PROXY STATEMENT

This Proxy Statement and a form of proxy were first mailed to stockholders on or about March 21, 2003. The following information concerning the enclosed proxy and the matters to be acted upon at the Annual Meeting of Stockholders to be held on April 22, 2003, is submitted by the Company to the stockholders for their information.

At the January 28, 2003 quarterly meeting the Company's Board of Directors approved a three-for-two stock split to stockholders of record as of February 10, 2003 payable on March 10, 2003. All share and price data appearing in this proxy statement have been retroactively adjusted to give effect of this stock split.

SOLICITATION OF AND POWER TO REVOKE PROXY

Edgar Filing: ROLLINS INC - Form DEF 14A

A form of proxy is enclosed. Each proxy submitted will be voted as directed, but if not otherwise specified, proxies solicited by the Board of Directors of the Company will be voted in favor of the candidates for election to the Board of Directors.

A stockholder executing and delivering a proxy has power to revoke the same and the authority thereby given at any time prior to the exercise of such authority, if he so elects, by contacting either proxy holder.

CAPITAL STOCK

The outstanding capital stock of the Company on February 24, 2003 consisted of 44,859,646 shares of Common Stock, par value \$1.00 per share. Holders of Common Stock are entitled to one vote (non-cumulative) for each share of such stock registered in their respective names at the close of business on February 24, 2003, the record date for determining stockholders entitled to notice of and to vote at the meeting or any adjournment thereof.

A majority of the outstanding shares will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. In accordance with General Corporation Law of the state of Delaware, the election of the nominees named herein as Directors will require the affirmative vote of a plurality of the votes cast by the shares of Company Common Stock entitled to vote in the election provided that a quorum is present at the Annual Meeting. In the case of a plurality vote requirement (as in the election of directors), where no particular percentage vote is required, the outcome is solely a matter of comparing the number of votes cast for each nominee, and hence only votes for director nominees (and not abstentions or broker non-votes) are relevant to the outcome. With respect to the proposal to approve the Performance-Based Incentive Cash Compensation Plan, the affirmative vote of a majority of a quorum of the Company's outstanding shares of Common Stock present and entitled to vote at the meeting is required by Delaware Law for stockholder approval. Abstentions will have the effect of a vote against the proposal and broker non-votes will be disregarded and will have no effect on the outcome of the vote.

The names of the executives named in the Summary Compensation Table and the name and address of each stockholder who owned beneficially five percent (5%) or more of the shares of Common Stock of the Company on February 24, 2003, together with the number of shares so owned and the percentage of outstanding shares that ownership represents, and information as to Common Stock ownership of the executive officers and directors of the Company as a group (according to information received by the Company) is set out below:

The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles; that is the responsibility of management and the Company's independent public accountants.

REPORT OF THE COMPENSATION COMMITTEE AND EXECUTIVE COMMITTEE ON EXECUTIVE COMPENSATION

During fiscal year 2002, the members of the Compensation Committee of the Board of Directors held responsibility for determining the base salary for the Chairman of the Board and the Chief Executive Officer, the stock-based incentive plans for all the Named Executives as well as the cash incentive plan for the Chairman of the Board and Chief Executive Officer. The Executive Committee held responsibility for determining the base salary of the Named Executives, excluding the Chairman of the Board and the Chief Executive Officer, as well as the cash incentive plan for all of the Named Executives, excluding the Chairman of the Board and the Chief Executive Officer. The Compensation Committee is comprised of outside directors who are not eligible to participate in the Company's compensation plans and over whose names this report is presented. The Executive Committee is comprised of the Company's Chairman of the Board and Chief Executive Officer and over whose names the report is also presented.

The Company is engaged in a highly competitive industry. The actions of the executive officers have a profound impact on the short-term and long-term profitability of the Company; therefore, the design of the executive officer compensation package is very important. In order to retain key employees, the Company has an executive compensation package that is driven by an increase in shareholder value, the overall performance of the Company, and the individual performance of the executive. The measures of the Company's performance include revenue growth, pretax profit plan achievement, and pretax profit improvement over the past year.

Pursuant to the above compensation philosophy, the three main components of the executive compensation package are base salary, a cash incentive plan, and stock-based incentive plans.

The factors subjectively used in determining base salary include the recent profit performance of the Company, the magnitude of responsibilities, the scope

Edgar Filing: ROLLINS INC - Form DEF 14A

of the position, individual performance and the pay received by peers in similar positions in the same geographic area. These factors are not used in any specific formula or weighting. The salaries of the Named Executives are reviewed annually. Four Named Executives received raises in 2002 that were based on their individual performances and overall departmental improvements.

