Dear Shareholder:

I cordially invite you to attend the RealNetworks, Inc. 2016 Annual Meeting of Shareholders. The Annual Meeting will be held at 1:30 p.m., Pacific Time, on Monday, September 19, 2016 on the first floor of our corporate headquarters building at 1501 First Avenue South, Seattle, Washington 98134.

Under the Securities and Exchange Commission rules that allow companies to furnish proxy materials to shareholders over the internet, we have elected to deliver our proxy materials to the majority of our shareholders over the internet. This delivery process allows us to provide shareholders with the information they need, while at the same time conserving natural resources and lowering the cost of delivery. On August 8, 2016, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement and fiscal 2015 annual report to shareholders. This notice also provides instructions on how to vote online or by telephone and includes instructions on how to receive a paper copy of the proxy materials by mail.

The matters to be acted upon are described in the notice of annual meeting and proxy statement.

Your vote is very important. Whether or not you plan to attend the Annual Meeting, please take the time to vote. You may vote over the internet, as well as by telephone, or, if you requested to receive printed proxy materials, by mailing a proxy or voting instruction card. If you attend the Annual Meeting, you may vote in person if you wish, even though you have previously submitted your vote.

On behalf of the Board of Directors, I would like to express our appreciation for your support of RealNetworks. We look forward to seeing you at the meeting.

Sincerely,

ROBERT GLASER

Founder, Chairman and

Chief Executive Officer

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON

September 19, 2016

at 1:30 p.m. Pacific Time

To the Shareholders of RealNetworks, Inc.:

NOTICE IS HEREBY GIVEN that the 2016 Annual Meeting of Shareholders of RealNetworks, Inc., a Washington corporation, will be held on Monday, September 19, 2016 at 1:30 p.m., Pacific Time, on the first floor of our corporate headquarters building at 1501 First Avenue South, Seattle, Washington 98134 for the following purposes, each of which is more fully described in the accompanying proxy statement:

1. To elect Christopher R. Jones, Dawn G. Lepore, and Dominique Trempont as Class 1 directors, each to serve for a three-year term, and Bruce A. Jaffe as a Class 3 director, to serve for a two-year term;
2. To approve amendments to the RealNetworks, Inc. 2005 Stock Incentive Plan, the RealNetworks, Inc. 2000 Stock Option Plan, and the RealNetworks 1996 Stock Option Plan, each as amended and restated, including to permit a one-time stock option exchange program for eligible employees and other service providers excluding our chief executive officer and directors;
3. To approve an advisory vote on executive compensation;
4. To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016; and
5. To transact any other business properly presented at the meeting.

You are entitled to notice of and to vote at the Annual Meeting if you were a shareholder of record at the close of business on August 3, 2016. A list of shareholders as of that date will be available at the meeting and for ten days prior to the meeting at our principal executive offices located at 1501 First Avenue South, Suite 600, Seattle, Washington 98134.

We encourage you to join us and participate in the meeting. If you are unable to do so, however, you have the option to vote in one of three ways:

- A. Online at www.envisionreports.com/rnwk, as described in the accompanying proxy statement;
- B. Call the toll-free telephone number shown on your proxy card; or

Edgar Filing: REALNETWORKS INC - Form DEF 14A

C. Mail your signed proxy card (if you received a paper copy of the proxy materials by mail) as soon as possible in the envelope provided.

If your shares are held in the name of a broker, bank, or other holder of record, follow the instructions that you receive from that holder of record in order to properly vote your shares.

BY ORDER OF THE BOARD OF DIRECTORS,

MICHAEL PARHAM

Senior Vice President, General Counsel

and Corporate Secretary

2016 PROXY STATEMENT

For the Annual Meeting of Shareholders

To Be Held September 19, 2016

QUESTIONS AND ANSWERS ABOUT

THE PROXY MATERIALS AND THE ANNUAL MEETING

What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. The person you designate is your proxy, and you give the proxy authority to vote your shares by submitting the proxy card. We have designated the following persons to serve as proxies for the annual meeting:

Robert Glaser, Chief Executive Officer and Chairman of the Board; and

Michael Parham, Senior Vice President, General Counsel and Corporate Secretary.

Why am I receiving these materials?

The Board of Directors of RealNetworks, Inc. is soliciting proxies for use at the Annual Meeting of Shareholders to be held on Monday, September 19, 2016 at 1:30 p.m. Pacific Time, and for any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held on the first floor of our corporate headquarters building at 1501 First Avenue South, Seattle, Washington 98134.

As a shareholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this proxy statement. These proxy solicitation materials and RealNetworks' Annual Report to Shareholders for the fiscal year ended December 31, 2015, including financial statements, were mailed on or about August 8, 2016, to all shareholders entitled to vote at the Annual Meeting.

What proposals will be voted at the Annual Meeting?

Four proposals will be voted on at the Annual Meeting:

The election of three Class 1 directors, Christopher R. Jones, Dawn G. Lepore, and Dominique Trempont, to serve for terms of three years, and one Class 3 director, Bruce A. Jaffe, to serve for a two-year term, each until their respective successors are duly elected

Edgar Filing: REALNETWORKS INC - Form DEF 14A

and qualified, subject to earlier resignation or removal;

The approval of amendments to the RealNetworks, Inc. 2005 Stock Incentive Plan, the RealNetworks, Inc. 2000 Stock Option Plan, and the RealNetworks 1996 Stock Option Plan, each as amended and restated (collectively referred to herein as the Stock Plans), including to permit a one-time stock option exchange program for eligible employees and other service providers excluding our chief executive officer and directors;

A non-binding, advisory vote on the compensation of our named executive officers for the fiscal year ended December 31, 2015; and

The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016.

What are the recommendations of the board of directors?

The board of directors unanimously recommends that you vote:

FOR election of the nominated Class 1 and Class 3 directors (Proposal 1);

FOR the proposal regarding amendments to the RealNetworks, Inc. Stock Plans (Proposal 2);

FOR the proposal regarding an advisory vote on executive compensation (Proposal 3); and

FOR ratification of KPMG LLP as our independent registered public accounting firm for our current fiscal year (Proposal 4).

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for shareholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment. If for any reason any of the nominees are not available as candidates for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

What constitutes a quorum?

As of the close of business on August 3, 2016, the record date, there were 36,799,536 shares of our common stock outstanding. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock entitled to vote outstanding on the record date will constitute a quorum. Both abstentions and broker non-votes (which occur when a broker indicates on a proxy card that it is not voting on a matter) are considered as shares present at the Annual Meeting for the purpose of determining a quorum.

Who is entitled to vote?

Shareholders holding shares of our common stock at the close of business on the record date may vote at the Annual Meeting. You may vote all shares owned by you as of the record date, including (i) shares held directly in your name as the shareholder of record and (ii) shares held for you as the beneficial owner in street name through a broker, bank or other nominee. Each holder of our common stock is entitled to one vote for each share of common stock held as of the record date.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare, you are considered, with respect to those shares, the shareholder of record. A shareholder of record is also referred to as a registered shareholder.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. Your broker, bank or nominee is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your

broker, bank or nominee how to vote your shares. On anything other than routine matters (such as a proposal to ratify an independent registered public accounting firm), your broker will not be able to vote your shares unless you give your broker specific voting instructions. As such, you must give your broker voting instructions in order for your vote to be counted on the proposal to elect directors (Proposal 1), the proposal to amend the Stock Plans (Proposal 2), and the proposal regarding an advisory vote on executive compensation (Proposal 3). We strongly encourage you to vote.

How do I vote?

Shareholders of record can vote by telephone, by the internet or by mail, as described below. If you are a beneficial owner, please refer to your proxy card or the information forwarded by your broker, bank or other holder of record to see what options are available to you.

Registered shareholders may cast their vote using any of the following methods:

- (1) Voting online by following the internet voting instructions at www.envisionreports.com/rnwk;
- (2) Calling 1-800-652-VOTE (8683) and voting by following the instructions provided on the phone line; or
- (3) Signing, dating and promptly mailing your proxy card in the enclosed postage-paid envelope, if you received proxy materials by mail;
- (4) In person at the Annual Meeting. *Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions by telephone, internet, or mail so that your vote will be counted if you later decide not to attend the Annual Meeting.*

How are votes counted?

In the election of directors, you may vote **FOR** the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. With respect to the approval of amendments to the RealNetworks Stock Plans, the advisory vote on executive compensation and the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the current fiscal year, you may vote **FOR**, vote **AGAINST** or **ABSTAIN**. If you **ABSTAIN**, the abstention has no effect on the voting results, although abstentions are considered votes cast for the purpose of determining the presence of a quorum. If you provide specific instructions, your shares will be voted as you instruct.

If you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the board of directors (**FOR** the nominees to the board of directors, **FOR** the amendments to the RealNetworks Stock Plans, **FOR** the advisory vote on executive compensation, and **FOR** ratification of KPMG LLP as our independent registered public accounting firm for the current fiscal year, and in the discretion of the proxy holders on any other matters that properly come before the Annual Meeting). If you are a beneficial holder and do not return a voting instruction form, your broker, bank or nominee may only vote on the ratification of KPMG LLP as our independent registered public accounting firm for the current fiscal year.

What vote is required to approve each item?

In the election of directors (Proposal 1), the four candidates for director who receive the highest number of affirmative votes will be elected if a quorum is present at the Annual Meeting. In the approval of amendments to the RealNetworks Stock Plans (Proposal 2), the advisory vote on executive compensation (Proposal 3) and the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the current fiscal year (Proposal 4), such proposals will be approved if the number of votes cast in favor of such proposal exceeds the number of votes cast against such proposal and a quorum is present at the Annual Meeting.

What are broker non-votes and what effect do they have on the proposals?

Generally, broker non-votes occur when a broker (i) has not received voting instructions from the beneficial owner with respect to a particular proposal and (ii) lacks discretionary voting power to vote those shares with respect to that particular proposal. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present, but only FOR and AGAINST votes are counted for purposes of determining the votes received in connection with each proposal.

A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of KPMG LLP as our independent registered public accounting firm for the current fiscal year (Proposal 4), without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on certain non-routine matters, such as the uncontested election of our directors (Proposal 1), the amendment to the RealNetworks Stock Plans (Proposal 2), and the advisory vote on executive compensation (Proposal 3). Thus, if you do not give your broker specific voting instructions, your shares may not be voted on these non-routine matters and will not be counted in determining the number of shares necessary for approval.

Can I change or revoke my proxy?

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Corporate Secretary of RealNetworks at our principal offices as set forth above in the Notice of Annual Meeting a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Is cumulative voting permitted for the election of directors?

No. Neither our charter nor our bylaws permit cumulative voting at any election of directors.

How are proxies solicited?

The costs and expenses of soliciting the proxies accompanying this proxy statement from shareholders will be borne by RealNetworks. Our employees, officers and directors may solicit proxies in person, by telephone or by electronic communication. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses. In addition, we may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of common stock. Your cooperation in promptly voting your shares and submitting your proxy by telephone, internet or by completing and returning the enclosed proxy card will help to avoid additional expense.

Who will serve as inspector of elections?

Our officers are authorized to designate an inspector of elections for the meeting. It is anticipated that the inspector of elections will be a representative from Computershare.

When is our fiscal year end?

Our fiscal year ends on December 31. This proxy statement provides information about the matters to be voted on at the Annual Meeting and additional information about us and our executive officers and directors. Some of the information is provided as of the end of our most recently completed fiscal year and some information is provided as of a more current date.

How can shareholders make a proposal for the 2017 annual meeting?

An eligible shareholder who desires to have a qualified proposal considered for inclusion in the proxy statement and form of proxy prepared in connection with our 2017 annual meeting of shareholders must deliver a copy of the proposal to our Corporate Secretary, at our principal offices, not less than 120 days prior to the first anniversary of the date that this proxy statement was released to our shareholders, or, if the date of our 2017 annual meeting has been changed by more than 30 days from the date of our 2016 annual meeting, then no later than a reasonable time before we begin to print and mail our proxy materials. To be eligible to submit a proposal for inclusion in our proxy statement, a shareholder must have continually been a record or beneficial owner of shares of common stock having a market value of at least \$2,000 (or representing at least 1% of the shares entitled to vote on the proposal), for a period of at least one year prior to submitting the proposal, and the shareholder must continue to hold the shares through the date on which the meeting is held.

A shareholder of record who intends to submit a proposal at the 2017 annual meeting of shareholders that is not eligible or not intended for inclusion in our proxy statement must provide us with written notice, addressed to the Corporate Secretary at our principal offices, not less than 120 days prior to the first anniversary of the date that this proxy statement was released to our shareholders, or, if the date of our 2017 annual meeting has been changed by more than 30 days from the date of our 2016 annual meeting, then no later than a reasonable time before we begin to print and mail our proxy materials. The notice must also satisfy certain additional requirements specified in our bylaws, a copy of which will be sent to any shareholder upon written request to our Corporate Secretary.

How can shareholders communicate with the Board of Directors?

Shareholders who wish to communicate with our Board of Directors, or with any individual member of the Board, may do so by sending such communication in writing to the attention of our Corporate Secretary at the address of our principal executive offices with a request to forward the same to the intended recipient. Shareholder communications must include confirmation that the sender is our shareholder. All such communications will be reviewed by our Corporate Secretary or Chief Financial Officer in order to create an appropriate record of the communication, to assure director privacy, and to determine whether the communication relates to matters that are appropriate for review by our Board of Directors or by any individual director. Communications will not be forwarded to Board members that (i) are unrelated to our business, (ii) contain improper commercial solicitations, (iii) contain material that is not appropriate for review by the Board of Directors based upon our Bylaws and the established practice and procedure of the Board, or (iv) contain other improper or immaterial information.

I share an address with another shareholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

If you share an address with another shareholder, each shareholder may not receive a separate copy of our Annual Report, proxy materials or Notice of Internet Availability of Proxy Materials. Shareholders who do not receive a separate copy of our Annual Report, proxy materials or Notice of Internet Availability of Proxy Materials, but would like to receive a separate copy or additional copies, may request these materials by calling 1-206-892-6320 or writing to: Investor Relations, RealNetworks, Inc., 1501 First Avenue South, Suite 600, Seattle, Washington 98134.

Shareholders who share an address and receive multiple copies of our Annual Report, proxy materials or Notice of Internet Availability of Proxy Materials may also request to receive a single copy by following the instructions above. Current and prospective investors can also access our Form 10-K, proxy statement and other financial information on the Financial Information section of our website at <http://investor.realnetworks.com>.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Amended and Restated Bylaws provide for a Board of Directors that consists of not less than two and no more than nine members. Our Amended and Restated Articles of Incorporation provide that when the Board of Directors consists of four or more members, the directors will be divided into three classes (each class being as nearly equal in number as possible), with directors serving for staggered, three-year terms. The authorized number of directors is currently set at eight, with no current vacancies.

Our Class 1 directors, whose terms will expire at the Annual Meeting, are Michael T. Galgon, Christopher R. Jones, Dawn G. Lepore, and Dominique Trempont. Mr. Galgon has determined not to stand for re-election at the Annual Meeting. As a result, the board of directors nominees for election by the shareholders are the remaining Class 1 members of the board of directors: Christopher R. Jones, Dawn G. Lepore, and Dominique Trempont. The board of directors has also nominated for election by shareholders Bruce A. Jaffe as a Class 3 director. If elected, the individuals nominated as Class 1 directors will serve as directors until our annual meeting of shareholders in 2019 and Mr. Jaffe will serve as a director until our annual meeting of shareholders in 2018, each until their respective successors are elected and qualified, subject to earlier resignation or removal. If these four individuals are elected, the board of directors will have seven members immediately following the Annual Meeting, and, accordingly, the board of directors will reduce the size of the board to seven directors, effective immediately following the Annual Meeting.

Janice Roberts and Michael B. Slade are Class 2 directors whose terms expire at the 2017 annual meeting of shareholders. Robert Glaser, along with director-nominee Bruce A. Jaffe, is a Class 3 director whose term expires at the 2018 annual meeting of shareholders.

Ms. Lepore and Messrs. Jaffe, Jones, and Trempont have been nominated by the Board of Directors, upon recommendation of the Nominating and Corporate Governance Committee of the Board of Directors, comprised of non-management directors, and recommended to the shareholders by the Board of Directors for election at the Annual Meeting. The accompanying proxy will be voted **FOR** the election of Ms. Lepore and Messrs. Jaffe, Jones, and Trempont to the Board of Directors, except where authority to so vote is withheld. Proxies may not be voted for a greater number of persons than the number of nominees named. The nominees have consented to serve as members of our board if elected. If at the time of the Annual Meeting a nominee is unable or declines to serve as a director, the discretionary authority provided in the enclosed proxy will be exercised to vote for a substitute candidate designated by the Nominating and Corporate Governance Committee of the Board of Directors. The Board of Directors has no reason to believe that any of the nominees will be unable, or will decline, to serve as a director.

