PAR TECHNOLOGY CORPORATION

-REPORTS FOURTH QUARTER RESULTS-

- o Q4 Revenues rise 8.6% to record \$65.4 million
- o 2008 record revenues increase 11.1% to \$232.7 million

NEW HARTFORD, NY, PAR TECHNOLOGY CORPORATION (NYSE:PTC)

New Hartford, NY-- February 12, 2009 -- PAR Technology Corporation (NYSE: PTC), a leader in providing integrated hardware, software and service solutions to the hospitality industry, and provider of Government I/T solutions and services, today reported financial results for the fourth quarter and year ended December 31, 2008.

For the fourth quarter ended December 31, 2008, PAR Technology Corporation reported revenues of \$65.4 million compared to \$60.2 million in the fourth quarter 2007, an increase of 8.6%. Net income in the period was \$1.5 million versus the \$483,000 earned in the fourth quarter one year ago. The Company reported diluted net earnings per share of \$0.10 for this past quarter, significantly higher than the \$0.03 diluted net earnings per share reported for the same period a year earlier.

For the year ended December 31, 2008, PAR Technology Corporation reported record revenues of \$232.7 million, an increase of 11.1% from the \$209.5 million reported one year ago. The Company also reported net income of \$2.2 million in 2008 versus a net loss of \$2.7 million last year. Diluted net earnings per share in 2008 were reported at \$0.15 compared to diluted net loss per share of \$0.19 reported for the year 2007.

John W. Sammon, PAR Chairman & CEO commented, "Our continued improved performance throughout 2008 demonstrated PAR's ability to successfully capitalize upon our core businesses and their strength during these times of economic uncertainties. Hospitality Technology and our Government business segment both contributed to our record revenue achievement for both the quarter and fiscal year. The quick-serve sector of restaurants and Government outsourcing trend both appear to be resistant to the conditions which are affecting much of our economy."

Sammon went on to say, "We do however, continue to face a number of challenges in our hotel/resort/spa segment and the table-serve and casual dining restaurant sector in light of the present economic challenges. We never-the-less are pleased with our growth in the fourth quarter. We believe our market strength and portfolio of customers, coupled with prudent R&D spending and the positive fundamental drivers for each of our market niches, makes PAR a compelling choice for our customers. Our 2008 growth, along with other indicators for our markets, gives us confidence we are well positioned for the foreseeable future including 2009 and beyond."

Certain Company information in this release or by its spokespersons from time to time may contain forward-looking statements. Any statements in this document that do not describe historical facts are forward-looking statements. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Investors are cautioned that all forward-looking statements involve risks and uncertainties, including without limitation, delays in new product introduction, risks in technology development and commercialization, risks in product development and market acceptance of and demand for the Company's products, risks of downturns in economic conditions generally, and in the quick service sector of the restaurant market specifically, risks of intellectual property rights associated with competition and competitive pricing pressures, risks associated with foreign
