ANNUAL MEETING OF SHAREHOLDERS

May 23, 2005

April 28, 2005

PROXY AND SOLICITATION

The accompanying proxy is solicited on behalf of the Board of Directors of Green Mountain Power Corporation (the Company or GMP) for use at the Annual Meeting of Shareholders of the Company to be held on Monday, May 23, 2005, and at any and all adjournments thereof. This proxy statement and the accompanying form of proxy are being sent to shareholders on or about April 28, 2005.

The cost of soliciting proxies by the Board of Directors will be borne by the Company, including the charges and expenses of brokers and others for sending proxy materials to beneficial owners of Common Stock. In addition to the use of the mails, proxies may be solicited by personal interview, by telephone, by facsimile, by telegraph, or by certain of the Company's employees, without compensation therefor. The Company has retained Mellon Investor Services LLC to assist in the solicitation of proxies at an estimated cost of \$5,025, plus reimbursement of reasonable out-of-pocket expenses.

A proxy may be revoked at any time before it has been voted at the meeting by submitting a later-dated proxy or by giving written notice to the Secretary of the Company. Unless the proxy is revoked or there is a direction to abstain on one or more proposals, it will be voted on each proposal and, if a choice is made with respect to any matter to be acted upon, in accordance with such choice. If no choice is specified, the proxy will be voted as recommended by the Board of Directors.

STOCK OUTSTANDING AND VOTING RIGHTS

On March 17, 2005, the record date for the Annual Meeting, the Company had 5,172,505 outstanding shares of Common Stock. The Common Stock is the only outstanding class of voting securities of the Company. Each holder of record of Common Stock on the record date is entitled to one vote for each share of Common Stock so held.

A majority of the votes entitled to be cast on matters to be considered at the meeting constitutes a quorum. If a share is represented for any purpose at the meeting, it is deemed to be present for all other matters. Abstentions and shares held of record by a broker or its nominee that are voted on any matter are included in determining the number of votes present. Broker shares that are not voted on any matter at the meeting will not be included in determining whether a quorum is present.

The election of each nominee for director requires a plurality of the votes cast. In order to be approved, the votes cast for the selection of independent accountants must exceed the votes cast opposing such matter. Approval of the amendment and restatement of the Company's Amended and Restated Articles of Incorporation (the Charter Amendment) attached as Appendix A to this proxy statement requires the affirmative vote of a majority of all shares of the Company's Common Stock issued, outstanding and entitled to vote.

In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting. Your broker may vote your shares in its discretion and your shares will count toward the quorum requirement on routine matters. However, your broker may not be able to vote your shares on proposals that are not considered routine. When a proposal is not a routine matter and your broker has not received your voting instructions with respect to that proposal, your broker cannot vote your shares on that proposal. This is called a broker non-vote. The Company believes that the election of directors and the ratification of the selection of independent accountants are routine matters on which brokers will be permitted to vote on behalf of their clients if no voting instructions are furnished. The Company may also vote, in the discretion of the proxies, upon such other matters that may properly come before the meeting or any adjournments thereof. The Company believes that the proposal relating to the approval of the Charter Amendment is a non-routine matter. As such, broker non-voted shares will have the effect of a vote against the Charter Amendment.

Attendance At Annual Meeting

The Company's policy is that Directors attend the annual meeting of shareholders. All nine Directors attended the 2004 annual meeting of shareholders.

Compensation of Directors

Non-employee Directors receive an annual fee of \$20,000. In addition to the annual fee, the Chair of the Board of Directors receives an annual fee of \$30,000. In addition to the annual fee, the Chairs of the Audit, Governance and Compensation Committees each receive an annual fee of \$5,000. Directors also receive \$1,000 for each Board of Directors, committee or other meeting attended in person, \$850 for a committee meeting held on the same day as a Board of Directors meeting, or one-half of the regular fee paid for each meeting attended by telephone. We reimburse Directors for reasonable expenses related to their Board of Directors service. Directors may defer all or part of their annual fees and meeting fees under the Directors Deferred Compensation Plan. Deferred amounts earn interest and the Director may determine at the time of the deferral, or in limited instances thereafter, when the funds are to be paid. Each non-employee Director was awarded 1,100 Stock Units on July 19, 2004. Each Stock Unit awarded to non-employee Directors represented the right to receive one share of the Company's Common Stock on December 31, 2004, the date of vesting, unless a Director elected to defer payment of his or her Stock Units (Deferred Stock Units). In accordance with the terms of the Stock Units, each of Nordahl L. Brue, William H. Bruett, David R. Coates, Katheen C. Hoyt and Marc A. vanderHeyden received 1,100 shares of the Company's Common Stock on December 31, 2004. Each of Elizabeth A. Bankowski, Merrill O. Burns, and Euclid A. Irving elected to defer payment of his or her Stock Units and will receive payment of his or her respective 1,100 shares of Company Common Stock at a future date or event specified in the deferral agreements relating to their respective Deferred Stock Units.

Stock Ownership Guidelines

In 2004, the Board of Directors adopted stock ownership guidelines for non-employee Directors. According to such guidelines, non-employee Directors should own beneficially Common Stock approximately equal in value to three times the Director's annual fee and the Chair of the Board should own beneficially Common Stock approximately equal in value to five times the Chair's annual fee. Current Directors have until October 6, 2008 to satisfy this guideline. New Directors will have five years from the date of election to the Board of Directors to satisfy this guideline.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed of four independent directors and operates under a written Charter adopted by the Board of Directors. The Compensation Committee's Charter delineates the Compensation Committee's responsibilities, which include:

- designing and recommending executive compensation plans to the Board of Directors and administering approved plans;
- reviewing and approving corporate goals and objectives relevant to CEO compensation;
- undertaking periodic evaluations of CEO, executive and director compensation, including retention of independent compensation consultants to assist with such evaluations;
- sole authority to determine CEO compensation based on evaluation of CEO performance in light of corporate goals and objectives;
- recommending compensation levels for officers of the Company other than the CEO;
- recommending compensation levels for directors;
- developing plans and recommendations to the Board of Directors regarding CEO and managerial succession for the Company;
- administering the stock incentive plans for all employees as authorized by the Board of Directors; and
- considering all executive compensation issues and making appropriate recommendations to the Board of Directors for approval.

