Advisory Resolution To Approve Executive Compensation (Proposal No. 2)

We are requesting that the stockholders approve, on an advisory basis, the compensation of the Named Executive Officers as disclosed in this Proxy Statement. The Board recommends a vote FOR Proposal No. 2 as it believes that the 2012 compensation decisions are consistent with key objectives of Kimco's executive compensation program: to promote long-term performance through emphasis on the individual performances and achievements of our executive officers, commensurate with our business results and to successfully execute our vision as the premier owner and operator of retail shopping centers with our core business operations focusing on owning and operating neighborhood and community shopping centers through investments in the United States, Canada and Latin America. This proposal was supported by over 99% of the votes cast in 2012 and 2011. Please see the Compensation Discussion and Analysis, Summary

Compensation Table and other tables and disclosures beginning on page 21 of this Proxy Statement for a full discussion of our executive compensation.

Performance Highlights

Despite continued challenges and uncertainties in the global economy and capital markets, we were able to deliver improved financial results and make progress on our business development strategies. Highlights of the 2012 fiscal year included:

- Achieved funds from operations (FFO), as adjusted (non-GAAP) of \$510.4 million or \$1.26 per diluted share for the full year 2012, representing a 5 percent increase per diluted share over 2011 FFO, as adjusted. See Annex A starting on page 50 for a reconciliation of net income to FFO, as adjusted.
- Ended December 31, 2012 with gross occupancy in the total combined shopping center portfolio of 94.0 percent, representing an increase of 70 basis points on a sequential basis.
- Executed 2,678 leases, renewals and options totaling over 10.0 million square feet in the combined shopping center portfolio.
- Acquired 24 shopping center properties, five outparcels and 69 net leased parcels comprising an aggregate 3.1 million square feet of GLA in 2012.
- Disposed of 62 operating properties, five land parcels and four outparcels.
- Monetized non-retail assets of \$83.0 million and reduced its non-retail book values by \$114.1 million to \$398.4 million, representing less than 3.5% of total assets, before depreciation.
- Reduced net debt to EBITDA, as adjusted (non-GAAP) from 6.2x to 5.7x further strengthening the balance sheet and executed over \$2 billion of capital raising during 2012 primarily used for the refinancing and repayment of debt and redemption of higher coupon perpetual preferred stock. See Annex A starting on page 50 for a reconciliation of net income to EBITDA, as adjusted.

This Proxy Statement contains important information regarding our Meeting, the proposals on which you are being asked to consider and vote upon, information you may find useful in determining how to vote, and information about voting procedures. As used in this Proxy Statement, we, us, our, Kimco or the Company refer to Kimco Realty Corporation, a Maryland corporation.

This solicitation is made by the Company on behalf of the Board of Directors of the Company (the Board of Directors). Costs of this solicitation will be borne by the Company. Directors, officers, employees and agents of the Company and its affiliates may also solicit proxies by telephone, telegraph, fax, e-mail or personal interview. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to stockholders. The Company will pay fees of approximately \$7,000 to Alliance Advisors, L.L.C. for soliciting proxies for the Company.

Holders of our common stock, par value \$0.01 per share (Common Stock) at the close of business on March 1, 2013, the record date, may vote at the Meeting. We refer to the holders of our Common Stock as stockholders throughout this Proxy Statement. Each stockholder is entitled to one vote for each share of Common Stock held as of the close of business on the record date. At the close of business on March 1, 2013, the record date for the Meeting, there were 408,488,489 shares of Common Stock issued and outstanding. The presence at the Meeting, in person or by proxy, of holders of a majority of such shares will constitute a quorum for the transaction of business at the Meeting.

Stockholders can vote in person at the Meeting or by authorizing a proxy. There are three ways to authorize a proxy to vote your share:

- By Telephone - Stockholders located in the United States can authorize their proxy by telephone by calling 1-800-690-6903 and following the instructions on the proxy card; or
- By Internet - Stockholders can authorize their proxy over the Internet at www.proxyvote.com by following the instructions on the proxy card; or

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. (EDT) on April 29, 2013.

Voting Instructions

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet proxy authorization also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Meeting in order to vote.

If you authorize a proxy to vote your shares, the individuals named on the proxy card or authorized by you by telephone or internet (your proxies) will vote your shares in the manner you indicate. If you sign and return the proxy card or authorized your proxies by telephone or internet without indicating your instructions, your shares will be voted as follows:

FOR the election of all nominees for director (see Proposal 1); **FOR** the advisory resolution to approve the Company's executive compensation (see Proposal 2); **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2013 (see Proposal 3); and in the discretion of the proxy holder on any other matter that may properly come before the Meeting.

To be voted, proxies must be filed with the Secretary of the Company prior to the Meeting. Proxies may be revoked at any time before exercise at the Meeting (i) by filing a notice of such revocation with the Secretary of the Company, (ii) by filing a later-dated proxy with the Secretary of the Company or (iii) by voting in person at the Meeting. Dissenting stockholders will not have rights of appraisal with respect to any matter to be acted upon at the Meeting.

If you own shares through a broker or other nominee in street name, you may instruct your broker or other nominee as to how to vote your shares (at least ten days prior to the Meeting). A broker non-vote occurs when you fail to provide a broker or other nominee with voting instructions and a broker or other nominee does not have the discretionary authority to vote your shares on a particular matter because the matter is not a routine matter under the New York Stock Exchange (NYSE) rules. Broker non-votes and abstentions will be counted for purposes of calculating whether a quorum is present at the Meeting. The vote required for each proposal is listed below:

	Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal 1	Election of nine directors	Majority of the votes cast with respect to a nominee (see page 12 for further detail)	No
Proposal 2	Advisory resolution to approve of the Company's executive compensation	Majority of the votes cast on the proposal	No
Proposal 3	Ratification of auditors for fiscal year 2013	Majority of the votes cast on the proposal	Yes

With respect to Proposals 2 and 3, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposals 2 or 3, the abstention will have no effect because it will not be a vote cast.

With respect to Proposal 1, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or FOR all nominees except those specific nominees from whom you WITHHOLD your vote. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The nominees receiving the majority of votes cast will be elected as directors (i.e., the number of shares voted for a director must exceed the number of votes withheld for that director).

The U.S. Securities and Exchange Commission's rules permit us to deliver a single Notice of Internet Availability or set of Meeting materials to one address shared by two or more of our stockholders. We have delivered only one Proxy Statement and annual report to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. General Information About the Board of Directors

Term of Office. All directors of the Company serve terms of one year and until the election and qualification of their respective successors.

Attendance at Board of Directors and Committee Meetings and 2012 Annual Meeting. The Board of Directors met seven times in person or telephonically in 2012. Attendance at Board and Committee meetings during 2012 averaged over 90% for directors as a group, and no director attended fewer than 75% of the aggregate of the total meetings of the Board and of the Committees on which each director serves. All of the directors of the Board of Directors were in attendance at the 2012 Annual Meeting of Stockholders held on May 1, 2012. Our director attendance policy is included in our Corporate Governance Guidelines, which are available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Communications with Directors. The Audit Committee and the non-management directors have established procedures to enable anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Board of Directors, the Lead Independent Director, the non-management directors or the Audit Committee. Such communications may be confidential or anonymous, and may be submitted in writing to the Board of Directors, the Lead Independent Director or the non-management directors by sending a letter by mail addressed to the Board of Directors, the Lead Independent Director or the non-management directors c/o Secretary of the Company, Kimco Realty Corporation, 3333 New Hyde Park Road, New Hyde Park, New York, 11042-0020. The Board of Directors has designated Richard G. Dooley as its Lead Independent Director to review these communications and present them to the entire Board of Directors or forward them to the appropriate directors.

Director Independence

Our Board of Directors has adopted a formal set of categorical independence standards for directors. These categorical standards specify the criteria by which the independence of our directors will be determined, including guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. These categorical standards meet, and in some areas exceed, the listing standards of the NYSE. The Board of Directors' categorical standards are available along with our Corporate Governance Guidelines on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

In accordance with these categorical standards and the NYSE listing standards, the Board of Directors undertook its annual review of the independence of its directors on February 5, 2013. During this review, the Board of Directors considered transactions and relationships between each director or members of his or her immediate family and the Company. The Board of Directors also considered whether there were any transactions or relationships between directors or members of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). The purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director is independent.

As a result of this review, the Board of Directors affirmatively determined that the following nominees for director are independent of the Company and its management under the standards set forth in the categorical standards and the NYSE listing standards:

Philip E. Coviello	Richard G. Dooley
Joe Grills	F. Patrick Hughes
Frank Lourenso	Colombe M. Nicholas
Richard Saltzman	

In making these determinations, the Board of Directors considered the relationships and transactions described under the caption "Certain Relationships and Related Transactions" beginning on page 44.

In addition, none of the directors' family members serves as an executive officer of the Company.

Corporate Governance

Board Leadership Structure. The Board of Directors has separated the roles of the Executive Chairman of the Board of Directors and the CEO in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Executive Chairman of the Board of Directors provides guidance to the CEO, establishes the agenda for Board of Directors meetings in consultation with the CEO and presides over meetings of the full Board of Directors. Because Mr. Cooper, the Executive Chairman, is an employee of the Company and is therefore not independent, the Board of Directors has appointed the Chairman of the Nominating and Corporate Governance Committee, Richard G. Dooley, as Lead Independent Director to preside at all executive sessions of non-management directors, as defined under the NYSE Listed Company Manual.

