CINTAS CORPORATION
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
(Unaudited)

1. Basis of Presentation

The consolidated condensed financial statements of Cintas Corporation (Cintas, the Company, we, us or our) included herein have been prepared by Cintas, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. While we believe that the disclosures are adequately presented, it is suggested that these consolidated condensed financial statements be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2012. A summary of our significant accounting policies is presented beginning on page 35 of that report. There have been no material changes in the accounting policies followed by Cintas during the current fiscal year.

As disclosed in our Annual Report on Form 10-K for the fiscal year ended May 31, 2012, inventories are valued at the lower of cost (first-in, first-out) or market. Inventory is comprised of the following amounts:

(In thousands)	August 31, 2012	May 31, 2012
Raw materials	\$18,436	\$19,138
Work in process	12,452	13,052
Finished goods	210,811	219,015
	\$241,699	\$251,205

Interim results are subject to variations and are not necessarily indicative of the results of operations for a full fiscal year. In the opinion of management, adjustments (which include only normal recurring adjustments) necessary for a fair statement of the consolidated results of the interim periods shown have been made.

2. Fair Value Measurements

FASB Accounting Standard Codification (ASC) Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. It also establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Cintas' assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

In order to meet the requirements of ASC 820, Cintas utilizes two basic valuation approaches to determine the fair value of its assets and liabilities required to be recorded on a recurring basis at fair value. The first approach is the cost approach. The cost approach is generally the value a market participant would expect to replace the respective

asset or liability. The second approach is the market approach. The market approach looks at what a market participant would consider valuing an exact or similar asset or liability to that of Cintas, including those traded on exchanges.

All financial instruments that are measured at fair value on a recurring basis (at least annually) have been segregated into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the consolidated balance sheet date. These financial instruments measured at fair value on a recurring basis are summarized below:

(In thousands)	As of August 31, 2012			Fair Value
	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$319,217	\$—	\$—	\$319,217
Marketable securities:				
Canadian treasury securities	3,387	7,561	—	10,948
Total assets at fair value	\$322,604	\$7,561	\$—	\$330,165
(In thousands)	As of May 31, 2012			Fair Value
	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$339,825	\$—	\$—	\$339,825
Total assets at fair value	\$339,825	\$—	\$—	\$339,825

Cintas' cash and cash equivalents and marketable securities are generally classified within Level 1 or Level 2 of the fair value hierarchy because they are valued using quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. The types of financial instruments based on quoted market prices in active markets include most bank deposits, money market securities and certain Canadian treasury securities. Such instruments are generally classified within Level 1 of the fair value hierarchy. Cintas does not adjust the quoted market price for such financial instruments.

The types of financial instruments valued based on quoted market prices in markets that are not active, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency include certain Canadian treasury securities (primarily agency debt obligations). The primary inputs to value Cintas' marketable securities is the respective instruments future cash flows based on its stated yield and the amount a market participant would pay for a similar instrument. The valuation technique used for Cintas' marketable securities classified within Level 2 of the fair value hierarchy is primarily the market approach. Primarily all of Cintas' marketable securities are actively traded and the recorded fair value reflects current market conditions. However, due to the inherent volatility in the investment market, there is at least a possibility that recorded investment values may change in the near term.

The funds invested in Canadian marketable securities are not presently expected to be repatriated, but instead, are expected to be invested indefinitely in foreign subsidiaries. Interest, realized gains and losses and declines in value determined to be other than temporary on available-for-sale securities are included in interest income or expense. The cost of the securities sold is based on the specific identification method. The amortized cost basis of the marketable securities as of August 31, 2012 was \$11.0 million. There were no outstanding marketable securities as of May 31, 2012. All outstanding marketable securities as of August 31, 2012, had contractual maturities due within one year.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Cintas believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated balance sheet date.

Cintas' non-financial assets and liabilities not permitted or required to be measured at fair value on a recurring basis primarily relate to assets and liabilities acquired in a business acquisition. Cintas is required to provide additional disclosures about fair value measurements as part of the consolidated financial statements for each major category of

assets and liabilities measured at fair value on a non-recurring basis (including business acquisitions). Based on the nature of Cintas' business acquisitions, which occur regularly throughout the fiscal year, the majority of the assets acquired and liabilities assumed consist of working capital, primarily valued using Level 2 inputs, property and equipment, also primarily valued using Level 2 inputs and goodwill and other identified intangible assets valued using Level 3 inputs. In general, non-recurring fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities, which generally are not applicable to non-financial assets and liabilities.

Fair values determined by Level 2 inputs utilize data points that are observable, such as definitive sales agreements, appraisals or established market values of comparable assets. Fair values determined by Level 3 inputs are unobservable data points for the asset or liability and include situations where there is little, if any, market activity for the asset or liability, such as internal estimates of future cash flows.

3. Earnings per Share

The following table sets forth the computation of basic and diluted earnings per share using the two-class method for amounts attributable to Cintas' common shares:

(In thousands except per share data)	Three Months Ended	
	August 31, 2012	August 31, 2011
Basic Earnings per Share		
Net income	\$76,733	\$68,638
Less: net income allocated to participating unvested securities	365	370
Net income available to common shareholders	\$76,368	\$68,268
Basic weighted average common shares outstanding	126,110	131,309
Basic earnings per common share:	\$0.61	\$0.52
Diluted Earnings per Share		
Net income	\$76,733	\$68,638
Less: net income allocated to participating unvested securities	365	370
Net income available to common shareholders	\$76,368	\$68,268
Basic weighted average common shares outstanding	126,110	131,309
Effect of dilutive securities – employee stock options	348	29
Diluted weighted average common shares outstanding	126,458	131,338
Diluted earnings per share:	\$0.60	\$0.52

For the three months ended August 31, 2012 and August 31, 2011, options granted to purchase 0.8 million and 2.5 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. The exercise prices of these options were greater than the average market price of the common stock (anti-dilutive).

On October 18, 2011, we announced that the Board of Directors authorized a \$500.0 million share buyback program at market prices. In July and August 2012, we purchased 1.8 million shares of Cintas common stock for a total purchase price of \$70.6 million. In the period subsequent to August 31, 2012 through October 10, 2012, we purchased 0.6 million shares of Cintas common stock for \$23.2 million. From the inception of the October 18, 2011 share buyback program through October 10, 2012, Cintas has purchased a total of 5.7 million shares of Cintas common stock at an average price of \$39.23 for a total purchase price of \$223.4 million. In addition, for the three months ended August 31, 2012, Cintas acquired 0.2 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the three months ended August 31, 2012. These shares were acquired at an average price of \$37.82 per share for a total purchase price of \$7.4 million.

4. Goodwill, Service Contracts and Other Assets

Changes in the carrying amount of goodwill and service contracts for the three months ended August 31, 2012, by operating segment, are as follows:

Goodwill (in thousands)	Rental Uniforms & Ancillary Products	Uniform Direct Sales	First Aid, Safety & Fire Protection	Document Management	Total
Balance as of June 1, 2012	\$944,449	\$23,968	\$192,465	\$324,493	\$1,485,375
Goodwill acquired	—	—	—	2,225	2,225
Foreign currency translation	628	32	—	844	1,504
Balance as of August 31, 2012	\$945,077	\$24,000	\$192,465	\$327,562	\$1,489,104
Service Contracts (in thousands)	Rental Uniforms & Ancillary Products	Uniform Direct Sales	First Aid, Safety & Fire Protection	Document Management	Total
Balance as of June 1, 2012	\$29,156	\$—	\$29,334	\$18,332	\$76,822
Service contracts acquired	—	—	—	336	336
Service contracts amortization	(2,402)	—	(1,845)	(1,786)	(6,033)
Foreign currency translation	880	—	—	292	1,172
Balance as of August 31, 2012	\$27,634	\$—	\$27,489	\$17,174	\$72,297

Information regarding Cintas' service contracts and other assets is as follows:

(In thousands)	As of August 31, 2012		
	Carrying Amount	Accumulated Amortization	Net
Service contracts	\$386,144	\$313,847	\$72,297
Noncompete and consulting agreements	\$76,279	\$71,177	\$5,102
Investments ⁽¹⁾	91,723	—	91,723
Other	20,023	3,652	16,371
Total	\$188,025	\$74,829	\$113,196
(In thousands)	As of May 31, 2012		
	Carrying Amount	Accumulated Amortization	Net
Service contracts	\$384,622	\$307,800	\$76,822
Noncompete and consulting agreements	\$76,036	\$69,954	\$6,082
Investments ⁽¹⁾	90,198	—	90,198
Other	19,828	3,272	16,556
Total	\$186,062	\$73,226	\$112,836

⁽¹⁾ Investments at August 31, 2012, include the cash surrender value of insurance policies of \$59.3 million, equity method investments of \$31.5 million and cost method investments of \$0.9 million. Investments at May 31, 2012, include the cash surrender value of insurance policies of \$57.4 million, equity method investments of \$31.9 million and cost method investments of \$0.9 million.

Amortization expense was \$6.1 million and \$10.2 million for the three months ended August 31, 2012 and 2011, respectively. Estimated amortization expense, excluding any future acquisitions, for each of the next five fiscal years is \$22.2 million, \$18.1 million, \$15.3 million, \$10.1 million and \$5.1 million, respectively.

Investments recorded using the cost method are evaluated for impairment on an annual basis or when indicators of impairment are identified. For the three months ended August 31, 2012 and 2011, no losses due to impairment were recorded.

5. Debt, Derivatives and Hedging Activities

Cintas' commercial paper program has a capacity of \$300.0 million that is fully supported by a backup revolving credit facility through a credit agreement with its banking group. This revolving credit facility has an accordion feature that allows for a maximum borrowing capacity of \$450.0 million and has a maturity date of October 6, 2016. No commercial paper or borrowings on our revolving credit facility were outstanding as of August 31, 2012 or May 31, 2012.

On June 1, 2012, Cintas repaid at maturity \$225.0 million aggregate principal amount of its 6.00% senior notes due 2012. On June 5, 2012, Cintas issued \$250.0 million aggregate principal amount of senior notes due June 1, 2022. These senior notes bear interest at a rate of 3.25% paid semi-annually beginning December 1, 2012.

Cintas used interest rate lock agreements to hedge against movements in the treasury rates at the time Cintas issued its senior notes in fiscal 2007, fiscal 2008, fiscal 2011 and fiscal 2013. The amortization of the cash flow hedges resulted in an increase to other comprehensive income of \$0.5 million and \$0.4 million for the three months ended August 31, 2012 and 2011, respectively.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to EBITDA and interest coverage ratios. Cross-default provisions exist between certain debt instruments. Cintas is in compliance with all of the significant debt covenants for all periods presented. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital.

6. Income Taxes

In the normal course of business, Cintas provides for uncertain tax positions and the related interest, and adjusts its unrecognized tax benefits and accrued interest accordingly. During the three months ended August 31, 2012, unrecognized tax benefits increased by approximately \$0.4 million and accrued interest increased by approximately \$0.1 million.

All U.S. federal income tax returns are closed to audit through fiscal 2010. Cintas is currently in advanced stages of various audits in certain foreign jurisdictions and certain domestic states. The years under audit cover fiscal years back to 2005. Based on the resolution of the various audits and changes in tax law, it is reasonably possible that the balance of unrecognized tax benefits could decrease by \$3.7 million for the fiscal year ending May 31, 2013.

On December 23, 2011, the U.S. Department of the Treasury and the Internal Revenue Service issued temporary regulations (Regulations Section 2011-14) that provide guidance on amounts paid to improve tangible property, and acquire or produce tangible property, as well as guidance regarding the disposition of property and the expensing of supplies and materials. The finalized regulations are effective for Cintas' fiscal year ending May 31, 2013. Cintas continues to review these regulations, but does not believe there will be a material impact on Cintas' consolidated financial statements.

7. Litigation and Other Contingencies

Cintas is subject to legal proceedings, insurance receipts, legal settlements and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the consolidated financial position, consolidated results of operation or consolidated cash flows of Cintas. Cintas is party to additional litigation not considered in the ordinary course of business, including the litigation discussed below.

Cintas is a defendant in a purported class action lawsuit, *Mirna E. Serrano, et al. v. Cintas Corporation* (Serrano), filed on May 10, 2004, and pending in the United States District Court, Eastern District of Michigan, Southern Division. The Serrano plaintiffs alleged that Cintas discriminated against women in hiring into various service sales representative positions across all divisions of Cintas. On November 15, 2005, the Equal Employment Opportunity Commission (EEOC) intervened in the Serrano lawsuit. The Serrano plaintiffs seek injunctive relief, compensatory damages, punitive damages, attorneys' fees and other remedies. On October 27, 2008, the United States District Court in the Eastern District of Michigan granted summary judgment in favor of Cintas limiting the scope of the putative class in the Serrano lawsuit to female applicants for service sales representative positions at Cintas locations within the state of Michigan. Consequently, all claims brought by female applicants for service sales representative positions outside of the state of Michigan were dismissed. Similarly, any claims brought by the EEOC on behalf of similarly situated female applicants outside of the state of Michigan have also been dismissed from the Serrano lawsuit. Cintas is a defendant in another purported class action lawsuit, *Blanca Nelly Avalos, et al. v. Cintas Corporation* (Avalos), which was filed in the United States District Court, Eastern District of Michigan, Southern Division. The Avalos plaintiffs alleged that Cintas discriminated against women, African-Americans and Hispanics in hiring into various service sales representative positions in Cintas' Rental division only throughout the United States. The Avalos plaintiffs sought injunctive relief, compensatory damages, punitive damages, attorneys' fees and other remedies. The claims in Avalos originally were brought in the lawsuit captioned *Robert Ramirez, et al. v. Cintas Corporation* (Ramirez), filed on January 20, 2004, in the United States District Court, Northern District of California, San Francisco Division. On May 11, 2006, the Ramirez and Avalos African-American, Hispanic and female failure to hire into service sales representative positions claims and the EEOC's intervention were consolidated for pretrial purposes with the Serrano case and transferred to the United States District Court for the Eastern District of Michigan, Southern Division. The consolidated case was known as *Mirna E. Serrano/Blanca Nelly Avalos, et al. v. Cintas Corporation* (Serrano/Avalos). On March 31, 2009, the United States District Court, Eastern District of Michigan, Southern Division entered an order denying class certification to all plaintiffs in the Serrano/Avalos lawsuits. Following denial of class certification, the Court permitted the individual Avalos and Serrano plaintiffs to proceed separately. In the Avalos case, the Court dismissed the remaining claims of the individual plaintiffs who remained in that case after the denial of class certification. On May 11, 2010, Plaintiff Tanesha Davis, on behalf of all similarly situated plaintiffs in the Avalos case, filed a notice of appeal of the District Court's summary judgment order in the United States Court of Appeals for the Sixth Circuit. The Appellate Court has made no determination regarding the merits of Davis' appeal. In September 2010, the Court in Serrano dismissed all private individual claims and all claims of the EEOC and the 13 individuals it claimed to represent. The EEOC has appealed the District Court's summary judgment decisions and various other rulings to the United States Court of Appeals for the Sixth Circuit. The Court of Appeals has not yet ruled on the EEOC's appeal.

The litigation discussed above, if decided or settled adversely to Cintas, may, individually or in the aggregate, result in liability material to Cintas' consolidated financial condition, consolidated results of operation or consolidated cash flows and could increase costs of operations on an ongoing basis. Any estimated liability relating to these proceedings is not determinable at this time. Cintas may enter into discussions regarding settlement of these and other lawsuits, and may enter into settlement agreements if it believes such settlement is in the best interest of Cintas' shareholders.

8. Segment Information

Cintas classifies its businesses into four operating segments based on the types of products and services provided. The Rental Uniforms and Ancillary Products operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The Uniform Direct Sales operating segment consists of the direct sale of uniforms and related items and branded promotional products. The First Aid, Safety and Fire Protection Services operating segment consists of first aid, safety and fire protection products and services. The Document Management Services operating segment consists of document destruction, document imaging and document retention services.

