SHAREHOLDER LETTER

YOUR FUND'S GOAL: TEMPLETON DRAGON FUND SEEKS LONG-TERM CAPITAL APPRECIATION BY INVESTING AT LEAST 45% OF ITS TOTAL ASSETS IN THE EQUITY SECURITIES OF "CHINA COMPANIES," AS DEFINED IN THE FUND'S PROSPECTUS.

Dear Shareholder:

We are pleased to bring you this semiannual report for Templeton Dragon Fund covering the period ended June 30, 2002. During the six months under review, China continued to be one of the fastest growing nations globally. China's first quarter 2002 gross domestic product (GDP) grew an annualized 7.6% versus first quarter 2001, compared with a 6.6% annualized growth rate in fourth quarter 2001 versus fourth quarter 2000, in large part due to sustained government expenditures. (1) Aiming to maintain high growth rates, China lowered key interest rates for the first time since June 1999. The government hopes that cheaper debt financing will encourage increased consumer spending.

As a result of China's accession into the World Trade Organization (WTO) and commitment toward economic liberalization, foreign direct investment jumped 29.1% to US\$14.1 billion in the first four months of 2002 compared

with the same period in 2001.(2) According to the WTO, China has become one of the world's top six trading nations. We believe China's WTO membership and robust economy should continue to attract investments into the country. China also embarked on negotiations with the Association of Southeast Asian Nations to establish the largest free-trade bloc in the world. Other efforts to develop regional and international relations include Chinese President Jiang Zemin's

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-30D

visits to Russia and neighboring Vietnam and U.S. President Bush's trip to mainland China in February.

Hong Kong's first quarter 2002 GDP fell an annualized 0.9% versus first quarter 2001. However, the government forecasts 2002 GDP to grow an annualized 1.0%. (3) Unemployment reached 7.4% in May, up from 7.1% in April. (4) The jobless rate is likely to rise further as new graduates join the work force in the summer. In March, Hong Kong's Financial Secretary, Antony Leung, announced a budget deficit estimated at US\$8.4 billion, representing 5.2% of GDP. (5) Leung expects the government to attain fiscal balance in fiscal year 2006-2007.

Ending three quarters of annualized declines, Taiwan's GDP grew an annualized 0.9% in first quarter 2002 compared with first quarter 2001 due to strengthening export demand and the improving electronics industry. This growth was in contrast to fourth quarter 2001's 1.9% annualized decline versus fourth quarter 2000. (6) We believe that exports may be a key driver of growth in 2002 and 2003. In an effort to accelerate economic recovery and reduce unemployment, the government

announced a US\$75.7 billion "Challenge 2008" plan. (7) We believe such actions could result in greater trade, economic growth and corporate profitability, and if so could lead to greater investor interest over the long term.

Within this environment, Templeton Dragon Fund delivered a six-month cumulative total return of +23.10% in market-price terms and +17.01% in net asset value terms for the period ended June 30, 2002, as shown in the Performance Summary on page 6.

During the reporting period, China H shares (Hong Kong listed Chinese companies) remained the Fund's largest allocation at 34.7% of total net assets on June 30, 2002. Although we sold a few of these holdings, China H shares' strong performance as a group contributed to the Fund's significant weighting in these shares. We selectively purchased some China Red Chip shares (Hong Kong listed companies with significant exposure to China) because we believe these companies have the potential to benefit from greater foreign interest. Fund performance benefited, in part, from selective stock picking even though the Hong Kong market generally lagged behind China's.

The Fund traded more actively in Taiwan. Sharply rising share prices in fourth quarter 2001 led to some technology stocks becoming relatively fairly valued, in our opinion. We repositioned our exposure from the technology sector to what we believed were the better-valued financial and manufacturing sectors. Purchases of various Taiwanese banks also increased

the Fund's exposure to the banking sector from 0.6% of total net assets at the beginning of the period to 3.1% at period-end.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-30D

Within the Fund's top 10 holdings, China H company Tsingtao Brewery and China Red Chip companies TCL International Holdings and China Mobile replaced China H Huaneng Power International, China Red Chip Citic Pacific and Taiwanese company Premier Image Technology during the reporting period. On June 30, 2002, the transportation infrastructure sector dominated the portfolio, followed by food and drug retailing and industrial conglomerates. Short-term investments and other net assets increased from 6.4% of total net assets on December 31, 2001, to 8.6% on June 30, 2002. We increased our cash position to make funds available for the tender offer to purchase 10% of the Fund's shares, which began in June 2002.

Over the long term, we expect an improved global macroeconomic environment to support China's strong growth and provide the potential for greater earnings growth opportunities for Chinese companies. Furthermore, we believe heightened interest in emerging markets investing should lead to increased capital inflows into China. As for Taiwan, we anticipate the nation's investment environment may remain relatively attractive due to strengthening macroeconomic fundamentals and the stable political situation over the long term. Looking forward, we will continue our search for value stocks trading at what we believe are appealing valuations.

Of course, investing in any emerging market means accepting a certain amount of volatility and, in some cases, the consequences of severe market corrections. For example, Hong Kong's equity market has increased 337.85% in the last 15 years, but has suffered 7 quarterly declines of more than 15% each during

4

that time.(8) Investing in emerging markets, particularly "China companies," also entails special considerations, including risks related to market and currency volatility, adverse economic, social and political developments, and the markets' relatively small size and lesser liquidity. Also, as a non-diversified investment company, the Fund may invest in a relatively small number of issuers, which could result in a greater risk of loss. While short-term volatility can be disconcerting, declines exceeding 50% are not unusual in emerging markets.

Thank you for investing in Templeton Dragon Fund. We appreciate your confidence and welcome your comments.

Sincerely,

/s/MARK MOBIUS

 Since markets can go down as well as up, investment return and principal value will fluctuate with market conditions, currency volatility, and the economic, social and political climates of countries where the Fund invests. Emerging markets involve heightened risks related to the same factors, in addition to those associated with their relatively small size and lesser liquidity. Also, as a non-diversified investment company investing in "China companies," the Fund may invest in a relatively small number of issuers and, as a result, be subject to a greater risk of loss with respect to its portfolio securities. IMPORTANT NOTICE TO SHAREHOLDERS

MEASUREMENT PERIOD. In June 2001, in efforts to address the Fund's discount, the Board of Directors of the Fund established a nine-month measurement period for evaluating the discount of the market value of the Fund's shares from their net asset value. The Measurement Period began on August 1, 2001, and ended on April 30, 2002. According to the June 22, 2001, announcement, if the Fund's shares traded at an average discount from net asset value of 10% or more during the last 90 days of the Measurement Period (based on the closing price of every trading day during those 90 days), then the Board would take one of three actions, which included a tender offer for a portion of the Fund's outstanding shares. On May 10, 2002, it was announced that the average discount of the Fund's shares during the last 90 days of the Measurement Period exceeded 10%. Consistent with the announcement made on June 22, 2001, the Board of Directors approved a tender offer for a portion of the Fund's outstanding shares.

TENDER OFFER. On June 11, 2002, the Fund commenced a tender offer for up to 4,874,109 shares, or 10%, of the Fund's outstanding shares at a price per share equal to 90% of net asset value per share as of July 10, 2002, the expiration date of the tender offer. A total of 4,364,925.9071 shares were properly tendered and accepted for purchase at a purchase price of \$9.45 per share.

REPURCHASE PROGRAM. On May 10, 2002, the Board of Directors discontinued the Fund's open-market share repurchase program.

TEMPLETON DRAGON FUND, INC.
Notes to Financial Statements (unaudited)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Templeton Dragon Fund, Inc. (the Fund), is registered under the Investment Company Act of 1940 as a closed-end, non-diversified investment company. The Fund seeks long-term capital appreciation by investing at least 45% of its total assets in the equity securities of "China companies", as defined in the Fund's prospectus. The following summarizes the Fund's significant accounting policies.

A. SECURITY VALUATION

Securities listed or traded on a recognized national exchange or NASDAQ are valued at the latest reported sales price. Over-the-counter securities and listed securities for which no sale is reported are valued within the range of the latest quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management in accordance with procedures established by the Board of Directors.

B. FOREIGN CURRENCY TRANSLATION

Portfolio securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the exchange rate of such currencies against U.S. dollars on the date of valuation. Purchases and sales of securities and income items denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date.

The Fund does not separately report the effect of changes in foreign exchange rates from changes in market prices on securities held. Such changes are included in net realized and unrealized gain or loss from investments.

Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes, and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in foreign exchange rates on foreign denominated assets and liabilities other than investments in securities held at the end of the reporting period.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-30D

C. FOREIGN CURRENCY CONTRACTS

When the Fund purchases or sells foreign securities it may enter into foreign exchange contracts to minimize foreign exchange risk from the trade date to the settlement date of the transactions. A foreign exchange contract is an agreement between two parties to exchange different currencies at an agreed upon exchange rate on a specified date. Realized and unrealized gains and losses are included in the Statement of Operations.

The risks of these contracts include movement in the values of the foreign currencies relative to the U.S. dollar and the possible inability of the counterparties to fulfill their obligations under the contracts.

D. INCOME TAXES

No provision has been made for income taxes because the Fund's policy is to qualify as a regulated investment company under the Internal Revenue Code and to distribute all of its taxable income.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONT.)

E. SECURITY TRANSACTIONS, INVESTMENT INCOME, EXPENSES AND DISTRIBUTIONS

Security transactions are accounted for on trade date. Realized gains and losses on security transactions are determined on a specific identification basis. Certain income from foreign securities is recorded as soon as information is available to the Fund. Interest income and estimated expenses are accrued daily. Dividend income and distributions to shareholders are recorded on the ex-dividend date.

F. ACCOUNTING ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expense during the reporting period. Actual results could differ from those estimates.

2. CAPITAL STOCK

On October 18, 1997, the Board of Directors of the Fund authorized management to implement an open-market share repurchase program pursuant to which the Fund may purchase, from time to time, up to 5.4 million shares of the Fund's common stock in open-market transactions, at the discretion of management (approximately 10% of the shares outstanding at the time the program was initially implemented). In May 2000, the Board of Directors removed the 10% limitation on share repurchases in order to give management greater flexibility to engage in an aggressive share repurchase program. Effective May 10, 2002, the Board of Directors discontinued the repurchase program.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-30D

At June 30, 2002, there were 100 million shares authorized (\$.01par value).
Share repurchase transactions were as follows:

SIX MONTHS ENDE
JUNE 30, 2002

Shares repurchased	--
Amount repurchased	--
Weighted average discount of market price to net asset value of shares repurchased	--

Through June 30, 2002, the Fund had repurchased a total of 5,266,000 shares.

3. TRANSACTIONS WITH AFFILIATES AND RELATED PARTIES

Certain officers of the Fund are also officers or directors of Templeton Asset Management Ltd. (TAML) and Franklin Templeton Services, LLC (FT Services), the Fund's investment manager and administrative manager, respectively.

TEMPLETON DRAGON FUND, INC.
Notes to Financial Statements (unaudited) (CONTINUED)

3. TRANSACTIONS WITH AFFILIATES AND RELATED PARTIES (CONT.)

The Fund pays an investment management fee to TAML of 1.25% per year of the average weekly net assets of the Fund. Management fees were reduced on assets invested in the Franklin Institutional Fiduciary Trust Money Market Portfolio (Sweep Money Fund) in an amount not to exceed the management fee paid by the Sweep Money Fund. The Fund pays FT Services an administrative fee of 0.15% per year of the Fund's average weekly net assets, of which 0.10% is paid to Nomura Asset Management, Inc.

4. INCOME TAXES

At June 30, 2002, the cost of investments and net unrealized appreciation for income tax purposes were as follows:

Cost of investments	\$471,476,270

Unrealized appreciation	70,691,212
Unrealized depreciation	(42,101,063)

Net unrealized appreciation	\$ 28,590,149
	=====

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-30D

Net investment income and net realized gains differ for financial statement and tax purposes primarily due to differing treatments of wash sales, foreign currency transactions, and losses realized subsequent to October 31, on the sales of foreign currencies.

At December 31, 2001, the Fund had tax basis capital losses which may be carried over to offset future capital gains. Such losses expire as follows:

Capital loss carryovers expiring in:	
2006	\$ 4,270,183
2007	49,694,430
2009	47,221,414

	\$101,186,027
	=====

At December 31, 2001, the Fund had deferred foreign currency losses occurring subsequent to October 31, 2001 of \$83,486. For tax purposes, such losses will be reflected in the year ended December 31, 2002.

5. INVESTMENT TRANSACTIONS

Purchases and sales of securities (excluding short-term securities) for the period ended June 30, 2002 aggregated \$56,363,117 and \$59,120,920, respectively.

TEMPLETON DRAGON FUND, INC.
Dividend Reinvestment and Cash Purchase Plan

The Fund offers a Dividend Reinvestment and Cash Purchase Plan (the "Plan") with the following features:

If shares of the Fund are held in the shareholder's name, the shareholder will automatically be a participant in the Plan (other than shareholders holding their shares through Japan Securities Clearing Corporation, who will not be enrolled in the Plan unless certain conditions are met and they elect to participate), unless he elects to withdraw. If the shares are registered in the name of a broker-dealer or other nominee (i.e., in "street name"), the broker-dealer or nominee will elect to participate in the Plan on the shareholder's behalf unless the shareholder instructs them otherwise, or unless the reinvestment service is not provided by the broker-dealer or nominee.

Participants should contact Mellon Investor Services LLC, P.O. Box 3338, South Hackensack, NJ 07606-1938, to receive the Plan brochure.

To receive dividends or distributions in cash, the shareholder must notify Mellon Securities Trust Company (the "Plan Agent") at the address above or the institution in whose name the shares are held. The Plan Agent must receive written notice within 10 business days before the record date for the distribution.

Whenever the Fund declares dividends in either cash or common stock of the Fund, if the market price is equal to or exceeds net asset value at the valuation

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-30D

date, the participant will receive the dividends entirely in stock at a price equal to the net asset value, but not less than 95% of the then current market price of the Fund's shares. If the market price is lower than net asset value or if dividends and/or capital gains distributions are payable only in cash, the participant will receive shares purchased on the New York Stock Exchange or otherwise on the open market.

A participant has the option of submitting additional payments to the Plan Agent, in any amounts of at least \$100, up to a maximum of \$5,000 per month, for the purchase of Fund shares for his or her account. These payments shall be made by check or money order payable to "Mellon Securities Trust Company" and sent to Mellon Investor Services LLC, P.O. Box 382009, Pittsburgh, PA 15250-8009, Attn: Templeton Dragon Fund, Inc. The Plan Agent shall apply such payments (less a \$5.00 service charge and less a pro rata share of trading fees) to purchases of the Fund's shares in the open market.

The automatic reinvestment of dividends and/or capital gains does not relieve the participant of any income tax which may be payable on dividends or distributions.

The participant may withdraw from the Plan without penalty at any time by written notice to the Plan Agent sent to Mellon Investor Services LLC, P.O. Box 3338, South Hackensack, NJ 07606-1938. Upon withdrawal, the participant will receive, without charge, stock certificates issued in the participant's name for all full shares held by the Plan Agent; or, if the participant wishes, the Plan Agent will sell the participant's shares and send the proceeds, less a service charge of \$5.00 and less trading fees.

Whenever shares are purchased on the New York Stock Exchange or otherwise on the open market, each participant will pay a pro rata portion of trading fees. Trading fees will be deducted from amounts to be invested.
