Item 7.01. Regulation FD Disclosure.

Vector Group Ltd. has prepared materials for presentations to investors, including the Morgan Stanley Global Consumer & Retail Conference on November 13, 2018. The materials are furnished (not filed) as Exhibits 99.1, 99.2 and 99.3 to this Current Report on Form 8-K pursuant to Regulation FD.

Non-GAAP Financial Measures

Exhibits 99.1, 99.2 and 99.3 contain the Non-GAAP Financial Measures discussed below.

Please refer to Current Reports on Form 8-K dated November 7, 2018, September 28, 2018, June 14, 2018, November 24, 2017, November 15, 2016 and October 2, 2015 for reconciliations of GAAP Financial Measures to Non-GAAP Financial Measures. Non-GAAP Financial Measures include adjustments for the one-time non-cash benefit from the Tax Cuts and Jobs Act of 2017 arising out of the remeasurement of certain tax assets and liabilities, purchase accounting associated with the Company's acquisition of its additional 20.59% interest in Douglas Elliman Realty, LLC, as well as the related purchase accounting adjustments. Non-GAAP Financial Measures also include adjustments for litigation settlement and judgment expenses in the Tobacco segment, settlements of long-standing disputes related to the Master Settlement Agreement ("MSA") in the Tobacco segment, restructuring and pension settlement expenses in the Tobacco segment, net interest expense capitalized to real estate ventures, non-cash stock compensation expenses (for purposes of Adjusted EBITDA only) and non-cash interest items associated with the Company's convertible debt.

Adjusted Revenues and Adjusted EBITDA, Adjusted Net Income, Adjusted Operating Income, Tobacco Adjusted Operating Income, New Valley LLC Adjusted EBITDA and Douglas Elliman Realty, LLC Adjusted EBITDA (hereafter, along with the Non-GAAP Revenue Measures referred to as "the Non-GAAP Financial Measures") are financial measures not prepared in accordance with generally accepted accounting principles ("GAAP"). The Company believes that the Non-GAAP Financial Measures are important measures that supplement discussions and analysis of its results of operations and enhances an understanding of its operating performance. The Company believes the Non-GAAP Financial Measures provide investors and analysts with a useful measure of operating results unaffected by differences in capital structures and ages of related assets among otherwise comparable companies. In the case of Adjusted Revenues, management believes revenue growth in its real estate segment is an important measure of growth because increased revenues generally result in increased gross margin as a result of absorption of fixed operating costs, which management believes will lead to increased future profitability as well as increased capacity to expand into new and existing markets. A key strategy of the Company is its ability to move into new markets and therefore gross revenues provide information with respect to the Company's ability to achieve its strategic objectives. Management also believes increased revenues generally indicate increased market share in existing markets as well as expansion into new markets. Consequently, management believes Adjusted Revenue is meaningful indicators of operating performance.

Management uses the Non-GAAP Financial Measures as measures to review and assess operating performance of the Company's business, and management and investors should review both the overall performance (GAAP net income) and the operating performance (the Non-GAAP Financial Measures) of the Company's business. While management considers the Non-GAAP Financial Measures to be important, they should be considered in addition to, but not as substitutes for or superior to, other measures of financial performance prepared in accordance with GAAP, such as operating income, net income and cash flows from operations. In addition, the Non-GAAP Financial Measures are susceptible to varying calculations and the Company's measurement of the Non-GAAP Financial Measures may not be comparable to those of other companies.

Adjusted Revenues is defined as revenues plus the additional revenues as a result of the consolidation of Douglas Elliman plus one-time purchase accounting adjustments to fair value for deferred revenues recorded in connection with the increase of the Company's ownership of Douglas Elliman. EBITDA is defined as net income before interest, taxes, depreciation and amortization. Adjusted EBITDA is EBITDA, as defined above, and as adjusted for changes in fair value of derivatives embedded with convertible debt, equity gains (losses) on long-term investments, gains (losses) on sale of investment securities available for sale, equity income from non-consolidated real estate businesses, loss on extinguishment of debt, acceleration of interest expense related to debt conversion, stock-based compensation expense (for purposes of Adjusted EBITDA only), litigation settlement and judgment expense, settlements of long-standing disputes related to the MSA, restructuring and pension settlement expense, and other charges.

New Valley LLC ("New Valley"), the real estate subsidiary of the Company, owns real estate and 70.59% of Douglas Elliman, the largest residential brokerage firm in the New York metropolitan area, as well as a minority stake in numerous real estate investments. New Valley LLC Adjusted EBITDA is defined as the portion of Adjusted EBITDA that relates to New Valley. New Valley's Adjusted EBITDA does not include an allocation of expenses from the Corporate and Other segment of Vector Group Ltd.
