**HAVERTY FURNITURE COMPANIES, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**NOTE A Business and Reporting Policies**

Haverty Furniture Companies, Inc. ( Havertys, the Company, we, our, or us ) is a full service home furnishings retailer. The Company operates its stores using the Havertys brand and does not franchise its concept. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and therefore do not include all information and footnotes required by generally accepted accounting principles in the United States for complete financial statements. The financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. We believe all normal, recurring adjustments considered necessary for a fair presentation have been included.

The preparation of condensed consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the consolidated financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

The Company is subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. We believe that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on our financial condition or results of operations.

For further information, refer to the consolidated financial statements and footnotes thereto included in Havertys Annual Report on Form 10-K for the year ended December 31, 2008.

**NOTE B Recent Accounting Standards**

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157), which defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 was effective for us on January 1, 2008 for all financial assets and liabilities and for nonfinancial assets and liabilities recognized or disclosed at fair value in our Consolidated Financial Statements on a recurring basis (at least annually). For all other nonfinancial assets and liabilities, this statement is effective for us on January 1, 2009. The adoption of SFAS 157 did not have a material impact on our Consolidated Financial Statements. We have a self-directed, non-qualified deferred compensation plan for certain executives and other highly compensated employees. The investment assets are valued using quoted market prices multiplied by the number of shares held, a Level 1 valuation technique under SFAS 157, and totaled \$1.0 million and \$1.2 million at March 31, 2009 and December 31, 2008, respectively. The related deferred compensation liability is recorded at the same amount given the rights of the participants.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements* (SFAS 160). SFAS 160 establishes new accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This statement was effective for us on January 1, 2009. We had no minority interests as of March 31, 2009 or December 31, 2008.

## Edgar Filing: HAVERTY FURNITURE COMPANIES INC - Form 10-Q

In March 2008, the Financial Accounting Standards Board (FASB) issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities - An Amendment of SFAS No. 133* (SFAS 161). SFAS 161 seeks to improve financial reporting for derivative instruments and hedging activities by requiring enhanced disclosures regarding the impact on financial position, financial performance, and cash flows. This statement was effective for us on January 1, 2009. We had no derivative instruments and did not engage in hedging activities for the periods covered in our Consolidated Financial Statements.

---

**HAVERTY FURNITURE COMPANIES, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

In June 2008, the FASB issued FSP Emerging Issues Task Force (EITF) 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities* (FSP 03-6-1). FSP 03-6-1 clarifies that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and are to be included in the computation of earnings per share under the two-class method described in SFAS No. 128, *Earnings Per Share*. This FSP was effective for us on January 1, 2009 and did not have a material impact on our earnings per share calculations.

In December 2008, the FASB issued FASB Staff Position (FSP) No.132 (R)-1, *Employers' Disclosures about Pensions and Other Postretirement Benefits* (FSP 132R-1). FSP 132R-1 requires enhanced disclosures about the plan assets of a Company's defined benefit pension and other postretirement plans. This FSP is effective for us for our annual financial statements for 2009.

In April 2009, the FASB issued SFAS No. 107-1 and APB No. 28-1, *Disclosures about the Fair Value of Financial Instruments* (SFAS 107-1 and APB 28-1), which require quarterly disclosure of information about the fair value of financial instruments within the scope of FASB Statement No. 107, *Disclosures about Fair Value of Financial Instruments*. SFAS 107-1 and APB 28-1 have an effective date requiring adoption by the second quarter of 2009.

**NOTE C Accounts Receivable**

Accounts receivable balances resulting from certain credit promotions have scheduled payment amounts which extend beyond one year. Portions of the receivables are classified as long-term based on the specific programs' historical collection rate, which is generally faster than the scheduled rate. The portions of receivables contractually due beyond one year classified as current and long-term are estimates. The timing of actual collections that are contractually due beyond one year may be different from the amounts estimated to be collected within one year. However, based on experience, we do not believe the collection rate will differ significantly. At March 31, 2009 and December 31, 2008, the accounts receivable contractually due beyond one year from the respective balance sheet dates totaled approximately \$4.1 million and \$4.9 million, respectively.

**NOTE D Interim LIFO Calculations**

An actual valuation of inventory under the LIFO method can be made only at the end of each year based on actual inventory levels and recent costs. Accordingly, interim LIFO calculations must necessarily be based on management's estimates. Since these estimates may be affected by factors beyond management's control, interim calculations are subject to the final year-end LIFO inventory valuations.

**NOTE E Property and Equipment**

During the first quarter of 2009, the Company entered into a sale-leaseback transaction for one of its retail stores. The property had a net book value of \$4.6 million and the sale resulted in net proceeds of \$6.6 million. The gain on the transaction was deferred and is being amortized over the term of the 10-year operating lease agreement.

**NOTE F Income Taxes**

Our tax provision for interim periods is determined using an estimate of our annual effective tax rate, adjusted for discrete items, if any, that are taken into account in the relevant period. Each quarter we update our estimate of the annual effective tax rate, and if our estimated tax rate changes we make a year to date adjustment. In light of the continued downturn in the home furnishings retail market and the uncertainty as to its length and magnitude, during the fourth quarter of 2008, we anticipated being in a three-year cumulative loss position during 2009. According to SFAS 109, cumulative losses in recent years represent significant negative evidence in considering whether deferred tax assets are realizable, and also generally preclude relying on projections of future taxable income to support the recovery of deferred tax assets. Therefore, during the fourth quarter of 2008, we recorded a valuation allowance totaling approximately \$18.0 million against substantially all of our net deferred tax assets. In the first quarter of 2009, we increased the valuation allowance by approximately \$2.7 million. The valuation allowance was recorded as a reduction to income tax benefit.

**HAVERTY FURNITURE COMPANIES, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

(Unaudited)

**NOTE G Earnings Per Share**

We report our earnings per share using the two-class method as required by the Emerging Issues Task Force (EITF) Issue No. 03-6, *Participating Securities and the Two-Class Method under FASB Statement No. 128, Earnings Per Share* (SFAS 128). EITF 03-6 requires the income or loss per share for each class of common stock to be calculated assuming 100% of our earnings or loss are distributed as dividends to each class of common stock based on their contractual rights.

The Common Stock of the Company has a preferential dividend rate of at least 105% of the dividend paid on the Class A Common Stock. The Class A Common Stock, which has ten votes per share as opposed to one vote per share for the Common Stock (on all matters other than the election of directors), may be converted at any time on a one-for-one basis into Common Stock at the option of the holder of the Class A Common Stock.

The amount of earnings or loss used in calculating diluted earnings per share of Common Stock is equal to net income or loss since the Class A shares are assumed to be converted. Diluted earnings per share of Class A Common Stock includes the effect of dilutive common stock options and awards which reduces the amount of undistributed earnings allocated to the Class A Common Stock.

The following is a reconciliation of the number of shares used in calculating the diluted (loss) earnings per share for Common Stock under SFAS 128 and EITF 03-6 (shares in thousands):

	<b>Three Months Ended</b>	
	<b>March 31, 2009</b>	<b>2008</b>
Common:		
Weighted average shares outstanding	17,322	17,112
Assumed conversion of Class A Common shares	4,005	4,127
Dilutive options, awards and common stock equivalents		204
Total weighted-average diluted Common shares	21,327	21,443

For the three months ended March 31, 2009 and 2008 approximately 2,040,000 shares and 1,988,000 shares, respectively, representing underlying stock options, awards and common stock equivalents were not included in the computation of diluted (loss) earnings per share because inclusion of such shares would be anti-dilutive.

**NOTE H Comprehensive (Loss) Income**

## Edgar Filing: HAVERTY FURNITURE COMPANIES INC - Form 10-Q

Total comprehensive (loss) income, gross of tax, was comprised of the following (in thousands):

### Three Months Ended

March 31,  
2009

2008

Net (loss) income	\$ (7,263 )	\$ 1,032
Amortization of expired derivatives	50	31
Total comprehensive (loss) income	\$ (7,213 )	\$ 1,063

**HAVERTY FURNITURE COMPANIES, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

(Unaudited)

**NOTE 1 Pension Plans**

We have a defined benefit pension plan covering substantially all employees hired on or before December 31, 2005. The pension plan was closed to any employees hired after that date. The benefits are based on years of service and the employee's final average compensation. Effective January 1, 2007, no new benefits are earned under this plan for additional years of service after December 31, 2006.