This is the report of the Compensation Committee describing the Compensation Program and the basis upon which the 2004 compensation determinations were made.

Compensation Philosophy

It is our philosophy that executive compensation should be competitive in the marketplace, promote the strategic objectives of the Company and be aligned with corporate performance, including customer service and satisfaction. Total cash compensation for executives and directors should compare favorably with organizations competing for similar talent. The Compensation Committee's role is to balance the need to attract and retain high caliber talent with the Board of Directors' corporate and fiduciary responsibility to shareholders and other stakeholders. The compensation arrangement for officers and directors is designed to meet these objectives.

In 2003, the Compensation Committee undertook a detailed review and redesign of CEO, officer and director compensation programs with the assistance of Mellon Human Resources and Investor Solutions (Mellon), a division of Mellon Financial Corporation. In 2004, the Compensation Committee retained Mellon to review and update its study and recommendations. In 2004, Mellon analyzed CEO and executive compensation using a blend of market reference points, including peer public companies in the Company's geographic region, peer public electric utility companies and executive compensation survey data for the public utility sector from various sources, including the Towers Perrin Executive Compensation Energy Services Industry Database, the Mercer 2004 Executive Compensation Survey (Utility Cut), the 2004/2005 ECS

Industry Report on Top Management Compensation and the Wyatt Top Management 2003/2004 compensation report. Peer companies were selected based on similarity of size and/or operating characteristics, with the goal of developing a comparable group representative of the Company's main competition for executive talent. Mellon performed a regression analysis to assure comparability of the peer and market data. The compensation survey groups include companies that are different from the companies in the Edison Electric Institute 100 and the S&P 500 Composite Index used for the Performance Graph.

Executive Compensation

Based on Mellon's report, the Compensation Committee concluded that CEO and officer compensation should continue to include three components: Base salary is intended to be set at approximately the 50th percentile for base salary compensation at comparable companies. Short-term incentive compensation is intended to compensate officers for Company performance and is linked to defined Company performance metrics, such that if performance targets are achieved, officers' direct compensation (base salary plus short-term incentive) would approximate the 40 -50th percentile of total direct compensation at comparable companies. Performance metrics for short-term incentive compensation include customer service (60%), based on seventeen specified customer service quality performance standards in the Company's service quality plan approved by the Vermont Public Service Board, and creating value for shareholders (40%), based on the Company's annual consolidated return on equity. Long-term incentive compensation is designed to provide long-term incentives for future Company performance and is intended to bring total officer compensation to approximately the 40th percentile of total compensation paid to equivalent executives at comparable companies, if target performance criteria are met.

The Compensation Committee has reviewed all components of CEO and non-CEO officer compensation, including salary, bonus, equity and long-term compensation, accumulated realized and unrealized stock options, the earnings and accumulated payout obligations under the Company's non-qualified deferred compensation plans and projected payout obligations under the Company's supplemental executive retirement plan. Based on the Compensation Committee's review and Mellon's 2004 report, in December 2004 the Compensation Committee approved a base salary adjustment for the CEO and recommended base salary adjustments for five other officers of the Company, effective January 1, 2005. The Board of Directors approved the non-CEO officer base salary adjustments in December 2004.

Effective March 29, 2005, the Compensation Committee approved a short-term incentive cash award to the CEO, based on 2004 service quality performance results and 2004 financial results. The Compensation Committee also recommended, and the Board of Directors approved, short-term incentive cash awards for other Company officers based on the same criteria. These awards are included in the executive compensation table above. The short-term incentive awards reflect that the Company achieved or exceeded all target performance criteria in 2004.

In 2005, the Compensation Committee expects to consider a long-term incentive award to the CEO and recommendations to the Board of Directors of long-term incentive awards to officers other than the CEO of Stock Units pursuant to the 2004 Stock Incentive Plan. Each Stock Unit represents the right to receive one share of the Company's Common Stock upon vesting. Long-term incentive awards, when fully vested, are intended to bring total compensation for the CEO and other officers to a level approximately at the 40th percentile for comparable companies, based on Mellon's report. The Compensation Committee has

determined that the total compensation paid to the CEO and to non-CEO officers is reasonable and not excessive.

Director Compensation

The Compensation Committee did not recommend, and the Board of Directors did not approve, any changes in the annual fees paid to the Chair and other non-employee directors, annual fees paid to the chairs of the Audit, Governance and Compensation Committees and meeting fees compared to 2003. The Compensation Committee recommended, and the Board of Directors approved, awards of Stock Units to each non-employee director on July 19, 2004. Total compensation for non-employee directors is intended to approximate the 50th percentile of compensation paid to directors of comparable companies. Director compensation amounts and share ownership guidelines are described above under the captions Information About Our Board OF DIRECTORS Compensation of Directors, and Stock Ownership Guidelines, respectively.

The 2000 and 2004 Stock Incentive Plans

The purpose of the 2000 and 2004 Stock Incentive Plans is to promote the interests of the Company and its shareholders by aiding the Company in attracting and retaining employees, officers, consultants, independent contractors and non-employee directors capable of contributing to the future success of the Company, to offer such persons incentives to put forth maximum efforts for the success of the Company and to afford such persons an additional opportunity to acquire a proprietary interest in the Company. In July 2004, the Compensation Committee approved awards under the 2000 Stock Incentive Plan for the entire employee population of the Company, excluding officers and directors, and any newly hired employees who had previously received awards during 2004.

As of December 31, 2004, the Company had 23,023 shares of Common Stock available for issuance out of the original 500,000 share of Common Stock authorized for issuance under the 2000 Stock Incentive Plan, and 225,000 shares of Common Stock available for issuance out of the 225,000 shares of Common Stock authorized for issuance under the 2004 Stock Incentive Plan.

Conclusion

We believe the Company's executive compensation program appropriately aligns executive compensation with individual and corporate performance and increases in shareholder value, is competitive with the market and is sensitive to the concerns of customers, shareholders and other constituencies.

