subject to tax upon the grant of an NQSO. Upon exercise of an NQSO, an amount equal to the excess of the fair market value of the shares of Company Common Stock acquired on the exercise date over the exercise price paid is taxable to the participant as ordinary income, and such amount is generally deductible by the Company or one of its subsidiaries. This amount of income will be subject to income tax withholding and employment taxes. The participant's basis in the shares of Company Common Stock received will equal the fair market value of the shares on the exercise date, and the participant's holding period in such shares will begin.

Restricted Stock

A participant generally will not be subject to tax upon receipt of an award of shares of Company Common Stock subject to forfeiture conditions and transfer restrictions (the restrictions) under the Plan. Upon lapse of the restrictions, the participant will recognize ordinary income equal to the fair market value of the shares of Company Common Stock on the date of lapse, and such income will be subject to income tax withholding and employment taxes. If any dividends are paid on such shares prior to the lapse of the restrictions they will be includible in the participant's income when they are paid to the participant and will be taxed as additional compensation (and not as dividend income) and will be subject to income tax withholding and employment taxes.

Restricted Stock Units, Performance Share Units and Performance Units

A participant will not be subject to tax upon the grant of a restricted stock unit, performance share unit or performance unit. Upon vesting of the restricted stock unit, performance share unit or performance unit, the fair market value of the shares of Company Common Stock covered by the award (and/or the amount of cash) on the vesting date will be subject to employment taxes. Upon distribution of the cash and/or shares underlying the restricted stock unit, performance share unit or performance unit, the participant will recognize as ordinary income an amount equal to the cash and/or fair market value (measured on the distribution date) of the shares received, and such amount will generally be deductible by us or one of our subsidiaries. This amount of income will generally be subject to income tax withholding on the date of distribution. If any dividend equivalent amounts are paid to the participant, they will be includible in the participant's income as additional compensation (and not as dividend income) and will be subject to income and employment tax withholding.

Additional Medicare Tax

For taxable years beginning after December 31, 2012, a participant will also be subject to a 3.8% tax on the lesser of (i) the participant's net investment income for the relevant taxable year and (ii) the excess of the participant's modified adjusted gross income for the taxable year over a certain threshold (between \$125,000 and \$250,000, depending on the applicable circumstances). Net investment income generally includes net gains from the disposition of shares of Company Common Stock. Participants are urged to consult their tax advisors regarding the applicability of this Medicare tax to their income and gains in respect of their investment in the shares.

Other Federal Income Tax Consequences

In general, under Section 162(m) of the Internal Revenue Code, remuneration paid by a public corporation to its chief executive officer or any of its other top three named executive officers (excluding the chief financial

Table of Contents

officer), ranked by pay, is not deductible to the extent it exceeds \$1,000,000 for any year. Taxable payments or benefits under the Plan may be subject to this deduction limit. However, under Section 162(m), qualifying performance-based compensation, including income from stock options and other performance-based awards that are made under shareholder approved plans and that meet certain other requirements, is exempt from the deduction limitation. The Plan has been designed so that the Compensation and Benefits Committee in its discretion may grant qualifying exempt performance-based awards under the Plan.

Under the so-called "golden parachute" provisions of the Internal Revenue Code, the accelerated vesting of stock options and benefits paid under other awards in connection with a change of control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change of control, in excess of certain limits. If these limits are exceeded, a portion of the amounts payable to the participant may be subject to an additional 20% federal tax and may be nondeductible to the corporation.

If any award granted under the Plan is considered deferred compensation under Section 409A of the Internal Revenue Code, then certain requirements must be met to have the deferral be effective for federal tax purposes. These requirements include:

time periods for making the election to defer;

distributions only upon permissible payment events; and

a prohibition on accelerating the time or schedule of any payment of deferred amounts except in circumstances permitted under Section 409A and its regulations.

If the requirements set forth above are not met, a participant will immediately be taxed on such purportedly deferred amounts, a penalty of 20% of such amounts deferred after December 31, 2004 will be imposed, and penalty interest will accrue at the underpayment rate plus one percent.

New Plan Benefits

The benefits or amounts under the Plan that will be received by or allocated to the Company's CEO, other Named Executive Officers, other Executive Officers, employees who are not Executive Officers and Directors are discretionary and, accordingly, are not presently determinable. The awards granted in 2014 would not have changed if the 2015 Plan had been in place instead of the 2005 Plan and the 2007 Plan and are set forth in the following table and, for our Named Executive Officers, in the Summary Compensation Table (Page 33) and the Grants of Plan Based Awards Table (Page 35), and for our Directors, in the Directors Compensation Table (Page 9).

