**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**Note 1 – Summary of significant accounting policies**

Our significant accounting policies normally included in financial statements prepared in conformity with generally accepted accounting principles, have been omitted from this Form 10-Q pursuant to the rules and regulations of the Securities and Exchange Commission. However, we believe the disclosures contained in this Form 10-Q are adequate to make the information presented not misleading when read in conjunction with the notes to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2006 filed with the Securities and Exchange Commission on February 8, 2007. For a full description of our accounting policies, please refer to the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2006.

We believe the accompanying unaudited consolidated financial statements reflect all adjustments (consisting of only normal recurring adjustments except as otherwise disclosed) necessary to present fairly the Unaudited Consolidated Balance Sheet at June 30, 2007, the Unaudited Consolidated Statements of Operations for the three and six months ended June 30, 2007 and 2006, the Unaudited Consolidated Statement of Changes in Stockholders' Equity for the six months ended June 30, 2007, and the Unaudited Consolidated Statements of Cash Flows for the six months ended June 30, 2007 and 2006. Operating results for the three and six months ended June 30, 2007 are not necessarily indicative of the results that may be expected for the year ending December 31, 2007.

**Note 2 – Non-operating gains (charges), net**

On December 18, 2006, we announced a proposal to acquire all of the outstanding shares of Caremark Rx, Inc. ("Caremark") common stock. On March 16, 2007, Caremark shareholders approved a merger agreement with CVS Corporation ("CVS") and we subsequently withdrew our proposal to acquire Caremark. Legal and other professional fees (which do not include expenses incurred internally) of \$27.4 million were expensed in the first quarter of 2007. Additionally in the first quarter, we received a \$4.4 million special dividend CVS/Caremark Corporation ("CVS/ Caremark") paid on Caremark stock we owned prior to the CVS/Caremark merger. As of June 30, 2007, we have sold all of our shares of CVS/Caremark stock, resulting in a non-operating gain of approximately \$4.2 million, which was recorded in the second quarter of 2007. We recognized net non-operating charges in the first six months of 2007 of \$18.8 million.

**Note 3 – Goodwill and other intangibles**

The following is a summary of our goodwill and other intangible assets (amounts in millions).

	June 30, 2007		December 31, 2006

	240.7	44.3	241.4	34.2
Total other intangible assets	\$ 545.8	\$ 185.3	\$ 547.2	\$ 168.8

- (1) We have two reportable segments: Pharmacy Benefit Management (“PBM”) and Specialty and Ancillary Services (“SAAS”).
- (2) Changes in other intangible assets are a result of the write-off of fully-amortized contractual assets, consisting of non-compete agreements that are no longer in effect.

The aggregate amount of amortization expense of other intangible assets was \$9.7 million and \$10.4 million for the three months ended June 30, 2007 and 2006, respectively, and \$19.5 million and \$20.5 million for the six months ended June 30, 2007 and 2006, respectively. The future aggregate amount of amortization expense of other intangible assets is approximately \$21.2 million for the remainder of 2007, \$36.3 million for 2008, \$35.3 million for 2009, \$33.7 million for 2010, and \$31.8 million for 2011. The weighted average amortization period of intangible assets subject to amortization is 16 years in total, and by major intangible class is 5 to 20 years for customer-related intangibles and four years for other intangible assets.

**Note 4 – Common Stock**

On May 23, 2007, we announced a two-for-one stock split for stockholders of record on June 8, 2007, effective June 22, 2007. The split was effected in the form of a dividend by issuance of one additional share of common stock for each share of common stock outstanding. The earnings per share and the weighted average number of shares outstanding for basic and diluted earnings per share for each period have been adjusted for the stock split.

**Note 5 – Financing**

We amended our existing credit facility in the second quarter to provide additional borrowings up to \$800.0 million, of which \$600.0 million was outstanding at the end of the second quarter (“Term-1 Loans”). The new Term-1 Loans have similar terms to our existing Term A loans with the following notable exceptions:

Edgar Filing: EXPRESS SCRIPTS INC - Form 10-Q

- Delayed draw feature (through December 31, 2007) allowing for interim borrowings up to \$800.0 million.
- No scheduled payments, until the maturity of the loan.

As a result of this amendment, we added approximately \$1.4 million of deferred financing fees in the second quarter of 2007.

### **Note 6 – Income Taxes**

We adopted the provisions of Financial Accounting Standards Board (“FASB”) Interpretation (“FIN”) 48, “Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109,” on January 1, 2007. As a result of the implementation of FIN 48, we recorded \$23.5 million of unrecognized tax benefits within the consolidated balance sheet, with no net impact to the consolidated statement of operations. Of this amount, approximately \$0.2 million was accounted for as a reduction to the January 1, 2007 balance of retained earnings, in accordance with adoption provisions of FIN 48. Included in our unrecognized tax benefits are \$7.2 million of uncertain tax positions that would impact our effective tax rate if recognized. We do not expect any significant increases or decreases to our unrecognized tax benefits within 12 months of June 30, 2007.

Prior to our adoption of FIN 48, we only included interest expense on underpayments of income taxes in our income tax provision. We have accrued an aggregate \$3.7 million of interest in our income tax provision. Interest was computed on the difference between the tax position recognized in accordance with FIN 48 and the amount previously taken or expected to be taken in our tax returns. Upon adoption of FIN 48, we have elected an accounting policy to also classify accrued penalties related to unrecognized tax benefits in our income tax provision. Previously, our policy was to classify penalties as an operating expense in arriving at pretax income.

Our U.S. federal income tax returns for tax years 2003 and beyond remain subject to examination by the Internal Revenue Service (“IRS”). The IRS commenced an examination of our consolidated 2003 and 2004 federal income tax returns in the second quarter of 2006 that is anticipated to be concluded by the end of 2007. Accordingly, we have agreed to extend our statute of limitations for the 2003 tax year from September 17, 2007 to March 31, 2008. The statute of limitations for the 2004 tax year will expire on September 15, 2008. Our state income tax returns for 2003 through 2005 remain subject to examination by various state authorities with the latest closing period on November 15, 2010. In addition, we have extended the statutes for certain state jurisdictions with respect to years prior to 2003 that will expire June 30, 2007, unless otherwise extended.

**Note 7 – Earnings per share (reflecting the two-for-one stock split effective June 22, 2007)**

Basic earnings per share is computed using the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed in the same manner as basic earnings per share but adds the number of additional common shares that would have been outstanding for the period if the dilutive potential common shares had been issued. The following is the reconciliation between the number of weighted average shares used in the basic and diluted earnings per share calculation for all periods (amounts in millions):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2007	2006	2007	2006
Weighted average number of common shares outstanding during the period – Basic EPS <sup>1)</sup>	263.6	282.4	267.6	287.6
Dilutive common stock equivalents:				
Outstanding stock options, “stock-settled” stock appreciation rights (“SSRs”), restricted stock units, and executive deferred compensation units	3.4	4.4	3.5	4.8
Weighted average number of common shares outstanding during the period – Diluted EPS <sup>1)</sup>	267.0	286.8	271.1	292.4

(1) Excludes SSRs of 0.2 million for the six months ended June 30, 2007. These were excluded because their effect was anti-dilutive.

The above shares are all calculated under the “treasury stock” method in accordance with Financial Accounting Standard (“FAS”) 128, “Earnings per Share.”

**Note 8 – Stock-based compensation plans (reflecting the two-for-one stock split effective June 22, 2007)**

Under our stock-based compensation plans, we have issued stock options, SSRs, restricted stock and performance share awards. Awards are typically settled using treasury shares. The maximum contractual term of stock options and SSRs granted under the 2000 Long Term Incentive Plan (“LTIP”) is 10 years. Due to the nature of the awards, we use the same valuation methods and accounting treatments for SSRs and stock options. During the first six months of 2007, we granted 2,300,000 SSRs and 61,000 stock options with a weighted average fair market value of \$12.81 per share. The SSRs and stock options have three-year graded vesting.

During the first six months of 2007, we granted to certain officers and employees approximately 292,000 restricted shares of common stock and performance shares with a weighted average fair market value of \$40.75 per share. The restricted stock awards have three-year graded vesting, and the performance shares cliff vest at the end of the three years. The number of performance shares that ultimately vest is dependent upon achieving specific performance targets. Prior to vesting, these shares are subject to forfeiture to us without consideration upon termination of employment under certain circumstances. The total number of non-vested restricted stock and performance share awards was 541,000 at June 30, 2007 and 498,000 at December 31, 2006.

We recognized stock-based compensation expense of \$8.2 million and \$6.6 million in the three months ended June 30, 2007 and 2006, respectively, and \$16.8 million and \$14.1 million in the six months ended June 30, 2007 and 2006, respectively. Unamortized stock-based compensation as of June 30, 2007 was \$34.4 million for stock options and SSRs, and \$13.9 million for restricted stock and performance shares.

The fair value of options and SSRs granted is estimated on the date of grant using a Black-Scholes multiple option-pricing model with the following weighted average assumptions:

10

---

	Three Months Ended June 30,		Six Months Ended June 30,

Expected life of option	3-5 years	3-5 years	3-5 years	3-5 years

Expected volatility of stock	31%	34%	31%	34%

### Note 9 – Contingencies

We accrue self-insurance reserves based upon estimates of the aggregate liability of claim costs in excess of our insurance coverage. Reserves are estimated using certain actuarial assumptions followed in the insurance industry and our historical experience. The majority of these claims are legal claims and our liability estimate is primarily related to the cost to defend these claims. We do not accrue for settlements, judgments, monetary fines or penalties until such amounts are probable and estimable, in compliance with FAS 5, “Accounting for Contingencies.” Under FAS 5, if the range of possible loss is broad, the liability accrual should be based on the lower end of the range.

While we believe that our services and business practices are in compliance with applicable laws, rules and regulations in all material respects, we cannot predict the outcome of these matters at this time. An unfavorable outcome in one or more of these matters could result in the imposition of judgments, monetary fines or penalties, or injunctive or administrative remedies. We can give no assurance that such judgments, fines and remedies, and future costs associated with legal matters, would not have a material adverse effect on our financial condition, our consolidated results of operations or our consolidated cash flows.

### Note 10 – Segment reporting

We report segments on the basis of services offered and have determined we have two reportable segments: PBM and SAAS. Operating income is the measure used by our chief operating decision maker to assess the performance of each of our operating segments. The following table presents information about our reportable segments, including a reconciliation of operating income to income before income taxes, for the three and six months ended June 30, 2007 and 2006:
