PROXY STATEMENT

2003 ANNUAL MEETING OF STOCKHOLDERS

General Information

The Board of Directors of Dial Thru International Corporation is soliciting your proxy for use at the Annual Meeting of Stockholders to be held on July 1, 2003. This Proxy Statement, the accompanying proxy and our annual report to stockholders for the year ended October 31, 2002 will first be sent to our stockholders on or about May 15, 2003.

Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form DEF 14A

Voting and Revocation of Proxies

All properly completed proxies received prior to the Annual Meeting and not revoked will be voted in accordance with your instructions. IF NO SUCH INSTRUCTIONS ARE MADE, THEN PROXIES WILL BE VOTED AS FOLLOWS:

- * FOR THE ELECTION OF THE SIX NOMINEES FOR DIRECTOR; AND
- * FOR THE RATIFICATION OF THE APPOINTMENT OF KBA GROUP LLP TO SERVE AS OUR INDEPENDENT AUDITORS FOR THE 2003 FISCAL YEAR.

If any other matters come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their best judgment.

We encourage the personal attendance of our stockholders at the Annual Meeting. The execution of the accompanying proxy will not affect a stockholder's right to attend the Annual Meeting and to vote in person.

Proxies may be revoked if you:

- * Deliver a signed, written revocation letter, dated any time before the proxy is voted, to Mr. Allen Sciarillo, Secretary, Dial Thru International Corporation, at our principal executive offices, 17383 Sunset Boulevard, Suite 350, Los Angeles, California 90272; or
- * Sign and deliver a proxy, dated later than any previously delivered proxy to the above address; or
- * Attend the meeting and vote in person. Attending the Annual Meeting alone will not revoke your proxy. A revocation letter or a later-dated proxy will not be effective until received by us at or prior to the Annual Meeting.

Securities Entitled to be Voted at the Annual Meeting

Only stockholders of record at the close of business on May 2, 2003 will be entitled to notice of and to vote at the Annual Meeting. On May 2, 2003 we had issued and outstanding 16,048,755 shares of our common stock, \$.001 par value per share. Each share of Common Stock is entitled to one vote on each matter presented to the stockholders.

How Proxies are Solicited

In addition to the solicitation of proxies by use of the mail, we may also use certain officers, directors and regular employees who may solicit the return of proxies by personal interview, mail, telephone, facsimile and/or through the Internet. These persons will not be additionally compensated, but will be reimbursed for out-of-pocket expenses. We will also request brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares. We will reimburse such persons and the transfer agent for their reasonable out-of-pocket expenses in forwarding such materials. We will bear all costs of the solicitation.

Quorum and Voting Requirements

The presence, in person or by proxy, of the holders of a majority of the issued and outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting.

Abstentions and broker non-votes are counted for the purposes of determining the presence or absence of a quorum for the transaction of business.

Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form DEF 14A

Abstentions are counted in the tabulations of votes cast on proposals presented to the stockholders, while broker non-votes are not counted as among the shares entitled to vote with respect to such matter, and thus have the effect of reducing the number of affirmative votes required to approve a proposal and the number of negative votes or abstentions required to block such approval. A broker non-vote is a proxy submitted by a broker that does not indicate a vote for some or all of the proposals because the broker does not have discretionary voting authority and has not received instructions from its client as to how to vote on a particular proposal.

Assuming the presence of a quorum, the affirmative vote of a plurality of the shares of Common Stock represented in person or by proxy at the Annual Meeting, is required to elect our directors. Stockholders may not cumulate their votes in the election of directors. All other matters submitted for a vote at the Annual Meeting will be decided by the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting, except as otherwise provided by law or in our Certificate of Incorporation or Bylaws.

PROPOSAL ONE: ELECTION OF DIRECTORS

Six directors are to be elected at the Annual Meeting, to serve until our next annual meeting of stockholders and until their respective successors are elected and qualified, or until their earlier resignation or removal. All of the nominees listed below currently serve as our directors and were elected to our Board of Directors at our 2002 Annual Meeting of Stockholders. Unless authority to vote for one or more nominees is withheld, the enclosed proxy will be voted FOR the election of all of the nominees listed below. Although the Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed proxy will vote for the election of such other person(s) as may be nominated by the Board of Directors.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR ALL OF THE NOMINEES

Aggregated Option Exercise in Last Fiscal Year and Fiscal Year End Option Values

The following table sets forth information with respect to the number of options held at fiscal year end and the aggregate value of in-the-money options held at fiscal year end by each of the Named Executive Officers.