Cintas evaluates the performance of each operating segment based on several factors of which the primary financial measures are operating segment revenue and income before income taxes. The accounting policies of the operating segments are the same as those described in Note 1 entitled Basis of Presentation. Information related to the operations of Cintas' operating segments is set forth below:

9. Supplemental Guarantor Information

Cintas Corporation No. 2 (Corp. 2) is the indirectly, wholly-owned principal operating subsidiary of Cintas. Corp. 2 is the issuer of the \$1,300.0 million of long-term senior notes, which are unconditionally guaranteed, jointly and severally, by Cintas Corporation and its wholly-owned, direct and indirect domestic subsidiaries.

As allowed by SEC rules, the following condensed consolidating financial statements are provided as an alternative to filing separate financial statements of the guarantors. Each of the subsidiaries presented in the following condensed consolidating financial statements has been fully consolidated in Cintas' consolidated financial statements. The following condensed consolidating financial statements should be read in conjunction with the consolidated financial statements of Cintas and notes thereto of which this note is an integral part.

Condensed consolidating financial statements for Cintas, Corp. 2, the subsidiary guarantors and non-guarantors are presented on the following pages:

CINTAS CORPORATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

BUSINESS STRATEGY

Cintas provides highly specialized products and services to businesses of all types primarily throughout North America, as well as Latin America, Europe and Asia. We bring value to our customers by helping them provide a cleaner, safer and more pleasant atmosphere for their customers and employees. Our products and services are designed to improve our customers' images. We also help our customers protect their employees and their company by enhancing workplace safety and helping to ensure legal compliance in key areas of their business.

We are North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid, safety and fire protection products and services, document management services and branded promotional products.

Cintas' principal objective is "to exceed customers' expectations in order to maximize the long-term value of Cintas for shareholders and working partners," and it provides the framework and focus for Cintas' business strategy. This strategy is to achieve revenue growth for all of our products and services by increasing our penetration at existing customers and by broadening our customer base to include business segments that we have not historically served. We will also continue to identify additional product and service opportunities for our current and future customers.

To pursue the strategy of increasing penetration, we have a highly talented and diverse team of service professionals visiting our customers on a regular basis. This frequent contact with our customers enables us to develop close personal relationships. The combination of our distribution system and these strong customer relationships provides a platform from which we launch additional products and services.

We pursue the strategy of broadening our customer base in several ways. Cintas has a national sales organization introducing all of its products and services to prospects in all business segments. Our broad range of products and services allows our sales organization to consider any type of business a prospect. We also broaden our customer base through geographic expansion, especially in our emerging businesses of first aid and safety, fire protection and document management. Finally, we evaluate strategic acquisitions as opportunities arise.

RESULTS OF OPERATIONS

Cintas classifies its businesses into four operating segments based on the types of products and services provided. The Rental Uniforms and Ancillary Products operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The Uniform Direct Sales operating segment consists of the direct sale of uniforms and related items and branded promotional products. The First Aid, Safety and Fire Protection Services operating segment consists of first aid, safety and fire protection products and services. The Document Management Services operating segment consists of document destruction, document imaging and document retention services. Revenue and income before income taxes for each of these operating segments for the three months ended August 31, 2012 and 2011, are presented in Note 8 entitled Segment Information of "Notes to Consolidated Condensed Financial Statements."

Consolidated Results

Three Months Ended August 31, 2012 Compared to Three Months Ended August 31, 2011

Total revenue increased 3.4% for the three months ended August 31, 2012, over the same period in the prior fiscal year from \$1,017.2 million to \$1,051.3 million. The increase primarily resulted from an organic growth increase (excludes the impact of acquisitions) in revenue of 3.2%. The remaining 0.2% increase represents growth derived through acquisitions in our Document Management Services operating segment and our First Aid, Safety and Fire Protection Services operating segment.

Rental Uniforms and Ancillary Products operating segment revenue increased 4.9% for the three months ended August 31, 2012, over the same period in the prior fiscal year from \$719.4 million to \$754.8 million. The increase resulted from an organic growth increase in revenue of 4.9% primarily due to improvements in sales representative productivity. Generally, sales productivity improvements are the result of increased tenure and improved training, which result in a higher number of accounts sold.

Other Services revenue, consisting of revenue from the reportable operating segments of Uniform Direct Sales, First Aid, Safety and Fire Protection Services and Document Management Services, decreased 0.4% for the three months ended August 31, 2012, over the same period in the prior fiscal year from \$297.8 million to \$296.5 million. Other Services revenue decreased organically by 0.8%. This is slightly offset by a 0.4% increase from growth derived through acquisitions in our Document Management Services operating segment and our First Aid, Safety and Fire Protection Services operating segment. The organic decrease in Other Services revenue for the quarter was primarily the result of an 8.3% decrease in Document Management Services operating segment revenue and a 1.4% decrease in Uniform Direct Sales operating segment revenue. The organic decrease in revenue was partially offset by organic growth of 6.6% in First Aid, Safety and Fire Protection Services operating segment revenue.

Cost of rental uniforms and ancillary products consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of rental uniforms and ancillary products increased \$24.7 million, or 6.1%, for the three months ended August 31, 2012, compared to the three months ended August 31, 2011. This increase was due to higher Rental Uniforms and Ancillary Products operating segment sales volume.

Cost of other services consists primarily of cost of goods sold (predominantly uniforms and first aid products), delivery expenses and distribution expenses in the Uniform Direct Sales operating segment, the First Aid, Safety and Fire Protection Services operating segment and the Document Management Services operating segment. Cost of other services increased \$2.6 million, or 1.5%, for the three months ended August 31, 2012, compared to the three months ended August 31, 2011. This increase was primarily due to increased First Aid, Safety and Fire Protection Services operating segment sales volume.

Selling and administrative expenses decreased \$3.9 million, or 1.3%, for the three months ended August 31, 2012, compared to the three months ended August 31, 2011, due to lower amortization of intangible assets related to prior year acquisitions.

Net interest expense (interest expense less interest income) was \$16.5 million for the three months ended August 31, 2012, compared to \$17.0 million for the three months ended August 31, 2011. This decreased interest cost is due to the new issuance of \$250.0 million aggregate principal amount of 3.25% senior notes in the first quarter of fiscal 2013 compared to the \$225.0 million aggregate principal amount of 6.0% senior notes that matured on June 1, 2012.

Cintas' effective tax rate was 37.5% for the three months ended August 31, 2012, compared to 38.5% for the three months ended August 31, 2011. The effective tax rate can fluctuate from quarter to quarter based on tax reserve builds and releases relating to specific discrete items.

Net income increased \$8.1 million, or 11.8%, for the three months ended August 31, 2012, from the same period in the prior fiscal year. This increase was primarily due to revenue increasing at a faster rate of 3.4% compared to a 2.6% increase in operating expenses. Revenue grew at a faster rate primarily due to improvements in sales representative productivity and improved customer retention. Diluted earnings per share were \$0.60 for the three months ended August 31, 2012, which was an increase of 15.4% compared to the same period in the prior fiscal year. The increase in diluted earnings per share is higher than the increase in net income due to a decrease in weighted average common stock outstanding as a result of purchasing 5.1 million shares of common stock under the

October 18, 2011 share buyback program during the fourth quarter of fiscal 2012 and the first quarter of fiscal 2013.

Rental Uniforms and Ancillary Products Operating Segment

Three Months Ended August 31, 2012 Compared to Three Months Ended August 31, 2011

As discussed above, Rental Uniforms and Ancillary Products operating segment revenue increased from \$719.4 million to \$754.8 million, or 4.9%, and the cost of rental uniforms and ancillary products increased \$24.7 million, or 6.1%. The operating segment's gross margin was \$326.7 million, or 43.3% of revenue. This gross margin percent of revenue of

43.3% was 60 basis points lower than the prior fiscal year's first quarter of 43.9%. Energy-related costs, which include natural gas, electric and gas, decreased approximately 50 basis points from the prior fiscal year's first quarter. However, this was more than offset by an increase in material cost due to an increase in customer accounts, which requires an increase in inventory.

Selling and administrative expenses as a percent of revenue, at 27.8%, decreased 230 basis points or \$6.8 million compared to the first quarter of the prior fiscal year due to improved workers compensation claims experience and lower amortization of intangible assets related to prior year acquisitions.

Income before income taxes increased \$17.5 million to \$116.9 million for the Rental Uniforms and Ancillary Products operating segment for the first quarter of fiscal 2013 compared to the same quarter last fiscal year. Income before income taxes was 15.5% of the operating segment's revenue, which is a 170 basis point increase compared to the first quarter of the prior fiscal year. This improvement is primarily due to revenue increasing at a faster rate of 4.9% compared to a 2.3% increase in operating expenses. Revenue grew at a faster rate due primarily to improvements in sales representative productivity and improved customer retention.

Uniform Direct Sales Operating Segment

Three Months Ended August 31, 2012 Compared to Three Months Ended August 31, 2011

Uniform Direct Sales operating segment revenue decreased from \$101.7 million to \$100.3 million, or 1.4%, for the three months ended August 31, 2012, over the same quarter in the prior fiscal year due to decreased customer orders for uniforms.

Cost of uniform direct sales decreased \$1.8 million, or 2.5%, for the three months ended August 31, 2012, over the same quarter in the prior fiscal year due to decreased Uniform Direct Sales operating segment sales volume. The gross margin as a percent of revenue was 29.4% for the three months ended August 31, 2012, which is an 80 basis point increase compared to the gross margin percentage of 28.6% in the same quarter of the prior fiscal year. This increase is due to a favorable mix of products being sold.

Selling and administrative expenses were comparable for the first quarter of fiscal 2013 to the first quarter of fiscal 2012, but as a percent of revenue, at 20.7%, increased 30 basis points for the three months ended August 31, 2012. This increase in percent of revenue is mainly due to lower revenue volume for the first quarter of fiscal 2013 compared to the same quarter in the prior fiscal year.

Income before income taxes increased \$0.3 million for the Uniform Direct Sales operating segment for the first quarter of fiscal 2013 compared to the same quarter last fiscal year. Income before income taxes was 8.7% of the operating segment's revenue, which is a 40 basis point increase compared to the same quarter last fiscal year. This increase in income before income taxes is primarily due to the improved gross margin as discussed above.

First Aid, Safety and Fire Protection Services Operating Segment

Three Months Ended August 31, 2012 Compared to Three Months Ended August 31, 2011

First Aid, Safety and Fire Protection Services operating segment revenue increased from \$103.7 million to \$110.8 million, or 6.8%, for the three months ended August 31, 2012. The increase primarily resulted from organic growth in revenue of 6.6% due to improvements in sales representative productivity and improved customer retention. The

remaining 0.2% increase represents growth through acquisitions.

Cost of first aid, safety and fire protection services increased \$4.1 million, or 6.9%, for the three months ended August 31, 2012, over the same quarter in the prior fiscal year due to increased First Aid, Safety and Fire Protection Services operating segment volume. Gross margin for the First Aid, Safety and Fire Protection Services operating segment is defined as revenue less cost of goods, warehouse expenses, service expenses and training expenses. The gross margin as a percent of revenue at 43.1% for the quarter ended August 31, 2012, is consistent with the gross margin percentage of 43.2% in the first quarter of the prior fiscal year.

Selling and administrative expenses increased \$2.4 million compared to the first quarter of the prior fiscal year, primarily

due to an increase in labor and other employee-partner related expenses. Selling and administrative expenses as a percent of revenue, at 35.0%, was consistent with the first quarter of the prior fiscal year.

Income before income taxes for the First Aid, Safety and Fire Protection Services operating segment increased \$0.6 million to \$9.0 million for the three months ended August 31, 2012, compared to the same quarter in the prior fiscal year, primarily due to the increase in First Aid, Safety and Fire Protection Services operating segment revenue. Income before income taxes was 8.1% of the operating segment's revenue, for both the three months ended August 31, 2012 and 2011.

Document Management Services Operating Segment

Three Months Ended August 31, 2012 Compared to Three Months Ended August 31, 2011

Document Management Services operating segment revenue decreased from \$92.3 million to \$85.4 million, or 7.5%, for the quarter ended August 31, 2012, over the same quarter in the prior fiscal year. The decrease primarily resulted from an organic decrease in revenue of 8.3% due to a decrease in recycled paper revenue. Acquisitions accounted for revenue growth of 0.8%. The rate of growth in this operating segment decelerated during the quarter ended August 31, 2012, compared to the quarter ended August 31, 2011, due to a steep decline in recycled paper prices. This operating segment derives a portion of its revenue from the sale of shredded paper to paper recyclers. The average price of recycled paper for the first quarter of fiscal 2013 was approximately 34% below the average for the first quarter of the prior fiscal year.

Cost of document management services for the three months ended August 31, 2012, was consistent with the three months ended August 31, 2011. Gross margin for the Document Management Services operating segment is defined as revenue less production and service costs. The gross margin as a percent of revenue was 49.1% for the three months ended August 31, 2012, which is a 410 basis point decrease compared to the gross margin percentage of 53.2% in the first quarter of the prior fiscal year. This decrease is due to the lower recycled paper prices.

Selling and administrative expenses were comparable for the first quarter of fiscal 2013 to the first quarter of fiscal 2012, but as a percent of revenue, at 43.7%, increased 390 basis points for the three months ended August 31, 2012. This increase in percent of revenue is mainly due to lower revenue volume for the first quarter of fiscal 2013 compared to the same quarter in the prior fiscal year.

Income before income taxes for the Document Management Services operating segment decreased \$7.7 million to \$4.6 million for the three months ended August 31, 2012, compared to the same period in the prior fiscal year. Income before income taxes as a percentage of the operating segment's revenue decreased from 13.4% in last year's first quarter to 5.4% for the quarter ended August 31, 2012, primarily as a result of the lower recycled paper prices.

Liquidity and Capital Resources

The following is a summary of our cash flows and cash, cash equivalents and marketable securities as of and for the three months ended August 31, 2012 and August 31, 2011:

(In thousands)	2012	2011
Net cash provided by operating activities	\$94,865	\$56,562
Net cash used in investing activities	\$(61,241)	\$(82,336)
Net cash used in financing activities	\$(55,479)	\$(262,157)

Edgar Filing: CINTAS CORP - Form 10-Q

Cash and cash equivalents at the end of the period	\$319,217	\$150,312
Marketable securities at the end of the period	\$10,948	\$126,728

The cash and cash equivalents and marketable securities as of August 31, 2012, include \$49.1 million that is located outside of the United States. We expect to use these amounts to fund our international operations and international expansion activities. The marketable securities at August 31, 2012, consist of Canadian treasury securities. We believe that our investment policy pertaining to marketable securities is conservative. The primary criterion used in making investment decisions is the preservation of principal, while earning an attractive yield.

Cash flows provided by operating activities have historically supplied us with a significant source of liquidity. We generally use these cash flows to fund most, if not all, of our operations and expansion activities and dividends on our common stock. We may also use cash flows provided by operating activities, as well as proceeds from long-term debt and short-term borrowings, to fund growth and expansion opportunities, as well as other cash requirements such as the repurchase of our common stock.

Net cash provided by operating activities was \$94.9 million for the three months ended August 31, 2012, an increase of \$38.3 million compared to the same period last fiscal year. In addition to net income being higher, the decrease in inventory and increase in accounts payable during the first quarter of fiscal 2013 also had a positive impact on cash flows.

Net cash used in investing activities includes capital expenditures and cash paid for acquisitions of businesses. Capital expenditures were \$47.4 million and \$44.4 million for the three months ended August 31, 2012 and August 31, 2011, respectively. These capital expenditures primarily relate to expansion efforts in Rental Uniforms and Ancillary Products and Document Management Services operating segments. Capital expenditures for the three months ended August 31, 2012, included \$32.1 million for the Rental Uniforms and Ancillary Products operating segment and \$9.0 million for the Document Management Services operating segment. Cash paid for acquisitions of businesses was \$2.1 million and \$0.9 million for the three months ended August 31, 2012 and August 31, 2011, respectively. The acquisitions this fiscal year occurred in our Document Management Services operating segment.

Net cash used in financing activities was \$55.5 million and \$262.2 million for the three months ended August 31, 2012 and August 31, 2011, respectively. On October 26, 2010, we announced that the Board of Directors authorized a \$500.0 million share buyback program at market prices. We completed the October 26, 2010 share buyback program by purchasing 8.1 million shares of Cintas common stock in June and July 2011 for an aggregate purchase price of \$259.5 million. On October 18, 2011, we announced that the Board of Directors authorized a new \$500.0 million share buyback program at market prices. Beginning in April 2012, under the October 18, 2011 share buyback program through May 31, 2012, Cintas purchased a total of 3.3 million shares of Cintas common stock at an average price of \$39.10 per share for a total purchase price of \$129.6 million. In July and August 2012, we purchased 1.8 million shares of Cintas common stock for a total purchase price of \$70.6 million. In the period subsequent to August 31, 2012 through October 10, 2012, we purchased 0.6 million shares of Cintas common stock for \$23.2 million. From the inception of the October 18, 2011 share buyback program through October 10, 2012, Cintas has purchased a total of 5.7 million shares of Cintas common stock at an average price of \$39.23 per share for a total purchase price of \$223.4 million. For the three months ended August 31, 2012, Cintas acquired 0.2 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the three months ended August 31, 2012. These shares were acquired at an average price of \$37.82 per share for a total purchase price of \$7.4 million.

As of August 31, 2012, we had \$1,300.0 million aggregate principal amount in fixed rate senior notes outstanding with maturities ranging from 2016 to 2036. On June 1, 2012, Cintas repaid at maturity \$225.0 million aggregate principal amount of its 6.00% senior notes due 2012. On June 5, 2012, Cintas issued \$250.0 million aggregate principal amount of senior notes due June 1, 2022. These senior notes bear interest at a rate of 3.25% paid semi-annually beginning December 1, 2012. The net proceeds generated from the offering will be used for general corporate purposes.

Cintas' commercial paper program has a capacity of \$300.0 million that is fully supported by a backup revolving credit facility through a credit agreement with its banking group. This revolving credit facility has an accordion feature that allows for a maximum borrowing capacity of \$450.0 million. The revolving credit facility was amended on October 7, 2011, to extend the maturity date from September 26, 2014 to October 6, 2016, to improve the applicable margin used to calculate the interest rate payable on any outstanding loans and the facility fee payable under the

agreement and to replace the financial covenant regarding Cintas' net funded indebtedness to total capitalization with a requirement to maintain a leverage ratio of consolidated indebtedness to consolidated earnings before interest, taxes, depreciation and amortization (debt to EBITDA) of no more than 3.5 to 1.0. We believe this program, along with cash generated from operations, will be adequate to provide necessary funding for our future cash requirements. No commercial paper or borrowings under our revolving credit facility were outstanding as of August 31, 2012 or May 31, 2012.

Cintas has certain covenants related to debt agreements. These covenants limit our ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to EBITDA and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. As of

August 31, 2012, Cintas was in compliance with all significant debt covenants.

Our access to the commercial paper and long-term debt markets has historically provided us with sources of liquidity. We do not anticipate having difficulty in obtaining financing from those markets in the future in view of our favorable experiences in the debt markets in the recent past. Our ability to continue to access the commercial paper and long-term debt markets on favorable interest rate and other terms will depend, to a significant degree, on the ratings assigned by the credit rating agencies to our indebtedness. As of August 31, 2012, our ratings were as follows:

Rating Agency	Outlook	Commercial Paper	Long-term Debt
Standard & Poor's	Stable	A-2	BBB+
Moody's Investors Service	Stable	P-1	A2

In the event that the ratings of our commercial paper or our outstanding long-term debt issues were substantially lowered or withdrawn for any reason, or if the ratings assigned to any new issue of long-term debt securities were significantly lower than those noted above, particularly if we no longer had investment grade ratings, our ability to access the debt markets may be adversely affected. In addition, in such a case, our cost of funds for new issues of commercial paper and long-term debt would be higher than our cost of funds would have been had the ratings of those new issues been at or above the level of the ratings noted above. The rating agency ratings are not recommendations to buy, sell or hold our commercial paper or debt securities. Each rating may be subject to revision or withdrawal at any time by the assigning rating organization and should be evaluated independently of any other rating. Moreover, each credit rating is specific to the security to which it applies.

To monitor our credit rating and our capacity for long-term financing, we consider various qualitative and quantitative factors. One such factor is the ratio of our debt to EBITDA. For the purpose of this calculation, debt is defined as the sum of short-term borrowings, long-term debt due within one year, obligations under capital leases due in one year, long-term debt and long-term obligations under capital leases.

Litigation and Other Contingencies

Cintas is subject to legal proceedings and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the consolidated financial position or results of operation of Cintas. Cintas is party to additional litigation not considered in the ordinary course of business. Please refer to Note 7 entitled Litigation and Other Contingencies of "Notes to Consolidated Condensed Financial Statements" for a detailed discussion of certain specific litigation.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor from civil litigation for forward-looking statements. Forward-looking statements may be identified by words such as “estimates,” “anticipates,” “predicts,” “projects,” “plans,” “expects,” “intends,” “target,” “f,” “believes,” “seeks,” “could,” “should,” “may” and “will” or the negative versions thereof and similar words, terms and expressions and by the context in which they are used. Such statements are based upon current expectations of Cintas and speak only as of the date made. You should not place undue reliance on any forward-looking statement. We cannot guarantee that any forward-looking statement will be realized. These statements are subject to various risks, uncertainties, potentially inaccurate assumptions and other factors that could cause actual results to differ from those set forth in or implied by this Quarterly Report. Factors that might cause such a difference include, but are not limited to, the possibility of greater than anticipated operating costs including energy and fuel costs, lower sales volumes, loss of customers due to outsourcing trends, the performance and costs of integration of acquisitions, fluctuations in costs of materials and labor including increased medical costs, costs and possible effects of union organizing activities, failure to comply with government regulations concerning employment discrimination, employee pay and benefits and employee health and safety, uncertainties regarding any existing or newly-discovered expenses and liabilities related to environmental compliance and remediation, the cost, results and ongoing assessment of internal controls for financial reporting required by the Sarbanes-Oxley Act of 2002, disruptions caused by the inaccessibility of computer systems data, the initiation or outcome of litigation, investigations or other proceedings, higher assumed sourcing or distribution costs of products, the disruption of operations from catastrophic or extraordinary events, the amount and timing of repurchases of our common stock, if any, changes in federal and state tax and labor laws and the reactions of competitors in terms of price and service. Cintas undertakes no obligation to publicly release any revisions to any forward-looking statements or to otherwise update any forward-looking statements whether as a result of new information or to reflect events, circumstances or any other unanticipated developments arising after the date on which such statements are made. A further list and description of risks, uncertainties and other matters can be found in our Annual Report on Form 10-K for the year ended May 31, 2012, and in our reports on Forms 10-Q and 8-K. The risks and uncertainties described herein are not the only ones we may face. Additional risks and uncertainties presently not known to us or that we currently believe to be immaterial may also harm our business.

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

In our normal operations, Cintas has market risk exposure to interest rates. There has been no material change to this market risk exposure to interest rates from that which was previously disclosed on page 26 of our Annual Report on Form 10-K for the year ended May 31, 2012.

Through its foreign operations, Cintas is exposed to foreign currency risk. Foreign currency exposures arise from transactions denominated in a currency other than the functional currency and from foreign currency denominated revenue and profit translated into U.S. dollars. The primary foreign currency to which Cintas is exposed is the Canadian dollar. Cintas has average rate options in place to limit a portion of the risks of the revenue translation from Canadian foreign currency exchange rate movements during the remainder of the fiscal year; however, the amount of these options is not significant.

ITEM 4.

CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

With the participation of Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, Cintas has evaluated the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act)) as of August 31, 2012. Based on such evaluation, Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, has concluded that Cintas' disclosure controls and procedures were effective as of August 31, 2012, in ensuring (i) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is accumulated and communicated to Cintas' management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Internal Control over Financial Reporting

There were no changes in Cintas' internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended August 31, 2012, that have materially affected, or are reasonably likely to materially affect, Cintas' internal control over financial reporting. See "Management's Report on Internal Control over Financial Reporting" and "Report of Independent Registered Public Accounting Firm" on pages 28 and 29 of our Annual Report on Form 10-K for the fiscal year ended May 31, 2012.

CINTAS CORPORATION

Part II. Other Information

Item 1. Legal Proceedings.

We discuss material legal proceedings (other than ordinary routine litigation incidental to our business) pending against us in “Part I, Item 1. Financial Statements,” in Note 7 entitled Litigation and Other Contingencies of “Notes to Consolidated Condensed Financial Statements.” We refer you to and incorporate by reference into this Part II, Item 1 that discussion for important information concerning those legal proceedings.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Period	Total number of shares purchased	Average price paid per share	Total number of shares purchased as part of the publicly announced plan ⁽¹⁾	Maximum approximate dollar value of shares that may yet be purchased under the plan ⁽¹⁾
June 1 - 30, 2012 ⁽²⁾	4,777	\$36.08	—	\$370,391,845
July 1 - 31, 2012 ⁽³⁾	986,195	37.75	797,699	340,293,383
August 1 - 31, 2012 ⁽⁴⁾	1,023,187	39.63	1,021,877	299,798,356
Total	2,014,159	\$38.70	1,819,576	\$299,798,356

⁽¹⁾ On October 18, 2011, Cintas announced that the Board of Directors authorized a \$500.0 million share buyback program at market prices. The October 18, 2011 buyback program does not have an expiration date. Beginning in April 2012, under the October 18, 2011 program, through August 31, 2012, Cintas has purchased a total of approximately 5.1 million shares of Cintas common stock at an average price of \$38.99 per share for a total purchase price of \$200.2 million.

⁽²⁾ During June 2012, Cintas purchased 4,777 shares of Cintas common stock in trade for employee payroll taxes due on restricted stock options that vested during the fiscal year. These shares were purchased at an average price of \$36.08 per share for a total purchase price of \$0.2 million.

⁽³⁾ During July 2012, Cintas purchased 188,496 shares of Cintas common stock in trade for employee payroll taxes due on restricted stock options that vested during the fiscal year. These shares were purchased at an average price of \$37.84 per share for a total purchase price of \$7.1 million.

⁽⁴⁾ During August 2012, Cintas purchased 1,310 shares of Cintas common stock in trade for employee payroll taxes due on restricted stock options that vested during the fiscal year. These shares were purchased at an average price of \$40.46 per share for a total purchase price of less than \$0.1 million.