Stock Ownership Guidelines. The Board of Directors adopted revised stock ownership guidelines in July 2012 for non-employee directors and executive officers that require each non-employee director and executive officer to own shares of our Common Stock. Under the guidelines, all current non-employee directors must own shares of our Common Stock with a value equal to five times the annual Board retainer. Executive officers must own shares of our Common Stock with a value equal to a certain multiple of his or her base salary. Our Executive Chairman must own shares of our Common Stock with a value equal to five times base salary, our CEO must own shares of our Common Stock with a value equal to five times base salary, our Chief Operating Officer must own shares of our Common Stock with a value equal to three times base salary, and our Chief Financial Officer must own shares of our Common Stock with a value equal to two times base salary. Equity interests that count toward the satisfaction of the ownership guidelines include shares owned outright, shares jointly owned, and restricted shares and shares held in a 401(k) retirement plan. Directors and executive officers have five years from the date they become a member of the Board of Directors to attain these ownership levels or until December 31, 2014 to meet the ownership levels, whichever is later. We believe that all of our directors and executive officers, with the exception of Ms. Nicholas who joined the Board of Directors in 2011, are currently in compliance with the stock ownership requirements.

Director Continuing Education. The Company maintains a program of continuing education for directors. In 2012, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics, including issues applicable to particular committees of the Board of Directors. These sessions included detailed presentations on these matters and discussions on each of the covered topics.

Clawback Policy. The Company may seek repayment of cash and equity incentive compensation paid to named executive officers (NEOs) in the event of a material misstatement of the Company's financial results where an NEO engaged in actual fraud or willful unlawful misconduct that materially contributed to the need to restate. Where the Executive Compensation Committee of the Board of Directors determines that these circumstances exist, the Committee may direct the Company to recover the after-tax portion of the difference between the compensation actually paid or awarded and the compensation calculated using the restated financial statements, based upon the Committee's view of all relevant facts and circumstances and the best interests of the Company.

Risk Oversight. Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and establishing appropriate risk management practices. Our Board of Directors reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

Our Board of Directors administers its risk oversight function with respect to our operating risk as a whole, and meets with management at least quarterly to receive updates with respect to our operations, business strategies and the monitoring of related risks. The Board of Directors also delegates oversight to the Audit, Executive Compensation and Nominating and Corporate Governance Committees to oversee selected elements of risk:

- Our Audit Committee selects and engages our independent registered public accounting firm and oversees financial risk exposures, including monitoring the integrity of the financial statements, internal controls over financial reporting and the independence of the independent auditor of the Company. The Audit Committee receives a risk and internal controls assessment report from the Company's internal auditors on at least an annual basis and more frequently as appropriate. The Audit Committee also assists the Board of Directors in fulfilling its oversight responsibility with respect to compliance with legal and regulatory matters related to the

Company's financial statements and meets quarterly with our financial management, independent auditors and legal advisors for updates on risks related to our financial reporting function. The Audit Committee also monitors our whistleblower hot line with respect to financial reporting matters. The Audit Committee also oversees financial, credit and liquidity risk by working with our treasury function to evaluate elements of financial and credit risk and advises on our financial strategy, capital structure and long-term liquidity needs, and the implementation of risk mitigating strategies. Individuals who supervise day-to-day risk in this area have direct access to the Board of Directors, and the Company's Chief Financial Officer meets regularly with our Audit Committee to discuss and advises on elements of risks related to our credit risk and function.

- Our Executive Compensation Committee oversees risk management by participating in the creation of compensation structures that create incentives that support an appropriate level of risk-taking behavior consistent with the Company's business strategy.
- Our Nominating and Corporate Governance Committee oversees governance related risks by working with management to establish corporate governance guidelines applicable to the Company, including recommendations regarding director nominees, the determination of director independence, Board of Directors leadership structure and membership on Board of Directors Committees. The Company's Nominating and Corporate Governance Committee also oversees risk by working with management to adopt a code of ethics designed to support the highest standards of business ethics.

Our Board of Directors and Committees' risk oversight responsibilities are discussed further in Committees of the Board of Directors below.

Audit Committee. The Audit Committee currently consists of Mr. Hughes, who is chairman of the Audit Committee, and Messrs. Dooley, Grills and Coviello, all of whom are independent directors. Six meetings of the Audit Committee were held in person or telephonically during 2012. Messrs. Hughes, Dooley, Grills and Coviello are each an audit committee financial expert, as determined by the Board of Directors in accordance with Item 407(d)(5) of Regulation S-K, and are independent from the Company as defined by the current listing standards of the NYSE. The Audit Committee operates under a written charter, as amended,

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

adopted by the Board of Directors. A copy of the Audit Committee Charter, as amended, is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities as related to the Company's risk management processes. The Board of Directors and Audit Committee oversee (i) the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and

financial controls; (ii) the performance of the internal audit function; (iii) the annual independent integrated audit of the Company's consolidated financial statements and internal control over financial reporting, the engagement of the independent registered public accounting firm and the evaluation of the independent registered public accounting firm's qualifications, independence and performance; (iv) policy standards and guidelines for risk assessment and risk management; (v) the Company's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures; and (vi) the fulfillment of the other responsibilities set out in the Audit Committee Charter, as adopted by the Board of Directors. The Audit Committee receives regular reports from management regarding the Company's assessment of risks. In addition, the Audit Committee reports regularly to the Board of Directors. The Board of Directors and Audit Committee focus on the Company's general risk management strategy, and also ensure that risks undertaken by the Company are consistent with the business strategies approved by the Board of Directors. While the Board of Directors oversees the Company's risk management, management is responsible for the day-to-day risk management processes and reports directly to both the Board of Directors and Audit Committee on a regular basis and more frequently as appropriate. The Board of Directors believes this division of responsibilities is the most effective approach for addressing the risks facing the Company.

Executive Compensation Committee. The Executive Compensation Committee currently consists of Mr. Grills, who is chairman of the Executive Compensation Committee, and Messrs. Dooley, Hughes, Saltzman and Coviello and Ms. Nicholas, all of whom are independent directors. The Board of Directors has established an Executive Compensation Committee to: (i) review (in consultation with management or the Board of Directors) and recommend to the Board of Directors for approval and evaluate the compensation plans, policies and programs of the Company, especially those regarding executive compensation; and (ii) determine the compensation of the chief executive officer and all other executive officers of the Company.

More specifically, the Executive Compensation Committee annually reviews and approves corporate goals and objectives relevant to the total direct compensation - that is, changes in base salary, bonus payments and equity awards - of the CEO. For other NEOs, the Executive Compensation Committee reviews their performance against these goals and objectives and, based on its evaluation, approves their total direct compensation. The details of the processes and procedures involved are described in the Compensation Discussion and Analysis beginning on page 21.

Five meetings of the Executive Compensation Committee were held in person or telephonically during 2012. The Executive Compensation Committee operates under a written charter adopted by the Board of Directors. A copy of the Executive Compensation Committee Charter is on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

The Board of Directors and Executive Compensation Committee, in consultation with management, have reviewed the design and operation of the Company's incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards, and evaluated the relationship between the Company's risk management policies and practices and these arrangements. As a result of this review, management has determined, and the Board of Directors has affirmed management's determination, that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company because they do not encourage the Company's employees to take excessive or unnecessary risks. The Executive Compensation Committee believes that the combination of the Company's (i) balanced approach to compensation, (ii) reliance on a variety of performance measures and (iii) use of both quantitative and qualitative assessments of performance reflected in the Company's compensation program is consistent with the Company's objectives and risk profile. Accordingly, the performance objectives in the Company's annual incentive compensation plan are balanced with those contained in the Company's long-term incentive compensation plan to ensure that both are aligned and consistent with the Company's long-term business plan. The Company's mix of equity-based awards has been allocated to ensure an appropriate combination of incentive and retention objectives, and the Company has established stock ownership guidelines to ensure that the interests of the Company's executive officers are aligned with the interests of the Company's stockholders.

In reaching its conclusion that the Company's compensation policies and practices do not encourage excessive and unnecessary risk taking, the Executive Compensation Committee considered several factors including salaries, bonuses and equity awards. The Company's benefits and retirement plans are not linked to performance. There is an annual performance-based bonus program for employees that provides a discretionary award based on the respective level in the Company, individual performance and overall Company performance. While the Company's bonus program for its leasing personnel is tied to personal production for new lease deals and renewals, management is comfortable that this bonus opportunity fairly incentivizes leasing personnel without being excessive. In addition, executive bonuses and equity awards are based on certain performance measures (established by the Executive Compensation Committee and management) including, but not limited to, funds from operations, results from operations, contributions from real estate investment programs, financial considerations, individual performance and enterprise-wide performance. The Company's

long-term equity awards consist primarily of performance shares, restricted stock and stock options. These awards are intended to further link recipients' interests with stockholder interests. The Company's Executive Severance Plan with its NEOs and certain members of management, as well as the Company's employment agreement with Mr. Cohen which expired January 31, 2012, also provide severance protections. Since there are no performance-based aspects of these severance arrangements, and the Company generally retains the ability to terminate an executive for cause without triggering severance, the Executive Compensation Committee does not believe these agreements encourage excessive risk-taking. The Executive Compensation Committee believes that it is not overly reliant on any single measure of performance and assesses actual results against each performance measure as well as taking into account overall performance against targets. In addition to the quantitative performance measures, the Executive Compensation Committee also assesses the broader business environment and relative performance of the Company to evaluate individual performance. Finally, the Executive Compensation Committee considers changes in the business, industry and capital markets environment in determining compensation policies and practices.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Mr. Dooley, who is chairman of the Nominating and Corporate Governance Committee, and Messrs. Grills, Hughes, Saltzman and Coviello and Ms. Nicholas, all of whom are independent directors. The functions of the Nominating and Corporate Governance Committee include recommending candidates for annual election to the Board of Directors and filling vacancies on the Board of Directors that may arise from time-to-time and senior management succession. The Nominating and Corporate Governance Committee is not limited to any specific process in identifying candidates and will consider candidates suggested by other members of the Board of Directors, as well as candidates recommended by stockholders. Such recommendations should include the name and address and other pertinent information about the candidate as is required to be included in the Company's Proxy Statement. Recommendations should be submitted to the Secretary of the Company. In addition, the Nominating and Corporate Governance Committee is authorized to retain search firms and other consultants to assist it in identifying candidates and fulfilling other duties.