The annual cash incentive compensation package for the non-Director Named Executives is developed by the Chief Executive Officer of the Company prior to the end of each fiscal year. It is based upon performance objectives for the ensuing fiscal year. The specific performance objectives relate to each executive improving the contribution of his functional area of responsibility to further enhance the earnings of the Company. These performance objectives and incentive package are then reviewed by the Executive Committee and either accepted, amended or modified. All of the Named Executives participating in this Plan earned a bonus during 2002 as a result of improvements in departmental function and progress made toward the Company's strategic objectives. The Chairman of the Board and the Chief Executive Officer have not participated in this cash incentive plan in the past. However in recognition of the efforts made and success in turning around the Company's performance during 2002 the Compensation Committee approved bonuses for the Chairman of the Board, R. Randall Rollins and the Chief Executive Officer, Gary W. Rollins. The amount of these bonuses was \$200,000 and \$300,000, respectively.

Awards under the Company's Stock Option Plans are purely discretionary, and are not based upon any specific formula and may or may not be granted in any given fiscal year. When considering the grant of stock options, the Compensation Committee gives consideration to the overall performance of the Company and the performance of individual employees. Grants are made under the Plans and the Plans are administered by non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended. During the fiscal year 2002, the Compensation Committee, made an exception to their long standing policy and granted the Chairman of the Board, R. Randall Rollins, and the Chief Executive Officer, Gary W. Rollins, 39,000 shares of Incentive Stock Options each and 111,000 and 261,000 in Non-Qualified Stock Options respectively. The Compensation Committee of the Board of Directors granted these stock options in recognition of the efforts made and success in turning around the Company's performance. During the fiscal year 2002, three non-Director Named Executives were granted 30,000 Incentive Stock Options each. In general, these grants were based upon the scope of the position and the individual performance of each individual.

In recognition of the efforts made and success in turning around the Company's performance, the Compensation Committee of the Board of Directors has granted to three non-Director Named Executives a \$50,000 bonus each to be paid in Rollins, Inc. Common Stock less any applicable withholding taxes. These grants were made outside of the Company's stock incentive plans. This bonus is to be paid in the first quarter of 2003 for performance related to fiscal year 2002. When considering the issuance of the bonus, the Compensation Committee gave consideration to the overall performance of the Company and the performance of individual employees. The Chairman of the Board and Chief Executive Officer did not participate in this bonus.

7

The Compensation and Executive Committees currently believe that option grants under the Company's 1998 Employee Stock Incentive Plan will be exempt for purposes of determining the \$1 million deductibility limit of Section 162(m) of the Internal Revenue Code of 1986, as amended. For 2002 the Committees have come to the conclusion that none of the participants in the Company's stock plans have received in excess of \$1 million in taxable compensation in 2002 on a cash basis (the maximum amount for which an employer may claim a compensation deduction pursuant to Section 162(m) unless certain performance related

Edgar Filing: ROLLINS INC - Form DEF 14A

compensation exemptions are met). However, the Committees have evaluated the future status of the participants in the Company's stock plans and have determined that certain participants will exceed the \$1 million aggregate compensation limit during future fiscal years and have therefore decided to propose to the stockholders the performance-based incentive compensation plan discussed in further detail under the heading "Approval of Performance-Based Incentive Compensation Plan for Rollins, Inc. Executive Officers" in this proxy.

CEO COMPENSATION

The CEO's compensation is determined by the Compensation Committee. For fiscal year 2002, the cash compensation for Gary W. Rollins was \$1,200,000, of which \$900,000 was base salary and \$300,000 was a cash incentive bonus to be paid in the first quarter of 2003 for 2002. Mr. Rollins also received 39,000 Incentive Stock Options and 261,000 Non-Qualified Stock Options. Mr. Rollins received a bonus and stock options in recognition of the efforts made and success in turning around the Company's performance during 2002. The CEO's compensation is based upon the long-term growth in the Company's net income and shareholder value improvements, as well as the CEO's individual performance. The decision of the Compensation Committee is, however, subjective and is not based upon any specific formula or guidelines. The CEO does not consult with the Compensation Committee when his salary is determined. In 2002, no member of the Compensation Committee participated in any Company incentive program.

