ITEM 8.01. OTHER EVENTS

On August 1, 2007 General Motors Corporation (GM) issued a news release announcing July 2007 sales. The release is as follows:

GM Reports 320,935 July Deliveries

(Monthly comparison percentages are adjusted for sales days unless noted. Annual and calendar year-to-date comparisons are unadjusted.)

- o GMC Acadia, Saturn OUTLOOK and Buick Enclave Lead Mid-Crossover Segment
- o GM Sells 239,192 Retail Vehicles

DETROIT - GM dealers in the United States delivered 320,935 vehicles in July, down 18.5 percent compared with exceptionally strong year-ago monthly sales. Of note, retail sales of 239,192 vehicles were up 14.5 percent compared with June 2007 with a substantial improvement in vehicle mix. Inventories were essentially flat compared with July 2006.

"We expected the month would provide a tough year-over-year comparison since in July 2006 industry sales were exceptionally strong and we were aggressively liquidating past model year inventories," said Mark LaNeve, vice president, GM North American Sales, Service and Marketing. "On the upside, we are pleased with the continuing success of our new products, especially the GMC Acadia, Saturn OUTLOOK and Buick Enclave, which pushed our mid-utility crossover segment growth up more than 300 percent. As with many of our vehicles, these all-new crossovers offer segment-leading fuel economy, terrific performance and outstanding value.

"We were encouraged by our improvement versus June and the marketing actions we have taken, including 0 percent for 60 months financing, have put us in a strong competitive position in a challenging industry," LaNeve added.

"With a strong retail sales month for Saturn AURA, as well as outstanding growth for the new mid-size crossovers GMC Acadia, Saturn OUTLOOK and Buick Enclave, GM has a strong position in the marketplace for fuel-efficient vehicles in a number of segments," LaNeve added. GM has 24 vehicles in the 2007 model lineup that achieve an EPA-estimated 30 mpg highway or better.

The GMC Acadia, Saturn OUTLOOK and Buick Enclave together had retail sales of more than 10,000 vehicles, pushing a significant retail increase in GM's mid-crossover segment. GM's retail sales in this segment pushed monthly performance up more than 319 percent, compared with the same month last year.

Edgar Filing: GENERAL MOTORS CORP - Form 8-K

The all-new Chevrolet Silverado and GMC Sierra full-size pickup trucks - fuel efficiency leaders in their class - sold more than 59,200 vehicles in a very challenging industry environment. The Silverado and Sierra offer the best warranty coverage and residual values in segment, a winning combination for these products.

"We're seeing increased residual values for our products by staying true to our turnaround and market growth plans. For customers, this means providing industry-leading products in terms of design, fuel economy, quality and performance," LaNeve said.

"Interestingly, warranty coverage has increased substantially as a reason consumers cite when buying a new GM vehicle. Our 5 Year/100,000 Mile Powertrain Limited Warranty continues to be a better choice for customers. Our coverage focuses on the complete ownership experience and includes other provisions that our competitors do not offer, including transferability to the next owner, more complete coverage of parts, and coverage for new and certified used vehicles. In addition, GM offers superior complementary programs, like courtesy transportation and roadside assistance. In other words, GM takes care of the vehicle and the owner," LaNeve added.

Certified Used Vehicles

July 2007 sales for all certified GM brands, including GM Certified Used Vehicles, Cadillac Certified Pre-Owned Vehicles, Saturn Certified Pre-Owned Vehicles, Saab Certified Pre-Owned Vehicles, and HUMMER Certified Pre-Owned Vehicles, were 42,641 units, up nearly 9 percent from last July. Total year-to-date certified GM sales are 315,882 units, up 4 percent from the same period last year.

GM Certified Used Vehicles, the industry's top-selling manufacturer-certified used brand, posted 37,355 sales, up 12 percent from last July. Year-to-date sales for GM Certified Used Vehicles are 277,493 units, up 6 percent from the same period in 2006.

Cadillac Certified Pre-Owned Vehicles posted July sales of 3,026 units, down 4 percent from last July. Saturn Certified Pre-Owned Vehicles sold 1,537 units in July, down 15 percent. Saab Certified Pre-Owned Vehicles sold 638 units, down 26 percent, and HUMMER Certified Pre-Owned Vehicles sold 85 units, up 29 percent.

"GM Certified dealers did a terrific job in July with sales of 37,355 units, up 12 percent from last year," LaNeve said. "More consumers are opting for the quality and peace of mind assurances that manufacturer certification provides, and GM Certified dealers are stepping up to deliver them the widest selection of quality vehicles at a tremendous value."
