Braskem S.A.

Salvador, Bahia

Dear Sir:

The objective of this letter is to complement our mutual understanding of the services proposed to Braskem S.A. of the audit services requested by Braskem S.A. for their subsidiary Companhia Alagoas Industrial ( CINAL or Company ) in our Letter of Proposal for the provision of independent audit services formalized between PricewaterhouseCoopers Auditores Independentes and Braskem S.A. on April 14, 2010. All clauses of said letter remain unchanged, except for the modification and addition of the following services to the scope of our work:

Edgar Filing: BRASKEM SA - Form 6-K

- a) The audit examination of CINAL, planned for the base date of December 31, 2010, will be anticipated as per your request to the base date of September 30, 2010, while the remaining clauses of the agreement remain unchanged; and
- b) The issue of the valuation report determining the net book value of CINAL on September 30, 2010, to be used for the merger of CINAL shares by Braskem S.A.

For the audit service presented herein we propose a fee of thirty thousand Brazilian reais (R\$ 30,000.00), to be paid in a single installment due on September 20, 2010.

---

Braskem S.A.

The expenses related to our services, such as: airfare, accommodations, postage, photocopies, communications, meals, mileage and transportation, among others, will be charged at cost as they occur through debit notices issued separately from the audit fees, limited to the amount of ten thousand Brazilian reais (R\$10,000.00).

Our fees are based on the following assumptions:

(a) The valuable and indispensable assistance of the company's employees for the advance preparation of the analyses (analysis request) and conciliations of accounts required to close the accounts, which is indispensable for the audit examination and for identifying and separating documents in the records.

Note that correctly and fully completing the analysis request (to be delivered in advance) and in timely fashion is critical for ensuring that our work is performed efficiently and within the number of hours budgeted in the proposal. The process we have adopted of requesting that our clients prepare these analyses and statements is very advantageous and economical, since it allows our time to be dedicated exclusively to the audit/review of the data related to the accounts and not to their compilation.

(b) Extraordinary consultations that involve our specialized departments or special services are subject to charges in addition to the fees described above, following your examination and prior approval.

(c) The fee amounts stated above include taxes, contributions and other charges applicable to the services contracted in accordance with governing law on the date of this proposal. In the case of Services Tax (ISSQN), since PricewaterhouseCoopers is a company formed by professionals who practice a legally regulated profession, it pays ISSQN tax in a fixed amount calculated based on the number of professionals that form the company, with the

resulting amount already included in our fee.

(d) The schedule for visits, analyses and reports, and for the reports and analyses to be prepared by management, in alignment with PricewaterhouseCoopers, will be adequately formulated and met.

---

Braskem S.A.

If you are in agreement with services described in this letter and its requests, and if the terms above are acceptable, please send to our attention a copy of this letter with your signature in the spaces provided below