(1) The amounts shown in this column represent the Company match for the Named Executives under the Rollins 401(k) Plan ("401(k) Plan"), a qualified retirement plan adopted by the Company on October 1, 1983 and designed to meet the requirements of Section 401(k) of the Internal Revenue Code. The 401(k) Plan provides for a matching contribution (made in the form of Common Stock of the Company) of thirty cents (\$.30) for each one dollar (\$1.00) of a participant's contributions to the 401(k) Plan that do not exceed 6 percent of his or her annual compensation (which includes commissions, overtime and bonuses). A participant's voluntary pre-tax salary deferrals made under the 401(k) Plan are in lieu of payment of compensation to the participant.

(2) At the January 28, 2003 Board Meeting the Compensation Committee of the Board of Directors granted to three non-Director Named Executives a \$50,000 bonus each for 2002 performance to be paid in Rollins, Inc. Common Stock less any applicable withholding taxes. On February 28, 2003, each of the three non-Director Named Executives received 1,719 shares at an average price of \$19.07. Applicable withholding taxes were approximately \$17,000 per grant. At December 31, 2002, Mr. Glen Rollins held 7,500 shares of Performance Restricted Stock Incentives, issued to him in 1998, valued at \$127,275 based on the closing price as of December 31, 2002 of \$16.97 per share.

- (4) These amounts, based on assumed appreciation rates of 5% and 10% prescribed by the Securities and Exchange Commission rules, are not intended to forecast possible future appreciation, if any, of the Company's stock price. These numbers do not take into account certain provisions of options providing for termination of the option following termination of employment, nontransferability, or phased-in vesting. The Company did not use an alternative formula for a grant date valuation as it is not aware of any formula that will determine with reasonable accuracy a present value based on future unknown or volatile factors. Future compensation resulting from option grants is based solely on the performance of the Company's stock price.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth certain information regarding equity compensation plans as of December 31, 2002.

Edgar Filing: ROLLINS INC - Form DEF 14A

Equity compensation plans not approved by security holders.....	150,000 (2)	\$12.77

(1) Includes 30,000 shares of Performance Restricted Stock. This performance stock does not have a weighted average exercise price because no exercise price is paid upon issuance of the stock.

(2) These stock options were granted to Mr. Gary W. Rollins, Chief Executive Officer of Rollins, Inc., on January 22, 2002. The total amount of the grant was 300,000, however the Company's 1998 Employee Stock Incentive Plan under which these options were granted states that no one person may receive in any one year over 100,000 in options (Mr. Rollins' pre-split option grant was for 200,000 shares). Therefore, the excess is deemed not issued under a security holder approved equity compensation plan.

BENEFIT PLANS

The Rollins, Inc. Retirement Income Plan is a trustee defined benefit pension plan. The amounts shown on the following table are those annual benefits payable for life on retirement at age 65. The amounts computed in the following table assume: (a) that the participant remains in the service of the Company until his normal retirement date at age 65; (b) that the participant's earnings continue at the same rate as paid in the year ended December 31, 2002 during the remainder of his service until age 65; (c) that the normal form of benefit is a single-life annuity; and (d) that the Plan continues without substantial modification.

The above table does not reflect the Plan's offset for Social Security average earnings, the maximum limit on compensation under Section 401(a)(17) of the Internal Revenue Code of 1986 as amended (the "Code"), or the maximum benefit limitations under Section 415 of the Code. The compensation for the Named Executives is identical to the compensation reflected in the Summary Compensation Table under the two columns titled "Salary" and "Bonus".

Retirement income benefits are based on the average of the employee's compensation from the Company for the five consecutive complete calendar years of highest compensation during the last ten consecutive complete calendar years ("final average compensation") immediately preceding the employee's retirement date or, if earlier, the date of his termination of employment. All employees of the Company and its subsidiaries (other than employees subject to collective bargaining agreements) who commenced employment prior to January 1, 2002 are eligible to participate in the Retirement Income Plan after completing one year of service (a consecutive 12-month period with 1,000 hours of service). The benefit formula is 1.2% of final average compensation less 0.6% of final average FICA earnings, multiplied by years of service (maximum 35 years). However, a participant's benefits will not be less than the greater of his benefit earned as of December 31, 2001 or his benefit as of December 31, 2001 multiplied by a fraction in which the numerator is the final average compensation when the participant's credited service ends and the denominator is the participant's final average compensation at December 31, 2001. The Plan also provides reduced early retirement benefits under certain conditions. In accordance with the Code, the maximum annual benefit that may be paid could be payable to a Retirement Income Plan beneficiary in 2003 is \$160,000. In accordance with the Code (as amended by the Economic Growth and Tax Relief Reconciliation Act of 2001), the maximum compensation recognized by the Retirement Income Plan is \$200,000 in 2003. Retirement benefits accrued at the end of any calendar year will not be reduced by any subsequent changes in the maximum compensation limit.

