FORWARD-LOOKING STATEMENTS

This report contains information that may constitute “forward-looking statements.” Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which generally are not historical in nature. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future—including statements relating to volume growth, share of sales and earnings per share growth, and statements expressing general views about future operating results—are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, those described in Part II, “Item 1A. Risk Factors” and elsewhere in this report and in our Annual Report on Form 10-K for the year ended June 30, 2017, and those described from time to time in our future reports filed with the Securities and Exchange Commission.

 CONSOLIDATED SCHEDULES OF INVESTMENTS (CONTINUED)
 (in thousands, except share data)

Endnote Explanations as of March 31, 2018 (Unaudited) and June 30, 2017

The terms “Prospect,” “we,” “us” and “our” mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise. The securities in which Prospect has invested were acquired in transactions that (1) were exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”). These securities may be resold only in transactions that are exempt from registration under the Securities Act.

Fair value is determined by or under the direction of our Board of Directors. As of March 31, 2018 and June 30, (2) 2017, all of our investments were valued using significant unobservable inputs. In accordance with ASC 820, such investments are classified as Level 3 within the fair value hierarchy. See Notes 2 and 3 within the accompanying notes to consolidated financial statements for further discussion.

Security, or a portion thereof, is held by Prospect Capital Funding LLC (“PCF”), our wholly-owned subsidiary and a (3) bankruptcy remote special purpose entity, and is pledged as collateral for the Revolving Credit Facility and such security is not available as collateral to our general creditors (see Note 4). The fair values of the investments held by PCF at March 31, 2018 and June 30, 2017 were \$1,202,305 and \$1,513,413, respectively, representing 21.0% and 25.9% of our total investments, respectively.

In addition to the stated returns, the net profits interest held will be realized upon sale of the borrower or a sale of (4) the interests.

This investment is in the equity class of the collateralized loan obligation (“CLO”) security. The CLO equity (5) investments are entitled to recurring distributions which are generally equal to the excess cash flow generated from the underlying investments after payment of the contractual payments to debt holders and fund expenses. The current estimated yield, calculated using amortized cost, is based on the current projections of this excess cash flow taking into account assumptions which have been made regarding expected prepayments, losses and future reinvestment rates. These assumptions are periodically reviewed and adjusted. Ultimately, the actual yield may be higher or lower than the estimated yield if actual results differ from those used for the assumptions.

Co-investment with another fund managed by an affiliate of our investment adviser, Prospect Capital Management (6) L.P. See Note 13 for further discussion.

Engine Group. Inc., Clearstream.TV. Inc., and ORC International, Inc., are joint borrowers on the senior secured (7) and the second lien term loans.

(8) Syndicated investment which was originated by a financial institution and broadly distributed.

(9) Autodata, Inc. and Autodata Solutions, Inc. are joint borrowers.

The interest rate on these investments is subject to the base rate of 6-Month LIBOR, which was 2.45% and 1.45% (10) at March 31, 2018 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on March 31, 2018 and June 30, 2017.

The interest rate on these investments is subject to the base rate of 3-Month LIBOR, which was 2.31% and 1.30% (11) at March 31, 2018 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on March 31, 2018 and June 30, 2017.

The interest rate on these investments is subject to the base rate of 2-Month LIBOR, which was 2.00% and 1.25% (12) at March 31, 2018 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on March 31, 2018 and June 30, 2017.

The interest rate on these investments is subject to the base rate of 1-Month LIBOR, which was 1.88% and 1.23% (13) at March 31, 2018 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on March 31, 2018 and June 30, 2017.

Investment has been designated as an investment not “qualifying” under Section 55(a) of the Investment Company (14) Act of 1940 (the “1940 Act”). Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of March 31, 2018 and June 30, 2017, our qualifying assets as a percentage of total assets, stood at 73.72% and 71.75%, respectively. We monitor the status of these assets on an ongoing basis.

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and (15) unused fees ranging from 0.00% to 5.00%. As of March 31, 2018 and June 30, 2017, we had \$19,675 and \$22,925, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies.

See notes to consolidated financial statements.

 CONSOLIDATED SCHEDULES OF INVESTMENTS (CONTINUED)
 (in thousands, except share data)

Endnote Explanations as of March 31, 2018 (Unaudited) and June 30, 2017 (Continued)

(16) Represents non-income producing security that has not paid a dividend in the year preceding the reporting date.

The effective yield has been estimated to be 0% as expected future cash flows are anticipated to not be sufficient to repay the investment at cost. If the expected investment proceeds increase, there is a potential for future

(17) investment income from the investment. Distributions, once received, will be recognized as return of capital with any remaining unamortized investment costs written off if the actual distributions are less than the amortized investment cost.

Ellett Brothers, LLC, Evans Sports, Inc., Jerry's Sports, Inc., Simmons Gun Specialties, Inc., Bonitz Brothers, Inc., (18) and Outdoor Sports Headquarters, Inc. are joint borrowers on the second lien term loan. United Sporting Companies, Inc. is a parent guarantor of this debt investment.

CCPI Holdings Inc., a consolidated entity in which we own 100% of the common stock, owns 94.59% of CCPI (19) Inc. ("CCPI"), the operating company, as of March 31, 2018 and June 30, 2017. We report CCPI as a separate controlled company.

CP Holdings of Delaware LLC, a consolidated entity in which we own 100% of the membership interests, owns 94.2% of CP Energy Services Inc. ("CP Energy") as of March 31, 2018, which is an increase from 82.3% owned as of June 30, 2017. CP Energy owns directly or indirectly 100% of each of CP Well Testing, LLC; Wright Foster Disposals, LLC; Foster Testing Co., Inc.; ProHaul Transports, LLC; and Wright Trucking, Inc. We report CP (20) Energy as a separate controlled company. Effective December 31, 2014, CP Energy underwent a corporate reorganization in order to consolidate certain of its wholly-owned subsidiaries. On October 30, 2015, we restructured our investment in CP Energy. Concurrent with the restructuring, we exchanged our \$86,965 senior secured loan and \$15,924 subordinated loan for Series B Convertible Preferred Stock in CP Energy. On October 1, 2017 we restructured our investment in CP Energy. Concurrent with the restructuring, we exchanged \$35,048 of Series B Convertible Preferred Stock for \$35,048 of senior secured debt.

Credit Central Holdings of Delaware, LLC ("Credit Central Delaware"), a consolidated entity in which we own 100% of the membership interests, owns 98.26% of Credit Central Loan Company, LLC (f/k/a Credit Central (21) Holdings, LLC ("Credit Central")) as of March 31, 2018 and June 30, 2017. Credit Central owns 100% of each of Credit Central, LLC; Credit Central South, LLC; Credit Central of Texas, LLC; and Credit Central of Tennessee, LLC, the operating companies. We report Credit Central as a separate controlled company.

As of June 30, 2017, Prospect held a 37.1% membership interest in Edmentum Ultimate Holdings, LLC ("Edmentum Holdings"), which owns 100% of the equity of Edmentum, Inc. On February 23, 2018, certain (22) participating members of Edmentum Holdings increased their revolving credit commitment and extended additional credit to Edmentum, Inc. in exchange for additional common units of Edmentum Holdings. As a result, Prospect's equity ownership was diluted to 11.5% and the investment was transferred from a controlled to an affiliate investment classification as of March 31, 2018.

First Tower Holdings of Delaware LLC, a consolidated entity in which we own 100% of the membership (23) interests, owns 80.1% of First Tower Finance Company LLC ("First Tower Finance"), which owns 100% of First Tower, LLC, the operating company as of March 31, 2018 and June 30, 2017. We report First Tower Finance as a separate controlled company.

Energy Solutions Holdings Inc., a consolidated entity in which we own 100% of the equity, owns 100% of Freedom Marine Solutions, LLC ("Freedom Marine"), which owns Vessel Company, LLC, Vessel Company II, (24) LLC and Vessel Company III, LLC. We report Freedom Marine as a separate controlled company. On October 30, 2015, we restructured our investment in Freedom Marine. Concurrent with the restructuring, we exchanged our \$32,500 senior secured loans for additional membership interest in Freedom Marine.

(25) MITY Holdings of Delaware Inc. ("MITY Delaware"), a consolidated entity in which we own 100% of the common stock, owns 95.48% and 95.83% of the equity of MITY, Inc. (f/k/a MITY Enterprises, Inc.) ("MITY"), as of

March 31, 2018 and June 30, 2017, respectively. MITY owns 100% of each of MITY-Lite, Inc. (“Mity-Lite”); Broda Enterprises USA, Inc.; and Broda Enterprises ULC (“Broda Canada”). We report MITY as a separate controlled company. MITY Delaware has a subordinated unsecured note issued and outstanding to Broda Canada that is denominated in Canadian Dollars (“CAD”). As of March 31, 2018 and June 30, 2017, the principal balance of this note was CAD 7,371. In accordance with ASC 830, Foreign Currency Matters (“ASC 830”), the principal and fair value of this note was remeasured into our functional currency, US Dollars (USD), and is presented on our Consolidated Schedule of Investments in USD. We formed a separate legal entity domiciled in the United States, MITY FSC, Inc., (“MITY FSC”) in which Prospect owns 96.88% of the equity, and MITY-Lite management owns the remaining portion. MITY FSC does not have material operations. This entity earns commission payments from MITY-Lite based on its sales to foreign customers, and distribute it to its shareholders based on pro-rata ownership. During the nine months ended March 31, 2018, we received \$211 of such commission, which we recognized as other income. On January 17, 2017, we invested an additional \$8,000 of Senior Secured Term Loan A and \$8,000 of Senior Secured Term Loan B debt investments in MITY, to fund an acquisition.

See notes to consolidated financial statements.

(26) NPH Property Holdings, LLC, a consolidated entity in which we own 100% of the membership interests, owns 100% of the common equity of National Property REIT Corp. (“NPRC”) (f/k/a National Property Holdings Corp.), a property REIT which holds investments in several real estate properties. Additionally, NPRC invests in online consumer loans through ACL Loan Holdings, Inc. (“ACLLH”) and American Consumer Lending Limited (“ACLL”), its wholly-owned subsidiaries. We report NPRC as a separate controlled company. See Note 3 for further discussion of the properties held by NPRC. On August 1, 2016, we made an investment into ACLL, under the ACLL credit agreement, for senior secured term loans, Term Loan C, with the same terms as the existing ACLLH Term Loan C due to us. On January 1, 2017, we restructured our investment in NPRC and exchanged \$55,000 of Senior Secured Term Loan E for common stock. During the quarter ended March 31, 2018, we restructured our investment in NPRC and exchanged \$14,274 of ACLLH Senior Secured Term Loan C and \$97,578 of ACLL Senior Secured Term Loan C for \$111,852 of Senior Secured Term Loan E.

(27) Nationwide Acceptance Holdings LLC, a consolidated entity in which we own 100% of the membership interests, owns 94.48% and 93.79% of Nationwide Loan Company LLC (f/k/a Nationwide Acceptance LLC), the operating company, as of March 31, 2018 and June 30, 2017, respectively. We report Nationwide Loan Company LLC as a separate controlled company. On June 1, 2015, Nationwide Acceptance LLC completed a reorganization and was renamed Nationwide Loan Company LLC (“Nationwide”) and formed two new wholly-owned subsidiaries: Pelican Loan Company LLC (“Pelican”) and Nationwide Consumer Loans LLC. Nationwide assigned 100% of the equity interests in its other subsidiaries to Pelican which, in turn, assigned these interests to a new operating company wholly-owned by Pelican named Nationwide Acceptance LLC (“New Nationwide”). New Nationwide also assumed the existing senior subordinated term loan due to Prospect.

(28) NMMB Holdings, a consolidated entity in which we own 100% of the equity, owns 91.52% and 96.33% of the fully diluted equity of NMMB, Inc. (“NMMB”) as of March 31, 2018 and June 30, 2017, respectively. NMMB owns 100% of Refuel Agency, Inc., which owns 100% of Armed Forces Communications, Inc. We report NMMB as a separate controlled company.

(29) On June 3, 2017, Gulf Coast Machine & Supply Company (“Gulf Coast”) sold all of its assets to a third party, for total consideration of \$10,250, including escrowed amounts. The proceeds from the sale were primarily used to repay a \$6,115 third party revolving credit facility, and the remainder was used to pay other legal and administrative costs incurred by Gulf Coast. As no proceeds were allocated to Prospect our debt and equity investment in Gulfco was written-off and we recorded a realized loss of \$66,103. Gulf Coast holds \$2,050 in escrow related to the sale, which will be distributed to Prospect once released to Gulf Coast, and will be recognized as a realized gain if and when it is received. On June 28, 2017, Gulf Coast was renamed to SB Forging Company II, Inc.

(30) Prospect owns 99.96% of the equity of USES Corp. as of March 31, 2018 and June 30, 2017.

(31) Valley Electric Holdings I, Inc., a consolidated entity in which we own 100% of the common stock, owns 100% of Valley Electric Holdings II, Inc. (“Valley Holdings II”), another consolidated entity. Valley Holdings II owns 94.99% of Valley Electric Company, Inc. (“Valley Electric”). Valley Electric owns 100% of the equity of VE Company, Inc., which owns 100% of the equity of Valley Electric Co. of Mt. Vernon, Inc. We report Valley Electric as a separate controlled company.

(32) On March 14, 2017, assets previously held by Ark-La-Tex Wireline Services, LLC (“Ark-La-Tex”) were assigned to Wolf Energy Services Company, LLC, a new wholly-owned subsidiary of Wolf Energy Holdings, in exchange for a full reduction of Ark-La-Tex’s Senior Secured Term Loan A and a partial reduction of the Senior Secured Term Loan B cost basis, in total equal to \$22,145. The cost basis of the transferred assets is equal to the appraised fair value of assets at the time of transfer. During the three months ended June 30, 2017, Ark-La-Tex Term Loan B was written-off and a loss of \$19,818 was realized. On June 30, 2017, the 18.00% Senior Secured Promissory

Note, due April 15, 2018, in Wolf Energy, LLC was contributed to the equity of Wolf Energy LLC. There was no impact from the transaction due to the note being on non-accrual status and having zero cost basis.

Prospect owns 16.04% and 12.63% of the equity in Targus Cayman HoldCo Limited, the parent company of Targus International LLC (“Targus”) as of March 31, 2018 and June 30, 2017, respectively. On September 25, (33)2017, Prospect exchanged \$1,600 of Senior Secured Term Loan A and \$4,799 of Senior Secured Term Loan B investments in Targus into 6,120,658 of common shares, and recorded a realized gain of \$846, as a result of this transaction.

As of March 31, 2018 and June 30, 2017, we own 99.9999% of AGC/PEP, LLC (“AGC/PEP”). As of September 30, 2016, AGC/PEP, owned 2,038 out of a total of 93,485 shares (including 7,456 vested and unvested management options) of American Gilsonite Holding Company (“AGC Holdco”) which owns 100% of American (34)Gilsonite Company (“AGC”). On October 24, 2016, AGC filed for a joint prepackaged plan of reorganization under Chapter 11 of the bankruptcy code. As of June 30, 2017, AGC has emerged from bankruptcy and AGC Holdco was dissolved. AGC/PEP received a total of 131 shares in AGC, representing a total ownership stake of 0.05% in AGC.

(35) Centerfield Media Holding Company and Oology Direct Holdings, Inc. are joint borrowers and guarantors on the senior secured loan facilities.

Keystone Acquisition Corp. is the parent borrower on the second lien term loan. Other joint borrowers on this (36) debt investment include Keystone Peer Review Organization, Inc., KEPRO Acquisitions, Inc., APS Healthcare Bethesda, Inc., Ohio KEPRO, Inc., and APS Healthcare Quality Review, Inc.

Arctic Oilfield Equipment USA, Inc., a consolidated entity in which we own 100% of the common equity, owns 70% of the equity units of Arctic Energy Services, LLC (“Arctic Energy”), the operating company. We report Arctic Energy as a separate controlled company. On September 30, 2015, we restructured our investment in (37) Arctic Energy. Concurrent with the restructuring, we exchanged our \$31,640 senior secured loan and our \$20,230 subordinated loan for Class D and Class E Units in Arctic Energy. Our ownership of Arctic Energy includes a preferred interest in their holdings of all the Class D, Class E, Class C, and Class A Units (in order of priority returns). These unit classes are senior to management’s interests in the F and B Units.

(38) NCP Finance Limited Partnership, NCP Finance Ohio, LLC, and certain affiliates thereof are joint borrowers on the subordinated secured term loan.

As of March 31, 2018 and June 30, 2017, Prospect owns 8.57% of the equity in Encinitas Watches Holdco, LLC (39) (f/k/a Nixon Holdco, LLC), the parent company of Nixon, Inc. On February 26, 2018, Prospect entered into a debt forgiveness agreement with Nixon, Inc., which terminated \$17,472 Senior Secured Term Loan receivable due to us. We recorded a realized loss of \$14,197 as a result of this transaction.

(40) As of March 31, 2018 and June 30, 2017, PGX Holdings, Inc. is the sole borrower on the second lien term loan.

(41) Our wholly-owned subsidiary Prospect Small Business Lending, LLC purchases small business whole loans from small business loan originators, including On Deck Capital, Inc.

(42) Turning Point Brands, Inc. and North Atlantic Trading Company, Inc. are joint borrowers and guarantors on the secured loan facility.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(in thousands, except share and per share data)

Note 1. Organization

In this report, the terms “Prospect,” “we,” “us” and “our” mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise.

Prospect is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940 (the “1940 Act”). As a BDC, we have elected to be treated as a regulated investment company (“RIC”), under Subchapter M of the Internal Revenue Code of 1986 (the “Code”). We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004.

On May 15, 2007, we formed a wholly-owned subsidiary Prospect Capital Funding LLC (“PCF”), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the revolving credit facility at PCF. Our wholly-owned subsidiary Prospect Small Business Lending, LLC (“PSBL”) was formed on January 27, 2014 and purchases small business whole loans on a recurring basis from online small business loan originators, including On Deck Capital, Inc. (“OnDeck”). On September 30, 2014, we formed a wholly-owned subsidiary Prospect Yield Corporation, LLC (“PYC”) and effective October 23, 2014, PYC holds our investments in collateralized loan obligations (“CLOs”). Each of these subsidiaries have been consolidated since operations commenced.

We consolidate certain of our wholly-owned and substantially wholly-owned holding companies formed by us in order to facilitate our investment strategy. The following companies are included in our consolidated financial statements: APH Property Holdings, LLC (“APH”); Arctic Oilfield Equipment USA, Inc.; CCPI Holdings Inc.; CP Holdings of Delaware LLC (“CP Holdings”); Credit Central Holdings of Delaware, LLC; Energy Solutions Holdings Inc.; First Tower Holdings of Delaware LLC (“First Tower Delaware”); Harbortouch Holdings of Delaware Inc.; MITY Holdings of Delaware Inc.; Nationwide Acceptance Holdings LLC; NMMB Holdings, Inc. (“NMMB Holdings”); NPH Property Holdings, LLC (“NPH”); STI Holding, Inc.; UPH Property Holdings, LLC (“UPH”); Valley Electric Holdings I, Inc.; Valley Electric Holdings II, Inc.; and Wolf Energy Holdings Inc. (“Wolf Energy Holdings”). On October 10, 2014, concurrent with the sale of the operating company, our ownership increased to 100% of the outstanding equity of ARRM Services, Inc. (“ARRM”) which was renamed SB Forging Company, Inc. (“SB Forging”). As such, we began consolidating SB Forging on October 11, 2014. Effective May 23, 2016, in connection with the merger of American Property REIT Corp. (“APRC”) and United Property REIT Corp. (“UPRC”) with and into National Property REIT Corp. (“NPRC”), APH and UPH merged with and into NPH, and were dissolved. We collectively refer to these entities as the “Consolidated Holding Companies.”

We are externally managed by our investment adviser, Prospect Capital Management L.P. (“Prospect Capital Management” or the “Investment Adviser”). Prospect Administration LLC (“Prospect Administration” or the “Administrator”), a wholly-owned subsidiary of the Investment Adviser, provides administrative services and facilities necessary for us to operate.

Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We invest primarily in senior and subordinated debt and equity of private companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. We work with the management teams or financial sponsors to identify investments with historical cash flows, asset collateral or contracted pro-forma cash flows for investment.

Note 2. Significant Accounting Policies

Basis of Presentation and Consolidation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) pursuant to the requirements for reporting on Form 10-Q, ASC 946, Financial

Services—Investment Companies (“ASC 946”), and Articles 6, 10 and 12 of Regulation S-X. Under the 1940 Act, ASC 946, and the regulations pursuant to Article 6 of Regulation S-X, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services to benefit us. Our consolidated financial statements include the accounts of Prospect, PCF, PSBL, PYC, and the Consolidated Holding Companies. All intercompany balances and transactions have been eliminated in consolidation. The financial results of our non-substantially wholly-owned holding companies and operating portfolio company investments are not consolidated in the financial statements. Any operating companies owned by the Consolidated Holding Companies are not consolidated.

Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompanying notes to conform to the presentation as of and for the three and nine months ended March 31, 2018.

Use of Estimates

The preparation of the consolidated financial statements in accordance with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, expenses, and gains and losses during the reported period. Changes in the economic environment, financial markets, creditworthiness of the issuers of our investment portfolio and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, “Control Investments” are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of more than 25% of the voting securities of an investee company. Under the 1940 Act, “Affiliate Investments” are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

As a BDC, we must not acquire any assets other than “qualifying assets” specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). As of March 31, 2018 and June 30, 2017, our qualifying assets as a percentage of total assets, stood at 73.72% and 71.75%, respectively.

