Subject: Atmel Acquisition

Today Microchip Technology announced the signing of a definitive agreement to acquire Atmel. The transaction is subject to the approval of shareholders of Atmel, regulatory approvals and customary closing conditions. We expect the transaction to close in the second calendar quarter of 2016. More information about the acquisition is available on our Investor Relations website in the form of a presentation we made to investors today.

This acquisition adds Atmel's strong portfolio of Microcontrollers, Wireless, Touch, Security, Memory and Automotive products to Microchip. We believe the complementary product lines of Microchip and Atmel will offer our combined customers a broader range of innovative solutions to serve their needs. We are excited by the business possibilities created by the Atmel acquisition, and look forward to welcoming the Atmel team to the Microchip family!

A select group of Microchip team members will start the process of getting to know more of the Atmel team. Over the next few months we will be working closely with Atmel leaders worldwide to jointly develop integration plans for how we can operate effectively as one company after the acquisition is completed.

If you have not been asked to participate in the integration planning process, please continue to stay focused on executing our business plans as the Microchip core business must go on. We will provide periodic communication so that you stay informed.

Thank you.
