Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Change in Control Agreements

Ferro Corporation entered into amended and restated change in control agreements (the "Replacement Agreements"), effective as of January 1, 2009, with James F. Kirsch, Chief Executive Officer, Sallie B. Bailey, Chief Financial Officer, and the following named executive officers: Michael J. Murry and Barry D. Russell. These change in control agreements supersede the change in control agreements previously entered into with these officers (the "Prior Agreements").

The Replacement Agreements generally provide for similar termination protections and severance pay and benefits as the Prior Agreements, but were amended in order to ensure their compliance with Section 409A of the Internal Revenue Code and to simplify the provisions set forth in the Prior Agreements in order to make the Replacement Agreements easier for employees to understand. The Replacement Agreements differ from the Prior Agreements in certain respects, including the following:

- the Replacement Agreements provide an initial term through the end of the second year following the year of execution, with automatic renewal as of each year-end, unless either party has given notice of non-renewal, so as to continue for an additional two years. By contrast, the Prior Agreements provided for a term from the date of execution through the end of the calendar year of execution, with automatic one-year renewals unless either party gives notice of its intention not to renew before the September 30 prior to the next renewal date;
- the Replacement Agreements provide a static multiple of base salary and target bonus upon qualifying terminations of employment, rather than providing that the multiple will be reduced to the number of years from the date of termination until the executive reaches mandatory retirement age as under the Prior Agreements;
- Mr. Kirsch's severance multiple was increased from two times his base salary and target bonus to three times to reflect Mr. Kirsch's position as Chief Executive Officer, which he assumed subsequent to the effective date of his Prior Agreement; and
- the Replacement Agreements provide for a payment upon qualifying terminations of employment equal to the Company contributions under the Company's qualified and non-qualified defined contribution plans that the executive would have received if the executive had continued to be employed for two (or in the case of Mr. Kirsch, three) years after the date of termination.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the text of the change in control agreements, which are filed as Exhibits 10.1 and 10.2 and are incorporated herein by reference.

CEO Employment Agreement

Ferro Corporation entered into an amended and restated employment agreement with James F. Kirsch, Chief Executive Officer, effective as of December 31, 2008. The modified employment agreement reflects changes to Mr. Kirsch's base salary and position that have occurred since the original agreement was entered into and revises the manner in which certain types of benefits are provided in order to comply with Section 409A of the Internal Revenue Code, including providing that severance benefits will be paid in a lump sum payment following termination, subject to any required delay in the payment of severance as a result of Section 409A of the Internal Revenue Code.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the text of Mr. Kirsch's employment agreement, which is filed as Exhibit 10.3 and is incorporated herein by reference.