PENSION PLAN INFORMATION AND OTHER BENEFITS

Pension Plan Information

All employees are covered by the Employees Retirement Plan of Green Mountain Power Corporation (the Retirement Plan) if they have been employed for more than one year. The Retirement Plan is a defined benefit plan providing for normal retirement at age 65. Provided that a participant has at least ten years of continuous service, early retirement may be taken beginning the first day of any month following the attainment of age 55. If retirement occurs prior to age 59, benefits are reduced as shown in the table below:

<u>Age at Retirement</u>	<u>Reduction of Benefits</u>
58	7.5%
57	15.0
56	22.5
55	30.0

For employees with at least five but less than ten years of continuous service who commence benefits before age 65, benefits are actuarially reduced. If retirement occurs after age 59 and completion of at least ten years of continuous service, the full accrued benefit is payable.

Retirement benefits are based on final average base compensation and length of service. Final average base compensation is the average of the compensation (limited to base salary for Officers, as shown in the Salary column of the Summary Compensation Table for the Officers named in this proxy statement, and straight-time payroll wages for other employees) for the highest 36 consecutive fiscal months out of the final ten years of employment. The normal retirement benefit is equal to 1.1% of the final average compensation up to the covered compensation amount plus 1.6% of final average base compensation over covered compensation multiplied by each year of credited service up to 35 years. Retirement benefits are not subject to any deductions for Social Security or other offset amounts.

The following table shows the estimated annual pension benefit payable pursuant to the Retirement Plan to all covered employees, including the Officers named in this proxy statement, for the average compensation and years of service indicated. It assumes retirement at age 65 and an election of a retirement allowance payable as a life annuity. The retirement benefits in connection with the separate life insurance plan referred to below are in addition to those described in the table.

PENSION PLAN TABLE Annual Average Base Compensation Highest 36 Consecutive Fiscal Months of the Last 10 Years Preceding Retirement *	Estimated Annual Retirement Benefits At Normal Retirement Age of 65 Years Credited Years of Service

205,000	46,410	61,880	77,350	92,820	108,290

*Compensation cap was \$200,000 for 2002 and 2003, and \$205,000 for 2004.

Credited years of service (including service credited with other companies), as of December 31, 2004, for each of the Officers named in this proxy statement were as follows: C. L. Dutton, 19.8 years; M. G. Powell 5.8 years; S. C. Terry 18.8 years; R. J. Griffin 20.8 years; and D. J. Rendall, Jr. 1.8 years.

Supplemental Retirement Plan

In addition to the Retirement Plan described above, all the Officers, including the Officers named in this proxy statement, participate in a Supplemental Retirement Plan. The plan provides retirement and survivor's benefits for a period of fifteen years following retirement. The benefits are a percentage of the Officer's final salary:

- 44% for the CEO; and
- 33% for the non-CEO Officers.

The retirement benefits are partially covered by the life insurance coverage that we have obtained (see below). The cost of this plan cannot be properly allocated or determined for any one plan participant because of the overall retirement plan assumptions. We are recording the estimated cost of the supplemental retirement plan benefits on a current basis and the income from the life insurance coverage as it is earned.

Life Insurance Plan

The Officers participate in a related life insurance plan. Under this plan, we have purchased insurance on the lives of the Officers to provide pre-retirement life insurance benefits to them in an amount equal to four times salary for the CEO and three times salary for non-CEO Officers. The life insurance benefits are designed so that the Company does not expect to incur any significant net expense in providing the pre-retirement insurance plan.

Deferred Compensation Plan

Officers and Directors may participate in a Deferred Compensation Plan under which they may elect to defer a portion of their salaries. Amounts deferred are credited to a separate account for each participant. The balance in a participant's account, plus accrued interest, will be paid to him or her, or to his or her beneficiary according to their election form.

2000 Stock Incentive Plan

The 2000 Stock Incentive Plan provides for the grant of stock options and other stock-based compensation to employees, Officers and Directors. The Compensation Committee administers the 2000 Stock Incentive Plan and determines when and to whom awards will be granted and the type, amount, terms of payment and other conditions of each award, consistent with the provisions of the 2000 Stock Incentive Plan. As of December 31, 2004, there were approximately 192 employees, Officers and Directors who were eligible to be selected by the Compensation Committee to receive an award under the 2000 Stock Incentive Plan.

2004 Stock Incentive Plan

On February 9, 2004, the Board of Directors adopted the 2004 Stock Incentive Plan (the 2004 Incentive Plan), which was approved by the Company's shareholders on May 20, 2004 and by the Vermont Public Service Board on June 28, 2004. The 2004 Incentive Plan provides for the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, other stock grants, other stock-based awards and performance awards to employees, officers, consultants, independent contractors and directors providing services to the Company and its subsidiaries.

The 2004 Incentive Plan is similar to the Company's 2000 Stock Incentive Plan, approved by the Company's shareholders in 2000. The 2000 Stock Incentive Plan provided for the issuance of up to 500,000 shares of Common Stock through February 7, 2005, of which 23,023 shares of Common Stock remained unissued as of December 31, 2004. The 2004 Incentive Plan provides for the issuance of 225,000 shares of Common Stock through February 7, 2009, all of which remained unissued as of December 31, 2004.

Change of Control Agreements

Change of Control agreements have been executed with six members of management, including the Officers named in this proxy statement. The Company entered into the current Change of Control agreements with each of its six current officers, Christopher L. Dutton, Mary G. Powell, Stephen C. Terry, Robert J. Griffin, Donald J. Rendall, Jr. and Walter S. Oakes, on February 10, 2004.

If within three years following a change of control of the Company, the Officer's employment is involuntarily terminated without cause or is voluntarily terminated by the Officer with good reason, the agreements provide affected individuals with:

- Payments of 2.99 times the base salary of the individual plus the target short-term incentive bonus (or if there is no target short-term incentive bonus payable for such year, the actual amount of the individual's most recent short-term incentive bonus) that would be payable for such year;
- Continuation for 36 months of health, medical and other insurance programs;
- Payment of an amount equal to the actuarial value of up to 36 months of additional credited service under the Retirement Plan;
- Full vesting and payment in a lump sum of any Supplemental Retirement benefits that the individual is otherwise entitled to upon termination; and
- All Options, Stock Appreciation Rights, Stock Units and Deferred Stock Units outstanding shall become fully vested and exercisable.

