Item 1. Semi-Annual Report to Shareholders

SEMI-ANNUAL REPORT TO SHAREHOLDERS
OF
RENN GLOBAL ENTREPRENEURS FUND, INC.

June 30, 2011

Dear Shareholder,

Over the past six months, a number of events have occurred which we believe will result in positive returns over the next several years.

In our last letter to shareholders we discussed creating value in long-term, troubled legacy holdings. One of those holdings, CMSF, Inc. has found an attractive merger partner in Plures Technologies, Inc., a private company in the specialty semi-conductor business. RENN Global invested in a \$500,000 Plures convertible debenture and when audits are completed, Plures will merge into CMSF, keeping the name of "Plures." We will then convert the debt to equity and the new combined entity will begin trading. We do not yet know the opening value but one public competitor, NVE Corp. is trading at 8 times revenues which is a very high multiple. We are optimistic about the potential here. Meanwhile, we are continuing to work on finding a merger partner for Integrated Security Systems, Inc. ("IZZI"), another legacy holding. We have been examining a number of different opportunities and hope to have something favorable to report over the next three to six months.

In the past six months, we made a new investment in AnchorFree, Inc., a rapidly growing private company with a virtual private network. From www.AnchorFree.com an individual can download free software known as "Hotspot Shield." This protects the privacy of the person using the Internet. This service provides complete anonymity even to Google, Facebook, Twitter, and government agencies, as well as to AnchorFree. Despite little to no formal advertising for itself, AnchorFree has grown to over 9 million subscribers. The company's income is generated from banner ads placed on pages, and approximately 2 billion pages were viewed last month. AnchorFree, unlike many Internet companies, is very profitable. There are currently very high values in the Internet space, and investors in AnchorFree are anticipating the company will go public or be sold over the next several years at an attractive price.

The largest holding currently in our portfolio is PHC, Inc., (NYSE-Amex:PHC). PHC, operates in the behavioral health field (drug and alcohol abuse) and has announced its agreement to merge with Acadia Healthcare Company, a major private company in the same field. Acadia Healthcare is about 6 times larger than PHC. PHC's Form 8-K filed May 25, 2011, gives a summary of the intended merger. We believe the combination will command attention from Wall Street and we are confident of further appreciation here.

Of note among our core holdings, Bovie Medical (NYSE:BVX) anticipates receiving clearance on a super new surgical product, J-Plasma. We anticipate a meaningful rebound in this stock's value.

The major challenge we have faced in the last six months has been with our US-listed Chinese companies. Short sellers attacked this market group as a whole by claiming that many of these companies are frauds. Following the news about such claims (valid or not), many Chinese companies that went public via reverse mergers saw their values decline approximately 50% from their highs. We believe the percentage of actual frauds to be small and that most such companies are not fraudulent. Some of these companies are now suing the short sellers over these false claims.

A number of other positive things are happening in this sector including companies buying in shares, going private, and seeking dual listings on Asian exchanges where their values could be much higher. We see a potential uptrend here for your portfolio.

Our main theme of investing with “Founder-Owner-Visionaries” remains intact. We believe that these “Founder-Owner-Visionaries” will create positive gains for our shareholders in the coming years.

Sincerely
Russell Cleveland
President and CEO

Note 1 Organization and Business Purpose

RENN Global Entrepreneurs Fund, Inc. (the "Fund"), formerly known as Renaissance Capital Growth & Income Fund III, Inc., is a registered, non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the "1940 Act").

The Fund, a Texas corporation, was organized and commenced operations in 1994 and is registered under and pursuant to the provisions of Section 8(a) of the 1940 Act.

The investment objective of the Fund is to provide its stockholders primarily with long-term capital appreciation by investing substantially in privately-placed convertible and equity securities of emerging growth companies traded on U.S. securities exchanges.

RENN Capital Group, Inc. ("RENN Group"), a Texas corporation, serves as the Investment Adviser to the Fund. In this capacity, RENN Group is primarily responsible for the selection, evaluation, structure, valuation, and administration of the Fund's investment portfolio, subject to the supervision of the Board of Directors. RENN Group is a registered investment adviser under the Investment Advisers Act of 1940, as amended.

Note 2 Summary of Significant Accounting Policies

Valuation of Investments

Portfolio investments are stated at quoted market or fair value as determined by RENN Group (Note 5).

Revenue Recognition

The Fund recognizes realized gain/loss in the period of the sale based upon the identified cost basis. Change in unrealized gain/loss is reflected during the period of the change. Dividend income is recorded on the record date. Interest income is recorded as earned on an accrual basis. The Fund reserves any dividends or interest income which is deemed to be uncollectable.