Director Independence

The Board has determined that (i) Ms. Lepore and Messrs. Jaffe, Jones and Tremont is each independent under the Nasdaq listing standards and (ii) all directors who are not standing for election at the Annual Meeting, except for Mr. Glaser and Mr. Slade, are independent under the Nasdaq listing standards and the applicable rules promulgated by the Securities and Exchange Commission, or the SEC.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE NOMINEES NAMED IN PROPOSAL 1.

BOARD OF DIRECTORS

Our business is managed under the direction of a Board of Directors, which has responsibility for establishing broad corporate policies and for the overall performance of RealNetworks. It is not, however, involved in operating details on a day-to-day basis.

Identification, Evaluation and Qualification of Director Nominees

In general, the Nominating and Corporate Governance Committee reviews director candidates identified by Board members and any third-party search firms engaged by the Committee as part of the director nomination process. The Committee will consider candidates presented, and those candidates that the Committee determines meet the criteria for serving will be interviewed and evaluated by members of the Committee, who will review each nominee's qualifications and references and such other information as the Committee may deem relevant. The other directors and the third party search firm, if one is engaged, are also given the opportunity to meet with and interview the candidates. The Committee will then recommend to the full Board the nominees that it has determined best suit the Board's needs. The Board ultimately makes all nominations for directors to be considered and voted upon at our annual meetings of shareholders.

Since our last annual meeting of shareholders, Mr. Jaffe was appointed to our board in October 2015 and Mr. Jones was appointed to our board in July 2016. Each of these individuals was initially identified as a potential nominee by one of our directors. The Nominating and Corporate Governance Committee evaluated both Mr. Jaffe and Mr. Jones as director nominees as part of a broader search process for potential candidates led by the Committee. As part of this search process, the Nominating and Corporate Governance Committee met with, interviewed and evaluated the candidates, facilitated scheduling meetings between the candidates and other directors and select senior officers and oversaw the completion of other customary search-related activities such as background checks. Following this process, Mr. Jaffe and Mr. Jones were each recommended for appointment to the Board of Directors by the Nominating and Corporate Governance Committee.

Qualifications required of individuals who are considered as board nominees will vary according to the particular areas of expertise being sought as a complement to our existing board composition at the time of any vacancy. All directors should possess the background, skills, expertise, and commitment necessary to make a significant contribution to RealNetworks. Relevant qualifications for our directors include: (1) exemplary personal and professional ethics and integrity; (2) the ability to engage in objective, fair and forthright deliberations; (3) operating experience at a policy-making level in business(es) relevant to our current and future plans; (4) independent judgment; (5) adequate time and personal commitment to provide guidance and insight to management; (6) a commitment to provide long-term value to our shareholders; (7) sophisticated business skills to enable rigorous and creative analysis of complex issues; and (8) understanding and experience in relevant markets, technology, operations, finance or marketing in the context of an assessment of the perceived needs of the Board as determined from time to time.

While we do not have a formal policy or guidelines regarding diversity of membership of our Board of Directors, the Board recognizes the value of having a broad range of skills, expertise, contacts, industry knowledge, and diversity of opinion on our board. Therefore, the Board gives consideration to obtaining a diversity of experience and perspective within the Board and solicits directors' views on a variety of topics, including whether directors as a whole have the appropriate mix of characteristics, attributes, business experience and background to effectively serve as one of our directors.

Shareholder Nominations and Recommendations for Director Candidates

Shareholder Nominations for Director

Pursuant to our Amended and Restated Bylaws, shareholders who wish to nominate one or more candidates for election as directors at an annual meeting of shareholders must give notice of the proposal to nominate such

candidate(s) in writing to our Corporate Secretary not less than 120 days before the first anniversary of the date that our proxy statement was released to shareholders in connection with the previous year's annual meeting, or, if the date of the annual meeting at which the shareholder proposes to make such nomination is more than 30 days from the first anniversary of the date of the previous year's annual meeting, then the shareholder must give notice in a reasonable time before we begin to print and mail our proxy materials. The notice must satisfy certain requirements specified in our Amended and Restated Bylaws, a copy of which will be sent to any shareholder upon written request to our Corporate Secretary. The Nominating and Corporate Governance Committee will evaluate shareholder nominees using the same standards it uses to evaluate other nominees.

No shareholder has presented a timely notice of a proposal to nominate a director this year. Accordingly, the only directors to be elected at the Annual Meeting are Ms. Lepore and Messrs. Jaffe, Jones, and Trempont. No other nominations are before, or may be brought at, the Annual Meeting.

Shareholder Recommendations for Director

In addition to the general nomination rights of shareholders, the Nominating and Corporate Governance Committee of the Board of Directors will consider Board candidates recommended by qualified shareholders in accordance with a written policy adopted by the Committee. To be a qualified shareholder eligible to recommend a candidate to serve on the Board, a shareholder must have continuously held at least 2% of our outstanding securities for at least 12 months prior to the date of the submission of the recommendation.

A qualified shareholder may recommend a Board candidate for evaluation by the Committee by delivering a written notice to the Committee subject to the requirements set forth below. The notice must be received by the Committee not less than 120 days before the first anniversary of the date that our proxy statement was released to shareholders in connection with the previous year's annual meeting. If we change the date of our annual meeting by more than 30 days from the date on which the previous year's annual meeting was held, the notice must be received by the Committee no later than the close of business on the 10th day following the day on which notice of the date of the upcoming annual meeting is publicly disclosed.

Any Board candidate recommended by a shareholder must be independent of the recommending shareholder in all respects (e.g., free of material personal, professional, financial or business relationships from the proposing shareholder), as determined by the Committee or applicable law. Any Board candidate recommended by a shareholder must also qualify as an independent director under applicable Nasdaq rules.

The notice shall also contain or be accompanied by (i) proof of the required stock ownership (including the required holding period) of the proposing shareholder, (ii) a written statement that the qualified shareholder intends to continue to own the required percentage of shares through the date of the annual meeting with respect to which the Board candidate is proposed to be nominated, (iii) the name or names of each shareholder submitting the proposal, the name of the Board candidate, and the written consent of each such shareholder and the Board candidate to be publicly identified, (iv) the recommending shareholder's business address and contact information, and (v) all other information that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

With respect to the proposed Board candidate, the following information must be provided:

name, age, business and residence addresses;

principal occupation or employment;

number of shares of RealNetworks stock beneficially owned (if any);

a written resume of personal and professional experiences;

a statement from the recommending shareholder in support of the candidate, references for the candidate, and an indication of the candidate's willingness to serve, if elected;

all other information relating to the proposed Board candidate that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitation of proxies for election of directors pursuant to Section 14 of the Exchange Act and the regulations promulgated thereunder; and

information, documents or affidavits demonstrating to what extent the proposed Board candidate meets the required minimum criteria established by the Committee, and the desirable qualities or skills, described in our policy regarding director nominations.

The notice must also include a written statement that the recommending shareholder and the proposed Board candidate will make available to the Committee all information reasonably requested in furtherance of the Committee's evaluation as well as the signature of each proposed Board candidate and of each shareholder submitting the recommendation.

The notice must be delivered in writing, by registered or certified, first-class mail, postage prepaid, to Chair, Nominating and Corporate Governance Committee, RealNetworks, Inc., c/o Corporate Secretary, 1501 First Avenue South, Suite 600, Seattle, Washington 98134.

Board Leadership Structure

Effective July 28, 2014, Mr. Glaser, the Chairman of our Board, was appointed as our Chief Executive Officer. He had previously served as interim CEO from July 2012 to July 2014 and as CEO from the founding of RealNetworks in February 1994 until January 2010. In maintaining Mr. Glaser's position as Chairman, the Board has recognized the value of leveraging Mr. Glaser's longtime leadership and knowledge of RealNetworks. In appointing Mr. Glaser as Chief Executive Officer, among other things, the Board determined that Mr. Glaser is best positioned to effectively identify and execute on our strategic priorities.

Since October 18, 2012, the date of our 2012 annual meeting, Dominique Trempont has served as our lead independent director. As lead independent director, Mr. Trempont is responsible for presiding over executive sessions of the independent directors, advising as to the quality, quantity and timeliness of the flow of information from management necessary for independent directors to effectively and responsibly perform their duties, coordinating the activities of the other independent directors, and acting as principal liaison between independent directors and management.

Our Board believes that its current leadership structure consisting of a joint chairman and chief executive officer and a lead independent director gives the Board flexibility to meet varying business, personnel and organizational needs at this time, and demonstrates its commitment to good corporate governance.

Meetings of the Board and Committees

The Board meets on a regularly scheduled basis during the year to review significant developments affecting RealNetworks and to act on matters requiring Board approval. It also holds special meetings when an important

matter requires Board action between regularly scheduled meetings. The Board of Directors met eight times during our fiscal year ended December 31, 2015 and took action by unanimous written consent on three occasions. The independent members of the Board of Directors regularly met in executive session without management present. No incumbent member attended fewer than 75% of the aggregate number of meetings of the Board of Directors held during the period for which he or she has been a director. No incumbent member attended fewer than 75% of the aggregate number of meetings of any Board committees on which he or she served during the periods that he or she served during the fiscal year.

Committees of the Board

The Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. In addition, the Board has in the past and may in the future create special committees from time to time. Applying the rules of the Nasdaq Stock Market and the SEC, the Board has determined that all members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent. Committee membership of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee as of July 15, 2016 was as follows:

Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Dominique Trempont (chair)	Janice Roberts (chair)	Dawn G. Lepore (chair)
Michael T. Galgon*	Michael T. Galgon*	Janice Roberts
Bruce A. Jaffe	Dawn G. Lepore	
Christopher R. Jones	Dominique Trempont	

* Mr. Galgon's service on our board committees will terminate when his term expires at the Annual Meeting.

Audit Committee. The Audit Committee provides oversight of our accounting and financial reporting processes and financial statement audits, reviews our internal accounting procedures and consults with and reviews the services provided by our independent auditors. All of the members of our Audit Committee are financially literate pursuant to Nasdaq rules, and our Board has designated Mr. Trempont as an Audit Committee Financial Expert, as defined by the SEC and applicable listing standards. For 2015, Messrs. Trempont and Galgon served on the Audit Committee for the entire year, Mr. Jaffe served on the Audit Committee from October 21 through the end of the year, and John E. Cunningham served on the Audit Committee from January 1 through the date of his resignation from the Board on September 2. The Board of Directors has adopted a written charter for the Audit Committee which can be found on our corporate website at <http://investor.realnetworks.com> under the caption Corporate Governance. The Audit Committee met eight times and acted by written consent zero times during the fiscal year ended December 31, 2015.

Compensation Committee. The Compensation Committee establishes, reviews and recommends to the Board the compensation and benefits to be provided to RealNetworks' executive officers and reviews general policy matters relating to employee compensation and benefits. For 2015, Ms. Roberts, Ms. Lepore and Messrs. Galgon and Trempont served on the Compensation Committee for the entire year. The Board of Directors has adopted a written charter for the Compensation Committee which can be found on our corporate website at <http://investor.realnetworks.com> under the caption Corporate Governance. The Compensation Committee met seven times and acted by written consent one time during the fiscal year ended December 31, 2015.

The Compensation Committee has the authority to retain a compensation consultant to assist in the evaluation of executive compensation and has the authority to approve the consultant's fees and retention terms. In 2015, the Compensation Committee engaged Frederic W. Cook & Co., Inc. as its independent compensation consultant to provide analyses and make recommendations concerning non-management director compensation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee searches for and recommends to the Board potential nominees for Board positions, makes recommendations to the Board regarding size and composition of the Board, and develops and recommends to the Board the governance principles applicable to RealNetworks. For 2015, Mr. Cunningham served on the Nominating and Corporate Governance Committee, including as chair, from January 1 until September 2, the date of his resignation from the Board; Ms. Lepore joined the committee and took over as chair of the committee on October 23. Ms. Roberts served on the Nominating and Corporate Governance Committee for the entire year. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee which can be found on our corporate website at <http://investor.realnetworks.com> under the caption Corporate Governance. The Nominating and Corporate Governance Committee met three times and acted by written consent zero times during the fiscal year ended December 31, 2015.

Board Oversight of Risk

Our management team is responsible for the day-to-day management of risks faced by RealNetworks, while the Board of Directors oversees our risk management, both as a full Board of Directors and through its committees. The Board obtains information and insight on risk management from our senior executives who attend Board meetings and are available to address any questions or concerns raised by the Board on risk management-related and any other matters. The Board also gains information from presentations prepared by senior management on strategic and significant operational matters involving our business. The Board of Directors also periodically reviews and approves our strategic plans and initiatives, including the related expected opportunities and challenges facing the business and the execution of those plans.

The Board of Directors has delegated the oversight of certain risk areas to Board committees that assist the Board in fulfilling its risk oversight responsibility. For example, the Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these risks. The Audit Committee also monitors compliance with legal and regulatory requirements, reviews legal matters that could have a significant financial impact on RealNetworks and oversees the performance of our internal audit function. In addition, the Audit Committee monitors our code of ethics and oversees our procedures for handling employee complaints regarding accounting, accounting controls and auditing matters.

The Audit Committee also reviews the annual comprehensive enterprise risk assessment performed by our internal audit department that encompasses a number of significant areas of risk, including strategic, operational, compliance, investment and financial risks. This assessment process is designed to gather data regarding the most important risks that could impact our ability to achieve objectives and execute strategies and entails reviewing critical policies and strategies as well as monitoring emerging industry trends and issues. The assessment is reviewed by our Chief Executive Officer and Chief Financial Officer and presented to the Audit Committee to facilitate discussion of any high risk areas.

The Board of Directors has also delegated to other committees the oversight of risk within their areas of responsibilities and expertise. The Compensation Committee has primary responsibility for the compensation of our chief executive officer and reviews and approves the compensation of our executive officers. The Compensation Committee also reviews the relationship of executive compensation to our corporate strategies and business plans and, in connection with these responsibilities, conducts an annual review of our risk assessment of compensation policies and practices for our employees. The Nominating and Corporate Governance Committee oversees the risk associated with our corporate governance policies and practices. Each committee of the Board is responsible for reporting its findings and recommendations, as appropriate, to the full Board of Directors.

Policy Regarding Director Attendance at Annual Meetings of Shareholders

We have a policy that at least one member of our Board of Directors will attend each annual meeting of shareholders, and all directors are encouraged to attend shareholder meetings. We reimburse directors for reasonable expenses incurred in attending annual meetings of shareholders. One director attended our annual meeting of shareholders held on September 15, 2015.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors. Our Code of Business Conduct and Ethics is publicly available on our corporate website at <http://investor.realnetworks.com> under the caption Corporate Governance, or can be obtained without charge by written request to our Corporate Secretary at the address of RealNetworks principal executive office. We intend to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding an amendment to or waiver from the application of the Code of Business Conduct and Ethics that applies to the Chief Executive Officer or the Chief Financial Officer, and any other applicable accounting and financial employee, by posting such information on our website at <http://investor.realnetworks.com> under the caption Corporate Governance.

(1) Beneficial ownership is determined in accordance with rules of the SEC and includes shares over which the beneficial owner exercises voting or investment power. Shares of common stock subject to options currently exercisable or exercisable within 60 days of the table date, and restricted stock units, or RSUs, that will have vested within 60 days of the table date, are deemed outstanding for the purpose of computing the percentage ownership of the person holding the options, but are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Except as otherwise indicated, and subject to community property laws where applicable, RealNetworks believes, based on information provided by such persons, that the persons named in the table above have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them.

(2) Includes 459,101 shares of common stock owned by the Glaser Progress Foundation, of which Mr. Glaser is trustee. Mr. Glaser disclaims beneficial ownership of these shares. Also includes 604,886 shares of common stock issuable upon exercise of options exercisable within 60 days of the table date.

- (3) Information is based on a Schedule 13G filed with the SEC on February 12, 2016 by Ariel Investments, LLC. Section 16(a) Beneficial Ownership Reporting Compliance

Edgar Filing: REALNETWORKS INC - Form DEF 14A

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires RealNetworks' executive officers, directors, and persons who own more than ten percent of a registered class of RealNetworks' equity securities to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all such reports they file. Specific due dates have been established by the SEC, and we are required to disclose any failure to file by those dates.

