Shareowner-Focused Plan Design Changes
(2012-2015)
Program Element
Design Change / Rationale
Peer Group Composition

Added and replaced companies from Compensation Comparator Group and both Performance Share Plan (PSP) peer groups to more closely align with IP and our compensation approach (2012; 2014; 2015) Management Incentive Plan (MIP) and Performance Share Plan (PSP)

Eliminated ROI Stretch Goal (kicker) from both MIP and PSP (2012)

employed, for both MIP and PSP to more closely align with investment community expectations (2013)

Performance achievement for relative TSR portion of PSP award now capped at 100% of target if TSR over

Retroactively eliminated opportunity for executive officers to elect to have additional shares withheld from PSP payouts to cover payment of federal taxes (2015)

Change in Control Agreements

2X for future agreements with SVPs to conform to compensation best practices (2012)

Froze participation in the SERP, Retirement Plan and Restoration Plan effective January 1, 2019 (2014)

Officer Stock Ownership Requirement

(2013)

Replaced Free Cash Flow with Cash Flow from Operations in MIP to eliminate concern that capital expenses might be delayed to achieve MIP payout to long-term detriment of business (2012)

PSP performance achievement is now measured over a single, three-year performance period, rather than using a segmented approach to enhance long-term nature and reduce complexity of program (2012)

Return on investment metric now defined

as
Return
on
Invested
Capital,
rather
than
return
on
capital
three-year performance period is negative (2015)
Reduced severance multiple, additional years of pension credit, and benefit continuation period from 3X to