Cash and Cash Equivalents

As of June 30, 2011, cash and cash equivalents are at risk to the extent that they exceed Federal Deposit Insurance Corporation insured amounts. The Fund has not experienced any losses as a result of this risk. The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. As of June 30, 2011, cash equivalents were held in the Federated Prime Obligations Fund which is not covered by depository insurance.

RENN Global Entrepreneurs Fund, Inc.
Notes to Financial Statements
Six Months Period Ending June 30, 2011 (unaudited)

Note 2 Summary of Significant Accounting Policies, continued

Income Tax

The Fund has elected the special income tax treatment available to “regulated investment company” (“RIC”) under Subchapter M of the Internal Revenue Code (“IRC”) which allows the Fund to be relieved of federal income tax on that part of its net investment income and realized capital gain that it pays out to its stockholders. The requirements to qualify for RIC status include, but are not limited to certain qualifying income tests, asset diversification tests and distribution of substantially all of the Fund’s taxable investment income to its stockholders. It is the intent of management to comply with all IRC requirements as they pertain to a RIC and to distribute all of the Fund’s taxable investment income and realized long-term capital gain within the defined period under the IRC to qualify as a RIC. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in the Fund’s net assets as well as the amount of cash available for distribution to stockholders. Continued qualification as a RIC requires management to satisfy certain investment diversification requirements in future years. There can be no assurance that the Fund will qualify as a RIC in future years.

Federal income taxes payable on behalf of stockholders on realized capital gain that the Fund elects to retain are accrued and reflected as tax expense paid on behalf of stockholders on the last day of the tax year in which such gain is realized.

Net Decrease in Net Assets resulting from operations per share

Net decrease in net assets resulting from operations per share is based on the weighted average number of shares outstanding of 4,463,967 during the six months ended June 30, 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Note 3 Due to/from Broker

The Fund conducts business with various brokers for its investment activities. The clearing and depository operations for the investment activities are performed pursuant to agreements with these brokers. “Due from broker” represents unsettled sales transactions. “Due to broker” represents a margin loan payable to these brokers, which is secured by investments in securities maintained with the lending broker as collateral for the margin loan (as indicated by footnote 6 on the schedule of investments). The Fund is subject to credit risk to the extent the brokers are unable to deliver cash balances or securities, or clear security transactions on the Fund’s behalf. RENN Capital Group, Inc., the investment adviser, actively monitors the Fund’s exposure to these brokers and believes the likelihood of loss under those circumstances is remote. At June 30, 2011, “due from broker” balance was \$0 and “due to broker” balance was \$1,262,775.

RENN Global Entrepreneurs Fund, Inc.
Notes to Financial Statements
Six Months Period Ending June 30, 2011 (unaudited)

Note 3 Due to/from Broker, continued

The terms on a margin loan are governed by federal regulation and by the rules of National Association of Securities Dealers (“NASD”) and the securities exchanges. In general under Federal Reserve Board Regulation T, firms can lend a customer up to 50% of the price of a security. The rules of NASD and the exchanges supplement the requirements of Regulation T by placing “maintenance” margin requirements on customer accounts. Under the rules of the broker, equity in the account must not fall below 30% of the current market value of the securities in the account that have a market value above \$6.625 or \$2.00 per share for securities that have a market value between \$2.125 and \$6.625. The failure to do so may cause the firm to force the sale of or liquidate the securities in the account in order to bring the account’s equity back to the required level. The loan is not made for any specific term or duration but is due and payable at the brokerage firm’s discretion. The Fund has a negotiated interest rate of 150 basis points over the Federal Funds rate. The interest will vary with any changes in the Federal Funds rate. The interest charges are added to the loan balance. At June 30, 2011 the margin interest rate was 2.73%. The margin loan balance is secured by the securities as explained on the schedule of investments. The Fund has a policy allowing it to borrow not more than 33% of the Fund’s Net Asset Value as of the time of borrowing for purposes of taking advantage of investments deemed to be in the best interest of the Fund or to borrow such amounts as deemed necessary and prudent as a temporary measure for extraordinary or emergency purposes. Federal regulations under the 1940 Act require that the Fund maintain 300% asset coverage in relation to any borrowed amount.