Investment Transactions

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. In accordance with ASC 325-40, Beneficial Interest in Securitized Financial Assets, investments in CLOs are periodically assessed for other-than-temporary impairment (“OTTI”). When the Company determines that a CLO has OTTI, the amortized cost basis of the CLO is written down to its fair value as of the date of the determination based on events and information evaluated and that write-down is recognized as a realized loss. Amounts for investments traded but not yet settled are reported in Due to Broker or Due from Broker, in the Consolidated Statements of Assets and Liabilities.

Foreign Currency

Foreign currency amounts are translated into US Dollars (USD) on the following basis:

- i. fair value of investment securities, other assets and liabilities—at the spot exchange rate on the last business day of the period; and
- ii. purchases and sales of investment securities, income and expenses—at the rates of exchange prevailing on the respective dates of such investment transactions, income or expenses.

We do not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair values of investments held or disposed of during the period. Such fluctuations are included within the net realized and net change in unrealized gains or losses from investments in the Consolidated Statements of Operations.

Investment Risks

Our investments are subject to a variety of risks. Those risks include the following:

Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

Credit Risk

Credit risk represents the risk that we would incur if the counterparties failed to perform pursuant to the terms of their agreements with us.

Liquidity Risk

Liquidity risk represents the possibility that we may not be able to rapidly adjust the size of our investment positions in times of high volatility and financial stress at a reasonable price.

Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

Prepayment Risk

Many of our debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making us less likely to fully earn all of the expected income of that security and reinvesting in a lower yielding instrument.

Structured Credit Related Risk

CLO investments may be riskier and less transparent to us than direct investments in underlying companies. CLOs typically will have no significant assets other than their underlying senior secured loans. Therefore, payments on CLO investments are and will be payable solely from the cash flows from such senior secured loans.

Online Small-and-Medium-Sized Business Lending Risk

With respect to our online small-and-medium-sized business (“SME”) lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase SME loans, and our ability to grow our portfolio of SME loans, is directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase SME loans. In addition, our ability to analyze the risk-return profile of SME loans is significantly dependent on the marketplace facilitators’ ability to effectively evaluate a borrower’s credit profile and likelihood of default. If we are unable to effectively evaluate borrowers’ credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

Foreign Currency

Investments denominated in foreign currencies and foreign currency transactions may involve certain considerations and risks not typically associated with those of domestic origin. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Investment Valuation

To value our investments, we follow the guidance of ASC 820, Fair Value Measurement (“ASC 820”), that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States of America (“GAAP”), and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below.

1. Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors.
2. The independent valuation firms prepare independent valuations for each investment based on their own independent assessments and issue their report.
3. The Audit Committee of our Board of Directors reviews and discusses with the independent valuation firms the valuation reports, and then makes a recommendation to the Board of Directors of the value for each investment. The Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Our non-CLO investments are valued utilizing a yield technique, enterprise value (“EV”) technique, net asset value technique, liquidation technique, discounted cash flow technique, or a combination of techniques, as appropriate. The yield technique uses loan spreads for loans and other relevant information implied by market data involving identical or comparable assets or liabilities. Under the EV technique, the EV of a portfolio company is first determined and allocated over the portfolio company’s securities in order of their preference relative to one another (i.e., “waterfall” allocation). To determine the EV, we typically use a market (multiples) valuation approach that considers relevant and applicable market trading data of guideline public companies, transaction metrics from precedent merger and acquisitions transactions, and/or a discounted cash flow technique. The net asset value technique, an income approach, is used to derive a value of an underlying investment (such as real estate property) by dividing a relevant earnings stream by an appropriate capitalization rate. For this purpose, we consider capitalization rates for similar properties as may be obtained from guideline public companies and/or relevant transactions. The liquidation technique is intended to approximate the net recovery value of an investment based on, among other things, assumptions regarding liquidation proceeds based on a hypothetical liquidation of a portfolio company’s assets. The discounted cash flow technique converts future cash flows or earnings to a range of fair values from which a single estimate may be derived utilizing an appropriate discount rate. The fair value measurement is based on the net present value indicated by current market expectations about those future amounts.

In applying these methodologies, additional factors that we consider in valuing our investments may include, as we deem relevant: security covenants, call protection provisions, and information rights; the nature and realizable value of any collateral; the portfolio company’s ability to make payments; the principal markets in which the portfolio company does business; publicly available financial ratios of peer companies; the principal market; and enterprise values, among other factors.

Our investments in CLOs are classified as Level 3 fair value measured securities under ASC 820 and are valued using both a discounted single-path cash flow model and a discounted multi-path cash flow model. The CLO structures are analyzed to identify the risk exposures and to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations, which is a simulation used to model the probability of different outcomes, to generate probability-weighted (i.e., multi-path) cash flows from the underlying assets and liabilities. These cash flows, after payments to debt tranches senior to our equity positions, are discounted using appropriate market discount rates, and relevant data in the CLO market as well as certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the multi-path cash flows. We are not responsible for and have

no influence over the asset management of the portfolios underlying the CLO investments we hold, as those portfolios are managed by non-affiliated third party CLO collateral managers. The main risk factors are default risk, prepayment risk, interest rate risk, downgrade risk, and credit spread risk.

Valuation of Other Financial Assets and Financial Liabilities

ASC 825, Financial Instruments, specifically ASC 825-10-25, permits an entity to choose, at specified election dates, to measure eligible items at fair value (the “Fair Value Option”). We have not elected the Fair Value Option to report selected financial assets and financial liabilities. See Note 8 for the disclosure of the fair value of our outstanding debt and the market observable inputs used in determining fair value.

Convertible Notes

We have recorded the Convertible Notes at their contractual amounts. We have determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under ASC 815, Derivatives and Hedging. See Note 5 for further discussion.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Loan origination fees, original issue discount, and market discounts are capitalized and accreted into interest income over the respective terms of the applicable loans using the effective interest method or straight-line, as applicable, and adjusted only for material amendments or prepayments. Upon a prepayment of a loan, prepayment premiums, original issue discount, or market discounts are recorded as interest income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected.

Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans are either applied to the cost basis or interest income, depending upon management’s judgment of the collectibility of the loan receivable. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management’s judgment, is likely to remain current and future principal and interest collections when due are probable. Interest received and applied against cost while a loan is on non-accrual, and PIK interest capitalized but not recognized while on non-accrual, is recognized prospectively on the effective yield basis through maturity of the loan when placed back on accrual status, to the extent deemed collectible by management. As of March 31, 2018, approximately 1.3% of our total assets at fair value are in non-accrual status.

Some of our loans and other investments may have contractual payment-in-kind (“PIK”) interest or dividends. PIK income computed at the contractual rate is accrued into income and reflected as receivable up to the capitalization date. PIK investments offer issuers the option at each payment date of making payments in cash or in additional securities. When additional securities are received, they typically have the same terms, including maturity dates and interest rates as the original securities issued. On these payment dates, we capitalize the accrued interest (reflecting such amounts in the basis as additional securities received). PIK generally becomes due at maturity of the investment or upon the investment being called by the issuer. At the point that we believe PIK is not fully expected to be realized, the PIK investment will be placed on non-accrual status. When a PIK investment is placed on non-accrual status, the accrued, uncapitalized interest or dividends are reversed from the related receivable through interest or dividend income, respectively. We do not reverse previously capitalized PIK interest or dividends. Upon capitalization, PIK is subject to the fair value estimates associated with their related investments. PIK investments on non-accrual status are restored to accrual status if we believe that PIK is expected to be realized.

Interest income from investments in the “equity” class of security of CLO funds (typically preferred shares, income notes or subordinated notes) and “equity” class of security of securitized trust is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO and securitized trust equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Other income generally includes amendment fees, commitment fees, administrative agent fees and structuring fees which are recorded when earned. Excess deal deposits, net profits interests and overriding royalty interests are included in other income. See Note 10 for further discussion.

Federal and State Income Taxes

We have elected to be treated as a RIC and intend to continue to comply with the requirements of the Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable

income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gains to stockholders;

53

therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income. As of March 31, 2018, we do not expect to have any excise tax due for the 2018 calendar year. Thus, we have not accrued any excise tax for this period.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate income tax rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We follow ASC 740, Income Taxes (“ASC 740”). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of March 31, 2018 and for the three and nine months then ended, we did not record any unrecognized tax benefits or liabilities. Management’s determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. Although we file both federal and state income tax returns, our major tax jurisdiction is federal. Our federal tax returns for the tax years ended August 31, 2014 and thereafter remain subject to examination by the Internal Revenue Service.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management’s estimate of our future taxable earnings. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our Revolving Credit Facility, and Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Unsecured Notes”) as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method over the stated life of the obligation for our Revolving Credit Facility. The same methodology is used to approximate the effective yield method for our Prospect Capital InterNotes® and our at-the-market offering of our existing unsecured notes that mature on June 15, 2024 (“2024 Notes Follow-on Program”). The effective interest method is used to amortize deferred financing costs for our remaining Unsecured Notes over the respective expected life or maturity. In the event that we modify or extinguish our debt before maturity, we follow the guidance in ASC 470-50, Modification and Extinguishments (“ASC

470-50”). For modifications to or exchanges of our Revolving Credit Facility, any unamortized deferred costs relating to lenders who are not part of the new lending group are expensed. For extinguishments of our Unsecured Notes, any unamortized deferred costs are deducted from the carrying amount of the debt in determining the gain or loss from the extinguishment.

Unamortized deferred financing costs are presented as a direct deduction to the respective Unsecured Notes (see Notes 5, 6, and 7).

We may record registration expenses related to shelf filings as prepaid expenses. These expenses consist principally of the Securities and Exchange Commission (“SEC”) registration fees, legal fees and accounting fees incurred. These prepaid expenses are charged

to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed. As of March 31, 2018 and June 30, 2017, there are no prepaid expenses related to registration expenses and all amounts incurred have been expensed.

Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees (“ASC 460”). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net asset value per share.

Recent Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (“ASU 2016-13”), which amends the financial instruments impairment guidance so that an entity is required to measure expected credit losses for financial assets based on historical experience, current conditions and reasonable and supportable forecasts. As such, an entity will use forward-looking information to estimate credit losses. ASU 2016-13 also amends the guidance in FASB ASC Subtopic No. 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, related to the subsequent measurement of accretible yield recognized as interest income over the life of a beneficial interest in securitized financial assets under the effective yield method. ASU 2016-13 is effective for financial statements issued for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (“ASU 2016-15”), which addresses certain aspects of cash flow statement classification. One such amendment requires cash payments for debt prepayment or debt extinguishment costs to be classified as cash outflows for financing activities. ASU 2016-15 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. The adoption of the amended guidance in ASU 2016-15 is not expected to have a significant effect on our consolidated financial statements and disclosures. In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which amends accounting guidance for revenue recognition arising from contracts with customers. Under the new guidance, an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to be entitled to in exchange for those goods or services. In August 2015, the FASB also issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, which deferred the effective date of the standard for one year. As a result, the guidance is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted as of fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

Note 3. Portfolio Investments

At March 31, 2018, we had investments in 134 long-term portfolio investments, which had an amortized cost of \$5,864,967 and a fair value of \$5,719,804. At June 30, 2017, we had investments in 121 long-term portfolio investments, which had an amortized cost of \$5,981,556 and a fair value of \$5,838,305.

The original cost basis of debt placement and equity securities acquired, including follow-on investments for existing portfolio companies, payment-in-kind interest, and structuring fees, totaled \$1,390,816 and \$1,266,294 during the nine months ended March 31, 2018 and March 31, 2017, respectively. Debt repayments and considerations from sales of equity securities of \$1,471,246 and \$1,061,839 were received during the nine months ended March 31, 2018 and March 31, 2017, respectively.

In the previous table and throughout the remainder of this footnote, we aggregate our portfolio investments by type of investment, which may differ slightly from the nomenclature used by the constituent instruments defining the rights of holders of the investment, as disclosed on our Consolidated Schedules of Investments ("SOI"). The following investments are included in each category:

• **Revolving Line of Credit** includes our investments in delayed draw term loans.

• **Senior Secured Debt** includes investments listed on the SOI such as senior secured term loans, senior term loans, secured promissory notes, senior demand notes, and first lien term loans.

• **Subordinated Secured Debt** includes investments listed on the SOI such as subordinated secured term loans, subordinated term loans, senior subordinated notes, and second lien term loans.

• **Subordinated Unsecured Debt** includes investments listed on the SOI such as subordinated unsecured notes and senior unsecured notes.

• **Small Business Loans** includes our investments in SME whole loans purchased from OnDeck.

• **CLO Residual Interest** includes our investments in the "equity" security class of CLO funds such as income notes, preference shares, and subordinated notes.

• **Equity**, unless specifically stated otherwise, includes our investments in preferred stock, common stock, membership interests, net profits interests, net operating income interests, net revenue interests, overriding royalty interests, escrows receivable, and warrants.

The following table shows the fair value of our investments disaggregated into the three levels of the ASC 820 valuation hierarchy as of March 31, 2018.

In determining the range of values for debt instruments, except CLOs and debt investments in controlling portfolio companies, management and the independent valuation firm estimated corporate and security credit ratings and identified corresponding yields to maturity for each loan from relevant market data. A discounted cash flow technique was then applied using the appropriate yield to maturity as the discount rate, to determine a range of values. In determining the range of values for debt investments of controlled companies and equity investments, the enterprise value was determined by applying a market approach such as using earnings before income interest, tax, depreciation and amortization ("EBITDA") multiples, net income and/or book value multiples for similar guideline public companies and/or similar recent investment transactions and/or an income approach, such as the discounted cash flow technique. For stressed debt and equity investments, a liquidation analysis was used.

In determining the range of values for our investments in CLOs, the independent valuation firm uses both a discounted single-path cash flow model and a discounted multi-path cash flow model. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view as well as to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations to generate probability-weighted (i.e., multi-path) cash flows for the underlying assets and liabilities. These cash flows are discounted using appropriate market discount rates, and relevant data in the CLO market and certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the corresponding multi-path cash flow model.

Our portfolio consists of residual interests in CLOs, which involve a number of significant risks. CLOs are typically very highly levered (10 - 14 times), and therefore the residual interest tranches that we invest in are subject to a higher degree of risk of total loss. In particular, investors in CLO residual interests indirectly bear risks of the underlying loan investments held by such CLOs. We generally have the right to receive payments only from the CLOs, and generally do not have direct rights against the underlying borrowers or the entity that sponsored the CLOs. While the CLOs we target generally enable the investor to acquire interests in a pool of senior loans without the expenses associated with directly holding the same investments, the prices of indices and securities underlying our CLOs will rise or fall. These prices (and, therefore, the prices of the CLOs) will be influenced by the same types of political and economic events that affect issuers of securities and capital markets generally. The failure by a CLO investment in which we invest to satisfy financial covenants, including with respect to adequate collateralization and/or interest coverage tests, could lead to a reduction in its payments to us. In the event that a CLO fails certain tests, holders of debt senior to us would be entitled to additional payments that would, in turn, reduce the payments we would otherwise be entitled to receive. Separately, we may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms with a defaulting CLO or any other investment we may make. If any of these occur, it could materially and adversely

affect our operating results and cash flows.

The interests we have acquired in CLOs are generally thinly traded or have only a limited trading market. CLOs are typically privately offered and sold, even in the secondary market. As a result, investments in CLOs may be characterized as illiquid securities. In addition to the general risks associated with investing in debt securities, CLO residual interests carry additional risks, including, but not limited to: (i) the possibility that distributions from collateral securities will not be adequate to make interest or other payments; (ii) the quality of the collateral may decline in value or default; (iii) the investments in CLO tranches will likely

be subordinate to other senior classes of note tranches thereof; and (iv) the complex structure of the security may not be fully understood at the time of investment and may produce disputes with the CLO investment or unexpected investment results. Our net asset value may also decline over time if our principal recovery with respect to CLO residual interests is less than the cost of those investments. Our CLO investments and/or the underlying senior secured loans may prepay more quickly than expected, which could have an adverse impact on our value.

We hold more than a 10% interest in certain foreign corporations that are treated as controlled foreign corporations (“CFC”) for U.S. federal income tax purposes (including our residual interest tranche investments in CLOs). Therefore, we are treated as receiving a deemed distribution (taxable as ordinary income) each year from such foreign corporations in an amount equal to our pro rata share of the corporation’s income for that tax year (including both ordinary earnings and capital gains). We are required to include such deemed distributions from a CFC in our taxable income and we are required to distribute at least 90% of such income to maintain our RIC status, regardless of whether or not the CFC makes an actual distribution during such year.

If we acquire shares in “passive foreign investment companies” (“PFICs”) (including residual interest tranche investments in CLOs that are PFICs), we may be subject to federal income tax on a portion of any “excess distribution” or gain from the disposition of such shares even if such income is distributed as a taxable dividend to our stockholders. Certain elections may be available to mitigate or eliminate such tax on excess distributions, but such elections (if available) will generally require us to recognize our share of the PFIC’s income for each year regardless of whether we receive any distributions from such PFICs. We must nonetheless distribute such income to maintain our status as a RIC.

Legislation enacted in 2010 imposes a withholding tax of 30% on payments of U.S. source interest and dividends paid after December 31, 2013, or gross proceeds from the disposition of an instrument that produces U.S. source interest or dividends paid after December 31, 2016, to certain non-U.S. entities, including certain non-U.S. financial institutions and investment funds, unless such non-U.S. entity complies with certain reporting requirements regarding its United States account holders and its United States owners. Most CLOs in which we invest will be treated as non-U.S. financial entities for this purpose, and therefore will be required to comply with these reporting requirements to avoid the 30% withholding. If a CLO in which we invest fails to properly comply with these reporting requirements, it could reduce the amounts available to distribute to residual interest and junior debt holders in such CLO vehicle, which could materially and adversely affect our operating results and cash flows.

If we are required to include amounts in income prior to receiving distributions representing such income, we may have to sell some of our investments at times and/or at prices management would not consider advantageous, raise additional debt or equity capital or forgo new investment opportunities for this purpose.

The significant unobservable input used to value our investments based on the yield technique and discounted cash flow technique is the market yield (or applicable discount rate) used to discount the estimated future cash flows expected to be received from the underlying investment, which includes both future principal and interest/dividend payments. Increases or decreases in the market yield (or applicable discount rate) would result in a decrease or increase, respectively, in the fair value measurement. Management and the independent valuation firms consider the following factors when selecting market yields or discount rates: risk of default, rating of the investment and comparable company investments, and call provisions.

The significant unobservable inputs used to value our investments based on the EV analysis may include market multiples of specified financial measures such as EBITDA, net income, or book value of identified guideline public companies, implied valuation multiples from precedent M&A transactions, and/or discount rates applied in a discounted cash flow technique. The independent valuation firm identifies a population of publicly traded companies with similar operations and key attributes to that of the portfolio company. Using valuation and operating metrics of these guideline public companies and/or as implied by relevant precedent transactions, a range of multiples of the latest twelve months EBITDA, or other measure such as net income or book value, is typically calculated. The independent valuation firm utilizes the determined multiples to estimate the portfolio company’s EV generally based

on the latest twelve months EBITDA of the portfolio company (or other meaningful measure). Increases or decreases in the multiple would result in an increase or decrease, respectively, in EV which would result in an increase or decrease in the fair value measurement of the debt of controlled companies and/or equity investment, as applicable. In certain instances, a discounted cash flow analysis may be considered in estimating EV, in which case, discount rates based on a weighted average cost of capital and application of the capital asset pricing model may be utilized. The significant unobservable input used to value our private REIT investments based on the net asset value analysis is the capitalization rate applied to the earnings measure of the underlying property. Changes in market yields, discount rates, capitalization rates or EBITDA multiples, each in isolation, may change the fair value measurement of certain of our investments. Generally, an increase in market yields, discount rates or capitalization rates, or a decrease in EBITDA (or other) multiples may result in a decrease in the fair value measurement of certain of our investments.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the currently assigned valuations.

During the nine months ended March 31, 2018, the valuation methodology for Arctic Energy Services, LLC (“Arctic Energy”) changed to remove the liquidation analysis. As a result of the company’s performance and current market conditions, the fair value of our investment in Arctic Energy increased to \$27,017 as of March 31, 2018, a discount of \$37,429 from its amortized cost, compared to the \$43,506 unrealized depreciation recorded at June 30, 2017.

During the nine months ended March 31, 2018, the valuation methodology for Spartan Energy Services, Inc. (“Spartan”) changed to remove the waterfall and liquidation analysis and incorporated an income method approach. As a result of the company’s improved performance and current market conditions, the fair value of our investment in Spartan increased to \$30,238 as of March 31, 2018, a premium of \$2,391 from its amortized cost, compared to the \$16,769 unrealized depreciation recorded at June 30, 2017.

During the nine months ended March 31, 2018, one of our CLO investments was deemed to have an other-than-temporary impairment. In accordance with ASC 325-40, we recorded a total loss of \$2,495 related to this investment for the amount by which amortized cost exceeded fair value as of the respective determination dates.

During the nine months ended March 31, 2018, we provided \$60,912 of equity financing to NPRC for the acquisition of real estate properties and \$1,112 of debt and \$12,601 of equity financing to NPRC to fund capital expenditures for existing real estate properties.

During the nine months ended March 31, 2018, we provided \$21,858 and \$13,433 of debt and equity financing, respectively, to NPRC and its wholly-owned subsidiaries to support the online consumer loans and online consumer loan backed products. In addition, during the nine months ended March 31, 2018, we received partial repayments of \$63,307 of our loans previously outstanding with NPRC and its wholly-owned subsidiaries and \$10,403 as a return of capital on our equity investment in NPRC.

The online consumer loan investments held by certain of NPRC’s wholly-owned subsidiaries are unsecured obligations of individual borrowers that are issued in amounts ranging from \$1 to \$50, with fixed terms ranging from 24 to 84 months. As of March 31, 2018, the outstanding investment in online consumer loans by certain of NPRC’s wholly-owned subsidiaries was comprised of 73,663 individual loans and residual interests in two securitizations, and had an aggregate fair value of \$441,123. The average outstanding individual loan balance was approximately \$6 and the loans mature on dates ranging from April 1, 2018 to March 12, 2025 with a weighted-average outstanding term of 27 months as of March 31, 2018. Fixed interest rates range from 4.0% to 36.0% with a weighted-average current interest rate of 24.0%. As of March 31, 2018, our investment in NPRC and its wholly-owned subsidiaries relating to online consumer lending had a fair value of \$297,524.

As of March 31, 2018, based on outstanding principal balance, 6.2% of the portfolio was invested in super prime loans (borrowers with a Fair Isaac Corporation (“FICO”) score, of 720 or greater), 19.0% of the portfolio in prime loans (borrowers with a FICO score of 660 to 719) and 74.8% of the portfolio in near prime loans (borrowers with a FICO score of 580 to 659, a portion of which are considered sub-prime).

Loan Type	Outstanding Principal Balance	Fair Value	Weighted Average Interest Rate*
Super Prime	\$ 24,957	\$24,319	13.2%
Prime	77,169	73,535	16.5%
Near Prime**	303,354	275,383	26.8%

*Weighted by outstanding principal balance of the online consumer loans.

**A portion of these loans are sub-prime borrowers.

On July 1, 2016, BNN Holdings Corp. was sold. The sale provided net proceeds for our minority position of \$2,365, resulting in a realized gain of \$137. During the three months ended December 31, 2016 we received remaining escrow proceeds, realizing an additional gain of \$50.

On August 17, 2016, we made a \$5,000 investment in BCD Acquisition, Inc. (“Big Tex”). On August 18, 2016, we sold our \$5,000 investment in Big Tex and realized a gain of \$138 on the sale.

On August 19, 2016, we sold our investment in Nathan’s Famous, Inc. for net proceeds of \$3,240 and realized a gain of \$240 on the sale.

On September 27, 2016, we received additional bankruptcy proceeds for our previously impaired investment in New Century Transportation, Inc., and recorded a realized gain of \$936, offsetting the previously recognized loss.

On October 18, 2016, we received additional proceeds of \$434 related to the May 31, 2016 sale of Harbortouch Payments, LLC. We realized a gain for the same amount.

On December 27, 2016, we exercised our warrants in R-V Industries, Inc. (“R-V”) to purchase additional common stock in R-V. As a result, we realized a gain of \$172 on this transaction.

On March 14, 2017, assets previously held by Ark-La-Tex Wireline Services, LLC (“Ark-La-Tex”) were assigned to Wolf Energy Services, a new wholly-owned subsidiary of Wolf Energy Holdings, in exchange for a full reduction of Ark-La-Tex’s Senior Secured Term Loan A and a partial reduction of the Senior Secured Term Loan B cost basis, in total equal to \$22,145. The cost basis of the transferred assets is equal to the appraised fair value of assets at the time of transfer.

On September 25, 2017, Prospect exchanged \$1,600 of Senior Secured Term Loan A and \$4,799 of Senior Secured Term Loan B investments in Targus International, LLC into 6,120,658 of common shares of Targus Cayman HoldCo Limited, and recorded a realized gain of \$846, as a result of this transaction.

On December 11, 2017, Primesport, Inc. repaid the \$53,001 Senior Secured Term Loan A and \$71,481 Senior Secured Term Loan B loan receivable to us, for which we agreed to a payment to satisfy the loan less than the par amount and recorded a realized loss of \$3,019, as a result of this transaction.

On February 26, 2018, we entered into a debt forgiveness agreement with Nixon, Inc., which terminated the \$17,472 Senior Secured Term Loan receivable due to us. We recorded a realized loss of \$14,197 as a result of this transaction. As of March 31, 2018, \$3,439,901 of our loans to portfolio companies, at fair value, bear interest at floating rates and have LIBOR floors ranging from 0.0% to 4.0%. As of March 31, 2018, \$484,210 of our loans to portfolio companies, at fair value, bear interest at fixed rates ranging from 5.0% to 20.0%. As of June 30, 2017, \$3,488,672 of our loans to portfolio companies, at fair value, bear interest at floating rates and have LIBOR floors ranging from 0.3% to 4.0%. As of June 30, 2017, \$489,007 of our loans to portfolio companies, at fair value, bear interest at fixed rates ranging from 5.0% to 20.0%.

At March 31, 2018, four loan investments were on non-accrual status: Ark-La-Tex, Edmentum Ultimate Holdings, LLC (“Edmentum”) (the Unsecured Junior PIK Note), United Sporting Companies, Inc. (“USC”), and USES Corp. (“USES”). At June 30, 2017, seven loan investments were on non-accrual status: Ark-La-Tex, Edmentum (the Unsecured Junior PIK Note), Nixon, Spartan, USC, USES, and Venio LLC. Cost balances of these loans amounted to \$223,842 and \$286,388 as of March 31, 2018 and June 30, 2017, respectively. The fair value of these loans amounted to \$75,966 and \$154,417 as of March 31, 2018 and June 30, 2017, respectively. The fair values of these investments represent approximately 1.3% and 2.5% of our total assets at fair value as of March 31, 2018 and June 30, 2017, respectively.

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and unused fees ranging from 0.00% to 5.00%. As of March 31, 2018 and June 30, 2017, we had \$19,675 and \$22,925, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies. The fair value of our undrawn committed revolvers and delayed draw term loans was zero as of March 31, 2018 and June 30, 2017.

During the nine months ended March 31, 2018 and the nine months ended March 31, 2017, there were no sales of the senior secured Term Loan A investments. We serve as an agent for these loans and collect a servicing fee from the counterparties on behalf of the Investment Adviser. We receive a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser. See Note 13 for further discussion.

Unconsolidated Significant Subsidiaries

Our investments are generally in small and mid-sized companies in a variety of industries. In accordance with Rules 3-09 and 4-08(g) of Regulation S-X, we must determine which of our unconsolidated controlled portfolio companies are considered “significant subsidiaries,” if any. In evaluating these investments, there are three tests utilized to determine if any of our controlled investments are considered significant subsidiaries: the asset test, the income test and the investment test. Rule 3-09 of Regulation S-X requires separate audited financial statements of an unconsolidated subsidiary in an annual report if any of the three tests exceed 20%. Rule 4-08(g) of Regulation S-X requires summarized financial information in an annual report if any of the three tests exceeds 10%, and summarized financial information in a quarterly report if either the investment or income test exceeds 20% pursuant to Rule 10-01(b) of Regulation S-X.

The following table summarizes the results of our analysis for the three tests for the nine months ended March 31, 2018 and year ended June 30, 2017.

	Asset Test		Income Test		Investment Test		
	Greater than 10% but Less than 20%	Greater than 20%	Greater than 10% but Less than 20%	Greater than 20%	Greater than 10% but Less than 20%	Greater than 20%

Income, consisting of interest, dividends, fees, other investment income and realization of gains or losses, can fluctuate upon repayment or sale of an investment or the marking to fair value of an investment in any given year can be highly concentrated among several investments. After performing the income analysis for the nine months ended March 31, 2018, as currently promulgated by the SEC, we determined that two of our controlled investments individually generated more than 20% of our income, primarily due to the unrealized gains that were recognized on the investments during the nine months ended March 31, 2018. We do not believe that the calculation promulgated by the SEC correctly identifies significant subsidiaries but have included

First Tower Finance Company LLC (“First Tower Finance”) and NPRC as significant subsidiaries. NPRC, an unconsolidated majority-owned portfolio company, was considered a significant subsidiary at the 20% level as of and during the period ended March 31, 2018 and year ended June 30, 2017.

The SEC has requested comments on the proper mechanics of how the calculations related to Rules 3-09 and 4-08(g) of Regulation S-X should be completed. There is currently diversity in practice for the calculations. We expect that the SEC will clarify the calculation methods in the future.

Note 4. Revolving Credit Facility

On August 29, 2014, we renegotiated our previous credit facility and closed an expanded five and a half year revolving credit facility (the “2014 Facility” or the “Revolving Credit Facility”). The lenders have extended commitments of \$885,000 under the 2014 Facility as of March 31, 2018. The 2014 Facility includes an accordion feature which allows commitments to be increased up to \$1,500,000 in the aggregate. The revolving period of the 2014 Facility extends through March 2019, with an additional one year amortization period (with distributions allowed) after the completion of the revolving period. During such one year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the one year amortization period, the remaining balance will become due, if required by the lenders.

The 2014 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2014 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2014 Facility. The 2014 Facility also requires the maintenance of a minimum liquidity requirement. As of March 31, 2018, we were in compliance with the applicable covenants.

Interest on borrowings under the 2014 Facility is one-month LIBOR plus 225 basis points. Additionally, the lenders charge a fee on the unused portion of the 2014 Facility equal to either 50 basis points if at least 35% of the credit facility is drawn or 100 basis points otherwise. The 2014 Facility requires us to pledge assets as collateral in order to borrow under the credit facility.

As of March 31, 2018 and June 30, 2017, we had \$382,262 and \$665,409, respectively, available to us for borrowing under the Revolving Credit Facility, of which \$86,000 was outstanding as of March 31, 2018. We did not have any borrowings outstanding under the Revolving Credit Facility as of June 30, 2017. As additional eligible investments are transferred to PCF and pledged under the Revolving Credit Facility, PCF will generate additional availability up to the current commitment amount of \$885,000. As of March 31, 2018, the investments, including cash, used as collateral for the Revolving Credit Facility had an aggregate fair value of \$1,225,288, which represents 21.1% of our total investments, including cash. These assets are held and owned by PCF, a bankruptcy remote special purpose entity, and as such, these investments are not available to our general creditors. The release of any assets from PCF requires the approval of the facility agent.

In connection with the origination and amendments of the Revolving Credit Facility, we incurred \$12,405 of new fees and \$3,539 were carried over for continuing participants from the previous facility, all of which are being amortized over the term of the facility in accordance with ASC 470-50. As of March 31, 2018, \$2,717 remains to be amortized and is reflected as deferred financing costs on the Consolidated Statements of Assets and Liabilities.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$3,016 and \$3,218, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$9,356 and \$9,247, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

Note 5. Convertible Notes

On February 18, 2011, we issued \$172,500 aggregate principal amount of convertible notes that matured on August 15, 2016 (the “2016 Notes”). The 2016 Notes bore interest at a rate of 5.50% per year, payable semi-annually on February 15 and August 15 of

each year, beginning August 15, 2011. Total proceeds from the issuance of the 2016 Notes, net of underwriting discounts and offering costs, were \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 aggregate principal amount of the 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. On August 15, 2016, we repaid the outstanding principal amount of the 2016 Notes, plus interest. No gain or loss was realized on the transaction.

On April 16, 2012, we issued \$130,000 aggregate principal amount of convertible notes that matured on October 15, 2017 (the “2017 Notes”). The 2017 Notes bore interest at a rate of 5.375% per year, payable semi-annually on April 15 and October 15 of each year, beginning October 15, 2012. Total proceeds from the issuance of the 2017 Notes, net of underwriting discounts and offering costs, were \$126,035. On March 28, 2016, we repurchased \$500 aggregate principal amount of the 2017 Notes at a price of 98.25, including commissions. The transaction resulted in our recognizing a \$9 gain for the period ended March 31, 2016. On April 6, 2017, we repurchased \$78,766 aggregate principal amount of the 2017 Notes at a price of 102.0, including commissions. The transaction resulted in our recognizing a \$1,786 loss during the three months ended June 30, 2017. On October 15, 2017, we repaid the outstanding principal amount of the 2017 Notes, plus interest. No gain or loss was realized on the transaction.

On August 14, 2012, we issued \$200,000 aggregate principal amount of convertible notes that matured on March 15, 2018 (the “2018 Notes”), unless previously converted or repurchased in accordance with their terms. The 2018 Notes bore interest at a rate of 5.75% per year, payable semi-annually on March 15 and September 15 of each year, beginning March 15, 2013. Total proceeds from the issuance of the 2018 Notes, net of underwriting discounts and offering costs, were \$193,600. On April 6, 2017, we repurchased \$114,581 aggregate principal amount of the 2018 Notes at a price of 103.5, including commissions. The transaction resulted in our recognizing a \$4,700 loss during the three months ended June 30, 2017. On March 15, 2018, we repaid the outstanding principal amount of \$85,419, plus interest, on the 2018 Notes. No gain or loss was realized on the transaction.

On December 21, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on January 15, 2019 (the “2019 Notes”), unless previously converted or repurchased in accordance with their terms. The 2019 Notes bear interest at a rate of 5.875% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2013. Total proceeds from the issuance of the 2019 Notes, net of underwriting discounts and offering costs, were \$193,600.

On April 11, 2014, we issued \$400,000 aggregate principal amount of convertible notes that mature on April 15, 2020 (the “2020 Notes”), unless previously converted or repurchased in accordance with their terms. The 2020 Notes bear interest at a rate of 4.75% per year, payable semi-annually on April 15 and October 15 each year, beginning October 15, 2014. Total proceeds from the issuance of the 2020 Notes, net of underwriting discounts and offering costs, were \$387,500. On January 30, 2015, we repurchased \$8,000 aggregate principal amount of the 2020 Notes at a price of 93.0, including commissions. As a result of this transaction, we recorded a gain of \$332, in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs.

On April 11, 2017, we issued \$225,000 aggregate principal amount of convertible notes that mature on July 15, 2022 (the “2022 Notes”), unless previously converted or repurchased in accordance with their terms. The 2022 Notes bear interest at a rate of 4.95% per year, payable semi-annually on January 15 and July 15 each year, beginning July 15, 2017. Total proceeds from the issuance of the 2022 Notes, net of underwriting discounts and offering costs, were \$218,010.

Certain key terms related to the convertible features for the 2019 Notes, the 2020 Notes and the 2022 Notes (collectively, the “Convertible Notes”) are listed below.

The conversion rate is increased if monthly cash dividends paid to common shares exceed the monthly dividend (4) threshold amount, subject to adjustment. Current dividend rates are at or below the minimum dividend threshold amount for further conversion rate adjustments for all bonds.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the notes surrendered for conversion representing accrued and unpaid interest to, but not including, the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the Convertible Notes.

No holder of Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Convertible Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Convertible Notes upon a fundamental change at a price equal to 100% of the principal amount of the Convertible Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Convertible Notes through and including the maturity date.

In connection with the issuance of the Convertible Notes, we incurred \$24,795 of fees which are being amortized over the terms of the notes, of which \$11,908 remains to be amortized and is included as a reduction within Convertible Notes on the Consolidated Statement of Assets and Liabilities as of March 31, 2018.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$12,664 and \$13,484, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense. During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$39,323 and \$41,674, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense.

Note 6. Public Notes

On March 15, 2013, we issued \$250,000 aggregate principal amount of unsecured notes that mature on March 15, 2023 (the "2023 Notes"). The 2023 Notes bear interest at a rate of 5.875% per year, payable semi-annually on March 15 and September 15 of each year, beginning September 15, 2013. Total proceeds from the issuance of the 2023 Notes, net of underwriting discounts and offering costs, were \$243,641.

On April 7, 2014, we issued \$300,000 aggregate principal amount of unsecured notes that mature on July 15, 2019 (the "5.00% 2019 Notes"). Included in the issuance is \$45,000 of Prospect Capital InterNotes® that were exchanged for the 5.00% 2019 Notes. The 5.00% 2019 Notes bear interest at a rate of 5.00% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2014. Total proceeds from the issuance of the 5.00% 2019 Notes, net of underwriting discounts and offering costs, were \$295,998.

On December 10, 2015, we issued \$160,000 aggregate principal amount of unsecured notes that mature on June 15, 2024 (the "2024 Notes"). The 2024 Notes bear interest at a rate of 6.25% per year, payable quarterly on March 15, June 15, September 15 and December 15 of each year, beginning March 15, 2016. Total proceeds from the issuance of the 2024 Notes, net of underwriting discounts and offering costs, were \$155,043. On June 16, 2016, we entered into an at-the-market program with FBR Capital Markets & Co. through which we could sell, by means of at-the-market offerings, from time to time, up to \$100,000 in aggregate principal amount of our existing 2024 Notes. As of March 31, 2018, we have issued a total of \$199,281 in aggregate principal amount of our 2024 Notes for net proceeds of \$193,253 after commissions and offering costs.

The 2023 Notes, the 5.00% 2019 Notes, and the 2024 Notes (collectively, the "Public Notes") are direct unsecured obligations and rank equally with all of our unsecured indebtedness from time to time outstanding.

In connection with the issuance of the 2023 Notes, the 5.00% 2019 Notes, and the 2024 Notes, we recorded a discount of \$2,777 and debt issuance costs of \$13,613, which are being amortized over the terms of the notes. As of March 31,

2018, \$1,678 of the original issue discount and \$7,767 of the debt issuance costs remain to be amortized and are included as a reduction within Public Notes on the Consolidated Statement of Assets and Liabilities.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$11,054 and \$11,026, respectively, of interest costs and amortization of financing costs on the Public Notes as interest expense. During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$33,143 and \$32,864, respectively, of interest costs and amortization of financing costs on the Public Notes as interest expense.

Note 7. Prospect Capital InterNotes®

On February 16, 2012, we entered into a selling agent agreement (the “Selling Agent Agreement”) with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the “InterNotes® Offering”), which was increased to \$1,500,000 in May 2014. Additional agents may be appointed by us from time to time in connection with the InterNotes® Offering and become parties to the Selling Agent Agreement.

These notes are direct unsecured obligations and rank equally with all of our unsecured indebtedness from time to time outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the nine months ended March 31, 2018, we issued \$69,428 aggregate principal amount of Prospect Capital InterNotes® for net proceeds of \$68,396. These notes were issued with stated interest rates ranging from 4.00% to 5.00% with a weighted average interest rate of 4.37%. These notes mature between July 15, 2022 and March 15, 2026. The following table summarizes the Prospect Capital InterNotes® issued during the nine months ended March 31, 2018:

As permitted by ASC 825-10-25, we have not elected to value our Revolving Credit Facility, Convertible Notes, (1)Public Notes and Prospect Capital InterNotes® at fair value. The fair value of these debt obligations are categorized as Level 2 under ASC 820 as of March 31, 2018.

(2)The maximum draw amount of the Revolving Credit facility as of March 31, 2018 is \$885,000.

(3)Net Carrying Value excludes deferred financing costs associated with the Revolving Credit Facility. See Note 2 for accounting policy details.

(4)We use available market quotes to estimate the fair value of the Convertible Notes and Public Notes.

(5)The fair value of Prospect Capital InterNotes® is estimated by discounting remaining payments using current Treasury rates plus spread.

(6)Represents the rate on drawn down and outstanding balances. Deferred debt issuance costs are amortized on a straight-line method over the stated life of the obligation.

The effective interest rate is equal to the effect of the stated interest, the accretion of original issue discount and (7)amortization of debt issuance costs. For the 2024 Notes, the rate presented is a combined effective interest rate of the 2024 Notes and 2024 Notes Follow-on Program.

For the Prospect Capital InterNotes®, the rate presented is the weighted average effective interest rate. Interest (8)expense and deferred debt issuance costs, which are amortized on a straight-line method over the stated life of the obligation which approximates level yield, are weighted against the average year-to-date principal balance.

Note 9. Stock Repurchase Program, Equity Offerings, Offering Expenses, and Distributions

On August 24, 2011, our Board of Directors approved a share repurchase plan (the “Repurchase Program”) under which we may repurchase up to \$100,000 of our common stock at prices below our net asset value per share. Prior to any repurchase, we are required to notify shareholders of our intention to purchase our common stock. Our last notice was delivered with our annual proxy mailing on September 22, 2017.

We did not repurchase any shares of our common stock during the nine months ended March 31, 2018 and March 31, 2017. As of March 31, 2018, the approximate dollar value of shares that may yet be purchased under the Repurchase Program is \$65,860.

Excluding dividend reinvestments, during the nine months ended March 31, 2018 and March 31, 2017, we did not issue any shares of our common stock.

On August 31, 2016, we filed a registration statement on Form N-2 (File No. 333-213391) with the SEC. We subsequently filed a Pre-Effective Amendment No. 2 thereto on November 1, 2016, which the SEC declared effective on November 3, 2016. On October 26, 2017, we filed Post-Effective Amendment No. 50 to the registration statement, which the SEC declared effective on October 30, 2017. The registration statement permits us to issue, through one or more transactions, up to an aggregate of \$5,000,000 in securities, consisting of common stock, preferred stock, debt securities, subscription rights to purchase our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities. As of March 31, 2018, we have the ability to issue up to \$4,621,784 in securities under the registration statement.

Dividends and distributions to common stockholders are recorded on the ex-dividend date. As such, the table above includes distributions with record dates during nine months ended March 31, 2018 and March 31, 2017. It does not include distributions previously declared to stockholders of record on any future dates, as those amounts are not yet determinable. The following dividends were previously declared and will be recorded and payable subsequent to March 31, 2018:

\$0.06 per share for April 2018 to holders of record on April 30, 2018 with a payment date of May 24, 2018.

During the nine months ended March 31, 2018 and March 31, 2017, we issued 2,580,429 and 2,778,472 shares of our common stock, respectively, in connection with the dividend reinvestment plan.

On February 9, 2016, we amended our dividend reinvestment plan that provided for reinvestment of our dividends or distributions on behalf of our stockholders, unless a stockholder elects to receive cash, to add the ability of stockholders to purchase additional shares by making optional cash investments. Under the revised dividend reinvestment and direct stock repurchase plan, stockholders may elect to purchase additional shares through our transfer agent in the open market or in negotiated transactions.

During the nine months ended March 31, 2018, Prospect officers purchased 11,313,201 shares of our stock, or 3.12% of total outstanding shares as of March 31, 2018, both through the open market transactions and shares issued in connection with our dividend reinvestment plan.

As of March 31, 2018, we have reserved 70,140,541 shares of our common stock for issuance upon conversion of the Convertible Notes (see Note 5).

Note 10. Other Income

Other income consists of structuring fees, overriding royalty interests, revenue receipts related to net profit interests, deal deposits, administrative agent fees, and other miscellaneous and sundry cash receipts. The following table shows income from such sources during the three and nine months ended March 31, 2018 and March 31, 2017.

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2018	2017	2018	2017
Structuring, amendment, and advisory fees	\$8,296	\$6,841	\$23,254	\$17,114
Royalty and Net Revenue interests	2,322	1,476	5,772	3,979
Administrative agent fees	68	187	302	519
Total Other Income	\$10,686	\$8,504	\$29,328	\$21,612

Note 11. Net Increase in Net Assets per Share

The following information sets forth the computation of net increase in net assets resulting from operations per share during the three and nine months ended March 31, 2018 and March 31, 2017.

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2018	2017	2018	2017
Net increase in net assets resulting from operations	\$51,859	\$ 19,492	\$185,559	\$ 201,738
Weighted average common shares outstanding	361,759,950	350,402,527	360,794,835	358,468,092
Net increase in net assets resulting from operations per share	\$0.14	\$ 0.05	\$0.51	\$ 0.56

Note 12. Income Taxes

While our fiscal year end for financial reporting purposes is June 30 of each year, our tax year end is August 31 of each year. The information presented in this footnote is based on our tax year end for each period presented, unless otherwise specified. The tax return for the tax year ended August 31, 2017 has not been filed. Taxable income and all amounts related to taxable income for the tax year ended August 31, 2017 are estimates and will not be fully determined until the Company's tax return is filed.

For income tax purposes, dividends paid and distributions made to shareholders are reported as ordinary income, capital gains, non-taxable return of capital, or a combination thereof. The tax character of dividends paid to shareholders during the tax years ended August 31, 2017, 2016 and 2015 were as follows:

	Tax Year Ended August 31,		
	2017	2016	2015
Ordinary income	\$359,215	\$355,985	\$413,640
Capital gain	—	—	—
Return of capital	—	—	—
Total distributions paid to shareholders	\$359,215	\$355,985	\$413,640

We generate certain types of income that may be exempt from U.S. withholding tax when distributed to non-U.S. shareholders. Under IRC Section 871(k), a RIC is permitted to designate distributions of qualified interest income and short-term capital gains as exempt from U.S. withholding tax when paid to non-U.S. shareholders with proper documentation. For the 2018 calendar year, 46.91% of our distributions as of March 31, 2018 qualified as interest related dividends which are exempt from U.S. withholding tax applicable to non-U.S. shareholders.

For the tax year ending August 31, 2018, the tax character of dividends paid to shareholders through March 31, 2018 is expected to be ordinary income. Because of the difference between our fiscal and tax year ends, the final determination of the tax character of dividends will not be made until we file our tax return for the tax year ending August 31, 2018.

Taxable income generally differs from net increase in net assets resulting from operations for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized gains or

losses, as unrealized gains or losses are generally not included in taxable income until they are realized. The following reconciles the net increase in net assets resulting from operations to taxable income for the tax years ended August 31, 2017, 2016 and 2015:

	Tax Year Ended August 31,		
	2017	2016	2015
Net increase in net assets resulting from operations	\$254,766	\$262,831	\$360,572
Net realized loss on investments	100,765	22,666	164,230
Net unrealized (gains) losses on investments	(61,939)	73,181	(157,745)
Other temporary book-to-tax differences	(32,117)	(56,036)	98,289
Permanent differences	(772)	2,489	2,436
Taxable income before deductions for distributions	\$260,703	\$305,131	\$467,782

Capital losses in excess of capital gains earned in a tax year may generally be carried forward and used to offset capital gains, subject to certain limitations. The Regulated Investment Company Modernization Act (the “RIC Modernization Act”) was enacted on December 22, 2010. Under the RIC Modernization Act, capital losses incurred by taxpayers in taxable years beginning after the date of enactment will be allowed to be carried forward indefinitely and are allowed to retain their character as either short-term or long-term losses. As such, the capital loss carryforwards generated by us after the August 31, 2011 tax year will not be subject to expiration. Any losses incurred in post-enactment tax years will be required to be utilized prior to the losses incurred in pre-enactment tax years. As of August 31, 2017, we had capital loss carryforwards of approximately \$302,590 available for use in later tax years. Of the amount available as of August 31, 2017, \$46,156 will expire on August 31, 2018, and \$256,434 is not subject to expiration. The unused balance each year will be carried forward and utilized as gains are realized, subject to limitations. While our ability to utilize losses in the future depends upon a variety of factors that cannot be known in advance, some of the Company’s capital loss carryforwards may become permanently unavailable due to limitations by the Code.

For the tax year ended August 31, 2017, we had no cumulative taxable income in excess of cumulative distributions. As of March 31, 2018, the cost basis of investments for tax purposes was \$5,922,058 resulting in estimated gross unrealized gains and losses of \$424,689 and \$626,943, respectively. As of June 30, 2017, the cost basis of investments for tax purposes was \$5,999,218 resulting in estimated gross unrealized gains and losses of \$337,903 and \$498,816, respectively. Due to the difference between our fiscal year end and tax year end, the cost basis of our investments for tax purposes as of March 31, 2018 and June 30, 2017 was calculated based on the book cost of investments as of March 31, 2018 and June 30, 2017, respectively, with cumulative book-to-tax adjustments for investments through August 31, 2017 and 2016, respectively.

In general, we may make certain adjustments to the classification of net assets as a result of permanent book-to-tax differences, which may include merger-related items, differences in the book and tax basis of certain assets and liabilities, and nondeductible federal excise taxes, among other items. During the tax year ended August 31, 2017, we increased overdistributed net investment income by \$772 and increased capital in excess of par value by \$772. During the tax year ended August 31, 2016, we decreased overdistributed net investment income by \$2,489, increased accumulated net realized loss on investments by \$1,296 and decreased capital in excess of par value by \$1,193. Due to the difference between our fiscal and tax year end, the reclassifications for the taxable year ended August 31, 2017 is being recorded in the fiscal year ending June 30, 2018 and the reclassifications for the taxable year ended August 31, 2016 were recorded in the fiscal year ended June 30, 2017.

Note 13. Related Party Agreements and Transactions

Investment Advisory Agreement

We have entered into an investment advisory and management agreement with the Investment Adviser (the “Investment Advisory Agreement”) under which the Investment Adviser, subject to the overall supervision of our Board of Directors, manages the day-to-day operations of, and provides investment advisory services to, us. Under the terms of the Investment Advisory Agreement, the Investment Adviser: (i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes, (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); and (iii) closes and monitors investments we make.

The Investment Adviser's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired. For providing these services the Investment Adviser receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 2.00% on our total assets. For services currently rendered under the Investment Advisory Agreement, the base management fee is payable quarterly in arrears. The base management fee is calculated based on the average value of our gross

assets at the end of the two most recently completed calendar quarters and appropriately adjusted for any share issuances or repurchases during the current calendar quarter.

The total gross base management fee incurred to the favor of the Investment Adviser was \$29,422 and \$30,829 during the three months ended March 31, 2018 and March 31, 2017, respectively. The total gross base management fee incurred to the favor of the Investment Adviser was \$89,543 and \$93,263 during the nine months ended March 31, 2018 and March 31, 2017, respectively.

The Investment Adviser has entered into a servicing agreement with certain institutions that purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. During the three months ended March 31, 2018 and March 31, 2017, we received payments of \$154 and \$280, respectively, from these institutions, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments, which reduced the base management fees to \$29,268 and \$30,549 for the three months ended March 31, 2018 and March 31, 2017, respectively. During the nine months ended March 31, 2018 and March 31, 2017, we received payments of \$553 and \$1,036, respectively, from these institutions, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments, which reduced the base management fees to \$88,990 and \$92,227 for the nine months ended March 31, 2018 and March 31, 2017, respectively.

The incentive fee has two parts. The first part, the income incentive fee, is calculated and payable quarterly in arrears based on our pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement described below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital gains or losses. Pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, is compared to a "hurdle rate" of 1.75% per quarter (7.00% annualized).

The net investment income used to calculate this part of the incentive fee is also included in the amount of the gross assets used to calculate the 2.00% base management fee. We pay the Investment Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

• No incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate;

• 100.00% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate); and

• 20.00% of the amount of our pre-incentive fee net investment income, if any, that exceeds 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate).

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The second part of the incentive fee, the capital gains incentive fee, is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20.00% of our realized capital gains for the calendar year, if any, computed net of all realized capital losses and unrealized capital depreciation at the end of such year. In determining the capital gains incentive fee payable to the Investment Adviser, we calculate the aggregate realized capital gains, aggregate realized capital losses and aggregate unrealized capital depreciation, as applicable, with respect to each investment that has been in our portfolio. For the purpose of this calculation, an “investment” is defined as the total of all rights and claims which may be asserted against a portfolio company arising from our participation in the debt, equity, and other financial instruments issued by that company. Aggregate realized capital gains, if any, equal the sum of the differences between the aggregate net sales price of each investment and the aggregate amortized cost basis of such investment when sold or otherwise disposed. Aggregate realized capital losses equal the sum of the amounts by which the aggregate net sales price of each investment is less than the aggregate amortized cost basis of such investment when sold or otherwise disposed. Aggregate unrealized capital depreciation equals the sum of the differences, if negative, between the aggregate valuation of each investment and the aggregate amortized cost basis of such investment as of the applicable calendar year-end. At the end of the applicable calendar year, the amount of capital gains that serves as the basis for our calculation of the capital gains incentive fee involves netting aggregate realized capital gains against aggregate realized capital losses on a since-inception basis and then reducing this amount by the aggregate unrealized capital depreciation. If this number is positive, then the capital gains incentive fee payable is equal to 20.00% of such amount, less the aggregate amount of any capital gains incentive fees paid since inception.

The total income incentive fee incurred was \$17,612 and \$18,270 during the three months ended March 31, 2018 and March 31, 2017, respectively. The fees incurred for the nine months ended March 31, 2018 and March 31, 2017 were \$51,843 and \$59,101, respectively. No capital gains incentive fee was incurred during the three or nine months ended March 31, 2018 and March 31, 2017.

As of March 31, 2018, we accrued a receivable from the Investment Adviser of \$60, that will be reimbursed to us.

Administration Agreement

We have also entered into an administration agreement (the “Administration Agreement”) with Prospect Administration under which Prospect Administration, among other things, provides (or arranges for the provision of) administrative services and facilities for us. For providing these services, we reimburse Prospect Administration for our allocable portion of overhead incurred by Prospect Administration in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our Chief Financial Officer and Chief Compliance Officer and her staff, including the internal legal staff. Under this agreement, Prospect Administration furnishes us with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Prospect Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, Prospect Administration assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the Administration Agreement, Prospect Administration also provides on our behalf managerial assistance to those portfolio companies to which we are required to provide such assistance (see Managerial Assistance section below). The Administration Agreement may be terminated by either party without penalty upon 60 days’ written notice to the other party. Prospect Administration is a wholly-owned subsidiary of the Investment Adviser.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) arising from the rendering of Prospect Administration’s services under the Administration Agreement or otherwise as administrator for us. Our payments to Prospect Administration are reviewed quarterly by our Board of Directors.

The allocation of gross overhead expense from Prospect Administration was \$4,104 and \$7,970 for the three months ended March 31, 2018 and March 31, 2017, respectively. Prospect Administration received estimated payments of \$909 and \$4,389 directly from our portfolio companies, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the three months ended March 31, 2018 and March 31, 2017, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Net overhead during the three months ended March 31, 2018 and March 31, 2017 totaled \$3,195 and \$3,581, respectively.

The allocation of gross overhead expense from Prospect Administration was \$12,600 and \$17,283 for the nine months ended March 31, 2018 and March 31, 2017, respectively. Prospect Administration received estimated payments of \$6,701 and \$6,636 directly from our portfolio companies, insurance carrier, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the nine months ended March 31, 2018 and March 31, 2017, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Additionally, during the nine months ended March 31, 2017, other operating expenses in the amount of \$876 incurred by us, which were attributable to CCPI, were reimbursed by CCPI and are reflected as an offset to our overhead allocation for the period then ended. No such expenses or reimbursements occurred during the nine months ended March 31, 2018. Net overhead during the nine months ended March 31, 2018 and March 31, 2017 totaled \$5,899 and \$9,771, respectively.

Managerial Assistance

As a BDC, we are obligated under the 1940 Act to make available to certain of our portfolio companies significant managerial assistance. "Making available significant managerial assistance" refers to any arrangement whereby we provide significant guidance and counsel concerning the management, operations, or business objectives and policies of a portfolio company. We are also deemed to be providing managerial assistance to all portfolio companies that we control, either by ourselves or in conjunction with others. The nature and extent of significant managerial assistance provided by us to controlled and non-controlled portfolio companies will vary according to the particular needs of each portfolio company. Examples of such activities include (i) advice on recruiting, hiring, management and termination of employees, officers and directors, succession planning and other human resource matters; (ii) advice on capital raising, capital budgeting, and capital expenditures; (iii) advice on advertising, marketing, and sales; (iv) advice on fulfillment, operations, and execution; (v) advice on managing relationships with unions and other personnel organizations, financing sources, vendors, customers, lessors, lessees, lawyers, accountants, regulators and other important counterparties; (vi) evaluating acquisition and divestiture opportunities, plant expansions and closings, and market expansions; (vii) participating in audit committee, nominating committee, board and management meetings; (viii) consulting with and advising board members and officers of portfolio companies (on overall strategy and other matters); and (ix) providing other organizational, operational, managerial and financial guidance.

Prospect Administration, when performing a managerial assistance agreement executed with each portfolio company to which we provide managerial assistance, arranges for the provision of such managerial assistance on our behalf. When doing so, Prospect Administration utilizes personnel of our Investment Adviser. We, on behalf of Prospect Administration, invoice portfolio companies receiving and paying for managerial assistance, and we remit to Prospect Administration its cost of providing such services, including the charges deemed appropriate by our Investment Adviser for providing such managerial assistance. No income is recognized by Prospect.

During the three months ended March 31, 2018 and March 31, 2017, we received payments of \$1,893 and \$2,443, respectively, from our portfolio companies for managerial assistance and subsequently remitted these amounts to Prospect Administration. During the nine months ended March 31, 2018 and March 31, 2017, we received payments of \$4,955 and \$5,340, respectively, from our portfolio companies for managerial assistance and subsequently remitted these amounts to Prospect Administration. See Note 14 for further discussion.

Co-Investments

On February 10, 2014, we received an exemptive order from the SEC (the "Order") that gave us the ability to negotiate terms other than price and quantity of co-investment transactions with other funds managed by the Investment Adviser or certain affiliates, including Priority Income Fund, Inc. and Pathway Energy Infrastructure Fund, Inc., subject to the conditions included therein. Under the terms of the relief permitting us to co-invest with other funds managed by our Investment Adviser or its affiliates, a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objective and strategies. In certain situations where co-investment with one or more funds managed by the Investment Adviser or its affiliates is not covered by the Order, such as when there is an opportunity to invest in different securities of the same

issuer, the personnel of the Investment Adviser or its affiliates will need to decide which fund will proceed with the investment. Such personnel will make these determinations based on policies and procedures, which are designed to reasonably ensure that investment opportunities are allocated fairly and equitably among affiliated funds over time and in a manner that is consistent with applicable laws, rules and regulations. Moreover, except in certain circumstances, when relying on the Order, we will be unable to invest in any issuer in which one or more funds managed by the Investment Adviser or its affiliates has previously invested.

As of March 31, 2018, we had co-investments with Priority Income Fund, Inc. in the following CLO funds: Apidos CLO XXII, Babson CLO Ltd. 2014-III, Carlyle Global Market Strategies CLO 2016-3, Ltd., Cent CLO 21 Limited, CIFIC Funding 2014-IV Investor, Ltd., CIFIC Funding 2016-I, Ltd., Galaxy XVII CLO, Ltd., Halcyon Loan Advisors Funding 2014-2 Ltd., Halcyon Loan Advisors Funding 2015-3 Ltd., HarbourView CLO VII, Ltd., Jefferson Mill CLO Ltd., Mountain View CLO IX Ltd., Octagon Investment Partners 18-R Ltd. (f/k/a Octagon Investment Partners XVIII, Ltd.), Symphony CLO XIV Ltd., Voya IM CLO 2014-1 Ltd., Voya CLO 2016-3, Ltd., Voya CLO 2017-3, Ltd. and Romark WM-R Ltd. (f/k/a Washington Mill CLO Ltd); however HarbourView CLO VII, Ltd. and Octagon Investment Partners 18-R Ltd. (f/k/a Octagon Investment Partners XVIII, Ltd.) are not considered co-investments pursuant to the Order as they were purchased on the secondary market.

As of March 31, 2018, we had a co-investment with Pathway Capital Opportunity Fund, Inc. in Carlyle Global Market Strategies CLO 2014-4, Ltd.; however, this investment is not considered a co-investment pursuant to the Order as it was purchased on the secondary market.

We reimburse CLO investment valuation services fees initially incurred by Priority Income Fund, Inc. During the three months ended March 31, 2018 and March 31, 2017, we recognized expenses that were reimbursed for valuation services of \$54 and \$25, respectively. During the nine months ended March 31, 2018 and March 31, 2017, we recognized expenses that were reimbursed for valuation services of \$156 and \$77, respectively. Conversely, Priority Income Fund, Inc. and Pathway Capital Opportunity Fund, Inc. (f/k/a Pathway Energy Infrastructure Fund, Inc.) reimburse us for software fees, expenses which were initially incurred by Prospect. As of March 31, 2018 and June 30, 2017 we accrued a receivable from Priority Income Fund, Inc. and Pathway Capital Opportunity Fund, Inc. for software fees of \$88 and \$14, respectively, which will be reimbursed to us.

Note 14. Transactions with Controlled Companies

The descriptions below detail the transactions which Prospect Capital Corporation (“Prospect”) has entered into with each of our controlled companies. Certain of the controlled entities discussed below were consolidated effective July 1, 2014 (see Note 1). As such, transactions with these Consolidated Holding Companies are presented on a consolidated basis.

Airmall Inc.

Prospect owned 100% of the equity of AMU Holdings Inc. (“AMU”), a Consolidated Holding Company. AMU owned 98% of Airmall Inc. (f/k/a Airmall USA Holdings, Inc.) (“Airmall”). Airmall is a developer and manager of airport retail operations.

On August 1, 2014, Prospect sold its investments in Airmall. On August 2, 2016, Prospect received the remaining escrow proceeds of \$3,916, reducing the cost basis to zero.

Arctic Energy Services, LLC

Prospect owns 100% of the equity of Arctic Oilfield Equipment USA, Inc. (“Arctic Equipment”), a Consolidated Holding Company. Arctic Equipment owns 70% of the equity of Arctic Energy Services, LLC (“Arctic Energy”), with Ailport Holdings, LLC (“Ailport”) (100% owned and controlled by Arctic Energy management) owning the remaining 30% of the equity of Arctic Energy. Arctic Energy provides oilfield service personnel, well testing flowback equipment, frac support systems and other services to exploration and development companies in the Rocky Mountains.

The following managerial assistance recognized had not yet been paid by Arctic Energy to Prospect and was included by Prospect within other receivables and due to Prospect Administration:

National Property REIT Corp.

Prospect owns 100% of the equity of NPH, a Consolidated Holding Company. NPH owns 100% of the common equity of NPRC. Effective May 23, 2016, in connection with the merger of APRC and UPRC with and into NPRC, APH and UPH merged with and into NPH, and were dissolved.

NPRC is a Maryland corporation and a qualified REIT for federal income tax purposes. In order to qualify as a REIT, NPRC issued 125 shares of Series A Cumulative Non-Voting Preferred Stock to 125 accredited investors. The preferred stockholders are entitled to receive cumulative dividends semi-annually at an annual rate of 12.5% and do not have the ability to participate in the management or operation of NPRC.

NPRC was formed to hold for investment, operate, finance, lease, manage, and sell a portfolio of real estate assets and engage in any and all other activities as may be necessary, incidental or convenient to carry out the foregoing. NPRC acquires real estate assets, including, but not limited to, industrial, commercial, and multi-family properties. NPRC may acquire real estate assets directly or through joint ventures by making a majority equity investment in a property-owning entity (the “JV”). Additionally, through its wholly-owned subsidiaries, NPRC invests in online consumer loans.

On July 22, 2016 Prospect made a \$2,700 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in twelve multi-family properties for \$2,698 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$49 in the JVs. The proceeds were used by the JVs to fund \$2,747 of capital expenditures.

On August 4, 2016, Prospect made a \$393 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in four multi-family properties for \$392 and pay \$1 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$21 in the JVs. The proceeds were used by the JVs to fund \$413 of capital expenditures.

On September 1, 2016, we made an investment into American Consumer Lending Limited (“ACLL”), a wholly-owned subsidiary of NPRC, under the ACLL credit agreement, for senior secured term loans, Term Loan C, with the same terms as the existing ACL Loan Holdings, Inc. (“ACLLH”) Term Loan C due to us.

On September 28, 2016 Prospect made a \$46,381 investment in NPRC, of which \$35,295 was a Senior Term Loan and \$11,086 was used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase a 64.2% ownership interest in Vesper Portfolio JV, LLC for \$46,324 and to pay \$57 for tax and legal services provided by professionals at Prospect Administration. The JV was purchased for \$250,000 which included debt financing and minority interest of \$192,382 and \$25,817, respectively. The remaining proceeds were used to pay \$1,060 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income), \$2,131 of third party expenses, \$4,911 of pre-funded capex, and \$5,310 of prepaid assets, with \$1,111 retained by the JV for working capital.

On October 21, 2016 Prospect made a \$514 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in four multi-family properties for \$512 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$33 in the JVs. The proceeds were used by the JVs to fund \$545 of capital expenditures.

SB Forging Company II, Inc. (f/k/a Gulf Coast Machine & Supply Company)

Prospect owns 100% of the preferred equity of Gulf Coast Machine & Supply Company (“Gulf Coast”). Gulf Coast is a provider of value-added forging solutions to energy and industrial end markets.

During the year ended June 30, 2017, Prospect made additional investments of \$8,750 in the first lien term loan to Gulf Coast to fund capital improvements to key forging equipment and other liquidity needs.

On June 3, 2017, Gulf Coast sold all of its assets to a third party, for total consideration of \$10,250, including escrowed amounts. The proceeds from the sale were primarily used to repay a \$6,115 third party revolving credit facility, and the remainder was used to pay other legal and administrative costs incurred by Gulfco. As no proceeds were allocated to Prospect, our debt and equity investment in Gulfco was written-off for tax purposes and we recorded a realized loss of \$66,103. Gulfco holds \$2,050 in escrow related to the sale, which will be distributed to Prospect once released to Gulfco, and will be recognized as a realized gain if and when it is received. On June 28, 2017, Gulf Coast was renamed to SB Forging Company II, Inc.

On November 14, 2017, we received proceeds of \$1,363 from our insurance carrier related to our investment in Gulfco. The \$1,363 reimbursed us for covered third-party legal expenses incurred and expensed in prior periods, for which we recorded the amount received as a reduction to our legal fees for the current period. Prospect Administration also received \$1,430 from the insurance carrier related to covered legal services provided by Prospect Administration which was recorded as a reduction of allocation of overhead from Prospect Administration.

USES Corp.

On June 15, 2016, we provided additional \$1,300 debt financing to USES Corp. (“USES”) and its subsidiaries in the form of additional Term Loan A debt and, in connection with such Term Loan A debt financing, USES issued to us 99,900 shares of its common stock. On June 29, 2016, we provided additional \$2,200 debt financing to USES and its subsidiaries in the form of additional Term Loan A debt and, in connection with such Term Loan A debt financing, USES issued to us 169,062 shares of its common stock. As a result of such debt financing and recapitalization, as of June 29, 2016, we held 268,962 shares of USES common stock representing a 99.96% common equity ownership interest in USES. As such, USES became a controlled company on June 30, 2016.

During the year ended June 30, 2017, Prospect provided additional \$2,599 debt financing to USES and its subsidiaries in the form of additional Term Loan A debt.

During the nine months ended March 31, 2018, Prospect provided additional \$2,999 debt financing to USES and its subsidiaries in the form of additional Term Loan A debt.

Wolf Energy, LLC

Prospect owns 100% of the equity of Wolf Energy Holdings Inc. (“Wolf Energy Holdings”), a Consolidated Holding Company. Wolf Energy Holdings owns 100% of each of Appalachian Energy LLC (f/k/a Appalachian Energy Holdings, LLC) (“AEH”); Coalbed, LLC (“Coalbed”); and Wolf Energy, LLC (“Wolf Energy”). AEH owns 100% of C&S Operating, LLC.

Wolf Energy Holdings is a holding company formed to hold 100% of the outstanding membership interests of each of AEH and Coalbed. The membership interests and associated operating company debt of AEH and Coalbed, which were previously owned by Manx Energy, Inc. (“Manx”), were assigned to Wolf Energy Holdings effective June 30, 2012. The purpose of assignment was to remove those activities from Manx deemed non-core by the Manx convertible debt investors who were not interested in funding those operations. On June 30, 2012, AEH and Coalbed loans, with a cost basis of \$7,991, were assigned by Prospect to Wolf Energy Holdings from Manx.

On March 14, 2017, \$22,145 of assets previously held by Ark-La-Tex Wireline Services, LLC (“Ark-La-Tex”) were assigned to Wolf Energy Services Company, LLC, (“Wolf Energy Services”) a wholly-owned subsidiary of Wolf Energy Holdings. During the three months ended March 31, 2017, Wolf Energy Services received \$2,768 from the partial sale of these transferred assets. During the three months ended June 30, 2017 Wolf Energy Services received \$12,576 from the sale of assets.

During the nine months ended March 31, 2018 Wolf Energy Services received \$2,930 from the sale of assets.

On December 29, 2017, we entered into a fee agreement with Wolf Energy Services Company, LLC (“Wolf”), for services required to locate, inventory, foreclose, and liquidate assets that were transferred from Ark-La-Tex to Wolf. Per the agreement, we will receive a fee equal to 8.0% of gross liquidation proceeds in the event aggregate liquidation gross proceeds exceed \$19,000 (currently \$18,500). During the three months ended March, 31, 2018, we received \$1,222 in liquidation fees, net of third-party transaction costs, which is reflected as other income on our accompanying Consolidated Statement of Operations.

Note 15. Litigation

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of such matters as may arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. We are not aware of any material legal proceedings as of March 31, 2018.

(All figures in this item are in thousands except share, per share and other data.)

The following discussion should be read in conjunction with our consolidated financial statements and related notes and other financial information appearing elsewhere in this Quarterly Report. In addition to historical information, the following discussion and other parts of this Quarterly Report contain forward-looking information that involves risks and uncertainties. Our actual results may differ significantly from any results expressed or implied by these forward-looking statements due to the factors discussed in Part II, "Item 1A. Risk Factors" and "Forward-Looking Statements" appearing elsewhere herein.

Overview

The terms "Prospect," "we," "us" and "our" mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise.

Prospect is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940 (the "1940 Act"). As a BDC, we have elected to be treated as a regulated investment company ("RIC"), under Subchapter M of the Internal Revenue Code of 1986 (the "Code"). We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004.

On May 15, 2007, we formed a wholly-owned subsidiary Prospect Capital Funding LLC ("PCF"), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the revolving credit facility at PCF. Our wholly-owned subsidiary Prospect Small Business Lending, LLC ("PSBL") was formed on January 27, 2014 and purchases small business whole loans on a recurring basis from online small business loan originators, including On Deck Capital, Inc. ("OnDeck"). On September 30, 2014, we formed a wholly-owned subsidiary Prospect Yield Corporation, LLC ("PYC") and effective October 23, 2014, PYC holds our investments in collateralized loan obligations ("CLOs"). Each of these subsidiaries have been consolidated since operations commenced.

We consolidate certain of our wholly-owned and substantially wholly-owned holding companies formed by us in order to facilitate our investment strategy. The following companies are included in our consolidated financial statements: APH Property Holdings, LLC ("APH"); Arctic Oilfield Equipment USA, Inc.; CCPI Holdings Inc.; CP Holdings of Delaware LLC ("CP Holdings"); Credit Central Holdings of Delaware, LLC; Energy Solutions Holdings Inc.; First Tower Holdings of Delaware LLC ("First Tower Delaware"); Harbortouch Holdings of Delaware Inc.; MITY Holdings of Delaware Inc.; Nationwide Acceptance Holdings LLC; NMMB Holdings, Inc. ("NMMB Holdings"); NPH Property Holdings, LLC ("NPH"); STI Holding, Inc.; UPH Property Holdings, LLC ("UPH"); Valley Electric Holdings I, Inc.; Valley Electric Holdings II, Inc.; and Wolf Energy Holdings Inc. ("Wolf Energy Holdings"). On October 10, 2014, concurrent with the sale of the operating company, our ownership increased to 100% of the outstanding equity of ARRM Services, Inc., which was renamed SB Forging Company, Inc. ("SB Forging"). As such, we began consolidating SB Forging on October 11, 2014. Effective May 23, 2016, in connection with the merger of American Property REIT Corp. ("APRC") and United Property REIT Corp. ("UPRC") with and into National Property REIT Corp. ("NPRC"), APH and UPH merged with and into NPH, and were dissolved. We collectively refer to these entities as the "Consolidated Holding Companies."

We are externally managed by our investment adviser, Prospect Capital Management L.P. ("Prospect Capital Management" or the "Investment Adviser"). Prospect Administration LLC ("Prospect Administration"), a wholly-owned subsidiary of the Investment Adviser, provides administrative services and facilities necessary for us to operate. Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We invest primarily in senior and subordinated debt and equity of private companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We currently have nine strategies that guide our origination of investment opportunities: (1) lending to companies controlled by private equity sponsors, (2) lending to companies not controlled by private equity sponsors, (3) purchasing controlling equity positions and lending to operating companies, (4) purchasing controlling equity positions and lending to financial services companies, (5) purchasing controlling equity positions and lending to real estate companies, (6) purchasing controlling equity positions and lending to aircraft leasing companies (7) investing in structured credit (8) investing in non-agented debt and (9) investing in online loans. We may also invest in other strategies and opportunities from time to time that we view as attractive. We continue to evaluate other origination strategies in the ordinary course of business with no specific top-down allocation to any single origination strategy.

Lending to Companies Controlled by Private Equity Sponsors - We make agented loans to companies which are controlled by private equity sponsors. This debt can take the form of first lien, second lien, unitranche or unsecured loans. These loans typically have equity subordinate to our loan position. Historically, this strategy has comprised approximately 40%-60% of our portfolio.

Lending to Companies not Controlled by Private Equity Sponsors - We make loans to companies which are not controlled by private equity sponsors, such as companies that are controlled by the management team, the founder, a family or public shareholders. This origination strategy may have less competition to provide debt financing than the private-equity-sponsor origination strategy because such company financing needs are not easily addressed by banks and often require more diligence preparation. This origination strategy can result in investments with higher returns or lower leverage than the private-equity-sponsor origination strategy. Historically, this strategy has comprised up to approximately 15% of our portfolio.

Purchasing Controlling Equity Positions and Lending to Operating Companies - This strategy involves purchasing yield-producing debt and controlling equity positions in non-financial-services operating companies. We believe that we can provide enhanced certainty of closure and liquidity to sellers and we look for management to continue on in their current roles. This strategy has comprised approximately 5%-15% of our portfolio.

Purchasing Controlling Equity Positions and Lending to Financial Services Companies - This strategy involves purchasing yield-producing debt and control equity investments in financial services companies, including consumer direct lending, sub-prime auto lending and other strategies. These investments are often structured in tax-efficient partnerships, enhancing returns. This strategy has comprised approximately 5%-15% of our portfolio.

Purchasing Controlling Equity Positions and Lending to Real Estate Companies - We purchase debt and controlling equity positions in tax-efficient real estate investment trusts (“REIT” or “REITs”). NPRC’s, an operating company and the surviving entity of the May 23, 2016 merger with APRC and UPRC, real estate investments are in various classes of developed and occupied real estate properties that generate current yields, including multi-family properties, student housing, and self-storage. NPRC seeks to identify properties that have historically significant occupancy rates and recurring cash flow generation. NPRC generally co-invests with established and experienced property management teams that manage such properties after acquisition. Additionally, NPRC purchases loans originated by certain consumer loan facilitators. It purchases each loan in its entirety (i.e., a “whole loan”). The borrowers are consumers, and the loans are typically serviced by the facilitators of the loans. This investment strategy has comprised approximately 10%-20% of our business.

Purchasing Controlling Equity Positions and Lending to Aircraft Leasing Companies - We invest in debt as well as equity in companies with aircraft assets subject to commercial leases to airlines across the globe. We believe that these investments can present attractive return opportunities due to cash flow consistency from long-term leases coupled with hard asset residual value. We believe that these investment companies seek to deliver risk-adjusted returns with strong downside protection by analyzing relative value characteristics across a variety of aircraft types and vintages. This strategy historically has comprised less than 5% of our portfolio.

Investing in Structured Credit - We make investments in CLOs, often taking a significant position in the subordinated interests (equity) of the CLOs. The underlying portfolio of each CLO investment is diversified across approximately 100 to 200 broadly syndicated loans and does not have direct exposure to real estate, mortgages, or consumer-based credit assets. The CLOs in which we invest are managed by established collateral management teams with many years of experience in the industry. This strategy has comprised approximately 10%-20% of our portfolio.

Investing in Non-Agented Debt - On a primary or secondary basis, we purchase primarily senior and secured loans and high yield bonds that have been sold to a club or syndicate of buyers. These investments are often purchased with a long term, buy-and-hold outlook, and we often look to provide significant input to the transaction by providing anchoring orders. This strategy has comprised approximately 5%-10% of our portfolio.

Investing in Online Business Loans - We purchase loans originated by certain small-and-medium-sized business (“SME”) loan facilitators. We generally purchase each loan in its entirety (i.e., a “whole loan”). The borrowers are SMEs and the loans are typically serviced by the facilitators of the loans. This investment strategy has comprised up to approximately 1% of our portfolio.

We invest primarily in first and second lien secured loans and unsecured debt, which in some cases includes an equity component. First and second lien secured loans generally are senior debt instruments that rank ahead of unsecured debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Our investments in CLOs are subordinated to senior loans and are generally unsecured. We invest in debt and equity positions of CLOs which are a form of securitization in which the cash flows of a portfolio of loans are pooled and passed on to different classes of owners in various tranches. Our CLO investments are derived from portfolios of corporate debt securities which are generally risk rated from BB to B.

We hold many of our control investments in a two-tier structure consisting of a holding company and one or more related operating companies for tax purposes. These holding companies serve various business purposes including concentration of management teams, optimization of third party borrowing costs, improvement of supplier, customer, and insurance terms, and enhancement of co-investments by the management teams. In these cases, our investment, which is generally equity in the holding company, the holding company's equity investment in the operating company and any debt from us directly to the operating company structure represents our total exposure for the investment. As of March 31, 2018, as shown in our Consolidated Schedule of Investments, the cost basis and fair value of our investments in controlled companies was \$1,857,698 and \$1,986,984, respectively. This structure gives rise to several of the risks described in our public documents and highlighted elsewhere in this Quarterly Report. We consolidate all wholly-owned and substantially wholly-owned holding companies formed by us for the purpose of holding our controlled investments in operating companies. There is no significant effect of consolidating these holding companies as they hold minimal assets other than their investments in the controlled operating companies. Investment company accounting prohibits the consolidation of any operating companies.

Third Quarter Highlights

Investment Transactions

We seek to be a long-term investor with our portfolio companies. During the three months ended March 31, 2018, we acquired \$342,732 of new investments, completed follow-on investments in existing portfolio companies totaling approximately \$80,706, funded \$4,342 of revolver advances, and recorded paid in kind ("PIK") interest of \$2,148, resulting in gross investment originations of \$429,928. During the three months ended March 31, 2018, we received full repayments on 2 investments and received several partial prepayments and amortization payments totaling \$118,083.

Debt Issuances and Redemptions

During the three months ended March 31, 2018, we redeemed \$87,837 aggregate principal amount of our Prospect Capital InterNotes® at par with a weighted average interest rate of 4.97%, and repaid \$1,090 aggregate principal amount of Prospect Capital InterNotes® at par in accordance with the Survivor's Option, as defined in the InterNotes® Offering prospectus. As a result of these transactions, we recorded a loss in the amount of the unamortized debt issuance costs. The net loss on the extinguishment of Prospect Capital InterNotes® in the three months ended March 31, 2018 was \$513.

During the three months ended March 31, 2018 we issued \$17,251 aggregate principal amount of Prospect Capital InterNotes® with a stated and weighted average interest rate of 4.29%, to extend our borrowing base. The newly issued notes mature between January 15, 2023 and March 15, 2026 and generated net proceeds of \$16,999.

Equity Issuances

On January 18, 2018, February 15, 2018, and March 22, 2018, we issued 546,596, 540,758, and 589,256 shares of our common stock in connection with the dividend reinvestment plan, respectively.

Investment Holdings

As of March 31, 2018, we continue to pursue our investment strategy. At March 31, 2018, approximately \$5,719,804, or 170.9%, of our net assets are invested in 134 long-term portfolio investments and CLOs.

During the nine months ended March 31, 2018, we originated \$1,390,816 of new investments, primarily composed of \$1,240,983 of debt and equity financing to non-controlled portfolio investments and \$149,833 of debt and equity financing to controlled investments. Our origination efforts are focused primarily on secured lending to non-control investments to reduce the risk in the portfolio by investing primarily in first lien loans, though we also continue to

close select junior debt and equity investments. Our annualized current yield was 12.9% and 12.2% as of March 31, 2018 and June 30, 2017, respectively, across all performing interest bearing investments, excluding equity investments and non-accrual loans. Our annualized current yield was 10.8% and 10.4% as of March 31, 2018 and June 30, 2017, respectively, across all investments. Monetization of equity positions that we hold and loans

on non-accrual status are not included in this yield calculation. In many of our portfolio companies we hold equity positions, ranging from minority interests to majority stakes, which we expect over time to contribute to our investment returns. Some of these equity positions include features such as contractual minimum internal rates of returns, preferred distributions, flip structures and other features expected to generate additional investment returns, as well as contractual protections and preferences over junior equity, in addition to the yield and security offered by our cash flow and collateral debt protections.

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, "Control Investments" are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Under the 1940 Act, "Affiliate Investments" are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. "Non-Control/Non-Affiliate Investments" are those that are neither Control Investments nor Affiliate Investments. As of March 31, 2018, we own controlling interests in the following portfolio companies: Arctic Energy Services, LLC ("Arctic Energy"); CCPI Inc. ("CCPI"); CP Energy Services Inc. ("CP Energy"); Credit Central Loan Company, LLC ("Credit Central"); Echelon Transportation, LLC ("Echelon"); First Tower Finance Company LLC ("First Tower Finance"); Freedom Marine Solutions, LLC ("Freedom Marine"); MITY, Inc. ("MITY"); NPRC; Nationwide Loan Company LLC (f/k/a Nationwide Acceptance LLC) ("Nationwide"); NMMB, Inc. ("NMMB"); R-V Industries, Inc.; SB Forging Company II, Inc. (f/k/a Gulf Coast Machine & Supply Company) ("Gulfco"); USES Corp. ("USES"); Valley Electric Company, Inc. ("Valley Electric"); and Wolf Energy, LLC ("Wolf Energy"). As of March 31, 2018, we also own affiliated interests in Nixon, Inc. ("Nixon"), Targus Cayman HoldCo Limited ("Targus") and Edmentum Ultimate Holdings, LLC ("Edmentum").

Investment Valuation

In determining the range of values for debt instruments, except CLOs and debt investments in controlling portfolio companies, management and the independent valuation firm estimated corporate and security credit ratings and identified corresponding yields to maturity for each loan from relevant market data. A discounted cash flow technique was then prepared using the appropriate yield to maturity as the discount rate, to determine a range of values. In determining the range of values for debt investments of controlled companies and equity investments, the enterprise value was determined by applying earnings before interest, income tax, depreciation and amortization (“EBITDA”) multiples, the discounted cash flow technique, net income and/or book value multiples for similar guideline public companies and/or similar recent investment transactions. For stressed debt and equity investments, a liquidation analysis was prepared.

In determining the range of values for our investments in CLOs, the independent valuation firm uses both a discounted single-path cash flow model and a discounted multi-path cash flow model. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view as well as to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations, which is a simulation used to model the probability of different outcomes, to generate probability-weighted (i.e., multi-path) cash flows for the underlying assets and liabilities. These cash flows are discounted using appropriate market discount rates, and relevant data in the CLO market and certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the corresponding multi-path cash flow model.

With respect to our online consumer and SME lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase consumer and SME loans, and our ability to grow our portfolio of consumer and SME loans, are directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase consumer and SME loans. In addition, our ability to analyze the risk-return profile of consumer and SME loans is significantly dependent on the marketplace facilitators’ ability to effectively evaluate a borrower’s credit profile and likelihood of default. If we are unable to effectively evaluate borrowers’ credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

The Board of Directors looked at several factors in determining where within the range to value the asset including: recent operating and financial trends for the asset, independent ratings obtained from third parties, comparable

multiples for recent sales of companies within the industry and discounted cash flow models for our investments in CLOs. The composite of all these various valuation techniques, applied to each investment, was a total valuation of \$5,719,804.

Our portfolio companies are generally lower middle market companies, outside of the financial sector, with less than \$100,000 of annual EBITDA. We believe our investment portfolio has experienced less volatility than others because we believe there are more buy and hold investors who own these less liquid investments.

Control investments offer increased risk and reward over straight debt investments. Operating results and changes in market multiples can result in dramatic changes in values from quarter to quarter. Significant downturns in operations can further result in our looking to recoveries on sales of assets rather than the enterprise value of the investment. Equity positions in our portfolio are susceptible to potentially significant changes in value, both increases as well as decreases, due to changes in operating results and market multiples. Several of our controlled companies discussed below experienced such changes and we recorded corresponding fluctuations in valuations during the nine months ended March 31, 2018.

