SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K contains “forward-looking statements” (as that term is defined in the federal securities laws), which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements with regard to future revenue, projected 2014 results, earnings, spending, margins, cash flow, orders, expected timing of shipment of products, inventory levels, future growth or success in specific countries, categories or market sectors, continued or expected distribution to specific retailers, liquidity, capital resources and market risk, strategies and objectives and other future events. More generally, forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or simply state future results, performance or achievements, and can be identified by the use of forward looking language such as “believe,” “anticipate,” “expect,” “estimate,” “intend,” “plan,” “project,” “will be,” “will continue,” “will result,” “could,” “may,” or any variations of such words with similar meanings. Factors that may affect our results include, but are not limited to, the risks and uncertainties discussed in Item 1A of this Annual Report on Form 10-K.

Any such forward-looking statements are subject to risks and uncertainties, many of which are beyond our control, which may influence the accuracy of the statements and the projections upon which the statements are based and could cause our actual results to differ materially from those projected in forward-looking statements. As such, we strongly caution you that these forward-looking statements are not guarantees of future performance or events. Our actual results, performance and achievements could differ materially from those expressed or implied in these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether from new information, future events or otherwise.

PART I

ITEM 1 BUSINESS

(\$ in thousands, except share and per share data)

Overview

Steven Madden, Ltd. and its subsidiaries (collectively, the “Company”) design, source, market and sell fashion-forward name brand and private label footwear for women, men and children and name brand and private label fashion handbags and accessories and license our trademarks for use in connection with the manufacture, marketing and sale of various products of our licensees. Our products are marketed through our retail stores and our e-commerce websites, as well as better department stores, major department stores, mid-tier department stores, specialty stores, luxury retailers, value priced retailers, national chains, mass merchants and catalog retailers throughout the United States and Canada. In addition, we have special distribution arrangements for the marketing of our products in Asia, Europe, the Middle East, Mexico, India, South Africa and South and Central America. We offer a broad range of updated styles designed to establish or complement and capitalize on market trends. We have established a reputation for design creativity and our ability to offer quality products in popular styles at affordable prices, delivered in an efficient manner and time frame.

Steven Madden, Ltd. was incorporated as a New York corporation on July 9, 1990, reincorporated under the same name in Delaware in November 1998 and completed its initial public offering in December 1993. Shares of Steven Madden, Ltd. common stock, \$.0001 par value per share, currently trade on the NASDAQ Global Select Market under the symbol “SHOO”. Our principal executive offices are located at 52-16 Barnett Avenue, Long Island City, NY 11104. Our telephone number is (718) 446-1800 and our website address is <http://www.stevemadden.com>.

We file Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other reports and information with the Securities and Exchange Commission (the “SEC”) pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”). These reports, any amendments to such reports, and our proxy statements for our stockholders' meetings are available free of charge, on the "Investor Relations" section of our website as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC. We will provide paper copies of such filings free of charge upon request. The public may read and copy any materials filed by us with the SEC at the SEC's Public Reference Room at 100 F Street, NE, Washington, D.C. 20549. Information regarding the operation of the SEC's Public Reference Room is available by

calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet site that contains reports, proxy and information statements and other information regarding us, which is available at <http://www.sec.gov>.

Fiscal year 2013 represents the fifth consecutive year that the Company achieved record sales and earnings. Net sales for 2013 increased 7% to \$1,314,223 from \$1,227,072 in the same period of last year. Net income attributable to Steven Madden,

Ltd. increased 10% to \$132,007 in 2013 compared to \$119,626 in the same period of last year. Diluted earnings per share in 2013 increased to \$1.98 per share on 66,836,000 diluted weighted average shares outstanding compared to \$1.81 per share on 66,255,000 diluted weighted average shares outstanding in the prior year.

On August 19, 2013 our Board of Directors declared a three-for-two stock split of the Company's outstanding shares of common stock, effected in the form of a stock dividend on the Company's outstanding common stock. Stockholders of record at the close of business on September 20, 2013 received one additional share of Steven Madden, Ltd., common stock for every two shares of common stock owned on that date. The additional shares were distributed to the Company's stockholders on October 1, 2013. Stockholders received cash in lieu of any fractional shares of common stock they otherwise would have received in connection with the dividend. All share and per share data provided herein gives effect to this stock split, applied retroactively.

Product Distribution Segments

Our business is comprised of five distinct segments: Wholesale Footwear, Wholesale Accessories, Retail, First Cost and Licensing.

Our Wholesale Footwear segment is comprised of the following brands: Steve Madden Women's®, Madden Girl®, Steve Madden Men's®, Steven, I.e.i.® (under license), Olsenboye® (under license), Stevies®, Steve Madden Kids®, Madden®, Betsey Johnson® shoes, Report®, Superga® (under license), and includes our International business and certain private label footwear business. Our Wholesale Accessories segment includes Big Buddha, Betseyville, Betsey Johnson, Steve Madden, Steven, Cejon and, through a license agreement Olsenboye® accessories brands and includes our International business and certain private label accessories business. Steven Madden Retail, Inc., our wholly-owned retail subsidiary, operates Steve Madden, Steven and Superga retail stores and Steve Madden, Superga, Betsey Johnson and FREEBIRD by Steven e-commerce websites. The First Cost segment represents activities of a subsidiary that earns commissions for serving as a buying agent for footwear products under private labels for many of the country's large mass-market merchandisers, shoe chains and other value priced retailers. Our Licensing segment is engaged in the licensing of the Steve Madden and Steven by Steve Madden marks for use in connection with the manufacture, marketing and sale of sunglasses, eyewear, outerwear, bedding, hosiery, women's fashion apparel, jewelry, watches and luggage. In addition, we license our Betsey Johnson® and Betseyville® marks for use in connection with the manufacture, marketing and sale of apparel, jewelry, swimwear, eyewear, watches, fragrances and outerwear.

Wholesale Footwear Segment

Steve Madden Women's. We design, source and market our Steve Madden brand to department stores, specialty stores, luxury retailers, value priced retailers, national chains, mass merchants, online retailers and catalog retailers throughout the United States and Canada. The Steve Madden brand has become a leading life-style brand in the fashion conscious marketplace. To serve our customers (primarily women ages 16 to 35), Steve Madden Women's offers fashion forward footwear designed to appeal to customers seeking exciting, new footwear designs at affordable prices. New products for Steve Madden Women's are test marketed at Company-owned retail stores. Typically, within a few days, we can determine if the test product appeals to our customers. This enables us to use our flexible sourcing model to rapidly respond to changing trends and customer preferences, which we believe is essential for success in the fashion industry.

Madden Girl. We design, source and market a full collection of directional young women's shoes under the Madden Girl brand. Madden Girl is geared for young women ages 13 to 20, and is an "opening price point" brand currently sold at major department stores, mid-tier retailers and specialty stores.

Steve Madden Men's. We design, source, and market a lifestyle collection of men's footwear for the fashion forward man, ages 18 to 45 years old, under the Steve Madden® brand. Retail channels include major department stores, mid-tier department stores, better specialty stores, online retailers and independent shoe stores throughout the United

States. Price points for Steve Madden Men's products range from \$70 to \$150 at retail.

Madden. The Madden brand is a streetwear focused collection of footwear geared to meet the trend directions of the 13 to 21 year old fashion consumer. Madden products range from \$45 to \$85 and are sold to national specialty stores, better department stores, mid tier department stores, online retailers and independent specialty stores.

Steven. We design, source and market women's fashion footwear under the Steven® trademark through major department and better footwear specialty stores throughout the United States as well as in our retail stores. Priced a tier above the Steve

Madden brand, Steven products are designed to appeal principally to fashion conscious women, ages 25 to 45, who shop at department stores and footwear boutiques.

l.e.i. On July 1, 2008, we entered into a license agreement with Jones Investment Co. Inc., under which we have the right to use the l.e.i.® trademark in connection with the sale and marketing of footwear exclusively to Wal-Mart.

Olsenboye. On September 2, 2009, we entered into a license agreement with Dualstar Entertainment Group, under which we have the right to use the Olsenboye® trademark in connection with the sale and marketing of footwear exclusively to J.C. Penney. Pursuant to the customer's request that we sell directly to the customer, in 2011 we transitioned our Olsenboye® footwear business from the commission model to the wholesale model.

Stevies and Steve Madden Kids. Our Stevies® and Steve Madden Kids brands are designed, sourced and marketed to appeal to young girls, ages six to 12, and are sold at department stores, specialty stores, online retailers and independent boutiques throughout the United States.

Betsey Johnson Shoes. On October 5, 2010, the Company acquired the Betsey Johnson® trademark and substantially all other intellectual property of Betsey Johnson LLC. The Betsey Johnson® and Betseyville shoe brands are distributed through department stores such as Nordstrom, Dillard's and J.C. Penney and online retailers such as Amazon.com and Zappos.

Superga. On February 9, 2011, the Company entered into a license agreement with Basic Properties America Inc. and BasicNet S.p.A., for the use of the Superga® trademark in connection with the marketing and sale of footwear. Founded in Italy in 1911, Superga is known for fashion sneakers that come in a wide range of colors, fabrics and prints.

FREEBIRD by Steven. We design, source, and market a full collection of handcrafted, Goodyear welted boots. The designs are inspired by vintage Americana and created using time-honored craftsmanship. The FREEBIRD by Steven® collection conveys a unique fashion life style that transcends many generations. Price points for FREEBIRD by Steven range from \$195 to \$450 and are currently sold at major department stores, mid-tier retailers, and specialty boutiques.

Report. The Report and Report Signature brand was part of our May 2011 acquisition of Topline Corporation ("Topline"). We design, manufacture, market and sell our Report brand to major department stores, mid-tier department stores and independently owned boutiques throughout the United States.

Mad Love. Formed in April 2011 as a joint venture, the Mad Love® brand is an exclusive beach-to-the-street life style brand for Target, created to appeal to women with a young attitude and active life style.

International Division. Prior to 2009, our international business (the "International Division") operated under the "first cost" model and, as a result, the revenues derived from the International Division business were included in Commissions and Licensing Fees in the Consolidated Statements of Income included in our Financial Statements. In order to improve operating efficiencies, and to give our international partners better visibility in the process, as of January 2009, we have changed the operating model for our International Division to the "wholesale" model. The International Division ships products to Asia, Canada, Europe, the Middle East, Mexico, South Africa, India and Central and South America.

Private label business. We design, source and market private label footwear primarily to specialty retailers, mid-tier chains and mass market merchants. In addition, we design, source and market footwear for third party brands, such as Material Girl® and Candies®.

Wholesale Accessories Segment

Our Wholesale Accessories segment designs, sources and markets name brands (including our Steve Madden®, Steven by Steve Madden®, Madden Girl®, Betsey Johnson®, Betseyville® and Big Buddha® brands and Olsenboye®, under license,) and private label fashion handbags and accessories to department stores, mass merchants, value priced retailers, online retailers and specialty stores throughout the United States and Canada. In addition, we market and sell cold weather accessories, fashion scarves, wraps and other trend accessories primarily under our Cejon® and the Steve Madden® brand names and private labels to department stores and specialty stores.

Retail Segment

As of December 31, 2013, the Company's wholly-owned subsidiary, Steven Madden Retail, Inc., owned and operated 121 retail stores including 97 Steve Madden full price stores, 17 Steve Madden outlet stores, two Steven stores, one Superga store and four e-commerce websites. In 2013, we opened six new full price stores, six new outlet stores, established a FREEBIRD by Steven® online store and closed our one Report store. Steve Madden stores are located in major shopping malls and in urban street locations across the United States and Canada. Comparative store sales (sales of those stores, including the e-commerce websites, that were open for all of 2013 and 2012) decreased 2.1% in fiscal year 2013. The Company excludes new locations from the comparable store base for the first year of operations. Stores that are closed for renovations are removed from the comparable store base.

We anticipate that the Retail segment will continue to enhance the Company's overall sales and profitability while increasing recognition for our brands. Additionally, our retail stores enable us to evaluate the appeal of new products and designs to our customers and respond accordingly, which, in turn, strengthens the product development efforts of our two Wholesale segments. We expect to open between 13 and 16 new retail stores and anticipate closing three stores in 2014.

First Cost Segment

The First Cost segment earns commissions for serving as a buying agent for footwear products under private labels for many of the large mass-market merchandisers, shoe chains and other mid-tier retailers. As a buying agent, we utilize our expertise and our relationships with shoe manufacturers to facilitate the production of private label shoes to our customers' specifications. We believe that by operating in the private label, mass merchandising market, we are able to create additional non-branded sales opportunities. This leverages our overall sourcing and design capabilities. Currently, our First Cost segment earns commissions serving as a buying agent for the procurement of women's, men's and children's footwear for large retailers, including, Kohl's, K-Mart and Sears. In addition, by leveraging the strength of our Steve Madden brands and product designs, we have been able to partially recover our design, product and development costs from our suppliers.

Licensing Segment

We license our Steve Madden® and Steven by Steve Madden® trademarks for use in connection with the manufacture, marketing and sale of sunglasses, eyewear, outerwear, bedding, hosiery and women's fashion apparel, jewelry, watches and luggage. In addition, the Company licenses the Betsey Johnson® and Betseyville® trademarks for use in connection with the manufacture, marketing and sale of apparel, jewelry, swimwear, eyewear, watches, fragrances and outerwear. Most of our license agreements require the licensee to pay us a royalty based on actual net sales, a minimum royalty in the event that specified net sales targets are not achieved and a percentage of sales for advertising the brand.

See Note P to our Consolidated Financial Statements included in this Annual Report on Form 10-K for additional information relating to our five operating segments.

Product Design and Development

We have established a reputation for our creative designs, marketing and trendy products at affordable price points. We believe that our future success will substantially depend on our ability to continue to anticipate and react to changing consumer demands in a timely manner. To meet this objective, we have developed what we believe is an unparalleled design process that allows us to recognize and respond quickly to changing consumer demands. Our design team strives to create designs which it believes fit our image, reflect current or future trends and can be manufactured in a timely and cost-effective manner. Most new Steve Madden products are tested in select Steve Madden retail stores. Based on these tests, among other things, management selects the Steve Madden products that

are then offered for wholesale and retail distribution nationwide. We believe that our design and testing process and flexible sourcing models provide the Steve Madden brands with a significant competitive advantage allowing us to mitigate the risk of incurring costs associated with the production and distribution of less desirable designs.

Product Sourcing and Distribution

We source each of our product lines separately based on the individual design, style and quality specifications of the products in such product lines. We do not own or operate manufacturing facilities; rather, we use agents and our own sourcing office to source our products from independently owned manufacturers in China, Mexico, Brazil, Italy and India. We have established relationships with a number of manufacturers and agents in each of these countries. Although we have not entered into any long-term manufacturing or supply contracts, we believe that a sufficient number of alternative sources exist for the manufacture of our products. We continually monitor the availability of the principal materials used in our footwear, which are currently available from a number of sources in various parts of the world. We track inventory flow on a regular basis, monitor sell-through data and incorporate input on product demand from wholesale customers. We use retailers' feedback to adjust the production or manufacture of new products on a timely basis, which helps reduce the close out of slow-moving products.

We distribute our products from four third-party distribution centers, two located in California, one located in Texas, and one located in New Jersey, and through two Company-operated distribution centers located in New Jersey and Canada. By utilizing distribution facilities specializing in distribution fulfillment to effect distribution to certain wholesale accounts, Steve Madden retail stores and Internet customers, we believe that our customers are served more promptly and efficiently.

Customers

Our wholesale customers consist principally of better department stores, major department stores, mid-tier department stores, national chains, mass merchants, value priced retailers, specialty stores, online retailers and catalog retailers. Our customers include, Macy's, DSW, Kohl's, Ross, Nordstrom, Dillard's, Target, Walmart, Payless, Marshall's and TJ Maxx.

Distribution Channels

United States and Canada

We sell our products principally through department stores, specialty stores, online retailers, luxury retailers, national chains and mass merchants and in our Company-owned retail stores in the United States and Canada and our e-commerce websites. For the year ended December 31, 2013, our Retail segment and our two Wholesale segments generated net sales of approximately \$209,612 and \$1,104,611, or 16% and 84% of our total net sales, respectively. Each of these distribution channels is described below.

Steve Madden and Steven Retail Stores. As of December 31, 2013, we operated 97 Steve Madden full price stores, 17 Steve Madden outlet stores, two Steven stores, one Superga store and four e-commerce websites. We believe that our retail stores will continue to enhance overall sales, profitability, and our ability to react to changing consumer trends. Our stores are also a marketing tool that allows us to strengthen brand recognition and to showcase selected items from our full line of branded and licensed products. Furthermore, our retail stores provide us with venues through which to test and introduce new products, designs and merchandising strategies. Specifically, we often test new designs at our Steve Madden retail stores before scheduling them for mass production and wholesale distribution. In addition to these test marketing benefits, we have been able to leverage sales information gathered at Steve Madden retail stores to assist our wholesale customers in order placement and inventory management.

A typical Steve Madden store is approximately 1,400 to 1,600 square feet and is located in a mall or street location that we expect will attract the highest concentration of our core demographic, style-conscious customer base. The Steven stores, which are generally the same size as our Steve Madden stores, have a more sophisticated design and format styled to appeal to a more mature target audience. In addition to carefully analyzing mall demographics and locations, we set profitability guidelines for each potential store site. Specifically, we target well trafficked sites at which the demographics fit our consumer profile and seek new locations where the projected fixed annual rent

expense stays within our guidelines. By setting these guidelines, we seek to identify stores that will contribute to our overall profitability both in the near and longer terms.

Department Stores. We currently sell to over 2,500 doors of 17 department stores throughout the United States and Canada. Our major accounts include Macy's, Nordstrom, Dillard's, Lord & Taylor and Bloomingdale's.

We provide merchandising support to our department store customers including, in-store fixtures and signage, supervision of displays and merchandising of our various product lines. Our wholesale merchandising effort includes the creation of in-store concept shops in which a broader collection of our branded products are showcased. These in-store concept shops create an environment that is consistent with our image and are designed to enable the retailer to display and sell a greater volume of our

products per square foot of retail space. In addition, these in-store concept shops encourage longer term commitment by the retailer to our products and enhance consumer brand awareness.

In addition to merchandising support, our key account executives maintain weekly communications with their respective accounts to guide them in placing orders and to assist them in managing inventory, assortment and retail sales. We leverage our sell-through data gathered at our retail stores to assist department stores in allocating their open-to-buy dollars to the most popular styles in the product line and phasing out styles with weaker sell-throughs, which, in turn, reduces markdown exposure at season's end.

National chains and mass merchants. We currently sell to national chains and mass merchants throughout the United States and Canada. Our major accounts include Target, Walmart, Kmart, JC Penney, Kohl's and Sears.

Specialty Stores/Catalog Sales. We currently sell to specialty store locations throughout the United States and Canada. Our major specialty store accounts include DSW, Famous Footwear and Journeys. We offer our specialty store accounts the same merchandising, sell-through and inventory tracking support offered to our department store accounts. Sales of our products are also made through various catalogs, such as Victoria's Secret.

Internet Sales. We operate four Internet e-commerce website stores where customers can purchase numerous styles of our Steve Madden Women's, Steven, Madden Men's, FREEBIRD by Steven, Superga, and Betsey Johnson, as well as selected styles of Madden Girl, footwear and accessory products. We also sell to online retailers throughout the United States and Canada. Our major accounts include Zappos and Amazon.

International

Our products are available in many countries and territories worldwide via several retail selling and distribution agreements. Under the terms of the various agreements, the distributors and retailers purchase product from the Company and are generally required to open a minimum number of stores each year and to pay us a fee for each pair of footwear purchased and an additional sales royalty as a percentage of sales or a predetermined amount per unit of sale. Most of the distributors are required to purchase a specified minimum number of products within specified periods. The agreements we have in place expire at various times through February 14, 2031 and include automatic renewals at the distributors' option if certain conditions are met. These agreements are exclusive in their specific territories, which include Asia, the Middle East, Europe, Mexico, India, South Africa and South and Central America.

Competition

The fashion industry is highly competitive. We compete with specialty shoe and accessory companies as well as companies with diversified footwear product lines, such as Nine West, Jessica Simpson, Guess, Ugg and Aldo. Our competitors may have greater financial and other resources than we do. We believe effective advertising and marketing, favorable brand image, fashionable styling, high quality, value and fast manufacturing turnaround are the most important competitive factors and intend to continue to employ these elements as we develop our products. However, we cannot be certain that we will be able to compete successfully against our current and future competitors, or that competitive pressures will not have a material adverse effect on our business, financial condition and results of operations.

Marketing and Sales

We have focused on creating an integrated brand building program to establish Steve Madden as a leading designer of fashion footwear for style-conscious young women and men. Principal marketing activities include product placements in life style and fashion magazines, personal appearances by our founder and Creative and Design Chief, Steve Madden, and in-store promotions. We continue to promote our e-commerce websites where customers can purchase products under the brands Steve Madden Women's, Steven, Madden Men's, FREEBIRD by Steven, Superga, and Betsey Johnson, as well as selected styles of Madden Girl, footwear and accessory products, as well as view exclusive content, participate in contests and "live chat" with customer service representatives. We also connect with

our customers through social media forums including Twitter, Facebook and Instagram.

Management Information Systems (MIS) Operations

Sophisticated information systems are essential to our ability to maintain our competitive position and to support continued growth. We operate on a dual AS/400 system which provides system support for all aspects of our business, including

manufacturing, purchase orders, customer purchase orders, order allocations, invoicing, accounts receivable management, quick response replenishment, point-of-sale support and financial and management reporting functions. We operate a PKMS bar coded Warehouse Management System that is integrated with a Wholesale Enterprise Resource Planning system in order to provide accurate inventory positions and quick response size replenishment for our wholesale customers. In addition, we have installed an Electronic Data Interchange ("EDI") system which provides a computer link between certain wholesale customers and us that enables both the customer and us to monitor purchases, shipments and invoicing. The EDI system also improves our ability to respond to customer inventory requirements on a weekly basis. We are currently implementing a new Company-wide enterprise resource planning ("ERP") system. Various phases of the Company-wide ERP system were rolled out in 2013 and roll-outs will continue in 2014. We expect the new Company-wide ERP system to provide greater operating efficiencies, enhance customer service and support future business growth.

We consider these marks to be among our most valuable assets and have registered these marks in numerous countries and in numerous International Classes. From time to time we adopt new trademarks in connection with the marketing of new product lines. We believe that our trademarks have significant value and are important for purposes of identifying the Company, the marketing of our products and the products of our licensees, distinguishing them from the products of others. We act aggressively to register and vigorously protect our trademarks against infringement. There can be no assurance, however, that we will be able to effectively obtain rights to our marks throughout all of the countries of the world. Moreover, no assurance can be given that others will not assert rights in or ownership of, our marks and other proprietary rights or that we will be able to resolve any such conflicts successfully. Our failure to protect such rights from unlawful and improper appropriation may have a material adverse effect on our business, financial condition, results of operations and liquidity.

Trademark Licensing

Our strategy for the continued growth of the Company's business includes expanding the Company's presence beyond footwear and accessories through the selective licensing of our brands. As of December 31, 2013, we license our Steve Madden® and Steven by Steve Madden® trademarks for use in connection with the manufacture, marketing and sale of sunglasses, eyewear, outerwear, bedding, hosiery and women's fashion apparel, jewelry, watches and luggage. In addition, the Company licenses the Betsey Johnson® and Betseyville® trademarks for use in connection with the manufacture, marketing and sale of apparel, jewelry,

watches, swimwear, eyewear, fragrances and outerwear. Most of our license agreements require the licensee to pay us a royalty based on actual net sales, a minimum royalty in the event that specified net sales targets are not achieved and a percentage of sales for advertising the brand. See Notes A and O to our Consolidated Financial Statements included in this Annual Report on Form 10-K for additional disclosure regarding these licensing arrangements.

In addition to the licensing of our trademarks, we also license from third parties trademarks used in connection with certain of our product lines. Under license from Dualstar Entertainment Group, LLC, the Company has the right to use the Olsenboye® trademark in connection with the sale and marketing of footwear and accessories. The term of the Olsenboye® license will expire on December 31, 2015. Also, we hold a license from Jones Investment Co. Inc. under which the Company has the right to use the l.e.i.® trademark in connection with the marketing and sale of women's footwear exclusively to Wal-Mart through December 31, 2014. Through a license agreement with Basic Properties America Inc. and BasicNet S.p.A we have the right to use the Superga® trademark in connection with the marketing and sale of footwear through December 31, 2022. Additionally, we license from G-III Apparel Group the Andrew Marc brand in connection with the design, manufacture and distribution of eyewear and sunglasses. The initial term of the license from G-III Apparel Group expired on July 31, 2013; however, the Company is currently in negotiations with G-III Apparel Group to extend the term of the license. Substantially all of these licensing agreements require us to make royalty and advertising payments to the licensor equal to a percentage of our net sales or a minimum royalty and advertising payment in the event that specified net sales targets are not achieved.

Employees

On February 1, 2014, we employed approximately 2,864 employees, of whom approximately 1,886 work on a full-time basis and approximately 978 work on a part-time basis. Most of our part-time employees work in the Retail segment. Approximately 1,991 of our employees are located in the United States, approximately 613 employees are located in Hong Kong and China, and approximately 260 are located in Canada. None of our employees are represented by a union. Our management considers relations with our employees to be good. The Company has never experienced a material interruption of its operations due to a labor dispute.

Seasonality

Historically, some of our businesses, including our Retail segment, have experienced holiday retail seasonality. In addition to seasonal fluctuations, our operating results fluctuate from quarter to quarter as a result of the timing of holidays, weather, the timing of larger shipments of footwear, market acceptance of our products, product mix, pricing and presentation of the products offered and sold, the hiring and training of additional personnel, inventory write downs for obsolescence, the cost of materials, the product mix among our wholesale, retail and licensing businesses, the incurrence of other operating costs and factors beyond our control, such as general economic conditions and actions of competitors.

Backlog

We had unfilled wholesale customer orders of approximately \$295,000 and \$302,000, as of February 1, 2014 and 2013, respectively. Our backlog at a particular time is affected by a number of factors, including seasonality, timing of market weeks and wholesale customer purchases of our core products through our open stock program. Accordingly, a comparison of backlog from period to period may not be indicative of eventual shipments.

ITEM 1A RISK FACTORS

You should carefully consider the risks and uncertainties we describe below and the other information in this Annual Report on Form 10-K before deciding to invest in, sell or retain shares of our common stock. These are not the only

risks and uncertainties that we face. Other sections of this report may discuss factors that could adversely affect our business. The retail industry is highly competitive and subject to rapid change. There may be additional risks and uncertainties that we do not currently know about or that we currently believe are immaterial, or that we have not predicted, which may also harm our business or adversely affect us. If any of these risks or uncertainties actually occurs, our business, financial condition, results of operations and liquidity could be materially harmed.

Risks Related to the Industry in Which the Company Operates

Constantly Changing Fashion Trends and Consumer Demands. Our success depends in significant part upon our ability to anticipate and respond to product and fashion trends as well as to anticipate, gauge and react to changing consumer demands in a timely manner. There can be no assurance that our products will correspond to the changes in taste and demand or that we will be able to successfully market products that respond to such trends. If we misjudge the market for our products, we may be faced with significant excess inventories for some products and missed opportunities as to others. In addition, misjudgments in merchandise selection could adversely affect our image with our customers resulting in lower sales and increased markdown allowances for customers which could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Intense Fashion Industry Competition. The fashion footwear and accessories industry is highly competitive and barriers to entry are low. Our competitors include specialty companies as well as companies with diversified product lines. The recent market growth in the sales of fashion footwear and accessories has encouraged the entry of many new competitors and increased competition from established companies. Many of these competitors, including Nine West, Guess, Jessica Simpson, Ugg and Aldo, may have significantly greater financial and other resources than we do and there can be no assurance that we will be able to compete successfully with other fashion footwear and accessories companies. Increased competition could result in pricing pressures, increased marketing expenditures and loss of market share, and could have a material adverse effect on our business, financial condition, results of operations and liquidity. We believe effective advertising and marketing, favorable branding of the Steve Madden® and our other trademarks, fashionable styling, high quality and value are the most important competitive factors and we plan to continue to employ these elements as we develop new products and businesses. Our inability to effectively advertise and market our products could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Cyclical Nature of Fashion Business. The overall fashion industry is cyclical, and purchasing tends to decline during recessionary periods when disposable income is low. Likewise, purchases of contemporary shoes and accessories tends to decline during recessionary periods and also may decline at other times. There can be no assurance that we will be able to grow or even maintain our current level of revenues and earnings, or remain profitable in the future.

Continuing slow growth in the international, national or regional economies and uncertainties regarding future economic prospects, among other things, could affect consumer spending habits. The volatility and disruption of global economic and financial market conditions that began in 2008 has caused lingering declines in consumer confidence and spending in the United States and internationally. A further deterioration or a continued weakness of economic and financial market conditions for an extended period of time could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Consolidation Among Retailers. In recent years, the retail industry has experienced consolidation and other ownership changes. In the future, retailers in the United States and in foreign markets may further consolidate, undergo restructurings or reorganizations, or realign their affiliations, any of which could decrease the number of stores that carry our products or increase the ownership concentration within the retail industry. While such changes in the retail industry to date have not had a material adverse effect on our business or financial condition, results of operations and liquidity, there can be no assurance as to the future effect of any such changes.

Economic Uncertainty and Political Risks. Our opportunities for long-term growth and profitability are accompanied by significant challenges and risks, particularly in the near term. Specifically, our business is dependent on consumer demand for our products. We believe that declining consumer confidence accompanied with the tightening of credit standards, higher energy and food prices and unemployment rates and a decrease in consumers' disposable income has negatively impacted the level of consumer spending for discretionary items during the years ended December 31, 2013, 2012 and 2011. During the three year period ended December 31, 2013, we achieved revenue growth in both our Wholesale and Retail segments but we cannot assume that this will be maintained. A continued weak economic environment could have a negative effect on the Company's sales and results of operations during the year ending December 31, 2014 and thereafter. In addition the unstable political conditions in the Middle East and some other parts of the world, including potential or actual international conflicts, or the continuation or escalation of terrorism, could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Risks Related to Our Business

Dependence on Key Personnel. The growth and success of our Company since its inception almost a quarter century ago is attributable, to a significant degree, to the talents, skills and efforts of our founder and Creative and Design Chief, Steven Madden. An extended or permanent loss of the services of Mr. Madden could severely disrupt our business and have a material adverse effect on the Company. Our senior executives have substantial experience and expertise in our business and industry and

have made significant contributions to our growth and success as well. Competition for key executives in the apparel, footwear and accessories industries is intense. While our employment agreements with Mr. Madden and most of our senior executives include a non-compete provision in the event of the termination of employment, the non-compete periods are of limited duration. While we believe we have depth within our senior management team, if we lose the services of our Creative and Design Chief or any of our senior executives, and especially if any of these individuals joins a competitor or forms a competing company, our business and financial performance could be seriously harmed. A loss of the skills, industry knowledge, contacts and expertise of our Creative and Design Chief or any of our senior executives could cause a setback to our operating plan and strategy.

Dependence Upon Significant Customers. Our customers consist principally of better department stores, major department stores, mid-tier department stores, specialty stores, luxury retailers, value priced retailers, national chains, mass merchants and catalog retailers. Certain of our department store customers, including some under common ownership, account for significant portions of our wholesale business. We generally enter into a number of purchase order commitments with our customers for each of our lines every season and do not enter into long-term agreements with any of our customers. Therefore, a decision by a significant customer, whether motivated by competitive conditions, financial difficulties or otherwise, to decrease the amount of merchandise purchased from us or to change its manner of doing business could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Risks Associated with Extending Credit to Customers. We sell our products primarily to retail stores across the United States and extend credit based on an evaluation of each customer's financial condition, usually without collateral. Various retailers, including some of our customers, have experienced financial difficulties as a result of the financial crisis that began in 2008, which has increased the risk of extending credit to such retailers. However, our losses due to bad debts have been limited. Pursuant to the terms of our collection agency agreement, our factor, Rosenthal & Rosenthal, Inc., currently assumes the credit risk related to approximately 57% of our trade accounts receivable. In addition, we have letters of credit for approximately 19% of our trade accounts receivable. Still, if any of our customers experiences a shortage of liquidity, the risk that the customer's outstanding payables to us would not be paid could cause us to curtail business with the customer or require us to assume more credit risk relating to the customer's account payable.

Risks Associated with Expansion of Retail Business. Our continued growth depends to a significant degree on whether we are successful in further developing and marketing our brands, and creating new brands, product categories and businesses that are appealing to our customers. The operation of company-owned Steve Madden and Steven stores is a significant part of our growth strategy. During the year ended December 31, 2013, we opened six new full-price stores, six new outlet stores, established FREEBIRD by Steven online store and closed our one Report store. We have plans to open between 13 and 16 new retail stores and anticipate closing three stores in 2014. Our future expansion plan includes the opening of stores in new geographic markets as well as strengthening existing markets. New markets have in the past presented, and will continue to present, competitive and merchandising challenges that are different from those faced by us in our existing markets. There can be no assurance that we will be able to open new stores, and if opened, that such new stores will be able to achieve sales and profitability levels consistent with management's expectations. Our retail expansion is dependent on the performance of our wholesale and retail operations, generally, as well as on a number of other factors, including our ability to:

- locate and obtain favorable store sites;
- negotiate favorable lease terms;
- hire, train and retain competent store personnel;
- anticipate the preferences of our retail customers in new geographic areas;
- successfully integrate new stores into our existing operations.

Past comparable store sales results may not be indicative of future results and there can be no assurance that our comparable store sales results will increase or even be maintained in the future.

Management of Growth. The size of our business continues to grow organically and as a result of business acquisitions. In order to gain from our acquisitions, we must be effective in integrating the businesses acquired into

our overall operations. Further, the expansion of our operations has increased and will continue to increase the demand on our managerial, operational and administrative resources. In recent years, we have invested significant resources in, among other things, our management information systems and hiring and training of new personnel. However, in order to manage currently anticipated levels of future demand, we may be required to, among other things, expand our distribution facilities, establish relationships with new manufacturers to produce our product, and continue to expand and improve our financial, management and operating systems. We may experience difficulty integrating acquired businesses into our operations and may not achieve anticipated synergies from such integration. There can be no assurance that we will be able to manage future growth effectively and a failure to do so could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Inventory Management. The trend-focused nature of the fashion industry and the rapid changes in customer preferences leave us vulnerable to an increased risk of inventory obsolescence. Thus, our ability to manage our inventories properly is an important factor in our operations. Inventory shortages can adversely affect the timing of shipments to customers and diminish sales and brand loyalty. Conversely, excess inventories can result in lower gross margins due to the excessive discounts and markdowns that may be necessary to reduce high inventory levels. Our inability to effectively manage our inventory could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Foreign Sourcing and Manufacturing. Virtually all of our products are purchased through arrangements with a number of foreign manufacturers, primarily from China, Mexico, Brazil, Italy and India. During 2013, approximately 85% of our total purchases were from China. Risks inherent in foreign operations including work stoppages, transportation delays and interruptions and changes in social, political and economic conditions, can result in the disruption of trade from the countries in which our manufacturers or suppliers are located, the imposition of additional regulations relating to imports, the imposition of additional duties, taxes and other charges on imports, significant fluctuations of the value of the dollar against foreign currencies, or restrictions on the transfer of funds, any of which could have a material adverse effect on our business, financial condition, results of operations and liquidity. While we believe that we manage our exposure to the risk that any such economic or political condition will materially affect our ability to purchase products because we are aware of a variety of materials and alternative sources that are available, we cannot be certain that we will be able to identify such alternative materials and/or sources without delay or without greater cost to us. Our inability to identify and secure alternative sources of supply in this situation could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Impact of Custom Duties and Other Import Regulations. Virtually all of our products imported and subject to United States custom duties. The United States and the countries in which our products are produced or sold, from time to time, impose new quotas, duties, tariffs or other restrictions on imports or exports, may adversely adjust prevailing quotas, duties or tariff levels, or impose sanctions in the form of additional duties to remedy perceived illegal actions, any of which could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Manufacturers' Inability to Manufacture Our Goods in a Timely Manner or Meet Quality Standards. As is common in the footwear and accessories industries, we contract with foreign manufactures virtually all of our products to our specifications. We do not own or operate any manufacturing facilities and, therefore, we are dependent upon third parties for the manufacture of all of our products. The inability of a manufacturer to ship orders of our products in a timely manner or to meet our quality standards could cause us to miss the delivery date requirements of our customers for those items, which, in turn, could result in cancellation of orders, refusal to accept deliveries, a reduction in purchase prices and, ultimately, termination of a customer relationship, any of which could have a material adverse effect on our business, financial condition, results of operations and liquidity.

New rules relating to "conflict minerals" will require the Company to incur additional expenses and could adversely affect our business. The SEC has promulgated final rules mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act requiring the disclosure of the use of tantalum, tin, tungsten and gold, known as "conflict minerals," included in products either manufactured by public companies or as to which public companies have contracted for the manufacture. These new rules, adopted in an effort to prevent inadvertent support of armed conflict in the Democratic Republic of Congo and certain adjoining countries (collectively, the "DRC"), require companies to investigate their supply chains to determine whether these minerals are present in their products and, if so, from where the minerals originated. The rules also require disclosure and annual reporting as to whether or not conflict minerals, if used in the manufacture of the products offered, originated from the DRC. Compliance with these rules could adversely affect the sourcing, supply and pricing of materials used in our products. We currently require our manufacturers to comply with policies addressing legal and ethical concerns relating to labor, employment, political and social matters including restrictions on the use of conflict minerals. Violation of these policies by our manufacturers could harm our reputation, disrupt our supply chain and/or increase our cost of goods sold.

Additionally, violation by our manufacturers could cause us to face disqualification as a supplier for our customers and suffer reputational challenges. Due to the complexity of our supply chain, compliance with the rules requires

significant efforts from a cross-operational team and diverts our management and personnel and results in potential costs of additional staff. Any of the foregoing could adversely affect our sales, net earnings, business and financial condition and results of operations.

Difficulty in Locating Replacement Manufacturers. Although we enter into a number of purchase order commitments each season specifying a time frame for delivery, method of payment, design and quality specifications and other standard industry provisions, we do not have long-term contracts with any manufacturer. As a consequence, any of these manufacturing relationships may be terminated, by either party, at any time. In addition, we may seek replacement manufacturers for various reasons, including a significant increase in the prices we are required to pay to existing manufacturers of our goods. Although we believe that other facilities are available for the manufacture of our products, there can be no assurance that such facilities would be available to us

on an immediate basis, if at all, or be able to meet our quality standards and delivery requirements, or that the costs charged to us by such manufacturers would not be significantly greater than those presently paid.

Manufacturers' Failure to Use Acceptable Labor Practices, and Comply with Local Laws and Other Standards. Our products are manufactured by numerous independent manufacturers outside of the United States. We also have license agreements that permit our licensees to manufacture or contract to manufacture products using our trademarks. We impose, and require that our licensees impose, on these manufacturers environmental, health, and safety standards for the benefit of their labor force. In addition, we require these manufacturers to comply with applicable standards for product safety. However, we do not control our independent manufacturers or licensing partners or their labor, product safety and other business practices and, from time to time, our independent manufacturers may not comply with such standards or applicable local law or our licensees may not require their manufacturers to comply with such standards or applicable local law. The violation of such standards and laws by one of the independent manufacturers with whom we contract or by one of our licensing partners, or the divergence of a manufacturer's or a licensing partner's labor practices from those generally accepted as ethical in the United States, could harm our reputation, result in a product recall or require us to curtail our relationship with and locate a replacement for such manufacturer, which, as noted in the immediately preceding risk factor, could be challenging. Any of these events could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Seasonal and Quarterly Fluctuations. Our results of operations may fluctuate from quarter to quarter and are affected by a variety of factors, including:

- the timing of holidays;
- weather conditions;
- the timing of larger shipments of footwear;
- market acceptance of our products;
- the mix, pricing and presentation of the products offered and sold;
- the hiring and training of additional personnel;
- inventory write downs for obsolescence;
- the cost of materials;
- the product mix between wholesale, retail and licensing businesses;
- the incurrence of other operating costs; and
- factors beyond our control, such as general economic conditions and actions of competitors.

In addition, we expect that our sales and operating results may be significantly impacted by the opening of new retail stores and the introduction of new products. Accordingly, the results of operations in any quarter will not necessarily be indicative of the results that may be achieved for a full fiscal year or any future quarter.

Extreme or unseasonable weather conditions in locations in which we or our customers and suppliers are located could adversely affect our business. Our corporate headquarters and principal operational locations, including retail, distribution and warehousing facilities, may be subject to natural disasters and other severe weather and geological events that could disrupt our operations. The occurrence of such natural events may result in sudden disruptions in business conditions of the local economies affected, as well as of the regional and global economies, and may result in decreased demand for our products and disruptions in our management functions, sales channels and manufacturing and distribution networks, which could have a material adverse effect on our business, financial condition and results of operations. Extreme weather events and changes in weather patterns can also influence customer trends and shopping habits. Extended periods of unseasonably warm temperatures during the winter season or cool weather during the summer season may diminish demand for our seasonal merchandise. Heavy snowfall, hurricanes or other severe weather events in the areas in which our retail stores and the retail stores of our wholesale customers are located may decrease customer traffic in those stores and reduce our sales and profitability. If severe weather events force closure of or disrupt operations at the distribution centers we use for our merchandise, we could incur higher costs and experience longer lead times to distribute our products to our retail stores, wholesale customers or e-commerce customers. If prolonged, such extreme or unseasonable weather conditions could adversely affect our

business, financial condition and results of operations.

Inadequate Trademark Protections. We believe that our trademarks and other proprietary rights are of major significance to our success and our competitive position and consider some of our trademarks, such as Steve Madden, to be integral to our business and among our most valuable assets. Accordingly, we devote substantial resources to the establishment and protection of our trademarks on a worldwide basis. Nevertheless, there can be no assurance that the actions taken by us to establish and protect our trademarks and other proprietary rights will be adequate to prevent imitation of our products by others or to prevent others from seeking to block sales of our products on the basis that our products violate the trademarks and proprietary rights of others. Moreover, no assurance can be given that others will not assert rights in, or ownership of, trademarks and other proprietary

rights of ours or that we will be able to successfully resolve such conflicts. In addition, the laws of certain foreign countries may not protect proprietary rights to the same extent as do the laws of the United States. Our failure to establish and then protect such proprietary rights from unlawful and improper utilization could have a material adverse effect on our business, financial condition, results of operations and liquidity.

Litigation and Other Legal Proceedings. We are involved in various claims, litigations and other legal and regulatory proceedings and governmental investigations that arise from time to time in the ordinary course of our business. Due to the inherent uncertainties of litigation and such other proceedings and investigations, we cannot predict with accuracy the ultimate outcome of any such matters. An unfavorable outcome could have an adverse impact on our business, financial condition and results of operations and the amount of insurance coverage we maintain to address such matters may be inadequate to cover these or other claims. In addition, any significant litigation, investigation or proceeding, regardless of its merits, could divert financial and management resources that would otherwise be used to benefit our operations. See Item 3 “Legal Proceedings,” below for additional information regarding certain of the matters in which we are involved.

Disruption of Information Technology Systems and Websites. We are heavily dependent upon our information technology systems to record and process transactions and manage and operate all aspects of our business ranging from product design and testing, production, forecasting, ordering, manufacturing, transportation, sales and distribution, invoicing and accounts receivable management, quick response replenishment, point of sale support and financial management reporting functions. In addition, we have e-commerce and other Internet websites. Given the nature of our business and the significant number of transactions that we engage in on an annual basis, it is essential that we maintain constant operation of our information technology systems and websites and that these systems and our websites operate effectively. We depend on our in-house information technology employees and outside vendors to maintain and periodically upgrade these systems and our websites to support the growth of our business. Despite our preventative efforts, our information technology systems and websites are vulnerable from time to time to damage or interruption from events such as difficulties in replacing or integrating new systems, computer viruses, security breaches and power outages. Cyber security attacks are becoming increasingly sophisticated and run the gamut from malicious software to electronic security breaches to corruption of data and beyond. We are continually evaluating, improving and upgrading our information technology systems and websites in an effort to address these concerns. Any such problems or interruptions may result in loss of valuable business data, our customers' or employees' personal information, disruption of our operations and other adverse impact to our business and require significant expenditures by us to remediate any such failure, problem or breach. In addition, we must comply with increasingly complex regulatory standards enacted to protect business and personal data and an inability to maintain compliance with these regulatory standards could subject us to legal risks and penalties.

Breach of Customer Privacy. A routine part of our business includes the gathering, processing and retention of sensitive and confidential information pertaining to our customers. While we believe that adequate security measures have been established and are maintained by us to protect against privacy breaches, the Company's facilities and information technology systems, and those of our third party service providers, may be vulnerable to security breaches, acts of vandalism, software viruses, misplaced or lost data, programming or human error, or other similar events. Such a breach that results in misappropriation, loss or other unauthorized disclosure of a customer's confidential information, whether by the Company or a third party service provider, could severely damage our reputation and relationship with our customers and adversely affect our business, as well as expose the Company to risks of litigation and liability.

Declines in Our Stock Price Due to Inaccurate Predictions. The trading price of our common stock periodically may rise or fall based on the accuracy of predictions of our future performance. As one of our primary objectives, we strive to maximize the long-term strength, growth and profitability of our Company, rather than to achieve an earnings target in any particular fiscal quarter. We believe that this longer-term goal is in the best interests of the Company and our stockholders, but recognize that it may be helpful to our stockholders and potential investors for us to provide guidance as to our quarterly and annual forecast of net sales and earnings. While we endeavor to provide meaningful and considered guidance at the time it is provided and generally expect to provide updates to our guidance when we report our results each fiscal quarter, actual results may differ from our predictions as the guidance is based on

assumptions and expectations that may or may not come to pass and, as such, we assume no responsibility to update any of our forward-looking statements at such times or otherwise. If and when we announce actual results that differ from those that have been predicted by us, the market price of our common stock could be adversely affected.

Investors who rely on these predictions in making investment decisions with respect to our common stock do so at their own risk. We take no responsibility for any losses suffered as a result of such changes in the prices of our common stock.

Exposure to Foreign Currency Fluctuations. We make approximately 90% of our purchases in U.S. dollars. However, we source substantially all of our products overseas and, as such, the cost of these products may be affected by changes in the value of the relevant currencies. Changes in currency exchange rates may also affect the relative prices at which we and our foreign competitors sell products in the same market. There can be no assurance that foreign currency fluctuations will not have a material adverse effect on our business, financial condition, results of operations and liquidity.

In addition, at any given time outside securities analysts may follow our financial results and issue reports that discuss our historical financial results and the analysts' predictions of our future performance, which our stockholders and potential investors may choose to rely on in making investment decisions. These analysts' predictions are based upon their own opinions and are often different from our own forecasts. Our stock price could decline if our results are below the estimates or expectations of these outside analysts.

ITEM 1B UNRESOLVED STAFF COMMENTS

None.

ITEM 2 PROPERTIES

We lease space for our headquarters, our retail stores, showrooms and office facilities in various locations in the United States, as well as overseas. We own one improved real property parcel in Long Island City, New York. We believe that our existing facilities are in good operating condition and are adequate for our present level of operations. The following table sets forth information with respect to our key properties:

Location	Leased/Owned	Primary Use	Approximate Area Square Feet
Dongguan, Guangdong Province, China	Leased	Offices and sample production	180,000
Long Island City, NY	Leased	Executive offices	66,600
Bayonne, NJ	Leased	Warehouse	50,000
Bellevue, WA	Leased	Offices, Topline	41,500
Montreal, Canada	Leased	Offices, warehouse	27,000
Putian City, Guangdong Province, China	Leased	Offices	23,800
New York, NY	Leased	Offices and showroom, Accessories	20,000
New York, NY	Leased	Showroom	14,000
New York, NY	Leased	Offices, Cejon	12,400
Long Island City, NY	Leased	Storage	7,200
New York, NY	Leased	Offices, Accessories private label	6,500
New York, NY	Leased	Showroom, Topline	6,400
Guangdong Province, China	Leased	Offices	4,800
Los Angeles, CA	Leased	Showroom	4,600
Kwai Chung, Hong Kong	Leased	Offices	3,800
Long Island City, NY	Owned	Other	2,200

All of our retail stores are leased pursuant to leases that, under their original terms, extend for an average of ten years. Many of the leases contain rent escalation clauses to compensate for increases in operating costs and real estate taxes over the base year. The current terms of our retail store leases expire as follows:

Years Initial Lease Terms Expire	Number of Stores
2014	5
2015	8
2016	4
2017	12
2018	10
2019	11
2020	4
2021	13
2022	20
2023	23
2024	6
2025	1

ITEM 3 LEGAL PROCEEDINGS

As previously disclosed, on February 2, 2012, two individuals purporting to be stockholders of the Company commenced separate civil actions in the Supreme Court of New York, Queens County, Mark Ioffe, Derivatively on Behalf of Nominal Defendant Steven Madden, Ltd. v. Steven Madden, et. al, No. 700188-2012 (the "Ioffe Action") and Catherine L. Phillips, Derivatively on Behalf of Nominal Defendant Steven Madden, Ltd. v. Steven Madden, et. al, No. 700189-2012 (together with the Ioffe Action, the "Actions"). The Actions asserted derivative claims challenging the decision of the Company's Board of Directors in January 2012 to amend Steven Madden's employment agreement dated July 15, 2005, and amended as of December 14, 2009 and to amend the promissory note setting forth Mr. Madden's obligations in respect of a loan made by the Company to Mr. Madden in 2007 and amended in 2009 and claimed, among other things, that the Board violated its duties of loyalty and good faith by approving the amendments. The Actions also asserted claims of unjust enrichment against Mr. Madden. The Company and the other defendants filed a motion for dismissal of the Actions, which was granted by the court on September 13, 2012. The plaintiffs did not file a notice of appeal with respect to the dismissal of the Actions and the time period for filing an appeal expired.

On or about May 17, 2013, a law firm purporting to represent Mark Ioffe served a demand letter on the Company's Board of Directors (the "Demand Letter"). The allegations in the Demand Letter are substantively the same as the claims made in the Actions in which the Court entered a judgment of dismissal. The Demand Letter provides that should the Board of Directors fail to take the actions demanded within a reasonable period of time or refuse to take such actions, Mr. Ioffe would commence a shareholder derivative action on behalf of the Company. In response to the Demand Letter, the Board of Directors has formed a special committee consisting of Board members Richard P. Randall, Peter Migliorini and Ravi Sachdev to, among other things, investigate and evaluate the various demands, allegations and requests for action contained in the Demand Letter. The special committee commenced an investigation into the matters raised in the Demand Letter and retained independent counsel to assist and advise it in connection with such investigation. After completing a thorough investigation and evaluation of its findings, the special committee reported to the Board of Directors its recommendation that the Company take no action in response to the Demand Letter. The Board accepted the recommendation of the special committee and determined that the best interests of the Company would not be served by taking any action in response to the Demand Letter.

On July 19, 2011, an individual purporting to act on behalf of a class of similarly situated individuals commenced a civil action in the United States District Court for the Central District of California, Samantha Ellison, individually and on behalf of a class of similarly situated individuals v. Steven Madden, Ltd., No. CV11-05935 (the "Ellison Action") asserting that the Company made unsolicited commercial text calls to wireless telephone numbers of the class members in violation of the Telephone Consumers Protection Act (the "TCPA") and seeking, on behalf of the class, an injunction requiring the Company to cease all wireless text messages without prior written consent as required by the TCPA, as well as the recovery of statutory damages to the class members together with costs and reasonable attorneys' fees. The Company responded by challenging the suit on several grounds. Settlement discussions resulted in a settlement being reached on July 30, 2012 for an aggregate gross settlement fund of \$10 million, from which all of the Company's settlement obligations were to be paid, including, but not limited to, valid claims, claims administration fees, and the fees and costs of class counsel. Following a fairness hearing, on May 7, 2013, the court entered an order granting final approval of the settlement and dismissing the Ellison Action on the merits and with prejudice. The Company submitted an initial settlement payment of \$5,000 into the settlement fund. The Company's insurer covered 45% of the initial settlement payment of \$5,000, subject to the Company's agreement to return, to the Company's insurer, its pro rata share of any remaining amounts in the settlement fund. The claims administrator has paid all of the Company's settlement obligations from the settlement fund. Because of the number of valid claims submitted to the claims administrator and other factors, the settlement fund did not need to be replenished by the Company with any additional amounts over and above the initial settlement payment. The residual funds from the settlement fund, totaling approximately \$1,717, have been returned to the Company, of which 45% has been returned by the

Company to the Company's insurer. Accordingly, the actual expense to the Company for the Ellison Action was approximately \$1,800.

On August 10, 2005, following the conclusion of an audit of the Company conducted by auditors for U.S. Customs and Border Protection ("U.S. Customs") during 2004 and 2005, U.S. Customs issued a report that asserts that certain commissions that the Company treated as "buying agents' commissions" (which are non-dutiable) should be treated as "selling agents' commissions" and hence are dutiable. Subsequently, U.S. Immigration and Customs Enforcement notified the Company's legal counsel that a formal investigation of the Company's importing practices had been commenced as a result of the audit. In September 2007, U.S. Customs notified the Company that it had finalized its assessment of the underpaid duties at \$1,400. The Company, with the advice of legal counsel, evaluated the liability in the case, including additional duties, interest and penalties, and believed that it was not likely to exceed \$3,045, and accordingly, a liability for this amount was recorded as of December 31, 2009. The Company contested the conclusions of the U.S. Customs audit and filed a request for review and issuance of rulings thereon by U.S. Customs Headquarters, Office of Regulations and Rulings, under internal advice procedures. On September 20, 2010, U.S. Customs issued a ruling in the matter, concluding that the commissions paid by the Company pursuant to buying agreements

entered into by the Company and one of its two buying agents under review were bona fide buying-agent commissions and, therefore, were non-dutiable. With respect to the second buying agent, U.S. Customs also ruled that beginning in February 2002, commissions paid by the Company were bona fide buying agent commissions and, therefore, were non-dutiable. However, U.S. Customs found that the Company's pre-2002 buying agreements with the second agent were legally insufficient to substantiate a buyer-buyer's agent relationship between the Company and the agent and that commissions paid to the second agent under such buying agreements, in fact, were dutiable. On the basis of the U.S. Customs ruling, the Company reevaluated the liability in the case and believes that it is not likely to exceed \$1,248 and the liability was reduced from \$3,045 to such amount as of September 30, 2010.

On November 21, 2011, U.S. Customs issued a pre-penalty notice to the Company in which it alleges that gross negligence by the Company resulted in an underpayment of duties with respect to certain pre-2002 buying agreements and claims that the Company owes \$342 as an additional duty and \$1,367 in monetary penalties. In its February 16, 2012 response to the pre-penalty notice, the Company submitted that it owes no additional duty and, further, did not through negligence or gross negligence fail to pay any duty or engage in conduct amounting to either gross negligence or negligence. The Company requested that U.S. Customs withdraw its proposal to issue a notice of penalty and take no further adverse action against the Company. In the event that U.S. Customs is not inclined to withdraw the pre-penalty notice after review of the Company's response, the Company has requested the opportunity to make an oral presentation to U.S. Customs prior to the issuance of a notice of penalty. In the event that U.S. Customs determines to issue a notice of penalty, the Company intends to file a petition for relief requesting a reduction of the level of culpability and mitigation of the penalty amount assessed. The maximum total amount of damages related to this matter is estimated at approximately \$1,700 for which the Company has accrued \$1,248.

We have been named as a defendant in certain other lawsuits in the normal course of business. In the opinion of management, after consulting with legal counsel, the liabilities, if any, resulting from these matters should not have a material effect on our financial position or results of operations.

ITEM 4 MINE SAFETY DISCLOSURES

Not applicable.

PART II

ITEM 5 MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information. Our shares of common stock have traded on the NASDAQ Global Select Market since August 1, 2007 and were traded on the NASDAQ National Market prior to that date. The following table sets forth the range of high and low closing sales prices for our common stock during each fiscal quarter during the two-year period ended December 31, 2013 as reported by the NASDAQ Global Select Market. The trading volume of our securities fluctuates and may be limited during certain periods. As a result, the liquidity of an investment in our securities may be adversely affected.

Common Stock

	High	Low		High	Low
2013			2012

Quarter ended December 31, 2013	\$39.48	\$33.90	Quarter ended December 31, 2012	\$29.99	\$27.38

Holders. As of February 26, 2014, there were 115 holders of record of our common stock.

Dividends. With the exception of a special cash dividend paid in November 2005 and in November 2006, we have not declared or paid any cash dividends in the past to the holders of our common stock. We intend to retain earnings, if any, for potential future dividends and to finance the development and expansion of our business. Future dividend policy will be subject to the discretion of our Board of Directors and will be contingent upon future earnings, if any, our financial condition, capital requirements, general business conditions, and other factors. Therefore, we can give no assurance that any cash dividends of any kind will be paid to holders of our common stock in the future.

Equity Compensation Plans. Information regarding our equity compensation plans as of December 31, 2013 is disclosed in Item 12, "Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters."

Issuer Repurchases of Equity Securities. The Company's Board of Directors authorized a share repurchase program (the "Share Repurchase Program"), effective as of January 1, 2004, originally providing for share repurchases in the aggregate amount of \$20 million. The Share Repurchase Program permits the Company to effect repurchases from time to time through a combination of open market repurchases or in privately negotiated transactions at such prices and times as are determined to be in the best interest of the Company. The Share Repurchase Program does not have a fixed expiration or termination date and may be modified or terminated by the Board of Directors at any time. On several occasions the Board of Directors has increased the amount authorized for repurchase. On June 18, 2013, the Board of Directors approved a continuation of the Share Repurchase Program for an additional \$125 million in repurchases of the Company's common stock. During fiscal year 2013, an aggregate of 3,000,167 shares of the Company's common stock was repurchased, in the open market, under the Share Repurchase Program, at an average per share price of \$34.06, for an aggregate purchase price of approximately \$102 million. At December 31, 2013, an aggregate of approximately \$70 million remained available for future repurchases of our common stock under the Share Repurchase Program. The program has no set expiration date. The following table presents the total number of shares of the Company's common stock, \$.0001 par value, purchased by the Company in the three months ended December 31, 2013, the average price paid per share and the approximate dollar value of the shares that still could have been purchased at the end of the fiscal period, pursuant to the Company's Share Repurchase Program.

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as part of Publicly Announced Plans or Programs	Maximum Dollar Amount of Shares that May Yet Be Purchased Under the Plans or Programs
10/1/2013- 10/31/2013	374,350	\$ 35.20	374,350	\$ 89,448
11/1/2013- 11/30/2013	301,158	\$ 38.14	301,158	\$ 77,962
12/1/2013- 12/31/2013	220,270	\$ 36.52	220,270	\$ 69,918
Total	895,778	\$ 36.51	895,778	\$ 69,918

Performance Graph. The following graph compares the yearly percentage change in the cumulative total stockholder return on our common stock during the period beginning on December 31, 2008, and ending on December 31, 2013, with the cumulative total return on the Russell 2000 Index and the S&P 500 Footwear Index. The comparison assumes

that \$100 was invested on December 31, 2008 in our common stock and in the foregoing indices and assumes the reinvestment of dividends.

ITEM 7 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our Financial Condition and Results of Operations should be read in conjunction with our audited Consolidated Financial Statements and notes thereto appearing elsewhere in this Annual Report on Form 10-K.

Overview:

(\$ in thousands, except retail sales data per square foot, earnings per share and per share data)

Steven Madden, Ltd. and its subsidiaries (collectively the "Company") design, source, market and sell fashion-forward branded and private label footwear for women, men and children. In addition, we design, source, market and sell name brand and private label fashion handbags and accessories, through our Accessories Division. We market and sell our products through better department stores, major department stores, mid-tier department stores, specialty stores, luxury retailers, value priced retailers, national chains, mass merchants, online retailers, catalog retailers and in our retail stores and our e-commerce websites throughout the United States and Canada and under special distribution arrangements in Asia, Europe, the Middle East, Mexico, India, South Africa and Central and South America. Our product line includes a broad range of contemporary styles designed to establish or capitalize on market trends, complemented by core product offerings. We have established a reputation for design creativity and our ability to offer quality products in popular styles at accessible price points, delivered in an efficient manner and time frame.

Our business is comprised of five distinct segments (Wholesale Footwear, Wholesale Accessories, Retail, First Cost and Licensing). Our Wholesale Footwear segment includes the following brands: Steve Madden Women's®, Madden Girl®, Steve Madden Men's®, Steven, Betsey Johnson®, Olsenboye® (under license), Stevies®, Steve Madden Kids®, Superga® (under license), Madden®, Report®, I.e.i.® (under license), and includes our private label footwear and International businesses. Our Wholesale Accessories segment includes Steve Madden, Steven by Steve Madden, Big Buddha, Betseyville, Betsey Johnson, Cejon and, through a license agreement, Olsenboye® accessories brands and includes our private label accessories business. Steven Madden Retail, Inc., our wholly-owned retail subsidiary, operates Steve Madden, Steven and Superga retail stores as well as our four e-commerce websites (www.stevemadden.com, www.superga-usa.com, www.betseyjohnson.com and www.freebirdbysteven.com). The First Cost segment earns commissions for serving as a buying agent for footwear products under private labels for many of the country's large mass-market merchandisers, shoe chains and other value priced retailers. Our Licensing segment is engaged in the licensing of the Steve Madden® and Steven by Steve Madden® trademarks for use in connection with the manufacture, marketing and sale of sunglasses, eyewear, outerwear, bedding, hosiery, and women's fashion apparel, jewelry, watches and luggage. In addition, the Company licenses the Betsey Johnson® and Betseyville® trademarks for use in connection with the manufacture, marketing and sale of apparel, jewelry, swimwear, eyewear, watches, fragrances and outerwear.

On August 19, 2013, the Company's Board of Directors declared a three-for-two stock split of the Company's outstanding shares of common stock, effected in the form of a stock dividend on the Company's outstanding common stock. Stockholders of record at the close of business on September 20, 2013 received one additional share of Steven Madden, Ltd. common stock for every two shares of common stock owned on that date. Stockholders received cash in lieu of any fractional shares of common stock they otherwise would have received in connection with the dividend. The additional shares were distributed to the Company's stockholders on October 1, 2013. All share and per share data provided herein gives effect to this stock split, applied retroactively.

Fiscal year 201 represents the fifth consecutive year that the Company achieved record sales and earnings. Net sales for 2013 increased 7% to \$1,314,223 from \$1,227,072 in the same period of last year. Net income increased 10% to \$132,007 in 2013 compared to \$119,626 in the same period of last year. The Company's effective tax rate for 2013 increased to 36.2% compared to 35.1% recorded in 2012 due primarily to a reduction in the tax benefit in 2013 related

to the portion of earnings from the Company's foreign operations that have been invested indefinitely. Diluted earnings per share in 2013 increased to \$1.98 per share on 66,836,000 diluted weighted average shares outstanding compared to \$1.81 per share on 66,255,000 diluted weighted average shares outstanding in the prior year.

In our Retail segment, same store sales (sales of those stores, including the e-commerce websites, that were in operation throughout 2013 and 2012) decreased 2.1%, and sales per square foot decreased to \$823 in 2013 compared to sales per square foot of \$890 in 2012. As of December 31, 2013, we had 121 stores in operation, compared to 109 stores as of December 31, 2012. In 2013, we made significant progress on our strategic initiative to expand our outlet business. During 2013, we introduced six new outlet locations bringing our total to 17.

Our total inventory turnover was 10.3 times compared to 10.6 times in the comparable period of last year. Our accounts receivable average collection days were 64 days in 2013 compared to 66 days in 2012, primarily due to standardization of payment

terms with certain customers. As of December 31, 2013, we had \$292,133 in cash, cash equivalents and marketable securities, no short or long-term debt and total stockholders' equity of \$678,840. Working capital increased to \$342,142 as of December 31, 2013, compared to \$306,776 on December 31, 2012.

The following tables set forth information on operations for the periods indicated:

RESULTS OF OPERATIONS

(\$ in thousands, except retail sales data per square foot, earnings per share and per share data)

Year Ended December 31, 2013 vs. Year Ended December 31, 2012

Consolidated:

Total net sales for the year ended December 31, 2013 increased by 7% to \$1,314,223 from \$1,227,072 for fiscal year 2012. For the year ended December 31, 2013, gross margin as a percentage of net sales was 36.7% compared to 37.1% in the prior year. Operating expenses increased in 2013 to \$295,223 from \$283,689 in 2012. As a percentage of sales, operating expenses decreased to 22.5% in the year ended December 31, 2013 compared to 23.1% in the previous year. Commission and licensing fee income slightly increased to \$15,632 in 2013 compared to \$15,395 in 2012. During the year ended December 31, 2013, income from operations increased to \$203,768 and net income attributable to Steven Madden, Ltd. increased to \$132,007 compared to income from operations of \$178,976 and net income of \$119,626 in 2012.

Wholesale Footwear Segment:

Net sales generated by the Wholesale Footwear segment was \$860,448, or 65%, and \$794,486, or 65%, of our total net sales for the years ended December 31, 2013 and 2012, respectively. This represents a \$65,962, or 8.3% increase year over year. Excluding sales attributable to SM Canada business in each year, organic net sales growth was 7.8%. Organic net sales growth was driven by a \$50,087 or 17.9% increase in net sales in our wholesale private label business, as well as a \$8,595 or 15.3% net sales increase in our International business. In addition, our Steve Madden Women's, Madden Girl, Steve Madden Kids, Steve Madden Men's brands realized increased sales revenue in 2013. Finally, our new FREEBIRD by Steven brand, which began shipping in the fourth quarter of 2012 contributed to the net sales increase. These increases were partially offset by a decline in our Topline business reflecting the loss of two private label customers that are competitors of Steve Madden and elected not to go forward with the Company following the Topline acquisition.

Gross profit margin decreased to 30.7% in 2013 from 31.4% in the prior year, primarily due to sales increase in the lower-margin private label and international businesses. In the year ended December 31, 2013, operating expenses was \$146,175 compared to \$145,221 in the same period of 2012. As a percentage of sales, operating expenses improved to 17.0% in 2013 from 18.3% in 2012, reflecting cost control and operating expense leverage from increased sales. Income from operations for the Wholesale Footwear Segment increased to \$117,689 for the year ended December 31, 2013 compared to \$104,326 for the year ended December 31, 2012.

Wholesale Accessories Segment:

Net sales generated by the Wholesale Accessories segment accounted for \$244,163 or 19%, and \$241,339 or 20% of total Company net sales for the years ended December 31, 2013 and 2012, respectively. This represents a \$2,824, or 1% increase year over year primarily driven by double digit sales growth in Steve Madden® and Betsey Johnson®

handbags, partially offset by declines in belts and cold weather accessories.

Gross profit margin in the Wholesale Accessories segment increased to 36.6% in 2013 from 36.1% in the prior year primarily due to improvements in sales of cold weather accessories as well as significant sales growth of our Steve Madden® and Betsey Johnson® handbag businesses, which achieve higher gross margins. In the year ended December 31, 2013, operating expenses decreased to \$44,569 compared to \$45,679 in the year ended December 31, 2012, primarily reflecting lower payroll related costs in addition to cost control. As a percentage of sales, operating expenses improved to 18.3% in 2013 from 18.9% in 2012. Income from operations for the Wholesale Accessories segment increased 8% to \$44,738 in 2013 compared to \$41,376 in 2012.

Retail Segment:

Net sales generated by the Retail segment accounted for \$209,612, or 16%, and \$191,247, or 16%, of total Company net sales for the years ended December 31, 2013 and 2012, respectively, which represents a \$18,365 or 10% increase, year over year. This increase is primarily due to the addition of retail stores since the fourth quarter of 2012, partially offset by a decline of 2.1% in comparable store sales. We opened 12 new stores, closed our one Report store, and established a FREEBIRD by Steven e-commerce store during the year ended December 31, 2013. As a result, we had 121 retail stores as of December 31, 2013, compared to 109 stores as of December 31, 2012. The 121 stores currently in operation include 97 Steve Madden full price stores, 17 Steve Madden outlet stores, two Steven stores, one Superga store and four e-commerce websites. Comparable store sales (sales of those stores, including the e-commerce websites, that were open for all of 2013 and 2012) for the year ended December 31, 2013 decreased 2.1% when compared to the prior year. The Company excludes new locations from the comparable store base for the first year of operations. Stores that are closed for renovations are removed from the comparable store base. During the year ended December 31, 2013, gross margin decreased to 61.6% from 62.3% in 2012. Excluding the impact of the acquisition of SM Canada, gross profit margin decreased to 60.4% from 61.6%. In 2013, operating expenses increased to \$104,479 from \$92,789 in 2012 primarily due to the incremental cost associated with the net year-over-year increase of our 11 net new retail stores and one e-commerce site. As a percentage of sales, operating expenses increased to 49.8% in 2013 from 48.5% in the prior year. For the year ended December 31, 2013, income from operations for the Retail segment decreased to \$24,726 compared to \$26,311 in the prior year.

First Cost Segment:

The First Cost segment generated income from operations of \$7,988 for the year ended December 31, 2013, compared to \$7,778 in 2012.

Licensing Segment:

During the year ended December 31, 2013, licensing income of \$7,644 was flat compared to the prior year income of \$7,617.

Year Ended December 31, 2012 vs. Year Ended December 31, 2011

Consolidated:

Total net sales for the year ended December 31, 2012 increased by 27% to \$1,227,072 from \$968,549 for fiscal year 2011. For the year ended December 31, 2012, gross margin as a percentage of net sales decreased to 37.1% compared to 37.4% in the prior year. Operating expenses increased in 2012 to \$283,689 from \$226,893 in 2011, primarily due to incremental costs associated with our new Topline and Cejon businesses (both acquired in May 2011) and our new SM Canada business (acquired in February 2012). As a percentage of sales, operating expenses decreased to 23.1% in the year ended December 31, 2012 compared to 23.4% in the previous year. In 2012, we recorded impairment charges of \$5,932 related to the bankruptcies of Betsey Johnson LLC and Bakers, and recorded an expense of \$2,500 for the settlement of a class action lawsuit. Commission and licensing fee income decreased to \$15,395 in 2012 compared to \$18,715 in 2011, partially due to a \$852 bad debt expense related to the Bakers bankruptcy. During the year ended December 31, 2012, income from operations increased to \$178,976 and net income attributable to Steven Madden, Ltd. increased to \$119,626 compared to income from operations of \$153,770 and a net income attributable to Steven Madden, Ltd. of \$97,319 in 2011.

Wholesale Footwear Segment:

Net sales generated by the Wholesale Footwear segment was \$794,486, or 65%, and \$636,809, or 66%, of our total net sales for the years ended December 31, 2012 and 2011, respectively. This represents a \$157,678, or 24.8% increase year over year. The increase reflects \$103,285 due to our SM Canada business acquired during 2012 and our Topline business acquired in May 2011. Excluding sales attributable to Topline and SM Canada business in each year, organic net sales growth was 10.4%. Organic net sales growth was driven by a 40% increase in net sales in our wholesale private label business, as well as double digit sales increases in our Steve Madden® Women's brand. In addition, our Steve Madden Kids brand, Steve Madden Men's brand and our International business all realized increased sales revenue in 2012. Finally, our new Superga® brand, which began shipping in the first quarter of 2012 and our new Betseyville® shoe brand, which began shipping in the second quarter of 2012, contributed to the increase in net sales in 2012.

Gross profit margin decreased to 31.4% in 2012 from 32.3% in the prior year, primarily due to sales mix shifts as a result of the addition of the Topline business, and significant sales increases in our Target private label business and our International business, which typically achieve lower gross margins. Excluding the full year impact of Topline and our acquired SM Canada business, gross profit margin was 34.6% in 2012 and 35.3% in 2011. In the year ended December 31, 2012, operating expenses increased to \$145,221 from \$118,703 in the same period of 2011, primarily due to incremental costs associated with the SM Canada and Topline businesses. As a percentage of sales, operating expenses improved to 18.3% in 2012 from 18.6% in 2011, reflecting leverage from increased sales. Income from operations for the Wholesale Footwear segment increased to \$104,326 for the year ended December 31, 2012 compared to \$86,676 for the year ended December 31, 2011.

Wholesale Accessories Segment:

Net sales generated by the Wholesale Accessories segment accounted for \$241,339 or 20%, and \$176,824 or 18% of total Company net sales for the years ended December 31, 2012 and 2011, respectively. This represents a \$64,515, or 36.5% increase year over year. The increase in net sales reflects sales growth of \$15,615 contributed by our Cejon business, which we acquired in the second quarter of 2011. Exclusive of Cejon in each year, organic net sales growth in the Wholesale Accessories segment was 43.1%. This increase in organic sales was driven by strong sales results across all the accessories product lines including a 118% net sales increase in Steve Madden® handbags followed by a 59% increase in Betsey Johnson® handbags, a 17% increase in our private label business, a 15% increase in Big Buddha® handbags and a 13% increase in our belt business.

Gross profit margin in the Wholesale Accessories segment increased to 36.1% in 2012 from 34.8% in the prior year. Excluding Cejon, gross profit margin increased to 38.3% in 2012 from 38.0%, primarily due to the significant growth of our Steve Madden® and Betsey Johnson® handbag businesses, which typically achieve higher gross margins. In the year ended December 31, 2012, operating expenses increased to \$45,679 compared to \$33,465 in the year ended December 31, 2011, primarily due to incremental costs associated with our new Cejon business acquired in May 2011. As a percentage of sales, operating expenses remained at 18.9% for both 2012 and 2011. Income from operations for the Wholesale Accessories segment increased 48% to \$41,376 in 2012 compared to \$28,009 in 2011.

Retail Segment:

Net sales generated by the Retail segment accounted for \$191,247, or 16%, and \$154,916, or 16%, of total Company net sales for the years ended December 31, 2012 and 2011, respectively. This reflects a \$36,330 or 23.5% increase, year over year. The increase reflects a \$13,495 increase due to the inclusion of net sales from our 2012 acquisition of SM Canada. Excluding sales attributable to the acquisition, organic net sales growth was 14.7%. We opened 20 new stores, acquired seven stores as part of the acquisition of SM Canada, established Superga® and Betsey Johnson online stores and closed four under-performing stores during the year ended December 31, 2012. As a result, we had 109 retail stores as of December 31, 2012, compared to 84 stores as of December 31, 2011. The 109 stores in operation at the end of fiscal year 2012 include 91 Steve Madden full price stores, 11 Steve Madden outlet stores, two Steven stores, one Report store, one Superga store and three e-commerce websites. Comparable store sales (sales of those stores, including the e-commerce websites, that were open for all of 2012 and 2011) for the year ended December 31, 2012 increased 7.9% when compared to the prior year. The Company excludes new locations from the comparable store base for the first year of operations. Stores that are closed for renovations are removed from the comparable store base. During the year ended December 31, 2012, gross margin increased to 62.3% from 61.4% in 2011, primarily due to the impact of the 12 new stores open in Canada at the end of fiscal year 2012, which achieve significantly higher gross profit margins than stores located in the U.S. as well as improved operating efficiencies. Excluding the impact of the acquisition of SM Canada, gross profit margin slightly decreased to 61.3% from 61.4%. In 2012, operating expenses increased to \$92,789 from \$74,725 in 2011 primarily due to the incremental cost associated with the net year-over-year increase of 25 stores. As a percentage of sales, operating expenses increased to

48.5% in 2012 from 48.2% in the prior year. For the year ended December 31, 2012, income from operations for the Retail segment increased to \$26,311 compared to \$20,370 in the prior year.

First Cost Segment:

The First Cost segment generated income from operations of \$7,778 for the year ended December 31, 2012, compared to \$9,795 in the prior year. This decrease is primarily due to a \$852 bad debt expense resulting from the Bakers bankruptcy as well as a decline in business with Bakers during the year ended December 31, 2012.

Licensing Segment:

During the year ended December 31, 2012, licensing income decreased to \$7,617 from \$8,920 in the prior year. The decrease in net licensing revenue is primarily due to a loss of revenue that occurred when we transitioned outerwear business from an under-performing licensee to a new licensee with whom we expect to increase revenues in future years.

LIQUIDITY AND CAPITAL RESOURCES

(\$ in thousands)

The Company has a collection agency agreement with Rosenthal & Rosenthal, Inc. ("Rosenthal"). The agreement provides us with a credit facility in the amount of \$30,000, having a sub-limit of \$15,000 on the aggregate face amount of letters of credit, at an interest rate based, at our election, upon either the prime rate or LIBOR. The agreement can be terminated by the Company or Rosenthal at any time with 60 days' prior written notice. As of December 31, 2013 we had no borrowings against this credit facility.

As of December 31, 2013, we had working capital of \$342,142. We had cash and cash equivalents of \$180,275, investments in marketable securities of \$111,858 and we did not have any long-term debt.

We believe that based upon our current financial position and available cash, cash equivalents and marketable securities, we will meet all of our financial commitments and operating needs for at least the next 12 months.

OPERATING ACTIVITIES

(\$ in thousands)

Cash provided by operations was \$155,453 in 2013 compared to cash provided by operations of \$143,341 in the prior year. The primary sources of cash were net income of \$133,285 and an increase in accounts payable and other accrued expenses of \$20,702. The primary uses of cash were a decrease of accounts receivable of \$13,655 and an increase of inventories of \$10,013.

INVESTING ACTIVITIES

(\$ in thousands)

During the year ended December 31, 2013, we invested \$63,310 in marketable securities and received \$43,675 from the maturities and sales of securities. We also made capital expenditures of \$20,746, principally for systems enhancements and leasehold improvements to office space, 12 new stores and one e-commerce website opened in 2013 and improvements to existing stores.

FINANCING ACTIVITIES

(\$ in thousands)

During the year ended December 31, 2013, net cash used by financing activities was \$103,574, which consisted of share repurchases of \$102,172 and payment of contingent liabilities related to acquisitions completed in prior years of \$11,481, partially offset by proceeds from the exercise of stock options of \$5,802 and the tax benefit from the exercise of options of \$4,277.

CONTRACTUAL OBLIGATIONS

(\$ in thousands)

Our contractual obligations as of December 31, 2013 were as follows:

Contractual Obligations	Payment due by period				
	Total	2014	2015-2016	2017-2018	2019 and after
Operating lease obligations	\$236,886	\$32,035	\$64,486	\$54,216	\$86,149
Purchase obligations	126,341	126,341	—	—	—
Contingent payment liability	34,795	9,681	18,046	7,068	—
Other long-term liabilities (future minimum royalty payments)	1,830	1,165	665	—	—
Total	\$399,852	\$169,222	\$83,197	\$61,284	\$86,149

At December 31, 2013, we had un-negotiated open letters of credit for the purchase of inventory of approximately \$1,842.

On January 3, 2012, the Company and its Creative and Design Chief, Steven Madden, entered into an amendment, dated as of December 31, 2011, to Mr. Madden's then existing employment agreement with the Company. The amended agreement, which extends the term of Mr. Madden's employment through December 31, 2023, provides for a base salary of approximately \$7,417 in 2013, approximately \$9,667 in 2014, approximately \$11,917 in 2015 and approximately \$10,698 per annum for the period between January 1, 2016 through the expiration of the term of employment. The employment agreement provided Mr. Madden with the right, exercisable on certain specified dates in fiscal year 2012 only, to elect to receive a grant of restricted stock for a number of shares of the Company's common stock valued at \$40,000 in consideration for a reduction in his annual base salary in years subsequent to 2012 as follows: \$4,000 in 2013, approximately \$6,125 in 2014, approximately \$8,250 in 2015 and approximately \$7,026 per annum for the period between January 1, 2016 through the expiration of the employment agreement on December 31, 2023. On June 30, 2012, Mr. Madden exercised this right and on July 3, 2012 he was granted 1,893,342 restricted shares of the Company's common stock at the then market price of \$21.13, which will vest in the same manner as the February 8, 2012 restricted stock grant received by Mr. Madden pursuant to the amended agreement. (See Note O to the Consolidated Financial Statements.) Accordingly, Mr. Madden's annual base salary was reduced as described above. In addition to the opportunity for cash bonuses at the sole discretion of the Board of Directors, Mr. Madden's employment agreement entitles him to an annual life insurance premium payment as well as an annual stock option grant and the potential for an additional one-time stock option grant based on achievement of certain financial performance criteria. The employment agreement also provides for the elimination of interest accrued after December 31, 2011 on an outstanding loan in the original principal amount of \$3,000 made by the Company to Mr. Madden, the extension of the maturity date of such loan until December 31, 2023, and the forgiveness of 1/10th of the principal amount of the loan, together with accrued interest, annually over a ten-year period commencing on December 31, 2014 for so long as Mr. Madden continues to be employed by the Company on each such December 31. As a result of the elimination of further interest accumulation, the outstanding principal and the accrued interest as of December 31, 2011 has been discounted to reflect imputed interest, which will be amortized over the remaining life of the loan. The Company has employment agreements with certain executive officers, which provide for the payment of compensation aggregating approximately \$2,987 in 2014, \$1,769 in 2015, and \$1,162 in 2016. In addition, some of these employment agreements provide for discretionary bonuses and some provide for incentive compensation based on various performance criteria as well as other benefits including stock related compensation.

Virtually all of our products are produced by independent manufacturers at overseas locations, the majority of which are located in China, with a small and growing percentage located in Mexico in addition to smaller amounts in Brazil, Italy and India. We have not entered into any long-term manufacturing or supply contracts with any of these foreign manufacturers. We believe that a sufficient number of alternative sources exist outside of the United States for the manufacture of our products. We currently make approximately 90% of our purchases in U.S. dollars.

INFLATION

We do not believe that inflation and price changes have had a significant effect on the Company's sales or profitability for the fiscal year ended December 31, 2013 and the prior two fiscal years. Historically, we have minimized the impact of product cost increases by increasing prices, changing suppliers and by improving operating efficiencies. However, no assurance can be given that we will be able to offset such inflationary cost increases in the future.

OFF BALANCE SHEET ARRANGEMENTS

The Company has no off balance sheet arrangements.

CRITICAL ACCOUNTING POLICIES AND THE USE OF ESTIMATES

Management's Discussion and Analysis of Financial Condition and Results of Operations is based upon our Consolidated Financial Statements included in this Annual Report on Form 10-K, which have been prepared in accordance with generally accepted accounting principles in the United States ("GAAP"). The preparation of these financial statements requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, sales and expenses, and related disclosure of contingent assets and liabilities. Estimates by their nature are based on judgments and available information. Our estimates are made based upon historical factors, current circumstances and the experience and judgment of management. Assumptions and estimates are evaluated on an ongoing basis and we may employ outside experts to assist in evaluations. Therefore, actual results could materially differ from those estimates under different assumptions and conditions. Management believes the following critical accounting estimates are more significantly affected by judgments and estimates used in the preparation of our Consolidated Financial Statements: allowance for bad debts, returns, and customer chargebacks; inventory valuation; valuation of intangible assets, litigation reserves, and contingent payment liabilities.

Allowances for bad debts, returns and customer chargebacks. We provide reserves against our trade accounts receivables for future customer chargebacks, co-op advertising allowances, discounts, returns and other miscellaneous deductions that relate to the current period. The reserve against our non-factored trade receivables also includes estimated losses that may result from customers' inability to pay. The amount of the reserve for bad debts, returns, discounts and compliance chargebacks are determined by analyzing aged receivables, current economic conditions, the prevailing retail environment and historical dilution levels for customers. We evaluate anticipated customer markdowns and advertising chargebacks by reviewing several performance indicators for our major customers. These performance indicators (which include inventory levels at the retail floors, sell through rates and gross margin levels) are analyzed by management to estimate the amount of the anticipated customer allowance. Failure to correctly estimate the amount of the reserve could materially impact our results of operations and financial position.

Inventory valuation. Inventories are stated at lower-of-cost or market, on a first-in, first-out basis. We review inventory on a regular basis for excess and slow moving inventory. The review is based on an analysis of inventory on hand, prior sales, and expected net realizable value through future sales. The analysis includes a review of inventory quantities on hand at period-end in relation to year-to-date sales and projections for sales in the foreseeable future as well as subsequent sales. We consider quantities on hand in excess of estimated future sales to be at risk for market impairment. The net realizable value, or market value, is determined based on the estimate of sales prices of such inventory through off-price or discount store channels. The likelihood of any material inventory write-down is dependent primarily on the expectation of future consumer demand for our product. A misinterpretation or misunderstanding of future consumer demand for our product, the economy, or other failure to estimate correctly, in addition to abnormal weather patterns, could result in inventory valuation changes, compared to the valuation determined to be appropriate as of the balance sheet date.

Valuation of intangible assets. Accounting Standards Codification ("ASC") Topic 350, "Intangible – Goodwill and Other", requires that goodwill and intangible assets with indefinite lives no longer be amortized, but rather be tested for impairment at least annually. This pronouncement also requires that intangible assets with finite lives be amortized over their respective lives to their estimated residual values, and reviewed for impairment in accordance with ASC

Topic 360, “Property, Plant and Equipment” (“ASC Topic 360”). In accordance with ASC Topic 360, long-lived assets, such as property, equipment, leasehold improvements and intangible assets subject to amortization, are reviewed for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset.

Litigation reserves. Estimated amounts for litigation claims that are probable and can be reasonably estimated are recorded as liabilities in our Consolidated Financial Statements. The likelihood of a material change in these estimated reserves would be dependent on new claims as they may arise and the favorable or unfavorable events of a particular litigation. As additional information becomes available, management will assess the potential liability related to the pending litigation and revise its estimates. Such revisions in management's estimates of a contingent liability could materially impact our results of operation and financial position.

Contingent payment liabilities. Since February 2010, the Company has completed four acquisitions, all of which require the Company to make contingent payments to the sellers based on the future financial performance of the acquired businesses over a period of from one to five years. The fair value of the contingent payments was estimated using the present value of management's projections of the financial results of the acquired business. Failure to correctly project the financial results of the acquired businesses could materially impact our results of operations and financial position.

ITEM 7A QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

(\$ in thousands)

We do not engage in the trading of market risk sensitive instruments in the normal course of business. Our financing arrangements are subject to variable interest rates primarily based on the prime rate and LIBOR. An analysis of our collection agency agreement with Rosenthal can be found in the "Liquidity and Capital Resources" section under Part II, Item 7, and in Note C to the Consolidated Financial Statements included in this Annual Report on Form 10-K under the caption "Factor Receivable."

As of December 31, 2013, we held marketable securities valued at approximately \$111,858, which consisted primarily of corporate bonds and certificates of deposit. These securities are subject to interest rate risk and will decrease in value if interest rates increase. We currently have the ability to hold these securities until maturity.

ITEM 8 FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The information required by this Item is incorporated herein by reference to the Consolidated Financial Statements listed in response to Item 15 of Part IV of this Annual Report on Form 10-K.

ITEM 9 CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As required by Rule 13a-15(b) of the Exchange Act, our management, including our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the fiscal year covered by this Annual Report on Form 10-K. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) were effective as of the end of the fiscal year covered by this Annual Report on Form 10-K. Management's Annual Report on Internal Control Over Financial Reporting

Management of Steven Madden, Ltd. is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act).

Our internal control over financial reporting is a process designed by, or under the supervision of, our principal executive officer and principal financial officer, and effected by the board of directors, management, and other

personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that (1) pertain to maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

With the participation of the Chief Executive Officer and the Chief Financial Officer, our management conducted an evaluation of the effectiveness, as of the end of our fiscal year ended December 31, 2013, of our internal control over financial reporting based on the framework and criteria established in the 1992 Internal Control-Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation our management has concluded that, as of December 31, 2013, our internal control over financial reporting was effective.

Our independent registered public accounting firm, EisnerAmper LLP, has audited the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting as of December 31, 2013. Their report appears in this Annual Report on Form 10-K.

Changes in Internal Control Over Financial Reporting

There was no change in our internal control over financial reporting, identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 of the Exchange Act, that occurred during the fiscal quarter ended December 31, 2013, which has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B OTHER INFORMATION

None

PART III

ITEM 10 DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The information required to be furnished pursuant to this Item will be set forth in our proxy statement for the 2014 Annual Meeting of Stockholders, and is incorporated herein by reference.

ITEM 11 EXECUTIVE COMPENSATION

The information required to be furnished pursuant to this Item will be set forth in our proxy statement for the 2014 Annual Meeting of Stockholders, and is incorporated herein by reference.

ITEM 12 SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The information required to be furnished pursuant to this Item will be set forth in our proxy statement for the 2014 Annual Meeting of Stockholders, and is incorporated herein by reference.

ITEM 13 CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

The information required to be furnished pursuant to this Item will be set forth in our proxy statement for the 2014 Annual Meeting of Stockholders, and is incorporated herein by reference.

ITEM 14 PRINCIPAL ACCOUNTANT FEES AND SERVICES

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
Steven Madden, Ltd. and subsidiaries

We have audited the accompanying consolidated balance sheets of Steven Madden, Ltd. and subsidiaries (the "Company") as of December 31, 2013 and 2012, and the related consolidated statements of income, comprehensive income, changes in stockholders' equity and cash flows for each of the years in the three-year period ended December 31, 2013. We also have audited the Company's internal control over financial reporting as of December 31, 2013, based on criteria established in the 1992 Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting appearing under Item 9A of the Company's December 31, 2013 annual report on Form 10-K. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the consolidated financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Steven Madden, Ltd. and subsidiaries as of December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2013, in conformity

with accounting principles generally accepted in the United States of America. Also, in our opinion, the Company has maintained, in all material respects, effective internal control over financial reporting as of December 31, 2013, based on criteria established in the 1992 Internal Control-Integrated Framework issued by COSO.

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

NOTE A – Summary of Significant Accounting Policies

[1] Organization:

Steven Madden, Ltd. a Delaware corporation, and its subsidiaries, design, source, market and sell name brand and private label women's, men's and children's shoes, worldwide through its wholesale and retail channels under the Steve Madden Women's, Steven and Madden Men's brand names and through its wholesale channels under the Stevies, Madden Girl, Madden, l.e.i. (under license), Report, Superga (under license), Betsey Johnson and Big Buddha brand names. In addition, the Company designs, sources, markets and sells name brand and private label fashion handbags and accessories to customers worldwide through its Wholesale Accessories segment. The Wholesale Accessories segment includes Big Buddha, Betsey Johnson, Betseyville, Cejon, Steve Madden and Steven by Steve Madden and, through a license agreement Olsenboye, accessories brands. Revenue is generated predominantly through the sale of the Company's brand name and private label merchandise and certain licensed products. At December 31, 2013 and 2012, the Company operated 121 (including four e-commerce websites) and 109 (including three e-commerce websites) retail stores, respectively. Revenue is subject to seasonal fluctuations. See Note P for operating segment information.

[2] Principles of consolidation:

The Consolidated Financial Statements include the accounts of Steven Madden, Ltd. and its wholly-owned subsidiaries Steven Madden Retail, Inc., Diva Acquisition Corp., Adesso Madden, Inc., Stevies, Inc., Daniel M. Friedman and Associates, Inc., Big Buddha, Inc., the Topline Corporation, Cejon, Inc., SML Holdings S.a.r.l., SML Canada Acquisition Corp. (collectively the "Company"). The accounts of MadLove LLC, a joint venture in which the Company is the primary beneficiary, is included in the Consolidated Financial Statements with the other members' interests reflected in "Net (income) loss attributable to non-controlling interests" in the Consolidated Statements of Income and "Non-controlling interests" in the Consolidated Balance Sheets. All significant intercompany balances and transactions have been eliminated. Additionally, certain adjustments were made to prior years' amounts to conform to the 2013 presentation and to reflect the three-for-two stock split.

[3] 2013 Stock Split

On August 20, 2013, the Company announced that on August 19, 2013, its Board of Directors declared a three-for-two stock split of the Company's outstanding shares of common stock, effected in the form of a stock dividend on the Company's outstanding common stock. Stockholders of record at the close of business on September 20, 2013 received one additional share of Steven Madden, Ltd. common stock for every two shares of common stock owned on that date. The additional shares were distributed on October 1, 2013. Stockholders received cash in lieu of any fractional shares of common stock they otherwise would have received in connection with the dividend. All share and per share data provided herein gives effect to this stock split, applied retroactively.

[4] Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities

at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Significant areas involving management estimates include allowances for bad debts, returns and customer chargebacks, inventory valuation, valuation of intangible assets, litigation reserves, and contingent payment liabilities. The Company provides reserves on trade accounts receivables and factor receivables for future customer chargebacks and markdown allowances, discounts, returns and other miscellaneous compliance-related deductions that relate to the current period sales. The Company evaluates anticipated chargebacks by reviewing several performance indicators of its major

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(\$ in thousands, except share and per share data)

NOTE A – Summary of Significant Accounting Policies (continued)

customers. These performance indicators, which include retailers' inventory levels, sell-through rates and gross margin levels, are analyzed by management to estimate the amount of the anticipated customer allowance.

[5] Cash equivalents:

Cash equivalents at December 31, 2013 and 2012 amounted to approximately \$102,247 and \$27,219, respectively, and consisted of money market accounts held primarily at four brokerage companies. The Company considers all highly liquid instruments with an original maturity of three months or less when purchased to be cash equivalents.

[6] Marketable securities:

Marketable securities consist primarily of corporate bonds and certificates of deposit with maturities greater than three months and up to ten years at the time of purchase. These securities, which are classified as available for sale, are carried at fair value, with unrealized gains and losses net of any tax effect reported in stockholders' equity as accumulated other comprehensive income (loss) until realized. Amortization of premiums and discounts is included in interest income. For the years ended December 31, 2013 and 2012, the amortization of bond premiums was \$661 and \$894, respectively. The schedule of maturities at December 31, 2013 and 2012 are as follows:

	Maturities as of December 31, 2013		Maturities as of December 31, 2012	
	1 Year or Less	1 to 10 Years	1 Year or Less	1 to 10 Years
Corporate bonds	\$4,078	\$82,888	\$8,285	\$73,027
Certificates of deposit	16,513	8,379	8,000	8,175
Total	\$20,591	\$91,267	\$16,285	\$81,202

[7] Inventories:

Inventories, which consist of finished goods on hand and in transit, are stated at the lower of cost (first-in, first-out method) or market.

[8] Property and equipment:

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is computed utilizing the straight-line method based on estimated useful lives ranging from three to ten years. Leasehold improvements are amortized utilizing the straight-line method over the shorter of their estimated useful lives or the remaining lease term. Impairment losses are recognized for long-lived assets, including certain intangibles, used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are not sufficient to recover the assets' carrying amount. Impairment losses are measured by comparing the fair value of the assets to their carrying amount.

[9] Goodwill and intangible assets:

The Company's goodwill and indefinite lived intangible assets are not amortized, rather they are tested for impairment on an annual basis or more often if events or circumstances change that could cause these assets to become impaired.

The Company completed its annual impairment tests on goodwill and intangible assets during the third quarter of 2013 and no impairments were recognized.

The Company amortizes its intangible assets with definite useful lives over their estimated useful lives and reviews these assets for impairment. The Company is currently amortizing its acquired intangible assets with definite useful lives over periods typically from three to ten years.

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

NOTE A – Summary of Significant Accounting Policies (continued)

[10] Net Income Per Share of Common Stock:

Basic net income per share is based on the weighted average number of shares of common stock outstanding during the period, which does not include unvested restricted stock subject to forfeiture. Diluted net income per share reflects: a) the potential dilution assuming shares of common stock were issued upon the exercise of outstanding in-the-money options and the proceeds thereof were used to purchase shares of the Company's common stock at the average market price during the period, and b) the vesting of granted nonvested restricted stock awards for which the assumed proceeds upon vesting are deemed to be the amount of compensation cost not yet recognized attributable to future services using the treasury stock method, to the extent dilutive. For the years ended December 31, 2013, 2012 and 2011, options to purchase approximately 15,000, 99,000 and 182,000 shares of common stock, respectively, have been excluded in the calculation of diluted income per share as the result would have been anti-dilutive. For the years ended December 31, 2013, 2012 and 2011, all unvested restricted stock awards were dilutive.

[11] Comprehensive Income:

Comprehensive income is the total of net earnings and all other non-owner changes in equity. Comprehensive income for the Company includes net income, foreign currency translation adjustments, cash flow hedging and unrealized gains and losses on marketable securities.

[12] Advertising costs:

The Company expenses costs of print, radio and billboard advertisements as incurred. Advertising expense included in operating expenses amounted to approximately \$11,529 in 2013, \$9,783 in 2012 and \$7,312 in 2011.

[13] Revenue Recognition:

The Company recognizes revenue on wholesale sales when (i) products are shipped pursuant to its standard terms, which are freight on board ("FOB") Company warehouse, or when products are delivered to the consolidators, or any other destination, as per the terms of the customers' purchase order, (ii) persuasive evidence of an arrangement exists, (iii) the price is fixed and determinable and (iv) collection is reasonably assured. Sales reductions on wholesale sales for anticipated discounts, allowances and other deductions are recognized during the period when sales are recorded. Customers retain the right to replacement of the product for poor quality or improper or short shipments, which have historically been immaterial. Retail sales are recognized when the payment is received from customers and are recorded net of estimated returns. The Company generates commission income acting as a buying agent by arranging to manufacture private label shoes to the specifications of its clients. The Company's commission revenue also includes fees charged for its design, product and development services provided to certain suppliers in connection with the Company's private label business. Commission revenue and product and development fees are recognized as earned when title to the product transfers from the manufacturer to the customer and collections are reasonably assured and are reported on a net basis after deducting related operating expenses.

The Company licenses its Steve Madden® and Steven by Steve Madden® trademarks for use in connection with the manufacture, marketing and sale of sunglasses, eyewear, outerwear, bedding, hosiery, women's fashion apparel, jewelry, watches and luggage. In addition, the Company licenses the Betsey Johnson® and Betseyville® trademarks

for use in connection with the manufacture, marketing and sale of apparel, jewelry, swimwear, eyewear, watches, fragrances and outerwear. The license agreements require the licensee to pay the Company a royalty and, in substantially all of the agreements, an advertising fee based on the higher of a minimum or a net sales percentage as defined in the various agreements. In addition, under the terms of retail selling agreements, most of the Company's international distributors are required to pay the Company a royalty based on a percentage of net sales, in addition to a commission and a design fee on the purchases of the Company's products. Licensing revenue is recognized on the basis of net sales reported by the licensees, or the minimum guaranteed royalties, if higher.

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

NOTE A – Summary of Significant Accounting Policies (continued)

In substantially all of the Company's license agreements, the minimum guaranteed royalty is earned and receivable on a quarterly basis.

[14] Taxes Collected From Customers:

The Company accounts for certain taxes collected from its customers in accordance with the accounting guidance which permits companies to adopt a policy of presenting taxes in the income statement on either a gross basis (included in revenues and costs) or a net basis (excluded from revenues). Taxes within the scope of this accounting guidance would include taxes that are imposed on a revenue transaction between a seller and a customer, for example, sales taxes, use taxes, value-added taxes and some types of excise taxes. The Company has consistently recorded all taxes on a net basis.

[15] Sales Deductions:

The Company supports retailers' initiatives to maximize sales of the Company's products on the retail floor by subsidizing the co-op advertising programs of such retailers, providing them with inventory markdown allowances and participating in various other marketing initiatives of its major customers. In addition, the majority of the product the Company accepts as returns relates to damaged products for which the Company's costs are normally charged back to the responsible third-party factory. Such expenses are reflected in the financial statements as deductions to net sales.

[16] Cost of Sales:

All costs incurred to bring finished products to the Company's distribution center or to the customers' freight forwarder and, in the Retail segment, the costs to bring products to the Company's stores, are included in the cost of sales line on the Consolidated Statements of Income. These include the cost of finished products, purchase commissions, letter of credit fees, brokerage fees, sample expenses, custom duty, inbound freight, royalty payments on licensed products, labels and product packaging. All warehouse and distribution costs related to the Wholesale segments and freight to customers, if any, are included in the operating expenses line item of the Company's Consolidated Statements of Income. The Company's gross margins may not be comparable to those of other companies in the industry because some companies may include warehouse and distribution costs, as well as other costs excluded from cost of sales by the Company, as a component of cost of sales, while other companies report on the same basis as the Company and include them in operating expenses.

[17] Warehouse and shipping costs:

The Company includes all warehouse and distribution costs for the Wholesale segment in the Operating Expenses line on the Consolidated Statements of Income. For the years ended December 31, 2013, 2012 and 2011, the total warehouse and distribution costs included in Operating Expenses were \$14,887, \$14,140 and \$12,190 respectively. Since the Company's standard terms of sales are "FOB Steve Madden warehouse," the Company's wholesale customers absorb most shipping costs. Shipping costs to wholesale customers incurred by the Company are not considered significant and are included in the Operating Expense line in the Consolidated Statements of Income.

[18] Employee benefit plan:

The Company maintains a tax-qualified 401(k) plan which is available to each of the Company's eligible employees who elect to participate after meeting certain length-of-service requirements. The Company made discretionary matching contributions of 50% of employees' contributions up to a maximum of 6% of employees' compensation which vest to the employees over a period of time. Total matching contributions to the plan for 2013, 2012 and 2011 were approximately \$1,259, \$1,206 and \$844, respectively.

F-11

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

NOTE A – Summary of Significant Accounting Policies (continued)

[19] Derivative Instruments:

The Company uses derivative instruments to manage its exposure to cash-flow variability from foreign currency risk. Derivatives are carried on the balance sheet at fair value and included in prepaid expenses and other current assets. The Company applies cash flow hedge accounting for its derivative instruments. Net derivative gains and losses attributable to derivatives subject to cash flow hedge accounting reside in accumulated other comprehensive income and will be reclassified to earnings in future periods as the economic transactions to which the derivatives relate affect earnings. See Note L-Derivative Instruments.

[20] Income Taxes:

The provision for income taxes is computed using the asset and liability method, under which deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating losses and tax credit carryforwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates that apply to taxable income in effect for the years in which those tax assets are expected to be realized or settled. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are then measured based on the largest benefit that has a greater than 50% likelihood of being realized upon settlement. See Note N - Income Taxes.

[21] Share-based Compensation:

The Company recognizes expense related to share-based payment transactions in which it receives employee services in exchange for (a) equity instruments of the Company or (b) liabilities that are based on the fair value of the enterprise's equity instruments or that may be settled by the issuance of such equity instruments. Share-based compensation cost for restricted stock units ("RSUs") is measured based on the closing fair market value of the Company's common stock on the date of grant. Share-based compensation cost for stock options is measured at the grant date, based on the fair-value as calculated by the Black-Scholes-Merton ("BSM") option-pricing model. The BSM option-pricing model incorporates various assumptions including expected volatility, estimated expected life and interest rates. The Company recognizes share-based compensation cost over the award's requisite service period on a straight-line basis. The Company recognizes a benefit from share-based compensation in the Consolidated Statements of Stockholders' Equity if an incremental tax benefit is realized. See Note I - Stock Based Compensation.

Note B – Acquisitions

Steve Madden Canada

On February 21, 2012, the Company purchased all of the assets of Steve Madden Canada Inc., Steve Madden Retail Canada Inc., Pasa Agency Inc. and Gelati Imports Inc. (collectively, “SM Canada”), the Company’s sole distributor in Canada since 1994, comprising SM Canada’s footwear, handbags and accessories wholesale and retail businesses. The transaction was completed for cash consideration of approximately \$26,686, net of a working capital adjustment of \$2,681, plus potential earn-out payments of up to a maximum of \$38,000 Canadian dollars (which converted to approximately \$37,327 U.S. dollars at the time of acquisition), in the aggregate, based on achievement of certain earnings targets for each of the 12-month periods ending on March 31, 2013 through 2017, inclusive. The Company made the first earn-out payment, \$4,529 for the period ended March 31, 2013, in October 2013. The fair value of the contingent payments was estimated using the present value of management’s projections of the financial results of SM Canada during the earn-out period. As of December 31, 2013, the Company estimates the fair value of the contingent consideration to be \$19,360.

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note B – Acquisitions (continued)

The transaction was accounted for using the acquisition method required by GAAP. Accordingly, the assets and liabilities of SM Canada were adjusted to their fair values, and the excess of the purchase price over the fair value of the assets acquired, including identified intangible assets, was recorded as goodwill. The fair values assigned to tangible and intangible assets acquired and liabilities assumed are based on management's estimates and assumptions. The purchase price has been allocated as follows:

Accounts receivable	\$2,496	
Inventory	2,220	
Prepaid expenses and other assets	147	
Fixed assets	1,005	
Re-acquired right	35,200	
Customer relationships	4,400	
Non-compete agreement	455	
Accounts payable	(2,645)
Accrued expenses	(802)
Total fair value excluding goodwill	42,476	
Goodwill	9,368	
Net assets acquired	\$51,844	

Prior to the acquisition, the Company and SM Canada had a preexisting relationship under which SM Canada had the exclusive right to use the Steve Madden brand throughout Canada in connection with the sale and distribution of merchandise. The settlement of the preexisting relationship is considered a re-acquired right and was valued based on the present value of estimated future cash flows.

Contingent consideration, classified as a liability, is remeasured at fair value at each reporting date, until the contingency is resolved, with changes recognized in earnings. The goodwill and other identifiable intangible assets related to this transaction are expected to be deductible for tax purposes over 15 years.

The Company incurred approximately \$951 in acquisition-related costs applicable to the SM Canada transaction during the years ended December 31, 2012 and 2011. These expenses are included in operating expenses in the Company's Consolidated Statements of Income. In connection with the acquisition, the Company provided an interest free loan to the seller of SM Canada in the principal amount of \$3,107 Canadian dollars (\$3,171 in U.S. dollars) pursuant to a promissory note. The note will be paid in five annual installments which are due on the dates the five annual earn-out payments are paid. The first payment of principal was made subsequent to the year ended December 31, 2013 in January 2014. To the extent the contingent consideration recorded above related to the earn-out is not achieved, the repayment terms of the note may result in less than the entire principal amount of the loan being paid. In such event, the unpaid principal amount of the note will be forgiven. The note was recorded net of the imputed interest, which will be amortized to income over the term of the note.

Cejon

On May 25, 2011, the Company acquired all of the outstanding shares of the capital stock of closely held Cejon, Inc. and Cejon Accessories, Inc. from the sole stockholder of these companies, as well as all of the outstanding membership interests in New East Designs, LLC (together with Cejon Inc. and Cejon Accessories, "Cejon") from its members (together with the sole stockholder of Cejon, the "Cejon Sellers"). Founded in 1991, Cejon designs, markets and sells cold weather accessories, fashion scarves, wraps and other trend accessories primarily under the Cejon brand name, private labels and under the Steve Madden brand name. Cejon had been a licensee of the Company for cold weather and selected other fashion accessories since September 2006. Management expects the Cejon acquisition will further strengthen and expand the Company's accessories platform. The acquisition was completed for consideration of approximately \$29,502 cash plus potential contingent payments pursuant to an earn-out agreement

F-13

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note B – Acquisitions (continued)

with the Cejon Sellers. The earn-out agreement specifies two tiers of potential payments to the Cejon Sellers based on the financial performance of Cejon for each of the 12-month periods ending on June 30, 2012 through 2016, inclusive. The tier one earn-out is based on a graduated percentage of EBITDA up to a maximum EBITDA of \$11,000 in each of the earn-out periods, provided that the total aggregate payments under this tier do not exceed \$25,000. The tier two earn-out is based on a multiple of the amount that EBITDA exceeds certain levels in each of the earn-out periods, provided that the total aggregate payments under this tier do not exceed \$33,000. The earn-out payments of \$5,139 and \$5,000 for the periods ended June 30, 2013 and 2012 were paid in the third quarter of each year, respectively.

The transaction was accounted for using the acquisition method required by GAAP. Accordingly, the assets and liabilities of Cejon were adjusted to their fair values, and the excess of the purchase price over the fair value of the assets acquired, including identified intangible assets, was recorded as goodwill. The fair values assigned to tangible and intangible assets acquired and liabilities assumed are based on management's estimates and assumptions. The purchase price, net of a working capital adjustment of \$836, has been allocated as follows:

Accounts receivable	\$3,631	
Inventory	3,998	
Prepaid expenses and other current assets	196	
Fixed assets	190	
Trade name	27,065	
Customer relationships	3,225	
Non-compete agreement	305	
Other assets	24	
Accounts payable	(1,318))
Accrued expenses	(2,242))
Total fair value excluding goodwill	35,074	
Goodwill	17,759	
Net assets acquired	\$52,833	

Contingent consideration, classified as a liability, will be remeasured at fair value at each reporting date, until the contingency is resolved, with changes recognized in earnings. The goodwill and other identifiable intangibles related to this transaction are expected to be deductible for tax purposes over 15 years.

The Company incurred approximately \$531 in acquisition-related costs applicable to the Cejon transaction during the year ended December 31, 2011. These expenses were included in operating expenses in the Company's Consolidated Statements of Income for the year ended December 31, 2011.

Topline

On May 20, 2011, the Company acquired all of the outstanding shares of capital stock of the closely held company, The Topline Corporation ("Topline") from its sole stockholder (the "Topline Seller"). Founded in 1980, Topline and its subsidiaries design, manufacture, market and sell private label and branded women's footwear primarily to value priced retailers, department stores, specialty retailers and mass merchants. Topline has sourcing capabilities, sample

making facilities and product development capabilities in China, including personnel and facilities engaged in direct sourcing. Management believes that Topline is an excellent strategic fit for the Company. The acquisition was completed for consideration of approximately \$56,128 in cash, plus potential contingent payments pursuant to an earn-out agreement with the Topline Seller. The earn-out agreement provides for potential payments to the Topline Seller based on the financial performance of Topline for the 12-month period ended on June 30, 2012.

F-14

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note B – Acquisitions (continued)

The fair value of the contingent payments was estimated using the present value of management's projections of the financial results of Topline during the earn-out period. The final earn-out payment of \$13,600 was made in 2012.

The transaction was accounted for using the acquisition method required by GAAP. Accordingly, the assets and liabilities of Topline were adjusted to their fair values, and the excess of the purchase price over the fair value of the assets acquired, including identified intangible assets, was recorded as goodwill. The fair values assigned to tangible and intangible assets acquired and liabilities assumed are based on management's estimates and assumptions. The purchase price, net of working capital adjustment of \$4,154 paid to the Topline Seller, has been allocated as follows:

Accounts receivable	\$55,950	
Inventory	8,460	
Prepaid expenses and other current assets	990	
Fixed assets	3,895	
Trade name	16,600	
Customer relationships	7,900	
Non-compete agreement	300	
Other assets	108	
Accounts payable	(40,475))
Accrued expenses	(7,784))
Income tax payable	(3,082))
Deferred tax liability	(8,491))
Total fair value excluding goodwill	34,371	
Goodwill	31,003	
Net assets acquired	\$65,374	

The trade name, customer relationships, non-compete agreement and goodwill related to this transaction are not deductible for tax purposes.

The Company incurred approximately \$529 in acquisition related costs applicable to the Topline transaction during the year ended December 31, 2011. These expenses were included in operating expenses in the Company's Consolidated Statements of Income for the year ended December 31, 2011.

The results of operations of SM Canada, Cejon and Topline have been included in the Company's Consolidated Statements of Income from the date of the acquisitions. Unaudited pro forma information related to these acquisitions is not included, as the impact of these transactions is not material to the Company's consolidated results.

Note C – Factor Receivable

The Company has a collection agency agreement with Rosenthal & Rosenthal, Inc. ("Rosenthal") that became effective on September 15, 2009. The agreement can be terminated by the Company or Rosenthal at any time upon 60 days prior written notice. Under the agreement the Company can request advances from Rosenthal of up to 85% of aggregate receivables submitted to Rosenthal. The agreement provides the Company with a \$30,000 credit facility with a \$15,000 sub-limit for letters of credit at an interest rate based, at the Company's election, upon either the prime

rate or LIBOR. As of December 31, 2013, no letters of credit were outstanding. The Company also pays a fee based on a percentage of the gross invoice amount submitted to Rosenthal. Originally the fee was 0.275% of the gross invoice amount but, on July 10, 2012 the agreement was amended to reduce the fee to 0.25%. Rosenthal assumes the credit risk on a substantial portion of the receivables that the Company submits to it and, to the extent of any loans made to the Company, Rosenthal maintains a lien on all of the Company's receivables to secure the Company's obligations.

F-15

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note C – Factor Receivable (continued)

Rosenthal services the collection of the Company's accounts receivable. Funds collected by Rosenthal are applied against advances owed to Rosenthal (if any), and the balance is due and payable to the Company, net of any fees. The allowance against "factor receivables" is a projected provision based on certain formulas and prior approvals for markdowns, allowances, discounts, advertising and other deductions that customers may deduct against their payments.

Note D – Notes Receivable

As of December 31, 2013 and 2012, Notes Receivable were comprised of the following:

	December 31, 2013	December 31, 2012
Due from seller of SM Canada (see Note B)	3,171	3,085

On August 26, 2010, the Company entered into a Debenture and Stock Purchase Agreement with Bakers Footwear Group, Inc. ("Bakers") pursuant to which the Company paid \$5,000 to acquire a subordinated debenture in the principal amount of \$5,000 and 1,844,860 unregistered shares of Bakers common stock which traded on the Over-the-Counter Bulletin Board. The Company allocated \$996 of the purchase price to the common stock and \$4,004 to the subordinated debenture based upon their relative fair values. The debenture provided for the accrual of interest at the rate of 11% per annum and quarterly cash payments of interest. The principal amount of the debenture was payable by Bakers in four equal installments of \$1,250 due on August 31, 2017, 2018, 2019 and 2020. The difference between the \$4,004 purchase price of the debenture and the \$5,000 principal amount of the debenture is considered original issue discount and is being amortized over the life of the debenture. During 2012 and 2011, the total amount of the discount amortized was \$145 and \$88, bringing the value of the note to \$4,148 and \$4,092, respectively. On October 3, 2012, Bakers filed for Chapter 11 protection in the United States Bankruptcy Court. As a consequence of the bankruptcy, the debenture due from Bakers (as well as the Bakers common stock) is considered impaired and, therefore, was deemed to have no value. Accordingly, a charge of \$4,148 (as well as a charge of \$996 for the write-off of Bakers common stock) was included in the impairment charges and provision for litigation in the Company's Consolidated Financial Statements for the year ended December 31, 2012. In January 2013, Bakers announced its intention to liquidate or sell all of its remaining assets.

In April 2012, Betsey Johnson LLC filed for Chapter 11 protection in the United States Bankruptcy Court. Shortly thereafter, Betsey Johnson LLC announced that it would commence an orderly liquidation of all of its assets. As a consequence of the bankruptcy, the note receivable due from Betsey Johnson LLC is considered impaired, and accordingly, an impairment charge was recorded and the value of the note was reduced to its anticipated recovery of \$500 in the second quarter of 2012. In the fourth quarter of 2012, the Company collected \$1,522 and recorded a \$1,022 benefit related to a greater-than-anticipated recovery of the Betsey Johnson LLC note receivable.

