Introduction

On January 15, 2015, Glimcher Realty Trust ("Glimcher") and Glimcher Properties Limited Partnership ("GPLP") executed upon an agreement (the "Merger Agreement") with Washington Prime Group Inc. ("WPG"), Washington Prime Group, L.P. ("WPGLP"), WPG Subsidiary Holdings I, LLC ("Merger Sub I") and WPG Subsidiary Holdings II Inc. ("Merger Sub II") where Glimcher merged with and into Merger Sub I, which is a direct wholly-owned subsidiary of WPGLP (such transaction, the "Merger"). After the completion of the Merger, WPG is now conducting business under the name "WP Glimcher" and will use such name for all purposes, except as otherwise required by law or contract. At WPG's 2015 annual meeting of shareholders, the holders of WPG common shares will be asked to vote on a proposal to amend the WPG articles of incorporation to change the name of WPG to "WP Glimcher Inc."

Under the terms of the Merger Agreement each outstanding Glimcher common share (other than certain common shares as set forth in the Merger Agreement) converted into the right to receive the Merger consideration, which consists of: (x) \$10.40 in cash, without interest and (y) 0.1989 of a WPG common share. The total transaction value, including the assumption of debt, was \$4.2 billion as of January 15, 2015 assuming 0.1989 of a WPG common share was valued at \$3.62 for purposes of determining the total total transaction value, which was calculated by multiplying 0.1989 by the closing price of WPG common shares of \$18.18 on January 15, 2015. Approximately 28.8 million shares of WPG common stock were issued to Glimcher shareholders in connection with the Merger.

Additionally, (i) each outstanding Glimcher 8.125% Series G Cumulative Redeemable Preferred Shares of Beneficial Interest (the "Glimcher Series G Preferred Shares") was converted into one share of 8.125% Series G Cumulative Redeemable Preferred Stock, par value \$0.0001 per share, of WPG (the "WPG Series G Preferred Shares"), (ii) each outstanding Glimcher 7.5% Series H Cumulative Redeemable Preferred Shares of Beneficial Interest (the "Glimcher Series H Preferred Shares") was converted into one share of 7.5% Series H Cumulative Redeemable Preferred Stock, par value \$0.0001 per share, of WPG (the "WPG Series H Preferred Shares") and (iii) each outstanding Glimcher 6.875% Series I Cumulative Redeemable Preferred Shares of Beneficial Interest (the "Glimcher Series I Preferred Shares") was converted into one share of 6.875% Series I Cumulative Redeemable Preferred Stock, par value \$0.0001 per share, of WPG (the "WPG Series I Preferred Shares"). In all cases, the WPG Series G Preferred Shares, the WPG Series H Preferred Shares, and the WPG Series I Preferred Shares have the preferences, rights and privileges substantially identical to their corresponding GRT preferred shares. In connection with the closing of the Merger, WPG plans to redeem all of the WPG Series G Preferred Shares.

The Merger Agreement also provided for the merger of Merger Sub II with and into GPLP. At the effective time of the Merger, (i) each outstanding GPLP operating partnership unit issued and outstanding (other than certain GPLP units as set forth in the Merger Agreement and the GPLP Series I-1 preferred limited partnership units as described below) converted into the right to receive 0.7431 of a newly issued, fully paid and non-assessable WPGLP unit and (ii) each GPLP Series I-1 preferred limited partnership unit issued and outstanding immediately prior to such effective time converted into one preferred unit of WPGLP having the preferences, rights and privileges substantially identical to the preference, rights and privileges of the Glimcher Series I-1 preferred limited partnership unit prior to such Merger.

Concurrent with the execution of the Merger Agreement, WPGLP and Simon Property Group, L.P. ("Simon LP") entered into a purchase and sale agreement (the "Purchase Agreement"), pursuant to which GPLP sold (i) the equity interests in the owner of Jersey Gardens, a regional mall located in Elizabeth, New Jersey ("Jersey Gardens") and (ii) the equity interests in the owner of University Park Village, an open-air center located in Fort Worth, Texas ("University Park") to Simon LP for \$1.09 billion (subject to certain adjustments and apportionments as described in the Purchase Agreement) (the "Property Sale"). The Property Sale also included the assumption of \$405.0 million of mortgage debt associated with Jersey Gardens and University Park. The closing of such sale occurred substantially simultaneously with the completion of the Merger.

On September 16, 2014, in connection with the execution of the Merger Agreement, WPG entered into a debt commitment letter, which was amended and restated on September 23, 2014 from the initial commitment parties, pursuant to which the initial commitment parties agreed to provide a \$1.25 billion senior unsecured bridge loan facility (the "Bridge Facility"), which we refer to as the bridge facility. On October 6, 2014, additional commitment parties became parties to the debt commitment letter by way of a joinder agreement and were assigned a portion of the initial commitment parties' commitments thereunder. In connection with the Merger, WPG borrowed approximately

\$1.2 billion on the Bridge Facility.

The unaudited pro forma financial statements have been adjusted to give effect to the Merger and have been developed from and should be read in conjunction with the following:

- the accompanying notes to the unaudited pro forma financial statements;
- the historical audited consolidated and combined financial statements of WPG as of and for the year ended December 31, 2014 included in WPG's Annual Report on Form 10-K for the year then ended, filed with the SEC on February 26, 2015; and
- the historical audited consolidated financial statements of Glimcher as of and for the year ended December 31, 2014, included in this filing as Exhibit 99.1.

The unaudited pro forma condensed consolidated statement of operations for the year ended December 31, 2014 gives effect to the Merger as if it had occurred on January 1, 2014. The unaudited pro forma condensed consolidated balance sheet as of December 31, 2014 gives effect to the Merger as if it had occurred on December 31, 2014. The historical consolidated financial statements of Glimcher have been adjusted to reflect certain reclassifications in order to conform to WPG's financial statement presentation.

In addition to adjustments to give effect to the Merger, the unaudited pro forma condensed consolidated financial statement include pro forma adjustments to give effect to:

- Glimcher's 2014 acquisition of a shopping center located in Oklahoma City, Oklahoma on Glimcher's consolidated statement of operations as if this transaction occurred on January 1, 2014;
- WPG's 2014 acquisition of controlling interests in nine shopping centers on WPG's consolidated and combined statement of operations for the year ended December 31, 2014 as if these transactions occurred on January 1, 2014;
- the Series G preferred share redemption as if the transaction occurred on January 1, 2014 for purposes of the pro forma statement of operations and on December 31, 2014 for purposes of the pro forma balance sheet; and
- the Property Sale as if the transaction occurred on January 1, 2014 for purposes of the pro forma statement of operations and on December 31, 2014 for purposes of the pro forma balance sheet.

The unaudited pro forma condensed consolidated financial statements were prepared using the acquisition method of accounting, with WPG considered the acquiror of Glimcher. The purchase price is allocated to the underlying Glimcher tangible assets acquired and liabilities assumed, acquired intangibles which are all based on preliminary estimates of their respective fair values.

The pro forma adjustments and the purchase price allocation as presented are based on estimates and certain limited information that is currently available. Therefore, the provisional measurements of fair value reflected have not yet been finalized, are subject to change, and could vary materially from the actual amounts. A final determination of the fair value of Glimcher's assets and liabilities, including intangibles, will be made within the measurement period, not to exceed one year from the January 15, 2015 merger date. As a result of the foregoing, the pro forma adjustments are preliminary and are subject to change as additional information becomes available and as additional analyses are performed. The preliminary pro forma adjustments have been made solely for the purpose of providing the unaudited pro forma condensed consolidated financial statements presented below. WPG estimated the fair value of Glimcher's assets and liabilities based on discussions with Glimcher's management, preliminary valuation studies, due diligence and information presented in Glimcher's public filings. Any increases or decreases in the fair value of relevant balance sheet amounts upon completion of the final valuations will result in adjustments to the pro forma condensed consolidated balance sheet and/or pro forma condensed consolidated statement of operations. The final purchase price allocation may be different than that reflected in the pro forma purchase price allocation presented herein, and this difference may be material.

Assumptions and estimates underlying the unaudited adjustments to the unaudited pro forma financial statements are described in the accompanying notes. The historical consolidated and combined financial statements have been adjusted in the unaudited pro forma financial statements to give pro forma effect to events that are: (1) directly attributable to the Merger, (2) factually supportable, and (3) expected to have a continuing impact on the results of operations of the combined results of WP Glimcher. This information is presented for illustrative purposes only and is not indicative of the combined operating results or financial position that would have occurred if such transactions had occurred on the dates and in accordance with the assumptions described below, nor is it indicative of future operating results or financial position.

The unaudited pro forma financial statements, although helpful in illustrating the financial characteristics of WP Glimcher under one set of assumptions, do not reflect opportunities to earn additional revenue, or other factors that may result as a consequence of the Merger and do not attempt to predict or suggest future results. By way of example, the projected operating synergies are approximately \$8 - \$12 million in combined annual cost savings (these synergies have not been reflected in the pro forma condensed consolidated statements of operations). The unaudited pro forma condensed consolidated financial statements also exclude the effects of costs associated with any restructuring or integration activities or asset dispositions which may occur (other than the Property Sale), as they are currently not known, and to the extent they occur, are expected to be non-recurring and were not incurred at the closing date of the Merger. However, such costs could affect WP Glimcher following the Merger in the period the costs are incurred or recorded. Further, the unaudited pro forma condensed consolidated financial statements do not reflect the effect of any regulatory actions that may impact the results of WP Glimcher following the Merger.

WP Glimcher

Notes to Pro Forma Financial Statements

1. Overview

The pro forma financial statements have been prepared assuming the Merger is accounted for using the acquisition method of accounting under generally accepted accounting principles applied in the United States with WPG as the acquiring entity. Accordingly, the total purchase price is allocated to the Glimcher tangible acquired assets and liabilities assumed, and identifiable intangible assets of Glimcher based on preliminary estimates of their respective fair values, as described further below.

To the extent identified, certain reclassifications have been reflected in the pro forma adjustments to conform Glimcher's financial statement presentation to that of WPG, as described in Note 2.

The pro forma adjustments represent WPG management's estimates based on information available and are subject to change as additional information becomes available and additional analyses are performed. The pro forma financial statements do not reflect the impact of possible revenue or earnings enhancements, cost savings from operating efficiencies or synergies, or asset dispositions (other than the Property Sale). Also, the pro forma financial statements do not contemplate possible adjustments related to restructuring or integration activities, or transaction or other costs following the merger that are not expected to have a continuing impact.

The pro forma statement of operations for the year ended December 31, 2014 combines the historical consolidated and combined statements of operations of WPG (after giving effect to WPG's 2014 property acquisitions) and Glimcher (after giving effect to a 2014 acquisition, as well as dispositions that were previously recognized within discontinued operations in the historical financial statements of Glimcher), giving effect to the Merger, Series G preferred share redemption and Property Sale as if they had been consummated on January 1, 2014, the beginning of the earliest period presented. The December 31, 2014 pro forma balance sheet combines the historical consolidated and combined balance sheets of WPG and Glimcher as if the Merger, WPG Series G preferred share redemption and Property Sale had occurred on this date.

Preliminary Estimated Purchase Price Allocation

The total purchase price described in the Introduction above has been allocated to the Glimcher tangible assets acquired, intangibles acquired and liabilities assumed for purposes of these pro forma condensed consolidated financial statements, based on their estimated relative fair values assuming the Merger was completed on the pro forma condensed consolidated balance sheet date presented. The final allocation will be based upon valuations and other analyses for which there is currently insufficient information to make a definitive allocation. Accordingly, the purchase price allocation adjustments are preliminary and have been made solely for the purpose of providing pro forma condensed consolidated financial statements. The final purchase price allocation will be determined after completion of a thorough analysis to determine the fair value of Glimcher's tangible assets and liabilities, including fixed assets and identifiable intangible assets and liabilities, within the measurement period, not to exceed one year from the January 15, 2015 merger date. As a result, the final acquisition accounting adjustments could differ materially from the pro forma adjustments presented herein.

Balance Sheet Adjustments

The real estate assets of Glimcher have been adjusted to their estimated fair values as of December 31, 2014. A third party was used to assist in estimating the fair value primarily by applying a capitalization rate to net operating income, using third party appraisals that were recently prepared as applicable, as well as other available market data. The preliminary estimated purchase price allocation was performed using the closing price of WPG's common shares as of the closing date of the Merger. The preliminary estimated purchase price allocation by asset/liability category is detailed below (in thousands):

Asset/Liability Category	Estimated Fair Value	Location on the WP Glimcher Pro Forma Balance Sheet	Weighted Average Useful Life in Years

Net below-market lease value, net	\$81,252	Accounts payable, accrued expenses, intangibles and deferred revenue	5.2 years

The fair values assigned to the real estate assets above do not include the \$1.09 billion estimated fair value of the properties sold in the Property Sale.

(C) Accumulated depreciation for Glimcher's historical assets have been eliminated as the assets have been presented at their estimated fair value.

(D) Glimcher's historical straight-line receivable balance of \$25.5 million is eliminated.

Glimcher's historical book value of leasing commissions, above-market lease assets, lease in place value, tenant relationship assets, and loan and commitment fees of \$36.0 million, \$20.3 million, \$36.7 million, \$0.4 million, and \$14.0 million, respectively, is eliminated. The amount also includes the addition of estimated loan and commitment fees ("bridge loan fees") relating to the bridge loan, as defined in (H) below, of \$7.7 million. Per the terms of the commitment letter and related fee letters, the bridge loan is subject to the following fees: a commitment fee of 0.25% on total capacity, a structuring fee of 0.15% on total capacity, a funding fee of 0.15% on advances, a duration fee of 0.4% on outstanding balance and a ticking fee of 0.2% per annum accruing on the undrawn balance from 90 days post commitment to closing date. For pro forma purposes, the fees totaling \$11.6 million have been calculated assuming approximately \$1.2 billion (see Note (U)) drawn at the Merger closing date prior to 90 days post commitment net of the \$3.9 million in fees already incurred, and capitalized. Finally, the amount includes estimated fair value of leasing commissions of \$66.0 million, lease in place value of \$178.5 million, and a net below-market ground lease asset in the amount of \$1.1 million.

(E) Amount relates to the \$405.0 million debt assumed by Simon LP in connection with the Property Sale, the repayment of \$19.0 million of bonds issued with the development of Jersey Gardens, and the elimination of Glimcher's historical mark-to-market balance of \$1.2 million, net of the estimated fair value adjustment to the assumed debt of \$19.7 million.

(F) The notes payable balance of Glimcher was repaid in connection with the closing of the Merger using proceeds from the bridge loan.

Notes to Pro Forma Financial Statements

The funds are anticipated to be drawn under the \$1.25 billion bridge facility (or bridge loan) that WPG currently has in place. Amounts are estimated to be drawn on the bridge loan for the following uses: \$1,505.8 million for the payment of cash equivalent to \$10.40 per share to the shareholders of Glimcher, \$117.8 million for the Series G preferred share redemption, \$86.0 million for the payment of estimated additional costs associated with the merger, (of which \$16.3 million is included in accounts payable), net of the \$24.0 million in merger related costs already incurred, \$19.0 million for the payment of bonds associated with the development of Jersey Gardens, \$135.0 million to repay Glimcher's outstanding notes payable and initial excess cash borrowed of \$44.6 million. These amounts will be offset by the estimated \$685.0 million gross proceeds from the Property Sale, net of the seller paid closing costs and pro-rations of working capital of \$7.1 million (\$1.09 billion of purchase price less Simon LP's assumption of the related mortgage debt of \$405.0 million).

(H) Glimcher's historical below-market lease balance of \$54.8 million and straight-line rent payable balance of \$6.9 million is eliminated. Amount also includes the estimated fair value adjustment of above/below-market lease value, net of \$81.3 million as well as unpaid transaction costs of \$16.3 million netted against the \$7.1 million of pro-rations of working capital related to the Property Sale.

(I) Amount includes the Series G preferred share redemption of \$117.8 million, which originally had a book value of \$109.9 million. The Series H and Series I preferred shares that will be converted to WP Glimcher preferred shares had a fair value adjustment of \$15.9 million. Fair value was calculated using the closing price of the Glimcher Series H Preferred Shares and Glimcher Series I Preferred Shares as of January 15, 2015.

(J) The additional common shares issued are calculated by converting the Glimcher common shares into WPG common shares as follows: for every Glimcher share, each shareholder received 0.1989 of a WPG common share. The shares were converted using the closing price of WPG shares as of January 15, 2015 resulting in an increase of \$523.5 million less the \$1,296.1 million historical Glimcher balance. This amount was further offset by a \$33.0 million adjustment to noncontrolling interests. Lastly, the amounts include an \$7.0 million increase for the fair value of the pre-combination service for restricted share awards as of January 15, 2015.

(K) The Glimcher balance of distributions in excess of accumulated earnings of \$1,010.5 million has been eliminated. Estimated costs of the transaction are estimated to be \$86.0 million net of the \$20.0 million in costs already incurred and charged to expense through December 31, 2014. These costs primarily consist of fees expected to be (L) paid to investment bankers, due diligence costs, legal, accounting, tax, and other expenses related to the Merger. This amount has been reduced by the \$11.6 million related to the estimated loan and commitment fees on the bridge loan, which are reflected as capitalized in (E) above. Also, Glimcher's historical accumulated other comprehensive loss of \$0.7 million has been eliminated.

(M) The increase in noncontrolling interests relates to the conversion of operating partnership units as follows: for every one GPLP unit, each unit holder received 0.7431 WPGLP units. The units were converted using the closing price of WPG shares as of January 15, 2015 resulting in an increase of \$29.5 million less the \$12.3 million historical Glimcher balance. In addition, reflected is an adjustment to additional paid in capital of \$33.0 million to reflect the limited partners' pro forma interest of 15.9%.

Notes to Pro Forma Financial Statements

Earnings per share, basic and diluted, was calculated assuming the stock and operating partnership units related to the merger were issued on January 1, 2014. The calculation of basic and diluted earnings per share assumes the issuance of 28.8 million common shares converted in the Merger. The calculation of diluted earnings per share assumes the conversion of 1.6 million operating partnership units converted in the Merger and is as follows (in thousands, except per share data):
