OTHER INCOME/(EXPENSE)							
Miscellaneous income	-	0.00 %	385	-	(385)	-100.00	%

Net loss	\$ (133,212)	-58.46 %	\$ (15,590)	-5.44 %	\$(117,622)	754.47	%

Revenues for the quarter ended January 31, 2016 were \$227,886 compared to revenues of \$286,404 for the quarter ended January 31, 2015. The decrease is caused, primarily, by the decrease in our apparel sales from \$278,799 for the three months ended January 31, 2015, to \$173,011 for the three month period ended January 31, 2016. We attribute the decrease to the mild winter in our primary selling markets. We continue to focus most of our resources and efforts toward the development of a market for our House Wrap product line. During the three month period ended January 31, 2016 House Wrap sales totaled \$54,875 in comparison with \$7,605 during the three month period ended January 31, 2015. Our net loss for the three months ended January 31, 2016 was (\$133,212).

Our selling, general and administrative expenses were \$243,864 for the three months ended January 31, 2016 compared to \$151,907 for the three months ended January 31, 2015. The increase is primarily on account of the increase in professional fees from \$14,217, for the three months ended January 31, 2015, to \$111,871, for the three month period ended January 31, 2016.

INNOVATIVE DESIGNS, INC.

Liquidity and Capital Resources

During the quarter ended January 31, 2016, we funded our operations from revenues from sales and private sales of our securities.

Short Term: We will continue to fund our operations from sales and the sale of our securities. We continue to pay our creditors when payments are due. We will require more funds to be able to order the material for our House Wrap product and to purchase equipment needed for the manufacture of the INSULTEX product. The Company has reached an agreement with the manufacturer of the INSULTEX material to purchase a machine capable of producing the INSULTEX material. Also included in the proposed agreement will be the propriety formula that creates INSULTEX. The Company took delivery of the equipment in December 2015. The Company is currently in the process of having the delivery site prepared for the installation of the equipment. The Company will produce INSULTEX under its own brand name. The Company hopes to have the machine assembled and fully installed and capable of producing INSULTEX by the end of May. See Note 8 of the Notes to the Condensed Financial Statements.

Long Term: The Company will continue to fund its operations from revenues, borrowings from private parties and the possible sale of our securities. Should we not be able to rely on the private sources for borrowing and /or increased sales, our operations would be severely affected as we would not be able to fund our purchase orders to our suppliers for finished goods and our efforts to produce our own INSULTEX would be delayed.

INNOVATIVE DESIGNS, INC.

PART II – OTHER INFORMATION

A total of 579,000 shares of common stock were sold, resulting in proceeds of \$314,830. In addition, the Company issued 90,000 shares to three individuals for services performed during the period. The shares issued were valued at \$0.50 - \$0.73 per share or an aggregate price of \$52,200. ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide the information otherwise required by this Item.

ITEM 4T. CONTROLS AND PROCEDURES

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures. During the quarter ended January 31, 2016, our principle executive/financial officer concluded that these controls and procedures were ineffective. At this time we do not have the financial resources to employ a financial staff with accounting and financial expertise, once we have the necessary financial resources, we plan to hire and designate an individual responsible for identifying reportable developments and to implement procedures designed to remediate the material weakness by focusing additional attention and resources in our internal accounting functions. During the third quarter of 2015, the Company was not able to close the books and records in a timely fashion. Consequently, the Company was unable to file its Form 10-Q for the period ended July 31, 2015 within the timeline established by the SEC and was required to seek an extension for filing the form. There were no reclassifications made during the first quarter of 2015.

Changes in Internal Control Over Financial Reporting

During the most recent fiscal quarter, there were no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13(a)-15 or 15d-15 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
