INDENTURE SECURITIES

ITEM 8. ANALYSIS OF INDENTURE PROVISIONS.

The New Notes will be issued under the Indenture to be entered into between the Company and Wells Fargo Bank, National Association, as trustee (the "Trustee"). The following is a general description of certain provisions of the Indenture. The description is qualified in its entirety by reference to the form of Indenture filed as Exhibit T3G hereto and incorporated herein by reference. Capitalized terms used in this Item 8 and not defined herein have the meanings assigned to them in the Indenture.

(A) Events of Defaults; Withholding of Notice.

The following will be Events of Default under the Indenture:

- i. the Company's failure to pay principal or premium, if any, on any New Note when due, whether or not prohibited by the subordination provisions of the Indenture;
- ii. the Company's failure to pay any interest, including any additional interest, on any Note when due if such failure continues for 30 days, whether or not prohibited by the subordination provisions of the Indenture;
- iii. the Company's failure to perform any other agreement required of it in the Indenture if such failure continues for 60 days after notice is given in accordance with the Indenture;
- iv. the Company's failure to pay the purchase price of any New Note when due, whether or not prohibited by the subordination provisions of the Indenture;

Table of Contents

- v. the Company's failure to provide timely notice of a change in control if such failure continues for 30 days after such change of control;
- vi. if any indebtedness for money borrowed by the Company or one of its Significant Subsidiaries (all or substantially all of the outstanding voting securities of which are owned, directly, or indirectly, by the Company) in an aggregate outstanding principal amount in excess of \$10 million is not paid at final maturity or upon acceleration and such indebtedness is not discharged, or such acceleration is not cured or rescinded, within 30 days after written notice as provided in the Indenture; and
- vii. certain events in bankruptcy, insolvency or reorganization of the Company or any of its significant subsidiaries. If an event of default, other than an event of default described in clause (vii) above with respect to the Company, occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding New Notes may declare the principal amount of the New Notes to be due and payable immediately. If an event of default described in clause (vii) above occurs with respect to the Company, the principal amount of the New Notes will automatically become immediately due and payable. Any payment by the Company on the New Notes following any acceleration will be subject to the subordination provisions of the Indenture. After any such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the New Notes may, under certain circumstances, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal, have been cured or waived. Subject to the Trustee's duties in the case of an event of default, the Trustee will not be obligated to exercise any of its rights or powers at the request of the holders, unless the holders have offered to the Trustee reasonable indemnity. Subject to the Indenture, applicable law and the Trustee's indemnification, the holders of a majority in aggregate principal amount of the outstanding New Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the New Notes. No holder will have any right to institute any proceeding under the Indenture or for the appointment of a receiver or a trustee, or for any other remedy under the Indenture unless:
 - the holder has previously given the Trustee written notice of a continuing event of default;
 - the holders of at least 25% in aggregate principal amount of the New Notes then outstanding have made a written request and have offered reasonable indemnity to the Trustee to institute such proceeding as trustee; and
 - the Trustee has failed to institute such proceeding within 60 days after such notice, request and offer, and has not received from the holders of a majority in aggregate principal amount of the New Notes then outstanding a direction inconsistent with such request within 60 days after such notice, request and offer.However, the above limitations do not apply to a suit instituted by a holder for the enforcement of payment of the principal of or any premium or interest on any New Note on or after the applicable due date or the right to convert the note in accordance with the Indenture. Generally, the holders of not less than a majority of the aggregate principal amount of outstanding New Notes may waive any default or event of default unless:
 - the Company fails to pay principal, premium or interest on any New Note when due;
 - the Company fails to convert any New Note into shares of Common Stock in accordance with the provisions of the New Note and the Indenture; or

Table of Contents

the Company fails to comply with any of the provisions of the Indenture that would require the consent of the holder of each outstanding New Note affected.

(B) Authentication and Delivery of the Securities under the Indenture and Application of Proceeds Thereof.

The New Notes to be issued under the Indenture may be executed by manual or facsimile signature on behalf of the Company by the Chairman of the Board, the Chief Executive Officer, the President, the Chief Financial Officer, the Treasurer or any Vice President of the Company (individually, an Officer), and delivered to the Trustee.

The Trustee shall, from time to time upon receipt of a written order of the Company signed by two Officers, authenticate New Notes for original issue up to the aggregate principal amount stated in paragraph 4 of the New Notes. The aggregate principal amount of New Notes outstanding at any time may not exceed such amount except as provided in Section 2.07 of the Indenture.

