CYBERADS, INC.

Notes to Consolidated Financial Statements
March 31, 2005

1. Summary of significant accounting policies

Business: CyberAds, Inc. ("CyberAds") was incorporated in the state of Florida on April 12, 2000. In 2004, the Company earned commissions from selling approved contracts to subscribers for cellular telephone service. In 2005, management of the Company has devoted their attention toward seeking profitable products.

Principles of consolidation: The accompanying consolidated financial statements include the accounts of CyberAds and it's wholly owned subsidiary IDS. All significant intercompany balances have been eliminated in consolidation. The operations of IDS are currently dormant.

Interim reporting: The Company's year-end for accounting and tax purposes is December 31. In the opinion of Management, the accompanying consolidated financial statements as of March 31, 2005 and 2004 and for the three months then ended, consisting of only normal recurring adjustments, except as noted elsewhere in the notes to the consolidated financial statements, necessary to present fairly its financial position, results of its operations and cash flows. The results of operations for the three months ended March 31, 2005 and 2004 are not necessarily indicative of the results to be expected for the full year.

Property and equipment: Property and equipment are stated at cost less accumulated depreciation. Depreciation is provided for over the estimated useful life of the assets of five to seven years. Leasehold improvements are amortized over the lesser of the original term of the related lease or their estimated useful life.

Marketing rights: Marketing rights are stated at cost and will be amortized over 10 years, the term of the rights.

Revenue recognition: In 2004, the Company recorded revenue on a "net" basis when contracts were submitted to master dealers. The phones were shipped from the dealers to the subscriber and the Company did not bear the risk of loss on the cellular phone.

Share based payments: The Company uses a fair value based method of accounting for stock based compensation to employees. The Company also accounts for stock options and warrants issued to non-employees for services under the fair value method of accounting.

Net income (loss) per common share: Net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of common shares outstanding during the period. The weighted average number of common stock shares outstanding was 26,594,865 for the three months ended March 31, 2005 (18,325,777 for the three months ended March 31, 2004). Convertible debentures, convertible preferred stock, common stock options, and common stock to be issued

Accordingly, upon settlement, actual results may differ from estimated amounts.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS:

Management's discussion and analysis should be read in conjunction with the financial statements and the notes thereto.

RESULTS OF OPERATIONS

Three months ended March 31, 2005 compared to the three months ended March 31, 2004:

During the three months ended March 31, 2005, the Company was actively seeking companies in which to merge or invest as well as reselling rights to market the Xboard(TM), a jet-powered personal watercraft.

There were no revenues for the three months ended March 31, 2005 compared to revenues of \$145,000 for the three months ended March 31, 2004. Revenues for 2004 consisted of commissions earned from selling contracts to subscribers for cellular telephone service, however, the Company is no longer engaged in that business. During the three months ended March 31, 2005, the Company resold rights to market the Xboard(TM) and collected \$10,000, however, the equipment is not yet available. Accordingly, the Company has reported those sales as unearned revenue.

Marketing expenses for the three months ended March 31, 2005 aggregated \$695,000 compared to no marketing expenses for the three months ended March 31, 2004. Marketing expenses for 2005 were share based payments relating to the resale of rights to market the Xboard(TM). General & administrative expense for the three months ended March 31, 2005 aggregated \$1,412,715 compared to \$104,842 for the three months ended March 31, 2004. The difference of \$1,307,873 consisted of share based payments of \$1,378,000 in 2005 for consulting and management expenses incurred in connection with the Company seeking other companies in which to merge or invest.

FINANCIAL POSITION & LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2005 compared to December 31, 2004:

The Company's total assets as of March 31, 2005 were \$178,683 compared to \$22,756 as of December 31, 2004. The increase of \$155,927 consisted of the acquisition of \$145,000 of rights to market the Xboard(TM) and cash received from the resale of those marketing rights.

The Company's current liabilities as of March 31, 2005 were \$2,628,103

Edgar Filing: CYBERADS INC - Form 10QSB

compared to \$2,623,105 as of December 31, 2004. However, total liabilities aggregated \$2,813,744 compared to \$2,623,105 as of December 31, 2005. The increase of \$185,644 was due entirely to advances received from a shareholder for cash flow purposes and to acquire the rights to market the Xboard(TM). The shareholder who provided the advances has agreed not to demand repayment before June 2006 and unless cash is available from a merger, capital stock exchange, asset acquisition, or other business combination, or from operations.

10

ITEM 3. CONTROLS AND PROCEDURES

As of September 30, 2004 the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and President, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-14 of the Securities Exchange Act of 1934. Based upon that evaluation, these principal executive officers and principal financial officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company, including its consolidated subsidiaries, required to be included in the Company's periodic SEC filings.
