**Proposed dividend distribution out of capital contribution reserve**

The Board of Directors proposes that the AGM on 2 May 2019 approve an ordinary dividend distribution of CHF 0.70 in cash per share of CHF 0.10 par value payable out of the capital contribution reserve. Dividends are declared and paid in Swiss francs. The total amount of the dividends will be capped at USD 3,255 million (Cap). To the extent that the USD dividend calculated based on CHF 0.70 per share would exceed the Cap on the day of the AGM, due to the exchange rate determined by the Board of Directors in its reasonable opinion, the CHF per share amount of the dividend will be reduced on a pro-rata basis so that the total USD amount does not exceed the Cap. Provided that the proposed dividend distribution out of the capital contribution reserve is approved, the payment of CHF 0.70 per share will be made on 8 May 2019 to holders of shares on the record date 7 May 2019. The shares will be traded ex-dividend as of 6 May 2019 and, accordingly, the last day on which the shares may be traded with entitlement to receive the dividend will be 3 May 2019.

<sup>1</sup> The Swiss Federal Tax Administration's current position is that, of the CHF 30.3 billion capital contribution reserve available as of 31 December 2018, an amount limited to CHF 15.6 billion is available from which dividends may be paid without a Swiss withholding tax deduction. <sup>2</sup> Dividend-bearing shares are all shares issued except for treasury shares held by UBS Group

AG as of the record date. The amount of USD 3,255 million represents the Cap. The amount of CHF 2,699 million presented is based on the total number of shares issued as of 31 December 2018.

UBS Group AG standalone financial statements

**Note 1 Corporate information**

UBS Group AG is incorporated and domiciled in Switzerland and its registered office is at Bahnhofstrasse 45, CH-8001 Zurich, Switzerland. UBS Group AG operates under article 620ff. of the Swiss Code of Obligations as an *Aktiengesellschaft* (a corporation limited by shares).

UBS Group AG is the ultimate holding company of the UBS Group, the grantor of the majority of UBS's deferred compensation plans and the guarantor of perpetual capital notes which qualify as Basel III additional tier 1 (AT1) capital on a consolidated UBS Group basis and senior debt which contributes to the total loss-absorbing capacity (TLAC) of the Group, issued by UBS Group Funding (Switzerland) AG.

**Issuance of additional tier 1 capital instruments**

During 2016 and 2015, UBS Group AG issued perpetual capital notes, which qualify as Basel III AT1 capital on a consolidated UBS Group basis. The proceeds from the issuances of those instruments were on-lent to UBS AG.

In May 2018, these perpetual capital notes were transferred to UBS Group Funding (Switzerland) AG at book value with a retrospective effect as of 1 January 2018. The transfer was carried out by means of an issuer substitution pursuant to the voluntary substitution provisions provided in the terms and conditions of the relevant instruments. Following the transfer, the outstanding perpetual capital notes are guaranteed by UBS Group AG, and investors' seniority of claims against UBS Group AG remains unchanged.

In December 2018, the Swiss Parliament approved changes to the tax treatment of too big to fail (TBTF) instruments issued by the holding companies of Swiss systemically important banks. The new law aims to eliminate the additional tax burden imposed on systemically important banks as a result of required issuances of TBTF instruments at the holding company level. In March 2019, the Swiss Federal Council determined that the rule would enter into force retroactively as of 1 January 2019. Going forward, new loss-absorbing additional tier 1 capital instruments and total loss-absorbing capacity (TLAC)-eligible senior unsecured debt will be issued directly out of UBS Group AG. It is also expected that UBS Group AG will assume outstanding capital and debt instruments that were previously issued by UBS Group Funding (Switzerland) AG as a means of managing the aforementioned tax burden.

→ **Refer to Note 16 for more information on the main terms and conditions of the perpetual capital notes issued during 2016 and 2015**

Furthermore, UBS Group AG grants Deferred Contingent Capital Plan (DCCP) awards to UBS Group employees. These DCCP awards also qualify as Basel III AT1 capital on a consolidated UBS Group basis.

As of 31 December 2018, UBS Group AG's distributable items for the purpose of AT1 capital instruments were USD 38.8 billion (CHF 38.2 billion) (31 December 2017: USD 38.8 billion (CHF 37.8 billion)). For this purpose, distributable items are defined in the terms and conditions of the relevant

instruments as the aggregate of (i) net profits carried forward and (ii) freely distributable reserves, in each case, less any amounts that must be contributed to legal reserves under applicable law.

## **Note 2 Accounting policies**

The UBS Group AG standalone financial statements are prepared in accordance with the principles of the Swiss Law on Accounting and Financial Reporting (32nd title of the Swiss Code of Obligations).

The functional currency of UBS Group AG is the US dollar. The significant accounting and valuation principles applied are described below.

### **Change in functional and presentation currency**

As of 1 October 2018 (the conversion date) UBS Group AG prospectively changed its functional currency from Swiss francs to US dollars.

UBS Group AG also prospectively changed the presentation currency of its standalone financial statements from Swiss francs to US dollars. The interim Swiss franc financial information of UBS Group AG as of 30 September 2018, including the balance sheet, year-to-date income statement and all related notes, was translated into US dollars at the closing rate on 30 September 2018 (the conversion date rate). This conversion had no impact on the income statement or equity.

As the primary presentation currency of the standalone financial statements of UBS Group AG is US dollars, amounts in Swiss francs are additionally presented for each component of the financial statements. UBS Group AG applies the modified closing rate method for translating the US dollar amounts into Swiss francs: assets and liabilities are translated at the closing rate, equity positions at historic rates and income and expense items at the weighted average rate for the period. All resulting currency translation effects are recognized separately in Voluntary earnings reserve, amounting to a positive currency translation effect of CHF 81 million as of 31 December 2018. Under Swiss Code of Obligations, prior-period financial statements have not been restated. All comparative prior-period information as of and for the year ended 31 December 2017 is translated at the closing rate as of 31 December 2017.

### **Foreign currency translation**

Transactions denominated in foreign currency are translated into US dollars at the spot exchange rate on the date of the transaction. At the balance sheet date, all current assets and short-term liabilities as well as *Financial assets* measured at fair value, which are denominated in a foreign currency, are translated into US dollars using the closing exchange rate. For other non-current assets and long-term liabilities, where the asset mirrors the terms of a corresponding liability or the asset and liability otherwise form an economic hedge relationship, the asset and liability are treated as one unit of account for foreign currency translation purposes, with offsetting unrealized foreign currency translation gains and losses based on the closing exchange rate presented net in the income statement. *Investments in subsidiaries* measured at historic cost are translated at the spot exchange rate on the date of the

transaction. Currency translation effects from dividends paid in Swiss francs are recognized in equity. All other currency translation effects are recognized in the income statement.

The main currency translation rates used by UBS Group AG are provided in Note 37 of the consolidated financial statements.

### **Marketable securities**

*Marketable securities* include investments in alternative investment vehicles (AIVs) with a short-term holding period. The holding period is deemed short term if the vesting of the awards hedged by the AIV is within 12 months after the balance sheet date. These are equity instruments and are measured at fair value based on quoted market prices or other observable market prices as of the balance sheet date. Gains and losses resulting from fair value changes are recognized in *Financial income* and *Financial expenses*, respectively.

### **Financial assets**

*Financial assets* include investments in AIVs with a long-term holding period. The holding period is deemed long-term if the vesting of the awards hedged by the AIV is more than 12 months after the balance sheet date. These are equity instruments and are measured at fair value based on their quoted market prices or other observable market prices as of the balance sheet date. Gains and losses resulting from fair value changes are recognized in *Financial income* and *Financial expenses*, respectively.

Investments in AIVs that have no quoted market price or no other observable market price are recognized as *Financial assets* and are measured at their acquisition cost adjusted for impairment losses.

*Financial assets* further include loans granted to UBS AG that substantially mirror the terms of AT1 perpetual capital notes issued and fixed-term deposits with UBS AG with maturities more than 12 months after the balance sheet date. The loans and deposits are measured at nominal value.

→ **Refer to Note 14 for more information**

### **Derivative instruments**

UBS Group AG uses derivative instruments to manage exposures to foreign currency risks from investments in foreign subsidiaries. The derivative instruments are entered into with UBS AG, mirroring the conditions of the closing transactions UBS AG enters into with third parties.