The Change of Control agreements contain non-compete covenants that are applicable following an individual's receipt of a severance payment under the Change of Control agreements.

As defined in the agreements, change of control of the Company will have occurred when:

- A person secures ownership of 20% or more of the voting power of the outstanding stock of the Company;
- A change occurs in the majority of the Board of Directors for two consecutive years, which has not been approved by the Directors in office at the beginning of the period; or
- Shareholders approve a merger or consolidation of the Company with another company where the outstanding voting stock of the Company does not continue to represent at least 80% of the combined voting power of the Company or the surviving company.

Individuals may terminate employment following a change in control with good reason if:

- The individual is assigned duties inconsistent with the duties before the change in control;
- The headquarters are relocated more than 50 miles from the present location;
- The individual is required to relocate more than 50 miles from the present location;
- Compensation or benefits are reduced or adversely affected other than as part of an overall adjustment of executive compensation or benefits;
- The Company fails to obtain an agreement from its successor to perform under the change of control agreements;
- The Company fails to offer the individual any compensation plan provided to other executives of similar responsibility;
- The Company eliminates or materially reduces or jeopardizes the ability of the Company to fulfill its obligations under certain executive benefits plans; or

- The executive resigns within the 30 days immediately after the first 12 months following a change of control, or if the change of control occurs pursuant to shareholder approval of a merger or consolidation as described above, then the resignation must occur within the 30 days immediately after the first 12 months following the closing of such merger or consolidation.

The Board of Directors has limited discretion to determine whether a change of control of the Company has taken place.

The Change of Control agreements were executed on February 10, 2004, to modify similar agreements previously entered into by the Company with each of the named officers in the following ways:

- The agreements were made consistent with the Company's current management compensation plan (described above under Compensation Committee Report on Executive Compensation ; Executive Compensation). The agreements now provide that the officer's lump sum severance payment shall be equal to 2.99 times the sum of the officer's salary for the year in which the officer's Date of Termination occurs plus the target short-term incentive bonus (or if there is no target short-term incentive bonus payable for such year, the actual amount of the officer's most recent short-term bonus) that would be payable for such year.
- The agreements now impose a cap on the amount the Company would be required to pay in order to indemnify the officer for any payment of excise tax imposed on the officer's excess parachute payments, which under prior agreements was not limited. The amount of the indemnification caps for the respective officers of the Company are as follows: Mr. Dutton, \$903,000; Ms. Powell, \$359,000; Mr. Terry, \$343,000; Mr. Oakes, \$343,000; Mr. Griffin, \$251,000; Mr. Rendall, \$251,000.
- The agreements now limit the Company's obligation to provide outplacement services, which under prior agreements was not limited, to such services for a reasonable period of time and at a reasonable cost.
- The agreements now contain a new provision providing that any officer who receives a severance payment thereunder is now required to comply with a non-compete covenant. Prior agreements contained no such covenant. The term of the non-compete covenant is 18 months for Mr. Dutton as CEO and 12 months for all other officers.

The Company has, from time to time, had preliminary discussions with potential strategic partners regarding possible transactions that could, if consummated, trigger the operation of the agreements. All such discussions have terminated at a preliminary stage.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of five independent directors and operates under a written Charter adopted by the Board of Directors. The Audit Committee is responsible to directly appoint, retain, monitor the performance of, evaluate, compensate and terminate, the Company's independent accountants. Management is responsible for the Company's disclosure controls, internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial

statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and to report thereon to the Board of Directors. In this context, the Audit Committee has met and held discussions with management and Deloitte & Touche LLP, the Company's independent accountants.

Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and Deloitte & Touche.

The Audit Committee has discussed with Deloitte & Touche the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Accounting Standards), as amended by Statements on Auditing Standards 89 and 90, including the scope of the auditor's responsibilities.

The Audit Committee also has received the written disclosures and the letter from Deloitte & Touche relating to the independence of that firm and has discussed with Deloitte & Touche that firm's independence from the Company.

Based upon the Audit Committee's discussions with management and Deloitte & Touche and the Audit Committee's review of the representation of management and the report of Deloitte & Touche to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2004, to be filed with the Securities and Exchange Commission.

The Audit Committee reviews with management and the independent accountants the results of the independent accountant's review of the unaudited financial statements that are included in the Company's quarterly reports on Form 10-Q. The Audit Committee reviews the fees charged by the Company's independent accountants. During the fiscal year ended December 31, 2004, Deloitte & Touche billed the Company the fees set forth below under the caption "Fees Paid to Deloitte & Touche" in connection with services rendered by that firm to the Company.

The Audit Committee meets regularly with both the independent external auditors and the accounting firm and individuals responsible for the internal audit function, all of whom have unrestricted access to the Audit Committee. These meetings include executive sessions without management present. The Audit Committee believes that it has taken the actions it deems necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's Charter. All Audit Committee members are independent under the enhanced independence standards for audit committee members in the Securities Exchange Act of 1934, as incorporated into the listing standards of the New York Stock Exchange.

Preapproval Policies and Procedures

Effective February 14, 2005, the Audit Committee adopted amended procedures for pre-approving all audit and non-audit services provided by the independent accountant. Further, the Audit Committee has considered whether the independent auditors' provision of permitted and pre-approved non-audit services to the Company is compatible with the auditors' independence.

**RATIFICATION OF SELECTION
 OF INDEPENDENT PUBLIC ACCOUNTANTS**

Year 2005 Audit Services

On February 14, 2005, the Audit Committee appointed the firm of Deloitte & Touche LLP to serve as independent certified public accountants for the calendar year 2005. We expect a representative of Deloitte & Touche to attend the Annual Meeting of Shareholders, respond to appropriate questions and be given an opportunity to speak if he or she desires to do so.

This proposal will be approved if the votes cast in favor of the proposal exceed the votes cast opposing the proposal. Appointment of the Company's independent accountants is not required to be submitted to a vote of the shareholders of the Company for ratification. However, the Audit Committee has recommended that the Board of Directors submit this matter to the

shareholders as a matter of good corporate practice, which the Board of Directors is doing. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain Deloitte & Touche, and may retain that firm or another without resubmitting the matter to the Company's shareholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of different independent accountants at any time during the year if it determines that such a change would be in the best interests of the Company and the shareholders.