Table of Contents**SELECTION OF AUDITORS****(Item 3 On Proxy Card)**

The Board of Directors recommends that the shareholders of Cullen/Frost ratify the selection of Ernst & Young LLP, certified public accountants, as independent auditors of Cullen/Frost. Ernst & Young LLP have audited the financial statements of Cullen/Frost since 1969.

Neither Cullen/Frost's Articles of Incorporation nor its Bylaws require that the shareholders ratify the selection of Ernst & Young LLP as its independent auditors. Cullen/Frost is doing so because it believes it is a matter of good corporate practice. Should the shareholders not ratify the selection, the Audit Committee will reconsider its determination to retain Ernst & Young LLP, but may elect to continue to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that the change would be in the best interests of Cullen/Frost and its shareholders.

The following table provides information on fees incurred by Cullen/Frost to Ernst & Young LLP.

(2) Audit-related fees are fees for audits of employee benefit plans and internal control reviews of Trust Department operations.

(3) Tax fees include fees associated with tax compliance and consulting services. Tax compliance services include the preparation of Federal income tax and Texas franchise tax returns, including estimated tax payments and extension requests. Tax consulting services include routine tax advice and consultation.

The Audit Committee pre-approves each audit and non-audit service provided to Cullen/Frost by Ernst & Young LLP. Pursuant to the Audit Committee's charter, the Audit Committee has delegated to each of its members the authority to pre-approve any audit or non-audit service to be performed by the independent auditors, provided that any such approvals are presented to the Audit Committee at its next scheduled meeting.

NONBINDING APPROVAL OF EXECUTIVE COMPENSATION

(Item 4 On Proxy Card)

Section 14A of the Securities Exchange Act of 1934, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act requires that issuers permit a separate nonbinding say on pay shareholder vote to approve the compensation of executives at least every three years. The Board of Directors has determined that, consistent with the nonbinding resolution adopted by the shareholders at the 2011 annual meeting of shareholders, this vote should take place every year.

The proposal gives shareholders the opportunity to vote for or against the following resolution:

RESOLVED, that the compensation paid to Cullen/Frost Bankers, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Your vote is advisory, which means it will not be binding upon the Board of Directors and will not overrule any decision by the Board of Directors. However, the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

We encourage you to carefully review the Compensation Discussion and Analysis and 2014 Compensation sections of this proxy statement for a detailed discussion of the Company's executive compensation program.

Our compensation policies and procedures are designed to pay for performance in a way that is strongly aligned with the long-term interests of our shareholders. The Compensation and Benefits Committee, which is composed entirely of independent Directors, in consultation with a leading human resources consulting firm, oversees our executive compensation program. (For more information regarding the Compensation and Benefit Committee's use of consultants, please see Role of Compensation Consultants on page 17.) The Committee continually monitors our policies to ensure that they continue to reward executives for results that are consistent with shareholder interests and strong risk management.

Our Board of Directors and our Compensation and Benefits Committee believe that our commitment to these responsible compensation practices justifies a vote by shareholders FOR the resolution approving the compensation of our executives as disclosed in this Proxy Statement.

The Board of Directors recommends you vote FOR this Proposal 4.

AUDIT COMMITTEE REPORT

The purpose of the Audit Committee is to assist the Board of Directors in its oversight of: (i) the integrity of Cullen/Frost's financial statements; (ii) Cullen/Frost's compliance with legal and regulatory requirements; (iii) the independent auditors' qualifications and independence; and (iv) the performance of the independent auditors and Cullen/Frost's internal audit function. The Audit Committee operates pursuant to a written charter that is available at frostbank.com or in print by contacting the Corporate Secretary, Stan McCormick, at 100 West Houston Street, San Antonio, Texas 78205. The Committee met six times in 2014. The Board has determined that each member of the Audit Committee is independent within the meaning of the NYSE's rules and the SEC's rules. The Board has also determined that each member of the Audit Committee is financially literate and that at least one member of the Audit Committee has accounting or related financial management expertise, in each case within the meaning of the NYSE's rules. In addition, the Board has determined that Mr. Ruben M. Escobedo is an audit committee financial expert within the meaning of the SEC's rules.

The independent auditors are responsible for planning and carrying out a proper audit of Cullen/Frost's annual consolidated financial statements, for expressing an opinion as to conformity with generally accepted accounting principles, and for auditing management's assessment of internal control over financial reporting. Members of the Audit Committee are not full-time employees of Cullen/Frost and are not, and do not represent themselves to be, performing the functions of auditors or accountants. Accordingly, as described above, the Audit Committee provides oversight of the responsibilities of management and the independent auditors.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 16, *Communications With Audit Committees*. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Public Company Accounting Oversight Board's Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, as currently in effect, and has discussed with the independent auditors the independent auditors' independence.

Based upon the reviews and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in its charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Cullen/Frost's Annual Report on Form 10-K for the year ended December 31, 2014 to be filed with the Securities and Exchange Commission.