There will be no proceeds from the issuance of the New Notes because the New Notes are being issued in exchange for the Old Notes.

(C) Release of any Note Collateral Subject to the Lien of the Indenture.

None. The New Notes are unsecured.

(D) Satisfaction and Discharge of the Indenture; Redemption of the Securities.

The Company may discharge its obligations under the Indenture while the New Notes remain outstanding if (1) all outstanding New Notes have or will become due and payable at their scheduled maturity within one year or (2) all outstanding New Notes are scheduled for redemption within one year, and, in either case, the Company has deposited with the Trustee or a paying agent an amount sufficient to pay and discharge all of the outstanding New Notes on the date of their scheduled maturity or the scheduled date of redemption, including interest provided, however, that the foregoing shall not discharge the Company's obligation to effect conversion, registration of transfer or exchange of securities in accordance with the terms of the Indenture.

i. Redemption at the option of the Company

The New Notes may not be redeemed at the Company's option prior to July 15, 2011. Thereafter the New Notes may be redeemed at the Company's option in whole, or in part, upon not less than 30 nor more than 60 days' notice by mail to holders of the New Notes at 100% of the principal amount of the New Notes together with (except as described above under "Conversion" below) accrued and unpaid interest, if any, up to, but not including, the redemption date. If fewer than all of the New Notes are to be redeemed, the Trustee will select the New Notes to be redeemed by lot, or in its discretion, on a pro rata basis. If any New Note is to be redeemed in part only, a replacement New Note in principal amount equal to the unredeemed principal portion will be issued. If a portion of a holder's New Notes is selected for partial redemption and a holder converts a portion of its New Notes, the converted portion will be deemed to be of the portion selected for redemption.

ii. Repurchase by the Company

If a Change in Control occurs, a holder of the New Notes will have the right to require the Company to purchase all or any part of their New Notes 30 business days after the occurrence of such change in control at a purchase price equal to 100% of the principal amount of the New Notes together with accrued and unpaid interest, if any, up to, but excluding, the purchase date. New Notes submitted for purchase must be in integral multiples of \$1000 principal amount. The Company is obligated to give notice, as provided in the Indenture, of the occurrence of a change in control to all holders of the New Notes within 10 business days after the occurrence of such change in control. To exercise the repurchase right, a holder of the New Notes must deliver to the paying agent, at any time prior to the close of business on the business day prior to the change in control purchase date, written notice of the exercise of such right. Such notice must specify the New Notes for which the purchase right is being exercised.

Table of Contents

The Company will not be required to purchase the New Notes upon a change in control if a third party makes an offer to purchase the New Notes in the manner, at the time and otherwise in compliance with the requirements set forth in the Indenture applicable to an offer to purchase upon a change in control made by the Company and purchases all the New Notes properly tendered and not withdrawn under such offer. In addition, the Company is not required to make an offer to purchase upon a change of control if a notice of redemption has been given pursuant to the optional redemption provisions of the New Notes.

The Company may not purchase any New Note at any time when the subordination provisions of the Indenture otherwise would prohibit the Company from making such repurchase. If the Company fails to repurchase the New Notes when required, this failure will constitute an event of default under the Indenture whether or not repurchase is permitted by the subordination provisions of the Indenture.

iii. **Conversion**

Subject to and in compliance with the provisions of the Indenture, a holder of the New Notes is entitled, at such holder's option, to convert any portion of the principal amount of a New Note that is an integral multiple of \$1000 into shares of Common Stock, unless previously repurchased or redeemed, at the conversion rate in effect at the time of conversion. The initial conversion rate is equal to 303 shares of Common Stock per \$1,000 principal amount of New Notes which is equivalent to a conversion price of approximately \$3.30.

The Company will not issue fractional shares of Common Stock upon conversion of New Notes but instead will pay cash for the fractional amount based upon the closing market price of the shares of Common Stock on the last trading day prior to the date of conversion.

(E) Evidence of Compliance with Conditions and Covenants.

The Company is required to furnish to the Trustee, on an annual basis, a statement by its officers as to whether or not the Company, to the officers' knowledge, is in default in the performance or observance of any of the terms, provisions and conditions of the Indenture, specifying any known defaults.

ITEM 9. OTHER OBLIGORS.

None.