The current credited years of service for the Named Executives, each of whom is a participant in the Plan, are: R. Randall Rollins, 19 years; Gary W. Rollins, 35 years; Michael W. Knottek, 5 years; Harry J. Cynkus, 4 years; and Glen Rollins, 13 years.

Effective October 1, 1983, the Company adopted a qualified retirement plan designed to meet the requirements of Section 401(k) of the Code ("401(k) Plan"). The only form of benefit payment under the 401(k) Plan is a single lump-sum payment equal to the vested balance in the participant's account on the date the distribution is processed. Under the 401(k) Plan, the full amount of a participant's vested benefit is payable upon his termination of employment, attainment of age 59 1/2 (with respect to pre-tax deferrals only), retirement, total and permanent disability, or death. Amounts contributed by the Company to the accounts of Named Executives for 2002 under this plan are included in the "All Other Compensation" column of the Summary Compensation Table on Page 10.

INDEPENDENT PUBLIC ACCOUNTANTS

On July 23, 2002 Rollins, Inc. ("Rollins") voted to dismiss its independent accountants, Arthur Andersen LLP ("Andersen"), and to engage the services of Ernst & Young LLP ("Ernst & Young") to serve as its new independent accountants, effective immediately. This determination followed Rollins' decision to seek proposals from independent accountants to audit Rollins' financial statements for the fiscal year ending December 31, 2002. The decision to dismiss Andersen and to engage the services of Ernst & Young was approved by Rollins' Board of Directors upon the recommendation of its Audit Committee.

Edgar Filing: ROLLINS INC - Form DEF 14A

During Rollins' two most recent fiscal years ended December 31, 2001 and 2000, and the subsequent interim period through July 23, 2002, there were no disagreements between Rollins and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to Andersen's satisfaction would have caused them to make reference to the subject matter of the disagreement in connection with their reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within Rollins' two most recent fiscal years ended December 31, 2001 and 2000, or during any subsequent interim period through July 23, 2002.

The audit reports of Andersen on the consolidated financial statements of Rollins and subsidiaries as of and for the two fiscal years ended December 31, 2001 and 2000 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

As required under Securities and Exchange Commission regulations, Rollins provided Andersen with a copy of the foregoing disclosures and requested that Andersen furnish Rollins with a letter addressed to the Commission stating whether it agrees with the statements by Rollins in this disclosure and, if not, stating the respects in which it does not agree. Although reasonable efforts have been made by Rollins, it has been unable to obtain such a letter from Andersen. Rollins is therefore relying on temporary Item 304T(2) of Regulation S-K in filing this report on Form 8-K.

During Rollins' two most recent fiscal years ended December 31, 2001 and 2000, and the subsequent interim period through July 23, 2002, Rollins did not consult with Ernst & Young with respect to the application of accounting principles to a specified transaction or regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Ernst & Young LLP has served as the Company's independent auditors since July 24, 2002 for the fiscal year ended December 31, 2002. In addition to performing the audit of the Company's consolidated financial statements, Ernst & Young provided various other services during 2002. The aggregate fees billed for 2002 for each of the following categories of services are set forth below:

Audit and quarterly reviews.....	\$53,500
Financial information systems design and implementation.....	\$ ---
All other services.....	\$17,640

Total.....	\$71,140*

* Arthur Andersen LLP, the Company's previous independent auditors, were paid the following for fiscal year 2002: \$3,300 for audit fees, \$7,615 for all other fees. Arthur Andersen LLP served as the Company's independent auditors from January 1, 2002 thru July 23, 2002.

All other services include tax planning, review of tax returns of the Company, and audits of the Company's employee benefit plans. For the year ended December 31, 2002, the Company's Audit Committee has considered whether the provision of non-audit services is compatible with maintaining auditor independence.

