On April 4, 2006 the Company issued a press release announcing the results of operations for its year ended December 31, 2005.

higher than revenues of \$12,344,000 reported for 2004. The Company reported a net loss for the year of \$3,314,000, or \$(0.95) per share, compared with a net loss of \$1,424,000, or \$(0.43) per share, in 2004. The net loss for 2005 includes a \$1,091,000 loss attributable to the start up of One IP Voice, Inc., the Company's wholly-owned subsidiary which was formed in 2005 to offer carrier-based hosted IP telephony products and services. The Company attributed its fiscal year 2005 improved revenue results to increased market penetration for its legacy business systems-related products and services, particularly from the small-to-medium business ("SMB") market segment which the Company has been targeting, significantly higher sales of Avaya maintenance contracts, and a larger sales force.

A copy of the press release is attached as Exhibit 99.1