That You Vote FOR the Ratification of the Selection of Deloitte & Touche.**

**APPROVAL OF AMENDMENT AND RESTATEMENT OF
THE COMPANY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION**

The Board of Directors has unanimously approved an amendment to and restatement of the Company's Amended and Restated Articles of Incorporation (the Charter Amendment) and recommends that the shareholders adopt the Charter Amendment. The Vermont Public Service Board approved the Charter Amendment on January 14, 2005. A copy of the Charter Amendment is attached as Appendix A. The specific amendment language appears in the second sentence of Section 11.01, at page A-15 of Appendix A. The summary of the material terms of the Charter Amendment that follows is qualified in its entirety by reference to Appendix A.

Description of the Material Terms of the Charter Amendment

If the Charter Amendment is adopted by shareholders, the change would allow a Director of the Company to be removed with or without cause. Currently, a Director of the Company may be removed only with cause.

Under Vermont law, shareholders are not entitled to dissenters' rights of appraisal with respect to the Charter Amendment.

Reasons the Board of Directors Approved and Recommends Adoption of the Charter Amendment

Section 11.01 of the current Charter permits members of the Board of Directors to be removed only for cause. On May 4, 2004, the Company announced that, as part of its continuing efforts to improve corporate governance, management would recommend to the Board of Directors the adoption of a Charter amendment to provide that directors may be removed with or without cause. The Board of Directors unanimously approved the amendment. The Board of Directors recommends that the shareholders adopt the Charter Amendment because it believes that adoption of the proposed Charter Amendment will enhance the accountability of directors to the Company's shareholders and enhance the ability of shareholders to ensure that the Board of Directors is acting in the shareholders' interests in governing the Company's affairs. Accordingly, the Board of Directors believes the Charter Amendment will bring the Company's Amended and Restated Articles of Incorporation into conformance with current standards of excellent corporate governance.

The affirmative vote of the holders of a majority of the shares of the Company's Common Stock issued, outstanding and entitled to vote is required to adopt the proposed Charter Amendment. If the proposal is adopted by the shareholders, it will become effective upon the filing of articles of amendment with the Secretary of State of Vermont, which filing the

Company would intend to make as promptly as practicable following completion of the annual meeting of shareholders.

**The Board Of Directors Unanimously Recommends
That You Vote FOR Adoption of the Charter Amendment.**

SUBMISSION OF SHAREHOLDER PROPOSALS

Proposals of shareholders intended to be presented at the 2006 Annual Meeting scheduled to be held on May 22, 2006, must be received by the Company by December 6, 2005 for inclusion in the Company's proxy statement and proxy relating to that meeting. Upon receipt of any such proposal, the Company will determine whether or not to include such proposal in the proxy statement and proxy in accordance with regulations governing the solicitation of proxies.

In order for a shareholder to nominate a candidate for Director, under the Company's bylaws timely notice of the nomination must be received by the Company in advance of the meeting. Ordinarily, such notice must be received not less than 120 nor more than 150 days before the first anniversary of the date of the Company's proxy statement in connection with the last annual meeting, i.e., between November 13, 2005 and December 13, 2005 for the 2006 Annual Meeting. The shareholder filing the notice of nomination must include:

- as to the shareholder giving the notice:
 - ◆ the name and address of such shareholder, as they appear on the Company's stock transfer books;
 - ◆ a representation that such shareholder is a shareholder of record and intends to appear in person or by proxy at such meeting to nominate the person or persons specified in the notice;
 - ◆ the class and number of shares of stock of the Company beneficially owned by such shareholder; and
 - ◆ a description of all arrangements or understandings between such shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such shareholder; and
- as to each person whom the shareholder proposes to nominate for election as a director:
 - ◆ the name, age, business address and, if known, residence address of such person;
 - ◆ the principal occupation or employment of such person;
 - ◆ the class and number of shares of stock of the Company that are beneficially owned by such person;
 - ◆ any other information relating to such person that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required by the rules and regulations of the Securities and Exchange Commission promulgated under the Securities Exchange Act of 1934; and
 - ◆ the written consent of such person to be named in the proxy statement as a nominee and to serve as a director if elected.

In order for a shareholder to bring other business before a shareholder meeting, timely notice must be received by the Company within the time limits described above. Such notice must include:

- the information described above with respect to the shareholder proposing such business;
- a brief description of the business desired to be brought before the annual meeting, including the complete text of any resolutions to be presented at the annual meeting, and the reasons for conducting such business at the annual meeting; and
- any material interest of such shareholder in such business.

These requirements are separate from the requirements a shareholder must meet to have a proposal included in the Company's proxy statement. Pursuant to regulations issued by the Securities and Exchange Commission, to be considered for inclusion in the Company's proxy statement for presentation at the 2006 annual meeting of shareholders, all shareholder proposals must be received by the Company on or before the close of business on December 13, 2005. If a shareholder notifies the Company after December 13, 2005 of an intent to present a proposal at the 2006 annual meeting of shareholders, the Company will have the right to exercise its discretionary voting authority with respect to such proposal without including information regarding such proposal in its proxy materials.

In each case the notice must be given by personal delivery or by United States certified mail, postage prepaid, to the Secretary of the Company, whose address is Green Mountain Power Corporation, 163 Acorn Lane, Colchester, Vermont 05446. The amended bylaws are available on the Company's Internet website at www.greenmountainpower.biz: Who We Are, Investors, Corporate Governance. Any shareholder desiring a copy of the Company's bylaws will be furnished one without charge upon written request to the Secretary. A copy of the amended bylaws is filed as an exhibit to the Company's Current Report on Form 8-K, dated December 8, 2003, and is available at the Securities and Exchange Commission Internet website (www.sec.gov).

Other Business

The Board of Directors knows of no other matters for consideration at the meeting. If any other business should properly arise, the persons appointed in the enclosed proxy have discretionary authority to vote in accordance with their best judgment.