Based solely on our review of the copies of such reports received by us, and on written representations by our executive officers and directors, we believe that during fiscal 2015 all of our executive officers and directors and all of the persons known to us to own more than ten percent of our common stock complied with all Section 16(a) filing requirements applicable to them, except that the sale of 17,000 shares by Dominique Trempont on November 17, 2015, which should have been reported within two business days, was reported late on a Form 4 filed December 7, 2015.

Compensation Committee Interlocks and Insider Participation

For all of 2015, the Compensation Committee was composed of Ms. Roberts, Ms. Lepore and Messrs. Galgon and Trempont. In 2015, no executive officer of RealNetworks served as a member of the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of RealNetworks Board of Directors or Compensation Committee. In addition, no interlocking relationship existed between any member of our Compensation Committee and any member of the compensation committee of any other company.

PROPOSAL 2 AMENDMENTS TO THE REALNETWORKS, INC. 2005 STOCK INCENTIVE PLAN, AS AMENDED AND RESTATED, THE REALNETWORKS 2000 STOCK OPTION PLAN, AS AMENDED AND RESTATED, AND THE REALNETWORKS, INC. 1996 STOCK OPTION PLAN, AS AMENDED AND RESTATED, INCLUDING TO PERMIT A ONE-TIME STOCK OPTION EXCHANGE PROGRAM FOR ELIGIBLE EMPLOYEES AND OTHER SERVICE PROVIDERS EXCLUDING OUR CHIEF EXECUTIVE OFFICER AND DIRECTORS

The Board of Directors of RealNetworks is seeking shareholder approval of amendments to the RealNetworks, Inc. 2005 Stock Incentive Plan, as amended and restated (the 2005 Plan), the RealNetworks 2000 Stock Option Plan, as amended and restated (the 2000 Plan), and the RealNetworks, Inc. 1996 Stock Option Plan, as amended and restated (the 1996 Plan) and together with the 2005 Plan and the 2000 Plan, the Stock Plans) to permit a one-time stock option exchange program for eligible employees and other service providers, excluding our CEO and members of our Board of Directors, and in connection with the exchange program, to allow shares subject to options cancelled in the exchange program to return to the share reserve under the 2005 Plan.

Our Board of Directors believes that the exchange program is essential in continuing to motivate our employees and other service providers to achieve our business goals and long-term success, and will enhance long-term shareholder value by improving our ability to motivate and retain our employees and other service providers, as discussed further below.

We are seeking shareholder approval of the amendments permitting the one-time exchange in order to satisfy the terms of our stock plans and compliance with NASDAQ listing requirements, as applicable. Summaries of the Stock Plans (as amended pursuant to the amendments described in this proposal) are set forth below and the full text of the 2005 Plan as amended and restated is attached to this Proxy Statement as Appendix A. Our Board of Directors approved the amendments to the Stock Plans, subject to shareholder approval. If our shareholders do not approve this proposal, the Stock Plans will continue to be administered in their current form without giving effect to any such amendments and the proposed exchange will not take place.

Overview of Amendments

Exchange Program. If the one-time stock option exchange program is approved and implemented, our eligible employees and other service providers will be offered the opportunity to exchange underwater stock options (that is, generally options with per share exercise prices that are in excess of the current trading price of our common stock) for new options with a per share exercise price equal to the closing price of a share of our common stock as quoted by the NASDAQ Global Select Market on the day this exchange program expires. Stock options will be eligible for exchange if they have a per share exercise price above the closing price of a share of our common stock shortly before the commencement of the exchange program as determined by our Board of Directors. Shares subject to stock options that are cancelled in the exchange program will return to the 2005 Plan and all replacement options granted in the exchange program will be granted under the 2005 Plan. As a result, the exchange program will have a net neutral effect on the number of shares available for issuance under the 2005 Plan.

Our Board of Directors believes that the exchange program is in the best interests of RealNetworks and our shareholders as new stock options granted under the exchange program will provide added incentive to motivate and retain talented employees and other service providers, allow us to make better use of the compensation costs that we are already incurring from our outstanding stock option awards, and conserve our equity pool by avoiding the need to issue additional options or other equity awards. If our shareholders approve this proposal, the exchange program will begin within 12 months following the date shareholders approve the exchange program. Within this timeframe, the actual start date will be determined at the discretion of our Board of Directors. It is our current intent that the exchange program would commence as soon as practicable following the date of our 2016 annual meeting of shareholders; however, we may delay launch for up to 12 months from the date of shareholder approval or elect not to implement the exchange program at all. If the exchange program

is implemented, eligible employees and other service providers will be offered the opportunity to participate in the exchange program under an offer statement to be filed with the SEC and distributed to all such eligible individuals. Eligible employees and other service providers would be given at least 20 U.S. business days to decide whether to accept the offer of the new options in exchange for the surrender of their eligible options. The surrendered eligible options would be cancelled on the day that the exchange program closes. The new options would be granted on the date of cancellation of the old eligible options and such new options would have a per share exercise price equal to the closing price of a share of our common stock as quoted by the NASDAQ Global Select Market on the date of the new grant.

Except for these amendments, the 2005 Plan has not been amended in any material way since shareholders last approved the 2005 Plan at our 2014 Annual Meeting of Shareholders, and the 1999 Plan and 2000 Plan have not been amended in any material way since shareholders last approved these plans at our 2009 Annual Meeting of Shareholders.

Reasons for Amendments to Permit Exchange Program

As a result of the decline in our stock price, a significant number of stock options held by our employees and other service providers have per share exercise prices that exceed the current trading price of our common stock. As a technology company facing intense competitive pressure in a market that requires constant innovation, our future prospects depend heavily on the energy, creativity, and motivation of our employees and other service providers. Our Compensation Committee and Board of Directors believe that equity compensation, principally in the form of stock options, is an effective means to motivate our employees and other service providers and directly align the interests of our employees and other service providers with those of our shareholders. Accordingly, our Board of Directors and Compensation Committee have determined that the company's underwater options no longer provide the long-term incentive and retention objectives that were intended at grant.

In considering how best to continue to motivate, retain and reward our employees and other service providers, we evaluated several alternatives, including the replacement of the intended benefits of stock options with increased cash compensation and the grant of additional equity awards at current market prices. Our Board of Directors and Compensation Committee have determined that a program under which employees and other service providers could exchange eligible options for new options with a per share exercise price equal to the fair market value of a share of our common stock on the date of exchange would be most attractive for a number of reasons, including the following:

Provide renewed incentives for our employees and other service providers who participate in the exchange program. Providing renewed incentives to our employees and other service providers is the primary purpose of the exchange program and we believe the exchange program will enable us to enhance long-term shareholder value by aligning the interests of our employees and other service providers more closely with the interests of our shareholders by issuing our employees and other service providers new stock options that will vest over a period of time following the exchange date if they remain in continued employment or other service with us.

The exchange program creates meaningful employee and service provider incentive and retention value by lowering stock option exercise prices and imposing new vesting schedules. We believe that the exchange program will provide meaningful incentive value to our employees and other service providers by lowering the applicable per share exercise prices of their options. Additionally, because the replacement options granted in the exchange program will be subject to new restrictions (including modification of option vesting periods, as described below under *Summary of the Material Terms of Exchange Program - Vesting of Replacement Options*), we believe the exchange program will provide additional retention value as well. As a result of the increased incentive and retention value of the new grants, we believe the exchange program could help enhance long-term shareholder value by aligning the interests of our employees and other service providers more closely with the interests of our shareholders.

The exchange program helps us avoid potential increases in our cash based compensation. In order to replace the intended benefits of stock options, we may otherwise need to substantially increase cash compensation to retain our employees and service providers. Any such increases would increase our compensation expense and reduce our cash position and cash flow from operations. We continue to believe that equity awards are an important component of our employees' and other service providers' total compensation, and replacing this component with additional cash compensation to remain competitive could have a material adverse effect on our financial position.

The exchange program conserves the equity pool. If we are unable to conduct an option exchange program, we may need to issue options or other equity awards to our employees and other service providers at current market prices in order to provide our employees and other service providers with renewed incentive value. The additional options or other equity awards would be in addition to the already-outstanding underwater options. Any such additional grants would increase the number of shares issuable upon the exercise of stock options as well as our compensation expense and also would significantly reduce our current pool of shares available for future grant.

The exchange program recaptures value from compensation costs that we otherwise would incur from outstanding options. The underwater stock options were granted with a per share exercise price equal to the fair market value of a share of our common stock on the date of grant. Under applicable accounting requirements, we will have to recognize approximately \$6.5 million in compensation expense related to these options, approximately \$5.7 million of which has already been expensed as of June 30, 2016 and approximately \$0.8 million of which will continue to be expensed, even if these options are never exercised. We believe it is not an efficient use of the company's resources to recognize compensation expense on awards that are not providing value to our employees and other service providers. By replacing options that have little or no retention or incentive value with equity awards that we believe will provide both retention and incentive value, the company would be making more efficient use of its resources.

The exchange program will take place if and only if the amendments to the Stock Plans to permit the exchange program are approved by our shareholders. If our shareholders do not approve the amendments to the Stock Plans, options that would have been eligible for the exchange program instead will remain outstanding and in effect in accordance with their existing terms and the Stock Plans will revert back to the terms in effect immediately prior to the amendments. In that event, we will continue to recognize compensation expense for these eligible options even though the options may have little or no retention or incentive value.

Summary of the Material Terms of Exchange Program

Mechanics of the Exchange Program. We will not implement the exchange program unless our shareholders approve this proposal. If we receive shareholder approval of the proposal, it is our current intent that the exchange program would commence as soon as practicable following the date of our 2016 annual meeting of shareholders, which meeting currently is scheduled to occur on September 19, 2016. However, we may delay the launch of the exchange program for up to 12 months from the date of shareholder approval or elect not to implement the exchange program at all.

Upon the start of the exchange program, eligible employees and other service providers holding eligible options will receive a written offer that will set forth the precise terms and timing of the exchange program and each eligible participant (as defined below) will need to voluntarily elect to participate. Eligible participants will be given at least 20 U.S. business days to elect to surrender their eligible options, on a grant-by-grant basis, in exchange for replacement option awards. Promptly following the completion of the exchange offer, surrendered eligible options will be cancelled and the Compensation Committee will approve grants of replacement options to participating employees at a one-to-one exchange ratio. All replacement options will be granted under the 2005 Plan and the 2005 Plan also will govern any terms or conditions of replacement options not specifically addressed within the exchange program proposal.

At the start of the exchange program, we also will file the offer to exchange with the SEC as part of a tender offer statement on Schedule TO. Eligible employees and other services providers, as well as shareholders and members of the public, will be able to obtain the offer to exchange and other documents filed by us with the SEC free of charge from the SEC's website at www.sec.gov and from us upon written request to Investor Relations, RealNetworks, Inc., 1501 First Avenue South, Suite 600, Seattle, Washington 98134.

Eligible Participants. The exchange program will be open to all active employees and other service providers located in the United States and to our employees and other service providers who are located outside of the United States, where permitted by local law and where we determine it would be practical to do so. As indicated above, our CEO and members of our Board of Directors will not be eligible to participate. An employee or other service provider will be eligible to participate only if he or she is providing services as of the start date of the exchange program and continues providing services to us through the date replacement options are granted under the exchange program. We refer to such eligible individuals as eligible participants. We will not accept tendered options from any employee or other service provider holding eligible options who elects to participate in the exchange program but whose status as an employee or other service provider terminates for any reason prior to the grant of the replacement options, including voluntary resignation, retirement, involuntary termination, layoff, death or disability. Instead, any such employee or other service providers will retain his or her original options subject to their original terms. Assuming options with a per share exercise price above \$4.50 are eligible for the exchange program, as of the date of this Proxy Statement, approximately 350 employees, excluding the CEO, hold options to purchase approximately 2.4 million shares of our common stock that would qualify for exchange and approximately five consultants (which excludes members of our Board of Directors) hold options to purchase approximately 0.6 million shares of our common stock that would qualify for exchange.

It is possible that we would need to make modifications to the proposed terms of the exchange program either to comply with local requirements or for other reasons, including, for example, tax or accounting considerations. Although we intend to offer the exchange program to all or substantially all of our employees and other service providers other than our CEO and members of our Board of Directors, we may exclude employees and other service providers outside the United States from the exchange program based on our compensation philosophy and policies. In making such determination, we will consider whether local law, expense, complexity, administrative burden or other constraints would make their participation illegal, infeasible, impractical or inadvisable.

Eligible Options. Options will be eligible for the exchange program only if they have a per share exercise price above the closing price of a share of our common stock shortly before the commencement of the exchange program as determined by our Board of Directors.

Exchange Ratio. The Exchange Program will be a one-for-one exchange. As a result, each award of replacement options will cover the same number of shares of our common stock as the corresponding option that was cancelled under the exchange program.

Election to Participate. Participation in the exchange program is voluntary. Eligible participants may decide whether to participate in the exchange program on a grant-by-grant basis. This means if an Eligible Participant has more than one option grant, he or she may decide to surrender one option grant, in its entirety, and retain any other option grant, in its entirety. Eligible participants may exchange only the full number of unexercised shares issued under an option grant (whether vested or unvested) and may not elect to surrender only some of the unexercised shares covered by any particular option grant.

Eligible participants will have an election period of at least 20 U.S. business days from the start of the exchange program in which to determine whether they wish to participate. The decision whether to participate in the exchange program is completely voluntary. Therefore, we are not able to predict which or how many eligible participants will elect to participate or how many eligible options will be surrendered for exchange and therefore how many options may be issued. As indicated above, our CEO and members of our Board of Directors will **not** be eligible to participate in the exchange program.

Vesting of Replacement Options. None of the replacement options granted under the exchange program will be vested on the date of grant. All replacement options will have a new vesting schedule that provides for longer vesting periods than the options they replace. These new vesting schedules will vary depending on whether the cancelled option that corresponds to the replacement option was fully vested, entirely unvested or partially vested at the time of cancellation.

Fully Vested Options. Replacement option awards granted under the exchange program in exchange for cancelled option awards that were fully vested as of the completion of the exchange program will be scheduled to vest as to 50% of the underlying shares six months after the grant date of the replacement option award on the same day of the month as the grant date (or last day of the month, if there is no corresponding day), and as to the remaining 50% of the underlying shares on the one-year anniversary of the grant date of the replacement option award, assuming continued service to the Company through each such vesting date.

Entirely Unvested Options. The vesting schedule of any replacement option awards granted under the exchange program in exchange for option awards entirely unvested as of the completion of the exchange program will be extended by one year so that each scheduled vesting date under the replacement option award will occur one year after the corresponding scheduled vesting date under the cancelled option. Accordingly, the shares subject to these replacement option awards will be scheduled to vest on the one-year anniversary of the date that the corresponding shares under the cancelled option awards otherwise would have been scheduled to vest under their original vesting schedule, subject, in each case, to continued service to the Company through each such vesting date.

Partially Vested Options. Replacement option awards granted in the exchange program for option awards that are partially vested as of the completion of the exchange program will be scheduled to vest as follows.

With respect to the number of shares underlying the replacement option award that equal the number of shares that were vested under the corresponding cancelled option award, 50% of such shares will be scheduled to vest six months after the grant date of the replacement option award on the same day of the month as the grant date (or last day of the month, if there is no corresponding day), and as to the remaining 50% of such shares on the one-year anniversary of the grant date of the replacement option award, assuming continued service to the Company through each such vesting date.

With respect to the portion of the replacement option award that corresponds to the unvested portion of the option that was cancelled in the exchange program, the vesting schedule will be extended by one year so that each scheduled vesting date under the replacement option award will occur one year after the corresponding scheduled vesting date for the unvested portion of the cancelled option. Accordingly, these shares under the replacement option award will be scheduled to vest on the one-year anniversary of the date that the corresponding shares under the cancelled option awards otherwise would have been scheduled to vest under their original vesting schedule, subject, in each case, to continued service to the Company through each such vesting date.

Cancellation and Return of Eligible Surrendered Options. Under the exchange program, shares subject to options that are cancelled in the exchange program will return to the 2005 Plan and the replacement options granted in the exchange program will be granted under the 2005 Plan. As a result, the exchange program will have a net neutral effect on the number of shares available for issuance under the 2005 Plan. This is because the number of shares not subject to awards and available for issuance under the 2005 Plan immediately before the cancellation of eligible options and grant of replacement options under the exchange program will be the same as the number of shares that are not subject to awards and remain available for issuance under the 2005 Plan immediately after the cancellation of eligible options and grant of replacement options under the exchange program.

Term of Replacement Options. The replacement options will have a maximum term of seven years from the date of grant.

Exercise Price. The per share exercise price of the replacement options will be equal to the closing price of a share of our common stock on the NASDAQ Global Select Market on the date of grant.

Other Terms of the Replacement Options. Each option represents the right to purchase shares of our common stock during a prescribed period of time and as the option vests. Stock options granted pursuant to the exchange program will be nonstatutory stock options. Options issued in the exchange program will be granted pursuant to our 2005 Plan, as amended and restated (including pursuant to the amendments approved by our shareholders at our 2016 annual meeting of shareholders). Except for the terms described in this proposal, all other terms and conditions of the replacement options issued in the exchange program will be governed by the terms of the 2005 Plan. The full text of the 2005 Plan as amended and restated by the amendments described herein is attached to this Proxy Statement as Appendix A.

Terms of the Exchange Program. The terms of the exchange program will be described in an offer to exchange that will be filed with the SEC. Although we do not anticipate that the SEC will require us to materially modify the exchange program's terms, it is possible that we will need to alter the terms of the exchange program to comply with comments from the SEC. Changes in the terms of the exchange program also may be required for accounting, tax or local legal requirements. It is possible that we would need to make modifications to the proposed terms of the exchange program offered to employees and other service providers in countries outside the United States either to comply with local requirements or for other reasons, including tax or accounting considerations. Although we intend to offer the exchange program to all or substantially all of our employees and other service providers (other than our CEO and members of our Board of Directors), we may exclude employees and other service providers outside the United States from the exchange program based on our compensation philosophy and policies. In making such determination, we will consider whether local law, expense, complexity, administrative burden or other constraints would make their participation illegal, infeasible, impractical or inadvisable. We will retain the discretion to make any such necessary or desirable changes to the terms of the exchange program. Additionally, our Board of Directors may decide not to implement the exchange program even if shareholder approval of this proposal is obtained or may terminate the exchange program once it is in progress.

Tax Consequences of Participation

The following is a summary of the anticipated material United States federal income tax consequences of participating in the exchange program. A more detailed summary of the applicable tax considerations to participants will be provided in the exchange program documents. The exchange of eligible options for replacement options should be treated as a non-taxable exchange and neither we nor any of our employees should recognize any income for United States federal income tax purposes upon the surrender of eligible options and the grant of replacement options. The law and regulations themselves are subject to change and the Internal Revenue Service is not precluded from adopting a contrary position. The foregoing is only a summary of the tax effects of U.S. federal income taxation upon participants of the exchange offer and the Company with respect to the surrender of eligible options and grant of new options issued under the exchange offer. It does not purport to be complete, and does not discuss the tax consequences of a service provider's death or the provisions of the income tax laws of any municipality, state or foreign country in which the service provider may reside.

Accounting Treatment of New Equity Awards

Under FASB Accounting Standards Codification Topic 718, on accounting for share-based payments, we will recognize incremental compensation expense resulting from the options granted in the exchange program. The incremental compensation cost will be measured as the excess of the fair value of each replacement option granted to employees in exchange for surrendered eligible options, measured as of the date the options are granted, over the fair value of the eligible options surrendered in exchange for the replacement options, measured immediately prior to the exchange. In the event that any of the options are forfeited prior to their vesting due to termination of status as a service provider, the compensation expense for the forfeited options will not be recognized.

Plan Benefits Relating to the Option Exchange Program

Participation in the exchange program is voluntary. Accordingly, the benefits or amounts that will be received by any participant if the exchange program is approved by our shareholders and the exchange program is implemented are not currently determinable. Our CEO and the members of our Board of Directors will not be eligible to participate in the exchange program.

Impact of the Exchange Program on our Shareholders

The exchange program is intended to improve employee and other service provider retention by providing added incentive to motivate and retain talented employees and other service providers, avoiding potential increases in our cash-based compensation and allowing us to make better use of the compensation costs that we are already incurring from our outstanding stock option awards, and conserving our equity pool by avoiding the need to issue additional options or other equity awards. We are unable to predict the precise impact of the exchange program on our shareholders at this time because we are unable to predict how many or which employees and other service providers will exchange their eligible options or how many eligible options will be surrendered for exchange.

Text of Proposed Amendments to Stock Plans

The amendments to our Stock Plans to permit the one-time stock option exchange program would add a new Section 13.7 to the 2005 Plan, and replace Section 7.13 and Section 7.15 to the 2000 Plan and the 1996 Plan, respectively, each of which would read substantially as follows:

Notwithstanding any other provision of the stock plan to the contrary, upon approval of the company's shareholders of this Section in connection with the Company's 2016 Annual Meeting of Shareholders, the Committee may provide for, and the company may implement, a one-time-only option exchange offer, pursuant to which certain outstanding Options could, at the election of the person holding such Option, be tendered to the company for cancellation in exchange for the issuance of an Option, with a lower per share exercise price, that covers the same number of shares as the number of shares that were subject to the corresponding cancelled Option, provided that such one-time-only option exchange offer is commenced within 12 months following the date of such shareholder approval.

The full text of the 2005 Plan as amended and restated by the amendments described herein is attached to this Proxy Statement as Appendix A. The additional amendments to the 2005 Plan described herein are set forth in Section 3.2 (with respect to the shares subject to stock options that are cancelled in the exchange program being permitted to return to the 2005 Plan) and Sections 5.3 and 13.1 (to reflect this one-time exchange program exception to the general application under the 2005 Plan of any option exchanges, provided that the shareholders approve these amendments) of Appendix A.

Summary of the 2005 Plan

Set forth below is a summary of the principal provisions of the 2005 Plan, which is subject to and qualified by reference to the 2005 Plan. A copy of the 2005 Plan (as amended by the proposed amendments herein) is attached to this Proxy Statement as Appendix A.

Purpose. The purpose of the 2005 Plan is to assist RealNetworks in attracting and retaining highly skilled individuals to serve as employees, directors, consultants and/or advisors of RealNetworks who are expected to contribute to RealNetworks' success and to achieve long-term objectives which will inure to the benefit of all shareholders of RealNetworks through the additional incentives inherent in the awards offered under the 2005 Plan.

Shares Available for Issuance. The maximum number of shares of common stock authorized and available for grant under the 2005 Plan is equal to 14,541,477 shares. If, after December 17, 2009, any shares subject to

awards granted under the 2005 Plan or the Company's 1996 Stock Option Plan, 2000 Stock Option Plan, 2002 Director Stock Option Plan, or Director Compensation Stock Plan (the "Prior Plans") are forfeited or expire, or are settled in cash, the shares will become available for grant under the 2005 Plan. Shares that are tendered or withheld in payment of the purchase price of an option under the 2005 Plan or a Prior Plan or to satisfy the tax withholding obligations with respect to an option or stock appreciation right under the 2005 Plan or a Prior Plan, shares that are not issued under a stock appreciation right under the 2005 Plan or a Prior Plan in connection with its stock settlement upon exercise, and shares reacquired by RealNetworks on the open market or otherwise using cash proceeds from the exercise of options under the 2005 Plan or a Prior Plan will not become available for future grants or sale under the 2005 Plan. Shares under the 2005 Plan may be authorized and unissued shares or shares purchased in the open market or otherwise. The maximum aggregate number of shares with respect to which incentive stock options may be granted under the 2005 Plan is 5,000,000 shares. If our shareholders approve the amendments to the Stock Plans to permit a one-time exchange program, then the shares subject to all stock options cancelled in the exchange program will return to the 2005 Plan, replacement options will be granted under the 2005 Plan and the number of shares subject to the replacement options will be the same as the number of shares that were subject to the corresponding cancelled stock option. As a result, the exchange program will have a net neutral effect on the number of shares available for issuance under the 2005 Plan. This is because the number of shares not subject to awards and available for issuance under the 2005 Plan immediately before the cancellation of eligible options and grant of replacement options under the exchange program will be the same as the number of shares that are not subject to awards and remain available for issuance under the 2005 Plan immediately after the cancellation of eligible options and grant of replacement options under the exchange program.

Eligibility; Awards to be Granted to Certain Individuals and Groups. Options, stock appreciation rights, performance shares, performance units, restricted stock awards, restricted stock units, and other share-based awards or other right, interest or option relating to shares of RealNetworks common stock or other property (including cash) may be granted under the 2005 Plan. Options granted under the 2005 Plan may be either incentive stock options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonstatutory stock options. Awards may be granted under the Restated 2005 Plan to any employee, non-employee member of the Board of Directors, consultant or advisor who provides services to RealNetworks or of any subsidiary of RealNetworks, provided that incentive stock options may be granted only to employees of RealNetworks or of any subsidiary of RealNetworks. As of July 15, 2016, approximately 500 employees, seven non-employee directors, and five consultants and advisors would be eligible to participate in the 2005 Plan. The Compensation Committee, in its discretion, selects the person(s) to whom options, stock appreciation rights, performance shares/units, restricted stock awards, restricted stock units or other awards may be granted, the time or times at which such options, stock appreciation rights, performance shares/units, restricted stock awards, restricted stock units, or other awards will be granted, and the number of shares subject to each such grant. For this reason, it is not possible to determine the benefits or amounts that will be received by any particular individual or individuals in the future. The 2005 Plan provides that, to the extent intended to qualify as performance-based compensation under Code Section 162(m), no person(s) may be granted, in any 12-month period, options or stock appreciation rights to purchase more than 2,000,000 shares of common stock, or performance shares/units, restricted stock awards, restricted stock units, and/or other share-based awards that are denominated in shares covering more than 900,000 shares of common stock, or performance shares/units that are denominated in cash of more than \$3,000,000. The 2005 Plan provides that non-employee members of the Board may be granted, in any 12-month period, options or stock appreciation rights to purchase up to 650,000 shares of common stock and performance shares/units, restricted stock awards, restricted stock units, and/or other share-based awards that are denominated in shares covering up to 300,000 shares of common stock, as well as up to an additional \$1,000,000 with respect to performance shares/units that are denominated in cash.

Administration. The Plan will be administered by the Compensation Committee of the Board of Directors (the "Compensation Committee") or a subcommittee thereof formed by the Committee. The Compensation Committee selects the person(s) to whom awards may be granted under the 2005 Plan, the type of award to be granted, the number of shares subject to each award and other terms and conditions of awards, as well as approve

the forms of award agreements pursuant to which awards will be granted. The Compensation Committee also has the authority to amend awards granted under the 2005 Plan, subject to the terms of the 2005 Plan. The Compensation Committee may establish procedures for the deferral of payment of an award and, subject to the terms of the 2005 Plan and applicable award agreements, the Compensation Committee may provide for dividend equivalents with respect to awards other than options and stock appreciation rights. The Compensation Committee interprets the 2005 Plan and award agreements, establishes rules appropriate for the administration of the 2005 Plan, and makes or takes any other determinations or actions that are necessary or desirable for administering the 2005 Plan. The Compensation Committee may delegate authority under the 2005 Plan to one or more directors or executive officers of RealNetworks, to the extent permitted by any applicable laws, rules and regulations.

Terms and Conditions of Options. Each option is evidenced by a stock option agreement between RealNetworks and the optionee, and is subject to the following additional terms and conditions:

Exercise Price. The per share exercise price of options granted under the 2005 Plan will be determined by the Committee at the time the options are granted. The per share exercise price of an option may not be less than 100% of the fair market value of a share of the underlying common stock on the date such option is granted; provided, however, the per share exercise price of an incentive stock option granted to a 10% shareholder may not be less than 110% of the fair market value of a share of the underlying common stock on the date such option is granted. The fair market value of a share of our common stock generally is determined with reference to the closing price for the common stock on the date the option is granted (or if no price was reported on such date, on the next date on which the price was reported).

Exercise of Option; Form of Consideration. The Compensation Committee (the Committee) determines when options become exercisable and may, in its discretion, accelerate the vesting of any outstanding option. The 2005 Plan permits payment to be made by cash or check or, to the extent permitted by the Committee, other shares of common stock of RealNetworks, net exercise, cashless exercise, any other form of consideration approved by the Committee and permitted by applicable law, or any combination thereof.

Term of Option. Options granted under the 2005 Plan may expire no later than seven years from the date of grant, except in the event of death or disability, and in the case of an incentive stock option granted to a 10% shareholder, the term of the option may be no more than five years from the date of grant. No option may be exercised after the expiration of its term.

Stock Appreciation Rights. The Committee is authorized to grant stock appreciation rights in connection with all or any part of an option granted under the 2005 Plan, either concurrently with the grant of the option or at any time thereafter, and to grant stock appreciation rights independently of options and other awards. A stock appreciation right granted in connection with an option is exercisable only when and to the extent that the underlying option is exercisable, and expires no later than the date on which the underlying option expires. Independent stock appreciation rights are exercisable in whole or in part at such times as the Committee specifies in the grant or agreement. However, the exercise price of an independent stock appreciation right may not be less than 100% of the fair market value of the common stock on the date of grant and the term of the award may be no more than seven years from the date of grant.

RealNetworks' obligations arising upon the exercise of a stock appreciation right may be paid in cash, common stock or other property, or any combination of the same, as the Compensation Committee may determine. Shares issued upon the exercise of a stock appreciation right are valued at their fair market value as of the date of exercise.

Restricted Stock Awards. Restricted stock awards may be issued to participants either alone or in addition to other awards granted under the 2005 Plan, and will also be available as a form of payment of performance shares/units and other earned cash-based incentive compensation. Subject to the annual share limit described

above, the Committee determines the terms of restricted stock awards, which are set forth in an award agreement. Unless the Committee determines otherwise, a holder of restricted stock will have rights as a RealNetworks shareholder, including the right to vote and receive distributions with respect to the underlying shares, provided that any distributions on unvested shares may be subject to certain restrictions which may be the same as the restrictions applicable to shares upon which the distribution was paid. The Committee may waive the forfeiture period and any other conditions of a restricted stock award to the extent that the award is not intended to qualify as performance-based compensation under Code Section 162(m).

Performance Shares and Performance Units. Performance shares and performance units are awards that result in a payment to the holder of the award if performance goals and/or other vesting criteria are achieved or the awards otherwise vest. The performance goals and applicable performance period are determined by the Committee. Awards of performance shares and performance units may be paid in cash, shares of common stock, other property, or a combination thereof, as determined by the Committee, in its sole discretion.

Restricted Stock Units. Restricted stock units represent a right to receive shares of common stock at a future date. Typically, no monetary payment is required for receipt of restricted stock units or the shares issued in settlement of the award, the consideration for which is furnished in the form of the participant's service to RealNetworks. Subject to the annual share limit described above, the Committee determines the terms of restricted stock units, which are set forth in an award agreement. The Committee may reduce or waive the vesting criteria that must be met to receive a payout to the extent that the restricted stock unit award is not intended to qualify as performance-based compensation under Code Section 162(m). Awards of restricted stock units may be paid in cash, shares of common stock, or a combination thereof, as determined by the Committee.

Other Awards. Other awards of shares or awards valued by reference to shares or other property may be granted under the 2005 Plan, which awards also may be used as a form of payment of other awards granted under the 2005 Plan or other earned cash-based compensation. The terms of the award will be described in an award agreement or a sub-plan forming part of the 2005 Plan. Payment on other awards granted under the 2005 Plan may be made in cash, shares of common stock, other property or a combination thereof, as determined by the Committee.

Code Section 162(m) Performance Goals. The 2005 Plan is designed to permit (but not require) RealNetworks to issue awards intended to qualify as performance-based compensation under Code Section 162(m). Thus, the Committee may require achievement of specified levels of performance with respect to performance goals, in order for an award to vest. At the Committee's discretion, one or more of the following performance goals may apply: net revenue; revenue growth; earnings per share; net income; division, group or corporate financial goals; total shareholder return; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the common stock or any other publicly-traded securities of RealNetworks; market share; gross profits; earnings before taxes; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; comparisons with various stock market indices; reductions in costs; cash flow; cash flow per share; return on invested capital; cash flow return on investment; and improvement in or attainment of expense levels on working capital levels of RealNetworks or any subsidiary, division, business segment or business unit of RealNetworks for or within which the award holder is primarily employed. Such performance goals also may be based solely by reference to RealNetworks' performance or the performance of a subsidiary, division, business segment or business unit of RealNetworks, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Committee also may exclude the impact of an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of RealNetworks or not within the reasonable control of RealNetworks' management, or (c) the cumulative effects of tax or accounting changes in accordance with generally accepted accounting principles. With respect to awards intended to comply with the Code Section 162(m) provisions of the 2005 Plan, the Committee may adjust downwards, but not upwards, the amount payable under an award, and the Committee may not waive achievement of applicable performance goals except as permitted by Code Section 162(m).