Note E – Note Receivable – Related Party

On June 25, 2007, the Company made a loan to Steve Madden, its Creative and Design Chief and a principal stockholder of the Company, in the amount of \$3,000 in order for Mr. Madden to satisfy a personal tax obligation resulting from the exercise of stock options that were due to expire and to retain the underlying Company common stock, which common stock he pledged to the Company as collateral to secure the loan. Mr. Madden executed a secured promissory note in favor of the Company bearing interest at an annual rate of 8%, which was due on the earlier of the date Mr. Madden ceases to be employed by the Company or December 31, 2007. The note was amended and restated as of December 19, 2007 to extend the maturity date to March 31, 2009, and amended and restated again as of April 1, 2009 to change the interest rate to 6% and the maturity date to June 30, 2015 at which time all principal

and accrued interest would become due. On January 3, 2012, in connection with an amendment of Mr. Madden's employment contract, the note was again amended and restated (the "Third Amended and Restated Note") to extend the maturity date to December 31, 2023 and eliminate the accrual of interest after December 31, 2011. In addition, the Third Amended and Restated Note provides that, commencing on December 31, 2014, and annually on each December 31 thereafter through the maturity date, one-tenth of the principal amount thereof, together with accrued interest, will be cancelled by the Company, provided that Mr. Madden continues to be employed by the Company on each such December 31. As of December 31, 2011, \$1,090 of interest has accrued on the principal amount of the loan related to the period prior to the elimination of the accrual of interest and has been reflected on the Company's Consolidated Financial Statements. Due to the three-for-two stock split of the Company's

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note E – Note Receivable – Related Party (continued)

common stock effected on May 3, 2010, the number of shares of the Company's common stock securing the loan increased from 510,000 shares to 765,000 shares. Based upon the increase in the market value of the Company's common stock since the inception of the loan, on July 12, 2010, the Company released from its security interest 555,000 shares of the Company's common stock, retaining 210,000 shares with a total market value on that date of \$6,798, as collateral for the loan. Additionally, pursuant to the three-for-two stock split of the Company's common stock effected on May 31, 2011, the number of shares of the Company's common stock securing the repayment of the loan increased from 210,000 shares to 315,000 shares and pursuant to the three-for-two stock split of the Company's common stock effected on October 1, 2013, the number of shares of the Company's common stock securing the repayment of the loan has increased from 315,000 shares to 472,500 shares. On December 31, 2013, the total market value of these shares was \$17,289. Pursuant to the elimination of further interest accumulation under the Third Amended and Restated Note, the outstanding principal and the accrued interest as of December 31, 2013 and 2012 has been discounted to reflect imputed interest, which will be amortized over the remaining life of the loan.

Note F – Fair Value Measurement

The accounting guidance under Accounting Standards Codification “Fair Value Measurements and Disclosures” (“ASC 820-10”) requires the Company to make disclosures about the fair value of certain of its assets and liabilities. ASC 820-10 clarifies the principle that fair value should be based on the assumptions market participants would use when pricing an asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. ASC 820-10 utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. A brief description of those three levels is as follows:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly.
- Level 3: Significant unobservable inputs.

The Company's financial assets and liabilities, subject to fair value measurements, as of December 31, 2013 and 2012 are as follows:

F-17

(a) Current marketable securities includes unrealized gains of \$91 and unrealized losses of \$241.

(b) Long-term marketable securities includes unrealized gains of \$3,076 and unrealized losses of \$325.

Forward contracts are entered into to manage the risk associated with the volatility of future cash flows denominated in Mexican pesos. Fair value of these instruments are based on observable market transactions of spot and forward rates.

For the note receivable due from related party (see Note E) and due from the sellers of SM Canada (see Note B), the carrying value was determined to be the fair value, based upon their actual interest rates, which approximate current market interest rates.

The Company has recorded a liability for potential contingent consideration in connection with the February 21, 2012 acquisition of SM Canada (see Note B). Pursuant to the terms of an earn-out agreement between the Company and the seller of SM Canada,

F-18

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note F – Fair Value Measurement (continued)

earn-out payments will be due annually to the seller of SM Canada based on the financial performance of SM Canada for each of the 12-month periods ending on March 31, 2013 through 2017, inclusive. The fair value of the contingent payments was estimated using the present value of management's projections of the financial results of SM Canada during the earn-out period. The earn-out payment of \$4,529 for the period ended March 31, 2013 was paid in the fourth quarter of this year.

The Company has recorded a liability for potential contingent consideration in connection with the May 25, 2011 acquisition of Cejon (see Note B). Pursuant to the terms of an earn-out agreement between the Company and the sellers of Cejon, earn-out payments will be made annually to the sellers of Cejon, based on the financial performance of Cejon for each of the twelve-month periods ending on June 30, 2012 through 2016, inclusive. The fair value of the contingent payments was estimated using the present value of management's projections of the financial results of Cejon during the earn-out period. The earn-out payment of \$5,139 for the period ended June 30, 2013 was paid in the third quarter of this year.

The Company has recorded a liability for contingent consideration as a result of the February 10, 2010 acquisition of Big Buddha, Inc. The final contingent consideration was paid during the third quarter of 2013 in the amount of \$1,813 based on the financial performance of Big Buddha for the 12-month period ended March 31, 2013.

Accounting guidance permits entities to choose to measure financial instruments and certain other items at fair value that are not currently required to be measured at fair value. The accounting guidance also establishes presentation and disclosure requirements designed to facilitate comparisons between entities that chose different measurement attributes for similar assets and liabilities. The Company has elected not to measure any eligible items at fair value.

The carrying value of certain financial instruments such as accounts receivable, due from factor and accounts payable approximates their fair values due to the short-term nature of their underlying terms. The fair values of investment in marketable securities available for sale are determined by reference to market data and other valuation techniques, as appropriate. Fair value of the notes receivable held by the Company approximates their carrying value based upon their imputed or actual interest rate, which approximates applicable current market interest rates.

Note G - Property and Equipment

The major classes of assets and total accumulated depreciation and amortization are as follows:

	December 31,	
	2013	2012
Land and building	\$767	\$767
Leasehold improvements	62,087	55,005
Machinery and equipment	5,727	5,808
Furniture and fixtures	6,498	6,432
Computer equipment	38,664	30,676
	113,743	98,688
Less accumulated depreciation and amortization	(57,137) (53,403
Property and equipment - net	\$56,606	\$45,285

Depreciation and amortization expense related to property and equipment included in operating expenses amounted to approximately \$8,858 in 2013, \$8,501 in 2012 and \$6,732 in 2011.

the Company's Consolidated Statements of Income. The estimated future amortization expense of purchased intangibles for the next five years is as follows:

2014	\$3,254
2015	3,072
2016	2,769
2017	2,530
2018	2,389
Thereafter	6,019
Total	\$20,033

Note I – Stock-Based Compensation

In March 2006, the Board of Directors of the Company approved the Steven Madden, Ltd. 2006 Stock Incentive Plan (the “Plan”) under which nonqualified stock options, stock appreciation rights, performance shares, restricted stock, other stock-based awards and performance-based cash awards may be granted to employees, consultants and non-employee directors. The stockholders approved the Plan on May 26, 2006. On May 25, 2007, the stockholders approved an amendment to the Plan to increase the maximum number of shares that may be issued under the Plan from 4,050,000 to 5,231,250. On May 22, 2009, the stockholders approved a second amendment to the Plan that increased the maximum number of shares that may be issued under the Plan to 13,716,000. On May 25, 2012, the stockholders approved a third amendment to the Plan that increased the maximum number of shares that may be issued under the Plan to 23,466,000. The following table summarizes the number of shares of common stock authorized for use under the Plan, the number of stock-based awards granted (net of expired or cancelled awards) under the Plan and the number of shares of common stock available for the grant of stock-based awards under the Plan:

Common stock authorized	23,466,000
Stock-based awards, including restricted stock and stock options granted, net of expired or cancelled	(17,986,000)
Common stock available for grant of stock-based awards as of December 31, 2013	5,480,000

In accordance with accounting guidance relating to stock-based compensation, the Company records compensation for all awards based on the fair value of options and restricted stock on the date of grant. Equity-based compensation is included in operating expenses on the Company's Consolidated Statements of Income. For the years ended December 31, 2013, 2012 and 2011, total equity-based compensation was as follows:

	Years Ended December 31,		
	2013	2012	2011
Restricted stock	\$15,097	\$11,622	\$5,787
Stock options	5,044	5,812	5,617
Total	\$20,141	\$17,434	\$11,404

The Company classifies cash flows resulting from the tax benefits from tax deductions in excess of the compensation costs recognized for those options (tax benefits) as financing cash flows. For the years ended December 31, 2013, 2012 and 2011, the Company realized a tax benefit from stock-based compensation of \$4,277, \$4,608 and \$4,154, respectively.

F-21

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note I – Stock-Based Compensation (continued)

Stock Options

The total intrinsic value of options exercised during 2013, 2012 and 2011 amounted to \$8,016, \$15,386 and \$10,768 respectively. During the years ended December 31, 2013, 2012 and 2011, 1,061,513 options with a weighted average exercise price of \$12.91, 1,243,500 options with a weighted average exercise price of \$12.77 and 1,290,000 options with a weighted average exercise price of \$10.61 vested, respectively. As of December 31, 2013, there were unvested options relating to 1,218,199 shares of common stock with a total of \$7,620 of unrecognized compensation cost and an average vesting period of 2.5 years.

The Company uses the Black-Scholes-Merton option-pricing model to estimate the fair value of options granted, which requires several assumptions. The expected term of the options represents the estimated period of time until exercise and is based on the historical experience of similar awards. Expected volatility is based on the historical volatility of the Company's common stock. The risk free interest rate is based on the U.S. Treasury yield curve in effect at the time of the grant. With the exception of special dividends paid in November 2005 and 2006, the Company historically has not paid regular cash dividends and thus the expected dividend rate is assumed to be zero. The following weighted average assumptions were used for stock options granted:

	2013	2012	2011
Volatility	31% to 45%	40% to 47%	43% to 49%
Risk-free interest rate	0.37% to 1.38%	0.47% to 0.87%	0.61% to 1.78%
Expected life in years	4 to 5	3 to 5	2 to 4
Dividend yield	0.00%	0.00%	0.00%
Weighted average fair value	\$10.21	\$9.43	\$7.31

Activity relating to stock options granted under the Company's plans and outside the plans during the three years ended December 31, 2013 is as follows:

	Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding at January 1, 2011	4,054,500	\$9.39		
Granted	927,000	19.95		
Exercised	(658,500)	7.59		
Cancelled/Forfeited	(268,500)	12.95		
Outstanding at December 31, 2011	4,054,500	11.86		
Granted	354,000	27.09		
Exercised	(874,500)	10.61		
Cancelled/Forfeited	(130,500)	13.40		
Outstanding at December 31, 2012	3,403,500	13.71		
Granted	584,000	30.03		
Exercised	(563,000)	10.28		

Edgar Filing: STEVEN MADDEN, LTD. - Form 10-K

Cancelled/Forfeited	(51,500)	22.32		
Outstanding at December 31, 2013	3,373,000		17.01	3.6 years	\$94,064

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note I – Stock-Based Compensation (continued)

The following table summarizes information about stock options at December 31, 2013:

Range of Exercise Price	Options Outstanding			Options Exercisable	
	Number Outstanding	Weighted Average Remaining Contractual Life (in Years)	Weighted Average Exercise Price	Number Exercisable	Weighted Average Exercise Price
\$3.65 to \$8.72	1,073,000	1.8	\$5.67	1,073,000	\$5.67
\$9.50 to \$14.99	203,000	3.2	13.43	80,500	13.26
\$15.29 to \$20.86	924,000	3.4	17.19	552,000	16.75
\$21.17 to \$26.95	448,000	4.8	24.55	407,500	24.62
\$27.03 to \$38.96	732,000	5.7	29.77	50,000	28.75
	3,380,000	3.6	17.01	2,163,000	12.88

Restricted Stock

The following table summarizes restricted stock activity during the three years ended December 31, 2013:

	Number of Shares	Weighted Average Fair Value at Grant Date
Outstanding at January 1, 2011	843,000	\$11.47
Granted	574,500	21.10
Vested	(358,500)	10.37
Forfeited	(52,500)	18.96
Outstanding at December 31, 2011	1,006,500	16.96
Granted	3,670,500	24.23
Vested	(340,500)	16.33
Forfeited	(3,000)	25.40
Outstanding at December 31, 2012	4,333,500	23.16
Granted	434,000	29.21
Vested	(473,500)	19.65
Forfeited	(37,000)	18.82
Outstanding at December 31, 2013	4,257,000	24.24

As of December 31, 2013, there was \$87,393 of total unrecognized compensation cost related to restricted stock awards granted under the Plan. This cost is expected to be recognized over a weighted average of 8.7 years.

The Company determines the fair value of its restricted stock awards based on the market price of its common stock on the date of grant. The fair value of the restricted stock that vested during the years ended December 31, 2013, 2012 and 2011 was \$9,306, \$5,553 and \$3,718, respectively.

F-23

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note I – Stock-Based Compensation (continued)

On January 3, 2012, the Company and its Creative and Design Chief, Steven Madden, entered into an amendment of Mr. Madden's existing employment agreement, pursuant to which, on February 8, 2012, Mr. Madden was granted 1,463,057 restricted shares of the Company's common stock at the then market price of \$27.34, which will vest in equal annual installments over a seven-year period commencing on December 31, 2017 and, thereafter, on each December 31 through December 31, 2023, subject to Mr. Madden's continued employment on each such vesting date. Pursuant to the amended employment agreement, on June 30, 2012, Mr. Madden exercised his right to receive an additional restricted stock award, and on July 3, 2012 he was granted 1,893,342 restricted shares of the Company's common stock at the then market price of \$21.13, which will vest in the same manner as the prior grant.

Note J - Preferred Stock

The Company has authorized 5,000,000 shares of preferred stock. The Board of Directors has designated 60,000 shares of such preferred stock as Series A Junior Participating Preferred Stock ("Series A Preferred"). Holders of the shares of Series A Preferred are entitled to dividends equal to 1,000 times dividends declared or paid on the Company's common stock. Each share of Series A Preferred entitles the holder to 1,000 votes on all matters submitted to the holders of common stock. The Series A Preferred has a liquidation preference of \$1,000 per share, and is not redeemable by the Company. No shares of preferred stock have been issued.

Note K - Share Repurchase Program

The Company's Board of Directors authorized a share repurchase program (the "Share Repurchase Program"), effective as of January 1, 2004, originally providing for share repurchases in the aggregate amount of \$20,000. The Share Repurchase Program does not have a fixed expiration or termination date and may be modified or terminated by the Board of Directors at any time. On several occasions the Board of Directors has increased the amount authorized for repurchase. On June 18, 2013, the Board of Directors approved a continuation of the Share Repurchase Program for an additional \$125,000 in repurchases of the Company's common stock. The Share Repurchase Program permits the Company to effect repurchases from time to time through a combination of open market repurchases or in privately negotiated transactions at such prices and times as are determined to be in the best interest of the Company. During the twelve months ended December 31, 2013, an aggregate of 3,000,167 shares of the Company's common stock was repurchased, in the open market, under the program, at an average price per share of \$34.06, for an aggregate purchase price of approximately \$102,172. As of December 31, 2013, approximately \$69,918 remained available for future repurchases under the Share Repurchase Program.

Note L - Derivative Instruments

The Company uses derivative instruments, specifically, forward foreign exchange contracts, to manage the risk associated with the volatility of future cash flows denominated in Mexican pesos. The foreign exchange contracts will be used to mitigate the impact of exchange rate fluctuations on forecasted purchases of inventory from Mexico and are designated as cash flow hedging instruments. The Company enters into forward contracts with terms of no more than two years. As of December 31, 2013, the fair value of the Company's foreign currency derivatives, which is included on the Consolidated Balance Sheet in accrued expenses, is \$460. As of December 31, 2013, \$283 of losses related to cash flow hedges are recorded in accumulated other comprehensive income, net of taxes and are expected to be recognized in earnings at the same time the hedged items affect earnings. As of December 31, 2012, the fair value of the Company's foreign currency derivatives, which is included on the Consolidated Balance Sheet in prepaid expenses

and other current assets, was \$161. As of December 31, 2012, \$87 of gains related to cash flow hedges are recorded in accumulated other comprehensive income, net of taxes and are expected to be recognized in earnings at the same time the hedged items affect earnings. As of December 31, 2013 and 2012, none of the Company's hedging activities were considered ineffective and thus no gains and losses relating to ineffectiveness on its hedging activities were recognized in the Consolidated Statements of Income. For the years ended December 31, 2013 and 2012, gains of \$656 and \$0 were reclassified from accumulated other comprehensive income and recognized in the Consolidated Statements of Income in cost of sales.

F-24

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note M - Operating Leases

The Company leases office, showroom and retail facilities under noncancelable operating leases with terms expiring at various times through 2023. Future minimum annual lease payments under noncancelable operating leases consist of the following at December 31:

2014	\$32,035
2015	32,613
2016	31,873
2017	29,087
2018	25,129
Thereafter	86,149
Total	\$236,886

A majority of the retail store leases provide for contingent rental payments if gross sales exceed certain targets. In addition, many of the leases contain rent escalation clauses to compensate for increases in operating costs and real estate taxes. Rent expense for the years ended December 31, 2013, 2012 and 2011 was approximately \$38,527, \$33,073 and \$25,328, respectively. Included in such amounts are contingent rents of \$140, \$169 and \$142 in 2013, 2012 and 2011, respectively.

Rent expense is calculated by amortizing total base rental payments (net of any rental abatements, construction allowances and other rental concessions), on a straight-line basis, over the lease term. Accordingly, rent expense charged to operations differs from rent paid resulting in the Company recording deferred rent.

Note N - Income Taxes

The components of income before income taxes are as follows:

	2013	2012	2011
Domestic	\$125,772	\$123,691	\$117,497
Foreign	83,179	60,496	41,295
	\$208,951	\$184,187	\$158,792

The income tax provision (benefit) consists of the following:

	2013	2012	2011
Current:			
Federal	\$41,334	\$41,280	\$43,953
State and local	11,265	10,319	8,560
Foreign	14,385	11,035	6,814
	66,984	62,634	59,327
Deferred:			
Federal	8,815	2,272	1,588

Edgar Filing: STEVEN MADDEN, LTD. - Form 10-K

State and local	(667) (396) 676
Foreign	534	113	—
	8,682	1,989	2,264
	\$75,666	\$64,623	\$61,591

F-25

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note N - Income Taxes (continued)

A reconciliation between taxes computed at the federal statutory rate and the effective tax rate is as follows:

	December 31,					
	2013		2012		2011	
Income taxes at federal statutory rate	35.0	%	35.0	%	35.0	%
Effects of foreign operations	(1.7)	(3.3)	—	
State and local income taxes - net of federal income tax benefit	3		3.4		3.9	
Nondeductible items	0.1		0.1		0.3	
Valuation allowance (reversal)			(0.3)	(0.4)
Other	(0.2)	0.2		—	
Effective rate	36.2	%	35.1	%	38.8	%

The Company applies the asset and liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that are expected to be in effect when the differences are expected to reverse.

In accordance with accounting guidance, the Company has opted to classify interest and penalties that would accrue according to the provisions of relevant tax law as income tax expense on the Consolidated Statements of Income. The Company determines the amount of interest expense to be recognized by applying the applicable statutory rate of interest to the difference between the tax position recognized and the amount previously taken or expected to be taken on a tax return. The Company's tax years 2010 through 2013 remain open to examination by most taxing authorities. The Company has no unrecognized tax benefits recorded as of the year ended December 31, 2013.