By Order of the Board of Directors

Each holder of record of shares of any class or series of stock entitled to vote at any meeting of shareholders, or of holders of any class or series of stock, shall, as to all matters in respect of which such stock has voting power, be entitled to one vote for each share of such stock held and owned by him, as shown by the stock books of the Corporation, and may cast such vote in person or by proxy.

Except as herein expressly provided, or mandatorily provided by the laws of the State of Vermont, a quorum of any one or more classes or series of stock entitled to vote as a class at any meeting shall consist of a majority of the outstanding shares of such classes or series, as the case may be. If a quorum exists, action on a matter (other than the election of directors) is approved if the votes cast favoring the action exceed the votes cast opposing the action. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present.

No holders of any class or series of stock shall be entitled to receive notice of any meeting of holders of any other class or series of stock at which they are not entitled to vote.

SECTION 7.02. *Pre-emptive Rights.* No holder of any stock, or of rights or options to purchase stock, of the Corporation of any class, now or hereafter authorized, shall have any preferential or preemptive right to purchase or subscribe for any part of any stock of the Corporation, now or hereafter authorized, or any bonds, certificates of indebtedness, debentures, options, warrants or other securities convertible into or evidencing the right to purchase stock of the Corporation, but any such stock or securities convertible into or evidencing the right to purchase stock may at any time be issued and disposed of by the Board of Directors to such purchasers, in such manner, for such lawful consideration and upon such terms as the Board of Directors may, in its discretion, determine without offering any thereof on the same terms or on any terms to all or any shareholders, as such, of the Corporation.

SECTION 7.03. *Scrip Certificates.* No certificates for fractional shares of any class of stock shall be issued. In lieu thereof scrip certificates may be issued by the Corporation representing rights to such fractional shares and exchangeable, when accompanied by other certificates in such amount as to represent in the aggregate one or more full shares of stock, for certificates for full shares of stock. The holders of scrip certificates will not be entitled to any rights as shareholders of the Corporation until the scrip certificates are so exchanged. Such scrip certificates may, at the election of the Board of Directors of the Corporation, be in bearer form, shall be non-dividend bearing, non-voting and shall have such expiration date as the Board of

Directors of the Corporation shall determine at the time of the authorization or issuance of such scrip certificates.

SECTION 7.04. *Amendments of Articles of Incorporation.* Unless otherwise required by law and subject to the rights of any class of stock hereafter created, these Articles may

(a) without any vote or consent of holders of Preferred Stock or Preference Stock, be amended to increase the maximum number of authorized shares of Preferred Stock or Preference Stock and to create and authorize a number of shares of one or more different classes or series of Preferred Stock or Preference Stock with terms and provisions permitted by Section 5.01 or Section 6, as applicable; or

(b) without any vote or consent of holders of Preferred Stock or Preference Stock except as required by the laws of the State of Vermont, be amended in any other respect.

The provisions of these Articles, except as expressly otherwise provided, may be amended or altered by a vote of the holders of a majority of the Common Stock of the Corporation then issued, outstanding and entitled to vote, unless a greater proportion thereof is required by law, in which case such greater proportion will control.

SECTION 7.05. *Prevention of Certain Repurchases of Common Stock.*

(A) Neither the Corporation nor any Subsidiary (as defined in Section 7.06) shall make any purchase or other acquisition, directly or indirectly, in one or more transactions, of any share of Common Stock of the Corporation known by the Corporation to be beneficially owned by any Related Person (as defined in Section 7.06), who has beneficially owned such shares for less than two years prior to the date of such purchase or acquisition, at a price that is greater than the Fair Market Value (as defined in Section 7.06), except as hereinafter expressly provided, unless such purchase or other acquisition is approved by the affirmative vote of the greater of (i) the holders of at least eighty percent (80%) of the outstanding Common Stock of the Corporation, and (ii) the holders of the sum of (a) the number of shares of Common Stock of the Corporation then beneficially owned by such Related Person, plus (b) a majority of the Common Stock of the Corporation not owned by such Related Person. The approval requirements set forth in the preceding sentence must be complied with notwithstanding the fact that no vote may be required or that a lesser percentage may be specified by law or any agreement with any national securities exchange, or otherwise, but compliance with the approval requirements set forth in the preceding sentence shall not be required with respect to any purchase or any other acquisition by the Corporation or any Subsidiary of Common Stock (1) as a part of a tender or exchange offer made on the same terms to all holders of Common Stock or to all holders of less than 100 shares of the Common Stock in compliance with the applicable requirements of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, (2) as part of an open-market purchase program approved by a majority of the Continuing Directors, or (3) from any employee benefit plan of the Corporation.

(B) In addition to any affirmative vote otherwise required by law or the Articles of Incorporation or Bylaws of the Corporation, the affirmative vote of the greater of (1) the holders

of at least eighty percent (80%) of the outstanding Common Stock of the Corporation, and (2) the holders of the sum of the number of shares of Common Stock of the Corporation owned by all Related Persons plus a majority of the Common Stock of the Corporation not owned by any Related Person shall be required to alter, amend or repeal this Section 7.05; provided, however, that such affirmative vote shall not be required for any alteration, amendment or repeal recommended by a majority of the Continuing Directors (as defined in Section 7.06).

In the event of any Business Combination in which the Corporation survives, the phrase "consideration other than cash to be received" as used in subsection (C)(1) of Section 7.06 includes the shares of Common Stock of the Corporation and/or the shares of any other class or series of capital stock of the Corporation retained by the holders of such shares.

(B) Unless a Business Combination shall have been approved by a majority of the Continuing Directors (whether such approval is made prior to or subsequent to the acquisition of beneficial ownership of the Common Stock of the Corporation that caused a Related Person to become a Related Person), then, in addition to any affirmative vote required by law or the Articles of Incorporation or the Bylaws of the Corporation, a Business Combination shall require the affirmative vote of not less than eighty percent (80%) of the Common Stock of the Corporation then issued and outstanding. Such affirmative vote shall be required notwithstanding the fact that no vote may be required, or that a lesser percentage or separate class vote may be specified, by law or in any agreement with any national securities exchange or otherwise.