Derivative instruments are measured at fair value based on quoted market prices or other observable market prices as of the balance sheet date. Unrealized gains and losses are recognized as *Accrued income and prepaid expenses* and *Accrued expenses and deferred income*, respectively. Corresponding gains and losses resulting from fair value changes are recognized in *Financial income* and *Financial expenses*, respectively.

UBS Group AG standalone financial statements

**Note 2 Accounting policies (continued)**

**Investments in subsidiaries**

Investments in subsidiaries are equity interests that are held to carry on the business of UBS Group or for other strategic purposes. They include all subsidiaries directly held by UBS Group AG through which UBS conducts its business on a global basis. The investments are measured individually and carried at cost less impairment.

→ **Refer to Note 13 for more information**

→ **Refer to Note 2 in the “Consolidated financial statements” section of this report for a description of businesses of the UBS Group**

**Treasury shares**

Treasury shares acquired by UBS Group AG are recognized at acquisition cost and are presented as a deduction from shareholders' equity. Upon disposal or settlement of related share awards, the realized gain or loss is recognized through the income statement as *Financial income* and *Financial expenses*, respectively. For settlement of related share awards, the realized gains and losses on treasury shares represent the difference between the market price of the treasury shares at settlement and their acquisition cost.

For shares of UBS Group AG acquired by a direct or indirect subsidiary, a *Reserve for own shares held by subsidiaries* is generally created in UBS Group AG's equity. However, where UBS AG or UBS Switzerland AG acquire shares of UBS Group AG and hold them in their trading portfolios, no *Reserve for own shares held by subsidiaries* is created.

→ **Refer to Note 19 for more information**

**Equity participation and other compensation plans**

**Transfer from UBS AG to UBS Group AG**

The transfer of the deferred compensation plans and related hedging assets in 2014 was conducted on an arm's length basis, with a step-up of the plan obligation to fair value. This step-up resulted in a net liability that was recorded in the standalone financial statements of UBS AG and transferred to UBS Group AG (net liability related to deferred compensation plan transfer) in 2014. The fair value of this net liability is taken into account in the income statement over the average vesting period (for share awards) or upon exercise / expiry (for option awards) as *Other operating income*. Upon exercise of option awards that are settled using conditional capital, the fair value of this net liability is recorded in the *Statutory capital reserve* within *General reserves*. The difference between the fair value of the hedging assets and the fair value of the obligations on the plans transferred was compensated for with a loan from UBS AG to UBS Group AG.

## Equity participation plans

The grant date fair value of equity-settled share-based compensation awards granted to employees is generally recognized over the vesting period of the awards. Awards granted in the form of UBS Group AG shares and notional shares are settled by delivering UBS Group AG shares at vesting and are recognized as *Compensation-related long-term liabilities* if vesting is more than 12 months after the balance sheet date or as *Accrued expenses and deferred income* if vesting is within 12 months from the balance sheet date. The amount recognized is adjusted for forfeiture assumptions, such that the amount ultimately recognized is based on the number of awards that meet the related service conditions at the vesting date. The grant date fair value is based on the UBS Group AG share price, taking into consideration post-vesting sale and hedge restrictions, non-vesting conditions and market conditions, where applicable.

Upon settlement of the share awards, any realized gain or loss is recognized in the income statement as *Other operating income* and *Other operating expenses*, respectively. Realized gains and losses on share awards represent the difference between the market price of the treasury shares at settlement and the grant date fair value of the share awards.

For certain awards, employees receive beneficial and legal ownership of the underlying UBS Group AG shares at the grant date (prepaid awards). Such prepaid awards are recognized as *Prepaid assets* if vesting is more than 12 months after the balance sheet date or as *Accrued income and prepaid expenses* if vesting is within 12 months from the balance sheet date.

Shares awarded to employees that are settled using conditional capital are accounted for as follows at settlement: the amount paid by the employees for the nominal value of the shares awarded is recorded in *Share capital*, while any paid amount exceeding the nominal value is considered to be share premium and is recorded in the *Statutory capital reserve* within *General reserves*.

