## **Section 1. Registrant's Business and Operations**

### **Item 1.01 Entry into a Material Definitive Agreement**

#### **Homeowners Choice Property & Casualty Insurance Company, Inc.**

To mitigate risk from hurricanes, floods and other catastrophes, each year our principal operating subsidiary, Homeowners Choice Property & Casualty Insurance Company, Inc., implements a comprehensive reinsurance program whereby Homeowners Choice pays premiums to other entities that agree to indemnify Homeowners Choice against costs associated with policyholder claims caused by certain catastrophic events.

Homeowners Choice has secured its reinsurance program for the year June 1, 2015 through May 31, 2016 by entering into contracts with multiple private reinsurance companies and with the State Board of Administration of Florida, which administers the Florida Hurricane Catastrophe Fund. A significant portion of the program was secured through multi-year reinsurance contracts entered into and reported previously.

The private reinsurance companies include Renaissance Reinsurance Ltd., Endurance Specialty Insurance Ltd., Odyssey Reinsurance Company, ACE Tempest Reinsurance Ltd., Amlin AG, various Lloyd's syndicates, National Liability & Fire Insurance Company, which is an affiliate of Berkshire Hathaway, Inc., and our own Bermuda-based reinsurance subsidiary, Claddaugh Casualty Insurance Company Ltd.

The reinsurance contracts provide various coverages, limits, retentions and durations. The private reinsurance contracts cover, in general, hurricanes, tropical storms, tornados, and other large events. One of the private reinsurance contracts covers a limited bordereaux of policies that includes all policies having flood coverage as well as a selection of multi-peril policies eligible for flood endorsement. The Florida Hurricane Catastrophe Fund contract covers only storms designated as hurricanes by the National Hurricane Center.

Excluding the bordereaux contract, the program provides coverage for an event up to \$1.443 billion, which according to catastrophe models approved by the Florida Office of Insurance Regulation is sufficient to cover the probable maximum loss resulting from a 1 in 260 year event. Total premiums for the program (excluding the bordereaux contract) are approximately \$201 million with significant portions of the premium payments divided into installments throughout the contract year. Retention under the contracts, excluding the flood coverage, is approximately \$16 million in a single event. Following an event that would exhaust coverage provided by the Florida Hurricane Catastrophe Fund, we would have coverage for a subsequent event as large as \$672 million. All our private reinsurers are AM Best rated A- or better or have fully collateralized their potential obligations to us.

The Florida Hurricane Catastrophe Fund component of the program is estimated to cover 90% of \$1.031 billion of first event loss in excess of \$345 million at a total estimated cost of \$69.9 million.

Excluding the bordereaux contract, the reinsurance purchased by Homeowners Choice from Claddaugh provides approximately \$50.7 million of coverage in a first event and \$39.1 million of coverage in a second event in exchange for premiums of approximately \$29.2 million. Claddaugh has deposited funds into a trust account to fully collateralize its exposure to Homeowners Choice or has ceded exposure to a fully collateralized reinsurer. The bordereaux contract, which covers all flood endorsed policies and flood eligible policies, is a multi-year excess of loss contract (previously entered into and reported) with Claddaugh and National Liability & Fire Insurance Company, a Berkshire Hathaway, Inc. affiliate. Under the contract, Claddaugh will cover up to a 20% loss ratio plus \$13 million with remaining losses entirely covered by National Liability & Fire Insurance Company. Claddaugh has fully collateralized its exposure to Homeowners Choice under this contract.

Certain multi-year private reinsurance contracts from previous years include retrospective provisions that adjust premiums, increase the amount of future coverage, or result in profit commissions in the event losses are minimal or zero. In accordance with generally accepted accounting principles, we will recognize an asset in the period in which the absence of loss experience gives rise to an increase in future coverage or obligates the reinsurer to pay cash or other consideration under the contract. On the contrary, we will derecognize such asset in the period in which a loss experience arises. Such adjustments to the asset, which accrue throughout the contract term, will

negatively impact our operating results when a catastrophic loss event occurs. As a result of these adjustments, we expect to recognize reinsurance premiums ceded from June 1, 2015 through May 31, 2016 of approximately \$164 million, which is net of ceding commissions and premiums paid to Claddaugh, assuming no losses occur during that period.

### **Claddaugh Casualty Insurance Company Ltd**

Where we think prudent, we selectively retain risk in Claddaugh, displacing the need to pay high premium rates to third parties. Homeowners Choice instead pays Claddaugh for comparable coverage at comparable rates. As described above, excluding the bordereaux contract, Claddaugh provides to Homeowners Choice approximately \$50.7 million of coverage in a first event and \$39.1 million of coverage in a second event in exchange for premiums of approximately \$29.2 million. Under the bordereaux contract, Claddaugh provides coverage up to a 20% loss ratio plus \$13 million, with remaining losses entirely covered by National Liability & Fire Insurance Company.

Claddaugh has a multi-year retrocession contract (previously entered and reported) that provides approximately \$11.6 million of coverage in exchange for approximately \$3.3 million of premium payments. The obligation of the reinsurer under the retrocession contract has been fully collateralized.

Certain material reinsurance contracts appear as exhibits to this form 8-K.
