Item 1.01 Entry into a Material Definitive Agreement.

**Summary of Material Definitive Agreement.** CSG Systems International, Inc. (“CSG”) currently generates a material portion of its revenues from Charter Corporation Inc. (“Charter”), which acquired Time Warner Cable, Inc. (“Time Warner”) in May 2016. In connection with the acquisition, the Time Warner Master Subscriber Management Agreement (the “Time Warner Agreement”) was assigned to Charter. The combined Charter/Time Warner revenues represented approximately 21% of CSG’s total revenues for the quarter ended March 31, 2017, making Charter CSG’s second largest client.

CSG’s existing agreement with Charter runs through December 31, 2019. The Time Warner Agreement, which covers the Time Warner customer accounts serviced by CSG and now owned by Charter, was originally set to expire on March 31, 2017, but was extended for additional one-month periods through July 31, 2017, while the parties continued negotiations related to a new long-term Charter Consolidated Master Subscriber Management System Agreement that would provide CSG products and services covering both Time Warner and Charter customer accounts under one master agreement.

On July 17, 2017, CSG entered into a new Consolidated CSG Master Subscriber Management System Agreement with Charter (the “New Agreement”) which supersedes all previous agreements with Charter and Time Warner.

The key terms and conditions of the New Agreement are as follows:

- The New Agreement is effective August 1, 2017 and extends CSG’s contractual relationship with Charter (an additional 2 years), and additionally covers the Time Warner customer accounts serviced by CSG and now owned by Charter (an additional 4.5 years) through December 31, 2021. In addition, Charter has the option to extend the New Agreement for an additional one-year term.

- Consistent with the previous agreements, the fees to be generated under the New Agreement will be based primarily on monthly per unit charges for our cloud and related solution, and other various ancillary services. Certain of the per-unit fees include volume-based pricing tiers, and are subject to annual inflationary price escalators.

- The New Agreement includes incentives for Charter to convert additional customer accounts onto CSG’s Advanced Convergent Platform (“ACP”) customer care and billing solution.

- The New Agreement includes minimum commitments for the number of Charter customer accounts to be serviced on ACP.

-

The New Agreement contains certain rights and obligations of both parties, including the following key items: (i) the termination of the Agreement under certain conditions; (ii) various service level commitments; and (iii) remedies and limitation on liabilities associated with specified breaches of contractual obligations.

Under the New Agreement, CSG provided Charter a pricing discount in-line with the extended contract term through December 31, 2021, and the roll out of additional products and services by Charter. As a result, CSG expects its revenues from Charter under the New Agreement to be relatively consistent on a go forward basis.

The anticipated revenue impact in both the near and long terms may vary depending on the actual level of products and services consumed by Charter. The revenue impact from the New Agreement is only an estimate and actual results may vary depending upon a variety of factors. CSG undertakes no duty to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. CSG wishes to ensure that such forward-looking statements are accompanied by meaningful cautionary statements, so as to ensure to the fullest extent possible, the protections of the safe harbor established in the Private Securities Litigation Reform Act of 1995. See “Risk Factors Related to Forward-Looking Statements” below for additional discussions on forward-looking statements.

A copy of this amendment, with confidential information redacted, will be filed as an exhibit to CSG’s Form 10-Q for the quarter ended September 30, 2017.
