Item 1.01 Entry into a Material Definitive Agreement.

On September 28, 2018, Pattern Gulf Wind Holdings LLC (“Gulf Wind Holdings”), a 100% owned indirect subsidiary of Pattern Energy Group Inc., (the “Company”), exercised an option (the “Gulf Wind Option”) to purchase SWT-2.3-108 turbines (the “Western Development Turbines”) from Pattern Western Development LLC (“Western Development”) pursuant to a memorandum of understanding previously entered into between the parties (the “MOU”). Western Development is a 100% owned indirect subsidiary of Pattern Energy Group 2 LP. Pursuant to such MOU, Western Development has until August 30, 2019 to determine the number of Western Development Turbines, between 10 and 60, it will sell to Gulf Wind Holdings or its designated affiliate. The purchase price for each such Western Development Turbine will be equal to the cost paid for such turbine by Western Development in 2016. Separately, as consideration for Gulf Wind Holdings providing Western Development flexibility with respect to the number and timing for delivery of the Western Development Turbines, Western Development has agreed to pay the Company a repowering reservation charge with respect to the Western Development Turbines.

The parties intend to enter into a definitive agreement with respect to the matters set forth in the MOU.

The Company intends to use the Western Development Turbines, together with additional turbines to be purchased directly from Siemens Gamesa Renewable Energy, Inc., to repower the Gulf Wind facility, a 283MW wind farm located in Kenedy County, Texas that is expected to qualify for federal production tax credits.

The transactions contemplated by the MOU were reviewed and recommended by the Conflicts Committee of the Company’s Board of Directors, which is comprised solely of independent directors, for approval by the Board of Directors, and was subsequently approved by the Board of Directors.