As described in the Company's Corporate Governance Guidelines, consideration is given to assuring that the Board of Directors, as a whole, considers diversity in its broadest sense, including persons diverse in geography, gender and ethnicity as well as representing diverse experiences, skills and backgrounds. We believe a diverse group can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment. The Board of Directors and Nominating and Corporate Governance Committee take into account many factors in recommending candidates for a director position. These factors include, but are not limited to, the ability to make independent analytical inquiries; general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment; understanding of the Company's business on a technical level; other board service and educational and professional background. In addition, each candidate nominee must possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The Board of Directors and the Nominating and Corporate Governance Committee evaluate each individual candidate by considering all appropriate factors as a whole. The Company's approach favors active deliberation rather than using rigid formulas to assign relative weights to these factors. Following the end of each fiscal year, the Nominating and Corporate Governance Committee establishes the criteria for and conducts an annual assessment of the performance of the Board of Directors with respect to these factors. Consideration of other corporate governance principles or modifications of such principles may also be discussed at that time.

The Nominating and Corporate Governance Committee is also responsible for ensuring that the Company adheres to good corporate governance principles and for developing and implementing the Company's (i) Corporate Governance Guidelines that apply to all of its directors and management and (ii) Code of Business Conduct and Ethics (Code of Ethics) for all of its directors and employees. The Nominating and Corporate Governance Committee is also charged with the task of ensuring the Company's compliance with all NYSE listing requirements. Three meetings of the Nominating and Corporate Governance Committee were held in person or telephonically during 2012. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors. Copies of the Nominating and Corporate Governance Committee charter, the Corporate Governance Guidelines, and the Code of Ethics are available on the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests it.

The Nominating and Corporate Governance Committee is responsible for reviewing the leadership structure of the Board of Directors. As part of this review, the Committee evaluates (i) whether to have a Lead Independent Director, (ii) the responsibilities of the positions of Chairman of the Board of Directors and Lead Independent Director, and (iii) the qualifications for those positions, including whether the position of Chairman of the Board of Directors should be held by the CEO, an independent director, or a non-independent director other than the CEO. The Committee makes its recommendation to the full Board of Directors, which is responsible for approving the leadership structure of the Board of Directors. The Board of Directors has named Richard G. Dooley as its Lead Independent Director. In this capacity, Mr.

Dooley is designated to chair executive sessions of the Company's Non-Management Directors and to act as a liaison between management and other independent directors.

Meetings of Non-Management Directors. The Non-Management Directors meet in executive session at each in-person Board of Directors meeting, and more frequently if necessary. Non-Management Directors are all those Directors who are not employees of the Company. The Non-Management Directors consist of Messrs. Dooley, Grills, Hughes, Lourenso, Saltzman and Coviello and Ms. Nicholas.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

We pay our NEOs using salary, annual incentive and equity awards. We seek to pay our NEOs in a way that encourages long-term increases in stockholder value and long-term employee retention. We also recognize that our NEO pay must compete with what comparable employers pay. For 2012, our NEOs were:

- Milton Cooper, Executive Chairman of the Board of Directors;
- David B. Henry, Vice Chairman of the Board of Directors, President and Chief Executive Officer;
- Michael V. Pappagallo, Executive Vice President and Chief Operating Officer;
- Glenn G. Cohen, Executive Vice President, Chief Financial Officer and Treasurer; and
- Barbara M. Pooley, former Executive Vice President and Chief Administrative Officer.*

Our Board of Directors has an Executive Compensation Committee (the Committee) that administers and monitors what and how we pay our NEOs and other executives. The Committee held five meetings in person or by phone during 2012. The Committee is comprised of Joe Grills (Chairman), Philip Coviello, Richard Dooley, F. Patrick Hughes, Colombe M. Nicholas, and Richard Saltzman. We encourage feedback from our stockholders regarding our executive compensation program. In 2012, over 99% of the votes cast in our Say on Pay advisory vote approved the proposal.

For us, 2012 was a year of continuing economic challenges and uncertainty. Our senior management team worked to strategically position Kimco for long-term performance by focusing their efforts on strengthening our domestic and international portfolios, maintaining our capital and liquidity positions, and operating competitively. Our compensation decisions in 2012 emphasized rewarding corporate / financial performance and individual performances and achievements of our NEOs, commensurate with our business results, to successfully execute our vision as the premier owner and operator of retail shopping centers with our core business operations focusing on owning and operating neighborhood and community shopping centers through investments in the United States, Canada and Latin America.

Executive Summary

Our Business

Kimco Realty Corporation is one of the nation's largest publicly-traded owners and operators of neighborhood and community shopping centers. As of December 31, 2012, the Company had interests in 896 shopping center properties aggregating 131.3 million square feet of gross leasable area (GLA) and 829 other property interests, primarily through the Company's preferred equity investments, other real estate investments and non-retail properties, totaling 26.6 million square feet of GLA, for a grand total of 1,725 properties aggregating 157.9 million square feet of GLA, located in 44 states, Puerto Rico, Canada, Mexico, Chile, Brazil and Peru.

2012 Business Highlights

Despite continued challenges and uncertainties in the global economy and capital markets, we were able to deliver improved financial results and make progress on our business development strategies. Highlights of the 2012 fiscal year included:

- Achieved funds from operations (FFO), as adjusted (non-GAAP) of \$510.4 million or \$1.26 per diluted share for the full year 2012, representing a 5 percent increase per diluted share over 2011 FFO, as adjusted. See Annex A starting on page 50 for a reconciliation of net income to FFO, as adjusted.
- Ended December 31, 2012 with gross occupancy in the total combined shopping center portfolio of 94.0 percent, representing an increase of 70 basis points on a sequential basis.

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

- Executed 2,678 leases, renewals and options totaling over 10.0 million square feet in the combined shopping center portfolio.

* The Company entered into a separation and release agreement with Ms. Pooley on January 18, 2012 governing the terms of her departure from the Company on January 13, 2012. As of January 13, 2012, Ms. Pooley was no longer an employee of the Company. Substantially all of Ms. Pooley's 2012 compensation related to severance payments made under the terms of the agreement, which is discussed in "Potential Payments upon Termination or Change in Control" below. Consequently, the discussion of 2012 compensation decisions in this Compensation Discussion & Analysis (CD&A) is generally inapplicable to Ms. Pooley. To simplify the information presented, references to our NEOs in this CD&A and the related tables and narrative disclosures exclude Ms. Pooley unless the context otherwise indicates.

- Acquired 24 shopping center properties, five outparcels and 69 net leased parcels comprising an aggregate 3.1 million square feet of GLA in 2012.
- Disposed of 62 non-strategic operating properties, five land parcels and four outparcels.
- Monetized non-retail assets of \$83.0 million and reduced its non-retail book values by \$114.1 million to \$398.4 million, representing less than 3.5% of total assets, before depreciation.
- Reduced net debt to EBITDA, as adjusted (non-GAAP) from 6.2x to 5.7x further strengthening the balance sheet and executed over \$2 billion of capital raising during 2012 primarily used for the refinancing and repayment of debt and redemption of higher coupon perpetual preferred stock. See Annex A starting on page 50 for a reconciliation of net income to EBITDA, as adjusted.

Executive Compensation and Corporate Governance Highlights

Our compensation philosophy and corporate governance standards are designed to align executive compensation with long-term stockholder interests:

- We maintain a majority vote for the election of directors (uncontested elections).
- The leadership structure of our Board of Directors consists of an Executive Chairman, a Vice Chairman (who is also our President and CEO), a Lead Independent Director, who is elected by the independent directors, and knowledgeable committee chairs with appropriate experience.
- The Committee's independent compensation consultant, Pay Governance, is retained directly by the Committee and performs no other services for management.
- The Committee conducts continuous reviews of our compensation strategy, including a review of our compensation-related risk profile so that our compensation-related policies and programs do not create risks that are reasonably likely to have a material adverse effect on the Company.
- A significant portion of our NEOs' pay is performance based. For example, 76% of the CEO's total compensation is linked directly to the Company's performance and 100% of annual long-term incentive opportunities for all NEOs are delivered in performance-based equity awards in the form of stock options and performance shares.
- We have stock ownership guidelines for our NEOs and directors. As of December 31, 2012, each of the NEOs and directors who were employed with us, with the exception of Ms. Nicholas who joined the Board in 2011, satisfied his or her individual stock ownership level. See Corporate Governance Stock Ownership Guidelines on page 14 for more information.
- We maintain a program of continuing education for directors. In 2012, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics, including issues applicable to particular committees of the Board of Directors.
- Our Board has a policy prohibiting our NEOs and members of the Board from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) designed to hedge or offset any decrease in the market value of such equity securities.
- The Company has a policy that limits the pledging of shares to 25% of holdings above the stock ownership requirements for our NEOs and members of the Board effective December 31, 2014.
- The Company adopted a clawback policy as further described on page 14.
- Our NEOs receive no perquisites or other personal benefits, unless such benefits serve a necessary business purpose, such as the use of Company-provided vehicles and drivers. Additionally our NEOs receive other benefits such as life insurance as well as other health and welfare programs that are provided to employees generally.

- We maintain an executive severance plan with a double trigger change in control arrangement that covers our NEOs and certain other members of the Company's senior management. The executive severance plan does not provide for any gross-up payments for Parachute Payment Taxes (as defined below).

Stockholder Say-on-Pay Votes

At our 2012 Annual Meeting of Stockholders, we provided our stockholders with the opportunity to cast an advisory vote on executive compensation, and in future years such advisory vote will occur annually. Over 99% of the votes cast on this 2012 Say on Pay vote were voted in favor of the proposal. We have considered the results of the 2012 vote and believe the support of our stockholders for the vote proposal indicates that our stockholders are supportive of our approach to executive compensation, including the ratio of performance-based compensation to all other compensation,

the ratio of performance-based equity compensation to time-based equity compensation, and the integrity of our peer group. Thus we did not make changes to our executive compensation arrangements in response to the vote. In the future, we will continue to consider the outcome of our Say on Pay votes when making compensation decisions regarding our NEOs.