Note 4 Management Fees and Reimbursement

Pursuant to an Investment Advisory Agreement (the “Agreement”) effective May 15, 2009, RENN Group performs certain services, including certain management, investment advisory and administrative services necessary for the operation of the Fund. In addition, under the Agreement, the Investment Adviser is reimbursed by the Fund for certain directly allocable administrative expenses. A summary of fees and reimbursements paid by the Fund under either the Agreement or the prospectus is as follows:

RENN Group receives a management fee equal to a quarterly rate of 0.4375% of the Fund’s net assets, as determined at the end of each quarter, each payment to be due as of the last day of the calendar quarter. The Fund incurred \$105,046, during the six months ended June 30, 2011 for such management fees.

The Investment Adviser was reimbursed by the Fund for directly allocable administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$22,337.91 during the six months ended June 30, 2011.

At June 30, 2011 the Fund had an account payable of \$61,127 for the amount due for the fees and expense reimbursements disclosed above.

Note 5 Valuation of Investments

Investments are carried in the statement of assets and liabilities at fair value, as determined in good faith by the Investment Adviser, subject to the approval of the Fund's Board of Directors. The convertible debt securities held by the Fund generally have maturities between five and seven years and are convertible (at the discretion of the Fund) into the common stock of the issuer at a set conversion price. The common stock underlying these securities is generally unregistered and thinly-to-moderately traded. Generally, the Fund negotiates registration rights at the time of purchase and the portfolio companies are required to register the shares within a designated period and the cost of registration is borne by the portfolio companies. Interest on the convertible securities is generally payable quarterly. The convertible debt securities generally contain embedded call options giving the issuer the right to call the underlying issue. In these instances, the Fund has the right of redemption or conversion. The embedded call option will generally not vest until certain conditions are achieved by the issuer. Such conditions may require that minimum thresholds be met relating to the market price of the underlying common stock, liquidity, and other factors.

The Fund follows the provisions of Accounting Standards Codification ASC 820, Fair Value Measurements, under which, the Fund has established a fair value hierarchy that prioritizes the sources ("inputs") used to measure fair value into three broad levels: inputs based on quoted market prices in active markets (Level 1 inputs); observable inputs based on corroboration with available market data (Level 2 inputs); and unobservable inputs based on uncorroborated market data or a reporting entity's own assumptions (Level 3 inputs). The Fund's valuation policies are as follows:

On a weekly basis, RENN Group prepares a valuation to determine fair value of the investments of the Fund. The Board of Directors approves the valuation on a quarterly basis. Interim board involvement may occur if material issues arise before quarter end. The valuation principles are described below.

- Unrestricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price on the date of valuation.
- Restricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued based on the quoted price for an otherwise identical unrestricted security of the same issuer that trades in a public market, adjusted to reflect the effect of any significant restrictions.
- The unlisted preferred stock of companies with common stock listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price of the common stock into which the preferred stock is convertible on the date of valuation.
- Debt securities are valued at fair value. The Fund considers, among other things, whether a debt issuer is in default or bankruptcy. It also considers the underlying collateral. Fair value is generally determined to be the greater of the face value of the debt or the market value of the underlying common stock into which the instrument may be converted.
- The unlisted in-the-money options or warrants of companies with the underlying common stock listed on an exchange, NASDAQ or in the over-the-counter market are valued at fair value (the positive difference between the closing price of the underlying common stock and the strike price of the warrant or option). An out-of-the money warrant or option has no value; thus the Fund assigns no value to it.

Note 5 Valuation of Investments, continued

Investments in privately held entities are valued at fair value. If there is no independent and objective pricing authority (i.e., a public market) for such investments, fair value is based on the latest sale of equity securities to independent third parties. If a private entity does not have an independent value established over an extended period of time, then the Investment Adviser will determine fair value on the basis of appraisal procedures established in good faith and approved by the Board of Directors.

The following table shows a summary of investments measured at fair value on a recurring basis classified under the appropriate level of fair value hierarchy as of June 30, 2011:

		Level 1	Level 2	Level 3	Total
Convertible Bonds	\$		\$ 369,850	\$ 1,587,535	\$ 1,957,385
Convertible Preferred Equities			0 850,938	0	850,938
Common stock		7,490,612	1,682,270	223,936	9,396,818
Miscellaneous Securities			0 5,283	90,000	95,283
Total Investments	\$	7,490,612	2,908,341	\$ 1,901,471	\$ 12,300,424
			\$		

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

Level 3	
Beginning balance – March 31, 2011	\$1,437,850
Changes in unrealized gain or loss	463,621
Ending Balance – June 30, 2011	\$1,901,471

Note 6 Income Taxes

During 2011 management has followed a policy of distributing all of the Fund's taxable investment income and realized capital gain within the defined period under the IRC to ensure that any federal income tax on such income, if any, is paid by the Fund's stockholders. During the six months ended June 30, 2011 there was no taxable investment income or net realized long-term capital gain, and therefore no declaration of any distributions. Accordingly, no income tax expense was reported by the Fund for the six months ended June 30, 2011.

