PROXY STATEMENT
For
Annual Meeting of Stockholders
Thursday, March 18, 2004

GENERAL

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Toll Brothers, Inc., a Delaware corporation (the "Company"), for use at the Company's Annual Meeting of Stockholders (the "Meeting"), which will be held on the date, at the time and place, and for the purposes set forth in the foregoing notice, and any adjournment or postponement thereof. This proxy statement, the foregoing notice and the enclosed proxy are first being sent to stockholders of the Company (the "Stockholders") on or about February 16, 2004.

The Board of Directors does not intend to bring any matter before the Meeting except as specifically indicated in the notice and does not know of anyone else who intends to do so. If any other matters properly come before the Meeting, however, the persons named in the enclosed proxy, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters. If the enclosed proxy is properly executed and returned to, and received by, the Company prior to voting at the Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. In the absence of instructions, the shares will be voted "FOR" the nominees of the Board of Directors in the election of the four directors whose terms of office will extend until the 2007 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified, and "FOR" the approval of the re-appointment of Ernst & Young LLP as the Company's independent auditors for the 2004 fiscal year.

Any proxy may be revoked at any time prior to its exercise by notifying the Secretary in writing, by delivering a duly executed proxy bearing a later date, or by attending the Meeting and voting in person.

VOTING SECURITIES AND SECURITY OWNERSHIP

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

Shares Entitled To Vote, Required Vote and Quorum

At the close of business on January 23, 2004, there were 73,533,213 shares of the Company's common stock outstanding. The Company has no other class of voting securities outstanding. The record date fixed by the Board of Directors for the determination of Stockholders entitled to notice of and to vote at the Meeting is January 23, 2004. At the Meeting, Stockholders will be entitled to one vote for each share of common stock owned of record at the close of business on the record date. The presence at the Meeting, in person or by proxy, of persons entitled to cast the votes of a majority of such outstanding shares of common stock will constitute a quorum for consideration of the matters expected to be voted on at the Meeting. Abstentions and broker non-votes (i.e., shares held of record by a broker which are not voted because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the authority to vote the shares in its discretion) represented by submitted proxies will be included in the calculation of the number of shares present at the Meeting for the purposes of determining a quorum.

Proposal One: Directors are elected by a plurality and the four nominees who receive the most votes will be elected. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

Proposal Two: To be approved, this matter must receive the affirmative vote of the majority of the outstanding shares of common stock present in person or by proxy at the Meeting and entitled to vote. Brokers holding shares of record for their customers are entitled to vote on this matter. Accordingly, abstentions and broker non-votes represented by submitted proxies will have the effect of a negative vote.

Meetings and Committees of the Board of Directors

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

The Audit Committee is composed of Edward G. Boehne, Roger S. Hillas, Carl B. Marbach and Paul E. Shapiro (Chairman), each of whom has been determined by the Board of Directors to meet the standards for independence required of audit committee members by the New York Stock Exchange (the "NYSE") and applicable SEC rules. For more information on the NYSE standards for independence, see "Corporate Governance-Director Independence" in this proxy statement. The Board of Directors has further determined that (i) all members of the Audit Committee are financially literate, and (ii) Edward G. Boehne possesses accounting and related financial management expertise within the meaning of the listing standards of the NYSE, and is an audit committee financial expert within the meaning of applicable SEC rules. The Audit Committee held four formal meetings during the last fiscal year, all of which were attended by the Company's independent auditors, to discuss the scope of the annual audit and issues of accounting policy and internal controls. The Audit Committee also met telephonically during the past fiscal year.

The Executive Compensation Committee is composed of Carl B. Marbach (Chairman) and Stephen A. Novick, each of whom has been determined by the Board of Directors to meet the NYSE's standards for independence. In addition, each committee member is a "Non-Employee Director" as defined in Rule 16b-3 under the Securities Exchange Act of 1934 and an "outside director" as defined for purposes of 162(m) of the Internal Revenue Code of 1986, as amended. The Executive Compensation Committee administers (in some cases along with the Board of Directors) the Toll Brothers, Inc. Cash Bonus Plan (the "Cash Bonus Plan"), the Toll Brothers, Inc. Executive Officer Cash Bonus Plan (the "Executive Officer Cash Bonus Plan"), the Toll Brothers, Inc. Stock Award Deferral Plan (the "Stock Deferral Plan"), the Amended and Restated Stock Option Plan (1986) (the "1986 Plan"), the Key Executives and Non-Employee Directors Stock Option Plan (1993) (the "1993 Plan"), the Stock Option and Incentive Plan (1995) (the "1995 Plan"), the Stock Incentive Plan (1998) (the "1998 Plan") and the Toll Brothers, Inc. Stock Award Deferral Plan. It held two formal meetings and also met telephonically during the past fiscal year.