Elements of our Executive Compensation Program

Our executive compensation program provides pay-for-performance compensation that is aligned with the interests of our stockholders and is designed to continue to attract, retain and appropriately motivate our key employees who drive long-term value creation. The following graph shows the correlation between our net income, FFO, as adjusted, EBITDA, as adjusted and FFO per share, as adjusted, and the total compensation we paid to our CEO during the last five fiscal years, based on the amounts reported in the summary compensation tables of our Proxy Statements for these years. FFO, as adjusted, EBITDA, as adjusted and leverage, calculated from debt to total assets, defined as consolidated debt plus JV pro rata share of debt divided by the total gross consolidated assets and JV share of pro rata gross assets, are the metrics used in our annual incentive program, ensuring that pay and performance, as measured in our executive compensation program, are aligned. See Annex A starting on page 50 for a reconciliation of net income to FFO, as adjusted and EBITDA, as adjusted. The Total Compensation column for FY2011 does not include Mr. Henry's unrestricted award of 75,000 shares of the Company's Common Stock which was awarded to Mr. Henry upon achieving his 10 year anniversary at the Company, pursuant to his original 2001 employment agreement.

The component parts of our executive compensation program are:

<i>Compensation Component</i>	<i>Purpose/Key Characteristics</i>
<p>Base Salary</p>	<ul style="list-style-type: none"> ● <u>Goal</u>: Provide fixed compensation giving a measure of certainty and predictability. ● Determined based on individual qualifications and experience, scope of responsibilities, future potential, the goals and objectives established for each NEO, past performance and the practices of the Company's peer group. ● Reviewed annually by the Board of Directors and the Committee and subject to change.

Consistent with our executive compensation program, the significant majority of the total compensation for our CEO, Mr. Henry, for 2012 was incentive-based, commensurate with business results, and at risk unless such business results were achieved, as illustrated below.

Base Salary

In determining our NEOs' base salaries, the Committee considered each NEO's scope of responsibilities, individual qualifications and experience, future potential, past performance and the practices of our peer group, without applying a quantitative formula. We did not seek a specific target within our peer group. Base salary increases, if any, are effective January 1 and are based upon the performance of each NEO as assessed and approved by the Committee. No formulaic base salary increases are provided to the NEOs, and other forms of compensation are generally used to reward overall Company performance or exceptional performance of a particular NEO. Messrs. Cooper and Pappagallo received base salaries for 2012 that reflected no increase from their 2011 base salaries. Ms. Pooley's base salary for 2012 was payable at the rate of \$450,000 per year. In accordance with the separation and release agreement entered into between the Company and Ms. Pooley on January 18, 2012 in connection with her termination of employment, the amount of base salary actually paid to Ms. Pooley with respect to her services in fiscal year 2012 was \$17,307.69.

- Mr. Cooper received a base salary of \$750,000 in 2012.
- Mr. Henry received a base salary of \$800,000 in 2012.
- Mr. Pappagallo received a base salary of \$750,000 in 2012.
- Mr. Cohen received a base salary of \$600,000 in 2012.

Annual Incentive Plan

Under our executive compensation program, each NEO is eligible to receive an annual cash bonus based on the Company's corporate / financial performance against targets and such NEO's individual performance against specific quantitative and qualitative goals. For each NEO's annual bonus opportunity for 2012, 60% was based on the Company's corporate / financial performance for the performance year against targets as measured by the Company's (1) FFO, as adjusted for the performance year compared to Target FFO, (2) retail EBITDA, as adjusted compared to Target EBITDA and (3) leverage compared to Target Leverage and 40% was based on individual NEO performance as evaluated by the Committee. The following table shows the percent of the Total Annual Target Bonus each NEO would receive based on achievement of threshold, target and maximum levels for corporate / financial performance and individual performance.

Performance Criteria	Weight as Percent of Target Bonus	Annual Incentive Component Earned as Percent of the Total Annual Target Bonus		
		Threshold	Target	Maximum
Corporate / Financial Performance	60%	30%	60%	90%
<ul style="list-style-type: none"> • <u>Threshold</u> level achieved if as adjusted measures are 90% of target measures • <u>Target</u> level achieved if as adjusted measures are 100% of target measures • <u>Maximum</u> level achieved if as adjusted measures are 110% of target measures 				
Individual Performance	40%	10%	40%	60%
<ul style="list-style-type: none"> • Evaluation of individual NEO performance by the Executive Compensation Committee 				
Total Annual Bonus Paid	100%	40%	100%	150%

(1) The annual bonus is interpolated between the threshold and target, and target and maximum performance levels.

The table below shows the target bonus and the bonus actually earned in 2012 for each NEO. In establishing the target bonuses, we considered the responsibilities of each NEO, Mr. Henry's recommendations, and the peer group practices discussed in Comparison to Competitive Market. The Committee awarded 2012 bonuses based on the following analysis of our corporate / financial performance and each NEO's individual performance:

- **Corporate / Financial Performance.** In 2012, the Company's Target FFO was \$1.24 on a diluted per share basis, Target EBITDA was \$915 million and Target Leverage was 46.5%. After the Committee considered the Company's actual 2012 FFO, as adjusted, retail EBITDA, as adjusted and leverage, the Committee's payout for the corporate financial incentive was based on an achievement of 101.6%, 100% and 100.9% of Target FFO, Target EBITDA and Target Leverage, respectively which resulted in a payout for the corporate financial incentive of 63.6% of each NEO's 2012 total target bonus.*
- **Individual Performance.** The Committee's evaluation of each NEO's individual performance is detailed below in Analysis of Each NEO's Compensation. In general, in determining each NEO's target level, the Committee considered each NEO's scope of responsibilities, individual qualifications and experience, performance in 2012 and the practices of our peer group, without applying a quantitative formula. In 2012, the Committee also considered the NEOs' efforts to successfully refocus the Company on its core assets and business amidst continuing economic challenges and uncertainties. The Committee agreed to award each NEO individual performance bonuses of approximately 40% to 54% of each NEO's 2012 total target bonus.
- **Calculation of Total 2012 Bonus.** The bonuses actually received by each NEO are determined by adding the corporate / financial performance bonus and the individual performance bonus together. Thus, each NEO earned a total 2012 bonus of approximately 104% to 118% of the 2012 total target bonus.

2012 NEO Bonuses

	2012 Target Bonus	2012 Bonus Earned
Milton Cooper	\$750,000	\$852,297
David B. Henry	\$800,000	\$909,117
Michael V. Pappagallo	\$750,000	\$777,297
Glenn G. Cohen	\$375,000	\$441,149

* The corporate financial incentive is calculated as follows: If the company achieves its threshold target of 90% of each of the financial measures based upon the percentage weighting of 60% FFO, as adjusted, 20% retail EBITDA, as adjusted and 20% leverage, then the base corporate financial incentive paid is 30% of the NEO's target bonus. In 2012, the company achieved 101.6% of its Target FFO and 100% of its Target EBITDA and 100.9% of its Target Leverage resulting in each NEO being paid a corporate financial incentive of 30% (the base amount for achieving the threshold target of 90%) + 33.6% (the specific amount for achieving 101.6% of Target FFO and 100% of Target EBITDA and

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

100.9% of its Target Leverage for a total achievement of 106.7% of the 60% corporate / financial performance criteria), for a total corporate financial incentive payout of approximately 63.6% of each NEO's target bonus.

Long-Term Incentive Plan

The Company maintains a long-term incentive plan pursuant to which the Company makes annual equity-based compensation awards to the NEOs. The target number of shares underlying the long-term incentive equity awards were established in February 2012 for the calendar year 2012.

One-half of the shares covered by the equity awards are awarded in the form of time-vesting stock options (or, upon election of the NEO, time-vesting restricted stock). For 2012, the time-vesting awards were granted under the Company's 2010 Equity Participation Plan, as such plan may be amended from time to time (the 2010 Equity Participation Plan). The actual time-vesting awards granted are set out in the Grants of Plan-Based Awards for 2012 table below.

One-half of the shares covered by the equity awards were awarded in the form of performance shares. The performance share awards were granted under the 2010 Equity Participation Plan. Each performance share award provides for the grant of restricted stock in the year following the year in which the performance shares are awarded based on the Company's total stockholder return in the performance year compared to the retail index peers (and if the Company's total stockholder return for the performance year is less than the minimum target level then no restricted stock is granted with respect to such performance shares) according to the following schedule:

**Restricted Stock Awards Granted with Respect to
Earned Performance Shares Based on Company's Total Stockholder Return**

	Company's 1 Year Total Stockholder Return Percentile in Peer Group			
	<25%	25%	50%	≥75%
Restricted Stock Granted*	0%	50%	100%	150%

* Restricted stock is granted on a linear scale between the 25% and 75% performance percentile.

If the Company's relative total stockholder return in a performance year results in restricted stock being awarded with respect to such year, the restricted stock awards are subject to transfer restrictions and forfeiture conditions until such awards become vested.

The following table shows the target performance share awards and the number of performance shares actually earned for 2012. In establishing the target performance share awards, we used our business judgment to determine the most appropriate equity compensation to recognize the potential of our executives for our business and retain our executives for the long term. We also considered the qualitative factors discussed in Analysis of Each NEO Compensation, Mr. Henry's recommendations, and peer group practices discussed in Comparison to Competitive Market.

2012 Performance Share Awards

	Amount of 2012 Target Performance Shares (1)	Amount of 2012 Actual Performance Shares (2)(3)

Analysis of Each NEO's Compensation

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

The Committee considers each of the NEO's quantitative and qualitative performance factors as a whole in determining each NEO's salary and the individual performance component of each NEO's annual bonus. Individual members of the Committee may give different weight to different factors. We also consider our CEO's evaluation of our individual executives' performance and his recommended set of compensation actions for all NEOs. The Committee uses its business judgment to determine the most appropriate compensation in order to recognize the contributions and potential of our executives.