(a)

Total investment return is calculated by comparing the common stock price on the first day of the period to the price on the last day of the period. The calculation also assumes reinvestment of distributions at actual prices pursuant to the Fund's dividend reinvestment plan and reflects taxes paid by the Fund for deemed distributions. Total investment return calculated for a period of less than one year is not annualized.

(b) Average net assets have been computed based on monthly valuations.

Note 8 Subsequent Events

In preparing the accompanying financial statements, in accordance with Statement of Financial Accounting Standards ("FAS") No. 165, "Subsequent Events", the Fund has reviewed events that have occurred after June 30, 2011 through August 29, 2011, the date the financial statements were available to be issued. During this period, the Company did not have any material subsequent events.

Director and Officer Compensation

The Fund has no employees, and, therefore, does not compensate any employees. Officers of the Fund receive no compensation from the Fund, and the Fund has never issued options or warrants to officers or directors of the Fund. The Fund does not have any stock option or similar retirement or pension fund for officers or directors of the Fund.

Directors who are not employees of RENN Group receive a monthly fee of \$2,000 (the Chairman of the Audit Committee receives \$3,000), plus \$750 and reasonable out-of-pocket expenses for each quarterly valuation meeting attended. The Fund does not pay its directors who are considered “interested persons” of the Fund any fees for their directorship services or reimburse expenses to such individuals except for those incurred specifically in the performance of their duties as directors of the Fund. The aggregate compensation paid to the directors during the period covered by this Report was \$46,500.

Quarterly Reports

The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission (“SEC”) for the first and third quarters of each fiscal year on Form N-Q. A copy of each such Form N-Q is available on the SEC’s website at www.sec.gov. Such forms may also be reviewed and copied at the SEC Public Reference Room in Washington, D.C., and you may call the Public Reference Room at 1-800-SEC-0330 for information on its hours, etc.

Proxy Voting Policies and Procedures

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available, without charge, upon request by calling (800) 687-3863. You may also obtain the description on the Fund’s website at www.rencapital.com.

Portfolio Proxy Voting Records

The Fund’s record of proxy voting regarding portfolio securities is presented each year for the 12-month period ended June 30. It is filed with the SEC on Form N-PX and is available without charge by calling (800) 687-3863 and on the SEC’s website at www.sec.gov.

Board Approval of the Investment Advisory Contract.

At the Board meeting held April 14, 2010, the Board of Directors reviewed the Investment Advisory Agreement entered into with RENN Group. In conjunction with that review, members of the Board of Directors noted that the quarterly rate of 0.4375% for the Adviser's management fee was at or below other closed-end funds of similar engagement. Members of the Board of Directors also reviewed the costs incurred by the Adviser on the Fund's behalf. The expense ratio was higher than desired, but deemed to be unavoidable because of shrinkage of asset valuations primarily due to the general investment environment. Upon close examination it was concluded that the expenses were properly managed. The Adviser's performance was compared to similar closed-end funds, and was found to be acceptable. Based on these factors and confidence in the Adviser's guidance regarding global endeavors, the members of the Board found it appropriate to recommend renewal of the Investment Advisory for another one-year term.

Dividend Reinvestment Plan

Pursuant to the Fund's Dividend Reinvestment and Cash Purchase Plan (the "Plan"), a stockholder whose shares are registered in his or her own name will be deemed to have elected to have all dividends and distributions automatically reinvested in Fund shares unless he or she elects otherwise on a current basis. Stockholders whose shares are held in nominee names will likewise be treated as having elected to have their dividends and distributions reinvested. You may elect to receive cash distributions, net of withholding tax, by requesting an election form from the Fund's Plan Agent, American Stock Transfer & Trust Co. You may terminate participation by notifying the Plan Agent in writing. If notice is received by the Plan Agent not less than 10 days prior to any dividend or distribution it will be effective immediately. Information regarding income tax consequences should be directed to your tax consultant – the Plan will furnish information by January 31 following the year of distribution as to the category of income that the distributions represent. Your questions regarding the Plan should be directed to the Fund's Plan Agent, American Stock Transfer & Trust Company, LLC., whose telephone number is (718) 921-8275 and whose address is 40 Wall Street, New York, NY 10005.
