PRELIMINARY PROSPECTUS SUPPLEMENT
(to prospectus dated June 2, 2016)

\$

Lloyds Banking Group plc

\$ % Senior Notes due 2022

\$ % Senior Notes due 2027

From and including the date of issuance, interest will be paid on the % senior notes due 2022 (the “2022 Senior Notes”) and on the % senior notes due 2027 (the “2027 Senior Notes”) semi-annually in arrears on January and July of each year, commencing on July , 2017. The 2022 Senior Notes will bear interest at a rate of % per year and the 2027 Senior Notes will bear interest at a rate of % per year. In this prospectus supplement, we refer to the 2022 Senior Notes and the 2027 Senior Notes collectively as the “Senior Notes”.

The Senior Notes will be issued in denominations of \$200,000 and in integral multiples of \$1,000 in excess thereof. The Senior Notes will constitute our direct, unconditional, unsecured and unsubordinated obligations ranking *pari passu*, without any preference among themselves, with all of our other outstanding unsecured and unsubordinated obligations, present and future, except such obligations as are preferred by operation of law.

Notwithstanding any other agreements, arrangements, or understandings between us and any holder or beneficial owner of the Senior Notes, the holders and beneficial owners of the Senior Notes will be required to agree that by purchasing or acquiring the Senior Notes, they acknowledge, accept, agree to be bound by and consent to the exercise of any U.K. bail-in power (as defined below) by the relevant U.K. resolution authority that may result in (i) the reduction or cancellation of all, or a portion, of the principal amount of, or interest on, the Senior Notes; (ii) the conversion of all, or a portion, of the principal amount of, or interest on, the Senior Notes into shares or other securities or other obligations of Lloyds Banking Group plc (“LBG”) or another person; and/or (iii) the amendment or alteration of the maturity of the Senior Notes, or amendment of the amount of interest due on the Senior Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period; which U.K. bail-in power may be exercised by means of variation of the terms of the Senior Notes solely to give effect to the exercise by the relevant U.K. resolution authority of such U.K. bail-in power. Each holder and beneficial owner of the Senior Notes will further be required to acknowledge and agree that the rights of the holders and/or beneficial owners under the Senior Notes are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any U.K. bail-in power by the relevant U.K. resolution authority.

For these purposes, a “U.K. bail-in power” is any write-down, conversion, transfer, modification or suspension power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the United Kingdom in effect and applicable in the United Kingdom to LBG or its affiliates, including but not limited to any such laws, regulations, rules or requirements which are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a U.K. resolution regime under the Banking Act as the same has been or may be amended from time to time (whether pursuant to the U.K. Financial Services (Banking Reform) Act 2013 (the “Banking Reform Act 2013”), secondary legislation or otherwise, the “Banking Act”), pursuant to which any obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, modified, transferred and/or converted into

shares or other securities or obligations of the obligor or any other person (or suspended for a temporary period) or pursuant to which any right in a contract governing such obligations may be deemed to have been exercised. A reference to the “relevant U.K. resolution authority” is to any authority with the ability to exercise a U.K. bail-in power.

By purchasing or acquiring the Senior Notes, each holder and beneficial owner of the Senior Notes, to the extent permitted by the Trust Indenture Act of 1939, as amended (the “TIA”), waives any and all claims against the Trustee (as defined below) for, agrees not to initiate a suit against the Trustee in respect of, and agrees that the Trustee shall not be liable for, any action that the Trustee takes, or abstains from taking, in either case in accordance with the exercise of the U.K. bail-in power by the relevant U.K. resolution authority with respect to the Senior Notes.

We may redeem the Senior Notes, in whole but not in part, at any time at 100% of their principal amount plus accrued interest upon the occurrence of certain tax events described in this prospectus supplement and accompanying prospectus. We intend to apply to list the Senior Notes on the New York Stock Exchange in accordance with its rules.

Investing in the Senior Notes involves risks. See “Risk Factors” beginning on page S-6 of this prospectus supplement and as incorporated by reference herein.

By purchasing or acquiring the Senior Notes, each holder and beneficial owner shall be deemed to have (i) consented to the exercise of any U.K. bail-in power as it may be imposed without any prior notice by the relevant U.K. resolution authority of its decision to exercise such power with respect to the Senior Notes and (ii) authorized, directed and requested The Depository Trust Company (“DTC”) and any direct participant in DTC or other intermediary through which it holds such Senior Notes to take any and all necessary action, if required, to implement the exercise of any U.K. bail-in power with respect to the Senior Notes as it may be imposed, without any further action or direction on the part of such holder or beneficial owner or the Trustee.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.

- a court of competent jurisdiction makes an order which is not successfully appealed within 30 days; or

- an effective shareholders’ resolution is validly adopted,

for the winding-up of LBG, other than under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency.

Respect to the
Exercise of U.K.

Notwithstanding any other agreements, arrangements, or understandings between us and any holder or beneficial owner of the Senior Notes, the holders and beneficial owners of the Senior Notes will be required to agree that by purchasing or acquiring the Senior Notes, they acknowledge, accept, agree to be bound by and consent to the exercise of any U.K. bail-in power (as defined below) by the relevant U.K. resolution authority that may result

in (i) the reduction or cancellation of all, or a portion, of the principal amount of, or interest on, the Senior Notes; (ii) the conversion of all, or a portion, of the principal amount of, or interest on, the Senior Notes into shares or other securities or other obligations of LBG or another person; and/or (iii) the amendment or alteration of the maturity of the Senior Notes, or amendment of the amount of interest due on the Senior Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period; which U.K. bail-in power may be exercised by means of variation of the terms of the Senior Notes solely to give effect to the exercise by the relevant U.K. resolution authority of such U.K. bail-in power. Each holder and beneficial owner of the Senior Notes will further be required to acknowledge and agree that the rights of the holders and/or beneficial owners under the Senior Notes are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any U.K. bail-in power by the relevant U.K. resolution authority.

For these purposes, a “U.K. bail-in power” is any write-down, conversion, transfer, modification or suspension power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the United Kingdom in effect and applicable in the United Kingdom to LBG or its affiliates, including but not limited to any such laws, regulations, rules or requirements which are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a U.K. resolution regime under the Banking Act as the same has been or may be amended from time to time (whether pursuant to the Banking Reform Act 2013, secondary legislation or otherwise), pursuant to which any obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, modified, transferred and/or converted into shares or other securities or obligations of the obligor or any other person (or suspended for a temporary period) or pursuant to which any right in a contract governing such obligations may be deemed to have been exercised. A reference to the “relevant U.K. resolution authority” is to any authority with the ability to exercise a U.K. bail-in power.

For a discussion of certain risk factors relating to the U.K. bail-in power, see “*Risk Factors—Risks relating to the Senior Notes*” in this prospectus supplement.

We may, without the consent of the holders of the Senior Notes, issue additional notes having the same ranking and same interest rate, maturity

date, redemption terms and other terms as the Senior Notes described in this prospectus supplement except for the price to the public, issue date and first interest payment date, provided however that such additional notes that form part of any series must be fungible with the outstanding Senior Notes of the relevant series for U.S. federal income tax purposes. See “*Description of the Senior Notes—Additional Issuances*” in this prospectus supplement.

Tax Redemption

In the event of various tax law changes that require us to pay additional amounts and other limited circumstances as described under “*Description of the Senior Notes—Tax Redemption*” in this prospectus supplement and “*Description of Debt Securities—Redemption of Senior Debt Securities*” in the accompanying prospectus we may redeem all, but not less than all, of the Senior Notes of any series prior to maturity.

Trustee and Principal Paying Agent

The Bank of New York Mellon, acting through its London office, a banking corporation duly organized and existing under the laws of the State of New York, as trustee, having its Corporate Trust Office at One Canada Square, London E14 5AL, United Kingdom, will act as the trustee and initial principal paying agent for the Senior Notes.

Timing and Delivery

We currently expect delivery of the Senior Notes to occur on January , 2017, which will be the fifth business day following the pricing of the Senior Notes (such settlement cycle being referred to as “T+5”). Trades in the secondary market generally are required to settle in three Business

Accordingly, purchasers who wish to trade Senior Notes on the date of pricing or the next succeeding Business Day will be required, by virtue of the fact that the Senior Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Senior Notes who wish to trade Senior Notes on the date of pricing or the next Business Day should consult their own advisors.

- Governing Law** The Senior Indenture (as defined below), the Second Supplemental Indenture (as defined below) and the Senior Notes are governed by, and construed in accordance with, the laws of the State of New York.

Risk Factors

Prospective investors should consider carefully the risk factors incorporated by reference into this prospectus supplement and as set out below as well as the other information set out elsewhere in this prospectus supplement (including any other documents incorporated by reference herein) and reach their own views prior to making any investment decision with respect to the Senior Notes.

Set out below and incorporated by reference herein are certain risk factors which could have a material adverse effect on our business, operations, financial condition or prospects and cause our future results to be materially different from expected results. Our results could also be affected by competition and other factors. These factors should not be regarded as a complete and comprehensive statement of all potential risks and uncertainties we face. We have described only those risks relating to our operations or an investment in the Senior Notes that we consider to be material. There may be additional risks that we currently consider not to be material or of which we are not currently aware, and any of these risks could have the effects set forth below. All of these factors are contingencies which may or may not occur and we are not in a position to express a view on the likelihood of any such contingency occurring. Investors should note that they bear our solvency risk. Each of the risks highlighted below could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Senior Notes. In addition, each of the highlighted risks could adversely affect the trading price of the Senior Notes or the rights of investors under the Senior Notes and, as a result, investors could lose some or all of their investment. You should consult your own financial, tax and legal advisers regarding the risks of an investment in the Senior Notes.

We believe that the factors described below as relating to the Senior Notes represent the principal risks inherent in investing in Notes, but we may be unable to pay interest, principal or other amounts on or in connection with the Senior Notes for other reasons and we do not represent that the statements below regarding the risks of holding the Senior Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this prospectus supplement (including any documents deemed to be incorporated by reference herein) and reach their own views prior to making any investment decision.

Risks relating to LBG and the Group

Political, constitutional and economic uncertainty arising from the outcome of the recent referendum on the U.K.'s membership in the European Union ("EU") could adversely impact the Group's business, results of operations, financial condition and prospects.

On June 23, 2016, the U.K. held a referendum on the U.K.'s continued membership in the EU. A majority of voters voted for the U.K. to leave the EU. The announcement of the referendum result caused significant volatility in global stock markets and currency exchange rate fluctuations immediately following the EU referendum result that resulted in a significant weakening of the pound sterling against the U.S. dollar, the euro and other major currencies. The share prices of major U.K. banks, including the Group, suffered significant declines in market prices immediately following

the result of the referendum and major credit rating agencies downgraded the U.K.'s sovereign credit rating. In addition, a process of negotiation will be required to determine the future terms of the U.K.'s relationship with the EU, and the uncertainty regarding the timing of, and process for the U.K.'s exit from the EU before, during and after the period of negotiation could have a negative economic impact and result in further volatility in the markets.

The effects on the U.K., European and global economies of the uncertainties arising from the results of the referendum and the process of the U.K.'s exit from the EU are difficult to predict but may include economic and financial instability in the U.K., Europe and the global economy and the other types of risks described in the section entitled *“Risk Factors—The Group’s businesses are subject to inherent and indirect risks arising from general macro-economic conditions in the UK, the Eurozone and globally, and the instability of the financial markets”* of our Annual Report on Form 20-F for the year ended December 31, 2015. Furthermore, the result of the referendum may give rise to further political uncertainty regarding Scottish independence and a potential follow-up Scottish independence referendum resulting in further uncertainty and risks to the Group.

For a description of the risks associated with LBG and the Group, see the section entitled “*Risk Factors*” of our Annual Report on Form 20-F for the year ended December 31, 2015, which is incorporated by reference herein.

Risks relating to the Senior Notes

There are limitations on the remedies available to you and the Trustee should we fail to pay principal or interest on the Senior Notes.

The sole remedy in the event of any non-payment of principal or interest on the Senior Notes is that the Trustee may, on your behalf, subject to applicable laws, institute proceedings for the winding up of LBG. In the event of a winding up of LBG, whether or not instituted by the Trustee, the Trustee may evidence any of our obligations arising under the Senior Notes in any such winding up.

The Trustee may not, however, declare the principal amount of any outstanding Senior Note to be due and payable in the event of such non-payment of principal or interest.

See “Description of the Senior Notes—Events of Default; Default; Limitation of Remedies ” for further details.

The Senior Notes are unsecured and are effectively subordinated to our secured indebtedness.

Our Senior Notes are unsecured, will be effectively subordinated to all secured indebtedness we may incur, to the extent of the assets securing such indebtedness. The indenture relating to our Senior Notes does not restrict our ability to incur secured indebtedness in the future. In the event of our insolvency, bankruptcy, liquidation, reorganization, dissolution or winding up, to the extent we have granted security over our assets, the assets securing such indebtedness will be used to satisfy the obligations under such indebtedness before we can make payments on the Senior Notes. There may only be limited assets available to make payments on the Senior Notes in the event of an acceleration of the Senior Notes and we may not have sufficient assets to pay amounts due on any or all of our Senior Notes then outstanding.

An active trading market may not develop for the Senior Notes.

Prior to the offering, there was no existing trading market for the Senior Notes. We intend to apply for listing of the Senior Notes on the New York Stock Exchange. If, however, an active trading market does not develop or is not

maintained, the market price and liquidity of the Senior Notes may be adversely affected. In that case, holders of the Senior Notes may not be able to sell Senior Notes at a particular time or may not be able to sell Senior Notes at a favorable price. The liquidity of any market for the Senior Notes will depend on a number of factors including:

· the number of holders of the Senior Notes;

· LBG's credit ratings published by major credit rating agencies;

· our financial performance;

· the market for similar securities;

· the interest of securities dealers in making a market in the Senior Notes;

· prevailing interest rates; and

· the introduction of any financial transaction tax.

We cannot assure you that an active market for the Senior Notes will develop or, if developed, that it will continue.

LBG's credit ratings may not reflect all risks of an investment in the Senior Notes and a downgrade in credit ratings, including as a result of changes in rating agencies' views of the level of implicit sovereign support for European banks, could adversely affect the trading prices of the Senior Notes.

LBG's credit ratings may not reflect the potential impact of all risks relating to the market values of the Senior Notes. However, real or anticipated changes in LBG's credit ratings will generally affect the market values of the Senior Notes. Credit rating agencies continually revise their ratings for companies that they follow, including LBG, and as such, the credit rating of LBG may be revised, suspended or withdrawn at any time by the assigning rating organization at their sole discretion. Any ratings downgrade could adversely affect the trading prices of the Senior Notes or the trading markets for the Senior Notes to the extent trading markets for the Senior Notes develop, and any ratings improvement will not necessarily increase the value of the Senior Notes and will not reduce market risk and other investment risks related to the Senior Notes. Credit ratings (i) do not reflect the risk that interest rates may rise, which may affect the values of the Senior Notes, which accrue interest at a fixed rate, (ii) do not address the price, if any, at which the Senior Notes may be resold prior to maturity (which may be substantially less than the original offering price of the Senior Notes), and (iii) are not recommendations to buy, sell or hold the Senior Notes.

We may redeem the Senior Notes at any time for certain tax reasons.

We may redeem the Senior Notes of any series at any time in whole (but not in part) upon the occurrence of certain tax changes as described in this prospectus supplement and accompanying prospectus.

As the Senior Notes pay a fixed rate of interest, it is possible you may receive below-market interest.

As the interest payable on the Senior Notes accrues at a fixed rate, there can be no guarantee that the interest you will receive will be greater than market interest rates at any time during the term of the Senior Notes. LBG does not have any control over a number of factors that may affect market interest rates, including economic, financial, and political events, such as the tightening of monetary policy, that are important in determining the existence, magnitude, and longevity of these risks and their results.

You should have a view as to the applicable fixed interest rate on the Senior Notes and their levels relative to market interest rates before investing.

Under the terms of the Senior Notes, you will agree to be bound by and consent to the exercise of any U.K. bail-in power by the relevant U.K. resolution authority. See “—Holders of the Senior Notes may be required to absorb losses in the event we become subject to recovery and resolution action.”

Notwithstanding any other agreements, arrangements, or understandings between us and any holder or beneficial owner of the Senior Notes, the holders and beneficial owners of the Senior Notes will be required to agree that by purchasing or acquiring the Senior Notes, they acknowledge, accept, agree to be bound by and consent to the exercise of any U.K. bail-in power (as defined below) by the relevant U.K. resolution authority that may result in (i) the reduction or cancellation of all, or a portion, of the principal amount of, or interest on, the Senior Notes; (ii) the conversion of all, or a portion, of the principal amount of, or interest on, the Senior Notes into shares or other securities or other obligations of LBG or another person; and/or (iii) the amendment or alteration of the maturity of the Senior Notes, or amendment of the amount of interest due on the Senior Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period; which U.K. bail-in power may be exercised by means of variation of the terms of the Senior Notes solely to give effect to the exercise by the relevant U.K. resolution authority of such U.K. bail-in power. Each holder and beneficial owner of the Senior Notes will further be required to acknowledge and agree that the rights of the holders and/or beneficial owners under the Senior Notes are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any U.K. bail-in power by the relevant U.K. resolution authority. See “—*Holders of the Senior Notes may be required to absorb losses in the event we become subject to recovery and resolution action*”.

For these purposes, a “U.K. bail-in power” is any write-down, conversion, transfer, modification or suspension power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the United Kingdom in effect and applicable in the United Kingdom to LBG or its affiliates, including but not limited to any such laws, regulations, rules or requirements which are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a U.K. resolution regime under the Banking Act as the same has been or may be amended from time to time (whether pursuant to the

Banking Reform Act 2013, secondary legislation or otherwise), pursuant to which any obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, modified, transferred and/or converted into shares or other securities or obligations of the obligor or any other person (or suspended for a temporary period) or pursuant to which any right in a contract governing such obligations may be deemed to have been exercised. A reference to the “relevant U.K. resolution authority” is to any authority with the ability to exercise a U.K. bail-in power. For more information, see “*Description of the Senior Notes—Agreement with Respect to the Exercise of U.K. Bail-in Power*”.

Holders of the Senior Notes may be required to absorb losses in the event we become subject to recovery and resolution action.

The final text of the Bank Recovery and Resolution Directive (the “BRRD”), establishing a framework for the prevention, management and resolution of failing banks, was published in the Official Journal of the European Union on June 12, 2014 and entered into force on July 2, 2014, with Member States required to adopt necessary implementing measures under national law by no later than December 31, 2014. In the U.K., the Banking Reform Act 2013 made provision for certain aspects of the “bail-in” power and further legislation was enacted during 2014 in order to give full effect to the majority of the provisions of BRRD from January 1, 2015.

The stated aim of the BRRD is to provide authorities designated by Member States to apply the resolution tools and exercise the resolution powers set forth in the BRRD (the “resolution authorities”) with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers’ exposure to losses. The powers granted to resolution authorities under the BRRD include (but are not limited to) (i) a “write-down and conversion power” relating to Tier 1 and Tier 2 capital instruments and (ii) a “bail-in” power relating to eligible liabilities (including the Senior Notes). Such powers give resolution authorities the ability to write down or write off all or a portion of the claims of certain unsecured creditors of a failing institution or group and/or to convert certain debt claims into another security, including ordinary shares of the surviving Group entity, if any, which ordinary shares may also be subject to write-down or write-off. Such powers were implemented with effect from January 1, 2015.

The conditions for use of the bail-in power are, in summary, that (i) the regulator determines that the bank is failing or likely to fail, (ii) having regard to timing and other relevant circumstances, it is not reasonably likely that (ignoring the stabilization powers) action will be taken by or in respect of the bank to avoid the failure of the bank, (iii) the relevant U.K. resolution authority determines that it is necessary having regard to the public interest to exercise the bail-in power in the advancement of one of the statutory objectives of resolution and (iv) that one or more of those objectives would not be met to the same extent by the winding up of the bank. The BRRD, as implemented, contains certain other limited safeguards for creditors in specific circumstances which (a) in the case of the write-down and conversion power, may provide compensation to holders of the relevant capital instruments via the issue or transfer of ordinary shares of the bank or its parent undertaking in certain circumstances and (b) in the case of senior creditors (such as holders of the Senior Notes), aim to ensure that they do not incur greater losses than they would have incurred had the relevant financial institution been wound up under normal insolvency proceedings.

As the parent company of a U.K. bank, we are subject to the “Special Resolution Regime” under the Banking Act, that gives wide powers in respect of U.K. banks and their parent and other group companies to HM Treasury, the Bank of England, the Prudential Regulation Authority (the “PRA”), and the Financial Conduct Authority (the “FCA”) in circumstances where a U.K. bank has encountered or is likely to encounter financial difficulties.

In addition to the BRRD described above, it is possible that the exercise of other powers under the U.K. Banking Act, to resolve failing banks in the United Kingdom and give the authorities powers to override events of default or termination rights that might be invoked as a result of the exercise of the resolution powers, could have a material adverse effect on the rights of holders of the Senior Notes, including through a material adverse effect on the price of the Senior Notes. The Banking Act also gives the Bank of England the power to override, vary or impose contractual obligations between a U.K. bank, its holding company and its group undertakings for reasonable consideration, in order to enable any transferee or successor bank to operate effectively. There is also power for the U.K. Treasury to amend the law (excluding provisions made by or under the Banking Act) for the purpose of enabling it to use the regime powers effectively, potentially with retrospective effect. In addition, the Banking Act

may be further amended and/or other legislation may be introduced in the United Kingdom to amend the resolution regime that would apply in the event of a bank failure or to provide regulators with other resolution powers.

Finally, the determination that all or part of the principal amount of any series of Senior Notes will be subject to bail-in is likely to be inherently unpredictable and may depend on a number of factors which may be outside of our control. This determination will also be made by the relevant U.K. resolution authority and there may be many factors, including factors not directly related to us or the Group, which could result in such a determination. Because of this inherent uncertainty, it will be difficult to predict when, if at all, the exercise of a U.K. bail-in power may occur which would result in a principal write-off or conversion to other securities, including equity. Moreover, as the criteria that the relevant U.K. resolution authority will be obliged to consider in exercising any U.K. bail-in power provide it with considerable discretion, holders of the Senior Notes may not be able to refer to publicly available criteria in order to anticipate a potential exercise of any such power and consequently its potential effect on us, the Group and the Senior Notes. Potential investors in the Senior Notes should consider the risk that a holder may lose all of its investment, including the principal amount plus any accrued interest, if such statutory loss absorption measures are acted upon.

Holders of Senior Notes may have limited rights or no rights to challenge any decision of the relevant U.K. resolution authority to exercise the U.K. bail-in power or to have that decision reviewed by a judicial or administrative process or otherwise.

Accordingly, trading behavior in respect of the Senior Notes is not necessarily expected to follow the trading behavior associated with other types of securities that are not subject to such recovery and resolution powers. Potential investors in the Senior Notes should consider the risk that a holder of the Senior Notes may lose all of its investment, including the principal amount plus any accrued and unpaid interest, if such statutory loss absorption measures are acted upon or that the Senior Notes may be converted into ordinary shares. Further, the introduction or amendment of such recovery and resolution powers, and/or any implication or anticipation that they may be used, may have a significant adverse effect on the market price of the Senior Notes, even if such powers are not used.

Other powers contained in the Special Resolution Regime under the Banking Act may affect your rights under, and the value of your investment in, the Senior Notes.

The “Special Resolution Regime” under the Banking Act also includes powers to (a) transfer all or some of the securities issued by a U.K. bank or its parent, or all or some of the property, rights and liabilities of a U.K. bank or its parent (which would include the Senior Notes), to a commercial purchaser or, in the case of securities, into temporary public ownership, or, in the case of property, rights or liabilities, to a bridge bank (an entity owned by the Bank of England); (b) together with another resolution tool only, transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximizing their value through eventual sale or orderly wind-down; (c) override any default provisions, contracts or other agreements, including provisions that would otherwise allow a party to terminate a contract or accelerate the payment of an obligation; (d) commence certain insolvency procedures in relation to a U.K. bank; and (e) override, vary or impose contractual obligations, for reasonable consideration, between a U.K. bank or its parent and its group undertakings (including undertakings which have ceased to be members of the group), in order to enable any transferee or successor bank of

the U.K. bank to operate effectively.

The Banking Act also gives power to the U.K. government to make further amendments to the law for the purpose of enabling it to use the Special Resolution Regime powers effectively, potentially with retrospective effect.

The powers set out in the Banking Act could affect how credit institutions (and their parent companies) and investment firms are managed as well as, in certain circumstances, the rights of creditors. Accordingly, the taking of any actions contemplated by the Banking Act may affect your rights under the Senior Notes, and the value of your Senior Notes may be affected by the exercise of any such powers or threat thereof.

The Senior Notes may not be a suitable investment for investors.

An investor should reach a decision to invest in the Senior Notes after carefully considering, in conjunction with his or her advisors, the suitability of the Senior Notes in light of his or her investment objectives and the other

information set out in this prospectus supplement and the prospectus. Neither the Issuer nor the Underwriters makes any recommendation as to whether the Senior Notes are a suitable investment for any person.

There is no limit on the amount or type of further securities or indebtedness that LBG may issue or incur.

There is no restriction on the amount of securities or other liabilities that LBG may issue or incur and which rank pari passu with, the Senior Notes. The issue of any such securities or the incurrence of any such other liabilities may reduce the amount (if any) recoverable by holders of the Senior Notes on a winding up of LBG and may limit LBG's ability to meet its obligations under the Senior Notes.

The Senior Notes are obligations exclusively of LBG and LBG is structurally subordinated to the creditors of its subsidiaries.

The Senior Notes are obligations exclusively of LBG. LBG is a holding company and conducts substantially all of its operations through its subsidiaries. LBG's subsidiaries are separate and distinct legal entities, and have no obligation to pay any amounts due or to provide LBG with funds to meet any of LBG's payment obligations. LBG's rights to participate in the assets of any subsidiary if such subsidiary is liquidated will be subject to the prior claims of such subsidiary's creditors and any preference shareholders, except in the limited circumstance where LBG is a creditor with claims that are recognized to be ranked ahead of or pari passu with such claims. Accordingly, if one of LBG's subsidiaries were to be wound up, liquidated or dissolved, (i) the holders of the Senior Notes would have no right to proceed against the assets of such subsidiary, and (ii) the liquidator of such subsidiary would first apply the assets of such subsidiary to settle the claims of the creditors of such subsidiary, including holders (which may include LBG) of any preference shares and other tier 1 capital instruments of such other subsidiary, before LBG, to the extent LBG is an ordinary shareholder of such other subsidiary and would be entitled to receive any distributions from such other subsidiary.

The Senior Notes are not bank deposits and are not insured or guaranteed by the Federal Deposit Insurance Corporation, the Deposit Insurance Fund, or any other government agency.

The Senior Notes are our obligations but are not bank deposits. In the event of our insolvency, the Senior Notes will rank equally with our other unsecured obligations and will not have the benefit of any insurance or guarantee of the Federal Deposit Insurance Corporation, The Deposit Insurance Fund, or any other government agency.

Holders of the Senior Notes may find it difficult to enforce civil liabilities against LBG or LBG's directors or officers.

LBG is incorporated as a public limited company and is registered in Scotland and LBG's directors and officers reside outside of the United States. In addition, all or a substantial portion of LBG's assets are located outside of the United States. As a result, it may be difficult for holders of the Senior Notes to effect service of process within the United States on such persons or to enforce judgments against them, including in any action based on civil liabilities under the U.S. federal securities laws.

Investors should be aware that the materialization of any of the above risks (including those risks incorporated herein by reference) may adversely affect the value of the Senior Notes.

Recent Developments

On December 20, 2016, LBG announced that Lloyds Bank had agreed to acquire MBNA Ltd, a U.K. consumer credit card business, from FIA Jersey Holdings Limited, a wholly owned subsidiary of Bank of America, for cash consideration of £1.9 billion. The transaction, which is expected to be completed by the end of the first half of 2017 subject to the receipt of competition and regulatory approval, is consistent with LBG's stated strategic ambitions of growing in Consumer Finance and is expected to enable LBG to enhance its position and offering within the UK prime credit card market.

Description of the Senior Notes

In this prospectus supplement, we refer to the 2022 Senior Notes and the 2027 Senior Notes collectively as the “Senior Notes”. The following is a summary of certain terms of the Senior Notes. It supplements the description of the general terms of the debt securities of any series we may issue contained in the accompanying prospectus under the heading “Description of Debt Securities”. If there is any inconsistency between the following summary and the description in the accompanying prospectus, the following summary governs.

The 2022 Senior Notes will be issued in an aggregate principal amount of \$ and will mature on January , 2022 and the 2027 Senior Notes will be issued in an aggregate principal amount of \$ and will mature on January , 2027. From and including the date of issuance, interest will accrue on the 2022 Senior Notes at a rate of % per annum and on the 2027 Senior Notes at a rate of % per annum. Interest on the Senior Notes will accrue from January , 2017 and will be payable semi-annually in arrears on January and July of each year, commencing on July , 2017. Interest will be paid to holders of record of the Senior Notes in respect of the principal amount thereof outstanding 15 calendar days preceding the relevant interest payment date, whether or not a business day.

Interest on the Senior Notes will be calculated on the basis of a 360-day year consisting of twelve 30-day months and, in the case of an incomplete month, on the basis of the actual number of days elapsed in such period. If any scheduled interest payment date is not a business day, we will pay interest on the next business day, but interest on that payment will not accrue during the period from and after the scheduled interest payment date. If the scheduled maturity date or date of redemption or repayment is not a business day, we may pay interest and principal on the next succeeding business day, but interest on that payment will not accrue during the period from and after the scheduled maturity date or date of redemption or repayment.

General

The Senior Notes will constitute our direct, unconditional, unsecured and unsubordinated obligations ranking *pari passu*, without any preference among themselves, with all of our other outstanding unsecured and unsubordinated obligations, present and future, except such obligations as are preferred by operation of law.

Each of the 2022 Senior Notes and the 2027 Senior Notes will constitute a separate series of senior debt securities issued under an indenture dated as of July 6, 2010 (the “Senior Indenture”) between us as Issuer and The Bank of New York Mellon as trustee (the “Trustee”), as amended by a second supplemental indenture to be dated as of January , 2017 (the “Second Supplemental Indenture” and, together with the Senior Indenture, the “Indenture”) between us as Issuer and the Trustee. Book-entry interests in the Senior Notes will be issued in minimum denominations of \$200,000 and in integral multiples of \$1,000 in excess thereof.

The principal corporate trust office of the Trustee in London, United Kingdom, is designated as the principal paying agent. We may at any time designate additional paying agents or rescind the designation of paying agents or approve a change in the office through which any paying agent acts.

We will issue the Senior Notes in fully registered form. The Senior Notes of each series will be represented by one or more global securities in the name of a nominee of The Depository Trust Company (the “DTC”). You will hold beneficial interest in the Senior Notes through the DTC and its participants. The Underwriters expect to deliver the Senior Notes through the facilities of the DTC on January 11, 2017. For a more detailed summary of the form of the Senior Notes and settlement and clearance arrangements, you should read “*Description of Certain Provisions Relating to Debt Securities and Capital Securities—Form of Debt Securities and Capital Securities; Book-Entry System*” in the accompanying prospectus. Indirect holders trading their beneficial interests in the Senior Notes through the DTC must trade in the DTC’s same-day funds settlement system and pay in immediately available funds. Secondary market trading will occur in the ordinary way following the applicable rules and operating procedures of Euroclear and Clearstream Luxembourg.

Definitive debt securities will only be issued in limited circumstances described under “*Description of Certain Provisions Relating to Debt Securities and Capital Securities—Form of Debt Securities and Capital Securities; Book-Entry System*” in the accompanying prospectus.

Payment of principal of and interest on the Senior Notes, so long as the Senior Notes of the relevant series are represented by global securities, will be made in immediately available funds. Beneficial interests in the global securities will trade in the same-day funds settlement system of the DTC, and secondary market trading activity in such interests will therefore settle in same-day funds.

A “business day” means any day, other than Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in the City of New York or in the City of London.

All payments in respect of the Senior Notes by us or our paying agent will be made subject to any deduction or withholding that may be imposed or levied by any jurisdiction. Except as provided under “—*Payment of Additional Amounts*” below, no additional amounts will be paid on the Senior Notes with respect to any such amounts withheld. For the avoidance of doubt, notwithstanding anything to the contrary herein, if by reason of any agreement with the U.S. Internal Revenue Service in connection with Sections 1471-1474 of the U.S. Internal Revenue Code and the U.S. Treasury regulations thereunder (“FATCA”), any intergovernmental agreement between the United States and the United Kingdom or any other jurisdiction with respect to FATCA, or any law, regulation or other official guidance enacted in any jurisdiction implementing, or relating to, FATCA or any intergovernmental agreement, any of us, the Trustee, our paying agent or another withholding agent deducts and withholds from any amount payable on, or in respect of, the Senior Notes, the amounts so deducted or withheld shall be treated as having been paid to the holder of the Senior Notes, and no additional amounts will be paid on account of any such deduction or withholding. Neither we, the Trustee or our paying agent shall have any liability in connection with our compliance with any such withholding obligation under applicable law.

Agreement with Respect to the Exercise of U.K. Bail-in Power

Notwithstanding any other agreements, arrangements, or understandings between us and any holder or beneficial owner of the Senior Notes, the holders and beneficial owners of the Senior Notes will be required to agree that by purchasing or acquiring the Senior Notes, they acknowledge, accept, agree to be bound by and consent to the exercise of any U.K. bail-in power (as defined below) by the relevant U.K. resolution authority that may result in (i) the reduction or cancellation of all, or a portion, of the principal amount of, or interest on, the Senior Notes; (ii) the conversion of all, or a portion, of the principal amount of, or interest on, the Senior Notes into shares or other securities or other obligations of LBG or another person; and/or (iii) the amendment or alteration of the maturity of the Senior Notes, or amendment of the amount of interest due on the Senior Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period; which U.K. bail-in power may be exercised by means of variation of the terms of the Senior Notes solely to give effect to the exercise by the relevant U.K. resolution authority of such U.K. bail-in power. Each holder and beneficial owner of the Senior Notes will further be required to acknowledge and agree that the rights of the holders and/or beneficial owners under the Senior Notes are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any U.K. bail-in power by the relevant U.K. resolution authority.

For these purposes, a “U.K. bail-in power” is any write-down, conversion, transfer, modification or suspension power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the United Kingdom in effect and applicable in the United Kingdom to LBG or its affiliates, including but not limited to any such laws, regulations, rules or requirements which are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a U.K. resolution regime under the Banking Act as the same has been or may be amended from time to time (whether pursuant to the U.K. Financial Services (Banking Reform) Act 2013 (the “Banking Reform Act 2013”), secondary legislation or otherwise, the “Banking Act”), pursuant to which any obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, modified, transferred and/or converted into shares or other securities or obligations of the obligor or any other person (or suspended for a temporary period) or pursuant to which any right in a contract governing such obligations may be deemed to have been exercised. A reference to the “relevant U.K. resolution authority” is to any authority with the ability to exercise a U.K. bail-in power.

According to the principles contained in the BRRD and the amendments to the Banking Act by way of the Banking Reform Act 2013, we expect that the relevant U.K. resolution authority would exercise its U.K. bail-in powers in respect of the Senior Notes having regard to the hierarchy of creditor claims (with the exception of excluded liabilities) and that the holders of the Senior Notes would be treated equally in respect of the exercise of the U.K. bail-in powers with all other claims that would rank pari passu with the Senior Notes upon an insolvency of the Issuer or Guarantor.

No repayment of the principal amount of the Senior Notes or payment of interest on the Senior Notes shall become due and payable after the exercise of any U.K. bail-in power by the relevant U.K. resolution authority unless, at the time that such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by us under the laws and regulations of the United Kingdom and the European Union applicable to us or other members of the Group.

By purchasing or acquiring Senior Notes, each holder and beneficial owner of the Senior Notes: (i) acknowledges and agrees that the exercise of the U.K. bail-in power by the relevant U.K. resolution authority in respect of the Senior Notes shall not give rise to a default or an Event of Default for purposes of Section 315(b) (Notice of Default) and Section 315(c) (Duties of the Trustee in Case of Default) of the Trust Indenture Act (the "TIA"); (ii) to the extent permitted by the TIA, waives any and all claims against the Trustee for, agrees not to initiate a suit against the Trustee in respect of, and agrees that the Trustee shall not be liable for, any action that the Trustee takes, or abstains from taking, in either case in accordance with the exercise of the U.K. bail-in power by the relevant U.K. resolution authority with respect to the Senior Notes; and (iii) acknowledges and agrees that, upon the exercise of any U.K. bail-in power by the relevant U.K. resolution authority, (a) the Trustee shall not be required to take any further directions from holders of the Senior Notes under Section 5.12 of the Senior Indenture, and (b) neither the Senior Indenture nor the Second Supplemental Indenture shall impose any duties upon the Trustee whatsoever with respect to the exercise of any U.K. bail-in power by the relevant U.K. resolution authority. Notwithstanding the foregoing, if, following the completion of the exercise of the U.K. bail-in power by the relevant U.K. resolution authority, any of the Senior Notes remain outstanding (for example, if the exercise of the U.K. bail-in power results in only a partial write-down of the principal of such Senior Notes), then the Trustee's duties under the Indenture shall remain applicable with respect to such Senior Notes following such completion to the extent that LBG and the Trustee shall agree pursuant to a supplemental indenture or an amendment to the Indenture.

By purchasing or acquiring the Senior Notes, each holder and beneficial owner shall be deemed to have (i) consented to the exercise of any U.K. bail-in power as it may be imposed without any prior notice by the relevant U.K. resolution authority of its decision to exercise such power with respect to the Senior Notes and (ii) authorized, directed and requested DTC and any direct participant in DTC or other intermediary through which it holds such Senior Notes to take any and all necessary action, if required, to implement the exercise of any U.K. bail-in power with respect to the Senior Notes as it may be imposed, without any further action or direction on the part of such holder or beneficial owner or the Trustee.

Upon the exercise of the U.K. bail-in power by the relevant U.K. resolution authority with respect to the Senior Notes, we shall provide a written notice to DTC as soon as practicable regarding such exercise of the U.K. bail-in power for purposes of notifying holders of such occurrence. We shall also deliver a copy of such notice to the Trustee for information purposes.

For a discussion of certain risk factors relating to the U.K. bail-in power, see “*Risk Factors—Risks relating to the Senior Notes*”.

Events of Default; Default; Limitation of Remedies

Events of Default

An “Event of Default” with respect to the Senior Notes of a series shall result if:

- a court of competent jurisdiction makes an order which is not successfully appealed within 30 days; or
- an effective shareholders’ resolution is validly adopted,

S-15

for the winding-up of LBG, other than under or in connection with a scheme of amalgamation or reconstruction not involving a bankruptcy or insolvency.

If an Event of Default occurs, the Trustee or the holder or holders of at least 25% in aggregate principal amount of the outstanding Senior Notes of the relevant series may declare to be due and payable immediately in accordance with the terms of the Indenture the principal amount of, and any accrued but unpaid interest, and any Additional Amounts (as defined below), on the Senior Notes of that series. However, after this declaration but before the Trustee obtains a judgment or decree for payment of money due, the holder or holders of a majority in aggregate principal amount of the outstanding Senior Notes of the relevant series may rescind the declaration of acceleration and its consequences, but only if all Events of Default have been remedied and all payments due, other than those due as a result of acceleration, in respect of such series of Senior Notes have been made.

Defaults

A “Default” with respect to the Senior Notes of a series shall result if:

any installment of interest in respect of the Senior Notes of the relevant series is not paid on or before its Interest Payment Date and such failure continues for 14 days; or

all or any part of the principal of the Senior Notes of the relevant series is not paid when it otherwise becomes due and payable, whether upon redemption or otherwise, and such failure continues for seven days.

If a Default occurs, the Trustee may commence a proceeding for the winding-up of LBG, provided that the Trustee may not declare the principal amount of any outstanding Senior Notes to be due and payable.

However, a failure to make any payment on a Senior Note shall not be a Default if it is withheld or refused in order to comply with any applicable fiscal or other law or regulation or order of any court of competent jurisdiction and LBG delivers a written opinion of legal advisors, who may be an employee of, or legal advisors for, LBG or other legal advisors, such opinion to be acceptable to the trustee (“Opinion of Counsel”), to the Trustee with that conclusion, at any time before the expiry of the applicable 14 day or seven day period by independent legal advisors, *provided, however*, that the Trustee may by notice to LBG require it to take such action (including but not limited to proceedings for a declaration by a court of competent jurisdiction) as the Trustee may be advised in an Opinion of Counsel, upon which opinion the Trustee may conclusively rely, is appropriate and reasonable in the circumstances to resolve such doubt, in which case LBG will forthwith take and expeditiously proceed with such action and will be bound by any final resolution of the doubt resulting therefrom. If any such action results in a determination that the relevant payment can be made without violating any applicable law, regulation or order then such payment will become due and payable on the expiration of 14 days (in the case of a Default in respect of a payment of interest) or seven days (in the case of a Default in respect of a payment of principal) after the Trustee gives written notice to LBG informing it of such resolution.

The Trustee may in its discretion proceed to protect and enforce its rights and the rights of holders of Senior Notes by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in the Senior Indenture or in aid of the exercise of any power granted therein, or to enforce any other legal or equitable right vested in the Trustee by the Senior Indenture or by law, *provided, however*, that LBG shall not, as a result of the bringing of such judicial proceedings, be required to pay any amount representing or measured by reference to the principal of, or any interest on, the Senior Notes prior to any date on which the principal of, or any interest on, the Senior Notes would have otherwise been payable by LBG.

Notwithstanding any contrary provisions, nothing shall impair the right of a holder, absent the holder's consent, to sue for any payments due but unpaid with respect to the Senior Notes.

General

The holder or holders of not less than a majority in aggregate principal amount of the outstanding Senior Notes of the relevant series may waive any past Event of Default or Default in respect of such series, except an Event of

Default or Default in respect of the payment of interest, if any, or principal of (or premium, if any) or payments on any Senior Note of such series or a covenant or provision of the Indenture which cannot be modified or amended without the consent of each holder of the Senior Notes of such series.

Subject to the provisions of the Indenture relating to the duties of the Trustee, if an Event of Default or a Default occurs, the Trustee will be under no obligation to take direction from any holder or holders of the Senior Notes of the relevant series, unless they have offered reasonable indemnity to the Trustee. Subject to the Indenture provisions for the indemnification of the Trustee, the holder or holders of a majority in aggregate principal amount of the outstanding Senior Notes of the relevant series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee, if the direction is not in conflict with any rule of law or with the Indenture and does not expose the Trustee to undue risk and the action would not be unjustly prejudicial to the holder or holders of the Senior Notes not taking part in that direction. The Trustee may take any other action that it deems proper which is not inconsistent with that direction.

The Indenture provides that the Trustee will, within 90 days after the occurrence of an Event of Default or a Default, give to each holder of the Senior Notes of each relevant series notice of the Event of Default or Default known to it, unless the Event of Default or Default, has been cured or waived in respect of such series. However, the Trustee shall be protected in withholding notice if it determines in good faith that withholding notice is in the interest of the holders.

We are required to furnish to the Trustee a statement as to our compliance with all conditions and covenants under the Indenture (i) annually, and (ii) within five Business Days of a written request from the Trustee.

Additional Issuances

We may, without the consent of the holders of the Senior Notes, issue additional notes having the same ranking and same interest rate, maturity date, redemption terms and other terms as the Senior Notes described in this prospectus supplement except for the price to the public, issue date and first interest payment date, provided however that such additional notes that form part of any series must be fungible with the outstanding Senior Notes of the relevant series for U.S. federal income tax purposes. Any such additional notes, together with the Senior Notes of the relevant series offered by this prospectus supplement, will constitute a single series of securities under the Indenture. There is no limitation on the amount of Senior Notes or other debt securities that we may issue under such indenture.

Tax Redemption

We may redeem Senior Notes of any series in whole but not in part if we determine that as a result of a change in or amendment to the laws or regulations of the United Kingdom or any United Kingdom political subdivision thereof or authority that has the power to tax (a "U.K. taxing jurisdiction") (including any treaty to which such U.K. taxing

jurisdiction is a party), or any change in the application or interpretation of such laws or regulations (including a decision of any court or tribunal) which change or amendment becomes effective or applicable on or after January 1, 2017:

in making any payments on the Senior Notes of any series, we have paid or will or would on the next payment date be required to pay additional amounts;

payments on the next payment date in respect of any of the Senior Notes of any series would be treated as “distributions” within the meaning of Chapter 2 Part 23 of the Corporation Tax Act 2010 of the United Kingdom, or any statutory modification or re-enactment of such Act; or

on the next payment date we would not be entitled to claim a deduction in respect of the payments in computing our U.K. taxation liabilities, or the value of the deduction to us would be materially reduced.

In the event of such a redemption, the redemption price of the Senior Notes of the relevant series will be 100% of their principal amount together with any accrued but unpaid interest to the date of redemption.

If we elect to redeem the Senior Notes of any series, they will cease to accrue interest from the redemption date, unless there is a failure to pay the redemption price on the payment date. The circumstances in which we may redeem the Senior Notes and the applicable procedures are described further in the accompanying prospectus under “*Description of Debt Securities—Redemption of Senior Debt Securities*”.

Payment of Additional Amounts

Amounts to be paid on the Senior Notes will be made without deduction or withholding for, or on account of, any and all present and future income, stamp and other taxes, levies, imposts, duties, charges, or fees imposed, levied, collected, withheld or assessed by or on behalf of a U.K. taxing jurisdiction, unless such deduction or withholding is required by law. If at any time a U.K. taxing jurisdiction requires us to make such deduction or withholding, we will pay additional amounts with respect to the principal of, interest and any other payments on, the Senior Notes (“Additional Amounts”) that are necessary in order that the net amounts paid to the holders of the Senior Notes, after the deduction or withholding, shall equal the amounts which would have been payable on the Senior Notes if the deduction or withholding had not been required. However, this will not apply to any such amount that would not have been payable or due but for the fact that:

the holder or the beneficial owner of the Senior Notes is a domiciliary, national or resident of, or engaging in business or maintaining a permanent establishment or physically present in, a U.K. taxing jurisdiction or otherwise having some connection with the U.K. taxing jurisdiction other than the holding or ownership of a Senior Note, or the collection of any payment of, or in respect of, principal of, or any interest or other payment on, any Senior Note;

except in the case of a winding up in the United Kingdom, the Senior Notes are presented (where presentation is required) for payment in the United Kingdom;

the relevant Senior Notes are presented (where presentation is required) for payment more than 30 days after the date payment became due or was provided for, whichever is later, except to the extent that the holder would have been entitled to the Additional Amounts on presenting the Senior Notes for payment at the close of that 30 day period;

the holder or the beneficial owner of the Senior Notes or the beneficial owner of any payment of or in respect of principal of, or any interest or other payment on, the Senior Notes failed to comply with a request by us or our liquidator or other authorized person addressed to the holder to provide information concerning the nationality, residence or identity of the holder or the beneficial owner or to make any declaration or other similar claim to satisfy any requirement, which is required or imposed by a statute, treaty, regulation or administrative practice of a U.K. taxing jurisdiction as a precondition to exemption from all or part of the tax, levy, impost, duty, charge or fee;

the withholding or deduction is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income, or any directive amending, supplementing or replacing such directive or any law implementing or complying with, or introduced in order to conform to, such directive or directives;

the relevant Senior Notes are presented (where presentation is required) for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the Senior Notes to another paying agent;

the deduction or withholding is imposed by reason of any agreement with the U.S. Internal Revenue Service in connection with Sections 1471-1474 of the US Internal Revenue Code and the U.S. Treasury regulations thereunder (“FATCA”), any intergovernmental agreement between the United States and the United Kingdom or any other jurisdiction with respect to FATCA, or any law, regulation or other official guidance enacted in any jurisdiction implementing, or relating to, FATCA or any intergovernmental agreement; or

any combination of the above items,

S-18

nor shall Additional Amounts be paid with respect to the principal of, or any interest or other payment on, the Senior Notes to any holder who is a fiduciary or partnership or any person other than the sole beneficial owner of such payment to the extent such payment would be required by the laws of any taxing jurisdiction to be included in the income for tax purposes of a beneficiary or partner or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner who would not have been entitled to such Additional Amounts, had it been the holder.

Whenever we refer in this prospectus supplement, in any context, to the payment of the principal of or any interest or other payments on, or in respect of, any Senior Note of any series, we mean to include the payment of Additional Amounts to the extent that, in the context, Additional Amounts are, were or would be payable.

Waiver of Right to Set-Off

Subject to applicable law, no holder may exercise or claim any right of set-off, counterclaim, combination of accounts, compensation or retention in respect of any amount owed to it by LBG arising under or in connection with the Senior Notes. By accepting a Senior Note, each holder will be deemed to have waived any right of set-off, counterclaim or combination of accounts with respect to such Senior Note or the Indenture (or between our obligations under or in respect of any Senior Note and any liability owed by a holder or the Trustee to us) that they might otherwise have against us, whether before or during our winding up.

Trustee; Direction of Trustee

Our obligations to indemnify the Trustee in accordance with Section 6.07 of the Senior Indenture (as amended by the Second Supplemental Indenture) shall survive the exercise of the U.K. bail-in power by the relevant U.K. resolution authority with respect to the Senior Notes.

By purchasing or acquiring the Senior Notes, each holder (including each beneficial owner) of the Senior Notes acknowledges and agrees that, upon the exercise of any U.K. bail-in power by the relevant U.K. resolution authority, (a) the Trustee shall not be required to take any further directions from holders of the Senior Notes under Section 5.12 of the Senior Indenture, and (b) neither the Senior Indenture nor the Second Supplemental Indenture shall impose any duties upon the Trustee whatsoever with respect to the exercise of any U.K. bail-in power by the relevant U.K. resolution authority. Notwithstanding the foregoing, if, following the completion of the exercise of the U.K. bail-in power by the relevant U.K. resolution authority, any of the Senior Notes remain outstanding (for example, if the exercise of the U.K. bail-in power results in only a partial write-down of the principal of such Senior Notes), then the Trustee's duties under the Indenture shall remain applicable with respect to such Senior Notes following such completion to the extent that LBG and the Trustee shall agree pursuant to a supplemental indenture or an amendment to the Indenture.

In addition to the foregoing, the Trustee may decline to act or accept direction from holders unless it receives written direction from holders representing a majority in aggregate principal amount of the Senior Notes and security and/or indemnity satisfactory to the Trustee in its sole discretion. The Indenture shall not be deemed to require the Trustee to take any action which may conflict with applicable law, or which may be unjustly prejudicial to the holders not taking part in the direction, or which would subject the Trustee to undue risk or for which it is not indemnified to its satisfaction in its sole discretion.

The Trustee makes no representations regarding, and shall not be liable with respect to, the information set forth in this prospectus supplement.

Subsequent Holders' Agreement

Holders and beneficial owners of the Senior Notes that acquire the Senior Notes in the secondary market shall be deemed to acknowledge, agree to be bound by and consent to the same provisions specified herein to the same extent as the holders and beneficial owners of the Senior Notes that acquire the Senior Notes upon their initial issuance, including, without limitation, with respect to the acknowledgement and agreement to be bound by and consent to the terms of the Senior Notes related to the U.K. bail-in power.

Listing

We intend to apply for the listing of the Senior Notes on the New York Stock Exchange in accordance with its rules.

Governing Law

The Senior Indenture, the Second Supplemental Indenture and the Senior Notes are governed by, and construed in accordance with, the laws of the State of New York.

S-20

Certain U.K. and U.S. Federal Tax Consequences

The following is a summary of the material U.K. and U.S. federal tax consequences of the ownership and disposition of the Senior Notes by a “U.S. holder” described below that is not connected with us for relevant tax purposes, that holds the Senior Notes as capital assets and that purchases them as part of the initial offering of the Senior Notes at their “issue price”, which for each series of Senior Notes will be equal to the first price to the public (not including bondhouses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the Senior Notes is sold for money. For purposes of this discussion, a “U.S. holder” is a beneficial owner of a Senior Note that is for U.S. federal income tax purposes (i) a citizen or individual resident of the United States, (ii) a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or of any state thereof or the District of Columbia, or (iii) an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

This discussion does not describe all of the tax consequences that may be relevant to U.S. holders in light of their particular circumstances or to holders subject to special rules, such as:

- persons who are resident in the United Kingdom for U.K. tax purposes or who are domiciled or deemed to be domiciled in the United Kingdom;

- certain financial institutions;

- insurance companies;

- dealers or traders in securities that use the mark-to-market method of accounting;

- persons holding Senior Notes as part of a hedge or other integrated transaction;

- persons whose functional currency is not the U.S. dollar;

- partnerships or other entities classified as partnerships for U.S. federal income tax purposes;

- persons subject to the alternative minimum tax or the Medicare contribution tax;

- certain persons connected with us; or

persons carrying on a trade in the United Kingdom through a permanent establishment in the United Kingdom or carrying on a trade, profession or vocation in the United Kingdom through a branch or agency in the United Kingdom or otherwise holding Senior Notes in connection with a trade or business outside the United States.

If you are a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and your activities. If you are a partnership holding Senior Notes or a partner therein, you should consult your tax advisor as to your particular U.S. federal income tax consequences of holding and disposing of the Senior Notes.

The statements regarding U.K. and U.S. tax laws and practices set out below, including those regarding the U.K./U.S. double taxation convention relating to income and capital gains (the "Treaty"), are based on those laws, practices and conventions as of the date hereof. They are subject to changes in those laws, practices and conventions, and any relevant judicial decision, after the date hereof, which may apply with retrospective effect. This summary is not exhaustive of all possible tax considerations that may be relevant in the particular circumstances of each U.S. holder. In particular, this summary does not deal with the tax treatment of the Senior Notes following an exercise of U.K. bail-in power. You should satisfy yourself as to the tax consequences in your own particular circumstances of the acquisition, ownership and disposition of the Senior Notes.

United Kingdom

Payments. Interest that we pay on the Senior Notes will be made without withholding for or deduction of U.K. income tax, provided that the Senior Notes are and remain listed on a “recognised stock exchange” within the meaning of Section 1005 of the Income Tax Act 2007 (the “Act”). The New York Stock Exchange is currently a recognised stock exchange for these purposes. The Senior Notes will be treated as listed on the New York Stock Exchange if they are officially listed in the United States in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the New York Stock Exchange.

In all other cases, an amount on account of U.K. income tax must generally be withheld at the basic rate (currently 20%), unless one of certain exceptions relating to the status of the holder applies. In particular, certain U.S. holders will be entitled to receive payments free of withholding of U.K. income tax under the Treaty and will under current HM Revenue & Customs (“HMRC”) administrative procedures be able to make a claim for the issuance of a direction by HMRC to this effect. However, such directions will be issued only on prior application to the relevant tax authorities by the holder in question. If the Senior Notes are not listed on a recognised stock exchange and such a direction is not given, we will be required to withhold tax, although a U.S. holder entitled to relief under the Treaty may subsequently claim the amount withheld from HMRC.

Interest on the Senior Notes constitutes U.K. source income for U.K. tax purposes and, as such, may be subject to U.K. income tax by direct assessment irrespective of the residence of the holder. However, where the payments are made without withholding or deduction on account of U.K. tax, the payments will not be assessed to U.K. income tax (other than in the hands of certain trustees) if you are not resident in the U.K. for tax purposes, except if you carry on a trade, profession or vocation in the U.K. through a U.K. branch or agency in connection with which the payments are received or to which the Senior Notes are attributable (or in the case of a corporate U.S. holder, if you carry on a trade in the U.K. through a permanent establishment in the U.K. in connection with which the payments are received or to which the Senior Notes are attributable), in which case (subject to exemptions for payments received by certain categories of agent) tax may be levied on the U.K. branch or agency (or permanent establishment).

Information relating to securities may be required to be provided to HMRC in certain circumstances. This may include the value of the Senior Notes, details of the holders or beneficial owners of the Senior Notes (or the persons for whom the Senior Notes are held), details of the persons to whom payments derived from the Senior Notes are or may be paid and information and documents in connection with transactions relating to the Senior Notes. Information may be required to be provided by, amongst others, the holders of the Senior Notes, persons by (or via) whom payments derived from the Senior Notes are made or who receive (or would be entitled to receive) such payments, persons who effect or are a party to transactions relating to the Senior Notes on behalf of others and certain registrars or administrators. In certain circumstances, the information obtained by HMRC may be provided to tax authorities in other countries.

Disposal (including Redemption). Subject to the provisions set out in the next paragraph in relation to temporary non-residents, a U.S. holder will not, upon disposal (including redemption) of a Senior Note, be liable for U.K. taxation on gains realized, unless at the relevant time the U.S. holder is resident for tax purposes in the U.K., carries

on a trade, profession or vocation in the U.K. through a branch or agency in the U.K. to which the Senior Notes are attributable or, in the case of a corporate U.S. holder, if the U.S. holder carries on a trade in the U.K. through a permanent establishment in the U.K. to which the Senior Notes are attributable.

A U.S. holder who is an individual and who has ceased to be resident for tax purposes in the U.K. for a period of five years or less before again becoming resident for tax purposes in the U.K. and who disposes of a Senior Note during that period may be liable to U.K. tax on chargeable gains arising during the period of absence in respect of the disposal (including redemption), subject to any available exemption or relief.

A U.S. holder who is an individual or other non-corporation taxpayer will not, upon transfer or redemption of a Senior Note, be subject to any U.K. income tax charge on accrued but unpaid payments of interest, unless the U.S. holder at any time in the relevant year of assessment or accounting period was resident in the U.K. or carried on a

trade, profession or vocation in the United Kingdom through a branch or agency to which the Senior Note is attributable.

Annual Tax Charges. Corporate U.S. holders who are not resident in the U.K. and do not carry on a trade in the U.K. through a permanent establishment in the U.K. to which the Senior Notes are attributable will not be liable to U.K. tax charges or relief by reference to fluctuations in exchange rates or in respect of profits, gains and losses arising from the Senior Notes.

Stamp Duty and Stamp Duty Reserve Tax (“SDRT”). No U.K. stamp duty should be payable on the issue of the Senior Notes into a clearance service or depositary receipt arrangement.

U.K. SDRT may arise on the issue, and U.K. SDRT or U.K. stamp duty may arise on the transfer, of the Senior Notes into a clearance service or depositary receipt arrangement, in each case at a rate of 1.5%. However, following litigation, HMRC have confirmed that it will not collect such SDRT on the issue, or (where integral to the raising of capital) the transfer, of the Senior Notes into a clearance service or depositary receipt arrangement on the basis that the charge is not compatible with European law, provided that the Senior Notes comprise loans raised by the issue of debentures or other negotiable securities for the purposes of Article 5(2)(b) of the Capital Duty Directive (2008/7/EC).

No U.K. stamp duty should be required to be paid on the transfer of the Senior Notes within a clearance service or depositary receipt arrangement provided that no instrument is used to effect the transfer. No U.K. SDRT should be payable on the transfer of the Senior Notes within a clearance service or depositary receipt arrangement provided that no election has been made under which the alternative system of charge (as provided for in section 97A Finance Act 1986) applies to the Senior Notes.

No U.K. stamp duty or SDRT should be payable on the redemption of the Senior Notes.

United States

Interest. Interest on the Senior Notes (including U.K. tax withheld, if any) will be includable in income by a U.S. holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. holder’s method of accounting for U.S. federal income tax purposes. Interest income from the Senior Notes (including any U.K. tax withheld) will constitute foreign-source income, which may be relevant to a U.S. holder in calculating the U.S. holder’s foreign tax credit limitation.

Sale, Exchange or Redemption. A U.S. holder will, upon sale, exchange or redemption of a Senior Note, generally recognize capital gain or loss for U.S. federal income tax purposes in an amount equal to the difference between the amount realized (not including amounts attributable to accrued interest, which will be treated as ordinary interest income as described in “—*Interest*” above) and the U.S. holder’s tax basis in the Senior Note. Any gain or loss will generally be U.S.-source capital gain or loss and will be treated as long-term capital gain or loss if the Senior Note has been held for more than one year at the time of disposition. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting. Information returns may be filed with the Internal Revenue Service in connection with payments on the Senior Notes and the proceeds from a sale or other disposition of the Senior Notes. A U.S. holder may be subject to backup withholding on these payments and proceeds if the U.S. holder fails to provide its taxpayer identification number and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. holder will be allowed as a credit against the U.S. holder’s U.S. federal income tax liability and may entitle the U.S. holder to a refund, provided that the required information is timely furnished to the Internal Revenue Service.

Certain U.S. holders who are individuals and certain closely-held U.S. entities may be required to report information relating to non-U.S. accounts through which the U.S. holders hold their Senior Notes (or information

regarding the Senior Notes if the Senior Notes are not held through any financial institution). U.S. holders should consult their tax advisers regarding their reporting obligations with respect to the Senior Notes.

Proposed financial transactions tax (“FTT”)

The European Commission published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Belgium, Estonia, Germany, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “participating Member States”). However, Estonia has since stated that it will not participate. The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Senior Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Senior Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and the scope and timing of any such tax is uncertain. Additional EU Member States may decide to participate. Prospective holders of the Senior Notes are advised to seek their own professional advice in relation to the FTT.

Underwriting

We and the underwriters for the offering named below (the “Underwriters”) have entered into an underwriting agreement and a pricing agreement with respect to the Senior Notes. Subject to certain conditions, we have agreed to sell to the Underwriters and each Underwriter has severally and not jointly agreed to purchase the respective principal amounts of the Senior Notes indicated opposite such Underwriter’s name in the following table.

| Underwriters | Principal Amount of 2022 Senior Notes | Principal Amount of 2027 Senior Notes |
|-----------------------------|---------------------------------------|---------------------------------------|
| Goldman, Sachs & Co. | \$ | \$ |
| HSBC Securities (USA) Inc. | \$ | \$ |
| Lloyds Securities Inc. | \$ | \$ |
| Morgan Stanley & Co. LLC | \$ | \$ |
| Wells Fargo Securities, LLC | \$ | — |
| Total | \$ | \$ |

The Underwriters propose to offer the Senior Notes directly to the public at the initial public offering prices set forth on the cover page of this prospectus supplement. The underwriting agreement and the pricing agreement provides that the obligations of the Underwriters are subject to certain conditions precedent and that the Underwriters have undertaken to purchase all of the Senior Notes offered by this prospectus supplement if any are purchased. The offering of the Senior Notes by the Underwriters is subject to receipt and acceptance and the Underwriters have the right to reject any order in whole or in part.

Conflicts of Interest

Lloyds Securities Inc., one of the Underwriters is an affiliate of the Issuer. Any distribution of the Senior Notes offered hereby will be made in compliance with applicable provisions of Rule 5121 of the Financial Industry Regulatory Authority, Inc. (“FINRA”), which requires that, among other things, Lloyds Securities Inc. will not participate in the distribution of an offering of Senior Notes unless the Senior Notes are investment grade rated (within the meaning of Rule 5121) or are Senior Notes in the same series that have equal rights and obligations as investment grade rated securities or unless another exemption provided by Rule 5121 is applicable.

Matters Relating to the Initial Offering and Market-Making Resales

We intend to apply for the listing of the Senior Notes on the New York Stock Exchange. The Senior Notes are a new issue of securities with no established trading market. We have been advised by the Underwriters that the Underwriters intend to make a market in the Senior Notes, but they are not obligated to do so and may discontinue market-making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Senior Notes.

In this prospectus supplement, the term “the offering” means the initial offering of the Senior Notes made in connection with their original issuance and not any subsequent resales of Senior Notes in market-making transactions.

The Senior Notes will settle through the facilities of the DTC and its participants (including Euroclear and Clearstream Luxembourg). The CUSIP number for the 2022 Senior Notes is _____, the ISIN is _____ and the Common Code is _____. The CUSIP number for the 2027 Senior Notes is _____, the ISIN is _____ and the Common Code is _____.

We have agreed to indemnify the several Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

It is expected that delivery of the Senior Notes will be made against payment on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the

date of pricing of the Senior Notes (such settlement cycle being referred to as “T+5”). Trades in the secondary market generally are required to settle in three Business Days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Senior Notes on the date of pricing or the next succeeding Business Day will be required, by virtue of the fact that the Senior Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Senior Notes who wish to trade Senior Notes on the date of pricing or the next Business Day should consult their own advisors.

Market-Making Resales by Affiliates

This prospectus may be used by Lloyds Securities Inc. in connection with offers and sales of the Senior Notes in market-making transactions. In a market-making transaction, Lloyds Securities Inc. may resell a Senior Note it acquires from other holders, after the original offering and sale of the Note. Resales of this kind may occur in the open market or may be privately negotiated, at prevailing market prices at the time of resale or at related or negotiated prices. In these transactions, Lloyds Securities Inc. may act as principal, or agent, including as agent for the counterparty in a transaction in which Lloyds Securities Inc. acts as principal, or as agent for both counterparties in a transaction in which Lloyds Securities Inc. does not act as principal. Lloyds Securities Inc. may receive compensation in the form of discounts and commissions, including from both counterparties in some cases. Other affiliates of the Issuer may also engage in transaction of this kind and may use this prospectus for this purpose.

The aggregate initial offering price specified on the cover of this prospectus supplement relates to the initial offering of the Senior Notes described in this prospectus supplement. This amount does not include Senior Notes sold in market-making transactions. The latter include Senior Notes to be issued after the date of this prospectus, as well as Senior Notes previously issued.

We do not expect to receive any direct proceeds from market-making transactions. We do not expect that Lloyds Securities Inc. or any other affiliate that engages in these transactions will pay any direct proceeds from its market-making resales to us.

Information about the trade and settlement dates, as well as the purchase price, for a market-making transaction will be provided to the purchaser in a separate confirmation of sale.

Unless we or any agent inform you in your confirmation of sale that your Senior Note is being purchased in its original offering and sale, you may assume that you are purchasing your Senior Note in a market-making transaction.

Stabilization Transactions and Short Sales

In connection with the offering, the Underwriters may purchase and sell Senior Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the Underwriters of a greater aggregate principal amount of Senior Notes than they are required to purchase from us in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Senior Notes while the offering is in progress.

The Underwriters may also impose a penalty bid. This occurs when a particular Underwriter repays to the Underwriters a portion of the underwriting discount received by it because the Underwriters have repurchased Senior Notes sold by or for the account of such Underwriter in stabilizing or short-covering transactions.

These activities by the Underwriters may stabilize, maintain or otherwise affect the market price of the Senior Notes. As a result, the price of the Senior Notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the Underwriters at any time.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. In the ordinary course of business, the Underwriters and their affiliates may have engaged in and may in the future engage in investment, financial, banking and advisory services with us or our affiliates, for which customary fees may apply.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Issuer. Certain of the Underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such Underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Senior Notes offered hereby. Any such short positions could adversely affect future trading prices of the Senior Notes offered hereby. The Underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