Milton Cooper

Mr. Cooper serves as the Company's Executive Chairman of the Board of Directors and in 2012, earned total compensation as set forth in the Summary Compensation Table below.

For Mr. Cooper, the following qualitative performance factors were considered in determining his compensation:

- Continued to build and enhance industry wide contacts among retailers, tenant representatives, and major lenders.
- Evaluated tenant risk and exposure, focusing on retailer trends at risk, industry development and corporate changes among retailers.
- Explored and cultivated opportunities with respect to retailers holding large real estate ownership positions and engaged their senior management in discussions regarding potential lease buyouts, joint venture opportunities, etc. Led Kimco negotiations on the Supervalu transaction.
- Continue to identify direct retailer opportunities, including participation in inventory liquidation that provided \$2.0 million profit. Entered into a strategic relationship with the principals of A&G Realty, who have extensive contacts and experience in this area, to source more opportunities.
- Continued engagement in mentoring discussions with senior management and operational leadership with emphasis on executive succession and mentoring future leaders.
- Promoted Kimco by focusing on strengthening relationships with key stockholders, investors, analysts, and rating agencies.
- Actively and continually monitored overhead and related costs to continue to ensure Kimco is a low-cost provider.

David Henry

Mr. Henry serves as the Company's President, CEO and Vice Chairman of the Board of Directors and in 2012, earned total compensation as set forth in the Summary Compensation Table below.

For Mr. Henry, the following qualitative performance factors were considered in determining his compensation:

- Helped grow per share FFO, as adjusted from \$1.20 in 2011 to \$1.26 in 2012.
- Reduced investments in non-retail and non-strategic shopping centers -- reduced non-retail from \$513 million to \$398 million and sold 68 non-strategic properties resulting in proceeds to Kimco of \$386 million.
- Ongoing development of strategy to consolidate Mexico partner relationships and potentially monetize a portion of the portfolio by taking advantage of the active Mexico capital markets.
- Generated transaction income of \$25.5 million, and achieved gross new business acquisition volume of \$730 million.

Glenn Cohen

Mr. Cohen serves as the Company's Executive Vice President, Chief Financial Officer and Treasurer and in 2012, earned total compensation as set forth in the Summary Compensation Table below.

For Mr. Cohen, the following qualitative performance factors were considered in determining his compensation:

- Worked closely with the senior management team in executing the key components and targets of the corporate strategy, including achieving FFO per share, as adjusted of \$1.26 for 2012, versus 2011 per share level of \$1.20; achieving same site NOI growth for the year of 2.3% (2.9% excluding negative currency impact); selling 68 non-strategic properties resulting in proceeds to Kimco of \$386 million; and reducing the non-retail balance of the portfolio to \$398 million from \$513 million at year-end 2011.
- Redeployed proceeds from sales to acquire shopping center assets in key target markets totaling \$730 million of gross acquisition volume.
- Actively contributed to reduction in leverage, improving net debt to EBITDA, as adjusted by 0.5x to 5.7x.
- Improved Fixed Charge Coverage as calculated by S&P to 2.3x and by Moody's to 2.4x from the prior 2.2x level.
- Evaluated alternatives to fund the Company's \$350 million of maturing consolidated debt and the \$460 million of 7.75% Perpetual Preferred stock which was callable in Oct. 2012. Successfully completed a new \$400 million 5-year term loan providing the required capital to refinance the maturing debt. In addition, issued \$800 million of Perpetual Preferred stock (\$400 million at 6%, \$225 million at 5.5% and \$175 million at 5.625%) which provided proceeds to redeem \$635 million of redeemable preferred stock (\$460 million at 7.75% and \$175 million at 6.65%). These refinancings are projected to provide savings of approximately \$12 million annually.
- Ensured execution of the refinancing and repayment of approximately \$1 billion of maturing debt in the joint venture programs, including the \$147.5 million guaranteed facility for the InTown Suites portfolio by closing over \$825 million of new loans involving 33 individual non-recourse loans at rates ranging from LIBOR plus 100 bps to 5.02% and terms ranging from 3 years to 10 years. The average interest rate savings is approx. 250 bps. In addition, completed a 3.5 year extension of the \$147.5 million InTown Suites Facility at LIBOR plus 115 bps with significant flexibility for a buyer of the entity.
- Ensured immediate liquidity of at least \$750 million at all times with liquidity at year-end of approximately \$1.5 billion.
- Continued to foster and broaden the Company's commercial and investment banking relationships and relationships with the mortgage brokerage community by sourcing over \$2 billion of new capital from our banking relationships (\$547.5 million of bank term loans, over \$800 million of new mortgage business and \$800 million of Perpetual Preferred issuance) utilizing a broad base of commercial banks and lenders (over 20 different lending sources) and investment banks (12 different sources) for the public market executions. Additionally, several new banking relationships were established.

- Continued to mentor and develop key managers fostering a culture of teamwork, cooperation, and enthusiasm.
- Actively participated in industry trade group conferences (i.e. NAREIT and ICSC), sell-side conferences, and non-deal road shows for both equity and fixed income investors providing insight to Kimco's strategy.

Barbara Pooley

Ms. Pooley served as the Company's Executive Vice President and Chief Administrative Officer until her departure from the Company on January 13, 2012. In 2012, Ms. Pooley earned total compensation as set forth in the Summary Compensation Table below. The Company entered into a separation and release agreement, including a severance package, with Ms. Pooley on January 18, 2012 governing the terms of her departure from the Company on January 13, 2012. The provisions of the separation and release agreement, which was negotiated with Ms. Pooley based on the terms of the Company's Executive Severance Plan, are discussed in Potential Payments upon Termination or Change in Control.

Comparison to Competitive Market

We review competitive compensation data from a select group of peer companies and broader survey sources. However, we do not set our NEO pay as a direct function of market pay levels. Instead, we use market data to help confirm that our pay practices are reasonable. At the Committee's direction, its compensation consultant, Pay Governance, gathered competitive market data for our review. Using this data and NAREIT comparison data supplied by the Company, Pay Governance conducted survey data analysis and provided comment and analysis regarding our peer group. At the Committee's request, Pay Governance prepared an annual report summarizing the Company's peer group, market data and methodology as well as Pay Governance's findings and recommendations. This report was discussed with the Committee. As a primary reference, Pay Governance gathered proxy pay data for REITs with market capitalizations comparable to ours and with whom we compete for executive talent. Such REITs include:

AMB Property Corp.	Equity Residential	Public Storage
AvalonBay Communities Inc.	Federal Realty Investment Trust	Regency Centers Corp.
Boston Properties Inc.	General Growth Properties, Inc.	Simon Property Group Inc.
Brookfield Properties Corp.	Host Hotels & Resorts, Inc.	SL Green Realty Corp.
Developers Diversified Realty Corp.	The Macerich Company	Starwood Hotel & Resorts Worldwide Inc.
Duke Realty Corp.	Marriott International Inc.	Ventas Inc.
Equity One	Prologis	Weingarten Realty Investors

The Committee considered the Pay Governance information as an input in its decision making process for determining our NEOs' compensation. Pay Governance reported directly to the Committee and provided no other services besides executive compensation services to the Company.

The Committee considered whether Pay Governance's work providing information that the Committee uses when determining compensation for the Company's NEOs and other executive officers raises any conflicts of interest and determined that no conflicts of interest exist.

Additional Compensation Considerations

Long-Term Incentives - Equity Awards. The exercise price of stock options granted to our NEOs is 100% of the market closing price of our stock on the date of the grant. As a general principle, we do not time grants in connection with the release of material non-public information.

Mr. Cooper is currently eligible to retire from the Company, and his equity awards would vest immediately upon retirement. We do not maintain special pension plans for our NEOs because we believe this accelerated vesting offsets the lack of such plans. The Committee may accelerate equity vesting at its discretion.

We generally allow our employees (including our NEOs) who are eligible to receive over 7,500 stock options in a particular year to elect, in advance of the grant date, to receive up to 100% of the value of their equity award in the form of restricted stock. We allow these employees to elect to receive stock options or restricted stock in deference to each employee's personal preferences and circumstances. We calculate the amount of restricted stock to be received based on a ratio of the then approximate fair value of the options over the common stock trading price. Beginning August 6, 2008, restricted stock awards which were received through an election to receive restricted stock instead of a stock option grant vest ratably over four years. If an employee receiving restricted stock is terminated prior to vesting for reasons other than death, disability, retirement, without cause or change of control, the employee would not receive the unvested underlying stock. Prior to vesting, recipients of this restricted stock may vote the shares and also receive dividends.

Executive Severance Plan Double-Trigger Change in Control Severance Arrangement. On March 15, 2010, the Executive Compensation Committee adopted the Kimco Realty Corporation Executive Severance Plan, as amended from time to time (the Severance Plan) pursuant to which our NEOs and certain other members of the Company's senior management, are eligible for severance payments if the covered executive's employment is terminated by the Company without Cause or, following a change in control, by the executive for Good Reason (each as defined in the Severance Plan), subject to the terms and conditions described in the Severance Plan. Upon a covered termination of employment, a participant will receive two times the sum of (a) the participant's annual base salary and (b) the amount of the participant's annual bonus received in the prior year. Mr. Henry agreed, effective as of March 14, 2013, that the bonus component of his severance pursuant to the Executive Severance Plan shall be based on the average actual bonus he received in the three years immediately prior to the year in which the termination occurs. The participant will also receive eighteen months of continued participation in the Company's health insurance plans or successor plans (running concurrently with the COBRA period). Payments under the Severance Plan are offset by payments received by the participant under any other Company employment agreement or severance plan. In certain circumstances, if a participant would otherwise have incurred excise taxes under Section 4999 of the Internal Revenue Code (Parachute Payment Taxes), his or her payments will be reduced to the safe harbor amount, such that no such excise taxes would be due. The Severance Plan does not provide for any gross-up payments for Parachute Payment Taxes incurred by any participant. Mr. Cooper requested and the Company has agreed to cease his participation in the Company's Severance Plan effective March 14, 2013.

