(1) As approved by Magellan's Management Compensation Committee on March 26, 2004, the exercise price of this option was adjusted to \$11.91 (from \$11.94) in order to correct an arithmetic error made in the calculation of the applicable purchase price contemplated for options to be granted to Mr. Demilio in connection with the consummation of Magellan's plan of reorganization pursuant to Mr. Demilio's employment agreement with Magellan, which he and Magellan entered into on January 5, 2004 (as was further discussed in Magellan's Current Report on Form 8-K filed with the Commission on January 6, 2004 with regard to the consummation of the plan of reorganization).

(2) Options vest, and become exercisable in 33% increments on January 5 of each of 2005, 2006 and 2007. Further, options are exercisable only if market price of the common stock has increased from 1/5/04 through the determination date at a cumulative rate of 16% per annum, with daily compounding, over \$11.91 per share. The determination of whether these options are exercisable shall be determined on each trading day occurring on or after a vesting date and shall be based on the average closing prices of the common stock for each of the 20 consecutive trading days ending on each such determination date. In all events, the options fully vest and are exercisable on 1/5/11.

(3) The zero ("0") in this column is a "dummy" amount, solely for the purpose of permitting the use of the following explanation: No price was applicable to the acquisition of this security.