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note N - Income Taxes (continued)

The components of deferred tax assets and liabilities are as follows:

	December 31, 2013	2012	
Current deferred tax assets (liabilities):			
Receivable allowances	\$8,024	\$9,005	
Inventory	1,932	1,588	
Unrealized (gain) loss	(23) 58	
Accrued expenses	499	496	
Other	1,835	(74)
Gross current deferred tax asset	12,267	11,073	
Non-current deferred tax assets (liabilities):			
Depreciation and amortization	(5,033) (1,982)
Deferred compensation	10,827	8,200	
Unremitted earnings of foreign subsidiaries	(20,748) (10,224)
Deferred rent	3,741	2,991	
Amortization of goodwill	(3,293) (3,097)
Unrealized loss (gain)	1,226	(1,073)
Other	56	68	
	(13,224) (5,117)
Deferred tax (liabilities) assets	\$(957) \$5,956	

The Company's consolidated financial statements provide for any related tax liability on amounts that may be repatriated from foreign operations, aside from undistributed earnings of certain of the Company's foreign subsidiaries that are intended to be indefinitely reinvested in operations outside the U.S. The deferred tax liability of \$20,748 and \$10,224 for the years ended December 31, 2013 and 2012, respectively, reflects the amounts that may be repatriated from foreign operations. A portion of the amount established in the year ended December 31, 2012 was based on the finalization of the purchase accounting in 2012 of Topline. The total amount of indefinitely reinvested earnings of foreign subsidiaries as of December 31, 2013 and 2012 was \$42,750 and \$27,100, respectively. Accordingly, no provision has been made for United States income taxes which may become payable if those undistributed earnings of foreign subsidiaries are paid as dividends. Determination of the amount of unrecognized deferred income tax liabilities on these earnings is not practicable because such liability, if any, is subject to many variables and is dependent on circumstances existing if and when remittance occurs.

Note O – Commitments, Contingencies and Other

[1] Legal Proceedings:

(a) As previously disclosed, on February 2, 2012, two individuals purporting to be stockholders of the Company commenced separate civil actions in the Supreme Court of New York, Queens County, Mark Ioffe, Derivatively on Behalf of Nominal Defendant Steven Madden, Ltd. v. Steven Madden, et. al, No. 700188-2012 (the "Ioffe Action") and Catherine L. Phillips, Derivatively on Behalf of Nominal Defendant Steven Madden, Ltd. v. Steven Madden,

et. al, No. 700189-2012 (together with the Ioffe Action, the “Actions”). The Actions asserted derivative claims challenging the decision of the Company's Board of Directors in January 2012 to amend Steven Madden's employment agreement dated July 15, 2005, and amended as of December 14, 2009 and to amend the promissory note setting

F-27

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

forth Mr. Madden's obligations in respect of a loan made by the Company to Mr. Madden in 2007 and amended in 2009 and claimed, among other things, that the Board violated its duties of loyalty and good faith by approving the amendments. The Actions also asserted claims of unjust enrichment against Mr. Madden. The Company and the other defendants filed a motion for dismissal of the Actions, which was granted by the court on September 13, 2012. The plaintiffs did not file a notice of appeal with respect to the dismissal of the Actions and the time period for filing an appeal expired.

On or about May 17, 2013, a law firm purporting to represent Mark Ioffe served a demand letter on the Company's Board of Directors (the "Demand Letter"). The allegations in the Demand Letter are substantively the same as the claims made in the Actions in which the Court entered a judgment of dismissal. The Demand Letter provides that should the Board of Directors fail to take the actions demanded within a reasonable period of time or refuse to take such actions, Mr. Ioffe would commence a shareholder derivative action on behalf of the Company. In response to the Demand Letter, the Board of Directors has formed a special committee consisting of Board members Richard P. Randall, Peter Migliorini and Ravi Sachdev to, among other things, investigate and evaluate the various demands, allegations and requests for action contained in the Demand Letter. The special committee commenced an investigation into the matters raised in the Demand Letter and retained independent counsel to assist and advise it in connection with such investigation. After completing a thorough investigation and evaluation of its findings, the special committee reported to the Board of Directors its recommendation that the Company take no action in response to the Demand Letter. The Board accepted the recommendation of the special committee and determined that the best interests of the Company would not be served by taking any action in response to the Demand Letter.

As previously disclosed, on July 19, 2011, an individual purporting to act on behalf of a class of similarly situated individuals commenced a civil action in the United States District Court for the Central District of California, Samantha Ellison, individually and on behalf of a class of similarly situated individuals v. Steven Madden, Ltd., No. CV11-05935 (the "Ellison Action") asserting that the Company made unsolicited commercial text calls to wireless telephone numbers of the class members in violation of the Telephone Consumers Protection Act (the "TCPA") and seeking, on behalf of the class, an injunction requiring the Company to cease all wireless text messages without prior written consent as required by the TCPA, as well as the recovery of statutory damages to the class members together with costs and reasonable attorneys' fees. The Company responded by challenging the suit on several grounds. Settlement discussions resulted in a settlement being reached on July 30, 2012 for an aggregate gross settlement fund of \$10,000, from which all of the Company's settlement obligations were to be (b) paid, including, but not limited to, valid claims, claims administration fees, and the fees and costs of class counsel. Following a fairness hearing, on May 7, 2013, the court entered an order granting final approval of the settlement and dismissing the Ellison Action on the merits and with prejudice. The Company submitted a initial settlement payment of \$5,000 into the settlement fund. The Company's insurer covered 45% of the initial settlement payment of \$5,000, subject to the Company's agreement to return, to the Company's insurer, its pro rata share of any remaining amounts in the settlement fund. The claims administrator has paid all of the Company's settlement obligations from the settlement fund. Because of the number of valid claims submitted to the claims administrator and other factors, the settlement fund did not need to be replenished by the Company with any additional amounts over and above the initial settlement payment. The residual funds from the settlement fund, totaling approximately \$1,717, have been returned to the Company, of which 45% has been returned by the Company to the Company's insurer. Accordingly, the actual expense to the Company for the Ellison Action was \$1,800.

(c)

On August 10, 2005, following the conclusion of an audit of the Company conducted by auditors for U.S. Customs and Border Protection (“U.S. Customs”) during 2004 and 2005, U.S. Customs issued a report that asserts that certain commissions that the Company treated as “buying agents’ commissions” (which are non-dutiable) should be treated as “selling agents’ commissions” and hence are dutiable. Subsequently, U.S. Immigration and Customs Enforcement notified the Company’s legal counsel that a formal investigation of the Company’s importing practices had been commenced as a result of the audit. In September 2007, U.S. Customs notified the Company that it had finalized its assessment of the underpaid duties at \$1,400. The Company, with the advice of legal counsel, evaluated the liability in the case, including additional duties, interest and penalties, and believed that it was not likely to exceed \$3,045, and accordingly, a liability for this amount was recorded as of December 31, 2009. The Company contested the conclusions of the U.S. Customs audit and filed a request for review and issuance of rulings thereon by U.S. Customs Headquarters, of Regulations and Rulings, under internal advice procedures. On September 20, 2010, U.S. Customs issued a ruling in the matter, concluding that the commissions paid by the Company pursuant to buying agreements entered into by the Company and one of its two buying agents under review were bona fide buying-agent commissions and, therefore, were non-dutiable. With respect to the second buying agent, U.S. Customs also ruled that beginning in February 2002, commissions paid by the Company were bona fide buying agent commissions and, therefore, were

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note O – Commitments, Contingencies and Other (continued)

non-dutiable. However, U.S. Customs found that the Company's pre-2002 buying agreements with the second agent were legally insufficient to substantiate a buyer-buyer's agent relationship between the Company and the agent and that commissions paid to the second agent under such buying agreements, in fact, were dutiable. On the basis of the U.S. Customs ruling, the Company reevaluated the liability in the case and believes that it is not likely to exceed \$1,248 and the liability was reduced from \$3,045 to such amount as of September 30, 2010.

On November 21, 2011, U.S. Customs issued a pre-penalty notice to the Company in which it alleges that gross negligence by the Company resulted in an underpayment of duties with respect to certain pre-2002 buying agreements and claims that the Company owes \$342 as an additional duty and \$1,367 in monetary penalties. In its February 16, 2012 response to the pre-penalty notice, the Company submitted that it owes no additional duty and, further, did not through negligence or gross negligence fail to pay any duty or engage in conduct amounting to either gross negligence or negligence. The Company requested that U.S. Customs withdraw its proposal to issue a notice of penalty and take no further adverse action against the Company. In the event that U.S. Customs is not inclined to withdraw the pre-penalty notice after review of the Company's response, the Company has requested the opportunity to make an oral presentation to U.S. Customs prior to the issuance of a notice of penalty. In the event that U.S. Customs determines to issue a notice of penalty, the Company intends to file a petition for relief requesting a reduction of the level of culpability and mitigation of the penalty amount assessed. The maximum total amount of damages related to this matter is approximately \$1,700 for which the Company has accrued \$1,248.

The Company has been named as a defendant in certain other lawsuits in the normal course of business. In the opinion of management, after consulting with legal counsel, the liabilities, if any, resulting from these matters (d) should not have a material effect on the Company's financial position or results of operations. It is the policy of management to disclose the amount or range of reasonably possible losses in excess of recorded amounts.

[2] Employment agreements:

Robert Schmertz. Effective January 1, 2013, the Company entered into a new employment agreement with Robert Schmertz, the Company's Brand Director, to replace an existing employment agreement that expired at the end of 2012. The new agreement, which expires on December 31, 2014, provides for an annual salary of \$725. In addition, pursuant to his new employment agreement, on January 4, 2013, Mr. Schmertz received a grant of 25,000 shares of the Company's common stock subject to certain restrictions. The restricted shares were issued under the Company's 2006 Stock Incentive Plan, as amended, and will vest in five substantially equal annual installments over five years commencing on the first anniversary of the date of the grant. Additional compensation and bonuses, if any, are at the sole discretion of the Board of Directors.

Edward R. Rosenfeld. On December 31, 2012, the Company entered into a new employment agreement with Edward R. Rosenfeld, the Company's Chief Executive Officer and the Chairman of the Board of Directors, to replace an existing employment agreement that expired on December 31, 2012. The agreement, which expires on December 31, 2015, provides for an approximate annual salary of \$579 through December 31, 2013, \$608 in 2014 and \$638 in 2015. In addition, pursuant to his new employment agreement, Mr. Rosenfeld received a grant of 150,000 shares of the Company's common stock subject to certain restrictions. The restricted shares were issued under the Company's 2006 Stock Incentive Plan, as amended, and will vest in equal annual installments over a five-year period commencing on December 1, 2013. Additional compensation and bonuses, if any, are at the sole discretion of the Board of Directors.

Steven Madden. On January 3, 2012, the Company and its Creative and Design Chief, Steven Madden, entered into an amendment, dated as of December 31, 2011, to Mr. Madden's existing employment agreement with the Company (the "Amended Madden Agreement"). The Amended Madden Agreement, which extends the term of Mr. Madden's employment through December 31, 2023, provides for an annual base salary of approximately \$7,417 in 2013, approximately \$9,667 in 2014, approximately \$11,917 in 2015 and approximately \$10,698 in 2016 and in each year thereafter through the end of the term of employment. Effective in 2012, the Amended Madden Agreement eliminates the annual cash bonuses payable to Mr. Madden based on EBITDA and the annual cash bonus in relation to new business contained in Mr. Madden's previously existing employment agreement and provides that all future cash bonuses will be at the sole discretion of the Company's Board of Directors. Further, the Amended Madden Agreement eliminates the annual non-accountable expense allowance of up to \$200 provided to Mr. Madden under the previously existing employment agreement. Pursuant to the Amended Madden Agreement, on February 8, 2012, Mr. Madden was granted 1,463,056 restricted shares of the Company's common stock valued at approximately \$40,000, which will vest in equal annual installments over seven years commencing on December 31, 2017 through December 31, 2023, subject to Mr.

Note O – Commitments, Contingencies and Other (continued)

Madden's continued employment with the Company on each such vesting date. Pursuant to the Amended Madden Agreement, on June 30, 2012, Mr. Madden exercised his right to receive an additional restricted stock award, and on July 3, 2012 he was granted 1,893,342 restricted shares of the Company's common stock, which will vest in the same manner as the February 8, 2012 grant. As consideration for the additional restricted stock grant, Mr. Madden will receive a reduction in his annual base salary in years subsequent to 2012 as follows: approximately \$4,000 in 2013, approximately \$6,125 in 2014, approximately \$8,250 in 2015 and approximately \$7,026 in 2016 and in each year thereafter through the end of the term of employment. In addition to the opportunity for discretionary cash bonuses, the Amended Madden Agreement entitles Mr. Madden to an annual life insurance premium reimbursement of up to \$200, as well as an annual stock option grant and the potential for an additional one-time stock option grant based upon achievement of

certain financial performance criteria. The Amended Madden Agreement also provides for the elimination of interest accrued after December 31, 2011 on an outstanding loan in the original principal amount of \$3,000 made by the Company to Mr. Madden, the extension of the maturity date of such loan until December 31, 2023, and the forgiveness of 1/10th of the principal amount of the loan, together with accrued interest, annually over a ten-year period commencing on December 31, 2014 for so long as Mr. Madden continues to be employed by the Company on each such December 31st.

Arvind Dharia. On February 8, 2012, the Company and its Chief Financial Officer, Arvind Dharia, entered into an amendment of Mr. Dharia's existing employment agreement. The amendment, among other things, extends the term of Mr. Dharia's employment agreement, which was set to expire at the end of 2011, until December 31, 2014 and increases his annual base salary to \$555 effective January 1, 2012 through the remainder of the term. Pursuant to the amendment, on February 8, 2012, Mr. Dharia received a restricted stock award for 15,000 restricted shares of the Company's common stock, which will vest in substantially equal annual installments over a three-year period commencing on February 8, 2013 through February 8, 2015. The agreement, as amended, provides for an annual bonus to Mr. Dharia at the discretion of the Board of Directors.

Amelia Newton Varela. Effective January 1, 2014, the Company entered into a new employment agreement with Amelia Newton Varela, the Company's Executive Vice President of Wholesale, to replace an existing employment agreement that expired at the end of 2013. The new agreement, which expires on December 31, 2016 provides for an annual salary of \$500 through December 31, 2016 and provides the opportunity for annual cash incentive bonuses. In addition, on February 3, 2014, Ms. Varela received an option to purchase 100,000 shares of common stock at an exercise price equal to the market price of the Company's common stock on the last trading day prior to the grant. The option will vest in equal annual installments over a four-year period commencing on the first anniversary of the grant date.

Awadhesh Sinha. Effective January 1, 2014, the Company entered into a new employment agreement with Awadhesh Sinha, the Company's Chief Operating Officer, to replace an existing employment agreement that expired at the end of 2013. The new agreement, which expires on December 31, 2016 provides for an annual salary of \$600, \$630, and \$661 for the three years ended December 31, 2014, 2015, and 2016 and provides the opportunity for annual cash and share based incentive bonuses. In addition, on January 15, 2014, Mr. Sinha received a grant of 29,886 shares of restricted common stock, which will vest in equal annual installments over a three-year period on each of December 15, 2014, December 15, 2015, and December 15, 2016.

[3] Letters of credit:

At December 31, 2013, the Company had open letters of credit for the purchase of imported merchandise of approximately \$1,842.

[4] License agreements:

On February 9, 2011, the Company entered into a license agreement with Basic Properties America Inc. and BasicNet S.p.A, under which the Company has the right to use the Superga® trademark in connection with the sale and marketing of women's footwear. The agreement requires the Company to pay the licensor a royalty equal to a percentage of net sales and a minimum royalty in the event that specified net sales targets are not achieved. The agreement was amended on April 11, 2013 extending the original agreement through December 31, 2022.

On January 1, 2010, the Company entered into a license agreement with Jones Investment Co. Inc., under which the Company has the right to use the GLO Jeans® trademark in connection with the sale and marketing of women's footwear exclusively to K-Mart. The agreement requires the Company to pay the licensor a royalty and advertising payments equal to a percentage of net sales and a minimum royalty and advertising payment in the event that specified net sales targets

STEVEN MADDEN, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

(\$ in thousands, except share and per share data)

Note O – Commitments, Contingencies and Other (continued)

are not achieved. The agreement which expired on December 31, 2012, was renewed for an additional three-year term and will now expire on December 31, 2015. Subsequently, effective December 31, 2013, the Company terminated the license agreement with Jones Investment Co. Inc. requiring Jones Investment Co. Inc. to fulfill all of its financial obligations through the year ending December 31, 2013.

In September 2009, the Company entered into a license agreement with Dualstar Entertainment Group, LLC, under which the Company has the right to use the Olsenboye® trademark in connection with the marketing and sale of footwear and accessories. The agreement requires the Company to make royalty and advertising payments equal to a percentage of net sales and a minimum royalty and advertising payment in the event that specified net sales targets are not achieved. The initial term of this agreement, which expired on December 31, 2011 has been extended until December 31, 2015.

On September 10, 2008, the Company entered into a license agreement with Dualstar Entertainment Group, LLC, under which the Company has the right to use the Elizabeth and James® trademark in connection with the sale and marketing of footwear. The agreement required the Company to make royalty and advertising payments equal to a percentage of net sales and a minimum royalty and advertising payment in the event that specified net sales targets were not achieved. The agreement was terminated by the Company in December of 2013 and a charge was recorded for the remainder of the guaranteed minimum payments. The cash outflows for the guaranteed minimum royalty will continue through the original contract expiration of March 31, 2015.

On July 1, 2008, the Company entered into a license agreement with Jones Investment Co. Inc., under which the Company has the right to use the l.e.i.® trademark in connection with the sale and marketing of women's footwear exclusively to Wal-Mart. The agreement required the Company to pay the licensor a royalty and advertising payments equal to a percentage of net sales and a minimum royalty and advertising payment in the event that specified net sales targets are not achieved. The initial term of this agreement, which expired on December 31, 2011, was renewed for an additional three-year term, which will expire on December 31, 2014.

On March 28, 2007, the Company, through its Accessories Division, entered into a license agreement to design, manufacture and distribute handbags and belts and related accessories under the DF Daisy Fuentes® and the Daisy Fuentes® brands. The agreement required the Company to pay the licensor a royalty and brand management fees based on a percentage of net sales and a minimum royalty in the event that specified net sales targets are not achieved. The agreement expired on December 31, 2012 and was not renewed.

Future minimum royalty payments are \$1,830 for 2014, \$1,165 for 2015 through 2016, and \$665 for 2017 through 2018. Royalty expenses are included in the "cost of goods sold" section of the Company's Consolidated Statements of Income.

[5] Related Party Transactions:

On February 23, 2012, the Company entered into an agreement (the "2012 Consulting Agreement") with JLM Consultants, Inc., a company wholly-owned by John Madden, one of the Company's directors and the brother of Steven Madden, the Company's founder and Creative and Design Chief, which replaced an earlier consulting agreement (the "2004 Consulting Agreement") between the Company and JLM Consultants, Inc. that had expired by its terms on December 31, 2005 but under which JLM Consultants, Inc. had continued to provide consulting services for the consideration provided in the 2004 Consulting Agreement. Under the 2012 Consulting Agreement, Mr. Madden and JLM Consultants, Inc. will continue to provide consulting services with respect to the development of international sales of the Company. JLM Consultants, Inc. received fees and expenses of \$1,310 in 2013 pursuant to the 2012 Consulting Agreement and \$1,447 and \$1,552 in 2012 and 2011, respectively, pursuant to the 2004

Consulting Agreement. The fees and expenses paid to JLM Consultants, Inc. in respect to 2011 were in addition to fees that Mr. Madden received for serving as a director of the Company in 2011. Subsequent to 2011, Mr. Madden no longer receives fees for his service as a director of the Company.

[6] Concentrations:

The Company maintains cash and cash equivalents with various major financial institutions which at times are in excess of the amount insured. In addition, the Company's marketable securities are principally held at four brokerage companies.

During the year ended December 31, 2013, the Company did not purchase more than 10% of its merchandise from any single supplier. Total product purchases from China for the year ended December 31, 2013 were approximately 85%.