We also have a non-qualified, non-contributory supplemental executive retirement plan (SERP) for employees whose retirement benefits are reduced due to their annual compensation levels. The total amount of annual retirement benefits per the plans that may be paid to an eligible participant in the SERP from all sources (Retirement Plan, Social Security and the SERP) may not exceed \$125,000. Under the supplemental plan, which is not funded, we pay benefits directly to covered participants beginning at their retirement.

Net pension costs (benefit) included the following components (in thousands):

	<b>Three Months Ended</b>	
	<b>March 31, 2009</b>	<b>2008</b>
Service cost-benefits earned during the period	\$ 28	\$ 28
Interest cost on projected benefit obligations	998	975
Expected return on plan assets	(851 )	(1,168 )
Amortization of prior service cost	52	52
Amortization of actuarial loss (gain)	267	(8 )
Net pension costs (benefit)	\$ 494	\$ (121 )

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion of Haverty's financial condition and results of operations should be read together with the accompanying Condensed Consolidated Financial Statements and related notes thereto and our 2008 Annual Report to Stockholders.

### **Net Sales**

Our sales are generated by customer purchases of home furnishings in our retail stores and beginning in March 2008 via our website. Revenue is recognized upon delivery to the customer.

Sales for the first three months of 2009 decreased \$41.0 million or 22.1% as compared to the prior year period and comparable stores sales decreased 22.9% or \$41.1 million. The remaining \$0.1 million of the change in sales in the first three months of 2009 was from new and otherwise non-comparable stores. Stores are non-comparable if open for less than one year or if the selling square footage has been changed significantly during the past 12 full months. Large clearance sales events from warehouse or temporary locations are excluded from comparable store sales, as are periods when stores are closed or being extensively remodeled.

During the first quarter of 2009, we used slightly more aggressive pricing on select merchandise and continued to promote longer term no interest financing but for somewhat shorter periods. We plan to highlight more of our price point sensitive items within our merchandise line-up to showcase their value. We will continue to use promotions during periodic sales events to drive additional store traffic.

Housing sales, which is one driver of home furnishing purchases, is at historically low levels. Home values have declined and lending has tightened such that consumers have less access to funding for large discretionary purchases for the home. More recent turmoil in the financial markets and rising unemployment have further reduced consumers' inclinations towards spending. We do not anticipate a significant rebound in demand for the remainder of 2009.

### **Gross Profit**

Gross profit for the first quarter of 2009 was 51.1%, a decline of 92 basis points as a percent of net sales compared to the prior year period. We are evaluating a variety of pricing promotions to determine what is most meaningful to the consumer during this big-ticket spending drought. We plan to remain competitive, but not overly aggressive with our pricing structure, as we strive to maintain our gross profit margins at or near the first quarter 2009 levels.

Substantially all of our occupancy and home delivery costs are included in selling, general and administrative expenses as are a portion of our warehousing expenses. Accordingly, our gross profit may not be comparable to those entities that include these costs in cost of goods sold.

**Selling, General and Administrative Expenses**

Selling, general and administrative ( SG&A ) expenses are comprised of five categories: selling; occupancy; delivery and certain warehousing costs; advertising and marketing; and administrative.

Our total SG&A costs in the first quarter of 2009 were approximately \$14.2 million lower compared to the same period last year and \$5.1 million lower than the fourth quarter of 2008.

Selling expenses generally vary with sales volume, and were relatively flat as a percent of net sales for the first quarter of 2009 compared to the prior year period. Occupancy costs are a significant portion of our SG&A costs and are generally fixed. We are evaluating several store locations with leases reaching renewal for potential renegotiations of option terms or possible closures.

Delivery and certain warehousing expenses were down in the first quarter of 2009 as compared to the prior year period. In response to the lower sales levels we adjusted our routes in many of our markets, reducing total headcount and related delivery expenses. Delivery expenses for the first three months of 2009 were down approximately \$2.4 million compared to the prior year period.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)**

Our advertising and marketing expenses decreased by \$1.7 million for the three months ended March 31, 2009, compared to the prior year period. We have adjusted our advertising spending in 2009 focusing more on television with reductions in newspaper and catalog.

Our administrative costs were down \$1.9 million in the first three months of 2009, as compared to 2008. This decrease is due in large part to a reduction in compensation and travel costs offset by increased expense for our retirement plans.

**Credit Service Charge Revenue and Allowance for Doubtful Accounts**

The in-house financing offer most frequently chosen by our customers carries no interest for 12 months and requires equal monthly payments. This program generates very minor credit revenue and it is more cost effective than outsourcing. We offer our customers different credit promotions through a third-party credit provider. Sales financed by this provider are not Havertys' receivables, accordingly, we do not have any credit risk or service responsibility for these accounts, and there is no credit or collection recourse to Havertys. The most popular programs offered through the third-party provider for the first quarter of 2009 were a no payments no interest for twelve months program and no interest offers requiring 18 or 24 monthly payments.

The following summarizes the financing vehicles used, accounts receivable and allowance for doubtful accounts (in thousands):

	<b>Three Months Ended</b>	
	<b>March 31, 2009</b>	<b>2008</b>
Amount financed as a % of sales:		
Havertys	5.9%	9.1%
Third-party	37.0%	37.7%
	42.9%	46.8%
Accounts receivable	\$ 21,398	\$ 56,729
Allowance for doubtful accounts	1,600	2,000
Allowance as a % of accounts receivable	7.5%	3.5%

During January 2008, we ceased offering internally financed programs with payment terms greater than 12 months which had been a significant driver of our portfolio. Collections on our portfolio have continued and with the change in programs, accounts receivable have declined markedly. Our allowance for doubtful accounts as a percentage of receivables is higher in 2009 due to an increase in the delinquency and problem category percentages compared to 2008. The dollar amount of the allowance is down slightly compared with the year ago balance due to the large reduction in total accounts receivable.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)**

**Interest, net**

Interest expense (income), net is primarily comprised of interest expense on the Company's debt and the amortization of the discount on the Company's receivables which have no interest terms for greater than twelve months. The following table summarizes the components of interest expense (income), net (in thousands):

	<b>Three Months Ended</b>	
	<b>March 31, 2009</b>	<b>2008</b>
Interest expense on debt	\$ 250	\$ 632
Amortization of discount on accounts receivable	(42 )	(727 )
Other, including capitalized interest and interest income	(32 )	(36 )
	\$ 176	\$ (131 )

Interest expense on debt decreased in the first three months of 2009 as compared to the 2008 period due to lower levels of average debt.

Prior to January 2008, we made available to customers in-house interest free credit programs, which mostly ranged from 12 to 18 months. In connection with those programs which are greater than 12 months, we are required to discount the payments to be received over the expected life (considering prepayments) of the interest free credit program. The discount is recorded as a charge to cost of goods sold and as a contra receivable and is amortized as a credit to interest expense over the life of the receivable. The amount of amortization has decreased as the receivables generated under longer term, free interest financing promotions have generally been collected.

**Provision for Income Taxes**

The tax rate was (1.0%) and 42.9% for the three months ended March 31, 2009 and 2008, respectively. Our 2009 benefit was offset by a corresponding increase in our deferred tax valuation allowance which was established in the fourth quarter of 2008. The tax expense for the first quarter of 2009 is for Texas state taxes which are based on gross margin and not pre-tax income or loss.

**Balance Sheet Changes for the Three Months Ended March 31, 2009**

Our balance sheet as of March 31, 2009, as compared to our balance sheet as of December 31, 2008, changed as follows:

## Edgar Filing: HAVERTY FURNITURE COMPANIES INC - Form 10-Q

increase in cash of \$5.8 million;

decrease in gross accounts receivable of \$6.7 million as our longer term credit offers were shifted to a third-party provider;

decrease in inventories of \$4.4 million as we adjusted purchases for the weak sales demand;

decrease in property and equipment, net due to a sale-leaseback transaction involving \$4.6 million of net assets;

decrease in accounts payable of \$7.1 million due to a lower level of purchases in the first quarter of 2009 as compared to the fourth quarter of 2008; and

decrease in accrued liabilities of \$5.4 million, primarily as liabilities for accrued payroll and commissions, related taxes, benefits and non-equity incentive pay declined due to lower net sales, reduced head count and normal seasonality.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)**

**Liquidity and Capital Resources**

During the first three months of 2009, our principal source of cash was \$6.6 million from a sale-leaseback transaction for one of our stores.

Our cash flows used in operating activities totaled \$0.4 million in the first three months of 2009 compared to \$0.5 million provided by operations for the same period of 2008. This decrease was primarily the result of working capital changes and the net loss of \$7.3 million in 2009 compared to net income of \$1.0 million in 2008. For additional information about the changes in our assets and liabilities, refer to our Balance Sheet Changes discussion.

Our cash flows provided by investing activities totaled \$6.2 million in the first three months of 2009 versus a use of \$1.4 million in the first three months of 2008. This increase is primarily due to proceeds of \$6.6 million from a sale-leaseback transaction and a reduction of \$1.3 million in capital expenditures.

Our cash flows used in financing activities totaled \$0.1 million in the first three months of 2009 compared to \$3.0 million provided by financing activities for the same period of 2008. This decrease is primarily due to an \$8.3 million decrease in net borrowings on our bank revolver offset by \$2.0 million less in payments on long-term debt and lease obligations, \$1.8 million less in treasury stock purchases and \$1.4 million less in dividend payments.

**Store Plans and Capital Expenditures**

We closed our store in Hattiesburg, Mississippi and exited that market in the first quarter of 2009. Our plans to improve our position by moving from two older stores to one new location in the Little Rock, Arkansas market will be completed in the second quarter. Our planned expenditures for 2009 are \$4.3 million of which \$2.1 million is for store improvements and \$1.5 million for information technology.

**Financings**

Our \$60.0 million revolving credit facility (the "Credit Agreement") is with two banks and terminates in December 2011. The Credit Agreement is secured by our inventory, accounts receivable and cash, and should provide flexibility during this difficult economic cycle. The borrowing base at March 31, 2009 was the full \$60.0 million. Amounts available are reduced by \$10.0 million since a fixed charge coverage ratio test is not met for the immediately preceding twelve month period and also reduced \$9.0 million for outstanding letters of credit at March 31, 2009, resulting in a net availability of \$41.0 million. There were no borrowed amounts outstanding under the Credit Agreement at March 31, 2009.

## Edgar Filing: HAVERTY FURNITURE COMPANIES INC - Form 10-Q

We believe that cash balances, funds from operations, proceeds from sales of properties and use of our Credit Agreement are adequate to fund our working capital requirements, capital expenditures and benefit plan contributions for the foreseeable future.

### Forward-Looking Information

Certain of the statements in this Form 10-Q, particularly those anticipating future performance, business prospects, growth and operating strategies and similar matters, and those that include the words believes, anticipates, estimates or similar expressions constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. For those statements, Havertys claims the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. There can be no assurance that the forward-looking statements will be accurate because they are based on many assumptions, which involve risks and uncertainties. The following important factors could cause future results to differ: changes in the economic environment; changes in industry conditions; competition; merchandise costs; energy costs; timing and level of capital expenditures; introduction of new products; rationalization of operations; and other risks identified in Havertys SEC reports and public announcements.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

There have been no material changes with respect to our financial instruments and their related market risks since the date of the Company's most recent annual report. We have exposure to floating interest rates through our Credit Agreement. Therefore, interest expense will fluctuate with changes in LIBOR and other benchmark rates. We do not believe a 100 basis point change in interest rates would have a significant adverse impact on our operating results or financial position.

**Item 4. Controls and Procedures**

As of the end of the period covered by this report, an evaluation was performed under the supervision and with the participation of our management, including the Chief Executive Officer (CEO) and Chief Financial Officer (CFO) of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, our management, including the CEO and CFO, concluded that the Company's disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed in the Company's reports under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including the CEO and CFO, as appropriate, to allow timely decisions regarding disclosure.

## PART II. OTHER INFORMATION

### Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2008, which could materially affect our business, financial condition or future results. The risks described in this report and in our Annual Report on Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition or future results.

Recently, the capital and credit markets have become volatile as a result of adverse conditions resulting in failure, or near failure, of several large financial institutions. If the markets remain volatile, we may incur increased costs of borrowings and our access to credit may be limited.

### Item 6. Exhibits

#### (a) Exhibits

The exhibits listed below are filed with or incorporated by reference into this report (those filed with this report are denoted by an asterisk). Unless otherwise indicated, the exhibit number of documents incorporated by reference corresponds to the exhibit number in the referenced documents.

Exhibit Number	Description of Exhibit (Commission File No. 1-14445)
-------------------	--

3.1	Articles of Amendment and Restatement of the Charter of Haverty Furniture Companies, Inc. effective May 26, 2006 (Exhibit 3.1 to our Second Quarter 2006 Form 10-Q).