(C) In addition to the voting requirements set forth in subsection (B) above, unless a Business Combination shall have been approved by a majority of the Continuing Directors, a Business Combination shall require that all of the following conditions be met with respect to the Common Stock of the Corporation, whether or not the Related Person has previously acquired beneficial ownership of any shares of the Common Stock of the Corporation:

1. The aggregate amount of cash and the Fair Market Value, as of the date of the consummation of the Business Combination, of consideration other than cash to be received per share by the holders of Common Stock of the Corporation in connection with such Business Combination shall be at least equal to the highest amount determined under clauses (a), (b), (c), (d) and (e) below:

(a) the highest per-share price (including any brokerage commissions, transfer taxes and soliciting dealers' fees) paid by or on behalf of the Related Person for any share of Common Stock of the Corporation in connection with the acquisition by the Related Person or beneficial ownership of any of its holdings of Common Stock of the Corporation;

(b) the Fair Market Value per share of Common Stock of the Corporation on the Announcement Date or on the Determination Date, whichever is higher;

(c) the price per share equal to the Fair Market Value per share of Common Stock of the Corporation determined pursuant to the immediately preceding clause (b), multiplied by the ratio of (x) the highest per-share price (including any brokerage commissions, transfer taxes and soliciting dealers' fees) paid by or on behalf of the Related Person for any share of Common Stock of the Corporation in connection with the acquisition by the Related Person of beneficial ownership of any of its holdings of Common Stock of the Corporation to (y) the Fair Market Value per share of Common Stock of the Corporation immediately prior to the initial acquisition of any share of Common Stock of the Corporation by such Related Person (as determined by a majority of the Continuing Directors);

A-10

(d) the Company's earnings per share of Common Stock of the Corporation for the four full consecutive fiscal quarters as reported in the most recent consolidated financial statements of the Corporation contained in the Corporation's most recent annual report or quarterly reports filed with the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, immediately preceding the Announcement Date, multiplied by the higher of the then-price/earnings multiple (if any) of such Related Person or the highest price/earnings multiple of the Corporation within the two-year period immediately preceding the Announcement Date (such price/earnings multiples being determined as customarily computed and reported in the financial community); and

(e) the per-share book value of the Common Stock as derived from the most recent consolidated financial statements of the Corporation contained in the Corporation's most recent annual or quarterly report filed with the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended.

2. The consideration to be received by the holders of the Common Stock of the Corporation in a Business Combination shall be (a) in cash or (b) if the shares of the Common Stock of the Corporation beneficially owned by the Related Person shall have been acquired for a consideration in a form other than cash, in the same form and of the same kind as the consideration used to acquire the largest number of shares of the Common Stock of the Corporation previously acquired and beneficially owned by the Related Person.

3. After the Determination Date and prior to the consummation of such Business Combination:

(a) except as approved by a majority of the Continuing Directors, there shall have been no failure to declare and pay at the regular date therefor any full quarterly dividends (whether or not cumulative) payable in accordance with the terms of any outstanding capital stock of the Corporation;

(b) there shall have been no reduction in the annual rate of dividends paid on the Common Stock of the Corporation, except as approved by a majority of the Continuing Directors;

(c) there shall have been an increase in the annual rate of dividends paid on the Common Stock of the Corporation as necessary to reflect any reclassification (including any reverse stock split), recapitalization, reorganization or any similar transaction that has the effect of reducing the number of outstanding shares of Common Stock of the Corporation, unless the failure so to increase such annual rate is approved by a majority of the Continuing Directors;

(d) the Related Person shall not have become the beneficial owner of any additional shares of Common Stock of the Corporation except as part of the transaction that results in such Related Person becoming a Related Person and except in a transaction that would not result in any increase in the Related Person's percentage of Common Stock of the Corporation; and

(e) the Related Person shall have taken steps to ensure that the Corporation's Board of Directors includes at all times representation by Continuing Directors proportionate to the ratio that the Common Stock of the Corporation which from time to time is owned by persons other than the Related Person bears to all Common Stock of the Corporation outstanding at such respective times (with a Continuing Director to occupy any resulting fractional board position).

4. A proxy or information statement complying with the requirements of the Securities Exchange Act of 1934, as amended, or any successor thereto, shall have been mailed to all shareholders of the Corporation at least 45 days prior to the consummation of the Business Combination (whether or not such proxy or information statement is required to be mailed pursuant to the Exchange Act or successor provisions) unless such requirement for a proxy statement is waived by the vote of a majority of the Continuing Directors. The proxy statement shall contain:

(a) at the front thereof, in a prominent place, any recommendations as to the advisability (or inadvisability) of the Business Combination which the Continuing Directors, or any of them, may have furnished in writing; and

(b) if deemed advisable by a majority of the Continuing Directors, an opinion of a reputable investment banking firm as to the fairness (or lack of fairness) of the terms of such Business Combination, from the point of view of the holders of the Corporation's Common Stock other than any Related Person (such investment banking firm to be selected by a majority of the Continuing Directors, to be a firm which has not previously been associated with or rendered services to or acted as manager of an underwriting or as an agent for a Related Person, to be furnished with all information it reasonably requests and to be paid a reasonable fee for its services by the Corporation relating to such opinion).

5. After such Related Person has acquired ownership of not less than five percent (5%) of such outstanding shares of any class or series of Common Stock of the Corporation and prior to the consummation of such Business Combination, and unless approved by a majority of the Continuing Directors, such Related Person shall not have:

(a) received the benefit, directly or indirectly (except proportionately as a shareholder) of any loans, advances, guarantees, pledges or other financial assistance provided by the Corporation, or tax credits or other tax advantages attributable to the Corporation or its activities and provided by law;

(b) made any material change in the Corporation's business or equity capital structure or entered into any contract, arrangement or understanding with the Corporation, or

(c) used any asset of the Corporation as collateral, or compensating balances, directly or indirectly, for any obligation of such Related Person.