Retirement Plans. We maintain a 401(k) retirement plan (the 401(k) Plan) in which substantially all of employees, including our NEOs, are eligible to participate. The 401(k) Plan permits participants to defer up to a maximum of 100% of their eligible base salary compensation, up to the federal limit. The Company currently makes matching contributions on a dollar-for-dollar basis to all employees, who have 401(k) accounts and who have completed one year of employment with the Company, of up to 5% of the employee's base salary compensation (and subject to a maximum of \$8,500 for highly compensated employees). Participants in the 401(k) Plan are not subject to federal and state income tax on salary deferral contributions or Company contributions or on the earnings thereon until such amounts are withdrawn from the 401(k) Plan. Salary reduction contributions are treated as wages subject to FICA and Medicare tax. Withdrawals from the 401(k) Plan may only be made upon termination of employment, or in connection with certain provisions of the 401(k) Plan that permit hardship withdrawals, allow in-service distributions and loans, or require minimum distribution. The 401(k) Plan also includes a Roth 401(k) feature which enables participants to defer some or all of their 401(k) contributions on an after-tax rather than pre-tax basis, allowing for tax-free (federal and most state) distributions on both participant contributions and related earnings at retirement. Generally, participation in the Roth 401(k) allows for tax free distributions if the Roth account has been in place for 5 years and the participant has attained age 59 ½. We do not maintain any other retirement plans for our NEOs or employees. The Company does not provide any pension benefits or any non-qualified deferred compensation to its NEOs or employees.

Tax and Accounting Considerations. The recognition or deferral of period expense in our financial statements did not factor into the allocation of compensation among base salary, bonus and equity awards. Cash salary and bonus are generally charged as an expense in the period in which the amounts are earned by the NEO. The value of equity awards are amortized ratably into expense over the vesting period, except for the value of equity awards granted to Mr. Cooper, which were expensed immediately in the periodic financial statements as of the grant date in accordance with FASB ASC 718, which requires immediately expensing options of employees eligible for retirement.

Section 162(m) of the Internal Revenue Code generally places a \$1 million annual limit on the amount of compensation paid to each of the Company's NEOs other than its Chief Financial Officer that may be deducted by the Company for federal income tax purposes unless such compensation constitutes qualified performance-based compensation which is based on the achievement of pre-established performance goals set by a committee of the Board of Directors pursuant to an incentive plan that has been approved by the Company's stockholders. The 2010 Equity Participation Plan provides that certain awards made thereunder may, in the discretion of the plan administrator, be

structured in a manner intended to qualify for the qualified performance-based compensation exception to the \$1 million annual deductibility limit of Section 162(m).

Other provisions of the Internal Revenue Code can also affect compensation decisions. Section 409A of the Internal Revenue Code, which governs the form and timing of payment of deferred compensation, imposes sanctions, including a 20% penalty and an interest penalty, on the recipient of deferred compensation that does not comply with Section 409A. The Committee takes into account the implications of Section 409A in determining the form and timing of compensation awarded to our executives and strives to structure any nonqualified deferred compensation plans or arrangements to be exempt from or to comply with the requirements of Section 409A.

Section 280G of the Internal Revenue Code disallows a company's tax deduction for payments received by certain individuals in connection with a change in control to the extent that the payments exceed an amount approximately three times their average annual compensation, and Section 4999 of the Internal Revenue Code imposes a 20% excise tax on those payments. The Committee takes into account the implications of Section 280G in determining potential payments to be made to our executives in connection with a change in control. Nevertheless, to the extent that certain payments upon a change in control are classified as excess parachute payments, such payments may not be deductible pursuant to Section 280G.

Perquisites. We do not treat our NEOs materially differently from our other senior employees with respect to perquisites. We provided the following perquisites to our NEOs in 2012:

- Company cars. We provided Messrs. Cooper, Henry and Pappagallo with the use of a car and driver to travel for Company business. Each such NEO may use the car without a driver for personal use. Other employees may use these cars for Company business when these cars are not in use by the above mentioned NEOs. Mr. Cohen received a car allowance in the amount of \$10,920 for the year 2012.
- Life insurance and long term disability. We pay premiums on a group term life insurance and long term disability policy for each NEO on the same terms as our other employees.
- Long-term care. We provide certain of our officers and senior executives (including all NEOs) a limited long-term care benefit of \$3,500 per month as part of a group policy. These individuals may elect to purchase additional long-term care insurance at their own cost generally on the same terms as other employees.
- Our NEOs are entitled to participate in our other health and welfare plans on the same terms as other employees.

- (1) Amounts reflect the compensation cost to the Company in 2012, 2011, and 2010 of the equity awards based on the aggregate grant date fair value recognized in accordance with the provision of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 718. Fair value is determined, depending on the type of award, using the closing price on the date of grant or the Monte Carlo method, both of which are intended to estimate the fair value of the awards at the grant date. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 21 to Consolidated Financial Statements in the Company's 2012 Form 10-K. The maximum possible value of the 2012 performance shares on the date they were granted was as follows: \$1,657,364 for Mr. Cooper; \$1,934,109 for Mr. Henry; \$1,380,618 for Mr. Pappagallo; and \$1,175,391 for Mr. Cohen. See footnote 10 for a discussion of Mr. Cohen's retention award. The value of awards granted to the NEOs in 2012 is reflected on the 2012 Grants of Plan-Based Award table below.
- (2) Amounts reflect the compensation cost to the Company in 2012, 2011, and 2010 of the equity awards based on the aggregate grant date fair value recognized in accordance with the provision of FASB ASC 718. The fair value of each award is estimated on the date of grant using the Black-Scholes option pricing formula. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 21 to Consolidated Financial Statements in the Company's 2012 Form 10-K. The value of awards granted to the NEOs in 2012 is reflected on the 2012 Grants of Plan-Based Award table below.
- (3) The Company provides to each of Messrs. Cooper, Henry and Pappagallo the use of a car and driver to transport these individuals in the conduct of their duties as executive officers of the Company. The policy on the use of the cars for 2012, 2011, and 2010 is outlined below:
- the cars and drivers were available, when not in use by the foregoing executive officers, for other employees conducting Company business;
 - these services were also available under certain circumstances to third parties involved in Company business at the Company's New Hyde Park location;
 - the cars and drivers were used from time to time for deliveries and other transportation of documents or other materials; and
 - the cars were available to these officers with drivers for commuting and without drivers for personal use.
- (4) Mr. Cohen received a car allowance in the amount of \$10,920. The NEOs' drivers are employees who have additional responsibilities at the Company. In 2012, the Company calculated the cost of this perquisite by prorating the cost of each employee's base salary to reflect the amount of each employee's time used driving the NEOs. The Company also included the pro-rated value of the NEOs' cars in the cost of the perquisite. Accordingly, the aggregate incremental cost of this perquisite to the Company in 2012 for Messrs. Cooper, Henry and Pappagallo was \$15,263, \$8,796, and \$15,858, respectively.
- (5) See Employment Agreements below.
- (6) Mr. Henry received an unrestricted award of 75,000 shares of Common Stock on April 2, 2011, based on achieving his 10 year anniversary, pursuant to his original employment agreement where he was hired in 2001. Such award was based upon the market price of the stock on April 2, 2011 (\$17.91).

All restricted stock awards vest in 25% increments on each of the first, second, third, and fourth anniversaries of the grant date.
- (3) Fair value is determined, depending on the type of award, using the Black-Scholes option pricing formula, the Monte Carlo method or the closing price per share of our Common Stock on the date of grant, which are intended to estimate the grant date fair value of the options, the performance shares and restricted stock, respectively. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 23 to Consolidated Financial Statements in the Company's 2012 Form 10-K. See footnote 6 for a discussion of Mr. Cohen's retention award.
- (4) The actual payout amounts are set out in the Summary Compensation Table.
- (5) The actual awards are set out in the 2012 Performance Share Awards Table.

- (1) All stock options (or restricted stock at the NEO's election) vest in 25% increments on each of the first, second, third and fourth anniversaries of the grant date, subject to continued employment with the Company on the applicable vesting date.
- (2) All restricted stock granted with respect to earned performance share awards vest in 33 1/3% increments on each of the second, third and fourth anniversaries of the performance share grant date, subject to continued employment with the Company on the applicable vesting date.
- (3) Mr. Cohen's shares of restricted stock granted on February 16, 2012 vest in 20% increments on each of February 16, 2018, February 16, 2019, February 16, 2020, February 16, 2021 and February 16, 2022, subject to continued employment with the Company on the applicable vesting date.
- (4) Represent performance share awards granted in 2012. Each performance share award provides for the grant of restricted stock in the year following the year in which the performance shares are awarded based on the Company's total stockholder return in the performance year compared to the Company's peer group and NAREIT retail peers. If the Company's total stockholder return for the performance year is less than the minimum target level then no restricted stock is granted. For additional discussion of the performance share awards, see 2012 Performance Shares above.

Employment Agreements

The Committee determined in 2010 to discontinue use of individual employment agreements with the Company's executive officers. The NEO employment agreements expired on the following dates:

Mr. Cohen's Employment Agreement and Compensatory Arrangements

On February 3, 2009, the Company entered into an employment agreement with Glenn Cohen (as amended on March 15, 2010), pursuant to which Mr. Cohen serves as Executive Vice President, Chief Financial Officer and Treasurer. The term of Mr. Cohen's employment agreement expired January 31, 2012. In accordance with this employment agreement, Mr. Cohen was to receive a minimum base salary of \$425,000 per annum and was eligible to receive grants of Common Stock of the Company, or options or restricted stock with respect thereto, in such amounts, if any, as the Board of Directors in its sole discretion was to determine. The Company's Board of Directors or Executive Compensation Committee could have increased the amounts of Mr. Cohen's base salary and bonus.