## Other compensation plans

Deferred compensation plans that are not share-based, including DCCP awards and awards in the form of AIVs, are accounted for as cash-settled awards. The present value or fair value of the amount payable to employees that is settled in cash is recognized as a liability generally over the vesting period, as *Compensation-related long-term liabilities* if vesting is more than 12 months after the balance sheet date and as *Accrued expenses and deferred income* if vesting is within 12 months from the balance sheet date. The liabilities are remeasured at each balance sheet date at the present value of the corresponding DCCP award and the fair value of investments in AIVs, respectively. Gains and losses resulting from remeasurement of the liabilities are recognized in *Other operating income* and *Other operating expenses*, respectively.

## **Note 2 Accounting policies (continued)**

### **Recharge of compensation expenses**

Expenses related to deferred compensation plans are recharged by UBS Group AG to its subsidiaries employing the personnel. Upon recharge, UBS Group AG recognizes a receivable from its subsidiaries corresponding to a liability representing its obligation toward employees.

### **Dispensations in the standalone financial statements**

As UBS Group AG prepares consolidated financial statements in accordance with IFRS, UBS Group AG is exempt from various disclosures in the standalone financial statements. The dispensations include the management report and the statement of cash flows, as well as certain note disclosures.

**Note 13 Investments in subsidiaries**

Unless otherwise stated, the subsidiaries listed below have share capital consisting solely of ordinary shares, which are held by UBS Group AG or UBS AG, respectively. The proportion of ownership interest held is equal to the voting rights held by UBS Group AG or UBS AG, respectively. The country where the respective registered office is located is also the principal place of business. UBS AG operates through a global network of branches and a significant proportion of its business activity is conducted outside Switzerland in the UK, US, Singapore, Hong Kong and other countries. UBS Europe SE has branches and offices in a number of EU member states, including Germany, Italy, Luxembourg, Spain and Austria. Share capital is provided in the currency of the legally registered office.

In 2017, UBS transferred shared services functions in Switzerland from UBS AG to UBS Business Solutions AG. This transfer resulted in a decrease of the investment value of UBS AG and a corresponding increase in the investment value of UBS Business Solutions AG.

UBS Group Funding (Jersey) Ltd. was dissolved in 2017.

**General rules**

Under the Swiss Federal Act on Financial Market Infrastructures and Market Conduct in Securities and Derivatives Trading of 19 June 2015 (FMIA), anyone holding shares in a company listed in Switzerland, or holding derivative rights related to shares of such a company, must notify the company and the SIX Swiss Exchange (SIX) if the holding reaches, falls below or exceeds one of the following thresholds: 3, 5, 10, 15, 20, 25, 33 $\frac{1}{3}$ , 50, or 66 $\frac{2}{3}$ % of voting rights, regardless of whether or not such rights may be exercised. Nominee companies that cannot autonomously decide how voting rights are exercised are not obligated to notify the company and SIX if they reach, exceed or fall below the threshold percentages.

Pursuant to the Swiss Code of Obligations, UBS discloses in its financial statements the identity of any shareholder with a holding of more than 5% of the total share capital of UBS Group AG.

**Shareholders not registered in the UBS share register**

According to the FMIA disclosure notifications filed with UBS Group AG and the SIX as of 31 December 2018, the following entities held more than 3% of the total share capital of UBS Group AG: Dodge & Cox, San Francisco, disclosed a holding of 3.03% of the total share capital of UBS Group AG on 30 November 2018; BlackRock Inc., New York, disclosed a holding of 4.99% on 28 August 2018; and MFS Investment Management, Boston, disclosed a holding of 3.05% on 10 February 2016. The above disclosures have not been subsequently superseded and no new disclosures of significant shareholdings have been made since 31 December 2018.

In accordance with the FMIA, the aforementioned holdings are calculated in relation to the total share capital of UBS Group AG reflected in its Articles of Association at the time of the respective disclosure notification.

Information on disclosures under the FMIA is available at [www.six-exchange-regulation.com/en/home/publications/significant-shareholders.html](http://www.six-exchange-regulation.com/en/home/publications/significant-shareholders.html).
