**Item 4.02 Non-Reliance on Previously Issued Financials Statements or a Related Audit Report or Completed Interim Review.**

(a) As previously announced, a special committee (the Special Committee ) of the Board of Directors (the Board ) of Iconix Brand Group, Inc. (the Company ), along with its independent legal and accounting advisors (the Advisors ), has been conducting a review of the accounting treatment related to certain transactions. The Advisors have presented their analysis and conclusions to the Special Committee and the Company s current management team. The Special Committee has now completed the review.

Based on the Special Committee s review and additional review by the Audit Committee (the Audit Committee ) of the Board and the Company s current management team, on October 30, 2015, the Board, the Audit Committee and the Company s current management team concluded that the Company will restate its historical financial statements in respect of (i) the fourth quarter and annual results of 2013, (ii) the 2014 fiscal year and each quarterly period thereof and (iii) the first and second quarters of 2015 (the Restatement Periods ) to correct certain errors in accounting. The Company believes the amount of such errors and resulting restatements will have no impact to net income attributable to Iconix for the 2013 fiscal year, decreases net income attributable to Iconix by approximately \$3.9 million for the 2014 fiscal year, and increases net income attributable to Iconix through the second quarter of fiscal 2015 by approximately \$0.9 million. These restatements will have no impact on historical cash, free cash flow, or securitized net cash flow within our securitized financing facility. These restatements include (i) the classification of contractually obligated expenses, retail support and other costs as selling, general and administrative expenses, as opposed to netting such expenses against licensing or other revenue, as applicable, (ii) inadequate support for revenue recognition relating to certain license agreements, and (iii) inadequate estimation of accruals related to retail support for certain license agreements.

Accordingly, investors should no longer rely upon the Company s previously filed financial statements and other financial disclosures in respect of the Restatement Periods, or any prior press releases or other communications that relate thereto. The Company intends to present restated financial statements and other financial disclosures (the Restatement ) as soon as practicable in an amended and restated annual report on Form 10-K for the year ended December 31, 2014 and amended and restated quarterly reports on Form 10-Q for the quarters ended March 31, 2015 and June 30, 2015 (the Amended Periodic Reports ). The amended and restated Form 10-K for the year ended December 31, 2014 will also include details regarding adjustments to each of the quarters in the Restatement Period occurring prior to December 31, 2014.

The Board, Audit Committee and current management team have discussed the matters disclosed in this item 4.02(a) of this Current Report on Form 8-K with the Company s independent registered accounting firm.

The Company also remains engaged in a previously disclosed comment letter process with the Staff of the U.S. Securities and Exchange Commission relating to an ongoing review of the Company s Form 10-K for the year ended December 31, 2014. The ultimate outcome of the Staff s comment letter process is unknown at this time.

**Expected Impact of the Restatement**

**The Company has not yet completed its final determination and review of the items listed below, and therefore the listed amounts are preliminary and subject to change. There can be no assurance that the final adjustments will not differ materially from the estimated amounts discussed herein, or that additional adjustments will not be identified.**

Based on its review to date, the Company preliminarily anticipates that the Restatement will result in the estimated adjustments to its financial statements identified in the tables below:
