ANNUAL MEETING OF STOCKHOLDERS
APRIL 28, 2004

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of TF Financial Corporation (the "Company") to be used at the 2004 Annual Meeting of Stockholders of the Company which will be held at the Goodnoe Farm Restaurant, Durham Road and Sycamore Street, Newtown, Pennsylvania on April 28, 2004 at 10:00 a.m., Eastern time. This proxy statement and the accompanying Notice of Annual Meeting of Stockholders, form of proxy and Annual Report are being first mailed to stockholders on or about March 29, 2004. The Company is the parent company of Third Federal Savings Bank (the "Bank"), TF Investments Corporation, Penns Trail Development Corporation and Teragon Financial Corporation.

At the meeting, stockholders will consider and vote upon (i) the election of two directors and (ii) the ratification of the appointment of Grant Thornton LLP as the Company's independent auditor for the fiscal year ending December 31, 2004. In addition, if presented at the Meeting, stockholders will consider and act upon a stockholder proposal seeking your vote on a non-binding stockholder recommendation that any provisions in the Company's Certificate of Incorporation and Bylaws that segregate the Board of Directors into separate classes with staggered terms of office be removed. Your Board of Directors has reviewed and carefully considered the stockholder proposal and is unanimously opposed to it. The Board of Directors urges you to vote AGAINST the stockholder proposal. The Board of Directors knows of no additional matters that will be presented for consideration at the meeting. Execution of a proxy, however, confers on the designated proxy holder discretionary authority to vote the shares represented by such proxy in accordance with their best judgment on such other business, if any, that may properly come before the meeting or any adjournment thereof.

VOTING AND REVOCABILITY OF PROXIES

Stockholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by such proxies will be voted at the meeting and all adjournments thereof. Proxies may be revoked by written notice to the Secretary of the Company at the address above or by the filing of a later dated proxy prior to a vote being taken on a particular proposal at the meeting. A proxy will not be voted if a stockholder attends the meeting and votes in person. Proxies solicited by the Board of Directors of the Company will be voted as specified thereon. If no specification is made, proxies will be voted "FOR" the nominees for director set forth herein, "FOR" the ratification of the appointment of Grant Thornton LLP as the Company's independent auditor for the fiscal year ending December 31, 2004 and "AGAINST" the stockholder proposal if presented at the meeting. The proxy confers discretionary authority

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

on the persons named therein to vote with respect to the election of any person as a director if either of the nominees is unable to serve, or for good cause will not serve, and matters incident to the conduct of the meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Stockholders of record as of the close of business on March 22, 2004, (the "Record Date"), are entitled to one vote for each share of Common Stock of the Company then held. As of the Record Date, the Company had 2,885,502 shares of Common Stock outstanding and eligible to vote.

The Certificate of Incorporation of the Company provides that in no event shall any record owner of any outstanding Common Stock which is beneficially owned, directly or indirectly, by a person who beneficially owns in excess of 10% of the then outstanding shares of Common Stock (the "Limit") be entitled or permitted to any vote with respect to the shares held in excess of the Limit. Beneficial ownership is determined pursuant to Rule 13d-3 of the General Rules and Regulations promulgated pursuant to the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and includes (i) shares beneficially owned by such person or any of his or her affiliates (as defined in the Certificate of Incorporation), (ii) shares which such person or his or her affiliates have the right to acquire upon the exercise of conversion rights or options and (iii) shares as to which such person and his or her affiliates have or share investment or voting power, but shall not include shares beneficially owned by any employee stock ownership or similar plan of the issuer or any subsidiary.

The presence in person or by proxy of at least a majority of the outstanding shares of Common Stock entitled to vote (after subtracting any shares held in excess of the Limit) is necessary to constitute a quorum at the meeting. For purposes of determining the votes cast with respect to any matter presented for consideration at the meeting only those votes cast "FOR" or "AGAINST" are included. Abstentions and broker non-votes (i.e., shares held by brokers on behalf of their customers, which may not be voted on certain matters because the brokers have not received specific voting instructions from their customers with respect to such matters) will be counted solely for the purpose of determining whether a quorum is present. In the event there are not sufficient votes for a quorum or to ratify or adopt any proposal at the time of the meeting, the meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors, the proxy card being provided by the Board of Directors allows a stockholder to vote for the election of the nominees proposed by the Board of Directors, or to withhold authority to vote for any or all of the nominees being proposed. Under the Company's bylaws, directors are elected by a plurality of votes cast.

Concerning all other matters that may properly come before the meeting, including the ratification of the appointment of the independent auditor and the stockholder proposal, by checking the appropriate box, a stockholder may: (i) vote "FOR" the item, or (ii) vote "AGAINST" the item, or (iii) "ABSTAIN" with respect to the item. Unless otherwise required, such matters shall be determined by a majority of votes cast affirmatively or negatively without regard to (a) broker non-votes, or (b) proxies marked "ABSTAIN" as to that matter.

Director Nomination Process

The Company does not have a standing nominating committee. The independent directors of the Company serve the functions of a nominating committee for selecting the management's nominees for election of directors in accordance with the Company's Bylaws. As defined by Nasdaq, each of the six directors, other than John R. Stranford, is an independent director. The independent directors met once during the year ended December 31, 2003 in this capacity. The Board feels it is appropriate for the independent directors to serve this function without forming a standing committee because the Company has a relatively small Board, making action by committee unnecessary for purposes of managing nominations. Because there is not a standing committee, the Company does not have a nominating committee charter, however, the Board has adopted a written policy addressing the nominating function.

The Company does not pay fees to any third party to identify or

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential Board nominees includes soliciting recommendations from directors and officers of the Company and its wholly-owned subsidiary, Third Federal Savings Bank. Additionally, the Board will consider persons recommended by stockholders of the Company in selecting the Board's nominees for election. There is no difference in the manner in which persons recommended by directors or officers versus persons recommended by stockholders in selecting Board nominees are evaluated.

To be considered in the selection of Board nominees, recommendations from stockholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to stockholders. Recommendations should identify the submitting stockholder, the person recommended for consideration and the reasons the submitting stockholder believes such person should be considered. Persons recommended for consideration as Board nominees should meet the director qualification requirements set forth in Article III, Sections 15 to 18 of the Company's Bylaws, which require that (i) directors must be stockholders of the Company, beneficially owning at least 5,000 shares; (ii) directors of the Company must reside within sixty miles of the Company's

-8-

main office in Newtown, Pennsylvania; (iii) directors may not serve as a management official of another depository institution or depository holding company as those terms are defined by the regulations of the Office of Thrift Supervision; and (iv) directors must be persons of good character and integrity and must also have been nominated by persons of good character and integrity. The Board also believes potential directors should be knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage.

Stockholder Communications

The Board of Directors does not have a formal process for stockholders to send communications to the Board. In view of the infrequency of stockholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from stockholders are shared with the full Board no later than the next regularly scheduled Board meeting. The Board encourages, but does not require, directors to attend the annual meeting of stockholders. All of the Board's members attended the 2003 annual meeting of stockholders.

DIRECTOR AND EXECUTIVE OFFICER COMPENSATION

Director Compensation

Each director of the Company is also a director of the Bank, with the exception of John R. Stranford who serves as a director of the Company only. For 2003, non-employee directors of the Company received a quarterly retainer of \$3,000 (\$16,400 for the Chairman of the Company's Board). During 2003, each non-employee director of the Bank received a fee of \$1,000 per board meeting attended (\$2,500 for the Chairman of the Bank's Board) and \$500 per committee meeting attended (\$600 for the Chairman of the Committee). For the fiscal year ended December 31, 2003, total fees paid to directors were \$223,900. Previously, directors received awards of stock options and restricted stock which vest over five years at the rate of 20% per year. Each non-employee director received a payment under the long-term incentive plans of \$18,545 during 2003, which

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

included \$8,147 in deferred compensation for 2002 and \$9,412 in long-term deferred compensation for 2000, plus \$986 interest on the deferred compensation for 2000.

Executive Compensation

The Company has no full time employees, relying upon employees of the Bank for the limited services required by the Company. All compensation paid to officers and employees is paid by the Bank.

Report of the Compensation Committee of the Bank on Executive Compensation. The Committee had three meetings during 2003, at which time it reviewed, evaluated and approved executive compensation and benefit recommendations. The Bank's executive compensation programs consist of elements that vary based on corporate performance (variable pay) and elements that do not (fixed pay). The variable component is substantial. Variable pay elements include stock compensation plans and a long-term incentive plan, which are further discussed below. These variable performance based elements (as determined in the year earned) represent from 15% to 33% of total compensation for each executive covered under such plans. All plans are developed based on competitive information and administered to balance the interests of the executives with the performance of the Bank and the interests of the Company's stockholders.

-9-

The executive compensation program of the Company is designed to:

- o Support a pay-for-performance policy that differentiates compensation based on corporate and individual performance;
- o Motivate employees to assume increased responsibility and reward them for their achievement;
- o Provide compensation opportunities that are comparable to those offered by other leading companies, allowing the Company to compete for and retain top quality, dedicated executives who are critical to the Company's long-term success; and
- o Align the interests of executives with the long-term interests of stockholders through award opportunities that can result in ownership of Common Stock.

The Committee believes that the most meaningful performance and pay equity comparisons are made against companies of similar size and with similar business interests. In keeping with this belief, the Committee reviews various published surveys of compensation paid to employees performing similar duties for depository institutions and their holding companies, with a particular focus on the level of compensation paid by comparable institutions in and around the Bank's market area, including institutions with total assets of between \$500 million and \$800 million.

The companies chosen for compensation comparisons in the most recent competitive study are not the same companies that comprise the published industry index in the performance graph set forth below. The Committee believes that the most direct competitors for executive talent are not necessarily all of the companies that would be included in a published industry index for comparing total stockholder value.

The Committee believes that equity and earnings per share are the most

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

appropriate measures for evaluating the Company's results. The Company's Senior Management Long-Term Incentive Plan relies on such equity and earnings per share performance as a primary determinant of incentive payouts.

The Company's and the Committee's intent is to provide executive compensation consisting of base salaries, which when combined with awards made under the Senior Management Long-Term Incentive Plan and grants made under the Company's stock compensation plans, result in total compensation levels which approximate the relative rankings of asset size and earnings performance within the peer group. Each compensation decision is based on what is competitive for that compensation element relative to the peer group, as well as the impact of such decision on total compensation.

Because pay and performance levels at peer companies are not known at the time compensation decisions are made, the Committee does not know if the target compensation levels have been met until such peer information is made public. Therefore, the Committee looks at the historical relationship between pay and performance over a one-year period. It is the Committee's intent to address any variance between performance rank and compensation rank with future compensation decisions.

To continue to meet these objectives, the Committee may from time to time change or adjust one or more of the Company's executive compensation plans or recommend the same to the Board of Directors, as it deems appropriate.

Base Salary. The Company's base salary program targets base salaries for executive officers at the low to middle end of the market range. As indicated above, the "market" for the Company is

-10-

comparable institutions in and around the Bank's market area, including institutions with total assets of between \$500 million and \$800 million. The Committee believes that base salary should be reflective of the executive's scope of responsibility, and further, that asset size is the best indicator of scope of responsibility. Accordingly, base salaries for executives are targeted to have the same relative rank among the peer group as asset size.

Long-Term Incentive Program. The long-term incentive program is composed of the following:

- o The Company's stock compensation plans, which are made up of two elements: stock options and restricted stock awards. The Committee believes that issuing stock options and restricted stock to executives benefits the Company's stockholders by encouraging and enabling executives to own the stock of the Company, thus aligning executive pay with stockholder interests.
- o The Company's Senior Management Long-Term Incentive Plan, which pays cash awards based on equity and earnings per share performance. The Company's equity and earnings per share for the period, and individual performance, are considered in determining actual payouts from the plan.

The 2003 mix of the long-term incentive program awards was set subjectively. In determining the mix, the Committee balanced rewards for past performance with incentives for future performance, and took into account such factors as overall risk of the pay package, award sizes in prior years and cash/stock mix. Current holdings of stock were not considered. No acceleration of vesting or of payouts occurred under these plans in 2003.

2003 Compensation for the CEO. During the year ended December 31, 2003, Mr. Lufkin received a base salary of \$175,000. In addition, Mr. Lufkin is eligible to participate in the same executive compensation plans available to the other executive officers as described above. Mr. Lufkin's Senior Management Long-Term Incentive Plan payout was based primarily on the Company's equity and earnings per share, and included a subjective assessment of individual performance. In this regard, the Committee considered overall financial performance of the Company, and its success in meeting strategic objectives. The variable performance based portion was approximately 15.36% of Mr. Lufkin's total compensation.

Stock Performance Graph. Set forth below is a performance graph for the Common Stock for the period from December 31, 1998 through December 31, 2003. The performance graph compares the cumulative total stockholder return on the Common Stock with (a) the cumulative total stockholder return on stocks included in the Nasdaq U.S. Stock Market Index, (b) the cumulative total stockholder return on stocks included in the SNL OTC Thrift Index and (c) the cumulative total stockholder return on stocks included in the SNL \$500 million - \$1 billion Thrift Index. The Nasdaq index was prepared by the Center for Research in Security Prices (CRSP) at the University of Chicago, and the SNL indices were prepared by SNL Securities, LC, Charlottesville, Virginia. The SNL \$500 million to \$1 billion Thrift and OTC Thrift Indices are included in the performance graph because these indices track the performance of thrift institutions similar to the Company. Comparison with the Nasdaq Stock Market Index and the thrift indices assumes the investment of \$100 as of December 31, 1998. The cumulative total return for each index and for the Company is computed with the reinvestment of dividends that were paid during the period.

The Plan targets an annual bonus pool up to 7.00% of net income of the Bank to the extent that growth in net income equals up to 5% per year. Awards will be paid-out 40% immediately ("Short-Term Award") and 60% deferred for two years ("Long-Term Award"). With respect to senior management, Long-Term Awards will be paid prior to the end of the deferral period upon death, disability, retirement after age 55 and 10 years of service or a Change in Control. Change in Control Severance Agreements. The Bank has entered into a

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

change in control severance agreement with Kent C. Lufkin, President and Chief Executive Officer, Dennis R. Stewart, Executive Vice President and Chief Financial Officer, and Floyd P. Haggar, Senior Vice President and Chief Lending Officer. The severance agreement for Mr. Lufkin has a term of three years. The severance agreements for Messrs. Stewart and Haggar both have a term of twenty-four months. The agreements are terminable by the Bank for "just cause" as defined in the agreements. If the Bank terminates the employee without just cause following a "change in control" as defined in such agreements, the employee will be entitled to a severance payment. With respect to Mr. Lufkin's agreement, such agreement contains a provision stating that in the event of the termination of employment in connection with any change in control of the Bank, the employee will be paid an amount equal to 2.99 times the employee's most recent three calendar years' average annual taxable compensation. The agreements with Messrs. Stewart and Haggar provide for payments equal to 200% of the prior three calendar years' average annual taxable compensation upon termination of employment following a change in control. If such payments were to be made under the agreements as of December 31, 2003, such payments would equal approximately \$303,471, \$351,386, and \$339,998 with respect to Messrs. Lufkin, Stewart and Haggar, respectively. It is anticipated that all such payments made by the Bank under such agreements would be a tax-deductible compensation expense for federal tax purposes. The aggregate payments that would be made to such individuals net of the federal tax benefit would be an expense to the Bank, thereby reducing net income and the Bank's capital by such amount. The agreements may be renewed annually by the Board of Directors within the Board's sole discretion.

Other Benefits

Pension Plan. The Pension Plan provides for monthly payments to each participating employee at normal retirement age (age 65). For accruals before January 1, 1998, the annual benefit payable as a life annuity under the Pension Plan is equal to 45% of Final Average Compensation plus 19.5% of Final Average Compensation in excess of the Covered Compensation in effect for the year of benefit determination, reduced for each year of service less than 30. Where the percentage results in an amount that exceeds the allowable limits under the Internal Revenue Code (the "Code"), such amount shall be reduced to the maximum allowable amount. For purposes of benefit calculations, Final Average Compensation is defined as the average of total compensation for the five highest years. For accruals after December 31, 1997, the annual benefit payable as a life annuity under the Pension Plan is equal to 45% of Average Compensation reduced for each year of service less than 30. Average Compensation is defined as the average of total compensation for all years beginning after December 31, 1997. A participant may elect an early retirement at age 55 with 5 years of service at a reduced monthly benefit. At December 31, 2003, Messrs. Lufkin, Stewart and Haggar had 4 years, 5 years and 6 years, respectively, of credited service under the Pension Plan.

Pension Plan Table. The following table sets forth the estimated annual benefits payable under the Pension Plan described above, upon retirement at age 65 as of December 31, 2003, expressed in the

form of a life annuity, for the average annual earnings described above and years of service specified. Such amounts are in addition to any benefits payable under Social Security.

The Common Stock of the Company is registered pursuant to Section 12(g) of the Exchange Act. The officers and directors of the Company and beneficial owners of greater than 10% of the Company's Common Stock ("10% beneficial owners") are required to file reports of ownership and changes in beneficial ownership of the Common Stock with the SEC and Nasdaq and to provide copies of those reports to the Company. Based on the Company's review of such ownership reports furnished to the Company or written representations from certain reporting persons, except as noted below, no officer, director or 10% beneficial owner of the Company failed to file such ownership reports on a timely basis during the fiscal year ended December 31, 2003. Floyd P. Haggar, Senior Vice President, filed two Form 4 reports late related to two sales of securities transactions.

Certain Relationships and Related Transactions

There were no directors, executive officers or immediate family members of such individuals who were engaged in transactions with the Bank or any subsidiary involving more than \$60,000 during the year ended December 31, 2003.

The Bank, like many financial institutions, has followed a policy of granting various types of loans to officers, directors and employees. In the Company's opinion, all outstanding loans to executive officers and directors of the Company and the Bank and members of their immediate family were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectibility or present other unfavorable features. Furthermore, loans to an affiliate must be approved in advance by a disinterested majority of the Board of Directors of the Bank or be within other guidelines established as a result of applicable regulations. As of December 31, 2003, loans to executive officers and directors of the Company and the Bank, and their affiliates, were current and performing in accordance with their terms.

PROPOSAL II - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Board of Directors of the Company has appointed Grant Thornton LLP as the Company's independent auditor for the fiscal year ending December 31, 2004, subject to ratification by the Company's stockholders. A representative of Grant Thornton LLP is expected to be present at the Meeting, will have the opportunity to make a statement if he so desires, and is expected to be available to respond to appropriate questions.

Ratification of the appointment of the independent auditor requires the affirmative vote of a majority of the votes cast, in person or by proxy, by the stockholders of the Company at the Meeting. The Board of Directors recommends that stockholders vote "FOR" the ratification of the appointment of Grant Thornton LLP as the Company's independent auditor for the 2004 fiscal year.

PROPOSAL III - STOCKHOLDER PROPOSAL

Set forth below is the stockholder proposal in its entirety, as it was submitted to the Company by the stockholder. The Company will provide the name, address and number of shares of the Company's common stock owned by such stockholder upon receiving an oral or written request for such information.

"SHAREHOLDER PROPOSAL

Resolved, it is recommended that the Board of Directors of TF Financial Corporation (the "Company") take the steps necessary to remove any provisions in the Company's Certificate of Incorporation and Bylaws that segregate the Board of Directors into separate classes with staggered terms of office.

SUPPORTING STATEMENT

The Company's Certificate of Incorporation and Bylaws presently segregate the members of the Board of Directors into three separate classes with staggered three year terms of office. This segregation of the Board of Directors is designed to limit the shareholders' ability to alter the composition of a majority of the Board. It is our recommendation that all of the members of the Company's Board of Directors be elected annually for a term of one (1) year. In our opinion, if the actions referenced in the foregoing

-17-

Shareholder Proposal were effectuated, we shareholders would have an increased ability to affect the management of the Company. Please vote YES on this

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

Proposal."

The Board of Directors of the Company disclaims any responsibility for the content of the stockholder proposal and for the statements made in support of the proposal. The stockholder proposal is included in this Proxy Statement in accordance with the rules of the Securities and Exchange Commission and is not endorsed by the Board of Directors. All members of the Board are stockholders of the Company and will vote AGAINST the stockholder proposal.

BOARD RECOMMENDATION TO VOTE AGAINST
PROPOSAL III - STOCKHOLDER PROPOSAL

The stockholder proposal recommends that the Board take action to remove provisions from the Company's Certificate of Incorporation and Bylaws that the Board of Directors believes are in the best interest of the Company and its stockholders. The Board believes that the proposal is NOT in the best interests of stockholders.

The provisions in the Company's Certificate of Incorporation and Bylaws which segregate the directors into three classes are designed to protect and maximize the value of stockholders' investment in the Company by ensuring stability and continuity of the directorship of the Company. The Board of Directors believes undermining the stability of the Board is not a desirable goal and that approval of this proposal would not achieve any benefit for the Company.

The regulations of the Office of Thrift Supervision, the primary regulator of the Company's wholly-owned subsidiary, Third Federal Savings Bank (the "Bank"), require the Board of Directors of the Bank to be segregated into three classes. Because there is significant overlap between the Company's and the Bank's Boards of Directors, it is more convenient to have the director term be the same. In addition, the Board believes that federal law and regulations mandate a Bank board with three classes for purposes of continuity and stability and that such objectives should also be applied to the Company's Board of Directors.

Furthermore, the stockholder proposal, if approved, will not effect a change to the Certificate of Incorporation or Bylaws. It merely recommends that the Board take action to effect the removal of the provisions that segregate the board into three classes. To effect such a change, the Board would need to submit for a separate stockholder vote a proposal to amend Article XI, Section B of the Certificate of Incorporation, which provides for the segregation of the Board into three classes. Pursuant to Article XX, certain provisions of the Certificate of Incorporation, including Article XI, may not be repealed, altered, amended or rescinded in any respect unless the same is approved by the affirmative vote of the holders of not less than 80% of the outstanding shares entitled to vote. The Board of Directors and executive officers of the Company would be expected to vote against such a proposal and they beneficially own an aggregate of 33.83% of the outstanding stock of the Company as of March 22, 2004, including 310,068 options subject to exercise and including shares held by the Third Federal Savings Bank ESOP and other stock benefit plans. Unallocated shares and shares for which no timely voting direction is received are voted by the ESOP Trustee as directed by the Board of Directors or the ESOP Committee, subject to the fiduciary duty of the ESOP Trustee. Thus, approval of the stockholder proposal does not ensure or render it any more likely that the proposed change will be adopted.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE STOCKHOLDER PROPOSAL.

OTHER MATTERS

The Board of Directors is not aware of any business to come before the meeting other than those matters described above. However, if any other matters should properly come before the meeting, it is intended that proxies will be voted in respect thereof in accordance with the judgment of the person or persons voting such proxies.

MISCELLANEOUS

The cost of soliciting proxies will be borne by the Company. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of Common Stock. Actual costs, however, may exceed estimated amounts. In addition to solicitations by mail, directors, officers and regular employees of the Company may solicit proxies personally or by telephone without additional compensation.

Upon receipt of a written request, the Company will furnish to any stockholder without charge a copy of the Company's Annual Report on Form 10-K (excluding exhibits) for the fiscal year ended December 31, 2003. Such written requests should be directed to Elizabeth Davidson Maier, Corporate Secretary, 3 Penns Trail, Newtown, Pennsylvania 18940.

STOCKHOLDER PROPOSALS

In order to be considered for inclusion in the Company's proxy materials for the 2005 annual meeting of stockholders, a stockholder proposal must be received at the Company's executive office at 3 Penns Trail, Newtown, Pennsylvania 18940 no later than November 29, 2004. In addition, a stockholder proposal must meet other applicable criteria as set forth in the Company's bylaws and the rules of the Securities and Exchange Commission in order to be considered for inclusion in the Company's proxy materials.

Under the Company's bylaws, a stockholder proposal that is not included in the Company's proxy statement for the 2005 annual meeting, will only be considered at such meeting if the stockholder submits notice of the proposal to the Company at the above address by February 27, 2005. TF FINANCIAL CORPORATION
THIRD FEDERAL SAVINGS BANK

AUDIT COMMITTEE CHARTER

Purpose

The Audit Committees of the Boards of Directors of TF Financial Corporation (the "Company") and Third Federal Savings Bank (the "Bank") shall be standing committees and are responsible for oversight of the Company's and the Bank's financial reporting and internal controls. The Audit Committee (the "Committee") of each of the Company and the Bank shall report to the respective Boards of Directors (the "Board" or "Boards") and their primary function is to assist the Boards in fulfilling their responsibility to shareholders related to financial accounting and reporting, the system of internal controls established by management and the adequacy of auditing relative to these activities. The Committees are granted the authority to investigate any activity of the Company and the Bank and are empowered to retain persons or firms having special competence as necessary to assist the Committees in fulfilling their responsibilities, including independent counsel and such other advisors as the Committees may determine to be necessary.

The Committees are empowered to determine appropriate funding for payment of:

- o compensation to any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company;
- o compensation to any advisers or counsel retained by the Committees; and
- o ordinary administrative expenses of the Committees that are necessary or appropriate in carrying out their duties.

While the Committees have the responsibilities and powers set forth in this Charter, it is not the duty of the Committees to plan or conduct audits or to determine that the Company's and the Bank's financial statements are complete and accurate or are in accordance with generally accepted accounting principles. The responsibility to plan and conduct audits is that of the Company's and the Bank's independent accountants. The Company's and the Bank's management have the responsibility to determine that the Company's and the Bank's financial statements are complete, accurate and in accordance with generally accepted accounting principles. Nor is it the duty of the Committees to assure the Company's and the Bank's compliance with laws and regulations. The primary responsibility for these matters also rests with the Company's and the Bank's management.

Committee Responsibilities

The following responsibilities are set forth as a guide with the understanding that the Committees may diverge from this guide, as appropriate, given the circumstances.

- o Provide for an open avenue of communications between the internal audit staff, independent accountants, and the Boards and, at least once annually, meet with the internal audit staff and the independent accountants in private session.

- o Review the qualifications and evaluate the performance of the independent accountants and be directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The independent accountants shall report directly to the Committees.
- o Receive on an annual basis a written statement from the independent accountants detailing all relationships between the independent accountants and the Company and the Bank consistent with requirements of the Independence Standards Board Standard 1, as may be modified or supplemented. The Committees shall actively engage in a dialogue with the independent accountants with respect to any disclosed relationships or services that may impact objectivity and independence of the independent accountants, and take, or recommend that the full Boards take, appropriate action to oversee the independence of the independent accountants.
- o Review and discuss with management the audited financial statements.
- o Review and discuss the annual internal audit plan and any changes, and any special projects to be undertaken by the internal audit staff.
- o Oversee the activities, organizational structure and qualifications of the internal audit staff.
- o Review and discuss with the independent accountants (1) the proposed scope of their examination with emphasis on accounting and financial areas where the Committees, the independent accountants or management believe special attention should be directed, (2) results of their audit, (3) their evaluation of the adequacy of the system of internal controls, (4) significant disputes, if any, with management and (5) cooperation received from management in the conduct of the audit.
- o As a whole, or through the Committee Chair, review interim results with the Company's financial officer and the independent accountants prior to the public announcement of financial results and the filing of the Form 10-Q.
- o Discuss with management, internal audit staff, and the independent accountants, any issues regarding significant risks or exposures and assess the steps management has taken to minimize such risk.
- o Discuss with the independent accountants SAS 61 matters, as may be, modified or supplemented.
- o Make a recommendation to the Board as to whether the financial statements should be included in the Company's Annual Report on Form 10-K.
- o Establish and maintain procedures for (1) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (2) the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters. The Committees shall furnish a letter annually to all employees of the Company and the Bank providing instructions for employees on making confidential, anonymous submission.

Edgar Filing: TF FINANCIAL CORP - Form DEF 14A

- o Review and, at the Committees' discretion, approve all "related party transactions" between directors, director nominees, executive officers, 5% or greater security holders, and immediate family members of such persons, on the one hand, and the Company or the Bank, on the other hand, for potential conflicts of interest.
- o Perform such other functions as assigned by law, the Company's or the Bank's bylaws or as the Boards deem necessary and appropriate.

The Committees shall pre-approve all audit services and permissible non-audit services to be rendered by the independent auditors in accordance with Section 10A(i) of the Securities Exchange Act of 1934. The Committees may establish written policies and procedures for the pre-approval of audit and non-audit services to be performed by the outside auditor provided that these policies and procedures are detailed as to the particular service and do not result in the delegation of the Committees' responsibilities to management. The Committees may, in their discretion, delegate to one or more committee members the authority to pre-approve audit or non-audit services to be performed by the outside auditor provided that any such approvals are presented to the full Committees at the next scheduled committee meeting.

Committee Membership

- o The membership of the Committees shall be appointed by the Boards and shall be comprised of at least three directors each of whom meets the definition of "independence" as defined by Rule 4200 of the Rules of the Nasdaq Stock Market, as may be modified or supplemented, as well as the more stringent independence requirements set forth under Rule 4350(d) of the Rules of the Nasdaq Stock Market, as may be modified or supplemented.
- o All members of the Committees shall be able to read and understand fundamental financial statements, including a balance sheet, income statement and cash flow statement. At least one member of each Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

Committee Meetings

Meetings shall be held as required, but no less than once a year. Minutes shall be recorded and reports of committee meetings shall be presented at the next Board meeting.

Charter Review and Approval

This Charter shall be reviewed and reassessed by the Committees annually and shall be included in the proxy at least every three years.

The Boards of Directors of TF Financial Corporation and Third Federal Savings Bank approved this Audit Committee Charter on March 17, 2004.
