## Item 7.01 Regulation FD Disclosure

American Express Company (the “Company”) is hereby furnishing below delinquency and write-off statistics for its U.S. Card Services (“USCS”) operating segment’s Card Member loans held for investment for the months ended October 31, November 30 and December 31, 2015 and the three months ended December 31, 2015. Effective December 1, 2015, the Company reclassified the Card Member loans related to its co-brand partnerships with Costco Wholesale Corporation in the U.S. and JetBlue Airways Corporation to Card Member loans held for sale on the Consolidated Balance Sheets. The loans were reclassified at their net carrying amount, inclusive of the related reserves for losses. Card Member loans related to the Costco portfolio (\$14.0 billion outstanding as of December 31, 2015) and the JetBlue portfolio (\$1.1 billion outstanding as of December 31, 2015) are not reflected in the table below for December 2015, which only includes Card Member loans held for investment.

The sale of the Costco portfolio is subject to the outcome of ongoing discussions. The current expectation is that the Costco portfolio sale will close mid-year. The sale of the JetBlue portfolio is subject to customary closing conditions, and is expected to be finalized in the first quarter of 2016.

American Express Company  
U.S. Card Services  
Delinquency and Write-off Rate Statistics

As of and for the months ended October 31, November 30 and December 31, 2015 and the three months ended December 31, 2015

(Billions, except percentages)

	October 31, 2015	November 30, 2015	(Preliminary) December 31, 2015	(Preliminary) Three months ended December 31, 2015
Card Member loans:				
Total loans held for investment	\$ 62.7	\$ 63.9	\$ 51.4	\$ 51.4
30 days past due loans as a % of total	1.0 %	1.0 %	1.0 %	1.0 %
Average loans held for investment	\$ 62.4	\$ 63.3	\$ 49.6	\$ 60.1
Net write-off rate – principal only <sup>(a)</sup>	1.3 %	1.4 %	1.4 %	1.3 %

<sup>(a)</sup>Net write-off rate based on principal only (i.e., excluding interest and /or fees).

The statistics presented above provide information that is additional to the data reported by the American Express Credit Account Master Trust (the “Lending Trust”) in its monthly Form 10-D report filed with the Securities and Exchange Commission (the “Commission”). The Card Member loans that have been securitized through the Lending Trust do not possess identical characteristics with those of the USCS loans held for investment, which reflect the aggregate of securitized and non-securitized loans and exclude loans held for sale. Thus, the reported credit performance of the Lending Trust may, on a month-to-month basis, be better or worse than the credit performance of the USCS loans held for investment. Reported differences may arise as a result of, among other things, differences in the mix and vintage of loans between the Lending Trust and the USCS loans held for investment (including, among other things, the larger proportion of small business loans in the non-securitized portion of the USCS loans held for investment), the performance of Card Member loans held for sale that have been securitized through the Lending Trust, but which are not included in the statistics of the USCS loans held for investment, the use of end-of-period

principal loan balances to calculate write-off statistics in the Lending Trust compared to the use of average loan balances over the reporting period used in the statistics of the USCS loans held for investment, as well as other mechanics of the calculation for the lending trust net write-off rate, which is impacted by any additions to the securitization trust within a particular period.