The Committee may designate any Award (other than an Option or SAR) as Performance-Based Compensation upon grant, in each case based upon a determination that (i) the Participant is or may be a Covered Employee with respect to such Award, and (ii) the Committee wishes such award to qualify for exemption from the limitation on deductibility imposed by Section 162(m) of the Code that is set forth in Section 162(m)(4)(c). 15.4 Adjustment of Performance-Based Compensation. Awards that are intended to qualify as Performance-Based Compensation may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward, either on a formula or discretionary basis or any combination, as the Committee determines, in its sole discretion.

15.5 Committee Discretion. In the event that applicable tax or securities laws change to permit Committee discretion to alter the governing Performance Measures or permit flexibility with respect to the terms of any Award or Awards to be treated as Performance-Based Compensation without obtaining stockholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on Performance Measures other than those set forth in Section 15.2.

Article 18. Dividends and Dividend Equivalents

18.1 Payment of Dividends on Restricted Stock. With respect to an Award of Restricted Stock, the Committee may grant or limit the right of a Participant to receive dividends declared on Shares that are subject to such Award granted to the Participant; provided, however, that in the case of an Award of Restricted Stock as to which vesting depends upon the satisfaction of one or more performance conditions, such dividends shall be subject to the same performance conditions, as the underlying Award. Dividends shall be converted to and paid in cash or additional Shares or Awards by such formula and at such time and subject to such limitations as may be determined by the Committee and set forth in the applicable Award Agreement.

Dividend Equivalents shall be converted to and paid in cash or additional Shares or Awards by such formula and at such time and subject to such limitations as may be determined by the Committee.

Article 19. Beneficiary Designation

Each Participant under this Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under this Plan is to be paid in case of his death before he receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such beneficiary designation, benefits remaining unpaid or rights remaining unexercised at the Participant's death shall be paid to or exercised by the Participant's executor, administrator or legal representative.

Article 20. Rights of Participants

20.1 Employment. Nothing in this Plan or an Award Agreement shall (a) interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's employment with the Company or any Subsidiary at any time or for any reason not prohibited by law or (b) confer upon any Participant any right to continue his employment or service as a Director or Third-Party Service Provider for any specified period of time. Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company or any Subsidiary and, accordingly, subject to Articles 3 and 21, this Plan and the benefits hereunder may be amended or terminated at any time in the sole and exclusive discretion of the Board or Committee without giving rise to any liability on the part of the Company, any Subsidiary, the Committee or the Board.

20.2 Participation. No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

20.3 Rights as a Stockholder. Except as otherwise provided herein, a Participant shall have none of the rights of a stockholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

Article 21. Amendment and Termination

21.1 Amendment and Termination of the Plan and Awards.

(a) Subject to subparagraphs (b) and (c) of this Section 21.1 and Section 21.3 of the Plan, the Board may at any time amend or terminate the Plan or any outstanding Award Agreement.

(i) reduce the Exercise Price of an outstanding Option or to reduce the Grant Price of an outstanding SAR,

(ii) cancel an outstanding Option or SAR in exchange for other Options or SARs with an Exercise Price or Grant Price, as applicable, that is less than the Exercise Price of the cancelled Option or the Grant Price of the cancelled SAR, as applicable, or

(iii) cancel an outstanding Option with an Exercise Price that is less than the Fair Market Value of a Share on the date of cancellation or cancel an outstanding SAR with a Grant Price that is less than the Fair Market Value of a Share on the date of cancellation in exchange for cash or another Award.

(c) Notwithstanding the foregoing, no amendment of this Plan shall be made without shareholder approval if shareholder approval is required pursuant to rules promulgated by any stock exchange or quotation system on which Shares are listed or quoted or by applicable U.S. state corporate laws or regulations, applicable U.S. federal laws or regulations and the applicable laws of any foreign country or jurisdiction where Awards are, or will be, granted under the Plan.

21.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan. By accepting an Award under this Plan, a Participant agrees to any adjustment to the Award made pursuant to this Section 21.2 without further consideration or action.

21.3 Awards Previously Granted. Notwithstanding any other provision of this Plan to the contrary, other than Sections 21.2 and 21.4, no termination or amendment of this Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under this Plan, without the written consent of the Participant holding such Award.

21.4 Amendment to Conform to Law. Notwithstanding any other provision of this Plan to the contrary, the Committee may amend the Plan or an Award Agreement, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or an Award Agreement to any law relating to plans of this or similar nature, and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 21.4 to the Plan and any Award without further consideration or action.

21.5 Deferred Compensation. Unless otherwise indicated in the applicable Award Agreement, it is not intended that any Award under this Plan, in form and/or operation, will constitute deferred compensation within the meaning of Code Section 409A and therefore, it is intended that each Award will not be subject to the requirements applicable to deferred compensation under section 409A of the Code and the regulations thereunder. If a Participant is a specified employee as defined under Code Section 409A and the Participant's Award is to be settled on account of the Participant's separation from service (for reasons other than death) and such Award constitutes deferred compensation as defined under Code Section 409A, then any portion of the Participant's Award that would otherwise be settled during the six-month period commencing on the Participant's separation from service shall be settled as soon as practicable following the conclusion of the six-month period (or following the Participant's death if it occurs during such six-month period).

the Committee at any time, including in response to the requirements of Section 10D of the Exchange Act and any implementing rules and regulations thereunder, or as otherwise required by law and any Award Agreement may be unilaterally amended by the Committee to comply with any such compensation recovery policy.

22.2 Tax Withholding.

(a) **Minimum Tax Withholding.** The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy applicable federal, state and local tax withholding requirements, domestic or foreign, with respect to any taxable event arising as a result of this Plan, but in no event shall such deduction or withholding or remittance exceed the minimum statutory withholding requirements.

(b) **Share Withholding.** With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock, upon the settlement of Restricted Stock Units, or upon the achievement of performance goals related to Performance Share Units, or any other taxable event arising as a result of an Award granted hereunder (collectively referred to as "Share Payment"), the Company, in its discretion, may withhold from a Share Payment the number of Shares having a Fair Market Value on the date the withholding is to be determined equal to the minimum statutory withholding requirement but in no event shall such withholding exceed the minimum statutory withholding requirement.

22.3 Legend. The certificates for Shares may include any legend that the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

22.4 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

22.5 Severability. In the event any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

22.6 Requirements of Law. The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

22.7 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under this Plan prior to:

- (a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and
- (b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

22.8 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22.9 Investment Representations. The Committee may require any individual receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

22.10 Employees Based Outside of the United States. Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws in other countries in which the Company or any Subsidiaries operate

or have Employees, Directors or Third-Party Service Providers, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Subsidiaries shall be covered by this Plan;
- (b) Determine which Employees, Directors or Third-Party Service Providers outside the United States are eligible to participate in this Plan;
- (c) Modify the terms and conditions of any Award granted to Employees, Directors or Third-Party Service Providers outside the United States to comply with applicable foreign laws;
- (d) Establish sub-plans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any sub-plans and modifications to Plan terms and procedures established under this Section 22.10 by the Committee shall be attached to this Plan document as appendices; and
- (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

22.11 Uncertificated Shares. To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be affected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

22.12 Unfunded Plan. Participants shall have no right, title or interest whatsoever in or to any investments that the Company or any Subsidiaries may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative or any other individual. To the extent that any individual acquires a right to receive payments from the Company or any Subsidiary under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company or the Subsidiary, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, or the Subsidiary, as the case may be, and no special or separate fund shall be established, and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

22.13 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

22.14 Retirement and Welfare Plans. Neither Awards made under this Plan nor Shares or cash paid pursuant to such Awards may be included as compensation for purposes of computing the benefits payable to any Participant under the Company's or any Subsidiary's retirement plans (both qualified and nonqualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

22.15 Nonexclusivity of this Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

22.16 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or a Subsidiary's right or power to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell or transfer all or any part of its business or assets; or, (ii) limit the right or power of the Company or a Subsidiary to take any action that such entity deems to be necessary or appropriate.

22.17 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the state of Texas excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction.

22.18 Delivery and Execution of Electronic Documents. To the extent permitted by applicable law, the Company may (i) deliver by email or other electronic means (including posting on a website maintained by the Company or by a third party under contract with the Company) all documents relating to the Plan or any Award thereunder (including without limitation, prospectuses required by the Commission) and all other documents that the Company is required to deliver to its security holders (including without limitation, annual reports and proxy statements) and, (ii) permit Participant s to electronically execute applicable Plan documents (including, but not limited to, Award Agreements) in a manner prescribed to the Committee.

22.19 No Representations or Warranties Regarding Tax Effect. Notwithstanding any provision of the Plan to the contrary, the Company, Affiliates, Subsidiaries, the Board and the Committee neither represent nor warrant the tax treatment under any federal, state, local or foreign laws and regulations thereunder (individually and collectively referred to as the Tax Laws) of any Award granted or any amounts paid to any Participant under the Plan including, but not limited to, when and to what extent such Awards or amounts may be subject to tax, penalties and interest under the Tax Laws.

22.20 Indemnification. Subject to requirements of the laws of the state of Texas, each individual who is or shall have been a member of the Board, or a Committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Article 3, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under this Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company s approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his/her own behalf, unless such loss, cost, liability or expense is a result of his/her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company s Articles of Incorporation or Bylaws, as a matter of law or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Successors. All obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the C.