The Nominating and Corporate Governance Committee, formed in January 2003, is composed of Edward G. Boehne (Chairman), Robert S. Blank and, since September 2003, Stephen A. Novick, each of whom has been determined by the Board of Directors to meet the NYSE's standards for independence. The Nominating and Corporate Governance Committee is responsible for, among other things, the recommendation to the Board of Directors of director nominees for election to the Board of Directors, the evaluation of the size of the Board of Directors, the evaluation and recommendation to the Board of Directors of the compensation of the non-employee directors and the establishment and updating of corporate governance guidelines. The Nominating and Corporate Governance Committee held one formal meeting during the past fiscal year.

6

The Real Estate Utilization Committee held one formal meeting during the past fiscal year. The Shelf Terms Committee held one telephonic meeting during the past fiscal year. The Special Transactions Committee, the Toll Brothers Realty Trust Committee, the Subordinated Debt Repurchase Authorization Committee and the Employee Stock Purchase Plan Committee did not meet during the past fiscal year.

Each director attended at least 75% of the meetings of the Board of Directors and its committees of which he was a member during the past fiscal year.

Compensation of Directors

Prior to November 1, 2003, each non-employee director received \$4,000 for

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

each full-day Board meeting attended, \$2,000 for each half-day meeting attended and \$1,500 for each telephonic meeting or committee meeting in which he participated. Subsequent to the Company's stock split in March 2002, the Board of Directors elected to effectively reduce the number of options each non-employee director was entitled to receive under the 1998 Plan to the number of options that each non-employee director was entitled to receive prior to the stock split. Accordingly, for fiscal 2003, each non-employee director received an annual grant of options of 15,000 shares of the Company's common stock under the 1998 Plan. Each member of the Audit Committee who participated in at least one meeting during the fiscal year also received an annual grant of options for 1,000 shares of common stock. Each non-employee director who was a member of an eligible committee (as determined by the Board of Directors from time to time), other than the Audit Committee, and participated in at least one meeting of such committee during the fiscal year received an annual grant of options for 500 shares of common stock. No non-employee director could receive grants for service on more than three committees, plus the Audit Committee, in any fiscal year. The Executive Compensation Committee determined that Mr. Bruce E. Toll should also be granted options to receive shares for his services on the Board of Directors equivalent to those granted to non-employee directors. Accordingly, in fiscal 2003, Mr. Toll was granted options for 15,000 shares.

Commencing November 1, 2003, each non-employee director will receive \$5,000 for each full-day Board meeting attended, \$2,500 for each half-day meeting attended and \$1,750 for each telephonic meeting or committee meeting in which he participates. In addition, each non-employee director will receive an annual grant of options for 15,000 shares of the Company's common stock under the 1998 Plan. Each member of the Audit Committee who participates in at least one meeting during the fiscal year will receive an annual grant of 100 shares of restricted common stock except for the Chairman who will receive 200 shares of restricted common stock, and options for 1,000 shares of common stock. Each member of the Nominating and Corporate Governance Committee who participates in at least one meeting during the fiscal year will receive an annual grant of 100 shares of restricted common stock except for the Chairman who will receive 200 shares of restricted common stock, and options for 500 shares of common stock. Each member of the Executive Compensation Committee who participates in at least one meeting during the fiscal year will receive an annual grant of options for 500 shares of common stock and the Chairman will also receive 100 shares of restricted common stock. Each non-management director who is a member of any other committees of the Board of Directors who participates in at least one meeting of the committee during the fiscal year will receive an annual grant of options for 500 shares of common stock for each such committee. No non-employee director can receive grants for service on more than three committees, plus the Audit Committee and the Nominating and Corporate Governance Committee, in any fiscal year. Mr. Bruce E. Toll will continue to receive an annual grant of options for 15,000 shares of common stock.

On March 5, 1998, the Company and Mr. Bruce E. Toll entered into two agreements relating to Mr. Toll's withdrawal from day to day operations of the business (collectively the "Agreements"). The Agreements provided, among other things, that, during the three-year term which commenced on November 1, 1998 and ended on October 31, 2001 (the "Consulting Term"), Mr. Toll would (a) make himself available to the Company on a reasonable basis to consult with

the Company concerning matters within his knowledge and expertise, (b) not compete with the Company as described in the Agreements, and (c) agree to vote the shares of the Company's common stock owned by him as recommended by the Company's management or Board of Directors until the later of March 15, 2002 or until Mr. Toll no longer serves on the Board of Directors of the Company.

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

The Company agreed to pay Mr. Toll the sum of \$500,000 during each year of the Consulting Term as well as provide group health insurance of a type and amount consistent with insurance provided to Company executives for himself, and his beneficiaries who were covered on March 5, 1998, without charge, and for all other children provided that the premium costs that the Company is permitted to charge under COBRA for such coverage are paid by Mr. Toll for those children. The Company paid \$11,922 in fiscal 2003 for Mr. Toll's health insurance. In June 2000, the Company and Mr. Toll amended the Agreements to terminate Mr. Toll's obligation to vote the shares of the Company's common stock owned by him referred to above and to extend the Consulting Term until October 31, 2004. In December 2002, the Executive Compensation Committee increased Mr. Toll's compensation to \$675,000 effective January 1, 2003.

During fiscal 2003, the Company provided Bruce E. Toll additional perquisites with an estimated value of approximately \$33,800. Such perquisites included country club dues, Company drivers, and contributions to the Company's 401(k) plan.

In December 2000, the Board of Directors approved the purchase of a split-dollar life insurance policy for the benefit of Bruce E. Toll. In fiscal 2002, the Company paid \$7,490 in premiums for the term life portion of a split-dollar life insurance policy for Mr. Toll, and paid \$283,087 in premiums for the non-term portion of the split dollar life insurance policy. Until it is determined whether this type of transaction is permitted under the Sarbanes-Oxley Act of 2002, the Company has suspended the payment of premiums for this split dollar life insurance policy.

PROPOSAL TWO

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance for the purpose of defining independence, assigning responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 which, among other things, established, or provided the basis for, a number of new corporate governance standards and disclosure requirements. In addition, the NYSE has recently adopted changes to its corporate governance and listing requirements.

Director Independence

The standards relied upon by the Board of Directors in affirmatively determining whether a director is "independent," in compliance with the rules of the NYSE, are comprised, in part, of those objective standards set forth in the NYSE rules, which generally provide that (a) a director who is an employee, or whose immediate family member (defined as a spouse, parent, child, sibling, father- and mother-in-law, son- and daughter-in-law and anyone, other than a domestic employee, sharing the director's home) is an executive officer of the Company, would not be independent for a period of three years after termination of such relationship; (b) a director who receives, or whose immediate family member receives as an executive officer of the Company, more than \$100,000 per year in direct compensation from the Company, except for certain permitted payments, would not be independent for a

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

period of three years after ceasing to receive such amount; (c) a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company would not be independent until a period of three years after the termination of such relationship; (d) a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executives serve on the other company's compensation committee would not be independent for a period of three years after the end of such relationship, and (e) a director who is an executive officer or employee, or whose immediate family member is an executive officer of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's

9

consolidated gross revenues, would not be independent until a period of three years after falling below such threshold. In addition to these objective standards and in compliance with NYSE rules, the Board of Directors has adopted a general standard, that no director will be considered independent who has any other material relationship with the Company that could interfere with the director's ability to exercise independent judgment. The Board of Directors exercises appropriate discretion in identifying and evaluating the materiality of any relationships directors may have with the Company.

The Board of Directors, in applying the above-referenced standards, has affirmatively determined that the Company's current "independent" directors are: Robert S. Blank, Edward G. Boehne, Richard J. Braemer, Roger S. Hillas, Carl B. Marbach, Stephen A. Novick and Paul E. Shapiro. As part of the Board's process in making such determination, each such director provided written assurances that (a) all of the above-cited objective criteria for independence are satisfied and (b) he has no other "material relationship" with the Company that could interfere with his ability to exercise independent judgment.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Basic Policy Considerations

The Company's compensation policies with respect to its executive officers, established by the Board's Executive Compensation Committee, are based on the principles that compensation should, to a significant extent, reflect the financial performance of the Company and the performance of the executive, and that a significant portion of executive officers' compensation should provide long-term incentives. It is the policy of the committee to set executive compensation at levels that are sufficiently competitive so that the Company will attract, retain and motivate the highest quality individuals to contribute to the Company's goals, objectives and overall financial success. Methods of compensation are designed to provide incentives for executive performance that result in continuing improvements in the Company's financial results, performance or condition, over both the short-term and the long-term, and to encourage continued service to the Company. A significant portion of executives' incentive compensation is paid in stock options and stock awards in order to align executive and shareholder interests. The compensation of each executive officer is based largely upon individual and Company performance.

The compensation program is comprised of two elements: (a) annual salary and eligibility for short-term incentive awards in the form of cash bonuses, and (b) a long-term incentive program (principally stock options and, in the case of the Chief Executive Officer, a stock-based feature of the Cash Bonus Plan) where the level of compensation is dependent on the performance of the Company's common stock. The details of this compensation program, with specific discussion of the programs applicable to the Chief Executive Officer, are set forth below.

Annual Compensation -- Executive Officers Other Than Chief Executive Officer

The Executive Compensation Committee sets compensation by subjective evaluation of the individual performance of each executive and by marketplace valuations of comparable executives, although salary determinations are not based upon any specific or constant criteria.

Executives are eligible for annual incentive cash bonuses. The awards for the Chief Operating Officer and Chief Financial Officer are made under the Company's Executive Officer Cash Bonus Plan. These awards are not intended to be in addition to market level compensation but instead are designed to cause

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

a significant part of an executive's annual compensation to be dependent on the committee's assessment of the executive's performance based upon a set of goals established for each executive. Goals are established by the committee with respect to the executive's contributions to the Company's economic and strategic objectives, the efforts required of the executive and the executive's ability to develop, execute and implement short-term and long-term corporate goals.

Long-Term Compensation -- Stock Options

The stock option component of the executive officers' compensation has been designed to provide executives with incentives for the enhancement of stockholder value through their efforts. Options are granted at fair market value on the date of grant and generally vest over a number of years, usually not fewer than four. The options have significant restrictions, typically for a period of three years from the date of grant, on the executive officer's ability to exercise the options and sell the shares acquired upon exercise without the consent of the appropriate stock option subcommittee. No constant criteria are used year to year in the granting of stock options. The Executive Compensation Committee makes a subjective determination of the effectiveness of the executive and the extent of the executive's contributions to the Company's success and, based on that determination, awards stock options to deserving executive officers. Because the options are granted with exercise prices equal to the fair market value of the underlying common stock on the date of grant, any value that ultimately accrues to the executive is based entirely upon the Company's performance, as perceived by investors who establish the market price for the common stock.

18

2003 Compensation for Chief Executive Officer

In 1990, the Board of Directors decided that salary, bonus and option grants for the Company's Chief Executive Officer, Robert I. Toll, should be determined pursuant to objective measurements, including appropriate performance criteria in addition to compensation that reflects market rates for comparable executives. Since 1995, the base salary for Robert I. Toll has been determined by a formula intended to increase his base salary by no less than the increase in the Consumer Price Index (using U.S. Department of Labor definitions) and by no more than the average percentage increase in compensation of the five highest percentage compensation increases of the Company's next ten most highly compensated employees for the adjustment year. From 1998 through 2002, Mr. Toll agreed to limit his base salary to \$1,000,000. For fiscal 2003, the Executive Compensation Committee awarded Mr. Toll an annual base salary of \$1,150,000.

Cash bonuses for Robert I. Toll are determined based on formulas contained in the Company's Cash Bonus Plan, as amended from time to time. In 1996, the Executive Compensation Committee and the Board of Directors determined that by obtaining the agreement of Mr. Toll to accept his bonus in shares of the Company's stock rather than in cash, the interests of the Chief Executive Officer and the Stockholders would be further aligned. The Executive Compensation Committee and the Board of Directors amended the Cash Bonus Plan on May 29, 1996 with Stockholder approval given at the 1997 Annual Meeting of Stockholders, to provide that Mr. Toll's bonuses for fiscal years ended October 31, 1996, October 31, 1997 and October 31, 1998 would be paid in shares of common stock, which payments would be in the form of an award under the terms of the 1995 Plan. The Executive Compensation Committee and the Board of Directors further amended the Cash Bonus Plan on December 10, 1998, with Stockholders' approval given at the 1999 Annual Meeting of Stockholders, to

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

provide that Mr. Toll's bonuses for fiscal years ended October 31, 1999, October 31, 2000, and October 31, 2001 would be paid in shares of common stock, which payments would be in the form of an award under the terms of the 1998 Plan.

In 2000, the Executive Compensation Committee and the Board of Directors, with the assistance of an independent compensation consultant, reviewed the provisions of the Cash Bonus Plan to determine whether it was in the best interest of the Company to again amend the Cash Bonus Plan to continue the practice of paying Mr. Toll's bonuses in shares of common stock. The Executive Compensation Committee and the Board of Directors concluded that tying the value of the bonus of Robert I. Toll to the stock price continued to be a valuable incentive to align the interests of Mr. Toll with those of the Stockholders. Accordingly, the Executive Compensation Committee and the Board of Directors amended the Cash Bonus Plan on December 14, 2000, with Stockholder approval given at the 2001 Annual Meeting of Stockholders, to provide that: (a) all bonus payments made under the Cash Bonus Plan with respect to the fiscal years ended October 31, 2002 and October 31, 2003, and the year ending October 31, 2004, will be paid in shares of common stock, which payments will be in the form of an award under the terms of the 1998 Plan; (b) the number of shares of common stock awarded pursuant to the aforementioned provisions of the Cash Bonus Plan will be determined by dividing the dollar amount of each bonus (as determined in accordance with the Cash Bonus Plan) by \$19.3125 (the fair market value of a share of common stock, as adjusted for the Company's March 2002 two-for-one stock split, determined as of December 20, 2000 in accordance with the provisions of the 1998 Plan for determination of fair market value); (c) the Executive Compensation Committee has the discretion to terminate the application of the provisions of the Cash Bonus Plan described in subparagraphs (a) and (b) above, at any time, effective no sooner than six months after such decision to terminate is made by the Executive Compensation Committee, in which event all bonuses payable on or after the effective date of such termination will be payable in cash only; and (d) upon receipt of a request by Robert I. Toll, based on his concerns regarding adverse tax consequences to him, the Executive Compensation Committee may, in its sole discretion, suspend the application of the stock award provisions described in subparagraphs (a) and (b) above, provided that such action will not cause any increase in the amount or value of a bonus that would otherwise be payable under the Cash Bonus Plan. In the event of suspension of the stock award provisions, all bonuses will be payable

19

only in cash until such time as the Executive Compensation Committee determines to reinstate the stock award provisions.

The Cash Bonus Plan was further amended by the Executive Compensation Committee and the Board of Directors on December 14, 2000, with Stockholder approval given at the 2001 Annual Meeting of Stockholders, to provide that Mr. Toll will receive cash bonus awards (before consideration of the stock award feature of the plan, described above) for fiscal years ended October 31, 2002 and each year thereafter equal to the sum of (a) 1.5% of the Company's income before income taxes (as defined in the Cash Bonus Plan) to the extent such income for the fiscal year for which the bonus is being calculated was greater than 10% and less than or equal to 20% of stockholders' equity (as defined in the Cash Bonus Plan) of the Company as of the end of the fiscal year preceding the fiscal year for which the bonus is being calculated, plus (b) 3.0% of the Company's income before income taxes (as defined in the Cash Bonus Plan) to the extent such income for the fiscal year for which the bonus is being calculated was greater than 20% and less than or equal to 30% of stockholders' equity as of the end of the fiscal year preceding the fiscal year for which the bonus is being calculated, plus (c) 6% of the Company's income before

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

income taxes (as defined in the Cash Bonus Plan) to the extent such income for the fiscal year for which the bonus is being calculated is greater than 30% of stockholders' equity of the Company as of the end of fiscal year preceding the fiscal year for which the bonus is being calculated. The plan generated a cash bonus for fiscal 2003, before consideration of the stock award feature of the plan as described above, that was 17% higher than the cash bonus generated by the plan for fiscal year 2002. Payment of the cash bonus to Robert I. Toll for the 2003 fiscal years was made in the form of an award of shares of common stock which as of the end of the 2003 fiscal year had a market value of \$36.84 per share with an aggregate market value of \$20,293,565. If this bonus had been paid in cash instead of stock, Mr. Toll would have received \$10,638,422.

The Cash Bonus Plan is intended to provide bonuses that will be treated as "performance based compensation" exempt from the limitations on deductibility imposed under Section 162(m) of the Code.

Respectfully submitted on December 11, 2003, by the members of the Executive Compensation Committee of the Board of Directors.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the "Committee") oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the Company's financial statements and the reporting process, including the systems of internal control. In fulfilling its oversight responsibilities, the Committee reviewed the Company's audited financial statements for the year ended October 31, 2003 with management including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

In addition, the Committee reviewed with the Company's independent auditors, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and reviewed and approved the compatibility of non-audit services with the auditors' independence. The

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

Committee reviewed the services provided by Ernst and Young LLP and approved the fees paid to them for fiscal 2003.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's systems of internal control, and the overall quality of the Company's financial reporting. The Committee, or its Chairman, meets with the independent auditors and management prior to the release of Company financial information or the filing of any such information with the SEC. The Committee reviewed the Company's internal controls and, consistent with Section 302 of the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, met with management and the auditors prior to the filing of officers' certifications required by that statute to receive any information concerning (a) significant deficiencies in the design or operation of internal control over financial reporting which could adversely affect the Company's ability to record, process, summarize and report financial data and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting. The Committee further received reports throughout the year on the progress of the review of the Company's internal controls for compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended October 31, 2003 for filing with the Securities and Exchange Commission. The Committee's recommendation was considered and approved by the Board of Directors. The Committee also re-appointed, subject to stockholder approval, Ernst and Young LLP as the Company's independent auditors for the 2004 fiscal year.

The Committee reviewed and amended the Audit Committee charter in fiscal 2003.

Respectfully submitted on December 11, 2003, by the members of the Audit Committee of the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and the regulations thereunder require certain of the Company's officers, as well as the Company's directors and persons who own more than ten percent of a registered class of the Company's equity securities (collectively, the "reporting persons") to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish the Company with copies of these reports. Based on the Company's review of the copies of these reports received by it, and written representations received from reporting persons, the Company believes that all filings required to be made by the reporting persons for the period November 1, 2002 through October 31, 2003 were made on a timely basis.

CERTAIN TRANSACTIONS

In order to help provide for an orderly market in the Company's common stock in the event of the death of either Robert I. Toll or Bruce E. Toll, or both of them (the "Tolls"), the Company and the Tolls entered into agreements in 1995 in which the Company agreed to purchase from the estate of each of the Tolls \$10 million of the Company's common stock (or a lesser amount under certain circumstances), at a price equal to the greater of fair market value (as defined) or book value (as defined). Each of the Tolls agreed to allow the Company to purchase \$10 million of life insurance on his life. In addition, each of the Tolls granted to the Company, at no cost to it, an option to purchase up to an additional \$30 million (or a lesser amount under certain circumstances) of common stock from his estate. The agreements expire in October 2005.

In addition to the performance of their duties for the Company, the Tolls, either jointly or independently, have engaged, and continue to engage, in certain other businesses in real estate. These businesses include the purchase, sale and management of townhome, apartment, condominium, commercial and industrial real estate projects for rental. The Company leases, at what it believes to be competitive market rates, certain office space from a business controlled by Robert I. Toll, Bruce E. Toll, Zvi Barzilay and Joel H. Rassman. During the last fiscal year, the Company paid to such business approximately \$57,500 in rent. The Company provided services to other businesses controlled by the Tolls during the fiscal year, which were billed at cost and paid throughout the year in advance with monies deposited with the Company to pay for services provided by the Company to them. These transactions are reviewed and monitored by the Audit Committee. In addition to the foregoing, Mr. Robert I. Toll has agreed, with the approval of the Executive Compensation Committee, to pay for one-half of the cost of an employee of the Company who provides Mr. Toll with investment advice.

To take advantage of commercial real estate opportunities, the Company formed Toll Brothers Realty Trust Group (the "Trust") in 1998. The Trust is effectively owned one-third by the Company, one-third by Robert I. Toll, Bruce E. Toll (and members of his family), Zvi Barzilay (and members of his family), Joel H. Rassman, and other members of the Company's senior management, and one-third by the Pennsylvania State Employees Retirement System (collectively, the "Shareholders").

The Shareholders entered into subscription agreements whereby each group has agreed to invest additional capital in an amount not to exceed \$9.3 million if required by the Trust. The subscription agreements, which were to expire in August 2003, were extended until August 2005. At October 31, 2003, the Company had an investment of \$5.5 million in the Trust.

In December 2002, the Company's Board of Directors, upon the recommendation of its Real Estate Utilization Committee (the "Committee"), which is comprised of members of the Board of Directors who do not have a financial interest in the Trust, approved the sale to the Trust of a 62.2-acre parcel of land, which is a portion of the Company's multi-product community known as The Estates at Princeton Junction in New Jersey, that is intended for development as multi-family rental apartment buildings (the "Property"). The Committee's recommendation that the Company sell the Property to the Trust rather than to an outside third party was based upon the following advantages

to the Company: (a) the Company will be able to influence the design and construction quality so as to enhance the overall community; (b) there are

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

synergies of development and marketing costs which may be a benefit to the Company; (c) the Trust will maintain a high quality of operations, ensuring that the existence of the apartments in the community will not negatively affect the image of the community as a whole; and (d) as has been our experience with another Trust property, apartment tenants are potential customers for the purchase of the Company's townhomes and single-family homes. Moreover, the sale has allowed the Company to recover cash, remove the Property from the Company's balance sheet, and free the Company from the need to provide capital from its credit facility to build the apartment units. The \$9.8 million sales price was approved by the Committee after reviewing an offer from an independent third party and after reviewing an independent professional appraisal. The sale was completed in May 2003.

