**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On August 5, 2010, Omnicom Group Inc. ( Omnicom Group ), together with its wholly owned direct finance subsidiaries, Omnicom Capital Inc. and Omnicom Finance Inc. (collectively with Omnicom Group, the Issuers ), closed their public offering of \$1.0 billion aggregate principal amount of 4.450% Senior Notes due 2020 (the Notes ) pursuant to the Underwriting Agreement, dated August 2, 2010, among the Issuers and J.P. Morgan Securities Inc., as representative of the several underwriters named therein. The Notes have been registered under the Securities Act of 1933 pursuant to the Issuers shelf registration statement on Form S-3 (File No. 333-158092) (the Registration Statement ), which became effective upon filing with the Securities and Exchange Commission ( SEC ) on March 18, 2009.

The net proceeds received by the Issuers, after deducting the underwriting discount and estimated offering expenses payable by the Issuers, were \$988.7 million. The Issuers intend to use such net proceeds for general corporate purposes, which could include working capital expenditures, fixed asset expenditures, acquisitions, refinancing of other debt, repurchases of Omnicom Group s common stock or other capital transactions. The Notes are the joint and several unsecured and unsubordinated obligations of the Issuers and rank equal in right of payment to all of their respective existing and future unsecured senior indebtedness. The Indenture (as defined below) does not contain any provision that would limit the Issuer s ability to incur indebtedness or that would afford holders of Notes protection in the event of a sudden and significant decline in the credit quality or rating of Omnicom Group or a takeover, recapitalization or highly leveraged or similar transactions involving Omnicom Group.

The Notes were issued pursuant to an Indenture, dated as of July 1, 2009 (the Base Indenture ), between the Issuers and Deutsche Bank Trust Company Americas, as trustee (the Trustee ), as amended by the Second Supplemental Indenture, dated as of August 5, 2010, between the Issuers and the Trustee (the Supplemental Indenture ). The Notes will bear interest from August 5, 2010, at a rate equal to 4.450% per year, payable semiannually on February 15 and August 15 of each year, commencing on February 15, 2011. Each interest payment will be made to the persons who are registered holders of the Notes on the immediately preceding February 1 and August 1, respectively.

Subject to certain exceptions, the Base Indenture, together with the Supplemental Indenture (collectively, the Indenture ), contains covenants limiting the Issuers ability and their subsidiaries ability to (i) create certain liens; and (ii) consolidate or merge with, or convey, transfer or lease substantially all their assets to, another person.

The Notes may be declared immediately due and payable by the Trustee or the holders of 25% of the principal amount of the Notes of the affected series if an event of default occurs under the Indenture and has not been cured. An event of default generally means that the Issuers (1) fail to pay the principal on a Note on its due date, (2) fail to pay interest on a Note within 30 days of its due date, (3) remain in breach of any other term of the Indenture for 60 days after their receipt of written notice of such failure, or (4) (A) fail to make any payment by the end of any applicable grace period after maturity of their respective indebtedness, which term as used in the Indenture means obligations (other than non recourse obligations) of the Issuers for borrowed money or evidenced by bonds, debentures, notes or similar instruments in an amount (taken together with amounts in (B)) in excess of \$100 million and continuance of such failure, or (B) the acceleration of their respective indebtedness in an amount (taken together with the amounts in (A)) in excess of \$100 million because of a default with respect to such indebtedness without such indebtedness having been discharged or such acceleration having been cured, waived, rescinded or annulled in case of (A) or (B)

above, for a period of 30 days after written notice to the Issuers by the Trustee or to the Issuers and the Trustee by the holders of not less than 25% in aggregate principal amount of the Notes then outstanding; however, if any such failure or acceleration referred to in (A) or (B) above shall cease or be cured or be waived, rescinded or annulled in accordance with the terms of the applicable debt security, then the event of default by reason thereof shall be deemed not to have occurred. Notwithstanding the foregoing, if the Issuers file for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occurs, the Notes will be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Issuers have the right to redeem some or all of the Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the Notes and (2) the sum of the present values of the remaining scheduled payments of principal of and interest on the Notes that would be due after the redemption date discounted to the date of redemption, plus a make whole spread equal to 25 basis points, plus accrued and unpaid interest to the redemption date, as applicable.

From time to time in the ordinary course of their respective businesses, certain of the underwriters and their affiliates have engaged in and may in the future engage in commercial banking, derivatives and/or investment banking transactions with the Issuers and their affiliates for which they have received, or will receive, customary fees and reimbursement of expenses.
