1. Basis of presentation

These unaudited pro forma condensed consolidated financial statements have been prepared by management of Pan American Silver Corp. ("Pan American") in connection with the proposed acquisition by Pan American of all of the outstanding shares of Minefinders Corporation Ltd. ("Minefinders").

The unaudited pro forma condensed consolidated statement of financial position of Pan American as at December 31, 2011 and the unaudited pro forma consolidated income statement for the year ended December 31, 2011 have been prepared, for illustrative purposes only, to give effect to the proposed transaction pursuant to the assumptions described in notes 2, 3 and 4 of these pro forma condensed consolidated financial statements. These unaudited pro forma condensed consolidated financial statements include and have been compiled from:

- a) A pro forma condensed consolidated statement of financial position combining:
  - (i) the audited consolidated statement of financial position of Pan American as at December 31, 2011; and
  - (ii) the audited consolidated statement of financial position of Minefinders as at December 31, 2011.
- b) A pro forma condensed consolidated income statement for year ended December 31, 2011 combining:
  - (i) the audited consolidated income statement of Pan American for the year ended December 31, 2011; and
  - (ii) the audited consolidated statement of income of Minefinders for the year ended December 31, 2011.

The unaudited pro forma condensed consolidated statement of financial position as at December 31, 2011 has been prepared as if the transactions described in Notes 3 and 4 had occurred on December 31, 2011. The pro forma consolidated income statement for the year ended December 31, 2011 has been prepared as if the transactions described in Notes 3 and 4 had occurred on January 1, 2011.

The unaudited pro forma condensed consolidated financial statements are not intended to reflect the results of operations or the financial position of Pan American, which would have actually resulted had the transactions been effected on the dates indicated. Actual amounts recorded upon consummation of the agreements will likely differ from those recorded in the unaudited pro forma consolidated financial statements. Similarly, the calculation and allocation of the purchase price has been prepared on a preliminary basis and is subject to change between the time such preliminary estimations were made and closing as a result of several factors which could include among others: changes in fair value of the assets acquired and liabilities assumed and the market price of the related shares, options and warrants. Any potential synergies that may be realized and integration costs that may be incurred upon consummation of the transactions have been excluded from the unaudited pro forma financial statements. Further, the pro forma financial statements are not necessarily indicative of the results of operations that may be obtained in the future.

The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements of Pan American and Minefinders for the year ended December 31,

2011, and notes thereto.

## 2. Significant accounting policies

The accounting policies used in the preparation of these unaudited pro forma condensed consolidated financial statements are those set out in Pan American's audited consolidated financial statements as at December 31, 2011. In preparing the unaudited pro forma condensed consolidated financial statements a review was undertaken to identify accounting policy differences where the impact was potentially material and could be reasonably estimated. The significant accounting policies of Minefinders conform in all material respects to those of Pan American.

## 3. Pro forma preliminary purchase price allocation

In January 2012, Pan American Silver and Minefinders jointly announced that Pan American made an offer to acquire all of the issued and outstanding common shares of Minefinders. Under the terms of the offer, Minefinders shareholders will be entitled to elect to receive in exchange for each Minefinders common share held:

- (i) 0.55 of a Pan American common share and CAD\$1.84 (\$1.84) in cash; or
- (ii) 0.6235 of a Pan American common share and CAD\$0.0001 (\$0.0001) in cash; or
- (iii) CAD\$15.60 (\$15.60) in cash;

with alternatives (ii) and (iii) subject to proration such that the number of Pan American shares to be issued and the amount of cash to be paid will be limited to specified aggregate maximum amounts. As a result, the average consideration to be paid is expected to be equal to the amount determinable in (i) above and these unaudited pro forma condensed consolidated financial statements are prepared on the assumption that all Minefinders shareholders elect alternative (i). No material difference is expected in the total consideration as a result of which options the Minefinders' shareholders elect.

In addition, on January 22, 2012, the Compensation Committee of the Board of Directors of Minefinders passed a resolution accelerating the vesting of all Minefinders share options that would otherwise be unvested. Each Minefinders option holder will be entitled to:

- (i) exercise their vested Minefinders options and participate in the offer as a Minefinders shareholder; or
- (ii) elect to receive a replacement Pan American share option entitling the holder to purchase 0.6235 Pan American shares at an exercise price equal to the exercise price of the exchanged Minefinders option divided by 0.6235.

These pro forma condensed consolidated financial statements are prepared on the assumption that each Minefinders option holder will exercise all vested options prior to closing and elect to receive a replacement Pan American option for the remaining options on the basis described by (ii) above.

It is also assumed for the purposes of preparing these unaudited pro forma condensed consolidated financial statements that holders of the Minefinders convertible notes and share purchase warrants will elect to convert into Minefinders common shares prior to the closing date.