If Mr. Cohen was terminated without cause or resigned for good reason prior to the occurrence of a Change in Control, and subject to his execution of a waiver and release of claims, he would have received severance in an amount equal to his base salary and minimum contractual bonus for a period following the date of such termination of employment equal to the greater of (i) the remaining term of the applicable employment agreement or (ii) one year, payable in accordance with our standard payroll and bonus payment practices. All unvested stock options and restricted stock would have become 100% vested as of the date of termination, and Mr. Cohen, under COBRA, would have continued to receive any health benefits previously provided for by us, at no cost to him during the severance period. If the employment agreement was terminated and Mr. Cohen became employed by a competing business during the period in which he was receiving severance payments, the Company would have reduced his severance payments by the amount paid by the competing business. If Mr. Cohen was terminated due to death or disability, all of his stock options and restricted stock would have vested on the effective date of such termination of employment and he would have received a lump sum payment equal to his base pay for six months.

In Mr. Cohen's agreement, "cause" was defined as: (i) conviction of a crime involving the commission of a felony or a criminal act involving fraud, dishonesty, or moral turpitude, (ii) deliberate and continued refusal to perform his employment duties (other than excusable failures to perform) after the Company provided 30 days written notice of such failure constituting cause, (iii) fraud or embezzlement, (iv) misconduct or negligence in connection with our business which has a substantial adverse effect on us, (v) violation of any of our policies prohibiting harassment or discrimination in the workplace or (vi) breach of fiduciary duty to the Company.

If, within 60 days following a Change-in-Control, Mr. Cohen was terminated without cause or resigned his employment for any reason, he would have been entitled to a lump sum payment equal to the lesser of: (i) his base salary and the bonus (equal to the bonus most recently received) for the remaining term of his employment agreement, or (ii) the greatest payment which, in combination with all other payments to which he would have been entitled, would not have constituted an excess parachute payment as such term is defined in Section 280G of the Internal Revenue Code. In addition, all unvested stock options Mr. Cohen held at the time of the Change in Control would have immediately vested.

Mr. Cohen is also eligible to participate in the Severance Plan. Amounts received under the Severance Plan upon a termination of employment are offset by amounts received under any other plan or agreement, including Mr. Cohen's employment agreement, described above, prior to its expiration.

Potential Payments upon Termination or Change in Control

Please see Additional Compensation Considerations Executive Severance Plan Double-Trigger Change in Control Severance Arrangement above for a description of the compensation and benefits which our NEOs would receive upon a termination or change in control.

Ms. Pooley's Separation and Release Agreement

On January 18, 2012, the Company entered into a separation and release agreement with Ms. Pooley governing the terms of her departure from the Company on January 13, 2012. Under the Agreement, in consideration of Ms. Pooley's continued compliance with restrictive covenants and a general release of claims against the Company as well as customary non-disparagement and non-solicitation covenants, Ms. Pooley received or is entitled to receive: (i) an aggregate of \$1,750,000 payable in installments during the 30 months following the effective date of her departure from the Company; (ii) \$115,000 payable in a lump sum on or before March 15, 2012; (iii) approximately 18 months of group medical, dental and vision insurance coverage (with an approximate total value of \$10,951); (iv) vesting of all unvested stock options and restricted stock awards held by Ms. Pooley as of the date of her departure from the Company (with an approximate total value of \$731,345); (v) the value of any unused paid time off accrued as of January 13, 2012 (with an approximate total value of \$21,635); (vi) the right to receive fully vested shares of restricted stock in respect of her 2011 performance awards, subject to satisfaction of the applicable performance conditions and approval of the Executive Compensation Committee (which shares, with an approximate value of \$318,528, were granted to Ms. Pooley in February 2012); (vii) reimbursement of \$25,200 for 3 months of housing expenses; and (viii) reimbursement of \$11,118 for moving expenses. The total value of the compensation and benefits received or to be received by Ms. Pooley pursuant to the Agreement is approximately equal to \$2,983,777. This is a complete description of the payments Ms. Pooley received or will receive in connection with her actual termination of employment; because her employment was terminated prior to the fiscal year end, she is not included in the tables that follow in this section.

Assumed Termination without Cause

The following table was prepared as though each of the NEOs had been terminated without cause on December 31, 2012. The assumptions and valuations are noted in the footnotes to the table.

Name	Salary \$(1)	Bonus \$(1)(2)	Stock Awards \$(3)	Option Awards \$(4)	Health & Welfare	Total \$(6)

- (1) In accordance with the Executive Severance Plan, all NEOs are entitled to 2 times their salary plus prior year actual bonus upon a termination without Cause.
- (2) In accordance with the Executive Severance Plan, 2011 (prior year) bonus amounts are used for the bonus component in this table.

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

- (4) Under the Executive Severance Plan, a termination without Cause would result in acceleration of all annual stock options awards. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2012 (\$19.32), multiplied by the number of shares for all unvested options as of December 31, 2012 that were in the money.
- (5) Amounts are based on the cost of coverage during 2012.
- (6) In certain circumstances, these amounts may be reduced so as to avoid any potential issues relating to Section 280G or excise taxes imposed under Section 4999 of the Internal Revenue Code. See Additional Compensation Considerations - Tax and Accounting Considerations.

Assumed Termination for Death or Disability

The following table was prepared as though each of the NEOs had been terminated due to death or disability on December 31, 2012. The assumptions and valuations are noted in the footnotes to the table.

Name	Salary \$(1)	Stock Awards \$(2)	Option Awards \$(3)	Total (\$)

- (3) Under the stock option agreements, termination due to death or disability would result in acceleration of stock options. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2012 (\$19.32), multiplied by the number of shares for all unvested options as of December 31, 2012 that were in the money.
- (4) Pursuant to a letter agreement between Mr. Henry and the Company dated March 15, 2010, Mr. Henry is entitled to receive a lump sum severance payment equal to six months of his then-current base salary upon a termination of employment due to death or disability.
- (5) The vesting of Mr. Cohen's retention award of 50,000 restricted shares granted on February 16, 2012 would accelerate as a result of termination due to death or disability.

Assumed Termination upon a Change in Control

None of the NEOs have single trigger arrangements that entitle them to benefits solely due to a change in control. The following table was prepared as though each NEO experienced a termination of employment without Cause or for Good Reason in connection with a change-in-control on December 31, 2012. The assumptions and valuations are noted in the footnotes to the table.

- (1) In accordance with the Executive Severance Plan, all NEOs are entitled to 2 times their salary plus prior year actual bonus upon a termination without Cause or for Good Reason in connection with a change in control.
- (2) In accordance with the Executive Severance Plan, 2011 (prior year) bonus amounts are used for the bonus component in this table.
- (3) In accordance with the Executive Severance Plan, all NEOs are entitled to full vesting of annual restricted stock awards, with the exception of performance and retention awards, upon a termination of employment without Cause or for Good Reason in connection with a change in control.
- (4) Under the Executive Severance Plan, a termination of employment without Cause or for Good Reason in connection with a change in control would result in acceleration of annual option awards. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2012 (\$19.32), multiplied by the number of shares for all unvested options as of December 31, 2012 that were in the money.
- (5) Amounts are based on the cost of coverage during 2012.
- (6) In certain circumstances, these amounts may be reduced so as to avoid any potential issues relating to Section 280G or excise taxes imposed under Section 4999 of the Internal Revenue Code. See Additional Compensation Considerations - Tax and Accounting Considerations.
- (7) Mr. Cooper qualifies for Retirement under the terms of his equity award agreements. Accordingly, all of his equity awards would become fully vested upon the termination of his employment in connection with a change in control.
- (8) The vesting of Mr. Cohen's retention award of 50,000 restricted shares granted on February 16, 2012 would accelerate upon the termination of his employment in connection with a change in control.

Equity Participation Plan

Description of Plan. The Company maintains the 2010 Equity Participation Plan for the benefit of its eligible employees, consultants, and directors.

The 2010 Equity Participation Plan authorizes the Executive Compensation Committee to provide equity and/or cash compensation, incentives and awards in the form of stock options, restricted stock, performance shares, dividend equivalents, stock payments, deferred stock, restricted stock units, stock appreciation rights (SARs), other stock-based

awards and performance-based awards (which may be payable in either the form of cash or the Company's Common Stock) structured by the Executive Compensation Committee within parameters set forth in the 2010 Equity Participation Plan, for the purpose of providing the Company's officers, employees and consultants equity and/or cash compensation, incentives and rewards for superior performance. Key features of the 2010 Equity Participation Plan that reflect the Company's commitment to effective management of incentive compensation include:

- *Limitations on Grants.* The number of shares that may be issued or transferred by the Company upon the exercise of incentive stock options may not exceed 10,000,000 in the aggregate, subject to certain adjustments, events and limitations described below.
- *No Repricing or Replacement of Options or Stock Appreciation Rights.* The 2010 Equity Participation Plan prohibits, without stockholder approval: (i) the amendment of options or SARs to reduce the exercise price and (ii) the replacement of an option or SAR with cash or any other award when the price per share of the option or SAR exceeds the fair market value of the underlying shares.
- *No In-the-Money Option or SAR Grants.* The 2010 Equity Participation Plan prohibits the grant of options or SARs with an exercise or base price less than the fair market value of the Company's Common Stock, generally the closing price of the Company's Common Stock, on the date of grant.
- *Section 162(m) Qualification.* The 2010 Equity Participation Plan is designed to allow awards made under the 2010 Equity Participation Plan, including incentive bonuses, to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.
- *Independent Administration.* The Executive Compensation Committee, which consists of only independent directors, administers the 2010 Equity Participation Plan.

