Deregistration of Securities

On July 17, 1998, Wind River Systems, Inc. (Wind River) filed its Registration Statement on Form S-3 (File No. 333-59311) (the Registration Statement), covering 226,211 (or 339,317 on a post-stock split basis) shares of Wind River 's common stock to be sold from time to time by selling stockholders of Wind River named therein. The Registration Statement was filed in order to register shares of Wind River 's common stock issued to the former stockholders of Zinc Software Incorporated, which was acquired by Wind River on May 18, 1998. On August 21, 1998, the Securities and Exchange Commission declared the Registration Statement effective. Wind River filed Post-Effective Amendment No. 1 to the Registration Statement on October 29, 1998.

In accordance with the undertaking contained in the Registration Statement pursuant to item 512(a)(3) of Regulation S-K, Wind River is filing this Post-Effective Amendment No. 2 to remove from registration all of the shares that remain unsold under the Registration Statement as of the date hereof, calculated to be 4,563 shares of common stock (post-split), based on the records of Wind River 's transfer agent. Wind River is seeking deregistration of these shares because its obligation to maintain the effectiveness of the Registration Statement pursuant to the registration rights agreement between Wind River and Zinc Software Incorporated has expired.

Accordingly, Wind River is filing this Post-Effective Amendment No. 2 to the Registration Statement to deregister such number of the shares of its common stock registered pursuant to the Registration Statement as remain unsold thereunder as of the date hereof.
