**Item 1.01. Entry into a Material Definitive Agreement.**

***Indenture with respect to 8.500% Senior Notes due 2022***

On March 8, 2016, Summit Materials, LLC (the Company ) and Summit Materials Finance Corp. (together with the Company, the Issuers ), indirect subsidiaries of Summit Materials, Inc., issued and sold \$250.0 million aggregate principal amount of their 8.500% Senior Notes due 2022 (the Notes ), which mature on April 15, 2022, pursuant to an indenture dated as of March 8, 2016, by and among the Issuers, the subsidiary guarantors named on the signature pages thereto (the Guarantors ) and Wilmington Trust, National Association, as trustee (the Trustee ) (the Indenture ). The Notes were sold within the United States only to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended (the Securities Act ), and outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act.

The Notes were issued at 100.0% of their par value. The Notes bear interest at a rate of 8.500% per year, payable semi-annually in arrears. The Issuers' obligations under the Notes are guaranteed on a senior unsecured basis by all of the Company's existing and future wholly-owned domestic restricted subsidiaries that guarantee its senior secured credit facilities. The Notes are not guaranteed by Summit Materials, Inc.

The net proceeds from the offering of the Notes are expected to be used to fund the Company's previously-announced acquisition of Boxley Materials Company (the Boxley Acquisition ), replenish cash used for the Company's acquisition of American Materials Company (the AMC Acquisition ) and to pay the expenses incurred in connection with the AMC Acquisition and to pay fees and expenses incurred in connection with the offering and the Boxley Acquisition.

Upon the occurrence of a change of control or upon the sale of certain assets in which the Issuers do not apply the proceeds as required, the holders of the Notes will have the right to require the Issuers to make an offer to repurchase each holder's Notes at a price equal to 101% (in the case of a change of control) or 100% (in the case of an asset sale) of their principal amount, plus accrued and unpaid interest.

The Issuers may redeem all or a part of the Notes at any time prior to April 15, 2019 at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus a make-whole premium and accrued and unpaid interest, if any, to, but not including, the redemption date. In addition, beginning on April 15, 2019, the Issuers may redeem all or a part of the Notes at a redemption price equal to 104.250% of the principal amount redeemed. The redemption price decreases to 102.125% and 100.000% of the principal amount redeemed on April 15, 2020 and April 15, 2021, respectively. In addition, at any time prior to April 15, 2019, the Issuers may redeem up to 40% of the Notes from the proceeds of certain equity offerings at a redemption price equal to 108.500% of the principal amount thereof, plus accrued and unpaid interest.

The Notes contain covenants limiting, among other things, the Company and the Guarantors' ability to incur additional indebtedness or issue certain preferred shares, pay dividends, redeem stock or make other distributions, make certain investments, sell or transfer certain assets, create liens, consolidate, merge, sell or otherwise dispose of all or substantially all of the Company's assets, enter into certain transactions with affiliates, and designate subsidiaries as unrestricted subsidiaries. These covenants are subject to a number of important exceptions and qualifications. The Notes also contain customary events of default, the occurrence of which could result in the principal of and accrued interest on the Notes to become or be declared due and payable.

### ***Registration Rights Agreement***

On March 8, 2016, the Issuers, the Guarantors and Merrill Lynch, Pierce, Fenner & Smith Incorporated, on behalf of the initial purchasers of the Notes described above, entered into a registration rights agreement with respect to the Notes (the Registration Rights Agreement). In the Registration Rights Agreement, the Issuers and the Guarantors have agreed that they will use their respective commercially reasonable efforts to (i) file a registration statement on an appropriate registration form with respect to a registered offer to exchange the Notes for new notes, with terms substantially identical in all material respects to the Notes and (ii) cause the exchange offer registration statement to be declared effective under the Securities Act.

The Issuers and the Guarantors have agreed to use their commercially reasonable efforts to cause the exchange offer to be consummated or, if required, to have one or more shelf registration statements declared effective, within 270 days after the issue date of the Notes.

If the Issuers and the Guarantors fail to satisfy this obligation (a registration default), the annual interest rate on the Notes will increase by 0.25% for the first 90-day period immediately following the occurrence of the registration default. The annual interest rate on the Notes will increase by an additional 0.25% for each subsequent 90-day period during which the registration default continues, up to a maximum additional interest rate of 1.0% per annum. If the registration default is corrected, the interest rate on the Notes will revert to the original level.

If the Issuers must pay additional interest, they will pay holders of the Notes in cash on the same dates that the Issuers make other interest payments on the Notes, until the registration default is corrected.

Each of the foregoing descriptions of each of the Indenture, the Notes and the Registration Rights Agreement do not purport to be complete and are qualified in their entirety by reference to the full text of each of such documents, which are filed as Exhibits 4.1, 4.2 and 4.3, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.