Arctic Energy Services, LLC

Prospect owns 100% of the equity of Arctic Oilfield Equipment USA, Inc. (“Arctic Equipment”), a Consolidated Holding Company. Arctic Equipment owns 70% of the equity of Arctic Energy, with Ailport Holdings, LLC (100% owned and controlled by Arctic Energy management) owning the remaining 30% of the equity of Arctic Energy. Arctic Energy provides oilfield service personnel, well testing flowback equipment, frac support systems and other services to exploration and development companies in the Rocky Mountains.

The fair value of our investment in Arctic Energy increased to \$27,017 as of March 31, 2018, reflecting a discount of \$37,429 to its amortized cost, compared to a discount of \$43,506 to its amortized cost as of June 30, 2017. The increase in fair value was driven by the company’s operating performance, slightly offset by a decline in comparable company trading multiples.

CP Energy Services Inc.

Prospect owns 100% of the equity of CP Holdings, a Consolidated Holding Company. CP Holdings owns 94.2% of the equity of CP Energy, and the remaining 5.8% of the equity is owned by CP Energy management. CP Energy provides oilfield flowback services and fluid hauling and disposal services through its subsidiaries.

As a result of improved operating performance, the fair value of our investment in CP Energy increased to \$90,183 as of March 31, 2018, reflecting a discount of \$23,317 to its amortized cost, compared to a discount of \$41,284 to its amortized cost as of June 30, 2017.

Credit Central Loan Company, LLC

Prospect owns 100% of the equity of Credit Central Holdings of Delaware, LLC (“Credit Central Delaware”), a Consolidated Holding Company. Credit Central Delaware owns 98.26% of Credit Central Loan Company, LLC (f/k/a Credit Central Holdings, LLC (“Credit Central”)) as of March 31, 2018 and June 30, 2017, with entities owned by Credit Central management owning the remaining 1.74% of the equity. Credit Central is a branch-based provider of installment loans.

The fair value of our investment in Credit Central increased to \$76,457, representing a premium of 26% to its amortized cost basis, as of March 31, 2018, from \$64,435, representing a premium of 9% to its amortized cost basis, as of June 30, 2017. The increase in fair value was driven by stronger operating performance and an increase in comparable company trading multiples.

First Tower Finance Company LLC

We own 80.1% of First Tower Finance, which owns 100% of First Tower, LLC (“First Tower”), the operating company. First Tower is a multiline specialty finance company based in Flowood, Mississippi with over 170 branch offices. On June 15, 2012, we acquired 80.1% of First Tower businesses. As of June 30, 2016, First Tower had \$432,639 of finance receivables net of unearned charges. As of June 30, 2017, First Tower’s total debt outstanding to parties senior to us was \$304,337.

The fair value of our investment in First Tower increased to \$435,151, representing a premium of 23% to its amortized cost basis, as of March 31, 2018, from \$365,588, representing a premium of 8% to its amortized cost basis, as of June 30, 2017. The increase in fair value was driven by First Tower’s acquisition of Harrison Finance, a consumer finance company, as well as increases in trading multiples of comparable companies.

Freedom Marine Solutions, LLC

Prospect owns 100% of the equity of Energy Solutions, a Consolidated Holding Company. Energy Solutions owns 100% of Freedom Marine. Freedom Marine owns 100% of each of Vessel Company, LLC, Vessel Company II, LLC, and Vessel Company III, LLC. Freedom Marine owns, manages, and operates offshore supply vessels to provide transportation and support services for the oil and gas exploration and production industries in the Gulf of Mexico. On October 30, 2015, we restructured our investment in Freedom Marine. Concurrent with the restructuring, we exchanged our \$32,500 senior secured loans for additional membership interest in Freedom Marine.

The fair value of our investment in Freedom Marine decreased to \$13,188 as of March 31, 2018, a discount of \$30,104 to its amortized cost, compared to a discount of \$18,616 to its amortized cost as of June 30, 2017. The decrease in fair value is attributable to asset impairment and continued market softness.

National Property REIT Corp.

NPRC is a Maryland corporation and a qualified REIT for federal income tax purposes. NPRC is held for purposes of investing, operating, financing, leasing, managing and selling a portfolio of real estate assets and engages in any and all other activities that may be necessary, incidental, or convenient to perform the foregoing. NPRC acquires real estate assets, including, but not limited to, industrial, commercial, and multi-family properties. NPRC may acquire real estate assets directly or through joint ventures by making a majority equity investment in a property-owning entity. Additionally, through its wholly-owned subsidiaries, NPRC invests in online consumer loans. Effective May 23, 2016, APRC and UPRC merged with and into NPRC, to consolidate all of our real estate holdings, with NPRC as the surviving entity. As of March 31, 2018, we own 100% of the fully-diluted common equity of NPRC.

During the three months ended March 31, 2018, we restructured our investment in NPRC and exchanged \$14,274 of ACLLH Senior Secured Term Loan C, \$97,578 of ACLL Senior Secured Term Loan C, and \$48,832 of common stock for \$160,684 of Senior Secured Term Loan E.

During the nine months ended March 31, 2018, we provided \$60,912 of equity financing to NPRC for the acquisition of real estate properties and \$1,112 of debt and \$12,601 of equity financing to NPRC to fund capital expenditures for existing real estate properties.

During the nine months ended March 31, 2018, we provided \$21,858 and \$13,433 of debt and equity financing, respectively, to NPRC and its wholly-owned subsidiaries to support the online consumer loans and online consumer loan backed products. In addition, during the nine months ended March 31, 2018, we received partial repayments of \$63,307 of our loans previously outstanding with NPRC and its wholly-owned subsidiaries and \$10,403 as a return of capital on our equity investment in NPRC.

The online consumer loan investments held by certain of NPRC's wholly-owned subsidiaries are unsecured obligations of individual borrowers that are issued in amounts ranging from \$1 to \$50, with fixed terms ranging from 24 to 84 months. As of March 31, 2018, the outstanding investment in online consumer loans by certain of NPRC's wholly-owned subsidiaries was comprised of 73,663 individual loans and residual interests in two securitizations, and had an aggregate fair value of \$441,123. The average outstanding individual loan balance was approximately \$6 and the loans mature on dates ranging from April 1, 2018 to March 12, 2025 with a weighted-average outstanding term of 27 months as of March 31, 2018. Fixed interest rates range from 4.0% to 36.0% with a weighted-average current interest rate of 24.0%. As of March 31, 2018, our investment in NPRC and its wholly-owned subsidiaries relating to online consumer lending had a fair value of \$297,524.

As of March 31, 2018, based on outstanding principal balance, 6.2% of the portfolio was invested in super prime loans (borrowers with a Fair Isaac Corporation ("FICO") score, of 720 or greater), 19.0% of the portfolio in prime loans (borrowers with a FICO score of 660 to 719) and 74.8% of the portfolio in near prime loans (borrowers with a FICO score of 580 to 659, a portion of which are considered sub-prime).

Loan Type	Outstanding Principal Balance	Fair Value	Weighted Average Interest Rate*
Super Prime	\$ 24,957	\$24,319	13.2%
Prime	77,169	73,535	16.5%
Near Prime**	303,354	275,383	26.8%

*Weighted by outstanding principal balance of the online consumer loans.

**A portion of these loans are sub-prime borrowers.

As of March 31, 2018, our investment in NPRC and its wholly-owned subsidiaries had an amortized cost of \$827,279 and a fair value of \$1,031,150, including our investment in online consumer lending as discussed above. The fair value of \$733,626 related to NPRC's real estate portfolio was comprised of thirty-nine multi-families properties, twelve self-storage units, eight student housing properties and three commercial properties. The following table shows the location, acquisition date, purchase price, and mortgage outstanding due to other parties for each of the properties held by NPRC as of March 31, 2018.

The fair value of our investment increased in NPRC to \$1,031,150 as of March 31, 2018, a premium of \$203,871 from its amortized cost, compared to the \$197,008 premium recorded at June 30, 2017. This increase is primarily attributable to increases in property values.

Nationwide Loan Company LLC

Prospect owns 100% of the membership interests of Nationwide Acceptance Holdings LLC (“Nationwide Holdings”), a Consolidated Holding Company. Nationwide Holdings owns 93.79% of the equity of Nationwide Loan Company LLC (f/k/a Nationwide Acceptance LLC) (“Nationwide”), with members of Nationwide management owning the remaining 6.21% of the equity. Nationwide was founded in 1954 and provides installment loans to sub-prime consumers who use the funds to purchase used automobiles. The company is based in Chicago, Illinois and has over one hundred employees. Nationwide originates its loans indirectly via a network of franchised and independent auto dealers in 22 states.

The fair value of our investment decreased in Nationwide to \$30,990 as of March 31, 2018, a discount of \$8,382 to its amortized cost, compared to a premium of \$1,943 to its amortized cost as of June 30, 2017. The decrease in fair value is driven by margin compression.

Mity, Inc.

Prospect owns 100% of the equity of MITY Holdings of Delaware Inc. (“MITY Delaware”), a Consolidated Holding Company. MITY Delaware holds 95.48% of the equity of MITY, Inc. (f/k/a MITY Enterprises, Inc.) (“MITY”), with management of MITY owning the remaining 4.52% of the equity of MITY. MITY owns 100% of each of MITY-Lite, Inc. (“MITY-Lite”); Broda USA, Inc. (f/k/a Broda Enterprises USA, Inc.) (“Broda USA”); and Broda Enterprises ULC (“Broda Canada”). MITY is a designer, manufacturer and seller of multipurpose room furniture and specialty healthcare seating products.

The fair value of our investment in Mity decreased to \$62,123 as of March 31, 2018, a discount of \$2,618 to its amortized cost, compared to a premium of \$11,771 to its amortized cost as of June 30, 2017. The decrease in fair value is driven by a decline in gross profit and operating margins, partially offset by strong revenue growth.

Our controlled investments, other than those discussed above, are valued at \$70,508 below cost and did not experience significant changes in operating performance or value. Overall, combined with those portfolio companies discussed above, our controlled investments at March 31, 2018 are valued at \$129,286 above their amortized cost.

We hold three affiliate investments at March 31, 2018. One of our affiliate portfolio companies, Edmentum Ultimate Holdings, LLC (“Edmentum”), experienced a decline in value during the nine months ended March 31, 2018. The fair value of our investment in Edmentum decreased to \$32,927 as of March 31, 2018, reflecting a discount of \$12,677 to its amortized cost, compared to a premium of \$1,750 to its amortized cost as of June 30, 2017. The decrease in fair value was driven by lower sales coupled with compressed margins, and was partially offset by an increase in our valuation of Targus. Overall, at March 31, 2018, affiliate investments are valued at \$3,194 below their amortized cost.

With the non-control/non-affiliate investments, generally, there is less volatility related to our total investments because our equity positions tend to be smaller than with our control/affiliate investments, and debt investments are generally not as susceptible to large swings in value as equity investments. For debt investments, the fair value is generally limited on the high side to each loan’s par value, plus any prepayment premium that could be imposed. As of March 31, 2018, two of our non-control/non-affiliate investments - Pacific World Corporation and United Sporting Companies, Inc. (“USC”) - are valued at discounts to amortized cost of \$30,674, and \$83,919, respectively. As of March 31, 2018, our CLO investment portfolio is valued at a \$151,994 discount to amortized cost. Excluding these investments, non-control/non-affiliate investments at March 31, 2018 are valued \$4,668 below their amortized cost and did not experience significant changes in operating performance or value.

Capitalization

Our investment activities are capital intensive and the availability and cost of capital is a critical component of our business. We capitalize our business with a combination of debt and equity. Our debt as of March 31, 2018 consists of: a Revolving Credit Facility availing us of the ability to borrow debt subject to borrowing base determinations; Convertible Notes which we issued in December 2012, April 2014 and April 2017; Public Notes which we issued in March 2013, April 2014, December 2015, and from time to time, through our 2024 Notes Follow-on Program; and Prospect Capital InterNotes® which we issue from time to time. Our equity capital is comprised entirely of common equity.

The following table shows our outstanding debt as of March 31, 2018.

As permitted by ASC 825-10-25, we have not elected to value our Revolving Credit Facility, Convertible Notes, (1) Public Notes and Prospect Capital InterNotes® at fair value. The fair value of these debt obligations are categorized as Level 2 under ASC 820 as of March 31, 2018.

(2) The maximum draw amount of the Revolving Credit facility as of March 31, 2018 is \$885,000.

(3) Net Carrying Value excludes deferred financing costs associated with the Revolving Credit Facility. See Critical Accounting Policies and Estimates for accounting policy details.

(4) We use available market quotes to estimate the fair value of the Convertible Notes and Public Notes.

(5) The fair value of Prospect Capital InterNotes® is estimated by discounting remaining payments using current Treasury rates plus spread.

(6) Represents the rate on drawn down and outstanding balances. Deferred debt issuance costs are amortized on a straight-line method over the stated life of the obligation.

(7) The effective interest rate is equal to the effect of the stated interest, the accretion of original issue discount and amortization of debt issuance costs. For the 2024 Notes, the rate presented is a combined effective interest rate of the 2024 Notes and 2024 Notes Follow-on Program.

For the Prospect Capital InterNotes®, the rate presented is the weighted average effective interest rate. Interest expense and deferred debt issuance costs, which are amortized on a straight-line method over the stated life of the obligation which approximates level yield, are weighted against the average year-to-date principal balance.

Historically, we have funded a portion of our cash needs through borrowings from banks, issuances of senior securities, including secured, unsecured and convertible debt securities, or issuances of common equity. For flexibility, we maintain a universal shelf registration statement that allows for the public offering and sale of our debt securities, common stock, preferred stock, subscription rights, and warrants and units to purchase such securities in an amount up to \$5,000,000 less issuances to date. As of March 31, 2018, we can issue up to \$4,621,784 of additional debt and equity securities in the public market under this shelf registration. We may from time to time issue securities pursuant to the shelf registration statement or otherwise pursuant to private offerings. The issuance of debt or equity securities will depend on future market conditions, funding needs and other factors and there can be no assurance that any such issuance will occur or be successful.

Each of our Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Unsecured Notes”) are our general, unsecured obligations and rank equal in right of payment with all of our existing and future unsecured indebtedness and will be senior in right of payment to any of our subordinated indebtedness that may be issued in the future. The Unsecured Notes are effectively subordinated to our existing secured indebtedness, such as our credit facility, and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to any existing and future liabilities and other indebtedness of any of our subsidiaries.

Revolving Credit Facility

On August 29, 2014, we renegotiated our previous credit facility and closed an expanded five and a half year revolving credit facility (the “2014 Facility” or the “Revolving Credit Facility”). The lenders have extended commitments of \$885,000 under the 2014 Facility as of March 31, 2018. The 2014 Facility includes an accordion feature which allows commitments to be increased up to \$1,500,000 in the aggregate. The revolving period of the 2014 Facility extends through March 2019, with an additional one year amortization period (with distributions allowed) after the completion of the revolving period. During such one year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the one year amortization period, the remaining balance will become due, if required by the lenders.

The 2014 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2014 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2014 Facility. The 2014 Facility also requires the maintenance of a minimum liquidity requirement. As of March 31, 2018, we were in compliance with the applicable covenants.

Interest on borrowings under the 2014 Facility is one-month LIBOR plus 225 basis points. Additionally, the lenders charge a fee on the unused portion of the 2014 Facility equal to either 50 basis points if at least 35% of the credit facility is drawn or 100 basis points otherwise. The 2014 Facility requires us to pledge assets as collateral in order to borrow under the credit facility.

As of March 31, 2018 and June 30, 2017, we had \$382,262 and \$665,409, respectively, available to us for borrowing under the Revolving Credit Facility, of which \$86,000 was outstanding as of March 31, 2018. We did not have any borrowings outstanding under the Revolving Credit Facility as of June 30, 2017. As additional eligible investments are transferred to PCF and pledged under the Revolving Credit Facility, PCF will generate additional availability up to the current commitment amount of \$885,000. As of March 31, 2018, the investments, including cash, used as collateral for the Revolving Credit Facility had an aggregate fair value of \$1,225,288, which represents 21.1% of our

total investments, including cash. These assets are held and owned by PCF, a bankruptcy remote special purpose entity, and as such, these investments are not available to our general creditors. The release of any assets from PCF requires the approval of the facility agent.

125

In connection with the origination and amendments of the Revolving Credit Facility, we incurred \$12,405 of new fees and \$3,539 were carried over for continuing participants from the previous facility, all of which are being amortized over the term of the facility in accordance with ASC 470-50. As of March 31, 2018, \$2,717 remains to be amortized and is reflected as deferred financing costs on the Consolidated Statements of Assets and Liabilities.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$3,016 and \$3,218, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$9,356 and \$9,247, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

Convertible Notes

On February 18, 2011, we issued \$172,500 aggregate principal amount of convertible notes that matured on August 15, 2016 (the "2016 Notes"). The 2016 Notes bore interest at a rate of 5.50% per year, payable semi-annually on February 15 and August 15 of each year, beginning August 15, 2011. Total proceeds from the issuance of the 2016 Notes, net of underwriting discounts and offering costs, were \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 aggregate principal amount of the 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. On August 15, 2016, we repaid the outstanding principal amount of the 2016 Notes, plus interest. No gain or loss was realized on the transaction.

On April 16, 2012, we issued \$130,000 aggregate principal amount of convertible notes that matured on October 15, 2017 (the "2017 Notes"). The 2017 Notes bore interest at a rate of 5.375% per year, payable semi-annually on April 15 and October 15 of each year, beginning October 15, 2012. Total proceeds from the issuance of the 2017 Notes, net of underwriting discounts and offering costs, were \$126,035. On March 28, 2016, we repurchased \$500 aggregate principal amount of the 2017 Notes at a price of 98.25, including commissions. The transaction resulted in our recognizing a \$9 gain for the period ended March 31, 2016. On April 6, 2017, we repurchased \$78,766 aggregate principal amount of the 2017 Notes at a price of 102.0, including commissions. The transaction resulted in our recognizing a \$1,786 loss during the three months ended June 30, 2017. On October 15, 2017, we repaid the outstanding principal amount of the 2017 Notes, plus interest. No gain or loss was realized on the transaction.

On August 14, 2012, we issued \$200,000 aggregate principal amount of convertible notes that matured on March 15, 2018 (the "2018 Notes"), unless previously converted or repurchased in accordance with their terms. The 2018 Notes bore interest at a rate of 5.75% per year, payable semi-annually on March 15 and September 15 of each year, beginning March 15, 2013. Total proceeds from the issuance of the 2018 Notes, net of underwriting discounts and offering costs, were \$193,600. On April 6, 2017, we repurchased \$114,581 aggregate principal amount of the 2018 Notes at a price of 103.5, including commissions. The transaction resulted in our recognizing a \$4,700 loss during the three months ended June 30, 2017. On March 15, 2018, we repaid the outstanding principal amount of \$85,419, plus interest, on the 2018 Notes. No gain or loss was realized on the transaction.

On December 21, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on January 15, 2019 (the "2019 Notes"), unless previously converted or repurchased in accordance with their terms. The 2019 Notes bear interest at a rate of 5.875% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2013. Total proceeds from the issuance of the 2019 Notes, net of underwriting discounts and offering costs, were \$193,600.

On April 11, 2014, we issued \$400,000 aggregate principal amount of convertible notes that mature on April 15, 2020 (the "2020 Notes"), unless previously converted or repurchased in accordance with their terms. The 2020 Notes bear interest at a rate of 4.75% per year, payable semi-annually on April 15 and October 15 each year, beginning October 15, 2014. Total proceeds from the issuance of the 2020 Notes, net of underwriting discounts and offering costs, were \$387,500. On January 30, 2015, we repurchased \$8,000 aggregate principal amount of the 2020 Notes at a price of 93.0, including commissions. As a result of this transaction, we recorded a gain of \$332, in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs.

On April 11, 2017, we issued \$225,000 aggregate principal amount of convertible notes that mature on July 15, 2022 (the "2022 Notes"), unless previously converted or repurchased in accordance with their terms. The 2022 Notes bear interest at a rate of 4.95% per year, payable semi-annually on January 15 and July 15 each year, beginning July 15,

2017. Total proceeds from the issuance of the 2022 Notes, net of underwriting discounts and offering costs, were \$218,010.

Certain key terms related to the convertible features for the 2019 Notes, the 2020 Notes and the 2022 Notes (collectively, the “Convertible Notes”) are listed below.

	2019 Notes	2020 Notes	2022 Notes
Initial conversion rate(1)	79.7766	80.6647	100.2305
Initial conversion price	\$ 12.54	\$ 12.40	\$ 9.98
Conversion rate at March 31, 2018(1)(2)	79.8360	80.6670	100.2305
Conversion price at March 31, 2018(2)(3)	\$ 12.53	\$ 12.40	\$ 9.98
Last conversion price calculation date	12/21/2017	4/11/2017	4/11/2017
Dividend threshold amount (per share)(4)	\$ 0.110025	\$ 0.110525	\$ 0.083330

(1) Conversion rates denominated in shares of common stock per \$1 principal amount of the Convertible Notes converted.

(2) Represents conversion rate and conversion price, as applicable, taking into account certain de minimis adjustments that will be made on the conversion date.

(3) The conversion price will increase only if the current monthly dividends (per share) exceed the dividend threshold amount (per share).

(4) The conversion rate is increased if monthly cash dividends paid to common shares exceed the monthly dividend threshold amount, subject to adjustment. Current dividend rates are at or below the minimum dividend threshold amount for further conversion rate adjustments for all bonds.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the notes surrendered for conversion representing accrued and unpaid interest to, but not including, the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the Convertible Notes.

No holder of Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Convertible Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Convertible Notes upon a fundamental change at a price equal to 100% of the principal amount of the Convertible Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Convertible Notes through and including the maturity date.

In connection with the issuance of the Convertible Notes, we incurred \$24,795 of fees which are being amortized over the terms of the notes, of which \$11,908 remains to be amortized and is included as a reduction within Convertible Notes on the Consolidated Statement of Assets and Liabilities as of March 31, 2018.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$12,664 and \$13,484, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense. During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$39,323 and \$41,674, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense.

Public Notes

On March 15, 2013, we issued \$250,000 aggregate principal amount of unsecured notes that mature on March 15, 2023 (the “2023 Notes”). The 2023 Notes bear interest at a rate of 5.875% per year, payable semi-annually on March 15 and September 15 of each year, beginning September 15, 2013. Total proceeds from the issuance of the 2023 Notes, net of underwriting discounts and offering costs, were \$243,641.

On April 7, 2014, we issued \$300,000 aggregate principal amount of unsecured notes that mature on July 15, 2019 (the “5.00% 2019 Notes”). Included in the issuance is \$45,000 of Prospect Capital InterNotes® that were exchanged for the 5.00% 2019 Notes. The 5.00% 2019 Notes bear interest at a rate of 5.00% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2014. Total proceeds from the issuance of the 5.00% 2019 Notes, net of underwriting discounts and offering costs, were \$295,998.

On December 10, 2015, we issued \$160,000 aggregate principal amount of unsecured notes that mature on June 15, 2024 (the “2024 Notes”). The 2024 Notes bear interest at a rate of 6.25% per year, payable quarterly on March 15, June 15, September 15 and December 15 of each year, beginning March 15, 2016. Total proceeds from the issuance of the 2024 Notes, net of underwriting discounts and offering costs, were \$155,043. On June 16, 2016, we entered into an at-the-market program with FBR Capital Markets & Co. through which we could sell, by means of at-the-market offerings, from time to time, up to \$100,000 in aggregate principal amount of our existing 2024 Notes. As of March 31, 2018, we have issued a total of \$199,281 in aggregate principal amount of our 2024 Notes for net proceeds of \$193,253 after commissions and offering costs.

The 2023 Notes, the 5.00% 2019 Notes, and the 2024 Notes (collectively, the “Public Notes”) are direct unsecured obligations and rank equally with all of our unsecured indebtedness from time to time outstanding.

In connection with the issuance of the 2023 Notes, the 5.00% 2019 Notes, and the 2024 Notes, we recorded a discount of \$2,777 and debt issuance costs of \$13,613, which are being amortized over the terms of the notes. As of March 31, 2018, \$1,678 of the original issue discount and \$7,767 of the debt issuance costs remain to be amortized and are included as a reduction within Public Notes on the Consolidated Statement of Assets and Liabilities.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$11,054 and \$11,026, respectively, of interest costs and amortization of financing costs on the Public Notes as interest expense. During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$33,143 and \$32,864, respectively, of interest costs and amortization of financing costs on the Public Notes as interest expense.

Prospect Capital InterNotes®

On February 16, 2012, we entered into a selling agent agreement (the “Selling Agent Agreement”) with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the “InterNotes® Offering”), which was increased to \$1,500,000 in May 2014. Additional agents may be appointed by us from time to time in connection with the InterNotes® Offering and become parties to the Selling Agent Agreement.

These notes are direct unsecured obligations and rank equally with all of our unsecured indebtedness from time to time outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the nine months ended March 31, 2018, we issued \$69,428 aggregate principal amount of Prospect Capital InterNotes® for net proceeds of \$68,396. These notes were issued with stated interest rates ranging from 4.00% to 5.00% with a weighted average interest rate of 4.37%. These notes mature between July 15, 2022 and March 15, 2026. The following table summarizes the Prospect Capital InterNotes® issued during the nine months ended March 31, 2018.

During the nine months ended March 31, 2018, we redeemed, prior to maturity, \$269,375 aggregate principal amount of Prospect Capital InterNotes® at par with a weighted average interest rate of 4.89% in order to replace shorter maturity debt with longer-term debt. During the nine months ended March 31, 2018, we repaid \$4,883 aggregate principal amount of Prospect Capital InterNotes® at par in accordance with the Survivor's Option, as defined in the InterNotes® Offering prospectus. As a result of these transactions, we recorded a loss in the amount of the unamortized debt issuance costs. The net loss on the extinguishment of Prospect Capital InterNotes® in the nine months ended March 31, 2018 was \$1,445. The following table summarizes the Prospect Capital InterNotes® outstanding as of March 31, 2018.

During the nine months ended March 31, 2017, we repaid \$6,460 aggregate principal amount of Prospect Capital InterNotes® at par in accordance with the Survivor's Option, as defined in the InterNotes® Offering prospectus. As a result of these transactions, we recorded a loss in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs. The net loss on the extinguishment of Prospect Capital InterNotes® in the nine months ended March 31, 2017 was \$205.

In connection with the issuance of Prospect Capital InterNotes®, we incurred \$24,259 of fees which are being amortized over the term of the notes, of which \$12,342 remains to be amortized and is included as a reduction within Prospect Capital InterNotes® on the Consolidated Statement of Assets and Liabilities as of March 31, 2018.

During the three months ended March 31, 2018 and March 31, 2017, we recorded \$10,745 and \$13,736, respectively, of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense. During the nine months ended March 31, 2018 and March 31, 2017, we recorded \$36,039 and \$40,196, respectively, of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense.

Net Asset Value

During the nine months ended March 31, 2018 our net asset value decreased by \$8,556, or \$0.09 per share. This decrease is primarily due to an increase in accumulated net realized losses and unrealized losses of \$21,811, or \$0.06 per weighted average share, primarily from unrealized losses in our CLO portfolio and other less significant declines in value related to operating performance for certain portfolio companies. These declines in value were partially offset by improvements within the consumer financing and energy industries. (See Change in Unrealized Gains (Losses), Net for further discussion.) Distributions to shareholders also exceeded net investment income by \$0.02 per weighted average share during the period. Our net investment income decreased primarily due to reduced returns from our structured credit investments as a result of lower future expected cash flows and decreases in interest income due to repayments on investments. The remaining \$0.01 per share decline is related to the effect from reinvestment of our dividends on behalf of our stockholders at current market prices. The following table shows the calculation of net asset value per share as of March 31, 2018 and June 30, 2017.

	March 31, 2018	June 30, 2017
Net assets	\$3,346,396	\$3,354,952
Shares of common stock issued and outstanding	362,657,362	360,076,933
Net asset value per share	\$9.23	\$9.32

Results of Operations

Net increase in net assets resulting from operations for the three months ended March 31, 2018 and March 31, 2017 was \$51,859, or \$0.14 per share, and \$19,492, or \$0.05 per share, respectively. The increase of \$32,367, or \$0.09 per share, when comparing quarter of quarter, is primarily due to less significant unrealized loss on investments of \$3,856 recognized for three months ended March 31, 2018 compared to a \$53,746 unrealized loss recognized for the three months ended March 31, 2017. This favorable variance was partially offset by a \$15,849 decline in total interest income primarily due to returns from our structured credit investments as a result of lower future expected cash flows and decreases in interest income due to repayments on investments.

Net increase in net assets resulting from operations for the nine months ended March 31, 2018 and March 31, 2017 was \$185,559, or \$0.51 per share, and \$201,738, or \$0.56 per share, respectively. The decrease of \$16,179, or \$0.05 per share, is primarily due to a \$60,823 decline in interest income due to reduced returns from our structured credit investments as a result of lower future expected cash flows and decreases in interest income due to repayments on investments. This decrease was partially offset by lower unrealized losses of \$33,359.

While we seek to maximize gains and minimize losses, our investments in portfolio companies can expose our capital to risks greater than those we may anticipate. These companies typically do not issue securities rated investment grade, and have limited resources, limited operating history, and concentrated product lines or customers. These are generally private companies with limited operating information available and are likely to depend on a small core of management talents. Changes in any of these factors can have a significant impact on the value of the portfolio company.

Investment Income

We generate revenue in the form of interest income on the debt securities that we own, dividend income on any common or preferred stock that we own, and fees generated from the structuring of new deals. Our investments, if in the form of debt securities, will typically have a term of one to ten years and bear interest at a fixed or floating rate. To the extent achievable, we will seek to collateralize our investments by obtaining security interests in our portfolio companies' assets. We also may acquire minority or majority equity interests in our portfolio companies, which may pay cash or in-kind dividends on a recurring or otherwise negotiated basis. In addition, we may generate revenue in other forms including prepayment penalties and possibly consulting fees. Any such fees generated in connection with our investments are recognized as earned.

Investment income, which consists of interest income, including accretion of loan origination fees, prepayment penalty fees, dividend income and other income, including settlement of net profits interests, overriding royalty interests and structuring fees, was \$162,835 and \$171,032 for the three months ended March 31, 2018 and March 31, 2017, respectively. Investment income was \$483,814 and \$534,344 for the nine months ended March 31, 2018 and March 31, 2017, respectively. Investment income decreased from prior periods primarily due to reduced returns from our structured credit investments due to lower future expected cash flows and decreases in interest income due to less interest earning assets outstanding.

The following table describes the various components of investment income and the related levels of debt investments:

	Three Months Ended March 31,		Nine Months Ended March 31,

Average interest income producing assets decreased from \$5,747,457 for the three months ended March 31, 2017 to \$5,379,123 for the three months ended March 31, 2018. Higher levels of repayments of non-control investments contributed to the decline. The average interest earned on interest bearing performing assets decreased from 11.25% for the three months ended March 31, 2017 to 10.85% for the three months ended March 31, 2018. The decrease is primarily due to reduced returns from our structured credit investments due to lower future expected cash flows and decreases in interest income due to repayments on investments.

Average interest income producing assets decreased from \$5,704,796 for the nine months ended March 31, 2017 to \$5,448,372 for the nine months ended March 31, 2018. The average interest earned on interest bearing performing assets decreased from 11.70% for the nine months ended March 31, 2017 to 10.79% for the nine months ended March 31, 2018. The decrease is primarily due to reduced returns from our structured credit investments due to lower future expected cash flows and decreases in interest income due to repayments on investments.

Investment income is also generated from dividends and other income which is less predictable than interest income. Dividend income increased from \$817 for the three months ended March 31, 2017 to \$6,287 for the three months ended March 31, 2018. The \$5,470 increase in dividend income is primarily attributable to a \$5,639 dividend received from our investment in NPRC, which was generated from taxable earnings and profits in connection with the gain on the sales of NPRC's St. Marin and Central Park properties. No such dividend was received from NPRC for the three months ended March 31, 2017.

Dividend income increased from \$4,580 for the nine months ended March 31, 2017 to \$7,157 for the nine months ended March 31, 2018. The \$2,577 increase in dividend income is primarily attributable to the \$5,639 dividend received from our investment in NPRC during the nine months ended March 31, 2018 as discussed above. This increase was partially offset by a \$3,312 dividend from our investment in NAC, and other less individually significant dividends from our portfolio, received during the nine months ended March 31, 2017, for which no comparable dividend was received in the current period.

Other income is comprised of structuring fees, advisory fees, royalty interests, and settlement of net profits interests. Income from other sources increased to \$10,686 for the three months ended March 31, 2018 from \$8,504 for the three months ended March 31, 2017. The \$2,182 increase is primarily attributable to a \$2,644 advisory fee received from

our investment in First Tower related to a recent acquisition and \$1,222 of service fees received for a liquidation fee agreement related to our investment in Wolf. These increases were partially offset by a decrease in structuring fees and amendment fees which are generated from new originations as well as from follow-on investments and amendments to existing portfolio companies.

Income from other sources was \$29,328 and \$21,612 for the nine months ended March 31, 2018 and March 31, 2017, respectively. Included within other income is \$15,216 and \$11,863 of structuring fees for the nine months ended March 31, 2018 and March 31, 2017. The increase in structuring fees is primarily due to an increased level of originations in non-control, broadly syndicated portfolio investments during the nine months ended March 31, 2018.

Operating Expenses

Our primary operating expenses consist of investment advisory fees (base management and income incentive fees), borrowing costs, legal and professional fees, overhead-related expenses and other operating expenses. These expenses include our allocable portion of overhead under the Administration Agreement with Prospect Administration under which Prospect Administration provides administrative services and facilities for us. Our investment advisory fees compensate the Investment Adviser for its work in identifying, evaluating, negotiating, closing and monitoring our investments. We bear all other costs and expenses of our operations and transactions. Operating expenses were \$92,389 and \$97,952 for the three months ended March 31, 2018 and March 31, 2017, respectively. Operating expenses were \$276,444 and \$297,940 for the nine months ended March 31, 2018 and March 31, 2017, respectively. Total gross base management fee was \$29,422 and \$30,829 for the three months ended March 31, 2018 and March 31, 2017, respectively. The decrease in total gross base management fee is directly related a decrease in average total assets. The Investment Adviser has entered into a servicing agreement with certain institutions who purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. We received payments of \$154 and \$280 from these institutions for the three months ended March 31, 2018 and March 31, 2017, respectively, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser resulting in net base management fees of \$29,268 and \$30,549 for the three months ended March 31, 2018 and March 31, 2017, respectively.

Total gross base management fee was \$89,543 and \$93,263 for the nine months ended March 31, 2018 and March 31, 2017, respectively. The decrease in total gross base management fee is directly related a decrease in average total assets. The Investment Adviser has entered into a servicing agreement with certain institutions who purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. We received payments of \$553 and \$1,036 from these institutions for the nine months ended March 31, 2018 and March 31, 2017, respectively, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser resulting in net base management fees of \$88,990 and \$92,227 for the nine months ended March 31, 2018 and March 31, 2017, respectively.

For the three months ended March 31, 2018 and March 31, 2017, we incurred \$17,612 and \$18,270 of income incentive fees, respectively (\$0.05 and \$0.05 per weighted average share, respectively). This decrease was driven by a corresponding decrease in pre-incentive fee net investment income from \$91,350 for the three months ended March 31, 2017 to \$88,058 for the three months ended March 31, 2018, as a result of decreases in interest income due to reduced returns from our structured credit investments and repayments on investments. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement.

For the nine months ended March 31, 2018 and March 31, 2017, we incurred \$51,843 and \$59,101 of income incentive fees, respectively (\$0.14 and \$0.16 per weighted average share, respectively). This decrease was driven by a corresponding decrease in pre-incentive fee net investment income from \$295,505 for the nine months ended March 31, 2017 to \$259,213 for the nine months ended March 31, 2018, as a result of decreases in interest income due to reduced returns from our structured credit investments and repayments on investments. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement.

During the three months ended March 31, 2018 and March 31, 2017, we incurred \$37,479 and \$41,464 respectively, of interest and credit facility expenses related to our Revolving Credit Facility, Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Notes”). During the nine months ended March 31, 2018 and March 31, 2017, we incurred \$117,861 and \$123,981 respectively, of interest expenses related to our Notes. These expenses are related directly to the leveraging capacity and the levels of indebtedness actually undertaken in those periods.

The table below describes the various expenses of our Notes and the related indicators of leveraging capacity and indebtedness during these years.

	Three Months Ended March 31,		Nine Months Ended March 31,		
	2018	2017	2018	2017

(1) Includes only the stated interest expense.

(2) Includes the stated interest expense, amortization of deferred financing costs, accretion of discount on Public Notes and commitment fees on the undrawn portion of our Revolving Credit Facility.

Interest expense decreased by \$3,985 for the three months ended March 31, 2018 as compared to three months ended March 31, 2017. The weighted average stated interest rate on borrowings (excluding amortization, accretion and undrawn facility fees) decreased from 5.30% for the three months ended March 31, 2017 to 5.32% for the three months ended March 31, 2018. This decrease is primarily due to the repurchases and maturities of our Convertible Notes and Prospect Capital InterNotes® which bear higher rates than the remaining debt and increased utilization of our Revolving Credit Facility.

Interest expense decreased by \$6,120 for the nine months ended March 31, 2018 as compared to nine months ended March 31, 2017. The weighted average stated interest rate on borrowings (excluding amortization, accretion and undrawn facility fees) decreased from 5.34% for the nine months ended March 31, 2017 to 5.31% for the nine months ended March 31, 2018. This decrease is primarily due to the repurchases and maturities of our Convertible Notes and Prospect Capital InterNotes® which bear higher rates than the remaining debt coupled with increased utilization of our Revolving Credit Facility.

The allocation of gross overhead expense from Prospect Administration was \$4,104 and \$7,970 for the three months ended March 31, 2018 and March 31, 2017, respectively. Prospect Administration received estimated payments of \$909 and \$4,389 directly from our portfolio companies, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the three months ended March 31, 2018 and March 31, 2017, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Net overhead during the three months ended March 31, 2018 and March 31, 2017 totaled \$3,195 and \$3,581, respectively.

The allocation of gross overhead expense from Prospect Administration was \$12,600 and \$17,283 for the nine months ended March 31, 2018 and March 31, 2017, respectively. Prospect Administration received estimated payments of \$6,701 and \$6,636 directly from our portfolio companies, insurance carrier, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the nine months ended March 31, 2018 and March 31, 2017, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Additionally, during the nine months ended March 31, 2017, other operating expenses in the amount of \$876 incurred by us, which were attributable to CCPI, have been reimbursed by CCPI and are reflected as an offset to our overhead allocation. No such reimbursements or expenses occurred during the nine months ended March 31, 2018. Net overhead during the nine months ended March 31, 2018 and March 31, 2017 totaled \$5,899 and \$9,771, respectively.

Total operating expenses, excluding investment advisory fees, interest and credit facility expenses, and allocation of overhead from Prospect Administration (“Other Operating Expenses”), net of any expense reimbursements, were \$4,835 and \$4,088 for the three months ended March 31, 2018 and March 31, 2017, respectively. Other Operating Expenses were \$11,851 and \$12,860 for the nine months ended March 31, 2018 and March 31, 2017, respectively.

Net Investment Income

Net investment income represents the difference between investment income and operating expenses. Net investment income was \$70,446 and \$73,080 for the three months ended March 31, 2018 and March 31, 2017, respectively. Net investment income for the three months ended March 31, 2018 and March 31, 2017 was \$0.19 and \$0.20 per weighted average share, respectively. During the three months ended March 31, 2018, the decrease of \$2,634, or \$0.01 per weighted average share, was primarily due to the decrease in interest income of \$15,849, or \$0.04 per weighted average share, which is due to reduced returns from our structured credit investments, an increase in non-accrual investments, and lower levels of performing investments. This decrease was offset by a \$5,470, or \$0.02 per weighted average share, increase in dividend income primarily attributable to a \$5,639 dividend received from our investment in NPRC coupled with a \$3,985, or \$0.02 per weighted average share decrease in interest and credit facility expenses. Net investment income was \$207,370 and \$236,404 for the nine months ended March 31, 2018 and March 31, 2017, respectively. Net investment income for the nine months ended March 31, 2018 and March 31, 2017 was \$0.57 and \$0.66 per weighted average share, respectively. During the nine months ended March 31, 2018, the decrease of \$29,034 or \$0.09 per weighted average share, was primarily due to the decrease in interest income by \$60,823, or \$0.17 per weighted average share, which is due to reduced returns from our structured credit investments, an increase in non-accrual investments, and lower levels of performing investments. This decrease was offset by a \$7,716, or \$0.02 per weighted average share, increase in other income coupled with favorable decreases of \$10,495, or \$0.03 per weighted average share, in investment advisory fees and \$6,120, or \$0.02 per weighted average share, in interest and credit facility expenses.

Net Realized (Losses) Gains

Net realized loss for three months ended March 31, 2018 was \$14,218, an unfavorable increase in losses of \$14,396 compared to the \$178 net realized gain recognized during the three months ended March 31, 2017. The net realized loss during the three months ended March 31, 2018 was primarily related to the write-down of Nixon, Inc. upon restructuring, resulting in a realized loss of \$14,197, which had been previously recorded as an unrealized loss as of December 31, 2017. The net realized gain during the three months ended March 31, 2017 was primarily due to an asset sale distribution from our previously held investment in Wind River of \$929, partially offset by write-off of defaulted loans in our small business lending portfolio of \$759.

Net realized loss for the nine months ended March 31, 2018 was \$18,454, an unfavorable variance of \$19,264 compared to the \$810 net realized gain recognized during the nine months ended March 31, 2017. The net realized loss during the nine months ended March 31, 2018 was primarily related to the write-down of Nixon, Inc. upon restructuring, resulting in a realized a loss of \$14,197. The net realized loss of the repayment of our investment in Primesport, for which we agreed to a payment less than the par amount and realized a loss of \$3,019. Additionally, during the nine months ended March 31, 2018, we recognized realized losses of \$2,495 from our call of our investment in Apidos IX CLO. The net realized gain during the nine months ended March 31, 2017 was primarily due to the receipt of bankruptcy proceeds from our investment in New Century Transportation, Inc. of \$936, a working capital adjustment from our investment in Harbortouch of \$432, the exercise of warrants in our investment in R-V for \$171, an asset sale distribution from our previously held investment in Wind River of \$929, as well as from the sales of our investments in Biotronic, Big Tex and Nathan's for which we recognized total realized gains of \$514.

Change in Unrealized Gains (Losses), Net

During the three months ended March 31, 2018, net unrealized losses were \$3,856 primarily due to \$24,902 of unrealized losses in our CLO portfolio due to spread compression which resulted in lower expected future cash flows. Two of our controlled investments also experienced declines in value - Freedom Marine and Mity. We marked down our investment in Freedom Marine by \$12,558 during the three months ended March 31, 2018, due to asset impairment and continued market softness. Our investment in Mity declined in value by \$7,360 due to poor operating results. These declines in value were partially offset by an increase of \$14,059 in fair value of our investment in First Tower following a recent acquisition and the reversal of a previously recorded unrealized loss of \$14,197 related to our investment in Nixon. The remaining \$12,708 favorable decrease in unrealized losses was due to operating improvements across multiple investments and industries.

During the three months ended March 31, 2017, net unrealized losses were \$53,746 for the three months ended March 31, 2017 was driven primarily by declining operating performance within certain investments and a decline in returns from CLOs. Write-downs in our investments in USES, PrimeSport, Inc. and United Sporting Companies, Inc. were due to declining operating performance and resulted in unrealized losses of \$21,144, \$9,645 and \$8,203, respectively. The valuation of our portfolio was also negatively impacted by the decline in returns from CLOs, and we therefore recognized \$15,252 in unrealized losses.

Net unrealized losses were \$1,912 and \$35,271 for the nine months ended March 31, 2018 and March 31, 2017, respectively. For the nine months ended March 31, 2018, the \$1,912 net unrealized losses were primarily the result of \$81,700 of unrealized losses in our CLO portfolio due to a decline in the weighted average spread in the underlying senior secured loan portfolios, increase in discount rates, and collateral losses. The value of our investment in USC also decreased by \$26,297 due to both a decline in operating performance and the overall decline in demand for firearms and ammunition. Our investment in Mity declined in value by \$14,389 due to poor operating results. These unrealized losses were partially offset by the reversal of previously recorded unrealized losses of \$23,741 and \$14,197 related to our exited investments in PrimeSport and Nixon. Unrealized losses were also offset by unrealized gains related to our investments in consumer financing - Credit Central and First Tower - comprising \$66,331 and energy - Arctic Energy, CP Energy and Spartan Energy - comprising \$43,204. The remaining \$26,999 change in unrealized losses was due to operating performance declines across multiple investments and industries.

During the nine months ended March 31, 2017, net unrealized losses decreased by \$35,271 due the competitive environment faced by our energy-related companies and declining operating performance within certain investments. There were unrealized losses on our Energy Equipment & Services investments of \$29,174. Unrealized losses on our online lending portfolio of \$19,290 were due to an increase in delinquent loans for the nine months ended March 31, 2017. Additionally, the value of our investment in USES decreased by \$18,327 due to a decline in operating performance, and our investment in First Tower Finance declined in value by \$14,353 due to increased regulatory scrutiny within the consumer finance industry. These unrealized losses were partially offset by unrealized appreciation on our REIT investment of \$41,648 due to improved operating performance at the property-level. The remaining \$4,223 decrease in net unrealized losses was due to operating declines across multiple investments and industries.

Financial Condition, Liquidity and Capital Resources

For the nine months ended March 31, 2018 and March 31, 2017, our operating activities provided \$258,142 and \$74,744 of cash, respectively. There were no investing activities for the nine months ended March 31, 2018 and March 31, 2017. Financing activities used \$478,662 and \$280,738 of cash during the nine months ended March 31, 2018 and March 31, 2017, respectively, which included dividend payments of \$202,362 and \$245,255, respectively. Our primary uses of funds have been to continue to invest in portfolio companies, through both debt and equity investments, repay outstanding borrowings and to make cash distributions to holders of our common stock.

Our primary sources of funds have historically been issuances of debt and equity. More recently, we have and may continue to fund a portion of our cash needs through repayments and opportunistic sales of our existing investment portfolio. We may also securitize a portion of our investments in unsecured or senior secured loans or other assets. Our objective is to put in place such borrowings in order to enable us to expand our portfolio. During the nine months ended March 31, 2018, we borrowed \$427,000 and we made repayments totaling \$341,000 under the Revolving Credit Facility. As of March 31, 2018, we had, net of unamortized discount and debt issuance costs, \$805,092 outstanding on the Convertible Notes, \$739,836 outstanding on the Public Notes and \$743,729 outstanding on the Prospect Capital InterNotes®, and \$86,000 outstanding balance on the Revolving Credit Facility. (See “Capitalization” above.)

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and unused fees ranging from 0.00% to 5.00%. As of March 31, 2018 and June 30, 2017, we had \$19,675 and \$22,925, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies. The fair value of our undrawn committed revolvers and delayed draw term loans was zero as of March 31, 2018 and June 30, 2017.

Our shareholders’ equity accounts as of March 31, 2018 and June 30, 2017 reflect cumulative shares issued, net of shares repurchased, as of those respective dates. Our common stock has been issued through public offerings, a registered direct offering, the exercise of over-allotment options on the part of the underwriters, our dividend reinvestment plan and in connection with the acquisition of certain controlled portfolio companies. When our common stock is issued, the related offering expenses have been charged against paid-in capital in excess of par. All underwriting fees and offering expenses were borne by us.

As part of our Repurchase Program, we delivered a notice with our annual proxy mailing on September 22, 2017. We did not repurchase any shares of our common stock for the nine months ended March 31, 2018 or March 31, 2017.

On August 31, 2016, we filed a registration statement on Form N-2 (File No. 333-213391) with the SEC. We subsequently filed a Pre-Effective Amendment No. 2 thereto on November 1, 2016, which the SEC declared effective on November 3, 2016. On October 26, 2017, we filed Post-Effective Amendment No. 50 to the registration statement, which the SEC declared effective on October 30, 2017. The registration statement permits us to issue, through one or more transactions, up to an aggregate of \$5,000,000 in securities, consisting of common stock, preferred stock, debt securities, subscription rights to purchase our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities. As of March 31, 2018, we have the ability to issue up to \$4,621,784 in securities under the registration statement.

Off-Balance Sheet Arrangements

As of March 31, 2018, we did not have any off-balance sheet liabilities or other contractual obligations that are reasonably likely to have a current or future material effect on our financial condition, other than those which originate from 1) the investment advisory and management agreement and the administration agreement and 2) the portfolio companies.

Recent Developments.

On May 1, 2018, Pelican Products, Inc. repaid the \$17,500 second lien term loan receivable to us.

During the period from April 1, 2018 through May 9, 2018 we issued \$3,580 aggregate principal amount of Prospect Capital InterNotes® for net proceeds of \$3,522.

On May 9, 2018, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.06 per share for May 2018 to holders of record on May 31, 2018 with a payment date of June 21, 2018

\$0.06 per share for June 2018 to holders of record on June 29, 2018 with a payment date of July 19, 2018.

\$0.06 per share for July 2018 to holders of record on July 31, 2018 with a payment date of August 23, 2018.

\$0.06 per share for August 2018 to holders of record on August 31, 2018 with a payment date of September 20, 2018.

Critical Accounting Policies and Estimates

Basis of Presentation and Consolidation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) pursuant to the requirements for reporting on Form 10-Q, ASC 946, Financial Services—Investment Companies (“ASC 946”), and Articles 6, 10 and 12 of Regulation S-X. Under the 1940 Act, ASC 946, and the regulations pursuant to Article 6 of Regulation S-X, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services to benefit us. Our consolidated financial statements include the accounts of Prospect, PCF, PSBL, PYC, and the Consolidated Holding Companies. All intercompany balances and transactions have been eliminated in consolidation. The financial results of our non-substantially wholly-owned holding companies and operating portfolio company investments are not consolidated in the financial statements. Any operating companies owned by the Consolidated Holding Companies are not consolidated.

Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompanying notes to conform to the presentation as of and for the three and nine months ended March 31, 2018.

Use of Estimates

The preparation of the consolidated financial statements in accordance with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, expenses, and gains and losses during the reported period. Changes in the economic environment, financial markets, creditworthiness of the issuers of our investment portfolio and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, “Control Investments” are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of more than 25% of the voting securities of an investee company. Under the 1940 Act, “Affiliate Investments” are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

As a BDC, we must not acquire any assets other than “qualifying assets” specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). As of March 31, 2018 and June 30, 2017, our qualifying assets as a percentage of total assets, stood at 73.72% and 71.75%, respectively.

Investment Transactions

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. In accordance with ASC 325-40, Beneficial Interest in Securitized Financial Assets, investments in CLOs are periodically assessed for other-than-temporary impairment (“OTTI”). When the Company determines that a CLO has OTTI, the amortized cost basis of the CLO is written down to its fair value as of the date of the determination based on events and information evaluated and that write-down is recognized as a realized loss. Amounts for investments traded but not yet settled are reported in Due to Broker or Due from Broker, in the Consolidated Statements of Assets and Liabilities.

Foreign Currency

Foreign currency amounts are translated into US Dollars (USD) on the following basis:

i.

fair value of investment securities, other assets and liabilities—at the spot exchange rate on the last business day of the period; and

138

- ii. purchases and sales of investment securities, income and expenses—at the rates of exchange prevailing on the respective dates of such investment transactions, income or expenses.

We do not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair values of investments held or disposed of during the period. Such fluctuations are included within the net realized and net change in unrealized gains or losses from investments in the Consolidated Statements of Operations.

Investment Risks

Our investments are subject to a variety of risks. Those risks include the following:

Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

Credit Risk

Credit risk represents the risk that we would incur if the counterparties failed to perform pursuant to the terms of their agreements with us.

Liquidity Risk

Liquidity risk represents the possibility that we may not be able to rapidly adjust the size of our investment positions in times of high volatility and financial stress at a reasonable price.

Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

Prepayment Risk

Many of our debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making us less likely to fully earn all of the expected income of that security and reinvesting in a lower yielding instrument.

Structured Credit Related Risk

CLO investments may be riskier and less transparent to us than direct investments in underlying companies. CLOs typically will have no significant assets other than their underlying senior secured loans. Therefore, payments on CLO investments are and will be payable solely from the cash flows from such senior secured loans.

Online Small-and-Medium-Sized Business Lending Risk

With respect to our online SME lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase SME loans, and our ability to grow our portfolio of SME loans, is directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase SME loans. In addition, our ability to analyze the risk-return profile of SME loans is significantly dependent on the marketplace facilitators' ability to effectively evaluate a borrower's credit profile and likelihood of default. If we are unable to effectively evaluate borrowers' credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

Foreign Currency

Investments denominated in foreign currencies and foreign currency transactions may involve certain considerations and risks not typically associated with those of domestic origin. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Investment Valuation

To value our investments, we follow the guidance of ASC 820, Fair Value Measurement (“ASC 820”), that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States of America (“GAAP”), and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below.

1. Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors.
2. The independent valuation firms prepare independent valuations for each investment based on their own independent assessments and issue their report.
3. The Audit Committee of our Board of Directors reviews and discusses with the independent valuation firms the valuation reports, and then makes a recommendation to the Board of Directors of the value for each investment.
4. The Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Our non-CLO investments are valued utilizing a yield technique, enterprise value (“EV”) technique, net asset value technique, liquidation technique, discounted cash flow technique, or a combination of techniques, as appropriate. The yield technique uses loan spreads for loans and other relevant information implied by market data involving identical or comparable assets or liabilities. Under the EV technique, the EV of a portfolio company is first determined and allocated over the portfolio company’s securities in order of their preference relative to one another (i.e., “waterfall” allocation). To determine the EV, we typically use a market (multiples) valuation approach that considers relevant and applicable market trading data of guideline public companies, transaction metrics from precedent merger and acquisitions transactions, and/or a discounted cash flow technique. The net asset value technique, an income approach, is used to derive a value of an underlying investment (such as real estate property) by dividing a relevant earnings stream by an appropriate capitalization rate. For this purpose, we consider capitalization rates for similar properties as may be obtained from guideline public companies and/or relevant transactions. The liquidation technique is intended to approximate the net recovery value of an investment based on, among other things, assumptions regarding liquidation proceeds based on a hypothetical liquidation of a portfolio company’s assets. The discounted cash flow technique converts future cash flows or earnings to a range of fair values from which a single estimate may be derived utilizing an appropriate discount rate. The fair value measurement is based on the net present value indicated by current market expectations about those future amounts.

In applying these methodologies, additional factors that we consider in valuing our investments may include, as we deem relevant: security covenants, call protection provisions, and information rights; the nature and realizable value of any collateral; the portfolio company’s ability to make payments; the principal markets in which the portfolio company

does business; publicly available financial ratios of peer companies; the principal market; and enterprise values, among other factors.

140

Our investments in CLOs are classified as Level 3 fair value measured securities under ASC 820 and are valued using both a discounted single-path cash flow model and a discounted multi-path cash flow model. The CLO structures are analyzed to identify the risk exposures and to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations, which is a simulation used to model the probability of different outcomes, to generate probability-weighted (i.e., multi-path) cash flows from the underlying assets and liabilities. These cash flows, after payments to debt tranches senior to our equity positions, are discounted using appropriate market discount rates, and relevant data in the CLO market as well as certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the multi-path cash flows. We are not responsible for and have no influence over the asset management of the portfolios underlying the CLO investments we hold, as those portfolios are managed by non-affiliated third party CLO collateral managers. The main risk factors are default risk, prepayment risk, interest rate risk, downgrade risk, and credit spread risk.

Valuation of Other Financial Assets and Financial Liabilities

ASC 825, Financial Instruments, specifically ASC 825-10-25, permits an entity to choose, at specified election dates, to measure eligible items at fair value (the "Fair Value Option"). We have not elected the Fair Value Option to report selected financial assets and financial liabilities. See Note 8 in the accompanying Consolidated Financial Statements for further discussion of our financial liabilities that are measured using another measurement attribute.

Convertible Notes

We have recorded the Convertible Notes at their contractual amounts. We have determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under ASC 815, Derivatives and Hedging. See Note 5 in the accompanying Consolidated Financial Statements for further discussion.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Loan origination fees, original issue discount, and market discounts are capitalized and accreted into interest income over the respective terms of the applicable loans using the effective interest method or straight-line, as applicable, and adjusted only for material amendments or prepayments. Upon a prepayment of a loan, prepayment premiums, original issue discount, or market discounts are recorded as interest income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected.

Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans are either applied to the cost basis or interest income, depending upon management's judgment of the collectibility of the loan receivable. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, is likely to remain current and future principal and interest collections when due are probable. Interest received and applied against cost while a loan is on non-accrual, and PIK interest capitalized but not recognized while on non-accrual, is recognized prospectively on the effective yield basis through maturity of the loan when placed back on accrual status, to the extent deemed collectible by management. As of March 31, 2018, approximately 1.3% of our total assets at fair value are in non-accrual status.

Some of our loans and other investments may have contractual payment-in-kind ("PIK") interest or dividends. PIK income computed at the contractual rate is accrued into income and reflected as receivable up to the capitalization date. PIK investments offer issuers the option at each payment date of making payments in cash or in additional securities. When additional securities are received, they typically have the same terms, including maturity dates and interest rates as the original securities issued. On these payment dates, we capitalize the accrued interest (reflecting such amounts in the basis as additional securities received). PIK generally becomes due at maturity of the investment or upon the investment being called by the issuer. At the point that we believe PIK is not fully expected to be realized, the PIK investment will be placed on non-accrual status. When a PIK investment is placed on non-accrual status, the accrued, uncapitalized interest or dividends are reversed from the related receivable through interest or dividend income, respectively. We do not reverse previously capitalized PIK interest or dividends. Upon capitalization, PIK is subject to the fair value estimates associated with their related investments. PIK investments on non-accrual status are

restored to accrual status if we believe that PIK is expected to be realized.

Interest income from investments in the “equity” class of security of CLO funds (typically preferred shares, income notes or subordinated notes) and “equity” class of security of securitized trust is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40, Beneficial Interests in Securitized Financial

141

Assets. We monitor the expected cash inflows from our CLO and securitized trust equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Other income generally includes amendment fees, commitment fees, administrative agent fees and structuring fees which are recorded when earned. Excess deal deposits, net profits interests and overriding royalty interests are included in other income. See Note 10 in the accompanying Consolidated Financial Statements for further discussion.

Federal and State Income Taxes

We have elected to be treated as a RIC and intend to continue to comply with the requirements of the Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gains to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income. As of March 31, 2018, we do not expect to have any excise tax due for the 2018 calendar year. Thus, we have not accrued any excise tax for this period.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate income tax rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We follow ASC 740, Income Taxes ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of March 31, 2018 and for the three and nine months then ended, we did not record any unrecognized tax benefits or liabilities. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. Although we file both federal and state income tax returns, our major tax jurisdiction is federal. Our federal tax returns for the tax years ended August 31, 2014 and thereafter remain subject to examination by the Internal Revenue Service.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management's estimate of our future taxable earnings. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our Revolving Credit Facility and the Unsecured Notes as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method over the stated life of the obligation for our Revolving Credit Facility. The same methodology is used to approximate the effective yield method for our

142

Prospect Capital InterNotes® and our 2024 Notes Follow-on Program. The effective interest method is used to amortize deferred financing costs for our remaining Unsecured Notes over the respective expected life or maturity. In the event that we modify or extinguish our debt before maturity, we follow the guidance in ASC 470-50, Modification and Extinguishments (“ASC 470-50”). For modifications to or exchanges of our Revolving Credit Facility, any unamortized deferred costs relating to lenders who are not part of the new lending group are expensed. For extinguishments of our Unsecured Notes, any unamortized deferred costs are deducted from the carrying amount of the debt in determining the gain or loss from the extinguishment.

Unamortized deferred financing costs are presented as a direct deduction to the respective Unsecured Notes (see Notes 5, 6, and 7 in the accompanying Consolidated Financial Statements for further discussion).

We may record registration expenses related to shelf filings as prepaid expenses. These expenses consist principally of SEC registration fees, legal fees and accounting fees incurred. These prepaid expenses are charged to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed. As of March 31, 2018 and June 30, 2017, there are no prepaid expenses related to registration expenses and all amounts incurred have been expensed.

Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees (“ASC 460”). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net asset value per share.

Recent Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (“ASU 2016-13”), which amends the financial instruments impairment guidance so that an entity is required to measure expected credit losses for financial assets based on historical experience, current conditions and reasonable and supportable forecasts. As such, an entity will use forward-looking information to estimate credit losses. ASU 2016-13 also amends the guidance in FASB ASC Subtopic No. 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, related to the subsequent measurement of accretible yield recognized as interest income over the life of a beneficial interest in securitized financial assets under the effective yield method. ASU 2016-13 is effective for financial statements issued for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (“ASU 2016-15”), which addresses certain aspects of cash flow statement classification. One such amendment requires cash payments for debt prepayment or debt extinguishment costs to be classified as cash outflows for financing activities. ASU 2016-15 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. The adoption of the amended guidance in ASU 2016-15 is not expected to have a significant effect on our consolidated financial statements and disclosures. In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which amends accounting guidance for revenue recognition arising from contracts with customers. Under the new guidance, an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to be entitled to in exchange for those goods or services. In August 2015, the FASB also issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective

Date, which deferred the effective date of the standard for one year. As a result, the guidance is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted as of fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are subject to financial market risks, including changes in interest rates and equity price risk. Interest rate sensitivity refers to the change in our earnings that may result from changes in the level of interest rates impacting some of the loans in our portfolio which have floating interest rates. Additionally, because we fund a portion of our investments with borrowings, our net investment income is affected by the difference between the rate at which we invest and the rate at which we borrow. As a result, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income. See “Risk Factors - Risks Relating to Our Business - Changes in interest rates may affect our cost of capital and net investment income”.

Our debt investments may be based on floating rates or fixed rates. For our floating rate loans the rates are determined from the LIBOR, EURO Interbank Offer Rate, the Federal Funds Rate or the Prime Rate. The floating interest rate loans may be subject to a LIBOR floor. Our loans typically have durations of one to three months after which they reset to current market interest rates. As of March 31, 2018, 90.1% of the interest earning investments in our portfolio, at fair value, bore interest at floating rates.

We also have a revolving credit facility and certain Prospect Capital InterNotes® issuances that are based on floating LIBOR rates. Interest on borrowings under the revolving credit facility is one-month LIBOR plus 225 basis points with no minimum LIBOR floor and an outstanding balance of \$86,000 as of March 31, 2018. Interest on five Prospect Capital InterNotes® is three-month LIBOR plus a range of 300 to 350 basis points with no minimum LIBOR floor.

The Convertible Notes, Public Notes and remaining Prospect Capital InterNotes® bear interest at fixed rates.

The following table shows the approximate annual impact on net investment income of base rate changes in interest rates (considering interest rate flows for floating rate instruments, excluding our investments in CLO residual interests) to our loan portfolio and outstanding debt as of March 31, 2018, assuming no changes in our investment and borrowing structure:

(in thousands) Basis Point Change	Interest Income	Interest Expense	Net Investment Income	Net Investment Income (1)
Up 300 basis points	\$ 111,356	\$ 46	\$ 111,310	\$ 89,048
Up 200 basis points	76,777	31	76,746	61,397
Up 100 basis points	42,042	15	42,027	33,622
Down 100 basis points	(22,459)	(31)	(22,428)	(17,942)

(1) Includes the impact of income incentive fees. See Note 13 in the accompanying Consolidated Financial Statements for more information on income incentive fees.

As of March 31, 2018, one and three month LIBOR was 1.88% and 2.31%, respectively.

We may hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of higher interest rates with respect to our portfolio of investments. During the year ended March 31, 2018, we did not engage in hedging activities.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of March 31, 2018, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the 1934 Act). Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended March 31, 2018, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II

Item 1. Legal Proceedings

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of such matters as may arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. We are not aware of any material legal proceedings as of March 31, 2018.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended June 30, 2017, which could materially affect our business, financial condition or future results. The risks described in this report and in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition or future results.