As is its policy, upon the recommendation of the Audit Committee, the Board of Directors shall select a firm of certified public accountants for 2003. It is anticipated that a representative of Ernst & Young LLP will be present at the Annual Meeting to answer questions and make a statement should such

Edgar Filing: ROLLINS INC - Form DEF 14A

representative so desire. A representative of Arthur Andersen LLP is not expected to be present.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

At the Company's October 22, 2002 Board of Directors meeting, the independent directors of the Board of Directors and the Audit Committee approved three related party transactions. The Audit Committee and the independent directors were furnished with full disclosure of the transactions, including independent appraisals, and determined that the terms of each transaction were reasonable and fair to the Company. The first approval was the purchase of the Rollins Training Center on October 31, 2002 for \$3.1 million from RTC, LLC, a company controlled by R. Randall Rollins, Chairman of the Board of Rollins, Inc. The second approval was the purchase of hand-held computer software development known as PowerTrak Version 1.0 from RRR Associates, a company controlled by R. Randall Rollins. The purchase was made during the fourth quarter at an approved purchase price of \$250,000. The third approval was a lease agreement effective July 1, 2002 that expires June 30, 2007 for company real estate in Okeechobee County, Florida to be leased to Rollins Ranch, a division of LOR, Inc., a company controlled by R. Randall Rollins and Gary W. Rollins,

13

Chief Executive Officer, President and Chief Operating Officer of Rollins, Inc. The annual lease rate on this real estate is \$131,939. It is the opinion of Management that these related party transactions were reasonable and fair to the Company and will not have a material effect on the Company's financial position, results of operations or liquidity.

At the Company's January 28, 2003 Board of Directors' meeting, the independent directors of the Board of Directors' and the Audit Committee approved four related party transactions. The Audit Committee and the independent directors were furnished with full disclosure of the transactions, including independent appraisals, and determined that the terms of each transaction were reasonable and fair to the Company and will not have a material effect on the Company's financial position, results of operations or liquidity. The first approval was the ratification of the current arrangement between Rollins, Inc. and LOR, Inc., a company controlled by R. Randall Rollins and Gary W. Rollins, related to sharing the aviation hangar located at the Dekalb-Peachtree Airport as well the usage of the Jetstar II, owned by Rollins, Inc., and Gulfstream III, owned by LOR, Inc. LOR, Inc. leases half of the hangar from Rollins, Inc. for a total annual lease amount of \$13,655. This lease expires on January 24, 2008. The hangar currently houses three airplanes, two of which are not owned by Rollins, Inc. and reside on the portion of the hangar leased by LOR, Inc. All other expenses related to the hangar are also shared equally by Rollins, Inc. and LOR, Inc. Total expenses for 2002 were approximately \$114,000, which includes rental, utilities, maintenance and repairs, depreciation, property tax and miscellaneous expense. The Jetstar II and Gulfstream III are used by both Rollins, Inc. and LOR, Inc. and are billed on a monthly basis. The Gulfstream III is charged at a rate of \$12,750 per month while the Jetstar II is charged at a rate of \$5,250 per month. All expenses related to each respective aircraft are paid for by the owner of each aircraft, except for fuel. Fuel is paid for by Rollins, Inc. and billed monthly to the company using the aircraft. Additionally, Mr. R. Randall Rollins and Mr. Gary W. Rollins use the Jetstar II for personal use and are billed for its use at the rate of \$1,000 per hour, which approximates the fuel cost. The total hourly usage for 2002 was approximately 6 hours or \$6,000. The Company on occasion uses the Gulfstream III and is also billed for its use at a rate of \$1,000 per hour, which approximates the fuel cost. The second approval was the ratification of the arrangement concerning the rental of office space to LOR, Inc. located at 2170 Piedmont Road NE, Atlanta, Georgia 30324. The property located at 2170 Piedmont Road is owned by Rollins Continental, Inc. a wholly owned subsidiary of

Edgar Filing: ROLLINS INC - Form DEF 14A

Rollins, Inc. Currently LOR, Inc. occupies approximately 3,580 square feet of office space in the building located at 2170 Piedmont Road. The annual rental rate is \$39,029. The third approval was the ratification of the arrangement concerning the rental of office space to LOR, Inc. located at 710 Lakeshore Circle, Atlanta, Georgia 30324. The property located at 710 Lakeshore Circle is also owned by Rollins Continental, Inc. Currently LOR, Inc. occupies approximately 3,344 square feet of office space in the building located at 710 Lakeshore Circle. The annual rental rate is \$40,800. The fourth approval was the ratification of the current arrangement related to the payment of fees for the services of a programmer/analyst that was employed by LOR, Inc. but has become employed by Rollins, Inc. in the first quarter of 2003. The programmer/analyst is being used to further develop the PowerTrak Version 1.0 hand-held computer software purchased in the fourth quarter of 2002 (as discussed in the above paragraph). The hourly wage paid to LOR, Inc. was \$32 per hour, which equated to \$66,560 per year, including overhead. It is the opinion of Management that these related party transactions were reasonable and fair to the Company and will not have a material effect on the Company's financial position, results of operations or liquidity.