A total of 94,500,991 Minefinders common shares are estimated to be exchanged for 51,975,545, Pan American Silver Corp. shares and 653,125 options. The value of the Pan American's common shares and options issued was calculated based on the closing price of Pan American common shares on March 8, 2012 for the purpose of preparing these unaudited condensed consolidated pro forma financial statements. The final common share purchase consideration will be determined based on the market price of Pan American's common shares on the date of acquisition. Minefinders' convertible noteholders may be entitled to receive a conversion premium following the effective date in the form of additional Minefinders shares. These pro forma financial statements do not take into consideration the additional shares as the impact is not determinable until the date of acquisition. The maximum number of Pan American shares that may be issued in connection with the acquisition is 53,666,003.

---

The transaction has an estimated acquisition cost of \$1,382.4 million including the following items as at March 8, 2012:

- (i) 51,975,545 Pan American common shares at CAD \$23.19 per share (\$23.18) for total share consideration of \$1,205.0 million; plus
- (ii) 740,406 Pan American replacement stock options at an average fair value of CAD\$5.52 per option (\$5.52) for total consideration of \$3.6 million.
- (iii) Cash payment of \$173,830 as a result of the purchase of 94.5 million Minefinders shares at CAD \$1.84 (\$1.84).

The following weighted average assumptions were used for the Black-Scholes option pricing model to the determine fair value of the replacement stock options:

Risk-free interest rate	0.93%
Expected volatility	40.75%
Expected life	3.5
Dividend rate	0.26%

The transaction will be accounted for as a business combination. The foreign exchange rates used for conversion to United States dollars from Canadian dollars are as follows:

As at March 8, 2012 - 1.000

Average for the twelve months ended December 31, 2011 - 0.9888

The allocation of the pro forma preliminary purchase price is summarized in the table below:

4. Pro forma assumptions and adjustments

Pro forma adjustments to the consolidated statement of financial position

The unaudited pro forma condensed consolidated statement of financial position reflects the following adjustments as if the business combination of Minefinders had occurred on December 31, 2011.

- a) To record the excess of the consideration paid over the fair value of Minefinders' net assets as an allocation to mineral properties, plant and equipment.
-

- b) To record the assumed exercise of 2,828,500 warrants and 1,711,413 options of Minefinders for a cash consideration of \$14,143 and \$16,779, respectively.
- c) To record the extinguishment of the convertible notes which were recorded in non-current liabilities (\$30,537) at December 31, 2011 as a result of the assumed conversion of the notes prior to closing and to record the related increase in equity.
- d) Elimination of shareholders' equity of Minefinders on acquisition (\$505,794) and elimination of equity arising on the pro forma adjustment due to conversion of notes (see adjustment c and j) for Minefinders and exercise of warrants (see adjustment b and j) and options (see adjustment b) for a total of \$92,761. Also, the share option reserve of Minefinders in the amount of \$15,715 is eliminated.
- e) To record the issuance of 51,975,545 common shares of Pan American recorded at a price of CAD\$23.19 (\$23.18) per share being the closing price of Pan American shares on March 8, 2012.
- f) To record the \$173,830 cash paid on acquisition based on CAD\$1.84 (\$1.84) offered for 94.5 million Minefinders shares.
- g) To issue 740,406 Pan American replacement stock options with a fair value of \$3,604.
- h) To record the estimated costs of the business combination in the amount of \$22.2 million; \$13.1 million incurred by Pan American and \$9.1 million incurred by Minefinders which is included the pro forma adjustment to accounts payable.
- i) To record the additional deferred income tax liability recorded on acquisition as a result of the excess of the fair value of the acquired assets over their corresponding tax bases. The tax effect of this excess has been assumed to be goodwill on the date of acquisition.
- j) To extinguish the liability associated with the exercise of warrants with a carrying value of \$15,922 (see (k)) and the assumed conversion of the convertible feature of the notes with a carrying value of \$15,381 of Minefinders, resulting in an adjustment in the amount of \$31,303 which is debited to liabilities and \$15,381 which is credited to equity.
- k) To record the \$15,922 fair value of the warrant liability in equity on exercise of the warrants, together with the cash received of \$14,143 on exercise, resulting in an adjustment in the amount of \$30,065 (see (b)).

Pro forma adjustments to the consolidated income statements

The unaudited pro forma consolidated income statements for the year ended December 31, 2011 reflect the following adjustments as if the business combination had occurred on January 1, 2011.

- l) To record additional depreciation and amortization as a result of the increased cost of mineral properties, plant and equipment arising from the purchase price allocation (see (a)).
  - m) To reverse interest expense relating to the convertible debenture which is assumed to be converted to common shares at acquisition.
  - n) To eliminate the fair value change in warrants and convertible notes which would not have been incurred because, for the purposes of the pro forma, it is assumed that these were converted at the beginning of the period.
  - o) To record an additional deferred tax recovery relating to increased depreciation and amortization costs in (see adjustment l).
  - p) To record transaction costs in the amount of \$13,100 incurred by Pan American.
-
