**Item 3.02. Unregistered Sales of Equity Securities.***Exchange Offer.*

This Current Report on Form 8-K relates to the grant of stock options (the “*new stock options*”) by OncoSec Medical Incorporated (“*OncoSec*” or the “*Company*”) to certain employees, directors and consultants of the Company (the “*eligible participants*”), in exchange for the cancellation of certain stock options (the “*eligible stock options*”) tendered by such eligible participants in the Company’s exchange offer (the “*Exchange Offer*”) commenced on November 16, 2016. The Exchange Offer was completed on the terms and under the conditions set forth in the Offer to Exchange Certain Stock Options for New Stock Options, dated November 16, 2016 (the “*Offer to Exchange*”), filed as Exhibit (a)(1)(A) to the Company’s Tender Offer Statement on Schedule TO related to the Exchange Offer, the related Election and Withdrawal Form, filed as Exhibit (a)(1)(C) to the Company’s Tender Offer Statement on Schedule TO related to the Exchange Offer, and the terms and conditions of the applicable stock option grant documents.

The Exchange Offer expired at 9:00 p.m., Pacific Time, on December 14, 2016. Effective as of December 14, 2016, OncoSec cancelled all eligible stock options that were tendered in the Exchange Offer and, in exchange, granted new stock options with the terms described below. The results of the Exchange Offer were as follows:

No. of Shares Subject to Eligible Stock Options Exchanged		Total No. of Shares Subject to New Stock Options Granted
Exercise Price of \$3.00 — \$9.99 (Exchanged at a ratio of 2:1)	Exercise Price of \$10.00 or More (Exchanged at a ratio of 3:1)	
1,994,250	220,250	1,070,536

The new stock options granted in the Exchange Offer have following terms, as described in more detail in the Offer to Exchange:

The number of shares subject to each new stock option is equal to 1/2 of the number of shares subject to each surrendered eligible stock option with an exercise price between \$3.00 and \$9.99 and 1/3 of the number of shares subject to each surrendered eligible stock option with an exercise price of \$10.00 or more;

Each new stock option has an exercise price per share of \$1.29, the closing price of OncoSec's common stock as reported by the NASDAQ Capital Market on December 14, 2016;

Each new stock option has a new contractual term that is equal in length to the term that was originally provided for in the surrendered eligible stock option;

Each new stock option is subject to a new vesting period, with 25% of such stock options vesting upon grant and the remaining 75% of such stock options vesting in equal, monthly increments over a period equal in length to the vesting period of the surrendered eligible stock option;

Each new stock option is granted under the OncoSec Medical Incorporated 2011 Stock Incentive Plan (the "**2011 Plan**"); and

The other terms and conditions of each new stock option are generally consistent with the surrendered eligible stock option and the Company's standard stock option awards granted under the 2011 Plan.

The new stock options were granted in reliance upon the exemption from registration afforded by Section 3(a)(9) of the Securities Act of 1933, as amended, based on the following facts: (i) the Exchange Offer was made, and the new stock options were granted, to the Company's existing security holders exclusively; and (ii) no commission or other remuneration was paid or given directly or indirectly for soliciting the Exchange Offer.