The Company provides development, finance and management services to the Trust and received fees under the terms of various agreements of approximately \$1.0 million in fiscal 2003. The Company believes that these transactions, including the sale of the Property, between itself and the Trust were on terms no less favorable than it would have agreed to with unrelated third parties. The Company also incurs certain costs on behalf of the Trust for which the Company is reimbursed by the Trust. These fees and reimbursements were paid to the Company throughout the year. The amount due the Company for fees and reimbursements as of October 31, 2003, was approximately \$94,000. The largest amount due the Company from the Trust at any time during the last fiscal year was approximately \$377,000.

Jeffery Franz, the husband of Robert I. Toll's daughter, is employed by the Company as an Assistant Vice President, Regional Director of Eastern States Engineering, and earned in fiscal 2003 \$94,000 in base salary. In addition to his base salary, Mr. Franz received a bonus of \$12,500 and options for 2,500 shares of common stock which vest over four years. Mr. Franz also received normal fringe benefits such as medical insurance, life insurance, disability insurance, contributions to the Company's 401(k) Plan and auto and gas allowances with an estimated aggregate value of \$23,500. Adam Barzilay, the son of Zvi Barzilay, is employed by the Company as Director of Development and earned in fiscal 2003 \$85,000 in base salary. In addition to his base salary, Mr. Barzilay received a bonus of \$6,000 and options for 500 shares of common stock which vest over four years. Mr. Barzilay also received normal fringe benefits such as medical insurance, life insurance, disability insurance, contributions to the Company's 401(k) Plan and auto and gas allowances with an estimated aggregate value of \$15,600. The Company believes that the compensation earned by each of Messrs. Franz and Barzilay is equivalent to the compensation it would pay to unrelated individuals for similar positions.

The Audit Committee, concerned with the safety and security of Company executives while traveling on Company business, and the extensive amount of time lost due to such travel, approved the chartering, from time to time, for business purposes, of an aircraft that is owned by companies owned by Robert I. Toll. The charter rates are less than those generally charged in the industry for the same type aircraft. In fiscal 2003 and the period from the end of fiscal 2003 through the date of this proxy statement, Mr. Toll's companies have received or are entitled to receive fees for chartering the aircraft of approximately \$99,000 from the Company.

A subsidiary of the Company sold an aggregate of \$550 million of senior notes, guaranteed by the Company, in two offerings during the 2003 fiscal year. One of these offerings, in the principal amount of \$300 million, was made to initial purchasers that included Salomon Smith Barney Inc., as a joint book running manager, and the other was made to Citigroup Global Markets Inc., as initial purchaser (by the time of the second offering, Salomon Smith Barney Inc. had become Citigroup Global Markets Inc.; both are referred to hereinafter as "Citigroup"). Both transactions were effected after extensive bidding and negotiations with several major investment banking firms

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

specializing in such debt offerings, wherein the Company was principally concerned about obtaining the best terms under the circumstances, as well as dependable execution. The Company has been advised that Robert Snyder, the brother of Robert I. Toll's wife and a First Vice President of Citigroup, received \$60,000 of compensation in connection with these two offerings. In addition, in

23

August 2003, the Company sold three million shares of its common stock to Citigroup, as underwriter, after extensive negotiations with other investment banking firms. The Company has been informed that Mr. Snyder did not receive any compensation for the common stock offering. The Company also used Citigroup to repurchase 655,300 shares of its common stock during fiscal 2003 for which Citigroup received \$32,765 in commissions. The Company has been informed that Mr. Snyder received \$6,553 of these commissions for his involvement in the repurchase program. The commission rate paid to Citigroup was comparable to those paid to other brokerage firms involved in the Company's repurchase program.

Ballard, Spahr, Andrews & Ingersoll, LLP, the law firm of which Richard J. Braemer, a director of the Company, is a partner, acted as counsel to the Company in various matters during fiscal 2003 and was paid aggregate fees of approximately \$217,000 during that period.

For information regarding certain other transactions, see "Proposal One -- Election of Directors for Terms Ending 2007 -- Compensation of Directors."

STOCKHOLDER PROPOSALS FOR THE 2005 ANNUAL MEETING

Stockholders interested in submitting a proposal to be considered for inclusion in the Company's proxy statement and form of proxy for the 2005 Annual Meeting of Stockholders may do so by following the procedures prescribed by SEC Rule 14a-8. To be eligible for inclusion, proposals must be submitted in writing and received by the Company at the address appearing on the first page of this proxy statement by October 19, 2004.

A Stockholder of the Company may wish to have a proposal presented at the 2005 Annual Meeting of Stockholders, but not to have such proposal included in the Company's proxy statement and form of proxy relating to that meeting. Under the Company's bylaws, except as otherwise prescribed by the presiding officer, no business may be brought before the annual meeting unless it is specified in the notice of meeting or is otherwise brought before the meeting at the direction of the Board of Directors, by the presiding officer, or by a Stockholder entitled to vote who has delivered written notice to the Company (containing certain information specified in the bylaws about the Stockholder and the proposed action) not less than 60 or more than 90 days prior to the first anniversary of the preceding year's annual meeting -- that is, with respect to the 2005 Annual Meeting, between December 19, 2004 and January 18, 2005. In addition, any Stockholder who wishes to submit a nomination for director to the Board must deliver written notice of the nomination within this time period and comply with the information requirements in the bylaws relating to stockholder nominations. If notice of any such proposal is not submitted in writing and received by the Company at the address appearing on the first page of this proxy statement by January 18, 2005, then such proposal shall be deemed "untimely" for purposes of Rule 14a-4(c) promulgated under the Securities Exchange Act of 1934 and, therefore, the persons appointed by the Company's Board of Directors as its proxies will have the right to exercise discretionary voting authority with respect to such proposal. These requirements are separate from and in addition to (i) the SEC requirements referenced above for inclusion of a stockholder proposal in the Company's

Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

proxy statement, and (ii) the requirements set forth below for having the Company's Nominating and Corporate Governance Committee consider a person, who has been recommended by certain Stockholders, for nomination as a director.

PROCEDURES FOR NOMINATING OR RECOMMENDING FOR NOMINATION CANDIDATES FOR DIRECTOR

Any Stockholder may submit a nomination for director by following the procedures outlined in Section 2-8 of the Company's bylaws. In addition, the Nominating and Corporate Governance Committee has adopted a policy permitting Stockholders to recommend candidates for director under certain circumstances. The Nominating and Corporate Governance Committee will only consider nominating a director candidate if recommended by any Stockholder who has been a

24

continuous record owner of at least 1% of the common stock of the Company for at least one year prior to submission of the candidate's name and who provides a written statement that the holder intends to continue ownership of the shares through the annual meeting of Stockholders. Notice must be given to the Nominating and Corporate Governance Committee of stockholder recommendations no more than 150 days and no less than 120 days prior to the anniversary date of this proxy statement. A candidate recommended by a Stockholder shall, at a minimum, possess a background that includes a solid education, extensive business experience and the requisite reputation, character, integrity, skills, judgment and temperament, which, in the Nominating and Corporate Governance Committee's view, have prepared him or her for dealing with the multi-faceted financial, business and other issues that confront a Board of Directors of a corporation with the size, complexity, reputation and success of the Company.

SOLICITATION OF PROXIES

The enclosed form of proxy is being solicited on behalf of the Company's Board of Directors. The Company will bear the cost of the solicitation of proxies for the Meeting, including the cost of preparing, assembling and mailing proxy materials, the handling and tabulation of proxies received, and charges of brokerage houses and other institutions, nominees and fiduciaries in forwarding such materials to beneficial owners. In addition to the mailing of the proxy material, such solicitation may be made in person or by telephone, telegraph or telecopy by directors, officers or regular employees of the Company, or by a professional proxy solicitation organization engaged by the Company.

ANNUAL REPORT ON FORM 10-K

The Company makes available free of charge on www.tollbrothers.com the Company's annual report on Form 10-K (including the financial statements and schedule thereto) as filed with the Securities and Exchange Commission. The Company will provide without charge to each person whose proxy is being solicited by this proxy statement, on the written request of any such person, a copy of the Company's Annual Report on Form 10-K (including the financial statements and schedule thereto) as filed with the Securities and Exchange Commission for its most recent fiscal year. If the audit committee determines an investigation is necessary or appropriate: (i) notify the full Board; (ii) initiate an investigation, which may be conducted either by the chief legal officer or by outside attorneys, and (iii) retain such additional expert personnel as the audit committee deems necessary. At the conclusion of any such investigation: (x) recommend, by majority vote, that the Company implement an appropriate response (as defined in Section 205.2(b) of the SEC's Standards) to evidence of any material violation; and (y) inform the chief legal officer, the chief executive officer and the Board of the results of any such investigation and any appropriate remedial measures to be adopted.
- (d) Acting by majority vote, take all other appropriate action to respond to evidence of any material violation that is reported to the audit committee by the Company's chief legal officer or other legal advisors.

20. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any employee complaints or published reports, which raise material issues regarding the Company's financial statement or accounting policies.

21. Discuss with the Company's General Counsel legal matters that may have a material impact on the financial statements or the Company's compliance policies.

Limitation of Audit Committee's Role

While the audit committee has the responsibilities and powers set forth in this Charter, it is not the duty of the audit committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor.
