Item 3. Source or Amount of Funds or Other Consideration.

In October 2016, Vertex Europe acquired 2,472,301 Shares issued upon conversion of preferred stock in the Company’s initial public offering and acquired an additional 714,285 Shares from the Company in the initial public offering. Vertex acquired the Shares for ordinary investment purposes in connection with its ongoing strategic collaboration with the Company. Vertex intends to review its investment on a regular basis and may conduct (or retain advisers to conduct) analyses or due diligence investigations concerning the Shares or the Company, and as a result thereof, may at any time or from time to time determine, either alone or as part of a group, to (a) acquire additional securities of the Company, through open market purchases or privately negotiated transactions or otherwise (including potential additional purchases for the purpose of maintaining an approximately 10% ownership in the Company), (b) engage in discussions with the Company, its board of directors or one or more other Company investors, or (c) take any other available course of action, any of which could relate to or result in one or more of the types of transactions or have one or more of the results described in the next paragraph of this Item 4. not limited to, the following: the Company's business and prospects; other developments concerning the Company and its businesses generally; other business opportunities available to Vertex; Vertex's tax position; changes in law and government regulations; general economic conditions; and money and stock market conditions, including the market price of the securities of the Company.

Except as set forth above, neither Vertex, nor, to the knowledge of Vertex, any of the persons listed on Schedule A hereto, has any present plans which relate to or would result in:
