### Item 2.05. Costs Associated with Exit or Disposal Activities

On June 29, 2005, the Board of Directors of CIT Group Inc. (the "Company" or "CIT") committed CIT to a plan to consolidate certain of its business operations and technology systems. As a part of CIT's ongoing cost management and related to the foregoing consolidation, the Company determined that it would reduce its workforce by approximately 200 employees in North America across multiple businesses in the second and third quarter of 2005. The Company expects that expenses for these workforce reductions, which will be reflected as a charge against earnings in CIT's second quarter financial statements, will total approximately \$25 million (before taxes), consisting primarily of costs related to severance payments.

### Item 8.01. Other Items.

Attached as Exhibit 99.1 is the news release issued by CIT on July 6, 2005, announcing the sale of approximately \$900 million of its corporate aircraft lease and loan portfolio on June 30, 2005. The pre-tax gain resulting from the sale, which will be recognized in CIT's second quarter financial statements, is expected to total approximately \$22 million.

### Item 9.01. Financial Statements and Exhibits.

#### (c) Exhibits

##### 99.1 News Release dated July 5, 2005

This document contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All forward-looking statements (including statements regarding future financial and operating results) involve risks, uncertainties and contingencies, many of which are beyond CIT's control, which may cause actual results, performance, or achievements to differ materially from anticipated results, performance, or achievements. All statements contained in this document that are not clearly historical in nature are forward-looking, and the words "anticipate", "believe", "expect", "estimate", "plan", "target" and similar expressions are generally intended to identify forward-looking statements. Economic, business, funding market, competitive and/or regulatory factors, among others, affecting CIT's businesses are examples of factors that could cause actual results to differ materially from those described in the forward-looking statements. More detailed information about these factors are described in CIT's filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K for the year ended December 31, 2004 and its Quarterly Report on Form 10-Q for the quarter ended March 31, 2005. CIT is under no obligation to (and expressly disclaims any such obligation to) update or alter its forward-looking statements, whether as a result of new information, future events or otherwise.