Employees of Rollins, Inc. confer with employees of LOR, Inc. and RRR Associates and vice versa. No fees are charged for these services because in the opinion of management the activity is mutually beneficial and offsetting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Company has completed a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company by all directors, officers and greater than 10 percent stockholders subject to the provisions of Section 16 of the Securities Exchange Act of 1934. In addition, the Company has a written representation from all directors, officers and greater than 10 percent stockholders from whom no Form 5 was received, indicating that no Form 5 filing was required. Based solely on this review, the Company believes that all filing requirements of such persons under Section 16 for the fiscal year ended December 31, 2002 were timely satisfied.

APPROVAL OF PERFORMANCE-BASED INCENTIVE CASH COMPENSATION FOR ROLLINS, INC. EXECUTIVE OFFICERS

The Internal Revenue Code limits Rollins, Inc.'s tax deduction for expense in connection with compensation of its chief executive officer and its four other most highly-compensated executive officers for any fiscal year to the extent that the remuneration of such person exceeds \$1 million during such fiscal year, excluding remuneration that qualifies as "performance-based compensation." Section 162(m) of the Internal Revenue Code provides that in order for remuneration to be treated as qualified performance-based compensation, the material terms of the performance goals must be disclosed to and approved by the stockholders of the employer.

14

At the Annual Meeting, the stockholders will be asked to approve the terms relating to incentive compensation to be paid to Rollins, Inc. executive officers pursuant to the plan. Executive officer compensation typically consists of a base salary, potential stock options, and bonus compensation, based on criteria similar to that previously used for Rollins, Inc. executive officers. There are 5 executive officers who will participate in the incentive cash compensation plan. Executive officers will be entitled to receive bonuses up to 80% of their base salaries, or a maximum dollar amount of \$2,000,000 per individual per year, upon achievement of bonus performance goals, which shall be Rollins, Inc. achievement of pre-established performance goals in one or more of the following three targeted financial measures: revenue growth, pretax profit plan achievement, and pretax profit improvement over the prior year. The bonus

Edgar Filing: ROLLINS INC - Form DEF 14A

performance goals for 2003 have been pre-established by the Compensation Committee and approved by the Board of Directors for all executive officers. For future years, goals will be set prior to the beginning of the year. Rollins, Inc. believes that the incentive-related provisions provide performance incentives that are and will be beneficial to Rollins, Inc. and its stockholders. This plan will be in place until April 22, 2008.

Since the amounts payable under the performance-based incentive compensation plan for the year ending December 31, 2003 are dependent on Rollins, Inc. financial performance, the amounts are not currently determinable. However, the following table sets forth information regarding the theoretical maximum amounts that could be earned by each of the following executives for the fiscal year ending December 31, 2003.

The Committee will monitor the independence, performance, and qualifications of the Company's independent auditors.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company. The Committee is authorized to retain outside counsel, auditors or other experts and professionals for this purpose. The Board and the Committee are in place to represent the Company's shareholders; accordingly, the outside auditor is ultimately accountable to the Board and the Committee.

MEMBERSHIP

The Committee shall be comprised of not less than three members of the

Edgar Filing: ROLLINS INC - Form DEF 14A

Board, and the Committee's composition shall meet all requirements of the Audit Committee policy of the New York Stock Exchange.

Accordingly, all of the members must be directors:

- Who are independent of management and the Company. Members of the Committee shall be considered independent as long as they do not accept any consulting, advisory, or compensatory fee from the Company and are not an affiliated person of the Company or its subsidiaries, and meet the independence requirements of the New York Stock Exchange;

KEY RESPONSIBILITIES

The Committee's primary responsibility is to oversee the Company's financial reporting process on behalf of the Board and report results of their activities to the Board. [While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.] Management has the primary responsibility for the financial statements and reporting process, including the Company's systems of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America and their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States of America.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the Committee. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate under the circumstances.

The Committee shall be directly responsible for the appointment and termination (subject, if applicable, to shareholder ratification), compensation, and oversight of the work of the independent auditors, including resolution of disagreements between management and the auditor regarding financial reporting. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation.