No Repricing. The 2005 Plan prohibits option or stock appreciation right repricings or exchanges (other than to reflect stock splits, spin-offs or other corporate events) unless shareholder approval is obtained. If our shareholders approve the amendments to the Stock Plans, the 2005 Plan will be amended to provide that the one-time exchange program can be implemented pursuant to the terms as described further above.

Nontransferability of Awards. Unless authorized by the Committee, an award granted under the 2005 Plan is not transferable other than by will or the laws of descent and distribution, and may be exercised during the award holder's lifetime only by the award holder or his or her guardian or legal representative.

Adjustments Upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares, other securities or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off, split-up, combination, repurchase or exchange of shares or other securities of the RealNetworks or similar transaction or other change in corporate structure of RealNetworks affecting shares or the value of shares, appropriate adjustments or substitutions will be made in the number, kind and class of shares that may be issued under the 2005 Plan, the maximum number of shares that may be granted as incentive stock options, the number, kind and class of shares of awards outstanding under the 2005 Plan, the annual limits on the number (or value) of awards that any person may receive and the exercise price of any outstanding option or stock appreciation right.

Change of Control. The Committee may provide in an award agreement that, upon a Change of Control of RealNetworks (as that term is defined in the agreement evidencing an award or otherwise as defined in the 2005 Plan), (a) options and stock appreciation rights outstanding as of the date of the Change of Control immediately vest and become fully exercisable or may be cancelled and terminated without payment if the fair market value of one share of RealNetworks' common stock as of the date of the Change of Control is less than the per share option exercise price or stock appreciation right grant price, (b) restrictions and deferral limitations on restricted stock awards lapse and the restricted stock becomes fully vested, (c) performance shares and performance units will be considered earned and payable (either in full or pro rata based on the portion of performance period completed as of the date of the Change of Control), and any deferral or other restriction will lapse and such performance awards will be immediately settled or distributed, and (d) the restrictions and deferral limitations and other conditions applicable to any restricted stock units and other awards will lapse, and such restricted stock units and other awards will become fully vested. Unless otherwise provided in the award agreement, an award that is assumed or substituted by the successor company will not accelerate vesting. An award agreement may provide for accelerated vesting upon a termination of employment within a specified period following a Change of Control. The Committee may determine that, upon the occurrence of a Change of Control of RealNetworks, each option and stock appreciation right outstanding will terminate within a specified number of days after notice to the participant, and/or that each participant will receive, with respect to each share of common stock subject to such option or stock appreciation right, an amount equal to the excess of the fair market value of such share immediately prior to the occurrence of such Change of Control over the exercise price per share of such option and/or stock appreciation right; such amount to be payable in cash, in one or more kinds of stock or property, or in a combination thereof, as the Committee, in its discretion, will determine.

Dissolution or Liquidation. In the event of a proposed dissolution or liquidation of RealNetworks, the Committee will notify award holders as soon as practicable before the date of the proposed transaction. To the extent an option or stock appreciation right has not been exercised, or an award other than an option or stock appreciation right has not vested, the award will terminate immediately prior to the consummation of the proposed dissolution or liquidation.

Termination of Service. The Committee determines the terms of exercisability of an award upon and following the award holder's termination of service to RealNetworks or its subsidiaries, whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise.

Amendment and Termination of the Restated 2005 Plan. The Board may amend, alter, suspend or terminate the 2005 Plan, at any time and for any reason, subject to shareholder approval as required by applicable

law and subject to the terms of the 2005 Plan. No such action by the Board or shareholders may impair the rights of an award holder under any award previously granted under the 2005 Plan without the consent of the award holder. The 2005 Plan currently in effect became effective on July 24, 2014, and would terminate automatically on the tenth anniversary of its effective date, except with respect to awards then outstanding under the 2005 Plan. The 2005 Plan will terminate on July 24, 2024, except with respect to awards then outstanding under the 2005 Plan.

Other Provisions. The Committee may determine and set forth in an award agreement that the award and/or the gain realized on the vesting or exercise of the award be forfeited if the award holder, without RealNetworks' consent, engages in activity that violates any agreement between the award holder and RealNetworks or its subsidiaries or upon the occurrence of other specified events, whether while providing services or following termination of service.

Federal Income Tax Consequences. The following discussion summarizes certain federal income tax considerations for U.S. taxpayers receiving awards under the 2005 Plan and certain tax effects on RealNetworks, based upon the provisions of the Code, as in effect on the date of this proxy statement, current regulations and existing administrative rulings of the Internal Revenue Service. However, it does not purport to be complete and does not discuss the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. Tax consequences for any particular individual may be different.

Incentive Stock Options. An optionee who is granted an incentive stock option generally does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon an optionee's sale of the shares (assuming that the sale occurs more than two years after grant of the option and more than one year after exercise of the option), the difference between the sale price over the exercise price will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the difference between the lower of the fair market value of the shares at the exercise date or the sale price of the shares, over the exercise price.

Nonstatutory Stock Options. An optionee generally does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Upon a disposition of such shares by the optionee, any additional gain or loss would be treated as long-term or short-term capital gain or loss, depending on the holding period.

Stock Appreciation Rights. Generally, no income will be recognized by a recipient in connection with the grant of a stock appreciation right. When the stock appreciation right is exercised, the award holder generally will be required to include as taxable ordinary income in the year of exercise an amount equal to the sum of the amount of any cash received and the fair market value of any common stock or other property received upon the exercise. Any additional gain or loss recognized upon any later disposition of the shares of common stock or other property would be treated as long-term or short-term capital gain or loss, depending on the holding period.

Restricted Stock, Performance Shares and Performance Units. A participant generally will not have taxable income upon grant of restricted stock, performance shares, performance units or other awards (unless, with respect to restricted stock, he or she elects to be taxed at that time). Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the vested shares or cash received minus any amount paid for the shares. However, the recipient of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award (less any cash paid for the shares) on the date of grant.

Company Tax Deduction. RealNetworks generally will be entitled to a tax deduction in connection with an award under the 2005 Plan in an amount equal to the ordinary income realized by a participant and at the time the

participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to the Chief Executive Officer and to each of the three other most highly compensated executive officers (other than our Chief Executive Officer and our Chief Financial Officer). Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, RealNetworks can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met with respect to awards. These conditions include requirements such as shareholder approval of the 2005 Plan, setting individual annual limits on each type of award, and establishing performance criteria that must be met before the award actually will vest or be paid. The 2005 Plan has been designed to permit the Committee to grant certain awards that are intended to qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting RealNetworks to receive a federal income tax deduction in connection with such awards.

Section 409A. Section 409A of the Code (Section 409A) provides certain requirements for non-qualified deferred compensation arrangements with respect to an individual's deferral and distribution elections and permissible distribution events. Awards granted under the 2005 Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Awards Granted to Certain Individuals and Groups. The actual number of stock options, restricted stock units and other awards (if any) that may be granted under the 2005 Plan is discretionary and therefore cannot be determined in advance. The decision whether to participate in the one-time exchange program is completely voluntary. Therefore, we are not able to predict which or how many eligible participants will elect to participate or how many eligible options will be surrendered for exchange and therefore how many options may be issued. As indicated above, our CEO and members of our Board of Directors will not be eligible to participate in the exchange program. The following table sets forth certain information relating to stock options that previously were granted under the 1996 Plan, the 2000 Plan and the 2005 Plan that could be eligible for exchange under the exchange program assuming that the exchange program is implemented with substantially similar terms as described above and all requirements for participation otherwise are met (for example, continued service through the date that the eligible options are cancelled and the replacement options are granted under the exchange program). As of July 15, 2016, the closing price of a share of RealNetworks common stock on NASDAQ was \$4.21.

Name and Position	Number of Shares Subject to Options(2)	Weighted Average Per Share Exercise Price of Options(\$)
Robert Glaser(1) <i>Founder, Chairman and Chief Executive Officer</i>	0	n/a
Michael Parham <i>Senior Vice President, General Counsel and Corporate Secretary</i>	241,098	\$ 8.15
Max Pellegrini <i>President of Products and Marketing</i>	800,000	\$ 7.74
Marjorie O. Thomas <i>Senior Vice President, Chief Financial Officer and Treasurer</i>	200,000	\$ 6.78
All current executive officers, as a group	1,241,098	\$ 7.67
All current directors who are not executive officers, as a group(1)	0	n/a
All employees and consultants who are not executive officers, as a group	1,794,047	\$ 8.14

- (1) Members of the board of directors, including the CEO, are not eligible to participate in the exchange program.
- (2) All eligible shares subject to options held by executives were granted pursuant to the 2005 Plan. 91,722 shares subject to options held by nonexecutive employees were granted with a weighted average per share exercise price of \$15.72 pursuant to the 1996 Plan and 4,362 shares subject to options held by nonexecutive employees were granted with a weighted average per share exercise price of \$24.88 pursuant to the 2000 Plan.

If an exchange program is implemented and the RealNetworks executive officers (excluding our Chief Executive Officer who is not eligible to participate) participate in the exchange program, then the replacement options that they could receive in exchange for the cancellation of the options set forth in the table above will have a new per share exercise price that is lower than the per share exercise price of the corresponding cancelled option, cover the same number of shares of RealNetworks common stock as the corresponding cancelled option, and will be subject to a longer vesting schedule that extends the continued service requirement for up to an additional 12 months depending on the extent to which the corresponding cancelled option was vested at the time of cancellation, as described in further detail above. All of RealNetworks executive officers and non-employee directors have a financial interest in this proposal because they are eligible to receive awards under the 2005 Plan, and RealNetworks executive officers other than our Chief Executive Officer may be eligible to participate in the one-time option exchange program.

Summary of the 1996 Plan and the 2000 Plan

The following is a summary of the principal provisions of the 1996 Plan and the 2000 Plan that are relevant for the amendments to the Stock Plans and the exchange program. However, this summary is not a complete description of all of the provisions of the 1996 Plan and the 2000 Plan, and is qualified in its entirety by the specific language of the 1996 Plan and the 2000 Plan, respectively. The 1996 Plan and the 2000 Plan were terminated in 2005. No future equity awards will be granted under the 1996 Plan or the 2000 Plan. However, the terms of the 1996 Plan and the 2000 Plan continue to govern outstanding equity awards granted under them, respectively. Capitalized terms used in this plan description have the meanings defined in the 1996 Plan and the 2000 Plan, as applicable.

Purpose. The purpose of each of the 1996 Plan and the 2000 Plan is to enhance the long-term profitability and shareholder value of the Company by offering an opportunity to invest in the capital stock of the Company to those employees, officers, consultants and agents of the Company and its subsidiaries who are key to the growth and success of the Company, to encourage them to continue to provide services to, or join, the Company and its subsidiaries and to encourage them to acquire and maintain stock ownership in the Company.

Administration. Each of the 1996 Plan and the 2000 Plan is administered by a committee or committees of the Board of Directors (the Administrative Committee). All members of the Administrative Committee serve at the discretion of the Board of Directors. The Administrative Committee is authorized to administer and interpret the 1996 Plan and the 2000 Plan, subject to their express provisions, as applicable, and to make all determinations necessary or advisable for the administration of the 1996 Plan and the 2000 Plan, as applicable.

Select Terms and Conditions of Options. The method or methods of payment of the purchase price for the shares to be purchased upon exercise of an Option issued under the 1996 or the 2000 Plan will be determined by the Administrative Committee and may consist of (i) cash, (ii) check, (iii) promissory note, (iv) whole shares of common stock already owned by the Option holder, (v) the withholding of shares of common stock issuable upon exercise of the Option, (vi) the delivery, together with a properly executed exercise notice, of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds required to pay the purchase price, (vii) any combination of the foregoing methods of payment, or (viii) such other consideration and method of payment as may be permitted for the issuance of shares under applicable securities and other laws.

The permitted methods of payment of the amounts payable upon exercise of an Option, if other than in cash, will be set forth in the Option Agreement evidencing the Option and may be subject to such conditions as the Administrative Committee deems appropriate. The Option term and vesting schedule, if any, will be fixed by the Administrative Committee. Options generally will be exercisable for one year after termination of services as a result of disability or death and for three months after all other terminations. An Option generally will not be exercisable if the optionee's services are terminated for cause, as defined in the 1996 Plan and the 2000 Plan, respectively.

Amendment. The Administrative Committee may from time to time modify or amend the 1996 Plan or the 2000 Plan in such respects as it will deem advisable; provided, however, that any such modification or amendment will comply with all applicable laws and stock exchange listing requirements, and when required by law, any such modification or amendment will be subject to approval by the Company's shareholders. No termination, modification or amendment of the 1996 Plan or the 2000 Plan may adversely affect the rights of the holder of an outstanding Option in any material way unless the holder of the Option consents thereto. With the consent of the holder of an Option, and subject to the terms and conditions of the 1996 Plan or the 2000 Plan, as applicable, the Administrative Committee may amend outstanding Option Agreements with any Option holder, including, without limitation, any amendment that would (i) accelerate the time or times at which the Option may be exercised, and/or (ii) extend the scheduled expiration date of the Option.

Adjustments. If the Company subdivides its outstanding shares of common stock into a greater number of shares of common stock (by stock dividend, stock split, reclassification or otherwise) or combines its outstanding shares of common stock into a smaller number of shares of common stock (by reverse stock split, reclassification or otherwise), or if the Administrative Committee determines that any stock dividend, extraordinary cash dividend, reclassification, recapitalization, reorganization, split-up, spin-off, combination, exchange of shares, warrants or rights offering to purchase common stock affects the common stock such that an adjustment is required in order to preserve the benefits or potential benefits intended to be made available under the 1996 Plan or the 2000 Plan, as applicable, the Administrative Committee will, in its sole discretion and in such manner as it may deem equitable and appropriate, make adjustments to any or all of the number and kind of shares subject to outstanding Options and the purchase price under outstanding Options. To the extent appropriate, the Administrative Committee may provide for a cash payment to any Option holder in connection with such adjustments.

Nontransferability. Unless the Administrative Committee determines otherwise an Option granted under the 1996 Plan or the 2000 Plan will not be transferable other than by will or the laws of descent and distribution. Options may be exercised during the lifetime of the Option holder only by such Option holder (or his or her court appointed legal representative). After an Option is granted, the Administrative Committee may release in whole or in part these restrictions on transferability at any time by giving written notice to the Option holder.

Acceleration. Each outstanding Option under the 1996 Plan and the 2000 Plan will become exercisable in full in respect of the aggregate number of shares covered thereby, notwithstanding any contrary vesting schedule in the Option Agreement evidencing the Option (except to the extent the Option Agreement expressly provides otherwise), in the event of (a) any merger, consolidation or binding share exchange pursuant to which shares of common stock are changed or converted into or exchanged for cash, securities or other property, other than any such transaction in which the persons who hold common stock immediately prior to the transaction have immediately following the transaction the same proportionate ownership of the common stock of, and the same voting power with respect to, the surviving corporation; (b) any merger, consolidation or binding share exchange in which the persons who hold common stock immediately prior to the transaction have immediately following the transaction less than a majority of the combined voting power of the outstanding capital stock of the Company ordinarily (and apart from rights accruing under special circumstances) having the right to vote in the election of directors; (c) any liquidation or dissolution of the Company; (d) any sale, lease, exchange or other transfer not in the ordinary course of business (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company; or (e) any transaction (or series of related transactions), consummated without the approval or recommendation of the Board, in which (i) any person, corporation or

other entity (excluding the Company and any employee benefit plan sponsored by the Company) purchases any common stock (or securities convertible into common stock) for cash, securities or any other consideration pursuant to a tender offer or exchange offer, or (ii) any person, corporation or other entity (excluding the Company and any employee benefit plan sponsored by the Company) becomes the direct or indirect beneficial owner of securities of the Company representing fifty percent (50%) or more of the combined voting power of the then outstanding securities of the Company ordinarily (and apart from rights accruing under special circumstances) having the right to vote in the election of directors.

Federal Tax Consequences. The following is a summary of the general federal income tax consequences to U.S. taxpayers and the Company of Options granted under the 1996 Plan and the 2000 Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options. An optionee generally does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Upon a disposition of such shares by the optionee, any additional gain or loss would be treated as long-term or short-term capital gain or loss, depending on the holding period.

Company Tax Deduction. The Company generally will receive a tax deduction for any ordinary income recognized by a holder of an Option (for example, the exercise of an NSO). Special rules limit the deductibility of compensation paid to the Principal Executive Officer (PEO) and to each of the three most highly compensated executive officers (other than the PEO and the Principal Financial Officer). Under section 162(m) of the Internal Revenue Code, the annual compensation paid to each of these executives may not be deductible to the extent that it exceeds \$1 million. However, the Company is able to preserve the deductibility of compensation over \$1 million if the conditions of section 162(m) are met. These conditions include requirements such as shareholder approval of the 1996 Plan and the 2000 Plan, as the case may be, and setting limits on the number of Options that any individual may receive. The 1996 Plan was designed to permit the Administrative Committee to grant Options that qualify as performance-based for purposes of satisfying the conditions of section 162(m).

Our Board of Directors terminated the 1996 Plan and the 2000 Plan in 2005 with respect to new Option grants. As a result, no new awards have been granted under the 1996 Plan and the 2000 Plan after their termination.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis describes the principles underlying our executive compensation program and discusses how those principles affected our policies and decisions regarding the compensation of our named executive officers.

EXECUTIVE SUMMARY FOR 2015

Overview. 2015 was a year of important transition for RealNetworks. There was further refinement of the strategy and growth plan that was set in motion in August of 2012, as management assessed the company's

products and services, both newly launched and legacy, and sharpened the focus on its plan to achieve sustainable growth and profitability. In each of our businesses, we revitalized our product portfolios, identified new distribution channels and launched new partnerships. Rob Glaser remained at the helm, guiding all company efforts as CEO and Chairman. Max Pellegrini, President of Products and Marketing, and Mike Mulica, then-President of Worldwide Sales and Business Development, managed the products and services in our RealPlayer and Mobile Entertainment divisions, heavily focusing on partner relationships, particularly with mobile carriers, and distribution opportunities. As a result of management's product rationalization efforts, our Slingo and social casino games business was sold in August 2015. In connection with this sale, Atul Bali, then-President of Games, departed the company. We continue to operate our casual games business, the operations of which are primarily located in Europe. Throughout this year of strategic refinement and investing in key distribution partnerships, we continued our efforts to streamline operations and reduce overhead expenses, and continue to look for opportunities to operate in a more lean and efficient manner.

Aligning the compensation of our management team with our overall corporate strategy and growth plans, our compensation program is substantially performance-based and aims to encourage the performance necessary to drive growth and profitability for RealNetworks. In general, the compensation to ongoing named executive officers who were employees in 2014 (referred to as our incumbent named executive officers) was consistent with 2014 compensation, and was generally at or above the median for our peer companies. The compensation provided to our only newly hired executive officer, CFO Marjorie Thomas, reflected a hiring inducement level that was larger than would be expected for future annual ongoing compensation and was consistent with the peer group market data.

Financial Results. Our financial results for 2015 were reflective of our efforts to build distribution channels, enhance our product portfolio, and streamline the organization. Consolidated revenue declined 20% from 2014, as our efforts shifted away from certain legacy products and toward the development of efficient distribution channels for all of our products, and gross profit declined by 39%, as a result of the 2015 transition to a new third party distribution partner in our RealPlayer business, a relative increase in low margin revenue, and the 2014 extinguishment of certain accrued royalty liabilities that positively impacted 2014 gross profit. Although operating expenses improved over 2014, our net income suffered due to restructuring costs and legacy revenue declines. Adjusted EBITDA improved from a loss of \$56.6 million in 2014 to a loss of \$45.8 million in 2015, primarily as we slowed our spending on new product development and focused more heavily on distribution opportunities for all business lines, and improved overall efficiencies. Based on these financial results, since our incentive bonus program for 2015 was heavily based on achievement against target revenue and adjusted EBITDA goals, annual cash incentives paid to our named executive officers were below target levels.

Management Team. The executive compensation program is designed to aggressively drive company performance by encouraging successful execution of our growth plan, strategic initiatives and restructuring efforts. Given turnover on the management team, however, there continues to be some level of year-over-year variation in executive compensation as different incentives have been required for recruitment and retention purposes.

Our named executive officers for 2015 are:

Robert Glaser	Founder, Chairman and Chief Executive Officer
Michael Mulica	President, Worldwide Sales and Business Development (<i>transitioned from executive to consultant effective May 1, 2016</i>)
Massimiliano Pellegrini	President, Products and Marketing
Michael Parham	SVP, General Counsel and Corporate Secretary
Marjorie Thomas	SVP, Chief Financial Officer and Treasurer (<i>as of February 4, 2015</i>)
Tim Wan	SVP, Chief Financial Officer and Treasurer (<i>until February 4, 2015</i>)
Atul Bali	Former President, Games (<i>until October 1, 2015</i>)

Pay for Performance. Our Compensation Committee supports a pay-for-performance philosophy, with the goal of having a substantial part of our executive compensation program consisting of performance-based compensation. This is reflected in our annual performance-based cash incentive plan, which we also refer to as our Executive Bonus Plan, which provides eligible executives the opportunity to earn a cash bonus only upon achieving pre-established performance objectives, all of which are weighted toward financial and strategic objectives of our businesses. In 2015, five of our named executive officers participated in the Executive Bonus Plan, but the two executives that departed during 2015 did not participate in the plan. Moreover, in an effort to more closely align the interests of executives and shareholders and to conserve cash, at the time of approving the 2015 Executive Bonus Plan the Compensation Committee determined that any payouts under the plan would be paid in the form of fully vested restricted stock units rather than cash.

Further in line with this pay-for-performance philosophy, since 2012, we have relied more on performance-related equity awards, as evidenced by the long-term performance-based option awards granted to Mr. Glaser in 2014 and 2015, to Mr. Pellegrini upon his hire in 2013, and to Mr. Mulica in 2015. These awards become eligible to vest only upon achievement of significant total shareholder return goals, in the case of Mr. Glaser, and financial and/or strategic goals, in the case of Messrs. Mulica and Pellegrini (subject to continued service with us). Accordingly, actual compensation paid to our named executive officers varies with the company's performance in achieving financial and strategic objectives and the executive's individual performance. We believe that our emphasis on pay for performance provides appropriate incentive to our executives to achieve important business objectives of the company and better aligns the interests of our executives with that of our shareholders.

Please note that we define adjusted EBITDA as operating income (loss) including other income (expense) net, but excluding the impact of the following: depreciation and amortization; acquisitions-related intangible asset amortization; stock-based compensation; restructuring and other charges; lease exit and related charges; and extinguishment of liability.

2015 Compensation Highlights.

Highlights relating to our named executive officers, generally:

Of our seven named executive officers for 2015, one executive was newly hired during 2015 and two executives departed the company in 2015.

The only salary increase among incumbent named executive officers was a 15% increase for General Counsel Michael Parham to \$300,000, just below the median for his peers.

2015 incentive bonuses for named executive officers were higher than in the prior year, but still below target levels. Payouts of 2015 incentive bonuses were made to the named executive officers in the form of fully vested RSUs rather than cash in an effort to conserve the company's cash and to more closely align the interests of executives with those of the company's shareholders.

Total cash compensation (comprised of cash salary and incentive bonuses even though the latter were paid in the form of equity) for the named executive officers, other than the CEO and the departed executives, was higher than in 2014, and was above, or slightly under in the case of Mr. Parham, the peer group 75th percentile in the aggregate. However, since base salary was the only 2015 cash compensation actually paid in the form of cash to the incumbent, continuing executives, 2015 cash payments to this group was substantially less than 2014 cash payments and well below the peer median. Outside of the incumbent, continuing executives, inducement, transition and severance payments were made in cash.

Highlights relating to our CEO:

Our CEO's total cash compensation for 2015, including cash salary, the salary option, and the incentive bonus that was paid in the form of fully vested RSUs, was higher than the prior year, as no incentive bonus was paid in 2014, and was at approximately the median of the peer group. The incentive bonus,

although higher than the prior year, was well below target and, again, was paid in the form of fully vested RSUs. Strictly cash compensation for 2014 and 2015 was solely composed of base salary, which was consistent year over year and was not high relative to peer companies as it was near the 25th percentile of the peer group.

Of the total value of equity awards granted to our CEO in 2015, 64% was directly subject to performance objectives. Importantly, the remaining 36%, or \$150,000, of our CEO's 2015 total equity was in lieu of cash salary for 2015, thus making a portion of his annual salary more performance based than if his salary had been paid solely in cash. There was no premium added to the option value when replacing the cash salary (i.e., \$150,000 of salary for 2015 was granted as options in 2015). The company does not view the CEO's salary replacement options as long-term incentive compensation, therefore we view 100% of the CEO's equity compensation for 2015 as contingent on achieving a minimum stock price performance threshold.

Our CEO's total direct compensation for 2015 (comprised of salary, bonus and equity awards) was 54% lower than 2014 and was approximately 15% below the 25th percentile for peer group CEOs.

EXECUTIVE COMPENSATION PROGRAM PHILOSOPHY AND ELEMENTS

The overall objectives of our executive compensation program are to provide compensation at competitive levels in order to recruit and retain talented executives, motivate our executives to achieve our strategic and financial objectives, and provide incentives to help align the interests of our executives with the interests of our shareholders.

Our executive compensation program provides the following three primary elements of compensation:

Base salary. Our named executive officers receive base salary so that we can recognize them for their day-to-day contributions and provide competitive pay that encourages retention and recruitment.

Annual performance-based bonus. We establish an incentive bonus plan on an annual basis, under which our named executive officers each have an opportunity to receive a bonus, typically paid in cash, upon achievement of certain performance objectives derived from the internal strategic plan we establish for the company each year. The bonuses are intended to motivate our executives to achieve our financial and strategic objectives. These bonuses are not guaranteed. Bonuses in 2015 were not only below the target opportunity provided to each eligible named executive officer, but were paid in the form of fully vested RSUs rather than cash, exhibiting discipline from a cash management perspective and a desire to more closely align executives' interests with shareholders.

Long-term equity compensation. We provide equity-based compensation to our named executive officers to better align their interests with the interests of our shareholders as well as to motivate our officers to enhance the long-term performance of RealNetworks. Equity awards also are an important retention tool for us because the awards typically vest over a multi-year period. Other than our CEO, none of the incumbent named executive officers received a long-term equity award in 2015; Ms. Thomas did, however, receive a long-term inducement award upon her hire in January 2015. Mr. Glaser's 2015 long-term equity award was an option to purchase 200,000 that vests only upon achievement of a greater than 50% increase in total shareholder return over the three-year period following the grant date. Mr. Glaser also received an option award in 2015 to acquire 45,398 shares that was granted in lieu of \$150,000 of cash salary; the company does not view this salary replacement option as part of Mr. Glaser's long-term equity compensation.

These elements provide incentives to encourage our executives to appropriately balance their focus between our short-term and long-term strategic goals.

We believe that there are multiple, dynamic factors that contribute to the success of our businesses and the individuals that lead those businesses. Moreover, we recognize that our business and the industry in which we

operate are constantly evolving and highly competitive in nature. Our approach to executive compensation, therefore, has been to avoid adopting a strict, formulaic structure and to instead allow for a more nuanced and customized system. Under our executive compensation program, we consider the needs of our businesses and our company as a whole; design various elements of compensation to drive our executives and their teams to meet or exceed company goals and objectives; and take into account competitive practices in order to achieve our recruiting and retention needs. Consistent with our desire to maintain competitive practices and achieve our recruiting and retention goals, in addition to our three primary elements of compensation, our executive compensation packages also contain certain severance and change in control arrangements; some targeted, one-time bonuses; and retirement and other generally available benefits. In general, we provide very limited executive perquisites, and we do not provide our executives with tax gross ups or supplemental retirement plans.

EXECUTIVE COMPENSATION DECISION-MAKING PROCESS

The Roles of our Board, Compensation Committee and Chief Executive. Our Compensation Committee's purpose is to discharge the Board of Director's responsibilities relating to the compensation of our executive officers and the adoption of policies that govern our compensation and benefit programs, other than with respect to our chief executive officer's compensation. Our Compensation Committee reviews and recommends the chief executive officer's compensation, which is subject to the approval of the Board. The Board is able to make any adjustments that it may determine are appropriate with respect to our chief executive officer's compensation. The Compensation Committee determines all compensation for our other named executive officers. At the invitation of our Compensation Committee, our chief executive officer provides input regarding the performance and appropriate compensation of the other named executive officers. The Compensation Committee gives considerable weight to the chief executive officer's assessment of the other named executive officers because of his direct knowledge of each executive's role, performance and contributions. During 2015, our chief executive officer attended all Compensation Committee meetings at the request of the Committee. However, no executive officer was present for the portion of a Compensation Committee meeting during which his or her own compensation was discussed or determined.

The Role of the Compensation Consultant. Our Compensation Committee has selected and directly retains the services of Frederic W. Cook & Co., Inc., an independent executive compensation consulting firm. F.W. Cook does not provide any other services to RealNetworks and works with our management only on matters for which the Compensation Committee is responsible. The Compensation Committee has assessed the independence of F.W. Cook pursuant to SEC rules and concluded that no conflict of interest exists that would prevent F.W. Cook from serving as an independent consultant to the Compensation Committee. The Compensation Committee periodically seeks input from F.W. Cook on a range of external market factors, including evolving compensation trends, appropriate peer companies and market survey data. F.W. Cook also provides general observations on our compensation programs, but it does not determine or recommend the amount or form of compensation for our named executive officers. A representative of F.W. Cook attends Compensation Committee meetings from time to time, when requested by the Compensation Committee.

The Role of Peer Groups and Surveys. In early 2016, with the oversight of our Compensation Committee, F.W. Cook performed an executive compensation review that included identifying a peer group of companies (the 2016 Peer Group) to be used by us for the purpose of comparing our executive compensation to the market. Although this 2016 market analysis was not available when most 2015 executive compensation decisions were made, this data is helpful in putting the 2015 compensation into context. The 2015 compensation decisions were primarily based upon peer group and market data compiled by F.W. Cook in October of 2013, which was updated in part in October 2014. The peer group developed by F.W. Cook in October 2013 was comprised of the following 17 publicly traded, U.S.-based internet and software companies:

Avid Technology, Inc.	Harmonic Inc.	Shutterfly Inc.
Blucora, Inc.	Limelight Networks, Inc.	Take-Two Interactive, Inc.
Blue Nile, Inc.	LogMeIn Inc.	Travelzoo Inc.
Constant Contact, Inc.	Move Inc.	ValueClick, Inc.
Dice Holdings, Inc.	OpenTable Inc.	Vocus, Inc.
Digital River, Inc.	Rosetta Stone Inc.	

With the oversight of our Compensation Committee, in October 2014 F.W. Cook provided comparisons of RealNetworks' executive compensation to the pay data from the October 2013 market study. The October 2013 Peer Group was adjusted to remove Vocus, Inc. following its recapitalization as a privately held company in June 2014. (Conversant, Inc. was acquired by Alliance Data Systems on December 10, 2014, subsequent to our October 2014 compensation study update.) The 2015 compensation arrangements of our executives were analyzed and assessed in relation to the October 2014 market data, including the compensation for Ms. Thomas at the time of her hire and for Mr. Parham in connection with his January 2015 base salary adjustment. Our Compensation Committee deemed these executive arrangements to be appropriate.

The 22 companies in the 2016 Peer Group are publicly traded, U.S.-based software and media content companies, and were selected to reflect our smaller size following recent organizational changes and, in our view, were competitors of ours for purposes of recruiting executive talent. The companies comprising the 2016 Peer Group are:

Angie's List	DHI Group	Rosetta Stone Inc.
Autobytel	eGain	SeaChange International
Avid Technology, Inc.	Glu Mobile	Spark Networks
Blucora, Inc.	Harmonic Inc.	TechTarget
Blue Nile, Inc.	Limelight Networks, Inc.	Travelzoo Inc.
Brightcove	Marchex	United Online
Carbonite	QuinStreet	XO Group
Demand Media		

The 2016 Peer Group includes seven of the companies that had been included in the October 2013 peer group, as updated in October 2014, however, most of the prior peer group companies were removed due to strategic transactions at those companies that caused them to no longer meet our threshold requirements for the peer group (e.g., becoming privately held, or merging into other organizations) or because those companies moved either above or below a comparable market capitalization, recognizing that RealNetworks' market capitalization has declined over the past several years.

We consider multiple data sources for assessing our compensation practices. Although we consider competitive market data regarding compensation in order to achieve our goals to recruit and retain our executives, we do not attempt to maintain a certain target percentile within a peer group, nor do we rely solely on such market data. Our management and the Compensation Committee strive to incorporate flexibility into our

compensation programs and the assessment process so that we are able to respond to and adjust for the evolving business environment and the value delivered by our named executive officers. In addition to competitive data, we may take into account a variety of other factors, for example, general market conditions, internal equity, an individual's level of responsibilities, as well as an individual's recent or future expected contributions.

Consideration of Say-on-Pay Vote Results. We provide our shareholders with the opportunity to cast an annual advisory vote on executive compensation. At our 2015 annual meeting of shareholders, which took place in our fourth fiscal quarter, our shareholders approved the compensation of our named executive officers as disclosed in our 2015 proxy statement by a vote of approximately 77% of the votes cast on the proposal. By the time that this vote was conducted, most of the decisions relating to the 2015 compensation of our executive officers had been made. More influential to 2015 compensation decision making was the 85% support of shareholders at the 2014 annual meeting. We highly value the input of our shareholders, and, the Compensation Committee, with input from F.W. Cook, has carefully considered the results of the 2015 say-on-pay vote and has engaged in discussions regarding shareholder outreach efforts. The Compensation Committee will continue to consider the results of the annual say-on-pay vote and specific shareholder input in determining 2016 and future compensation programs for our executive officers.

2015 COMPENSATION

Chief Executive Officer Compensation

Mr. Glaser was named chief executive officer in July 2014, after having served as our chief executive officer from the founding of RealNetworks until January 2010, and then returning as interim chief executive officer in July 2012. When Mr. Glaser accepted the role of interim chief executive officer in July 2012, the Compensation Committee engaged F.W. Cook to assist in the design of a compensation package for Mr. Glaser. In connection with this engagement, F.W. Cook compiled a peer group, generally in line with the peer group established for the other executive officers in October 2013, and presented to the Compensation Committee its analysis and recommendations regarding the compensation arrangements for Mr. Glaser, which included base salary, annual performance-based cash bonus, and long-term, performance-based equity compensation. Based upon the F.W. Cook analysis, the Compensation Committee recommended, and the full Board of Directors approved, certain basic compensation arrangements that were in place on an interim basis through the first half of 2014 and then a more complete compensation package as reflected in the offer letter dated July 24, 2014 governing compensation for the second half of 2014.

Mr. Glaser's compensation for 2015 was based on the compensation package approved by the Board in July 2014, upon recommendation of the Compensation Committee as advised by F.W. Cook and after considering the company's compensation strategy, internal factors, competitive factors and applicable regulatory requirements. For 2015, Mr. Glaser's compensation package included (i) an annualized base salary of \$450,000, which was supplemented with \$150,000 worth of stock options; (ii) an annual cash incentive bonus opportunity equal to 100% of his annual cash base salary, payable upon the achievement of certain performance objectives set by the Board; (iii) a long-term performance based equity award; (iv) severance arrangements as more fully described below; (v) certain perquisites, which for 2015 included facilities-related costs attributable to his personal assistant; and (vi) generally available employee benefits.

The annualized total compensation value targeted by the Compensation Committee for Mr. Glaser, assuming all bonus goals were achieved, was below the median for peer chief executives in F.W. Cook's 2016 executive compensation review, and Mr. Glaser's actual 2015 compensation was below the 25th percentile of the take-home total compensation for chief executive officers in the 2016 Peer Group companies. Furthermore, his total compensation was lower by 54% compared to 2014. Mr. Glaser's 2015 equity compensation was fully performance based, with a long-term performance option covering 200,000 shares vesting only upon achievement of a greater than 50% increase in total shareholder return over the three-year period following grant, and an option award to acquire 45,398 shares that was issued in lieu of \$150,000 of cash salary.

Salary Options. Although Mr. Glaser's intended base salary value was \$600,000, consistent with the three prior years, the Compensation Committee determined that part of Mr. Glaser's base salary would be provided as a stock option because the Compensation Committee believed that a higher proportion of his compensation should be related to the company's performance. The stock option in lieu of salary for 2015, granted on January 22, 2015, covered 45,398 shares of our common stock with an exercise price equal to \$6.78 per share, which was the closing price of our common stock on the date of grant, and because these were in lieu of annual 2015 salary, the salary replacement options vested ratably each month over 2015 until fully vested as of December 31, 2015. This salary replacement option was granted pursuant to the 2005 Plan.

Annual Performance-Based Bonus. The Board determined that Mr. Glaser would be eligible to participate in the 2015 Executive Bonus Plan, which is discussed in detail below. His target bonus opportunity was equal to 100% of his cash base salary, based upon achievement of the pre-established company revenue and adjusted EBITDA goals and the shared strategic goals, plus his own individual, strategic objectives, all of which are set forth in the discussion below. At the time of adoption of the 2015 Executive Bonus Plan, the Compensation Committee determined that any bonuses approved pursuant to the plan would be paid to executives in the form of fully vested RSUs. Accordingly, in February 2016, the Board approved a bonus for Mr. Glaser, pursuant to the 2015 Executive Bonus Plan, equal to \$337,500 or 75% of his annual cash base salary, payable in a number of RSUs calculated using the closing price of the company's common stock on the NASDAQ Stock Market on February 18, 2016.

Long-Term Performance-Based Equity Award. On December 31, 2015, the Board, upon recommendation of the Compensation Committee, granted to Mr. Glaser a long-term performance-based option to purchase 200,000 shares of our common stock at an exercise price per share equal to \$4.25, the closing price of our common stock on the grant date. The Compensation Committee viewed this as the annual portion of the equity award, with the 2015 salary replacement option comprising the rest of his total 2015 equity awards. The 2015 annual performance option is eligible to vest upon the achievement, no later than the third anniversary of the grant date, of an absolute increase in total shareholder return of RealNetworks' common stock, using a trailing 90-day average stock price (as adjusted to reflect any dividends), of greater than 50% over the closing price of RealNetworks' common stock as reported on the Nasdaq Stock Market on the grant date (the "TSR Goal"), and if the TSR Goal is achieved and subject to Mr. Glaser's continued employment with us through the date on which the Board certifies achievement of the TSR Goal, then the performance option shall vest at a rate of 1/48th each month following the grant date for a total vesting period of four years, with retroactive vesting upon the achievement of the TSR Goal if applicable, but in each case subject to Mr. Glaser's continued employment with us. The performance option is exercisable for up to seven years from the grant date, unless earlier terminated, and was granted pursuant to the 2005 Plan.

In the event of a change in control, as defined in the severance agreement between the company and Mr. Glaser dated July 24, 2014, while the performance option is outstanding but prior to the achievement of the TSR Goal, if the TSR Goal otherwise would be deemed achieved as measured by substituting for the trailing 90-day average stock price, the fair market value of our common stock immediately prior to the change in control (as adjusted to reflect any dividends), then the TSR Goal will be deemed achieved as of such date.

Mr. Glaser's long-term incentive value for 2015, excluding the salary replacement option, was below the peer median. Further, Mr. Glaser's long-term incentive value, which excludes salary replacement options for each year, was 75.5% lower than 2014. Finally, the Compensation Committee's view is that Mr. Glaser's annual equity was 100% performance-based, since the long-term option requires a minimum 50% price increase to be eligible to vest.

The following table shows equity awards granted to Mr. Glaser in 2015, 2014 and 2013:

	Annual Equity Awards			Grants Outside the Annual Equity Award Program				Total Equity Awards
	Performance-based Options	Time-based Options	Total Annual Equity	Prior Year Salary Options	Current Year Salary Options	CEO Promotion RSUs		
2015	\$ 268,000	\$ 0	\$ 268,000	\$ 0	\$ 150,000	\$ 0	\$ 418,000	
2014	\$ 1,096,000	\$ 0	\$ 1,096,000	\$ 149,999	\$ 149,997	\$ 749,998	\$ 2,145,994	
2013	\$ 0	\$ 1,938,850	\$ 1,938,850	\$ 0	\$ 0	\$ 0	\$ 1,938,850	
% Change 2015 over 2014			(75.5)%				(80.5)%	
% of Peer Median for 2015			(61.0)%				(47.0)%	

Stock Ownership. While he serves as our chief executive officer, Mr. Glaser is expected to hold shares of our common stock equal to at least ten times his annual base salary.

Overall CEO Compensation Package. Our Board of Directors and our Compensation Committee believe that the 2015 compensation arrangements for Mr. Glaser were appropriate, in particular given that a significant portion, just over 60%, of the value of his 2015 compensation is equity-based requiring a greater than 50% increase in our stock price in the three-year period following grant in order for Mr. Glaser to realize any value. The 2015 compensation package for Mr. Glaser resulted in total direct compensation below the median for the 2016 Peer Group.

Base Salaries

Base salaries for our named executive officers are determined for each executive based on position, responsibility, experience and competitive market data. Base salaries are adjusted from time to time to recognize various levels of responsibility, promotions, individual performance, market conditions and internal equity issues. Rather than applying a formulaic approach, the Compensation Committee awards base salaries for our named executive officers within the context of our overall merit increase system considering level of responsibility, individual performance, market competitive factors, and the critical role of the executive in our future growth and strategy. With Mr. Glaser's return to operational leadership of RealNetworks in July 2012, the hiring of all but one of our current executives within the last three years, and the January 2015 adjustment to Mr. Parham's salary, the base salaries of all of our executives have been recently established or adjusted. Mr. Parham's January 2015 salary adjustment was implemented by the Compensation Committee in recognition of an expansion of his duties and the results of the October 2014 update in comparable peer data. The base salaries for our other incumbent named executive officers was also evaluated against data generated by F.W. Cook in its October 2014 market update.

The following table shows the annualized cash base salaries paid to our continuing named executive officers in 2015, with a comparison to 2014 (note that the salaries of the departed executives, Mr. Bali and Mr. Wan, remained consistent from 2014 to 2015):

Name	2015 Base Salary	2014 Base Salary	Year-over-year Change
Rob Glaser	\$ 450,000(1)	\$ 450,000(1)	
Marjorie Thomas	\$ 325,000(2)		
Michael Mulica	\$ 400,000	\$ 400,000(3)	
Michael Parham	\$ 300,000	\$ 260,000	15%
Max Pellegrini	\$ 400,000	\$ 400,000	

(1) Mr. Glaser also received a salary replacement option award valued at \$150,000 at grant, as described above.

(2) Hired in January 2015; amount reflects annualized salary rate (actual 2015 salary paid was \$316,458).

(3) Hired in June 2014; amount reflects annualized salary rate (actual 2014 salary paid was \$225,897).

Annual Performance-Based Bonuses

In February 2015, the Compensation Committee established our 2015 Executive Bonus Plan, which is our performance-based cash bonus program, in order to motivate and reward an individual's annual contribution to company performance. The Executive Bonus Plan is administered pursuant to the 2005 Plan. The Executive Bonus Plan pays an annual bonus, typically in the form of cash, to executives based on the achievement of pre-established financial and strategic objectives consistent with our internal strategic plan previously established by the Board in consultation with management. Since the strategic plan for 2015 was divided into two six-month plans, the Compensation Committee aligned the 2015 Executive Bonus Plan's performance measurement period with those two six-month financial planning and budgeting periods for fiscal year 2015.

Each of our named executive officers was eligible to participate in the 2015 Executive Bonus Plan, except for Messrs. Bali and Wan, who departed from the company in 2015. Mr. Glaser had a target bonus opportunity equal to 100% of his annual cash base salary and each of the other executives had a target bonus opportunity equal to 75% of his or her annual base salary. The Compensation Committee reviewed the targets and deemed them appropriate based on internal equity considerations and the desire to emphasize teamwork to achieve the company's performance objectives. Neither Mr. Bali nor Mr. Wan participated in the 2015 Executive Bonus Plan, as they departed from the company prior to the payment of bonuses under the 2015 Executive Bonus Plan. Mr. Wan departed sufficiently early in 2015 that he was never considered to be eligible under the 2015 Executive Bonus Plan; Mr. Bali was considered to be eligible under the plan, with a bonus opportunity equal to 75% of his annual base salary, but became ineligible upon his departure later in 2015. Instead of any bonus under the 2015 Executive Bonus Plan, Mr. Bali was paid a bonus of \$112,500 in 2015 as part of his severance, as prescribed by the terms of his offer letter. Mr. Wan was paid a retention bonus equal to \$265,000 in 2015 in consideration for his efforts to ensure a smooth transition of responsibilities to Ms. Thomas.

The following elements were applicable to our 2015 Executive Bonus Plan.

Performance Criteria The performance criteria used to determine the annual bonuses for the participating named executive officers were revenue and adjusted EBITDA for either divisional results or corporate results, or both, depending upon whether the executive had divisional responsibility. The Compensation Committee's philosophy is to establish performance goals for executives that reflect our strategy of producing financial results that (a) are in the interests of our company and shareholders, (b) have a degree of difficulty that the Compensation Committee considers to be challenging but achievable with significant effort and skill, and (c) require a high level of financial performance in the context of the present state of our business and the annual budget.

Consistent with this strategy, the Compensation Committee established revenue as a performance metric under the 2015 Executive Bonus Plan because it was a key element of our 2015 business plan and we consider revenue to be a key driver of our growth and success. The Compensation Committee also established adjusted EBITDA as a performance metric under the 2015 Executive Bonus Plan in order to reward our executives for maintaining fiscal responsibility, implementing our cost reduction program, and achieving short-term profitability and therefore, like revenue, aligning the interests of plan participants with those of the company and its shareholders. Performance criteria for our participating named executive officers also included both individual and shared non-financial strategic goals intended to motivate each executive and the executive team as a whole to accomplish specific goals that would drive our growth and strong financial performance.

Unlike in the previous year, under the 2015 Executive Bonus Plan goals were set and achievement was measured as one-third based on financial results and individual strategic goals for the first half of 2015, one-third based on financial results for the second half of 2015, and one-third based on shared strategic goals for the executive team. The reason for this change from the prior year was to align the 2015 Executive Bonus Plan with the strategic plan for 2015, which was divided into two six-month plans rather than a full 12-month plan.

(1) *Adjusted EBITDA is a non-GAAP financial measure used by RealNetworks management in reporting financial results and is defined by the company as operating income (loss) including other income (expense) net, but excluding the impact of the following: depreciation and amortization; acquisitions-related intangible asset amortization; stock-based compensation; restructuring and other charges; lease exit and related charges; and extinguishment of liability.*

Performance Targets and Actual Performance Target performance goals for the financial criteria were set based on objectives in our internal strategic plan for 2015, which was composed of a first half plan and a second half plan. The first- and second-half strategic plans for 2015 served as the basis for company revenue and adjusted EBITDA targets and for Mobile Entertainment and RealPlayer divisional revenue and adjusted EBITDA targets under the Executive Bonus Plan. The following table shows the target and actual revenue and adjusted EBITDA goals that applied to the specified named executive officer:

	Target	2015 Actual
Revenue Goals:		
1H15 Company Revenue (Glaser, Thomas, Parham)	\$ 68.3M	\$ 66.2M
2H15 Company Revenue (Glaser, Thomas, Parham)	\$ 60.0M	\$ 59.8M
1H15 Mobile Entertainment Revenue (Mulica, Pellegrini)	\$ 33.6M	\$ 33.2M
2H15 Mobile Entertainment Revenue (Mulica, Pellegrini)	\$ 33.8M	\$ 32.3M
1H15 RealPlayer Division Revenue (Mulica, Pellegrini)	\$ 15.7M	\$ 15.5M
2H15 RealPlayer Division Revenue (Mulica, Pellegrini)	\$ 13.2M	\$ 13.8M

2H15 Mobile Entertainment Adj EBITDA (Mulica, Pellegrini)	\$ 2.6M	\$ 2.9M
1H15 RealPlayer Division Adj EBITDA (Mulica, Pellegrini)	(\$ 19.3M)	(\$ 17.5M)
2H15 RealPlayer Division Adj EBITDA (Mulica, Pellegrini)	(\$ 12.7M)	(\$ 13.4M)

All of the continuing named executive officers were determined to have partially achieved the strategic goals for 2015 and Mr. Glaser was determined to have achieved his two additional strategic goals. Bonus payouts to the continuing named executive officers other than CEO were commensurate and formulaic based on the achievement level. For Mr. Glaser, the Board exercised negative discretion to reduce the bonus payout to be lower than the formulaic amount.

Payout Structure The overall payout structure ensured that there was no ability for participants in the 2015 Executive Bonus Plan to earn awards greater than target for adjusted EBITDA or revenue performance unless revenue or adjusted EBITDA performance, respectively, was at least at target, the rationale for which was to emphasize the need for both growth and operational discipline. The payout mechanics of the 2015 Executive Bonus Plan based on financial metrics were as follows:

Attainment	Revenue	Incentive Payout(I)
<90%		No payout
90% - 100%		50 - 100%
100% - 120%+		100% - 200%

Adjusted EBITDA		Incentive Payout(2)
Attainment		
<\$2M below budget		No payout
\$2M below, up to budget		50 - 100%
Budget to >\$2M above		100% - 200%

(1) Payout based on revenue goals was capped at 100% unless the adjusted EBITDA attainment reached 100%.

(2) Payout based on adjusted EBITDA goals was capped at 100% unless the revenue attainment reached 100%.

The 2015 Executive Bonus Plan included a discretionary modifier to adjust the calculated payout for an individual executive officer upward or downward by up to 25%, based on such factors as shareholder value creation, revenue growth, cash flow generation, use of capital, or other considerations that the Compensation Committee deemed relevant. Notwithstanding the performance and payout targets established under the 2015 Executive Bonus Plan, the Compensation Committee reserved the right to adjust performance and payout targets based on acquisitions or dispositions of assets and also decrease or eliminate an executive officer's award before it was paid. However, under the 2015 Executive Bonus Plan, no upward adjustments in bonus payouts were permitted with respect to certain participants, including the company's chief financial officer or any president. Executive officers were required to be employed on the date award payments were made in order to be eligible to receive payment under the 2015 Executive Bonus Plan, except in the case of death or disability.

Under the 2015 Executive Bonus Plan, the actual payouts as a percentage of target and of base salary for each of our continuing named executive officers other than our CEO was made pursuant to the formula based on goal achievement, with no discretion being applied. For Mr. Glaser, the Board exercised negative discretion, reducing the bonus payout by approving an actual payout equal to 75% of his annual cash salary rather than applying the formula, which would have resulted in a higher payout. The payment calculated for Ms. Thomas was prorated for service since she was a mid-year new hire. The dollar-equivalent payouts earned for performance under the 2015 Executive Bonus Plan were as follows:

Name and Title	Target Payout under 2015 MBO Plan (as a percentage of base salary)	Actual Payout under 2015 MBO Plan (as a percentage of base salary)	Actual Payout Amount under 2015 MBO Plan(1)
Rob Glaser	100%	75%	\$ 337,500
Marjorie Thomas	75%	66%(2)	\$ 206,586
Michael Mulica	75%	68%	\$ 273,952
Michael Parham	75%	70%	\$ 210,282
Max Pellegrini	75%	68%	\$ 272,127

(1) Payouts were in the form of fully vested RSUs rather than cash, with Mr. Glaser being granted 95,338 shares, Ms. Thomas 58,357 shares, Mr. Mulica 77,387 shares, Mr. Parham 59,401 shares, and Mr. Pellegrini 76,872 shares.

(2) Percentage is calculated based on the actual, prorated cash salary earned in 2015.
Special Cash Bonus Awards

From time to time, we utilize discretionary signing, promotion, retention or other bonus awards as compensation tools that provide incentives for executives to accept employment offers, to reward outstanding performance by executives and to retain key executives. We believe that these bonus awards are consistent with our overall executive compensation philosophy to achieve our recruiting and retention objectives as well as to allow discretion to address the needs of our businesses, which operate in a constantly evolving and highly competitive environment.

Signing Bonus. Pursuant to our offer letter to Ms. Thomas, dated December 23, 2014, she was paid a signing bonus of \$100,000, subject to repayment in full if she voluntarily leaves her employment with

RealNetworks other than for good reason (as defined in the offer letter) within 12 months of her start date. The Compensation Committee believed that this signing bonus was necessary to recruit Ms. Thomas to the company.

Discretionary Bonus. In connection with his departure from the company, Mr. Wan was paid \$265,000 in 2015 in consideration for his efforts to ensure a smooth transition of responsibilities to Ms. Thomas. Pursuant to his offer letter with the company, Mr. Bali was paid severance in connection with his departure from the company that included the equivalent of a prorated incentive bonus of \$112,500 and a transaction bonus of \$87,500 related to the sale of the company's Slingo and social casino games business in August 2015.

The Role of Long-Term Equity Awards

Because the value of an equity award is dependent on our stock price, our equity compensation program is designed to align executive compensation with the interests of our shareholders and also with the long-term performance of RealNetworks. Equity compensation awards are also an important employee retention tool as they generally vest over a multi-year period, subject to continued service by the award recipient.

In August 2012, following a review of our equity compensation program and practices in light of our overall compensation program objectives and upon the recommendation of management, the Compensation Committee determined that, going forward, awards of stock options would serve as our primary equity vehicle. The rationale for this decision was to motivate executives to focus on increasing shareholder value. In addition, having approved significant performance-based equity awards to Mr. Glaser in late 2012, to Mr. Pellegrini upon his hire in early 2013, and to Mr. Mulica in 2015, the Compensation Committee has emphasized performance-based awards in order to focus our executives on improving company performance.

2015 Option Awards. On January 22, 2015, in connection with the commencement of her employment with us, the Compensation Committee granted a time-based stock option to Ms. Thomas to acquire 200,000 shares of common stock with an exercise price equal to \$6.78, the closing price of our common stock on the grant date. The option vests 25% on the one-year anniversary, subject to continued employment, then vests an additional 12.5% at the expiration of each successive six months of continued employment. This award is larger than a typical annual award for the role and includes an inducement portion to attract and align, which is not expected to be continued at the same level in the future. The Compensation Committee believed that the award was appropriate as part of the compensation package necessary to recruit Ms. Thomas to the company.

On July 22, 2015, upon Mr. Glaser's recommendation, the Compensation Committee granted a performance-based stock option to Mr. Mulica to acquire 75,000 shares of common stock with an exercise price equal to \$5.10, the closing price of our common stock on the grant date. The option was intended to drive distribution partnerships for the company. The awards were scheduled to vest to the extent that distribution agreements with certain mobile carrier partners were consummated no later than December 31, 2015. The Compensation Committee deemed the achievement of these goals to be very challenging such that significant effort would be required for attainment. On January 26, 2016, the Compensation Committee certified that with the execution in 2015 of distribution agreements with each of Verizon Communications and KDDI Corporation the performance goals had been achieved and the option was deemed fully vested and exercisable as of such date.

Neither Mr. Parham nor Mr. Pellegrini was granted any equity awards in 2015, and no equity was granted to either of the departed executives in 2015.

See the section entitled *Chief Executive Officer Compensation* for a discussion of Mr. Glaser's 2015 option awards. As discussed, he was granted an option valued at \$150,000 in 2015 as a supplement to his cash salary, plus a long-term option that is 100% performance based and requires price appreciation of at least 50% above the grant price within three years of the grant date in order to be eligible to vest. This performance option granted in December 2015 reflected the annual long-term incentive portion of Mr. Glaser's 2015 compensation and 100% of it was performance contingent.

Benefits, Perquisites, Severance and Certain Benefits in Connection with a Change in Control

Benefits. Benefits are part of a competitive compensation package to attract and retain employees, including executives. Our executive officers are eligible to participate in all of the benefit programs offered to employees in the geographic region in which their customary employment is based. These programs include medical, dental, vision, group life and disability insurance, a medical reimbursement plan, a transportation subsidy and an employee stock purchase plan that permits employees to purchase our common stock at a 15% discount from the closing sale price of our common stock as reported on the Nasdaq Stock Market on the last trading day of each offering period.

Our employees, including our named executive officers, are also eligible to participate in our 401(k) savings plan, a tax-qualified retirement savings plan pursuant to which all U.S.-based employees are able to contribute the lesser of up to 50% of their cash compensation (including base salary, bonuses, commissions and overtime pay) or the limit prescribed by the Internal Revenue Service to the plan on a before-tax basis. RealNetworks will match 50% of the first 3% of pay that is contributed to the 401(k) savings plan. All employee contributions to the 401(k) savings plan are fully vested upon contribution. Matching contributions by RealNetworks become fully vested after three years. Our executive officers are eligible to participate in the benefit programs described above on the same basis as our other employees.

Perquisites. We may offer other benefits to our employees and executive officers from time to time, including relocation packages, which benefits are typically offered to help us compete more effectively to attract or retain an executive officer. In 2015, we imputed the costs associated with the occupancy of office space and parking in our headquarters building by Mr. Glaser's personal assistant; all of these amounts have been reported as taxable income to Mr. Glaser. For Ms. Thomas, as negotiated at the time of her hire and reflected in her offer letter, we reimbursed her \$20,408 for costs relating to her relocation to Seattle. For Mr. Bali, as negotiated at the time of his hire and reflected in his offer letter, we reimbursed him \$12,588 for costs relating to the relocation of his family to Seattle. These relocation benefits are subject to prorated repayment if the executive voluntarily leaves his or her employment with RealNetworks other than for good reason (as defined in the offer letter) within 12 months of his or her start date. There were no other special benefits or perquisites provided to any other named executive officer in 2015.

Severance Benefits. We have entered into arrangements with each of our named executive officers pursuant to which the executive may become entitled to receive severance benefits upon a qualifying termination of employment. Additionally, Mr. Glaser's arrangements provide that if his employment terminates, but Mr. Glaser remains as Chairman of the Board, then he will remain eligible to participate in our group health plans or we may provide him with an annual cash payment equivalent to our premium cost for his participation in our group health plan. The terms of the severance benefits that each named executive officer is eligible to receive were negotiated with the executive at the time of his or her hire. The Compensation Committee believes that these severance benefits are appropriate in order to provide competitive compensation and enable the company to recruit and retain talented executives.

Historically our practice was to pay modest severance upon a voluntary termination, if an executive provided notice to us of at least 90 days, in order to encourage our executives to provide us with sufficient notice in advance of a departure to allow for an orderly transition period. In August 2012, the Compensation Committee, upon recommendation of Mr. Glaser, ended this practice going forward.

In 2015, although he received no severance pay, Mr. Wan was paid an incentive transition bonus of \$265,000 to remain with the company subsequent to the turnover of the CFO role to Ms. Thomas in order to ensure a smooth transition of responsibilities for this key management role. In addition, in line with his offer letter, Mr. Bali received severance equal to 15 months of his base salary, payable ratably over the 15-month term.

Severance and Change in Control Benefits. We entered into a severance agreement with Mr. Glaser pursuant to which he is eligible to receive certain severance benefits upon a qualifying termination in connection

with a change in control. With all of our other named executive officers, we have agreed to double-trigger change in control and severance arrangements (the CIC Agreements). These agreements were entered into in order to encourage the retention and commitment of these executives during times of leadership transition and restructuring activities. Each of Ms. Thomas, and Messrs. Bali, Mulica and Pellegrini entered into a CIC Agreement in connection with his or her hire. The Compensation Committee last reviewed our change in control severance practices as compared to our peers, including the results of a study of peer practices compiled by F.W. Cook in August 2012. The Compensation Committee determined that our practices in this regard were in line with those of our peers, but that certain adjustments would be considered.

Our CIC Agreements provide for severance benefits if the employment of the executive is terminated without cause or such executive resigns for good reason (as such terms are defined in the CIC Agreement) during the period beginning three months prior to a change in control of the company and ending 12 months after the change in control. Mr. Bali's CIC Agreement also provided for a special payment in the event of a divestiture of certain portions of the company's business prior to the fourth anniversary of such agreement; pursuant to this provision, Mr. Bali was paid a transaction bonus of \$87,500 in connection with the August 2015 sale of our Slingo and social casino games business. In addition, under our equity incentive plans, our executive officers may be eligible to receive certain benefits with respect to outstanding awards granted under our equity incentive plans in the event of a change in control of RealNetworks. A change in control of a corporation is often accompanied by changes in the corporate culture and job losses due to redundancy, especially at the executive levels. If a change in control of RealNetworks were under consideration, we expect that our executives could be faced with personal uncertainties and distractions about how the transaction may affect their continued employment with us. By granting awards under our equity incentive plans that include change in control benefits before any such transaction is contemplated, we hope to focus our executive's full attention and dedication to our shareholders' best interests in the event of a threatened or pending change in control, and to encourage the executive to remain employed by RealNetworks through the completion of any such transaction.

The severance and change in control arrangements are described in further detail in the section below entitled, *2015 Potential Payments Upon Termination of Employment of Change-in-Control*.

Tax and Accounting Implications

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the federal corporate income tax deduction for compensation paid by a public company to its chief executive officer and certain other executive officers to \$1 million in the year the compensation becomes taxable to the executive, unless the compensation is performance-based compensation or qualifies under certain other exceptions. Our Compensation Committee seeks to balance its objective of ensuring an effective compensation package with the need to maximize the deductibility of executive compensation, and intends to seek to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of RealNetworks. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is possible that from time to time we may enter into compensation arrangements under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of Accounting Standards Codification Topic 718, Compensation—Stock Compensation. Under the fair value provisions of this statement, stock-based compensation cost is measured at the grant date based on the fair value of the award.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for fiscal year 2015 with RealNetworks management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in RealNetworks' annual report on Form 10-K and proxy statement relating to the 2016 annual meeting of shareholders.

	2013	285,000			571,760	125,047	4,292	986,099

- (1) The amount shown for Ms. Thomas reflects the portion of her respective annualized 2015 base salary of \$325,000 that was earned from the commencement of her employment with RealNetworks, which was January 15, 2015, through the end of fiscal year 2015.
- (2) The 2015 bonus amount reported for Mr. Bali represents (i) a prorated incentive bonus of \$112,500 and (ii) a transaction bonus of \$87,500 related to the sale of the Company's social casino and Slingo games business in August 2015, both in accordance with the terms of his offer letter. See the section of the Compensation Discussion and Analysis entitled "2015 Compensation Special Cash Bonus Awards."
- (3) The amounts reported reflect the aggregate grant date fair value, excluding the effect of estimated forfeitures, of awards granted in the year shown pursuant to our 2005 Plan, determined in accordance with financial accounting rules, rather than an amount paid to or realized by the executive officer. For a discussion of valuation assumptions for these awards, see *Note 1 and Note 13* to our Notes to Consolidated Financial Statements included in our annual report on Form 10-K for the most recently completed fiscal year.
- (4) The amounts reported represent cash incentive compensation which is based on performance in the year shown. This performance-based incentive compensation is discussed in further detail in the Compensation Discussion and Analysis in the section entitled "2015 Compensation Annual Performance-Based Bonuses." The bonuses determined to be payable pursuant to the 2015 Executive Bonus Plan were paid in the form of fully vested RSUs rather than in cash, with Mr. Glaser being granted 95,338 shares, Ms. Thomas

58,357 shares, Mr. Mulica 77,387 shares, Mr. Parham 59,401 shares, and Mr. Pellegrini 76,872 shares of fully vested RSUs. The bonuses, paid in the form of fully vested RSUs, were treated as stock-based compensation pursuant to Accounting Standards Codification Topic 718, Compensation – Stock Compensation.

- (5) All other compensation generally consists of RealNetworks' 401(k) company match of up to \$3,975 and life insurance premiums paid by RealNetworks for the benefit of the named executive officer. For Mr. Glaser, however, all other compensation is comprised of \$4,688 for office space and parking for Mr. Glaser's personal assistant and \$966 for life insurance premiums paid by RealNetworks for the benefit of Mr. Glaser. For Ms. Thomas, all other compensation is comprised of \$20,408 for relocation costs pursuant to the terms of her offer letter as described in the Compensation Discussion and Analysis in the section entitled *2015 Compensation Perquisites*, and also \$3,859 and \$1,301 for the 401(k) match and life insurance premiums, respectively, paid by RealNetworks for the benefit of Ms. Thomas. For Mr. Bali, all other compensation is comprised of \$12,588 for relocation costs pursuant to the terms of his offer letter as described in the Compensation Discussion and Analysis in the section entitled *2015 Compensation Perquisites*, and severance of \$100,000 paid in 2015 pursuant to the terms of his offer letter (with \$400,000 in severance remaining to be paid to Mr. Bali ratably throughout 2016), and also \$3,975 and \$315 for the 401(k) match and life insurance premiums, respectively, paid by RealNetworks for the benefit of Mr. Bali.
- (6) Mr. Glaser was named interim Chief Executive Officer in July 2012 and permanent Chief Executive Officer in July 2014.
- (7) Ms. Thomas was appointed Senior Vice President, Chief Financial Officer and Treasurer effective February 4, 2015.
- (8) Mr. Mulica commenced employment as an executive officer of RealNetworks as President, Worldwide Sales and Business Development effective June 6, 2014, and transitioned from an executive officer to a consultant to the Company effective May 1, 2016.
- (9) Mr. Parham was appointed Senior Vice President, General Counsel and Corporate Secretary in 2012.
- (10) Mr. Pellegrini commenced employment as an executive officer of RealNetworks as President, Mobile Entertainment effective February 20, 2013, and was named President, Products and Marketing effective June 2014.
- (11) Mr. Bali commenced employment as an executive officer of RealNetworks as President, Games effective April 21, 2014, and departed the company effective October 1, 2015.
- (12) Mr. Wan resigned from his position as Senior Vice President, Chief Financial Officer and Treasurer effective February 4, 2015.