(D) A majority of the Continuing Directors shall have the power and duty to determine for the purposes of Sections 7.05, 7.06 and 7.07, on the basis of information known to

them after reasonable inquiry, (1) whether a Person is a Related Person, (2) the number of shares of Common Stock of the Corporation or other securities beneficially owned by any Person, (3) whether a Person is an Affiliate or Associate of another, (4) whether the assets that are the subject of any Business Combination have, or the consideration to be received for the issuance or transfer of securities by the Corporation or any Subsidiary in any Business Combination has, an aggregate Fair Market Value of \$5,000,000 or more, (5) whether the assets or securities that are the subject of any Business Combination constitute a Substantial Part, (6) whether a Person has an agreement, arrangement or understanding with another as to the matters referred to in subsection (C) of this Section 7.06, (7) whether two or more Persons constitute a group as referred to in subsection (A)(11) of this Section 7.06; (8) whether a mortgage or pledge is not made to avoid the requirements of subsection (A)(5) of this Section 7.06, and (9) any other matters with respect to which a determination is required under Sections 7.05, 7.06 and 7.07. Any such determination made in good faith shall be binding and conclusive on all parties.

(E) Nothing contained in this Section 7.06 shall be construed to relieve any Related Person from any fiduciary obligations imposed by law.

(F) The fact that any Business Combination complies with the provisions of this Section 7.06 shall not be construed to impose any fiduciary duty, obligation or responsibility on the Board of Directors, or any member thereof, to approve such Business Combination or to recommend its adoption or approval to the shareholders of the Corporation, nor shall such compliance limit, prohibit or otherwise restrict in any manner the Board of Directors, or any member thereof, with respect to evaluations of any actions and response taken with respect to such Business Combination.

(G) All references herein to the price of, Fair Market Value of, or dividends paid on Common Stock of the Corporation shall refer to such price, Fair Market Value or dividends as adjusted for any subsequent stock splits, stock dividend, subdivision or reclassification with respect to the Common Stock of the Corporation.

(H) A Business Combination shall be subject to the requirements of this Section notwithstanding the fact that at any time no Continuing Director may be a member of the Board of Directors.

(I) In addition to any affirmative vote otherwise required by law or by the Articles of Incorporation or Bylaws of the Corporation, the affirmative vote of the holders of at least eighty percent (80%) of the Common Stock of the Corporation then issued and outstanding shall be required to alter, amend or repeal this Section 7.06; provided, however, that such eighty percent (80%) affirmative vote shall not be required for any alteration, amendment, or repeal recommended by a majority of the Continuing Directors.

SECTION 7.07. Factors to be Considered in Connection with Proposals for Mergers and Certain Other Business Combination. The Board of Directors, in evaluating any proposal by another party to (a) make a tender or exchange offer for any securities of the Corporation, or (b) effect a Business Combination (as defined in Section 7.06), whether with or by a Related Person (as defined in Section 7.06) or otherwise, shall, in connection with the exercise of its judgment as to what is in the best interest of the Corporation and its shareholders, give due consideration to the following:

(A) the consideration to be received by the Corporation for its shareholders in connection with such transaction in relation not only to the then-current market price for the outstanding Common Stock of the Corporation, but also to the market price for the Common Stock of the Corporation over a period of years, the estimated price that might be achieved in a negotiated sale of the Corporation as a whole or in part through orderly liquidation, the premiums over market price for the securities of other corporations in similar transactions, current political, economic and other factors bearing on securities prices and the Corporation's financial condition, future prospects and future value as an independent corporation;

(B) the character, integrity and business philosophy of the other party or parties to the transactions and the management of such party or parties;

(C) the business and financial conditions and earnings prospects of the other party or parties to the transactions, including, but not limited to, debt service and other existing or likely financial obligations of such party or parties, the intention of the other party or parties to the transaction regarding the use of the assets of the Corporation to finance the acquisition and the possible effect of such conditions upon the Corporation and its Subsidiaries and the other elements of the communities in which the Corporation and its Subsidiaries operate or are located;

(D) the projected social, legal and economic effects of the proposed action or transaction upon the Corporation or its Subsidiaries, its employees, suppliers, customers and others in similar relationships with the Corporation, and upon the communities in which the Corporation and its Subsidiaries do business;

(E) the general desirability of the continuance of the Corporation as an independent entity; and

(F) such other factors as the Continuing Directors (as defined in Section 7.06) may deem relevant.

In addition to any affirmative vote otherwise required by law or the Articles of Incorporation or Bylaws of the Corporation, the affirmative vote of the holders of at least eighty percent (80%) of the Common Stock of the Corporation then issued and outstanding shall be required to alter, amend or repeal this Section 7.07: *provided, however*, that such eighty percent (80%) affirmative vote shall not be required for any alteration, amendment, or repeal recommended by a majority of the Continuing Directors (as defined in Section 7.06).

SECTION 8

SECTION 8.01. The payment of dividends upon the Common Stock of the Corporation shall be made only from earned surplus accruing subsequent to December 31, 1949.

SECTION 9

SECTION 9.01. The Board of Directors of the Corporation is authorized to issue from time to time all or any part of the capital stock of the Corporation authorized by these Amended and Restated Articles of Incorporation, for such lawful consideration as may be determined by the Board of Directors.

SECTION 10

SECTION 10.01. If any provisions of these Amended and Restated Articles of Incorporation is held invalid, the remainder of said articles shall not be affected thereby.

SECTION 11

SECTION 11.01 The Board of Directors shall consist of such number of individuals as shall be specified in or fixed in accordance with the bylaws of the Corporation. Directors may be removed with or without cause.

SECTION 11.02 If any vacancies occur on the Board of Directors by reason of (i) the death of any director, (ii) the resignation of any director, or (iii) the retirement or removal from office of any director, all the directors then in office, although less than a quorum may by a majority vote of the directors in office choose a successor or successors. Unless sooner displaced, the directors so chosen shall hold office until the election of their successors at the next annual meeting of shareholders. If the directors remaining in office after the occurrence of a vacancy shall be unable by a majority vote of the directors in office to fill such vacancy within thirty (30) days of the occurrence thereof, the president or the secretary may call a special meeting of the shareholders at which such vacancy shall be filled. Any directorship to be filled by reason of an increase in the number of directors shall be filled at a special meeting of shareholders called for that purpose or in the event no such special meeting is so called, then at the next annual meeting.

SECTION 12

SECTION 12.01. These Amended and Restated Articles of Incorporation supersede the Amended and Restated Articles of Incorporation, dated as of May 27, 2004, and all amendments thereto.