Name	Shares acquired on exercise (#)	Value realized (\$)(1)	Number of securities underlying unexercised options at Fiscal Year End (#)		Value of unexercised in-the-money options at Fiscal Year End (\$)(2)

"In-the-money" options include only those options where the fair market value of the stock is higher than the exercise price of the option on the date specified. The actual value, if any, an executive realizes on the exercise of options will depend on the fair market value of our Common Stock at the time of exercise.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for implementing, overseeing and administering the Company's overall compensation policy. The basic objectives of that policy are to (a) provide compensation levels that are fair and competitive with peer companies, (b) align pay with performance, and (c) where appropriate, provide incentives which link executive and stockholder interests and long-term corporate objectives through the use of equity-based incentives. Overall, the compensation program is designed to attract, retain and motivate high quality and experienced employees at all levels. The principal elements of executive officer compensation are base pay, bonus and stock options, together with health benefits. The various aspects of the compensation program, as applied to the Company's Named Executive Officers, are outlined below.

Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form DEF 14A

Executive officer compensation is, in large part, determined by the individual officer's ability to achieve his or her performance objectives. Each of the Company's Named Executive Officers participates in the development of an annual business strategy from which individual objectives are established and performance goals are measured periodically. Initially, the objectives are proposed by the particular officer involved. Those objectives are then determined by the Chief Executive Officer or, in the case of Mr. Jenkins's objectives, by the Board of Directors.

Base Pay

Initially, base pay was established at levels that were considered to be sufficient to attract experienced personnel but which would not exhaust available resources. As the Company grows, the compensation focus continues to emphasize other areas of compensation. Executive officers understand that their principal opportunities for substantial compensation lie not in enhanced base salary, but rather through appreciation in the value of previously granted stock options. Thus, base pay has not represented the most critical element of executive officer compensation.

Mr. Jenkins, the Company's President and Chief Operating Officer through September 2001, was promoted to the position of Chief Executive Officer in October 2001. Mr. Jenkins' base pay for fiscal 2001 and 2002 was established at an amount considered below market in comparison to executive compensation levels for companies of similar size and maturity. The Compensation Committee established, and Mr. Jenkins accepted, below market compensation at the beginning of fiscal 2001, based on a variety of factors, including the performance of the Company, the ability of the Company to obtain funding to support its operational cash flow requirements, and a desire to save the Company the expense of compensation at market levels. The Compensation Committee set Mr. Jenkins' salary at \$100,000 per annum for fiscal 2001, and \$150,000 for 2002, compared to \$175,950 for fiscal 2000.

Bonus

The Compensation Committee has determined that a cash incentive plan will be implemented when the Company is able to achieve positive operating results.

Stock Options

The Compensation Committee believes that a stock option plan provides capital accumulation opportunities to participants in a manner that fosters the alignment of the participants' interests and risks with the interests and risks of public stockholders. The Compensation Committee further believes that stock options can function to assure the continuing retention and loyalty of employees. Options that have been granted to the Named Executive Officers typically carry three-year vesting schedules. If these officers leave the Company's employ before their options are fully vested, they will lose a portion of the benefits that they might otherwise receive if they remain in the Company's employ for the entire vesting period. Stock option grants have been based upon amounts deemed necessary to attract qualified employees and amounts deemed necessary to retain such employees and to equitably reward high performance employees for their contributions to our development. For most of the Company's executive officers, stock options generally constitute the most substantial portion of the Company's compensation program.

The Compensation Committee believes that an appropriate compensation program can help in fostering competitive operations if the program reflects a suitable balance between providing appropriate awards to key employees while at the same time effectively controlling compensation costs, principally by establishing cash compensation at competitive levels and emphasizing

Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form DEF 14A

supplemental compensation that correlates the performance of individuals, the Company and its Common Stock.

This report has been furnished by the Compensation Committee of the Board of Directors.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Our Audit Committee has appointed the firm KBA Group LLP as our independent auditors for the fiscal year ending October 31, 2003. That appointment has also been confirmed and ratified by our Board of Directors and the Board of Directors recommends that the stockholders ratify the appointment of KBA Group LLP as our Company's independent auditors. Although our Bylaws do not require the ratification of the selection of KBA Group LLP by stockholders, as a matter of good corporate practice, our Board is submitting the selection of KBA Group LLP for stockholder approval. However, even if the stockholders ratify the selection, our Board of Directors, in its discretion, may still direct the appointment of other independent auditors at any time during the year if our Board believes that such change would be in the best interests of our Company and our stockholders.

Changes in Certifying Accountants

On November 2, 2001, we dismissed King Griffin & Adamson P.C. as our independent public accountants. Our Audit Committee participated in and approved the decision to change independent public accountants. The audit reports of King Griffin & Adamson P.C. on our consolidated financial statements as of and for the years ended October 31, 2000 and 1999, the two most recent fiscal years audited by King Griffin & Adamson P.C., did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except that King Griffin & Adamson P.C.'s report on our financial statements for the fiscal year ended October 31, 2000 contained a modification as to the uncertainty of our ability to continue as a going concern.

In connection with the audits for the two years ended October 31, 2000, and through November 2, 2001, there were no disagreements with King Griffin & Adamson P.C. on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of King Griffin & Adamson P.C. would have caused them to make reference to them in their report on the financial statements for those years. During the two fiscal years ended October 31, 2000, and through November 2, 2001, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K under the Exchange Act).

In its letter dated November 5, 2001 to the SEC, King Griffin & Adamson P.C. stated that it agreed with the statements in the preceding two paragraphs. This letter was filed as Exhibit 16.1 to our Current Report on Form 8-K, filed with the SEC on November 7, 2001.

We engaged Arthur Andersen LLP as our new independent public accountants as of November 2, 2001. During the two fiscal years ended October 31, 2000,

Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form DEF 14A

and through November 2, 2001, we did not consult with Arthur Andersen LLP regarding the following:

- * the application of accounting principles to a specified transaction, either completed or proposed;
- * the type of audit opinion that might be rendered on our financial statements, and in no case was a written report provided to us nor was oral advice provided that we concluded was an important factor in reaching a decision as to an accounting, auditing or financial reporting issue; or
- * any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

On August 2, 2002, we received a letter from the SEC notifying us that Arthur Andersen LLP, in connection with the winding-down of its business, had notified the SEC that it would be unable to perform future audit services for us effective immediately. We did not receive a copy of this notification directly from Arthur Andersen LLP.

The audit report of Arthur Andersen LLP on our consolidated financial statements as of and for the year ended October 31, 2001, the fiscal year audited by Arthur Andersen LLP, did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles, other than a modification as to the uncertainty of our ability to continue as a going concern. In connection with the audit for the most recent fiscal year and through August 7, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Arthur Andersen LLP would have caused them to make reference to them in their report on the financial statements for those periods. During the fiscal year ended October 31, 2001 and through August 7, 2002, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K.

On August 23, 2002, we reengaged King Griffin & Adamson P.C. as our independent public accountants. Our Audit Committee participated in and approved the decision to reengage King Griffin & Adamson P.C. During the fiscal year ended October 31, 2001 and through August 23, 2002, we did not consult with King Griffin & Adamson P.C. regarding the following:

- * the application of accounting principles to a specified transaction, either completed or proposed;
- * the type of audit opinion that might be rendered on our financial statements, and in no case was a written report provided to us nor was oral advice provided that we concluded was an important factor in reaching a decision as to an accounting, auditing or financial reporting issue; or
- * any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

On March 6, 2003, King Griffin & Adamson P.C. resigned to allow its

Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form DEF 14A

successor entity KBA Group LLP to be engaged as our independent public accountants.

The report issued by King Griffin & Adamson P.C. on our financial statements for the fiscal year ended October 31, 2002 did not contain an adverse opinion nor a disclaimer of opinion, and was not qualified or modified as to audit scope or accounting principles. The report issued by King Griffin & Adamson P.C. on our financial statements for the fiscal year ended October 31, 2002 was modified to include an explanatory paragraph describing conditions that raised substantial doubt about our ability to continue as a going concern.

In connection with its audit for the most recent fiscal year and through March 5, 2003, there were no disagreements with King Griffin & Adamson P.C. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of King Griffin & Adamson P.C., would have caused King Griffin & Adamson P.C. to make reference thereto in their report on the financial statements for such year or such interim periods.

In its letter dated March 10, 2003 to the SEC, King Griffin & Adamson P.C. stated that it agreed with the statements in the preceding three paragraphs. This letter was filed as Exhibit 16 to our Current Report on Form 8-K, filed with the SEC on March 10, 2003.

Our Audit Committee approved the engagement of KBA Group LLP and we engaged KBA Group LLP as our new independent public accountants as of March 6, 2003. As KBA Group LLP is a successor entity to King Griffin & Adamson P.C., the section addressing consultation of the newly engaged independent public accountants is not applicable.

Audit Fees

For the year ended October 31, 2002, our current independent public accounts KBA Group LLP, billed us an aggregate of \$91,679, and Arthur Andersen LLP, our former independent public accountants, billed us an aggregate of \$8,900 for professional services rendered for the audit of our financial statements for such period and the reviews of the financial statements included in our Quarterly Reports on Form 10-Q during such period.

Financial Information Systems Design and Implementation Fees

There were no financial information systems design and implementation services rendered for the year ended October 31, 2002.

All Other Fees

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE SELECTION OF KBA GROUP LLP AS OUR INDEPENDENT AUDITORS FOR 2003

The chairman of the meeting may refuse to bring any business before the meeting that is not properly brought before the meeting in accordance with our Bylaws.
