NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements of The Home Depot, Inc. and Subsidiaries (the "Company") have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by U.S. generally accepted accounting principles ("GAAP") for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results of operations for interim periods are not necessarily indicative of results for the entire year. As a result, these statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended January 29, 2017, as filed with the Securities and Exchange Commission on March 23, 2017 (the "2016 Form 10-K").

Valuation Reserves

As of October 29, 2017 and January 29, 2017, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

Recent Accounting Pronouncements

There have been no material changes to the Company's position regarding recent accounting pronouncements pending adoption as disclosed in the 2016 Form 10-K, except as set forth below.

In August 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2017-12, "Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities" which amends the hedge accounting recognition and presentation requirements. ASU No. 2017-12 eliminates the concept of recognizing periodic hedge ineffectiveness for cash flow and net investment hedges and allows the entity to apply the shortcut method to partial-term fair value hedges of interest rate risk. ASU No. 2017-12 is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years, with early adoption permitted in any interim period after issuance of this update. The Company is evaluating the effect that ASU No. 2017-12 will have on its Consolidated Financial Statements and related disclosures.

In May 2014, the FASB issued a new standard related to revenue recognition. Under ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)", revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The guidance permits two methods of adoption: retrospectively to each prior reporting period presented (full retrospective method), or retrospectively with the cumulative effect of initially applying the guidance recognized at the date of initial application (modified retrospective method). ASU No. 2014-09 is effective for annual reporting periods beginning after December 15, 2017, including interim periods within those annual periods.

The Company continues to evaluate the effect that ASU No. 2014-09 will have on its Consolidated Financial Statements and related disclosures and controls. The Company has determined that the adoption of ASU No. 2014-09 will impact the Company's method of recognizing gift card breakage income, which is currently recognized based upon historical redemption patterns. ASU No. 2014-09 requires gift card breakage income to be recognized in proportion to the pattern of rights exercised by the customer when the Company expects to be entitled to breakage. Other areas which could be impacted may be identified as the Company continues its evaluation of ASU No. 2014-09. The Company plans to adopt ASU No. 2014-09 on January 29, 2018 using the modified retrospective method. Recent accounting pronouncements pending adoption not discussed above or in the 2016 Form 10-K are either not applicable or will not have or are not expected to have a material impact on the Company.

2. RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

On January 30, 2017, the Company adopted ASU No. 2016-09, "Compensation-Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting". Upon adoption of this update, all excess tax benefits

or deficiencies related to share-based payment awards are recognized in the Provision for Income Taxes in the period in which they occur. Previously these amounts were reflected in Paid-In Capital. In addition, upon adoption these amounts are classified as an operating activity in the Consolidated Statements of Cash Flows in the period in which they occur. Previously, these

7

 (Unaudited)

amounts were reflected as a financing activity. Cash paid by the Company to tax authorities when directly withholding shares for tax withholding purposes will continue to be classified as a financing activity in the Consolidated Statements of Cash Flows. Stock-Based Compensation Expense will continue to reflect estimated forfeitures of share-based awards. The Company has adopted the applicable provisions of ASU No. 2016-09 prospectively. As a result of the adoption of ASU No. 2016-09, the Company recognized \$7 million and \$92 million of excess tax benefits related to share-based payment awards in its Provision for Income Taxes during the third quarter and first nine months of fiscal 2017, respectively. The recognition of these benefits contributed \$0.01 and \$0.08 to Diluted Earnings per Share for the third quarter and first nine months of fiscal 2017, respectively.