Option Grants and Restricted Stock Awards. Pursuant to the 2010 Equity Participation Plan as currently in effect, a maximum aggregate of 57,000,000 shares of the Company's Common Stock is reserved for issuance. Options to acquire 1,522,450, 1,888,017, and 1,776,175, shares were granted during 2012, 2011, and 2010 at weighted average exercise prices of \$18.87, \$18.77, and \$15.63 per share, respectively. The closing price of the Company's Common Stock on the NYSE on March 1, 2013 was \$21.80. In addition, 193,423, 391,435, and 338,926 shares of restricted stock were issued during 2012, 2011, and 2010, respectively.

In accordance with the Company's 2010 Equity Participation Plan, the Non-management Directors may be granted awards of deferred stock (Deferred Stock) or restricted stock in lieu of directors

Unless otherwise provided by the Board of Directors, a grantee of Deferred Stock shall have no rights as a Company stockholder with respect to such Deferred Stock until such time as the Common Stock underlying the award has been issued. Certain Relationships and Related Transactions

The Company reviews all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our current written policies and procedures for review, approval or ratification of relationships or transactions with related persons are set forth in our:

- Code of Ethics;
- Corporate Governance Guidelines;
- Nominating and Corporate Governance Committee Charter; and
- Audit Committee Charter.

Our Code of Ethics applies to all of our directors and employees. Review and approval of potential conflicts of interest involving our directors, executive officers or other principal officers may only be conducted by our Board of Directors. A copy of the Company's Code of Ethics is available through the Investors/Governance/Governance Documents section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review annually the relationships that each director has with the Company (either directly or as a partner, stockholder or

officer of an organization that has a relationship with the Company), in the course of making independence determinations under the Company's categorical independence standards for directors and the NYSE listing standards. Directors are expected to avoid any action, position or interest that conflicts with the interests of the Company or gives the appearance of a conflict. If an actual or potential conflict of interest develops, the director should immediately report the matter to the Chairman of the Board of Directors. Any significant conflict must be resolved, or the director should resign. If a director has a personal interest in a matter before the Board of Directors, the director will disclose the interest to the Board of Directors, excuse himself or herself from discussion on the matter and not vote on the matter. The Corporate Governance Guidelines further provide that the Board of Directors is responsible for reviewing and, where appropriate, approving major changes in and determinations under the Company's Guidelines, Code of Ethics and other Company policies. The Guidelines also provide that the Board of Directors has the responsibility to ensure that the Company's business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations.

Our Nominating and Corporate Governance Committee Charter provides that the Committee will, at least annually, review the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In addition, the Company's legal staff is primarily responsible for obtaining information through questionnaires and other appropriate procedures from the directors and executive officers with respect to related-person transactions and then determining whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the Company's Proxy Statement.

Pursuant to the Audit Committee charter and the Audit Committee's policy regarding related-person transactions, as recorded in its minutes, the Audit Committee reviews and approves or ratifies related-person transactions that are required to be disclosed as well as all other related-person transactions identified to the Audit Committee by management or the Company's internal audit function. In the course of its review and approval or ratification of a related-party transaction for which disclosure is required, the Audit Committee routinely considers: the nature of the related-person's interest in the transaction; the material terms of the transaction; the importance of the transaction to the related person and to the Company and the extent to which such transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and any other matters deemed appropriate by the Audit Committee. All related-party transactions described in this Proxy Statement have been reviewed in accordance with this policy.

Joint Ventures. Mr. Cooper has investments in certain real estate joint ventures and limited partnerships. The Company has an interest in certain of these joint ventures and partnerships which own and operate certain of the Company's property interests. The Company receives various fees related to these joint ventures and partnerships.

Relationship with J.P. Morgan. Mr. Lourenso, who has been a director of the Company since December 1991, is an Executive Vice President of J.P. Morgan in their commercial banking business. The Company uses general cash management services and investment banking services offered by many financial institutions, including J.P. Morgan, which served as the joint arranger and participant with a consortium of 28 banks of the Company's unsecured revolving credit facility. The commissions and fees paid by the Company to J.P. Morgan represent less than one tenth of one percent (0.1%) of J.P. Morgan's consolidated gross revenues. As a result, the Board of Directors determined that this relationship is not material for purposes of the NYSE rules governing director independence and that Mr. Lourenso is independent of the Company and its management under the standards set forth in the NYSE listing requirements.

Family Relationships. Paul Dooley, Vice President of Property Tax/Insurance of the Company, is the son of Mr. Dooley, a director of the Company. Paul Dooley received total compensation of \$368,423 from the Company in fiscal year 2012, calculated in the same manner as the Summary Compensation Table. This compensation includes a cash salary in 2012 as an employee of the Company of \$275,000 with the remaining balance comprised of (i) compensation cost to the Company in 2012 of equity awards recognized for financial reporting purposes over the requisite service period, calculated in accordance with the provision of FASB ASC 718, (ii) matching contributions under the Company's 401(k) plan, (iii) bonuses, and (iv) various benefits.

Transactions with Ripco Real Estate Corporation. Ripco Real Estate Corp. (Ripco) business activities include serving as a leasing agent and representative for national and regional retailers including Target, Best Buy, Kohls and many others, providing real estate brokerage services and principal real estate investing. Todd Cooper, an officer and 50% stockholder of Ripco, is a son of Mr. Cooper, Executive Chairman of the Board of Directors of the Company. During 2012, 2011 and 2010, the Company paid brokerage commissions of \$0.8 million, \$0.5 million and \$0.7 million, respectively, to Ripco for services rendered primarily as leasing agent for various national tenants in shopping center properties owned by the Company. The Company believes that the brokerage commissions paid were at or below the customary rates for such leasing services.

Additionally, the Company held joint venture investments with Ripco. As of December 31, 2010, the Company had two operating properties and one land parcel, through joint ventures, in which the Company and Ripco each held 50% noncontrolling interests. The Company accounts for its investment in these joint ventures under the equity method of accounting. During 2011, the joint ventures sold one land parcel and one operating property to third parties, in separate transactions, which were encumbered by loans aggregating \$14.2 million. As a result of these transactions the loans were fully repaid and the Company was relieved of the corresponding debt guarantees on these two loans. During 2012, the Company acquired the remaining 50% noncontrolling interest held by Ripco in a joint venture investment. As a result of this transaction, the Company now owns a 100% controlling interest and consolidates this investment.

As of December 31, 2012, the remaining joint venture has a \$2.8 million loan payable which is scheduled to mature in 2013 and bears interest at rate of LIBOR plus 1.05%. This loan is jointly and severally guaranteed by the Company and the joint venture partner.

Audit Committee Report

The Audit Committee (the Audit Committee) of the Board of Directors of the Company, is responsible for providing objective oversight of the Company's financial accounting and reporting functions, system of internal control and audit process. During 2012, the Audit Committee was comprised of four directors all of whom were independent as defined under the then current listing standards of the NYSE. The Audit Committee operates under a written charter adopted by the Board of Directors of the Company (the Board of Directors). A copy of the Audit Committee Charter, as amended, is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Management of the Company is responsible for the Company's system of internal control and its financial reporting process. The independent registered public accountants, PricewaterhouseCoopers LLP, are responsible for performing an independent integrated audit of the Company's consolidated financial statements and its internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. In connection with these responsibilities, the Audit Committee met with management and the Company's independent registered public accounting firm to review and discuss the December 31, 2012 audited consolidated financial statements and the effectiveness of the Company's internal controls over financial reporting. The Audit Committee also discussed with the independent registered public accountants the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee also received written disclosures and the letter from the independent registered public accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accountants their independence.

Based upon the Audit Committee's discussions with management and the independent registered public accountants and the Audit Committee's review of the December 31, 2012 audited consolidated financial statements and the representations of management and required communications from the Company's independent registered public accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, filed with the Securities and Exchange Commission.

ANNEX A

We calculate funds from operations (FFO) (a non-GAAP financial measure within the meaning of the rules of the SEC) from net income available to the Company's common stockholders, as shown on our Consolidated Statements of Operations, excluding (i) gains from sales of depreciated property, (ii) impairments of depreciable real estate and (iii) impairments of non-consolidated entities that are in-substance real estate investments, plus depreciation and amortization, after adjustments for unconsolidated partnerships and joint ventures and adjustments for unrealized remeasurement of derivative instruments. We calculate FFO, as adjusted, (a non-GAAP financial measure within the meaning of the rules of the SEC) starting with the calculation of FFO as described in the previous sentence and excluding the effects of non-operating impairments and non-recurring income. We believe that FFO and FFO, as adjusted, are important metrics in determining the success of our business as a real estate owner and operator. See the reconciliations to the applicable GAAP measure below.

FFO per common share diluted	\$ 1.25	\$ 1.27
FFO, as adjusted per common share diluted	\$ 1.26 (1)	\$ 1.20 (1)

Based on modified guidance issued by NAREIT for reporting FFO, the Company has amended its reporting of FFO to exclude impairments of depreciable real estate and impairments of non-consolidated entities that are in-substance real estate investments from its calculation of FFO for all periods presented. This amendment has no impact on previously reported amounts of FFO, as adjusted, or FFO, as adjusted, per share.

- (1) Reflects the potential impact if certain units were converted to Common Stock at the beginning of the period. The impact of the conversion would have an anti-dilutive effect on FFO and therefore have not been included. FFO would be increased by \$2,127 and \$1,017 for the years ended December 31, 2012 and 2011, respectively.

We calculate EBITDA (a non-GAAP financial measure within the meaning of the rules of the SEC) is defined as earnings before (i) interest, (ii) taxes, (iii) gains from sales of depreciated property, (iv) impairments of depreciable real estate, (v) impairments of non-consolidated entities that are in-substance real estate investments, (vi) remeasurement adjustment of derivative instruments and (vii) depreciation and amortization. We calculate Retail EBITDA, as adjusted, (a non-GAAP financial measure within the meaning of the rules of the SEC) starting with EBITDA as described in the previous sentence and excluding the effects of non-operating impairments, non-recurring income and non-retail EBITDA. We believe that EBITDA and Retail EBITDA, as adjusted, are important metrics in determining the success of our business as a real estate owner and operator. See the reconciliations to the applicable GAAP measure below.