3. LONG-TERM DEBT

In September 2017, the Company issued \$1.0 billion of 2.80% senior notes due September 14, 2027 (the "2027 notes") at a discount of \$3 million. Interest on the 2027 notes is due semi-annually on March 14 and September 14 of each year, beginning March 14, 2018. The \$3 million discount associated with the 2027 notes is being amortized over the term of the notes using the effective interest rate method. Issuance costs of \$6 million associated with the 2027 notes were recorded as a direct deduction to the carrying value of the senior notes and are being amortized over the term of the notes. The net proceeds of the 2027 notes were used to repay the Company's floating rate notes due September 15, 2017 and for general corporate purposes, including repurchases of the Company's common stock. In June 2017, the Company issued \$500 million of floating rate senior notes due June 5, 2020 (the "2020 floating rate notes"); \$750 million of 1.80% senior notes due June 5, 2020 (the "2020 notes") at a discount of \$1 million; and \$750 million of 3.90% senior notes due June 15, 2047 (the "2047 notes") at a discount of \$5 million (together, the "June 2017 issuance"). The 2020 floating rate notes bear interest at a variable rate determined quarterly equal to the three-month London Interbank Offered Rate ("LIBOR") plus 15 basis points. Interest on the 2020 floating rate notes is due quarterly on March 5, June 5, September 5, and December 5 of each year, beginning September 5, 2017. Interest on the 2020 notes is due semi-annually on June 5 and December 5 of each year, beginning December 5, 2017. Interest on the 2047 notes is due semi-annually on June 15 and December 15 of each year, beginning December 15, 2017. Interest payments for the 2020 notes and 2047 notes will include accrued interest from and including June 5, 2017. The \$6 million discount associated with the 2020 notes and the 2047 notes is being amortized over the term of the notes using the effective interest rate method. Issuance costs of \$12 million associated with the June 2017 issuance were recorded as a direct deduction to the carrying value of the senior notes and are being amortized over the term of the notes. The net proceeds of the June 2017 issuance were used for general corporate purposes, including repurchases of the Company's common stock.

All of the Company's senior notes, other than its outstanding floating rate notes, may be redeemed by the Company at any time, in whole or in part, at the redemption price plus accrued interest up to the redemption date. The redemption price is equal to the greater of (1) 100% of the principal amount of the notes to be redeemed, or (2) the sum of the present values of the remaining scheduled payments of principal and interest to the Par Call Date, as defined in the respective notes. Additionally, if a Change in Control Triggering Event occurs, as defined in the notes, holders of all notes have the right to require the Company to redeem those notes at 101% of the aggregate principal amount of the notes plus accrued interest up to the redemption date. The Company is generally not limited under the indentures governing the notes in its ability to incur additional indebtedness or required to maintain financial ratios or specified levels of net worth or liquidity. The indentures governing the notes contain various customary covenants; however, none are expected to impact the Company's liquidity or capital resources.

Also in September 2017, we entered into an interest rate swap agreement with a notional amount of \$250 million, accounted for as a fair value hedge, to hedge against changes in the fair value of the 2027 notes attributable to changes in the designated benchmark interest rate.

4. ACCELERATED SHARE REPURCHASE AGREEMENTS

The Company enters into Accelerated Share Repurchase ("ASR") agreements from time to time with third-party financial institutions to repurchase shares of the Company's common stock. Under an ASR agreement, the Company

pays a specified amount to the financial institution and receives an initial delivery of shares. This initial delivery of shares represents the minimum number of shares that the Company may receive under the agreement. Upon settlement of the ASR agreement, the financial institution delivers additional shares, with the final number of shares delivered determined with reference to the volume weighted average price per share of the Company's common stock over the term of the ASR agreement, less a negotiated discount. The transactions are accounted for as equity transactions and are included in Treasury Stock when the

8

Table of Contents

THE HOME DEPOT, INC. AND SUBSIDIARIES

 (Unaudited)

shares are received, at which time there is an immediate reduction in the weighted average common shares calculation for Basic and Diluted Earnings per Share.

The following table provides the terms for each of the ASR agreements the Company entered into during the first nine months of fiscal 2017. Each of these agreements followed the structure outlined above (amounts in millions):

Agreement Date	Settlement Date	Agreement Amount	Initial Shares Delivered	Additional Shares Delivered	Total Shares Delivered
Q2 2017	Q2 2017	\$ 1,650	9.7	1.1	10.8
Q3 2017 ⁽¹⁾	Q4 2017	\$ 1,200	6.7	0.7	7.4

The fair market value of the initial 6.7 million shares on the date of delivery was \$1,053 million and is included in Treasury Stock in the accompanying Consolidated Balance Sheets as of October 29, 2017. The remaining \$147 (1) million is included in Paid-In Capital in the accompanying Consolidated Balance Sheets as of October 29, 2017.

The ASR agreement terminated on November 17, 2017, at which time the Company became contractually entitled to receive an additional 0.7 million shares upon settlement.

5. FAIR VALUE MEASUREMENTS

The carrying amount of Cash and Cash Equivalents, Receivables and Accounts Payable as reported in the Company's Consolidated Balance Sheets approximates fair value due to their short-term maturities.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following table presents the assets and liabilities, if any, of the Company that are measured at fair value on a recurring basis:

amounts in millions	Fair Value at October 29, 2017 Using		Fair Value at January 29, 2017 Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)
Derivative agreements - assets	\$ 189	\$ —	\$ 271	\$ —
Derivative agreements - liabilities	—	(9)	—	—
Total	\$ 189	\$ —	\$ 271	\$ —

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on certain Long-Term Debt and its exposure to foreign currency fluctuations.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first nine months of fiscal 2017 and 2016 were not material.

During the third quarter of fiscal 2017, the Company completed its annual assessment of the recoverability of Goodwill for its U.S., Canada and Mexico reporting units. The Company performed qualitative assessments, concluding that the fair value of the reporting units was not more likely than not less than the carrying value.

Accordingly, no Goodwill impairments were recorded for these reporting units.

The aggregate fair values and carrying values of the Company's senior notes were as follows:

October 29, 2017 January 29, 2017

7. COMMITMENTS AND CONTINGENCIES

Data Breach

As previously reported, in the third quarter of fiscal 2014, the Company confirmed that its payment data systems were breached, which potentially impacted customers who used payment cards at self-checkout systems in the Company's U.S. and Canadian stores (the "Data Breach"). Since the end of fiscal 2016, there have been no material changes with respect to the Data Breach, except as discussed below.

As reported in the 2016 Form 10-K, in the first quarter of fiscal 2017, the Company agreed to settlement terms that, upon approval of the court, will resolve and dismiss the claims asserted in the financial institutions class actions. In addition, in the first quarter of fiscal 2017, the parties to the purported shareholder derivative actions agreed to settlement terms that, upon approval of the court, will resolve and dismiss the claims asserted in those actions. In the third quarter of fiscal 2017, both of these settlement agreements were approved by the court.

As of the end of the first quarter of fiscal 2017, the Company has resolved the most significant claims relating to the Data Breach, and there were no material changes during the first nine months of fiscal 2017 to the Company's loss contingency assessment relating to any remaining matters. The Company does not believe that the ultimate amounts paid with respect to any remaining matters will have a material adverse effect on the Company's consolidated financial condition, results of operations or cash flows in future periods.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders

The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and Subsidiaries as of October 29, 2017, the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and nine-month periods ended October 29, 2017 and October 30, 2016, and the related Consolidated Statements of Cash Flows for the nine-month periods ended October 29, 2017 and October 30, 2016. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole.

Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and Subsidiaries as of January 29, 2017, and the related Consolidated Statements of Earnings, Comprehensive Income, Stockholders' Equity, and Cash Flows for the year then ended (not presented herein); and in our report dated March 23, 2017, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 29, 2017, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

In the third quarter of fiscal 2017, three hurricanes impacted our operations in the continental U.S., Puerto Rico and the U.S. Virgin Islands. Hurricane-related sales positively impacted total sales growth by approximately \$282 million in the third quarter of fiscal 2017. The gross margin on these hurricane-related sales was considerably less than the Company average. We also incurred approximately \$104 million of hurricane-related expense in the third quarter of fiscal 2017. As a result of the hurricanes, operating profit was negatively impacted by approximately \$51 million in

the third quarter of fiscal 2017.

We opened one new store in Mexico during the third quarter of fiscal 2017, for a total store count of 2,283 at the end of the quarter. As of the end of the third quarter of fiscal 2017, a total of 303 of our stores, or 13.3%, were located in Canada and Mexico. Total sales per square foot for the third quarter of fiscal 2017 were \$412.49, up 7.9% from last year. Table of Contents

In the third quarter and first nine months of fiscal 2017, we continued to focus on the following:

Customer Experience – Customer experience is anchored on the principles of putting customers first and taking care of our associates, and our commitment to customer service remains strong. In the first nine months of fiscal 2017, we continued to invest in our digital platforms, including content, website improvements, and the mobile experience, to provide a frictionless interconnected experience online, while also remaining focused on improving the interconnected experience in the store. Sales from our online channels increased 18.6% for the third quarter of fiscal 2017 compared to the same period last year, and represented 6.2% of our total Net Sales. For the first nine months of fiscal 2017, sales from our online channels increased 21.6% compared to the same period last year, and represented 6.4% of our total Net Sales. We also continued to focus on being a valued partner to our professional customers by offering solutions in the store and at the jobsite that help them effectively manage their businesses.

Product Authority – Product authority is facilitated by our merchandising transformation and portfolio strategy, which is focused on delivering product innovation, assortment and value. We strive to be the leader in product authority, connecting products and services to the needs of our customers. In the first nine months of fiscal 2017, our merchants continued to collaborate with our suppliers to introduce a wide range of innovative new products to our do-it-yourself, do-it-for-me and professional customers, while remaining focused on offering everyday values in our stores and online.

Productivity and Efficiency Driven by Capital Allocation – We drive productivity and efficiency through continuous operational improvement in our stores and supply chain. Further, our disciplined capital allocation builds shareholder value through higher returns on invested capital and total value returned to shareholders in the form of dividends and share repurchases. We plan to continue to innovate our business model and value chain to support our productivity cycle and enhance overall value for customers throughout the year.

In February 2017, our Board of Directors increased our targeted dividend payout ratio to 55% of Diluted Earnings per Share. Also in February 2017, our Board of Directors authorized a new \$15.0 billion share repurchase program that replaced the previous authorization. Under the program, we repurchased a total of 12.3 million shares of our common stock for \$2.1 billion through an ASR agreement and the open market during the third quarter of fiscal 2017. During the first nine months of fiscal 2017, we repurchased 38.0 million shares of our common stock for \$5.9 billion through ASR agreements and the open market.

We generated \$9.7 billion of cash flow from operations in the first nine months of fiscal 2017. This cash flow, along with \$3.0 billion of long-term debt issued in the first nine months of fiscal 2017, was used to fund cash payments of \$6.1 billion for share repurchases, pay \$3.2 billion of dividends, fund \$1.4 billion in capital expenditures, repay \$585 million of short-term debt, and repay \$500 million of floating rate senior notes that matured on September 15, 2017. Our return on invested capital ("ROIC") was 32.5% for the third quarter of fiscal 2017 compared to 29.1% for the third quarter of fiscal 2016. We define ROIC as net operating profit after tax ("NOPAT"), a non-GAAP financial measure, for the most recent twelve-month period, divided by the average of beginning and ending long-term debt, including current installments, and equity for the most recent twelve-month period. For a reconciliation of NOPAT to Net Earnings, the most comparable GAAP financial measure, and our calculation of ROIC, see "Non-GAAP Financial Measures" below.

RESULTS OF OPERATIONS

Net Sales for the third quarter of fiscal 2017 increased 8.1% to \$25.0 billion from \$23.2 billion for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Net Sales increased 6.4% to \$77.0 billion from \$72.4 billion for the first nine months of fiscal 2016. The increase in Net Sales for the third quarter and first nine months of fiscal 2017 primarily reflects the impact of positive comparable store sales driven by increased customer transactions and average ticket growth. Hurricane-related sales positively impacted total sales growth by approximately \$282 million in the third quarter of fiscal 2017. We expect continued hurricane recovery-related sales in the fourth quarter of fiscal 2017. Total comparable store sales increased 7.9% and 6.6% for the third quarter and first nine months of fiscal 2017, respectively, which reflects a number of factors, including the execution of our strategy and broad-based growth across our stores. All of our departments except one posted positive comparable store sales for the third quarter of fiscal 2017. During the first nine months of fiscal 2017, all of our departments posted positive comparable store sales except for one, which was flat. Comparable store sales for our Lumber, Appliances, Electrical, Indoor Garden, Tools, Building Materials and Flooring product categories were above the Company average for the third quarter of fiscal 2017. Further, our comparable store average ticket increased 5.1% and 4.2% for the third quarter and first nine months of fiscal 2017, respectively, due in part to strong sales in big ticket purchases such as appliances and flooring. Our comparable store customer transactions increased 2.7% and 2.3% for the third quarter and first nine months of fiscal 2017, respectively.

Gross Profit increased 7.5% to \$8.6 billion for the third quarter of fiscal 2017 from \$8.0 billion for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Gross Profit increased 6.1% to \$26.3 billion from \$24.8 billion for the first nine months of fiscal 2016. Gross Profit as a percent of Net Sales, or gross profit margin, was 34.6% for the third quarter of fiscal 2017 compared to 34.7% for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, gross profit margin was 34.1% compared to 34.2% for the first nine months of fiscal 2016. Gross profit margin for the third quarter of fiscal 2017 reflects pressure from product mix changes and higher supply chain expense driven by hurricane-related sales. Gross profit margin for the first nine months of fiscal 2017 reflects the impact of product mix changes and higher shrink, partially offset by benefits from our supply chain.

Selling, General and Administrative ("SG&A") increased 5.5% to \$4.5 billion for the third quarter of fiscal 2017 from \$4.3 billion for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, SG&A increased 3.7% to \$13.4 billion from \$12.9 billion for the first nine months of fiscal 2016. SG&A includes approximately \$104 million of hurricane-related expenses in the third quarter and first nine months of fiscal 2017. As a percent of Net Sales, SG&A was 18.0% for the third quarter of fiscal 2017 compared to 18.5% for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, SG&A as a percent of Net Sales was 17.4% compared to 17.9% for the first nine months of fiscal 2016. The decrease in SG&A as a percent of Net Sales for the third quarter and first nine months of fiscal 2017 reflects expense leverage resulting from the positive comparable store sales environment and continued expense control.

Depreciation and Amortization increased 2.7% to \$454 million for the third quarter of fiscal 2017 from \$442 million for the third quarter of fiscal 2016. Depreciation and Amortization was \$1.3 billion for the first nine months of both fiscal 2017 and 2016. Depreciation and Amortization as a percent of Net Sales was 1.8% for the third quarter of fiscal 2017 compared to 1.9% for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Depreciation and Amortization as a percent of Net Sales was 1.7% compared to 1.8% for the first nine months of fiscal 2016.

Depreciation and Amortization as a percent of Net Sales for the third quarter and first nine months of fiscal 2017 reflects expense leverage resulting from the positive comparable store sales environment.

Operating Income increased 10.8% to \$3.7 billion for the third quarter of fiscal 2017 from \$3.3 billion for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Operating Income increased 9.4% to \$11.5 billion from \$10.5 billion for the first nine months of fiscal 2016. As a result of the hurricanes, Operating Income was negatively impacted by approximately \$51 million in the third quarter and first nine months of fiscal 2017. Operating Income as a percent of Net Sales was 14.7% for the third quarter of fiscal 2017 compared to 14.3% for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Operating Income as a percent of Net Sales was 14.9% compared to 14.5% for the first nine months of fiscal 2016.

Interest and Other, net, was \$247 million for the third quarter of fiscal 2017 compared to \$236 million for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Interest and Other, net, was \$737 million compared to \$701 million for the first nine months of fiscal 2016. Interest and Other, net, as a percent of Net Sales was 1.0% for the third quarter and first nine months of both fiscal 2017 and 2016.

Our combined effective income tax rate was 36.3% for the first nine months of fiscal 2017 compared to 36.6% for the first nine months of fiscal 2016. The effective income tax rate for the first nine months of fiscal 2017 reflects a \$92 million benefit to our Provision for Income Taxes for share-based payment awards as a result of the adoption of ASU No. 2016-09.

Table of Contents

Diluted Earnings per Share were \$1.84 for the third quarter of fiscal 2017 compared to \$1.60 for the third quarter of fiscal 2016. For the first nine months of fiscal 2017, Diluted Earnings per Share were \$5.76 compared to \$5.00 for the first nine months of fiscal 2016. Diluted Earnings per Share for the third quarter and first nine months of fiscal 2017 included benefits of \$0.01 and \$0.08, respectively, as a result of the adoption of ASU No. 2016-09.

Non-GAAP Financial Measures

To provide clarity, internally and externally, about our operating performance, we supplement our reporting with certain non-GAAP financial measures. However, this supplemental information should not be considered in isolation or as a substitute for the related GAAP measures. Non-GAAP financial measures presented herein may differ from similar measures used by other companies.

Return on Invested Capital

We believe ROIC is meaningful for investors and management because it measures how effectively we deploy our capital base. The following table provides our ROIC calculation and reconciles NOPAT to Net Earnings:

dollar amounts in millions	For the Twelve Months Ended		
	October 29, 2017	October 30, 2016	
Net Earnings	\$8,595	\$7,684	
Add:			
Interest and Other, net	972	937	
Provision for Income Taxes	4,852	4,428	
Operating Income	14,419	13,049	
Subtract:			
Income Tax Adjustment ⁽¹⁾	5,234	4,771	
Net Operating Profit After Tax	\$9,185	\$8,278	
Average Debt and Equity ⁽²⁾	\$28,255	\$28,441	
Return on Invested Capital ⁽³⁾	32.5	% 29.1	%

(1) Income Tax Adjustment is defined as Operating Income multiplied by the Company's effective tax rate.

(2) Average Debt and Equity is defined as the average of beginning and ending long-term debt, including current installments, and equity for the most recent twelve-month period.

(3) ROIC is calculated as NOPAT divided by Average Debt and Equity.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. For the first nine months of fiscal 2017, Net Cash Provided by Operating Activities was \$9.7 billion compared to \$7.9 billion for the same period of fiscal 2016. This increase primarily reflects a \$677 million increase in operating cash flows from the effective management and procurement of Merchandise Inventories and a \$638 million increase in Net Earnings resulting from higher sales and expense leverage.

Net Cash Used in Investing Activities for the first nine months of fiscal 2017 was \$1.6 billion compared to \$1.1 billion for the same period of fiscal 2016. This change was primarily due to \$260 million in Payments for Business Acquired, net, related to the acquisition of Compact Power Equipment, Inc. and a \$209 million increase in Capital Expenditures.

Net Cash Used in Financing Activities for the first nine months of fiscal 2017 was \$7.3 billion compared to \$5.4 billion for the same period of fiscal 2016. This change was primarily due to \$1.5 billion more in Repurchases of Common Stock, \$607 million more in Cash Dividends Paid to Stockholders and \$235 million more in Repayments of Short-Term Debt, partially offset by \$532 million more in net incremental long-term debt issued in the first nine months of fiscal 2017 compared to the same period of fiscal 2016.

In September 2017, we issued the 2027 notes at a discount of \$3 million. The net proceeds of the 2027 notes were used to repay our floating rate notes due September 15, 2017 and for general corporate purposes, including repurchases of shares of our common stock. See Note 3 to the Consolidated Financial Statements included in this report.

Table of Contents

Also in September 2017, we entered into an interest rate swap agreement with a notional amount of \$250 million, accounted for as a fair value hedge, to hedge against changes in the fair value of the 2027 notes attributable to changes in the designated benchmark interest rate.

In June 2017, we issued the 2020 floating rate notes; the 2020 notes at a discount of \$1 million; and the 2047 notes at a discount of \$5 million. The net proceeds of the June 2017 issuance were used for general corporate purposes, including repurchases of shares of our common stock. See Note 3 to the Consolidated Financial Statements included in this report.

In the second quarter of fiscal 2017, we entered into an ASR agreement under which we paid \$1.65 billion to a third party financial institution and received a total of 10.8 million shares. In the third quarter of fiscal 2017, we entered into an ASR agreement under which we paid \$1.2 billion to a third party financial institution and received an initial delivery of 6.7 million shares. The ASR agreement terminated on November 17, 2017, at which time the Company became contractually entitled to receive an additional 0.7 million shares upon settlement. See Note 4 to the Consolidated Financial Statements included in this report.

We have commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with these programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. The credit facility expires in December 2019 and contains various customary covenants. At October 29, 2017, we were in compliance with all of the covenants, and none are expected to impact our liquidity or capital resources. During the first nine months of fiscal 2017, all of our short-term borrowings were under these commercial paper programs, and the maximum amount outstanding at any time during the first nine months of fiscal 2017 was \$1.0 billion. As of October 29, 2017, there were \$125 million of borrowings outstanding under the commercial paper programs. As of October 29, 2017, we had \$3.5 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the long-term debt capital markets and cash flow generated from operations should be sufficient not only for our operating requirements but also to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing.

Through the end of the third quarter of fiscal 2017, the Company has repurchased shares of its common stock having a value of approximately \$5.9 billion under this program. The number and average price of shares purchased in each fiscal month of the third quarter of fiscal 2017 are set forth in the table below:
